INTERPRETIVE STATEMENT
DEPARTMENT OF REVENUE

[Filed May 18, 2020, 11:16 a.m.]

INTERPRETIVE STATEMENT ISSUED

The department of revenue (DOR) has issued the following excise tax advisory (ETA): **ETA 3043.2020 - Low-Density Light and Power Utility Deduction.**

DOR has revised ETA 3043. This ETA explains the public utility tax deduction provided by RCW 82.16.053 to qualifying power and light businesses.

RCW 82.16.053 requires the department to determine the state average electric power rate each year and inform taxpayers of this rate. This rate is used by power and light businesses to compute the amount of the deduction. The revised ETA 3043 updates the information to provide the rate for the period of July 1, 2020, through June 30, 2021.

PUBLIC NOTICE

Announcing Ecology's Report to the Legislature on Priority Consumer Products implementing Chapter 70.365 RCW, Pollution Prevention for Healthy People and Puget Sound Act (Safer Products for Washington).

The Pollution Prevention for Healthy People and Puget Sound Act (chapter 70.365 RCW) requires the department of ecology (ecology) to submit a report to the legislature by June 1, 2020, that identifies priority consumer products. It also requires ecology to notify the public about the selected products, including the identification of the peer-reviewed science and other sources of information that the department relied upon, the basis for the selection, and a draft schedule for making future determinations. This notice fulfills the notice requirement of RCW 70.365.050 (4)(a).

Ecology published a draft report on January 17, 2020, and held a forty-five day public comment period ending March 2, 2020, to allow stakeholders and the public to review and comment on the draft priority consumer products selected. After considering the comments received on the draft report, ecology conducted additional research and consulted with the Washington department of health. Based on this additional work, ecology identified eleven priority consumer products for further evaluation and potential regulation.

Table 1. Priority consumer products in the Safer Products for Washington report.

The report will be available on the Safer Products for Washington stakeholder webpage (www.bit.ly/SaferProductsWA) on the date it is submitted to the legislature.

Basis of the final product selection: The basis for the selection of each priority product is contained in ecology's report to the legislature, Ecology publication #20-04-019. The report will be available at <https://fortress.wa.gov/ecy/publications/summarypages/2004019.html> and on the Safer Products for Washington stakeholder webpage (www.bit.ly/SaferProductsWA) on the date it is submitted to the legislature.

Draft schedule for making determinations: From June 2, 2020, until June 1, 2022, ecology will conduct work to determine: (1) If safer alternatives to priority chemicals are feasible and available for each of the priority products, and (2) whether regulatory actions are needed based on the requirements of chapter 70.365 RCW. See Table 2 for a draft schedule for that process.
