REPEAL OF POLICY STATEMENT

CI-20-0001 - Delay in Requirement for DEA Laboratory Registration for Conducting Testing of Hemp

The Washington state department of agriculture repeals Policy Statement Number CI-20-0001. Notification of the policy statement was filed with the office of the code reviser on April 3, 2020 (WSR 20-09-015). It delayed enforcement of the requirement to use laboratories registered with the Drug Enforcement Administration (DEA) for testing hemp, specified in WAC 16-306-090 and in conjunction with the United States Department of Agriculture's allowance for enforcement discretion on this topic until October 31, 2021.

On September 21, 2021, the department signed Policy Statement CI-21-0002 extending the time allowed for laboratories to obtain DEA registration until December 31, 2022, superseding this policy statement. Therefore, this policy statement is no longer necessary and should be repealed.

Date Approved: September 28, 2021.

Notice of Policy Statement

Incorporating changes from the USDA Final Rule into the WSDA Hemp Program

On September 21, 2021, a policy statement incorporating changes from the United States Department of Agriculture (USDA) final rule into the Washington state department of agriculture (WSDA) hemp program was signed. In January of 2021, the USDA published the final rule for the Domestic Production of Hemp (final rule), with an effective date of March 22, 2021. Prior to the publication of the final rule, the WSDA had implemented rules in alignment with the USDA's interim final rule. The final rule provides a series of leniencies that will be beneficial to hemp producers in Washington state. These include: Increasing the period of time for the

inspection of hemp plants prior to their harvest; creating options for the remediation of noncompliant hemp plants, and inspection of microgreens, clones, and seedlings; and a delay in the enforcement date for Drug Enforcement Administration registration of hemp testing laboratories. By issuing a policy statement, hemp producers in Washington state will be able to take advantage of these changes immediately, while we work to incorporate them into rule.

A copy of the policy statement may be obtained by accessing our website or by contacting Gloriann Robinson, Agency Rules Coordinator, 1111 Washington Street S.E., P.O. Box 42560, Olympia, WA 98504-2560, phone 360-902-1802, email wsdarulescomments@agr.wa.gov.

DEPARTMENT OF
LABOR AND INDUSTRIES

[Filed September 30, 2021, 4:00 p.m.]

Calculations for the Executive, Administrative, and Professional (EAP) Exemption Salary Threshold Calculations for 2022

The department of labor and industries recently updated the rule for overtime exemptions for EAP workers, including outside sales and computer professionals. To be exempt from overtime, EAP workers must be salaried, paid a minimum specified salary level, and must primarily perform executive, administrative, professional, outside sales or computer professional duties as defined under chapter 296-128 WAC.

According to WAC 296-128-545, the salary thresholds for the EAP overtime exemption are calculated using a multiplier of the minimum wage for a 40-hour workweek and incrementally adjust through 2028. In 2028, the salary threshold will be 2.5 minimum wage for all employers.

Using the 2022 Washington minimum wage of \$14.49, the 2022 salary thresholds for EAP overtime exemption are as follows:

- For small employers with **50 or fewer employees**, the applicable EAP salary threshold in 2022 is **\$1,014.30 per week** (\$52,743.60 annually), which is **1.75 times the minimum wage**.
- For large employers with **51 or more employees**, the applicable EAP salary threshold in 2022 is **\$1,014.30 per week** (\$52,743.60 annually), which is **1.75 times the minimum wage**.
- For computer professionals at a small employer with **50 or fewer employees**, the applicable wage rate for an exempt computer professional is **\$50.72 per hour**, which is **3.5 times the minimum wage**.
- For computer professionals at a large employer with **51 or more employees**, the applicable wage rate for an exempt computer professional is **\$50.72 per hour**, which is **3.5 times the minimum wage**.
