Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 79A.05.030(2).

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: 1 U.S.C. 3, 46 U.S.C. Chapter 43 and 123, and 33 C.F.R. [C.F.R.] Subchapter S govern MPPH, MPS, and personal watercraft (PWC). Currently, Washington state has not adopted appropriate regulations to address MPPH or MPS as required by the above federal regulations.

46 U.S.C. Chapter 43 governs the requirements for engine cut-off switches. Currently, Washington state has not adopted appropriate regulations to address engine cut-off switches as required by 46 U.S.C. Chapter 43.

DEPARTMENT OF AGRICULTURE
[Filed January 10, 2023, 8:36 a.m.]

Subject of Possible Rule Making: As a result of recently passed HB 1859, the department is initiating rule making to establish cannabis testing laboratory quality standards by rule.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 15.150.030.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: HB 1859 (chapter 135, Laws of 2022) requires the department to establish and maintain cannabis testing laboratory quality standards by rule. The cannabis testing laboratory quality standards must include, but are not limited to: Approved methods for testing cannabis for compliance with product standards established by rule by the liquor and cannabis board (LCB) or the department of health (DOH); method validation protocols; and performance measures and criteria applied to testing of cannabis products.

The bill also created an interagency coordination team for cannabis laboratory quality standards. The team consists of the department of agriculture (WSDA), LCB, and DOH. WSDA is the designated lead agency for the team.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: The rules will be developed in collaboration with LCB and DOH. As such, both agencies will be heavily involved with this rule. Since the cannabis analysis lab accreditation program will be overseen by the Washington state department of ecology (ecology), WSDA will also be coordinating with ecology.

Since the interagency team is required to consider the recommendations made by the cannabis science task force on the development of appropriate laboratory quality standards for cannabis product testing laboratories, the department will also coordinate rule development with the members of the task force which includes members of the cannabis scientific community.

Process for Developing New Rule: WSDA will discuss any proposed amendments with affected stakeholders. Affected stakeholders will also have an opportunity to submit written comments on the proposed rules during the public comment period and will be able to present oral testimony at the public hearing.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Trecia Ehrlich, Cannabis Program Manager, 1111 Washington Street S.E., P.O. PREPROPOSAL STATEMENT OF INQUIRY
DEPARTMENT OF
FINANCIAL INSTITUTIONS
(Securities Division)
[Filed January 11, 2023, 2:58 p.m.]

Subject of Possible Rule Making: The securities division is considering proposing to amend chapter 460-80 WAC to formally adopt the statement of policy regarding the use of franchise questionnaires and acknowledgments (statement of policy) promulgated by the North American Securities Administrators Association, Inc. (NASAA).

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 19.100.250.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: On September 18, 2022, NASAA adopted the statement of policy. The statement of policy sets uniform standards for the proper use of questionnaires and acknowledgments in franchise offerings. The statement of policy has an effective date of January 1, 2023.

The statement of policy prohibits provisions that would require a prospective franchisee to make statements that are subjective, unreasonable, or that attempt to absolve the franchisor or its agents of liability in connection with the sale of a franchise. These provisions are also inconsistent with the Franchise Investment Protection Act's antiwaiver provisions. See RCW 19.100.220(2) and 19.100.180 (2)(g). It is important to note that the adoption of the statement of policy does not represent a material change in requirements for franchise offerings in Washington. However, adoption of the statement of policy would aid franchisors in complying with existing Washington law by providing specific examples of prohibited questionnaires and acknowledgments, while also increasing compliance with antiwaiver and antifraud requirements across the states with such requirements.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: Washington and a number of states regulate franchise offerings. The adoption of the statement of policy by Washington and other states will increase uniformity in addressing provisions that are inconsistent with state laws prohibiting waivers of liability in franchise offerings and fraud.

Process for Developing New Rule: The securities division is soliciting comments from interested persons and will adopt rules only after consideration of public comments.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Nathan Quigley, P.O. PREPROPOSAL STATEMENT OF INQUIRY

DEPARTMENT OF HEALTH

(Nursing Care Quality Assurance Commission)

[Filed January 12, 2023, 9:11 p.m.]

Subject of Possible Rule Making: WAC 246-840-220 and other relevant continuing education (CE) rule sections in chapter 246-840 WAC. The nursing care quality assurance commission (commission) is considering adopting the health equity continuing education model rules, WAC 246-12-800 through 246-12-830, to comply with RCW 43.70.613. The commission will also consider whether additional CE hours and course topics should be included.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 18.79.010, 18.79.110, 18.79.260, and 43.70.613.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: In 2021, the legislature passed ESSB 5229, codified as RCW 43.70.613, requiring health professionals credentialed under RCW 18.130.040 with a CE requirement, to complete health equity CE training every four years as described in RCW 43.70.613.

The department of health (department) developed proposed model rules establishing minimum standards for health equity CE training for health care professionals to include instruction on skills to address structural factors, such as bias, racism, and poverty, that manifest as health inequities. The department adopted the model rules in November 2022. Any rules developed by the commission must meet or exceed the minimum standards in the model rules found at WAC 246-12-800 through 246-12-830.

The commission is considering opening continuing competency rules to establish nursing-specific content requirements for health equity education training.

Rule making will provide the opportunity for interested party engagement, rule clarification, and possible amendments to address the identified concerns.

Process for Developing New Rule: Collaborative.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Jessilyn Dagum, P.O. Additional comments: The commission will notify interested parties of rule making by posting information on the department website, the commission website, and by use of GovDelivery. Interested parties may sign up to receive commission rule-making notices at <https://public.govdelivery.com/accounts/WADOH/subscriber/new>, select the "Subscribe" button at the bottom of the page, and then select "Nursing Commission." PREPROPOSAL STATEMENT OF INQUIRY
GAMBLING COMMISSION

[Filed January 13, 2023, 2:24 p.m.]

Subject of Possible Rule Making: The gambling commission is reviewing its licensing fees to ensure that they are sufficient to cover the agency's costs of licensing, regulation, and enforcement in the coming years.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 9.46.070.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: Although the gambling industry has largely recovered from a significant contraction due to the COVID-19 pandemic, the number of licensees has decreased in the last three years. This decline in licensees has caused revenues to flatten, while operating costs continue to increase in this inflationary period. Current license fees are not projected to be sufficient to cover the agency's costs of licensing, regulation, and enforcement beginning in fiscal year 2024. It is necessary to review the established fees (base fee rates, fee rate as a percentage of gross gambling receipts, and annual maximum fee levels) and consider increases that can support the commission's operating costs.

Process for Developing New Rule: Regular rule making.

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting Lisa McLean, Legislative and Policy Manager, P.O. GAMBLING COMMISSION

[Filed January 13, 2023, 2:35 p.m.]

Subject of Possible Rule Making: The gambling commission will review and adjust license fees for three different types of sports wagering vendors: (1) Major sports wagering vendor, providing integral sports wagering goods or services; (2) mid-level sports wagering vendor, providing services or equipment related to data, security, and integrity; and (3) ancillary sports wagering vendor, providing necessary sports wagering support services.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 9.46.070.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: As sports wagering is an authorized tribal-only gambling activity, the costs to the gambling commission for licensing and enforcement must be supported by licensing fees collected from sports wagering vendors. The amount of the vendor fees established in 2021 was based on the commission's best estimate of the costs associated with both licensing and enforcement of a new gambling activity and the number of vendors who would apply for each license type. Now that the commission has experienced a year of licensing and enforcement of these vendors, it has the necessary information to assess actual costs and adjust vendor fees for fiscal year 2024.

SECRETARY OF STATE

[Filed January 17, 2023, 10:56 a.m.]

Subject of Possible Rule Making: Standards for determining when documents cannot be filed and must be rejected by county recording offices throughout Washington.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 65.24.040, 40.14.020.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The Washington legislature tasked the office of the secretary of state with creating and appointing a recording standards commission under RCW 65.24.040. The recording standards commission shall make recommendations to the office of the secretary of state for potential rule making regarding recording standards and practices including standards governing rejection of documents submitted for recording to county recording offices. Inconsistent rejection of documents submitted for recording to county recording offices creates confusion, unnecessary delay, undue burden, and other impediments to the recording of documents. Proposed rule making will harmonize the standards and practices of recording offices and recording officers in Washington leading to more predictable and consistent standards across the state, better customer service for document submitters, and more efficiency within recording offices.
