

**WSR 21-01-031**  
**EMERGENCY RULES**  
**DEPARTMENT OF**  
**FISH AND WILDLIFE**

[Order 20-253—Filed December 4, 2020, 5:03 p.m., effective December 4, 2020, 5:03 p.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: The purpose of this rule is to open Puget Sound Crab Management Region 1 to commercial harvest and commercial pot deployment effective December 8, 2020, at 7:00 a.m.

Citation of Rules Affected by this Order: Repealing WAC 220-340-45500M; and amending WAC 220-340-455 and 220-352-340.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The provisions of this emergency rule:

(1) Opens Puget Sound Crab Management Region 1 to commercial harvest and commercial pot deployment effective December 8, 2020, at 7:00 a.m. to harvest remaining available quota;

(2) Permits commercial crab harvest in Puget Sound within Crab Management Regions 2 West, 3-2, and 3-3 until further notice;

(3) Closes commercial crab harvest in Crab Management Regions 2 East and 3-1 until further notice;

(4) Sets a limit of twenty-five pots per license per buoy tag number in Crab Management Region 1 and fifty pots per license per buoy tag number in commercial crab Regions 2 West, 3-2, and 3-3;

(5) Requires fishers to declare participation in Region 1 and 2E fisheries.

Crab Management Region 1 will open to commercial harvest at 7:00 a.m. on December 8, 2020, to harvest remaining available quota. In 2 West, 3-2, and 3-3 the available all citizen is sufficient to accommodate continued all citizen commercial harvest. These provisions are in conformity with agreed management plans with applicable tribes. These management plans are entered into as required by court order. The Puget Sound commercial season is structured to meet harvest allocation objectives negotiated with applicable treaty tribes and outlined in the management plans. There is insufficient time to adopt permanent rules. Further adjustment of season structure may be made pending updated harvest data.
