ATTORNEY GENERAL'S OFFICE

[Filed July 22, 2021, 1:11 p.m.]

NOTICE OF REQUEST FOR ATTORNEY GENERAL'S OPINION
WASHINGTON ATTORNEY GENERAL

The Washington attorney general routinely publishes notice of an opportunity to comment for opinion requests that we receive from the heads of state agencies, state legislators, and county prosecuting attorneys if we anticipate publishing a formal opinion in response to the request. We do so in order

to provide members of the public with a chance to provide any legal analysis that they would like us to consider as we develop our opinion. In preparing any comments, please be aware that our opinion will provide our considered legal analysis of the question presented, and therefore comments that address the interpretation of the law are more helpful than comments that express an opinion as to what the law should be.

You may provide your comments to the attorney general's office by email to OpinionComments@atg.wa.gov or by writing to the Office of the Attorney General, Solicitor General Division, Attention Opinions Chief, P.O. Box 40100, Olympia, WA 98504-0100. We will consider any comments we receive before we complete our opinion. Although there is no deadline for submitting comments, comments are the most helpful if received within thirty days of this notice. Comments focused solely on what the law should be are less helpful than comments that interpret current law. You may also request a copy of the opinion request in which you are interested and information about the attorney general's opinion process.

If you are interested in receiving notice of new formal opinion requests via email, you may visit the attorney general's website at <http://www.atg.wa.gov/ago%E2%80%9090> opinions for more information on how to join our AGO Opinions List.

The attorney general's office seeks public input on the following opinion request(s):

Opinion Docket No. 21-07-03
Request by Senator Jeff Holy, District 6

QUESTION:

Does RCW 35.63.161 prevent a local government from ordering the removal or phased elimination of an existing manufactured housing community for nonconforming use when the basis for the local government's nonconforming use determination is the protection of a military installation from incompatible development, as mandated by the Growth Management Act, RCW 36.70A.530(3)?

Hatching and Rearing General Permit

The Washington state department of ecology (ecology) is reissuing the upland finfish hatching and rearing national pollutant discharge elimination system (NPDES) and state waste discharge general permit (permit) on August 17, 2021. The permit becomes effective on October 1, 2021, and expires on September 30, 2026.

Purpose of the Permit: The permit addresses various legal requirements and responsibilities, and regulates the discharge of pollutants to protect water quality in Washington state. The permit provides coverage for and authorizes upland finfish hatching and rearing operation discharges with limits of pollutants from raising or spawning fish. These include uneaten feed, fish fecal matter, and medications and disease control chemicals. The permit is a combined NPDES and state waste discharge permit that limits the discharge of pol-

lutants to surface waters under the authority of the Federal Water Pollution Control Act (33 U.S.C. 1251) and limits the discharge of pollutants to surface and groundwater under the authority of the State Water Pollution Control Act (90.48 RCW).

Public Notice Process and Comments: Ecology accepted public comments on the draft permit and fact sheet from April 7, 2021, *through* May 26, 2021. Ecology held informational public workshops and hearings during this time via online statewide webinars on May 11, 2021, and May 12, 2021. Ecology received written public comments and emails. The comments and ecology's responses are included as Appendix C of the fact sheet.

Copies of the Permit: The final permit, fact sheet with the response to comments in Appendix C, and full original comments are available online at <https://ecology.wa.gov/Regulations-Permits/Permits-certifications/Upland-fin-fish-permit>. You may request hard copies from Matthew Tietjen at 360-407-6401.

Applying for Coverage under the Permit: Any hatchery facility covered under the existing permit that reapplied for permit coverage last fall, will be covered under the new permit. New or unpermitted hatchery facilities may obtain coverage under the permit by submitting a complete permit application to ecology, and satisfying all applicable public notice and State Environmental Policy Act requirements (WAC 173-226-200). The application is available online at <https://secureaccess.wa.gov>. You can find application assistance online at <https://ecology.wa.gov/Regulations-Permits/Permits-certifications/Upland-fin-fish-permit#reapply>.

ESD is responsible for initiating rule making to implement new state laws, meet federal requirements, and to meet unforeseen circumstances. Because of this variability, this agenda is prepared for information purposes only and any dates noted herein are planning estimates that are subject to change. Additional rule making can occur in addition to what is listed on the agenda.

This agenda does not constitute a rule or rule-making action. Any errors or omissions in this agenda do not affect the actual rules or rule-making notices filed with the office of the code reviser and published in the Washington State Register.

The rule-making process can appear complex. ESD has outlined the process on its website to help constituents understand and become involved <https://www.esd.wa.gov/newsroom/rulemaking-process>. If you have additional questions, please contact the Agency Rules Coordinator, Scott E. Michael, 360-890-3448, email rules@esd.wa.gov.
