**PREPROPOSAL STATEMENT OF INQUIRY
DEPARTMENT OF HEALTH**

[Filed April 27, 2018, 12:20 p.m.]

Subject of Possible Rule Making: Chapter 246-822 WAC, Dietitians or nutritionists, the department of health (department) is considering rule making to amend or repeal several sections of the dietitians and nutritionists chapter. Specific sections focus on mandatory reporting, examinations, and curriculum.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 18.138.070.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: As mandated by RCW 43.70.041, the dietitian and nutritionists program conducted a five year rule review. The review identified multiple rule sections which can be eliminated because they are adequately addressed under the secretary's authority in chapter 246-16 WAC. This includes the mandatory reporting requirements. In addition to streamlining the rule by repealing duplicative information, other sections were identified as simply outdated or requiring amendment to add clarity. Opening up the entire chapter will allow the department to clarify, streamline and modernize rules; and potentially assist health professionals with interpreting the chapter's rules.

Subject of Possible Rule Making: Chapter 392-160 WAC, Special service program—Transitional bilingual.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 28A.180.060.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The office of superintendent of public instruction is considering adopting rules that would authorize school districts to use transitional bilingual instructional program funding starting September 1, 2019, for certificated staff who are earning an English learner or bilingual education endorsement. The rule may be necessary so that districts can temporarily continue to employ English language development (ELD)-trained certificated staff after September 1, 2019, and so that the state can ensure that ELD-trained certificated staff increase their effectiveness and professional knowledge by earning an English learner or bilingual education endorsement.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: None.

Subject of Possible Rule Making: WAC 392-191A-120 Minimum procedural standards—Conduct of the focused evaluation for certificated classroom teachers and 392-191A-190 Minimum procedural standards—Conduct of the focused evaluation for certificated principals and assistant principals.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 28A.405.100.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The office of superintendent of public instruction (OSPI) is considering amending WAC 392-191A-120(5) and 392-191A-190(5) to strike language that allows evaluators to assign a score of "4" when a certificated educator provides exemplary practice, even when the educator's most recent comprehensive score was a "3." The intention of these sections is to provide a focus on educator growth during a focused evaluation. Extensive research on assessment for learning has established that it is feedback, not scores, that supports growth in practice, and reports from the field indicate that the language described above distracts from this focus on growth. For these reasons, the teacher/principal evaluation program steering committee believes it is necessary to strike this language from the rules and allow evaluators to simply assign the score from the most recent comprehensive evaluation.

Process for Developing New Rule: Early solicitation of public comments and recommendations respecting new, amended, or repealed rules, and consideration of the comments and recommendations in the course of drafting rules.
