considering amending four rule sections and adding a new section of rule related to client consultation when providing treatment and drug therapy to animal patients.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 18.92.030.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The board is considering amending existing rules and adding a new section of rule to establish what kind of consultation veterinarians should provide to clients when treating and providing drugs for animal patients. Outlining appropriate consultation by veterinarians when providing treatment and drug therapy could result in better, more informed choices in the care and treatment of animal patients.

This rule making is based on a petition received on May 28, 2017, from a stakeholder who asked the board to require a "client information sheet" for certain drugs and require client consultation in WAC 246-933-340. The board agreed to open the rule, and a preproposal CR-101 notice was filed and published in WSR 17-17-178. After further deliberation, the board decided to take a broader approach to the rule making. The original CR-101 was withdrawn (WSR 18-08-087), and the board is opening a new CR-101 to address the original petition regarding WAC 246-933-340 and additional sections of the chapter.

**PREPROPOSAL STATEMENT OF INQUIRY
DEPARTMENT OF
SOCIAL AND HEALTH SERVICES
(Economic Services Administration)**

[Filed June 5, 2018, 2:24 p.m.]

Subject of Possible Rule Making: The department is planning to amend several existing sections and possibly to adopt new sections as may be required in chapter 388-14A WAC in order to implement Part I of SSB 6334, chapter 150, Laws of 2018. The effective date of Part I of the act is June 7, 2018.

SSB 6334 introduces new terminology, but does not change the way that medical support obligations are established, either in court or in the administrative process. However, there are changes in the policies and procedures regarding how the division of child support (DCS) enforces medical support obligations, most notably that an obligated parent can satisfy his or her health care coverage obligation by enrolling the child or children in public health care coverage. In Washington, "public health care coverage" means medicaid and the other programs included in the apple health program.

At the same time the department commences the permanent rule-making process, DCS is planning to adopt emergency rules effective June 7, 2018.

Statutes Authorizing the Agency to Adopt Rules on this Subject: Part I of SSB 6334 (chapter 150, Laws of 2018), effective date June 7, 2018; RCW 26.09.105, 26.18.170, 26.23.050, 34.05.220 (1)(a), 34.05.350(1), 74.08.090, 74.20.040(9).
