DEPARTMENT OF HEALTH

[Filed June 22, 2020, 9:22 a.m.]

This memo serves as notice that the department of health (department) is withdrawing the Washington state department of health guidance regarding alignment with Federal 1135 Blanket Waivers for Hospital Regulations, which was filed April 21, 2020, and published in WSR 20-09-128.

The department is withdrawing this guidance and replacing it with an updated version to include more information about how the department will use enforcement discretion in alignment with the United States Department of Health and Human Services' guidance on Health Insurance Portability and Accountability (HIPAA) compliance and the state's privacy laws.

Individuals requiring information on this rule should contact Kris Reichl, at kris.reichl@doh.wa.gov or 360-236-4692.

DEPARTMENT OF HEALTH

WASHINGTON STATE DEPARTMENT OF HEALTH
GUIDANCE REGARDING ALIGNMENT WITH FEDERAL
REGULATIONS - CMS 1135 BLANKET WAIVERS AND
HHS GUIDANCE ON HIPAA REGULATIONS

I. INTRODUCTION AND PURPOSE: Washington state governor Jay Inslee has issued Proclamation 20-05, subsequently amended, proclaiming a statewide state of emergency due to an outbreak of coronavirus disease 2019 (COVID-19) in the United States and community spread of COVID-19 in Washington state.

At the federal level, the Centers for Medicare and Medicaid Services (CMS) has issued blanket 1135 waivers, with a retroactive date of March 1, 2020, through the end of President Trump's emergency declaration: <https://www.cms.gov/>

files/document/summary-covid-19-emergency-declaration-waivers.pdf.

The Office for Civil Rights at the United States Department of Health and Human Services (HHS) has also issued notification that, during the COVID-19 national emergency, it will exercise enforcement discretion and will not enforce penalties for good faith compliance with Health Insurance Portability and Accountability (HIPAA) regulations connected to telehealth and participation in community-based testing sites.

II. AUTHORITY: The department of health (department) issues this guidance under its authority to interpret, administer, and enforce the provisions of chapter 70.41 RCW and the rules adopted thereunder, chapter 18.130 RCW and the rules adopted thereunder, and chapter 246-320 WAC.

III. SCOPE AND DURATION: During the time period of Governor Inslee's declared State of Emergency and to support health care providers and facilities responding to COVID-19, the department provides the following guidance to achieve alignment with CMS blanket waivers and HHS guidance referenced above for providers licensed under chapter 18.130 RCW, hospitals licensed under chapter 70.41 RCW, and other health care facilities to which the state laws below apply. This updates guidance previously filed as WSR 20-09-128 by adding Section V regarding HHS guidance related to HIPAA. This guidance applies retroactively beginning on March 1, 2020, to correspond with the effective date of the federal blanket waivers until the time period of Governor Inslee's declared State of Emergency.

IV. GUIDANCE TO ACHIEVE ALIGNMENT WITH THE CMS BLANKET WAIVERS:

Discharge Planning: CMS has waived detailed discharge planning for hospitals related to post-acute care services to allow for a more fluid transfer process and expedite the safe discharge and movement of patients among care settings. CMS has not waived the requirement that transfers are to an appropriate setting with the necessary medical information and goals of care.

The department acknowledges and supports the flexibility CMS has provided to ensure discharges are done without undue delay to respond to COVID-19. The department will likewise exercise regulatory flexibility to permit licensed hospitals to discharge patients in compliance with CMS standards, notwithstanding any inconsistent requirements in RCW 70.41.322, 70.41.324, and WAC 246-320-226. The department continues to require appropriate discharge planning and processes.

Patient Transfer Process: CMS is waiving the enforcement of section 1867(a) of the Emergency Medical Treatment and Labor Act (EMTALA) to allow facilities to screen patients at a location offsite from the hospital's campus to prevent the spread of COVID-19.

The department interprets RCW 70.170.060(2) and WAC 246-320-281 as allowing the transfer of a patient with an emergency medical condition from an emergency department to another appropriate setting of care if the transferring hospital reasonably determines that the transfer is needed to preserve limited medical resources due to the COVID-19 outbreak. A transfer may not be based on ability to pay, and the transferring hospital must follow reasonable procedures in

making transfers, including confirming acceptance of the transfer by the receiving hospital. A transfer must also comply with the provisions of EMTALA that have not been waived.

Patient Care Services and Verbal Orders: Based on the department's exemption authority pursuant to WAC 246-320-026(1), the department exempts all hospitals from complying with the requirements in:

(1) WAC 246-320-226 (3)(g) to mirror the CMS exemption related to preestablished protocols to give hospitals flexibility in their use.

(2) WAC 246-320-166 (4)(h) to give flexibility in the timeline for accepting and transcribing verbal orders for the medical record consistent with the CMS waivers related to verbal orders.

Adverse Events Reporting: The Governor's Proclamation 20-36 waived the adverse event reporting timelines in RCW 70.56.020 (2)(a) and (b), which require adverse health event notification within forty-eight hours and a root cause analysis and corrective action plan to be reported within forty-five days. The department deems these timelines to also be waived in its corresponding rules, WAC 246-302-020 (1) and (2), which aligns state law with CMS's 1135 waiver of the requirement to promptly report patient deaths occurring while in restraint or seclusion.

Seclusion: CMS has provided flexibility in the use of seclusion to address potential confinement needs in responding to COVID-19. The department's rule, WAC 246-320-226 (3)(f), requires the use of seclusion to be consistent with 42 C.F.R. 482. The department deems seclusion that is consistent with the 1135 waiver to be consistent with 42 C.F.R. 482.

V. GUIDANCE TO ACHIEVE ALIGNMENT WITH HHS HIPAA GUIDANCE: The department enforces HIPAA compliance and the state's privacy laws (chapter 70.02 RCW) via the Uniform Disciplinary Act, RCW 18.130.180(7).

The department will use enforcement discretion in alignment with HHS to not penalize providers under chapter 18.130 RCW for noncompliance with the regulatory requirements under the HIPAA rules in connection with the good faith provision of telehealth during the COVID-19 nationwide public health emergency. The following HHS guidance explains what applications and video communications are or are not allowed and provider responsibilities: <https://www.hhs.gov/hipaa/for-professionals/special-topics/emergency-preparedness/notification-enforcement-discretion-telehealth/index.html>.

The department will use enforcement discretion in alignment with HHS to not penalize providers under chapter 18.130 RCW for a failure to comply with HIPAA regulations in connection with the good faith participation in the operation of a COVID-19 community based testing site. Additional guidance from HHS can be found here: <https://www.hhs.gov/sites/default/files/notification-enforcement-discretion-community-based-testing-sites.pdf>.

Title or Subject: Medicaid State Plan Amendment (SPA) 20-0027 Third Party Liability Payment of Claims.

Effective Date: September 1, 2020.

Description: The health care authority (HCA) intends to submit medicaid SPA 20-0017 in order to follow the Centers for Medicare and Medicaid Services (CMS) guidance on the Bipartisan Budget Act (BBA) of 2018. The BBA expands the number of days from thirty to one hundred before the state is required to pay a claim when the provider has not received payment from the third party carrier if the policy holder is a noncustodial parent, and medical support is being enforced by the department of social and health services division of child support.

In addition, HCA intends to update the threshold dollar amount to open a casualty case file on an injured client, specifically when a paid ambulance claim exists in the MMIS. The cumulative paid amount on the ambulance claim(s) must exceed \$220.00 to open a casualty file, ensuring it is cost-effective for HCA to pursue recovery on these claims.

SPA 20-0017 is expected to have no effect on the annual aggregate expenditures/reimbursement for all benefits and services since the SPA does not affect the amount paid to a fee-for-service provider.

A copy of SPA 20-0027 is available for review. HCA would appreciate any input or concerns regarding this SPA. To request a copy of the SPA, you may contact the person named below. To submit comments, please contact the person named below (please note that all comments are subject to public review and disclosure, as are the names of those who comment).

HEALTH CARE AUTHORITY

[Filed June 26, 2020, 5:31 p.m.]

NOTICE

Title or Subject: Medicaid State Plan Amendment (SPA) 20-0027 Long-Term Care Facility Rates.

Effective Date: July 1, 2020.

Description: The health care authority (HCA) in conjunction with the aging and long-term support administration, department of social and health services (DSHS), intends to submit medicaid state plan amendment (SPA) 20-00XX in order to increase the medicaid rates for assisted living facilities, adult family homes, adult day health, agency providers, independent providers, nursing facilities and for nursing facility swing beds. These changes are due to an increase in appropriation from the state legislature. Additionally, this proposed Amendment will modify the nursing facility COVID-19 related add-on of \$27 to \$13. The proposed effective date of these changes in [is] July 1, 2020.

SPA 20-0027 is not expected to increase the annual combined total impact for state and federal dollars for assisted living facilities federal fiscal year 2020 and 2021. This planned increase was included in the fiscal impact statement submitted with SPA 19-0022.

SPA 20-0027 is expected to increase the annual combined total impact for state and federal dollars for adult family homes by \$4,637,304 for federal fiscal year 2020 and \$18,398,000 for federal fiscal year 2021.

SPA 20-0027 is expected to increase the annual combined total impact for state and federal dollars for adult day

health by \$321,118 for federal fiscal year 2020 and \$1,274,000 for federal fiscal year 2021.

SPA 20-0027 is not expected to increase the annual combined total impact for state and federal dollars for agency providers or independent providers for federal fiscal year 2020 or 2021. Rates are expected to increase by one penny per quarter hour and fiscal impact is negligible.

SPA 20-0027 is expected to increase the annual combined total impact for state and federal dollars for nursing facilities by \$19,049,991 for federal fiscal year 2020 and \$75,578,769 for federal fiscal year 2021.

SPA 20-0027 is expected to increase the annual combined total impact for state and federal dollars for nursing facility swing beds by \$52,055 for federal fiscal year 2020 and \$206,521 for federal fiscal year 2021.

The adjustment of the nursing facility COVID-19 related \$13 add-on is expected to be budget neutral.

The annual combined total impact for state and federal dollars for the entire submission of SPA 20-00XX is \$24,060,467 for federal fiscal year 2020 and \$95,457,289 for federal fiscal year 2021.

SPA 21-0027 is under development. HCA and DSHS would appreciate any input or concerns regarding this SPA. To request a copy of the SPA when it becomes available, you may contact the person named below. Please note that all comments are subject to public review and disclosure, as are the names of those who comment.

The proposed rates, methodologies, and justifications are as follows:

Proposed Rate	Proposed Methodology	Justification
The proposed budget dial rate for nursing facilities is \$250.71. Thus, the industry as a whole will see an increase in the daily rate.	The methodology for rate calculation has not changed. This change is a result of increased state appropriation.	The state legislature increased appropriations to nursing facilities.
The proposed swing bed rate for nursing facilities is \$217.23.	The methodology for the swing bed rate calculation has been adjusted to align with federal calculations. The proposed increase can be attributed to increased state appropriation.	The state legislature increased appropriations for swing beds. The average is calculated in alignment with federal calculations.

Interested parties may submit comments and concerns about the rates or the effects the changes may have on beneficiary access to care or continued service access. Please submit comments and concerns to Elizabeth Pashley with a courtesy copy to Ann Myers, state plan coordinator, at ann.myers@hca.wa.gov by July 30, 2020. Please note that all comments are subject to public review and disclosure, as are the names of those who comment.
