HEALTH CARE AUTHORITY**

[Filed April 27, 2020, 4:05 p.m.]

**NOTICE**

Title or Subject: Medicaid State Plan Amendment (SPA) 20-0019 Nursing Facility Daily Rates.

Effective Date: May 1, 2020.

Description: The health care authority (HCA) in conjunction with the aging and long-term support administration in the department of social and health services (DSHS), intends to submit Medicaid SPA 20-0019 in order to increase the Medicaid rates for nursing facilities. The change proposed to take effect May 1, 2020, is due to state legislation that added an inflationary factor to the direct care and indirect care components. In addition, nursing facility rates are proposed to increase on July 1, 2020, due to an increase in appropriation from the state legislature.

SPA 20-0019 is expected to increase individual facility daily rates by an average of \$5.17 on May 1, 2020, and \$7.40 on July 1, 2020.

A copy of proposed SPA 20-0019 is available upon request. HCA and DSHS would appreciate any input or concerns regarding this SPA. To request a copy of the SPA or submit comments, please contact the person named below (please note that all comments are subject to public review and disclosure, as are the names of those who comment).

The proposed rates, methodologies, and justifications are as follows:

<b>Proposed Rate</b>	<b>Proposed Methodology</b>	<b>Justification</b>
The industry as a whole will see an increase in the daily rate on May 1, 2020, due to an added inflationary factor. This component will continue and be recalculated with the July 1, 2020, rates.	Beginning May 1, 2020, the calendar year direct and indirect costs for nursing facilities shall be adjusted for inflation by a twenty-four month consumer price index, based on the most recently available monthly index for all urban consumers, as published by the bureau of labor statistics.	State legislature recently approved a change to include inflation in the nursing facility daily rate to better account for the time lag between reported costs and rates generated from those costs.
The industry as a whole will see an increase in the daily rate on July 1, 2020, due to an increase in state appropriation tied to a rebase of costs.	Nursing facility rates will be rebased per the guidance found in chapters 74.46 RCW and 388-96 WAC.	The nursing facility daily rate in Washington is rebased every two years to update the costs used as the basis for the rate.

Interested parties may submit comments and concerns about the rates or the effects the changes may have on beneficiary access to care or continued service access. Please submit comments and concerns to Elizabeth Pashley at Elizabeth.Pashley@dshs.wa.gov with a courtesy copy to Ann Myers, state plan coordinator, at ann.myers@hca.wa.gov. Please note that all comments are subject to public disclosure, as are the names of those who comment.

**POLICY STATEMENT**

**DEPARTMENT OF AGRICULTURE**

[Filed April 28, 2020, 9:03 a.m.]

On April 27, 2020, a policy statement regarding the Washington state department of agriculture (WSDA) delaying enforcement of summer gasoline volatility specifications was signed. As a result of the COVID-19 pandemic and asso-

ciated precautions, fuel demand has decreased substantially across the nation. Fuel suppliers are currently storing more of the winter blend high volatility gasoline than anticipated. This situation is preventing fuel suppliers from transitioning the supply to summer lower volatility gasoline on the timeline required by ASTM standards. Therefore, in order to avoid potential fuel supply disruptions, WSDA will continue to provide compliance flexibility for April blend high volatility gasoline to move through the supply chain from May 1 - 31, 2020.

A copy of the policy statement may be obtained by accessing our website or by contacting Gloriann Robinson, Agency Rules Coordinator, 1111 Washington Street S.E., P.O. Box 42560, Olympia, WA 98504-2560, phone 360-902-1802, email [wdsarulescomments@agr.wa.gov](mailto:wdsarulescomments@agr.wa.gov).

**POLICY STATEMENT**  
**Number: PP-20-0002**

Subject: Gasoline Volatility Requirements Enforcement in May 2020.

Supersedes: Not applicable.

Contact: Tim Elliott, motor fuel quality and enforcement manager, email [telliott@agr.wa.gov](mailto:telliott@agr.wa.gov), phone 360-902-1984.

Approved By: Derek I. Sandison, director.

Date Approved: April 27, 2020.

WSDA will continue to allow April blend high volatility gasoline to be distributed and sold from May 1 - 31, 2020, in order to avoid potential gasoline supply disruptions.

Background: Volatility is the property of a liquid fuel that defines its evaporation characteristics. ASTM International (ASTM) establishes national volatility specifications for fuel and standard testing procedures. The United States Environmental Protection Agency (EPA) establishes volatility control periods that prohibit the sale, supply, dispensing or transport of gasoline whose volatility exceeds standards. The regulations specify the volatility standard by geographical area and time period in which the gasoline is intended to be dispensed to motor vehicles.

On March 27, 2020, EPA, in consultation with the United States Department of Energy, issued a waiver of certain fuel volatility standards to address oversupply issues for winter high volatility fuels (40 C.F.R. Section 80.27). The federal agencies determined that, as a result of the COVID-19 pandemic and associated precautions, fuel demand has decreased substantially across the nation, and suppliers are currently storing more of the winter blend high volatility gasoline than anticipated. This situation could prevent fuel suppliers from being able to turn over the supply to summer lower volatility fuels on the timeline required by the standards and prevent the distribution of an adequate supply of compliant gasoline to consumers.

WSDA's fuel volatility standards, published under chapter 16-662 WAC, required a transition to lower volatility gasoline beginning April 1, with another step down scheduled for May 1.

On April 1, 2020, the WSDA issued Policy Statement PP-20-0001 to avoid potential fuel supply disruptions by enforcing the March ASTM D4814 Class E-5/D-4 requirements on gasoline in the distribution system and at retail locations from April 1 - 30.

In order to avoid potential fuel supply disruptions and subject to the conditions below:

- WSDA will allow gasoline meeting April ASTM D4814 Class D-4 requirements to be introduced into terminal storage tanks from which gasoline is dispensed for distribution to retail outlets or wholesale purchasers until May 20, 2020.
- WSDA will allow gasoline meeting April ASTM D4814 Class D-4 requirements intended for distribution to retail outlets or wholesale purchasers to be stored in terminal storage tanks, distributed from terminal storage tanks, and sold until May 31, 2020.
- WSDA will allow retailers and wholesale purchaser-consumers to continue selling or dispensing gasoline meeting April ASTM D4814 Class D-4 requirements until May 31, 2020.

This policy statement is only applicable to gasoline meeting the following conditions:

- The gasoline was produced before May 1, 2020.
- The gasoline is not blended with butane at the terminal.

WSDA will continue to coordinate with the department of ecology and department of commerce's energy emergency management director to ensure that impacts to air quality are minimized and that the transition of the fuel supply is implemented consistent with the needs of the State Comprehensive Emergency Management Plan (ESF-12).

[Filed April 29, 2020, 10:34 a.m.]

**NOTICE**

Title or Subject: Medicaid State Plan Amendment (SPA) 20-0018 Psychiatric Per Diem Rates.

Effective Date: July 1, 2020.

Description: The health care authority (HCA) intends to submit Medicaid SPA 20-0018 in order to implement certain directives in ESSB 6168, signed by the governor on April 3, 2020. ESSB 6168 directs HCA to increase psychiatric per diem rates for community hospitals that serve patients in long term commitments of ninety days or longer.

SPA 20-0018 is expected to increase the annual aggregate payment for community hospitals that provide long term psychiatric inpatient services.

For new hospitals without a twelve month medicare cost report:

- The long-term psychiatric per diem rate will be set at the average of all provider-specific long-term psychiatric per diem rates OR the hospital-specific psychiatric per diem effective for state fiscal year 2020, whichever is greater.

For hospitals that have a twelve month medicare cost report available:

- If hospital costs exceed their state fiscal year 2020 psychiatric per diem rate, they will receive a hospital-specific cost-based long-term psychiatric per diem rate.
- If the hospital's state fiscal year 2020 psychiatric per diem rate exceeds their costs, they will receive a psychiatric per diem rate of \$940/day.

A copy of SPA 20-0018 is available for review. HCA would appreciate any input or concerns regarding this SPA. To request a copy of the SPA, please contact the person named below (please note that all comments are subject to public review and disclosure, as are the names of those who comment).

Interested parties may submit comments and concerns about the rates or the effects the changes may have on beneficiary access to care or continued service access. Please submit comments and concerns to the person named below by May 30, 2020. Please note that all comments are subject to public review and disclosure, as are the names of those who comment.

**WASHINGTON STATE DEPARTMENT OF HEALTH GUIDANCE and EXEMPTIONS FROM CERTAIN IN-PERSON AND ON-SITE REQUIREMENTS FOR HOME CARE, HOME HEALTH, AND HOSPICE AGENCIES and WASHINGTON STATE PATROL FINGER-PRINT BACKGROUND CHECKS**

**I. INTRODUCTION AND PURPOSE:** Washington State Governor Jay Inslee has issued Proclamation 20-05, subsequently amended, proclaiming a statewide state of emergency due to an outbreak of coronavirus disease 2019 (COVID-19) in the United States and community spread of COVID-19 in Washington state.

Exemptions from in-person requirements in chapter 246-335 WAC are necessary to provide home care, home health, and hospice agencies with regulatory flexibilities as they implement federal and state COVID-19 restrictions and guidelines. The exemptions listed in section IV focus on in-person/on-site rules, task documentation rules, and fingerprint background check rules where the intent of the rules can be accomplished in alternative ways. Allowing these flexibilities will reduce unnecessary exposure between agency staff and clients/patients and allow agencies to focus on providing critical services.

At the federal level, the Centers for Medicare and Medicaid Services has issued blanket 1135 waivers, with a retroactive date of March 1, 2020, through the end of President Trump's emergency declaration: <https://www.cms.gov/files/document/summary-covid-19-emergency-declaration-waivers.pdf>.

**II. AUTHORITY:** The department of health (department) grants these exemptions of administrative requirements set out in WAC in accordance with WAC 246-335-355(5).

**III. SCOPE AND DURATION:** These exemptions are in effect retroactive to March 1, 2020, and will remain in effect until withdrawn by the department or until the governor issues a proclamation declaring the termination of the state of emergency declared by Proclamation 20-05, as amended by any subsequent amendatory proclamations, whichever is earlier.

**IV. EXEMPTED LICENSING REQUIREMENTS:** The purpose of the following exemptions is to give agencies regulatory flexibility while trying to implement federal and state COVID-19 guidelines. The department is not granting exemptions from the entirety of the requirements. **The department grants exemptions from the following rules only to the extent the rules require certain activities to be conducted in person.** See further guidance at the end of this section.

**In Home Services general:**

WAC 246-335-320 (2)(d)(ii) *initial background checks through Washington State Patrol (WSP).*

WAC 246-335-325(4) *WSP background checks during licensing renewals.*

**Home Care Agency rules:**

WAC 246-335-425 (6)(a), (c) *initial and 2-year background checks through WSP.*

WAC 246-335-425(9) *in-person orientation to current agency policies and procedures.*

WAC 246-335-425(13) *on-site annual observation/evaluation of staff providing care.*

WAC 246-335-430(6) *evidence of initial and subsequent background checks in employee record.*

WAC 246-335-440 (1), (2) *on-site plan of care development.*

WAC 246-335-440 (3)(f) *types and frequency of on-site services to be provided.*

WAC 246-335-440 (4)(a), (b) *on-site plan of care updating.*

WAC 246-335-450 (3)(e) *client signed and dated notes documenting services provided during each client contact. Paper notes/log are transported back and forth between client and caregiver's homes.*

**Home Health Agency rules:**

WAC 246-335-525 (6)(a), (c) *initial and 2-year background checks through WSP.*

WAC 246-335-525(9) *in-person orientation to agency policies and procedures.*

WAC 246-335-525(14) *in-person demonstration of CPR skills.*

WAC 246-335-525(16) *on-site annual observation/evaluation of staff providing care.*

WAC 246-335-530(7) *evidence of initial and subsequent background checks in employee record.*

WAC 246-335-545 (6)(b) *on-site monthly supervision visit.*

WAC 246-335-550 (3)(f) *Patient signed and dated notes documenting services provided during each patient visit. Paper notes/log are transported back and forth between patient and caregiver's homes.*

**Hospice Agency rules:**

WAC 246-335-625 (6)(a), (c) *initial and 2-year background checks through WSP.*

WAC 246-335-625(9) *in-person orientation to agency policies and procedures.*

WAC 246-335-625(13) *in-person demonstration of CPR skills.*

WAC 246-335-625(15) *on-site annual observation/evaluation of staff providing care.*

WAC 246-335-630(6) *evidence of initial and subsequent background checks in employee record.*

WAC 246-335-645 (6)(b) *on-site monthly supervision visit.*

WAC 246-335-650 (3)(f) *Patient signed and dated notes documenting services provided during each patient contact. Paper notes/log are transported back and forth between patient and caregiver's homes.*

**Guidance on above exemptions:**

- Washington state name and date of birth criminal background checks through WSP WATCH must still occur but the fingerprint requirement for administrators, supervisors, and directors as well as agency personnel who are new to Washington in the last three years is temporarily exempted. When Governor Inslee's declared state of emergency has ended and the Washington state patrol resumes conducting fingerprint background checks, agencies must initiate fingerprint background checks for any administrator, supervisor, or director as well as agency personnel who had been temporarily exempted of this requirement.
- Orientation to agency policies must still occur but can be done remotely (instead of in-person) using various electronic resources.
- Annual performance evaluations of all personnel, including observation of care and skills, must still occur but can be done remotely (instead of on-site) using various electronic resources.
- Initial client/patient plan of care development and necessary updating must still occur but can be done remotely (instead of on-site) using various electronic resources.
- Types and frequency of services to be provided must still be listed on the plan of care but agencies can provide certain reminding and housework tasks remotely or separate from the client/patient. *Examples:* Calling a client to remind them to take medications, and cleaning a portion of the home while the client sits in another closed off section of the home.
- Dated notes documenting services provided must still occur but wet ink client/patient signatures are not required. Agencies that do not utilize electronic notes/records should require direct care staff to document daily services provided and retain paper documentation in the client/patient's home or the trunk of their vehicle until they can safely be incorporated into the client/patient record at the agency's administrative office.
- Necessary staff supervision must still occur but can be done remotely (instead of in-person) using various electronic resources.
- In general, to the extent agencies have provided oversight of their employees' work, while federal and state COVID-19 restrictions are in effect, licensees should limit the number of staff in clients/patients' homes except when absolutely necessary to protect safety and well-being for the client/patient.

**Guidance related to home health and hospice plan of care patient assessments:** WAC 246-335-540 (1) and (2) and 246-335-640 (1) and (2) require the plan of care to be developed based on a patient assessment. Patient assessments are generally understood to be conducted in-person. These WAC do not explicitly specify "in-person" so the department acknowledges that agencies have the flexibility of conducting initial and subsequent patient assessments remotely (instead of in-person) using various electronic resources.

**INTERPRETIVE OR POLICY STATEMENT**  
**DEPARTMENT OF**  
**LABOR AND INDUSTRIES**

[Filed May 6, 2020, 12:00 p.m.]

Under RCW 34.05.230, enclosed are statements related to three amended policies, issued by the department of labor and industries fraud prevention and labor standards division.

If you have any questions or need additional information, please contact Tracy West, rules coordinator, at 360-902-6954.

Title: Policy ES.A.3 - *Minimum Hourly Wage*.  
Date Issued: May 4, 2020.

Description: This policy updates the current Washington state minimum wage and directs readers to Employment Standards Administrative Policy ES.C.6.2 for further guidance on requirements for agricultural piece-rate workers. Updates arise from the recent *Carranza v. Dovex Fruit Company* Washington State Supreme Court ruling where the court decided issues concerning agricultural piece-rate workers.

Contact: Ellen Saline, 7273 Linderson Way S.W., Tumwater, WA 98501, 360-902-4597, [Ellen.Saline@Lni.wa.gov](mailto:Ellen.Saline@Lni.wa.gov).

Title: Policy ES.C.6.2 - *Agricultural Labor Standards - Meal Periods, Rest Periods, and Rates of Pay*.

Date Issued: May 4, 2020.

Description: This policy provides further clarity and guidance on meal periods, rest periods, and calculating rates of pay for agricultural piece-rate workers based on the recent *Carranza v. Dovex Fruit Company* Washington State Supreme Court decision. This policy provides interpretation on court rulings that affect best practices for agricultural employers and agricultural piece-rate workers.

Contact: Ellen Saline, 7273 Linderson Way S.W., Tumwater, WA 98501, 360-902-4597, [Ellen.Saline@Lni.wa.gov](mailto:Ellen.Saline@Lni.wa.gov).

Title: Policy ES.D.2 - *Record Keeping and Access to Payroll Records (Agricultural Employment)*.

Date Issued: May 4, 2020.

Description: This policy provides guidance on how to document all rates of pay for agricultural piece-rate workers based on the recent *Carranza v. Dovex Fruit Company* Washington State Supreme Court decision concerning agricultural piece-rate workers. These rates of pay include piece-rate active time, piece-rate down time, hourly rates, and rest periods.
