ESD is responsible for initiating rule making to implement new state laws, meet federal requirements, and to meet unforeseen circumstances. Because of this variability, this agenda is prepared for information purposes only and any dates noted herein are planning estimates that are subject to change. Additional rule making can occur in addition to what is listed on the agenda.

This agenda does not constitute a rule or rule-making action. Any errors or omissions in this agenda do not affect the actual rules or rule-making notices filed with the office of the code reviser and published in the Washington State Register.

The rule-making process can appear complex. ESD has outlined the process on its web site to help constituents understand and become involved, <https://www.esd.wa.gov/newsroom/rulemaking-process>. If you have additional questions, please contact the agency rules coordinator, Christina Streuli, at 360-791-6710, or email rules@esd.wa.gov.

ATTORNEY GENERAL'S OFFICE

[Filed February 1, 2019, 5:14 p.m.]

**NOTICE OF REQUEST FOR ATTORNEY GENERAL'S OPINION
WASHINGTON ATTORNEY GENERAL**

The Washington attorney general routinely publishes notice of an opportunity to comment for opinion requests that we receive from the heads of state agencies, state legislators, and county prosecuting attorneys if we anticipate publishing a formal opinion in response to the request. We do so in order to provide members of the public with a chance to provide any legal analysis that they would like us to consider as we develop our opinion. In preparing any comments, please be aware that our opinion will provide our considered legal analysis of the question presented, and therefore comments that address the interpretation of the law are more helpful than comments that express an opinion as to what the law should be.

If you are interested in commenting on a request listed in this volume of the register, you should notify the attorney general's office of your interest by February 27, 2019. This is not the due date by which comments must be received, and we will consider any comments we receive before we complete our opinion. However, if you do not notify the attorney general's office of your interest in commenting on an opinion request by this date, the opinion may be issued before your comments have been received. You may notify the attorney general's office of your intention to comment by email to OpinionComments@atg.wa.gov or by writing to the Office of the Attorney General, Solicitor General Division, Attention Jeff Even, Deputy Solicitor General, P.O. Box 40100, Olympia, WA 98504-0100. When you notify the office of your intention to comment, you may be provided with a copy of the opinion request in which you are interested, information about the attorney general's opinion process, information on how to submit your comments, and a due date by which your comments must be received to ensure that they are fully considered.

If you are interested in receiving notice of new formal opinion requests via email, you may visit the attorney general's web site at <http://www.atg.wa.gov/ago%E2%80%9090> opinions for more information on how to join our AGO opinions list.

The attorney general's office seeks public input on the following opinion request(s):

DEPARTMENT OF ECOLOGY
 [Filed February 5, 2019, 10:47 a.m.]

PUBLIC NOTICE
Announcing a Draft Water Treatment Plant
General Permit for Review and Comment

Proposed Permit: The Washington state department of ecology (ecology) is proposing to reissue the water treatment plant general permit (permit). This permit is a national pollutant discharge elimination system (NPDES) permit.

State and federal water quality statutes and regulations do not allow the discharge of pollutants to waters of the state without permit coverage. The activities of certain water treatment plants that produce drinking water or provide industrial water may present a potential risk from their discharge of pollutants into waters of the state. Therefore, these facilities require a discharge permit. When the permitted activities conducted by a specific class of industries are similar, ecology issues a general permit to cover all of them rather than issuing a series of individual permits.

Purpose of the Permit: The water treatment plant general permit covers the discharge of treated backwash effluent from water treatment filtration processes that produce potable or industrial supply water at a rate of at least thirty-five thousand gallons per day. The permit addresses various legal requirements and responsibilities, and regulates the discharge of pollutants to protect water quality in Washington state.

Copies of the Draft Permit: You may download copies of the draft permit and the fact sheet from <https://ecology.wa.gov/Regulations-Permits/Permits-certifications/Water-treatment-plants>. You may also request copies of these documents from Jim Maroncelli at James.Maroncelli@ecy.wa.gov or 360-407-6588.

Submitting Written Comments: Ecology will accept written comments on the draft permit and fact sheet until 5 p.m. on Tuesday, April 2, 2019. Ecology prefers that comments be submitted via eComments, which is accessible at <http://ws.ecology.commentinput.com/?id=WEPBM>. Ecol-

ogy will also accept comments in a letter format mailed directly to the ecology contact identified below. Comments should reference specific permit text when possible.

You must provide comments before 5 p.m. on Tuesday, April 2, 2019. Written comments must be postmarked no later than 5 p.m. on Tuesday, April 2, 2019. If you have questions, contact Jim Maroncelli by email or telephone.

Ecology Contact: Jim Maroncelli, Washington State Department of Ecology, P.O. Box 47696, Olympia, WA 98504-7696, phone 360-407-6588, email James.Maroncelli@ecy.wa.gov.

Workshop and Public Hearing: The purpose of the workshop is to explain the general permit and to answer questions prior to the formal public hearing. The purpose of the hearing is to provide an opportunity for people to give formal oral testimony and comments on the proposed draft permit. Oral testimony will receive the same consideration as written comments. The public workshop will begin at 10:00 a.m. on Tuesday, March 26, 2019. The public hearing will begin immediately following the public workshop and will conclude when public testimony is complete.

The workshop and hearing on March 26, 2019, at 10:00 a.m., may be attended either in person at the Washington State Department of Ecology, 300 Desmond Drive, Lacey, WA 98503-1274, or as a webinar, where individuals may view the presentation and provide testimony via computer or mobile device. Issuing the Permit: Ecology will make the final decision on permit issuance after ecology receives and considers all public comments.
