AGENDA

OFFICE OF

ADMINISTRATIVE HEARINGS

[Filed July 5, 2024, 10:28 a.m.]

Our state legislature requires each state agency to prepare a semi-annual agenda of any rules that may be under development (see RCW 34.05.314). The office of administrative hearings (OAH) is a state agency that hears and independently resolves disputes between the public and other state agencies. At OAH, we encourage the public to be involved in shaping the rules that govern our society. You can get involved by attending public hearings, submitting written comments, or both.

The agenda below briefly describes changes that we anticipate making to OAH rules. This agenda is filed with the office of the code reviser for publication in the Washington State Register. The agenda is also available on our website at <https://oah.wa.gov/Content-Area-Management/Rule-Making-Hub/Rulemaking-Activities>.

If you have any questions regarding rules or rule making, please contact our rules coordinator, Barb Cleveland, at 360-407-2700 or at rulemaking@oah.wa.gov.

Chapter 110-90	Extended Foster Care (EFC): Amending the EFC program WAC in chapter 110-90 WAC and other related rules as required by SB 5908, which took effect June 6, 2024. Chapter 110-145	Group Care: Amending group care rules to be more developmentally and culturally appropriate and flexible to meet individual youth's needs. Additionally, the project will allow DCYF to best determine how these licensing WACs can better accommodate the most relevant and beneficial programming and settings as possible, all while maintaining minimum health and safety standards. Chapter 110-148	Licensing Standards for Kinship Caregivers: Amending rules to remove child-specific items to accommodate a new WAC chapter that will outline the licensing standards for kinship caregivers. This will allow for DCYF to issue child-specific licenses to kinship caregivers and eliminate the need to use nonsafety exemptions and waivers. This will reduce barriers and create better equity for kinship caregivers trying to become licensed. These updates will also provide greater stability and outcomes for children entering foster care.	24-08-062 Filed 3/29/24		
110-148-1305 110-148-1365	Licensing Requirements for Professional Therapeutic Foster Parents: DCYF is required to develop a contract and licensing category for professional therapeutic foster care (PTFC) according to the D.S. Settlement Agreement. The licensing division (LD) must update sections of chapter 110-148 WAC to satisfy this legal requirement. Currently, foster family home licensing rules do not allow foster care payments to be the sole income of a licensed foster family home. Accordingly, to meet the terms of the settlement agreement, LD must remove this barrier in licensing rules and add new language describing the existence, eligibility, and licensing requirements for professional therapeutic foster parents.	24-08-074 Filed 4/2/24

AGENDA

PUBLIC DISCLOSURE COMMISSION

[Filed July 22, 2024, 9:31 a.m.]

Rules Development Agenda for July 2024 - January 2025

The Administrative Procedure Act requires state agencies to prepare a biannual rules development agenda that includes the issues under consideration for rule making for the upcoming six-month period (RCW 34.05.314). Agendas are published in the State Register at the end of January and July each year. Staff proposes the following rule-making agenda for the period from July 2024 through January 2025:

Updating enforcement penalty schedules: The public disclosure commission (commission) will consider amending the penalty schedules for both brief enforcement hearings (WAC 390-37-143) and full adjudicatory proceedings (WAC 390-37-182). The assessment will include the specified ranges for each category of violation. The commission will also consider the factors used to determine mitigating and aggravating circumstances, which are used to determine the appropriate penalty, and whether such factors should be extended to apply to consideration of alternative case resolutions (i.e., warnings, etc.).

Criteria for exemptions to sponsor identification on political advertising: The commission adopted an emergency rule this year to implement the new enacted law, HB 2032, regarding sponsor ID on political yard signs. The emergency rules will expire on October 4, 2024, and the commission will consider whether to extend those rules through the end of the election cycle. The commission will consider further permanent rule making on the content of sponsor ID requirements for yard signs and other smaller advertisements where sponsor ID may be impracticable.

Preparation for possible implementation of SSB 5857 (reorganization of the campaign finance chapter): Legislation proposed this year, SSB 5857 would reorganize the campaign finance law, chapter 42.17A RCW into a new statutory title. The reorganization as proposed would not make any substantive changes to the current law, but would require all statutory references in rule to be changed to the references in the new title. The bill would not take effect until 2026, but the commission would begin the process of drafting the new rules to prepare for ultimate adoption.

Update PDC Interpretation 07-04 RE: Online campaign activities, including digital advertising: The continuing development of new digital technology and Internet consumer products requires an update to existing commission guidance on the use of websites, social media, and digital advertising. Over the past several years, the commission has reviewed and analyzed the policy and mechanisms for improving disclosure in the evolving area of digital political advertising. The commission will look to expand upon this work to analyze the broader use of social media, including influencers, websites, and other forms of communication in relation to disclosure requirements and the regulation of campaign expenditure activity.

Further need for rule making may generate from this work, particularly regarding the campaign reporting of expenditure details for digital advertising. Such rule making would connect with the previous work of the commission adopting rules on the responsibilities of commercial advertisers to maintain records of the digital advertising they sell.

	388-97-0140	The department is amending to waive and suspend the requirement for nursing homes to suspend transfers and discharges pending the outcome of a resident appeal of the nursing home transfer or discharge decision. The COVID-19 pandemic continues to require more rapid transfers and discharges than the rule permits. This emergency rule waives the requirement for nursing homes to suspend transfers and discharges pending the outcome of a resident appeal hearing and improves resident safety by allowing faster grouping of COVID-19 positive residents in one facility, or grouping asymptomatic residents together. This helps expedite infection control processes and maximizes the availability of nursing home beds. Also, WAC 388-97-0120 and 388-97-0130. AGENDA

OFFICE OF THE

INSURANCE COMMISSIONER

[Filed July 23, 2024, 5:03 p.m.]

Semi-Annual Rules Agenda

July 2024

Pursuant to RCW 34.05.314, the office of the insurance commissioner (OIC) is sending its semi-annual rules development agenda for publication in the Washington State Register. There may be additional rule-making activity not included on this agenda, and all information referenced is subject to change.

For general information on OIC's rule making, please visit the legislation and rule-making web page.

For the most up-to-date information on proposed rules, please visit the proposed rules web page.

To sign up for email or text alerts about rule changes, legislation, industry information, and consumer news, please visit the insurance updates web page.

For questions, please contact Joyce Brake, OIC policy and rules manager at rulescoordinator@oic.wa.gov or 360-725-7041.

OIC has initiated rule making on the following rules, which are all in CR-101 status:

Proposed rule	Summary
Implementation of SSB 5986 and updates to the Balance Billing Protection Act (BBPA) (Insurance Commissioner Matter R 2024-01) WSR 24-11-117	SSB 5986 was signed into law on March 19, 2024. The legislation adds ground ambulance balance billing protections to the BBPA. Rule making is necessary to revise chapter 284-43B WAC to include reference to ground ambulance services. The rules will facilitate the implementation of the law changes by ensuring that affected entities understand their rights and obligations under the new law. Rule making is also necessary to update the BBPA rules including, but not limited to, consideration of arbitrator fees and revisions to the arbitration process for arbitration authorized under RCW 48.49.135.
Relating to health care benefit managers (Insurance Commissioner Matter R 2024-02) WSR 24-11-126	E2SSB 5213 amends state law concerning the business practices of health care benefit managers (HCBMs) and pharmacy benefit managers (PBMs, which are a type of HCBM). The law's provisions address, among other issues, PBM reimbursement to pharmacies for dispensing prescription drugs; consumer access to mail order and retail pharmacies; consumer out-of-pocket costs for prescription drugs; HCBM registration and reporting; and oversight authority of OIC regarding HCBM registration and operations. Rule making is necessary to revise existing HCBM rules at chapter 284-180 WAC and to ensure that all affected entities understand their rights and obligations under the new law. In addition, rule making related to HCBMs is necessary to ensure that OIC can effectively oversee HCBMs in light of recent health care industry developments. OIC may revise provisions of chapter 284-180 WAC or chapter 284-170 WAC to accomplish this.
Prior authorization modernization and substance use disorder treatment (Insurance Commissioner Matter R 2024-03) WSR 24-11-131	In 2023, the legislature modernized prior authorization processes to prevent delays in care and improve health outcomes. To implement those objectives, OIC will resume its proposed rule making on prior authorization revisions from last year's E2SHB 1357 (RCW 48.43.830) and will include the corresponding mental health-related utilization management requirements from this year's 2SSB 6228. Multiple WAC provisions within chapter 284-43 WAC need amendments to be consistent with the enacted legislation. This effort may include, but is not limited to: (1) Updating prior authorization review time frames, clinical review criteria, and prior authorization processes; (2) updating the initial authorization requirements for substance use disorder treatment; and (3) clarifying what may be considered when determining medical necessity for substance use disorder treatment.

Proposed rule	Summary
Insurer Holding Company Act (Insurance Commissioner Matter R 2024-04) WSR 24-12-074	SB 6027 (2023) was passed to align Washington's Insurer Holding Company Act with the updated National Association of Insurance Commissioners (NAIC) model authorities including the Holding Company System Regulatory Act and Insurance Holding Company System Model Regulation with Reporting Forms. The NAIC revised these models in 2020 and adopted the updated versions as accreditation requirements for state insurance regulators effective January 1, 2026. This rule making will fully implement the new law and updates to NAIC model laws and provide administrative guidance and regulatory clarification for the group capital calculation requirements, including insurance holding company exemptions. Additionally, this rule making is designed to adopt the complete group capital calculation framework recommended by the NAIC.
Consolidated health care (Insurance Commissioner Matter R 2024-05) WSR 24-12-075	OIC is considering consolidated health care rule making due to the recent passage of insurance-related legislation and other changes in law. Multiple provisions of health care and insurance regulations in WAC may need to be updated by OIC to be consistent with the legislation passed and codified in RCW and recent federal law changes. This rule making may include, but is not limited to, clarifying prescription drug coverage for behavioral health treatment; updating reimbursement and collaboration requirements related to physician assistants; updating the definition of "established relationship" as applied to audio-only telemedicine services; and clarifying coverage and cost sharing requirements for preventive services.
Producer and adjuster licensing requirements (R 2024-06) WSR 24-13-082	The proposed rule will update chapter 284-17 WAC to ensure producer and adjuster licensing requirements are clear, relevant, and aligned with Title 48 RCW insurance laws and the planned National Insurance Producer Registry (NIPR) interface enhancement. The rule will also: <ul style="list-style-type: none"> • Simplify the licensing process for limited-line credit insurance by automatically adding it for producers already licensed for life, disability, property or casualty insurance. • Allow insurance agencies to designate a new responsible licensed producer (DRLP) during license renewal if the current DRLP is inactive, fixing an issue identified by NIPR. • Simplify the fee structure for the cancellation of producer licenses. This will simplify fee calculations and prevent delays in implementing new NIPR features. • Remove outdated language that exempted crop adjusters from continuing education (CE) requirements, aligning with a 2022 rule that mandated CE for all licensed resident adjusters. • Remove references to pre-licensing education (PLE) to follow a 2023 law that abolished the PLE requirement. • Remove references to specific dates for electronic submissions, as all licensing processes are now fully electronic.

In addition to the above-mentioned topics, any person may petition OIC under RCW 34.05.330 requesting the adoption, amendment, or repeal of any rule.
