(ii) Physical force means someone is physically exerting control of another person through violence. Physical force includes, but is not limited to, hitting, kicking, and restraining.

(iii) Threatening someone to obtain consent for a sexual act is a violation of this policy. Threats exist where a reasonable person would have been compelled by the words or actions of another to give permission to sexual activity to which they otherwise would not have consented.

(iv) Each party has the responsibility to make certain that the other has consented before engaging in the activity. For consent to be valid, there must be at the time of the act of sexual intercourse or sexual contact actual words or conduct indicating freely given agreement to have sexual intercourse or sexual contact.

(d) **Sexual coercion.** Unreasonably pressuring another for sexual contact. When ~~((an impacted party))~~ a complainant makes it clear through words or actions that they do not want to engage in sexual contact, want to stop, or do not want to go past a certain point of sexual interaction, continued pressure beyond that point is presumptively unreasonable and coercive. Stalking also includes instances where the perpetrator knows or reasonably should know that the person is frightened, intimidated, or harassed, even if the perpetrator lacks such an intent.

~~((24))~~ (26) **Tobacco, electronic cigarettes, and related products.** The use of tobacco, electronic cigarettes, and related products is prohibited in any building owned, leased, or operated by the college or in any location where such use is prohibited, including twenty-five feet from entrances, exits, windows that open, and ventilation intakes of any building owned, leased, or operated by the college. Related products include, but are not limited to, cigarettes, pipes, bidi, clove cigarettes, waterpipes, hookahs, chewing tobacco, and snuff.

~~((25))~~ (27) **Unauthorized access.** Unauthorized possession, duplication, or other use of a key, keycard, or other restricted means of access to college property, or unauthorized entry onto or into college property. Providing keys to an unauthorized person or providing access to an unauthorized person is also prohibited.

~~((26))~~ (28) **Unauthorized recording.** The following conduct is prohibited:

(a) Making audio, video, digital recordings, or photographic images of a person without that person's consent in a location where that person has a reasonable expectation of privacy (e.g., restroom or residence hall room).

(b) Storing, sharing, publishing, or otherwise distributing such recordings or images by any means.

~~((27))~~ (29) **Violation of other laws or policies.** Violation of any federal, state, or local law, rule, or regulation or other college rules or policies, including on-campus housing policies and college traffic and parking rules.

~~((28))~~ (30) **Weapons.**

(a) Possessing, holding, wearing, transporting, storing, or exhibiting any firearm, dagger, sword, knife or other cutting or stabbing instrument, club, explosive device, or any other weapon apparently capable of producing bodily harm is prohibited on the college campus, subject to the following exceptions:

(i) Commissioned law enforcement personnel; or

(ii) Legally authorized military personnel while in performance of their official duties.

(d) Possession and/or use of disabling chemical sprays for purposes of self-defense is not prohibited.

WAC 132H-126-120 Initiation of disciplinary action. (1) Any member of the college community may file a complaint against a student for possible violations of the student conduct code.

(2) Upon receipt, a student conduct officer, or designee, may review and investigate any complaint to determine whether it appears to state a violation of the student conduct code.

(a) **Student on student sexual misconduct.** The college's Title IX coordinator or designee shall investigate complaints or other reports of ~~((alleged))~~ sexual misconduct by a student against a student.

(b) **Sexual misconduct involving an employee.** The college's human resource office or designee shall investigate complaints or other reports of sexual misconduct in which an employee is either the ~~((impacted or responding party))~~ complainant or respondent.

(c) Investigations will be completed in a timely manner and the results of the investigation shall be referred to the student conduct officer for student disciplinary action.

(d) College personnel will honor requests to keep sexual misconduct complaints confidential to the extent this can be done in compliance with federal and state laws and without unreasonably risking the health, safety, and welfare of the ~~((impacted party))~~ complainant or other members of the college community.

(3) If a student conduct officer determines that a complaint appears to state a violation of the student conduct code, the student conduct officer will consider whether the matter might be resolved through agreement with the ~~((responding party))~~ respondent or through alternative dispute resolution proceedings involving the ~~((impacted party))~~ complainant and the reporting party.

(a) Informal dispute resolution shall not be used to resolve sexual misconduct complaints without written permission from both the ~~((impacted party))~~ complainant and the ~~((responding party))~~ respondent.

(b) If the parties elect to mediate a dispute, either party shall be free to discontinue mediation at any time.

(4) If the student conduct officer has determined that a complaint has merit and if the matter is not resolved through agreement or alternative dispute resolution, the student conduct officer may initiate disciplinary action against the ~~((responding party))~~ respondent.

(a) Both the ~~((responding party))~~ respondent and the ~~((impacted party))~~ complainant in cases involving allegations of sexual misconduct shall be provided the same procedural rights to participate in student discipline matters, including the right to participate in the initial disciplinary decision-making process and to appeal any disciplinary decision.

(b) The student conduct officer, prior to initiating disciplinary action in cases involving allegations of sexual misconduct, will make a reasonable effort to contact the (~~(impacted party)~~) complainant to discuss the results of the investigation and possible disciplinary sanctions and/or conditions, if any, that may be imposed upon the (~~(responding party)~~) respondent if the allegations of sexual misconduct are found to have merit.

(5) All disciplinary actions will be initiated by a student conduct officer. If that officer is the subject of a complaint initiated by the (~~(responding party)~~) respondent or the (~~(impacted party)~~) complainant, the president shall, upon request and when feasible, designate another person to fulfill any such disciplinary responsibilities.

(6) A student conduct officer shall initiate disciplinary action by serving the (~~(responding party)~~) respondent with written notice directing them to attend a disciplinary meeting.

(a) The notice shall briefly describe the factual allegations, the provision(s) of the student conduct code the (~~(responding party is alleged)~~) respondent is reported to have violated, the range of possible sanctions for the (~~(alleged)~~) reported violation(s), and it will specify the time and location of the meeting.

(b) At the disciplinary meeting, the student conduct officer will present the allegations to the (~~(responding party)~~) respondent, and the (~~(responding party)~~) respondent shall be afforded an opportunity to explain what occurred.

(c) If the (~~(responding party)~~) respondent fails to attend the meeting, the student conduct officer may take disciplinary action based upon the available information.

(7) Within ten days of the initial disciplinary meeting and after considering the evidence in the case, including any facts or argument presented by the (~~(responding party)~~) respondent, the student conduct officer shall serve the (~~(responding party)~~) respondent with a written decision setting forth the facts and conclusions supporting the decision, the specific student conduct code provisions found to have been violated, the discipline imposed, if any, and a notice of any appeal rights with an explanation of the consequences of failing to file a timely appeal. This period may be extended if the student conduct officer, based on information presented at the disciplinary meeting, concludes that additional investigation is necessary. If the period is extended, the student conduct officer will notify the (~~(responding party)~~) respondent, and the (~~(impacted party)~~) complainant in cases involving allegations of sexual misconduct, of this extension, the reason(s), and the anticipated extension time frame.

(8) A student conduct officer may take any of the following disciplinary actions:

(a) Exonerate the (~~(responding party)~~) respondent and terminate the proceedings.

(b) Impose a disciplinary sanction(s), with or without condition(s), as described in WAC 132H-126-110.

(c) Refer the matter directly to the student conduct committee for such disciplinary action as the committee deems appropriate. Such referral shall be in writing, to the attention of the chair of the student conduct committee, with a copy served on the (~~(responding party)~~) respondent.

(9) In cases involving allegations of sexual misconduct, the student conduct officer, on the same date that a disciplinary decision is served on the (~~(responding party)~~) respondent, will serve a written notice informing the (~~(impacted party)~~) complainant of the decision,

the reasons for the decision, and any disciplinary sanctions and/or conditions that may have been imposed upon the ~~((responding party))~~ respondent, including disciplinary suspension or dismissal of the ~~((responding party))~~ respondent. The notice will also inform the ~~((impacted party))~~ complainant of their appeal rights. If protective sanctions and/or conditions are imposed, the student conduct officer shall make a reasonable effort to contact the ~~((impacted party))~~ complainant to ensure prompt notice of the protective disciplinary sanctions and/or conditions.

(1) The ~~((responding party))~~ respondent may appeal a disciplinary action by filing a written notice of appeal with the conduct review officer within twenty-one days of service of the student conduct officer's decision. (2) The notice of appeal must include a brief statement explaining why the ~~((responding party))~~ respondent is seeking review.

(3) The parties to an appeal shall be the ~~((responding party))~~ respondent and the student conduct officer. If a case involves allegations of sexual misconduct, ~~((an impacted party))~~ a complainant also has a right to appeal a disciplinary decision or to intervene in the ~~((responding party's))~~ respondent's appeal of a disciplinary decision to the extent the disciplinary decision, sanctions or conditions relate to allegations of sexual misconduct against the ~~((responding party))~~ respondent.

(4) A ~~((responding party))~~ respondent, who timely appeals a disciplinary action or whose case is referred to the student conduct committee, has a right to a prompt, fair, and impartial hearing as provided for in these procedures.

(5) On appeal, the college bears the burden of establishing the evidentiary facts underlying the imposition of a disciplinary sanction by a preponderance of the evidence.

(6) Imposition of disciplinary action for violation of the student conduct code shall be stayed pending appeal, unless the ~~((responding party))~~ respondent has been summarily suspended.

(7) The student conduct committee shall hear appeals regarding:

(b) Dismissals; and

(c) Discipline cases referred to the committee by the student conduct officer, the conduct review officer, or the president.

(8) Student conduct appeals from the imposition of the following disciplinary sanctions shall be reviewed through a brief adjudicative proceeding:

 - (ii) Issues a verbal warning to the ~~((responding party))~~ respondent.
- (9) Except as provided elsewhere in these rules, disciplinary warnings and dismissals of disciplinary complaints are final actions and are not subject to appeal.
- (10) In cases involving allegations of sexual misconduct, the ~~((impacted party))~~ complainant has the right to appeal the following actions by the student conduct officer following the same procedures as set forth above for the ~~((responding party))~~ respondent:
- (a) The dismissal of a sexual misconduct complaint; or
 - (b) Any disciplinary sanction(s) and conditions imposed against a ~~((responding party))~~ respondent for a sexual misconduct violation, including a disciplinary warning.
- (11) If the ~~((responding party))~~ respondent timely appeals a decision imposing discipline for a sexual misconduct violation, the college shall notify the ~~((impacted party))~~ complainant of the appeal and provide the ~~((impacted party))~~ complainant an opportunity to intervene as a party to the appeal.
- (12) Except as otherwise specified in this chapter, ~~((an impacted party))~~ a complainant who timely appeals a disciplinary decision or who intervenes as a party to ~~((responding party's))~~ respondent's appeal of a disciplinary decision shall be afforded the same procedural rights as are afforded the ~~((responding party))~~ respondent.

(2) A conduct hold may restrict the student from registering for classes, requesting an official transcript, or receiving a degree from the college until the hold has been removed.

(3) If the conduct hold is placed pending or during a conduct proceeding, the student will be notified of the hold and be advised how to raise an objection about the hold or request that it be made

The student conduct officer may adjust or modify interim measures as students' situations and schedules change and evolve over time. respondent might otherwise be eligible, while an investigation and/or formal disciplinary procedures are pending.

(2) The student conduct officer may impose a summary suspension if there is reasonable basis to believe that the (~~(responding party)~~) respondent:

(a) Has violated a provision of the student conduct code; and

(b) Presents an immediate danger to the health, safety, or welfare of members of the college community; or

(c) Poses an ongoing threat of substantial disruption of, or interference with, the operations of the college.

(3) Notice. Any (~~(responding party)~~) respondent who has been summarily suspended shall be served with oral or written notice of the summary suspension. (5) The conduct review officer shall conduct a hearing on the summary suspension as soon as practicable after imposition of the summary suspension.

(a) During the summary suspension hearing, the issue before the conduct review officer is whether there is probable cause to believe that the summary suspension should be continued pending the conclusion of disciplinary proceedings and/or whether the summary suspension should be less restrictive in scope.

(b) The (~~(responding party)~~) respondent shall be afforded an opportunity to explain why the summary suspension should not be continued while disciplinary proceedings are pending or why the summary suspension should be less restrictive in scope.

(c) If the (~~(responding party)~~) respondent fails to appear at the designated hearing time, the conduct review officer may order that the summary suspension remain in place pending the conclusion of the disciplinary proceedings.

(5) The committee chair may provide to the committee members in advance of the hearing copies of: (a) The conduct officer's notice of discipline, or referral to the committee; and (b) the notice of appeal, or any response to referral, by the (~~responding party~~) respondent or, in a case involving allegations of sexual misconduct, the (~~impacted party~~) complainant. If doing so, however, the chair should remind the members that these "pleadings" are not evidence of any facts they may allege.

(6) The parties may agree before the hearing to designate specific exhibits as admissible without objection and, if they do so, whether the committee chair may provide copies of these admissible exhibits to the committee members before the hearing.

(7) The student conduct officer, upon request, shall provide reasonable assistance to the (~~responding party~~) respondent and (~~impacted party~~) complainant in obtaining relevant and admissible evidence that is within the college's control.

(8) Communications between committee members and other hearing participants regarding any issue in the proceeding, other than procedural communications necessary to maintain an orderly process, are generally prohibited without notice and opportunity for all parties to participate. Any improper "ex parte" communication shall be placed on the record, as further provided in RCW 34.05.455.

(9) All parties may be accompanied at the hearing by a (~~nonattorney~~) process advisor of their choice.

(10) The (~~responding party~~) respondent, in all appeals before the committee, and the (~~impacted party~~) complainant, in an appeal involving allegations of sexual misconduct before the committee, may elect to be represented by an attorney at their own expense. The (~~responding~~) respondent and/or (~~impacted party~~) complainant will be deemed to have waived the right to be represented by an attorney unless, at least four business days before the hearing, written notice of the attorney's identity and participation is filed with the committee chair with a copy to the student conduct officer.

(11) The committee will ordinarily be advised by an assistant attorney general. If the (~~responding party~~) respondent and/or the (~~impacted party~~) complainant is represented by an attorney, the student conduct officer may also be represented by a second, appropriately screened, assistant attorney general.

SUPPLEMENTAL TITLE IX STUDENT CONDUCT PROCEDURES

NEW SECTION

WAC 132H-126-400 Order of precedence. This supplemental procedure applies to allegations of sexual harassment subject to Title IX jurisdiction pursuant to regulations promulgated by the United States Department of Education. See 34 C.F.R. Part 106. To the extent these supplemental hearing procedures conflict with the college's standard disciplinary procedures, WAC 132H-126-100 through 132H-126-340, these supplemental procedures shall take precedence.

[]

NEW SECTION

WAC 132H-126-410 Prohibited conduct under Title IX. Pursuant to RCW 28B.50.140(13) and Title IX of the Education Amendments Act of 1972, 20 U.S.C. Sec. 1681, the college may impose disciplinary sanctions against a student who commits, attempts to commit, or aids, abets, incites, encourages, or assists another person to commit, an act(s) of "sexual harassment."

For purposes of this supplemental procedure, "sexual harassment" encompasses the following conduct:

(1) **Quid pro quo harassment.** A college employee conditioning the provision of an aid, benefit, or service of the college on an individual's participation in unwelcome sexual conduct.

(2) **Hostile environment.** Unwelcome conduct that a reasonable person would find to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the college's educational programs or activities, or employment.

(3) **Sexual assault.** Sexual assault includes the following conduct:

(a) **Nonconsensual sexual intercourse.** Any actual or attempted sexual intercourse (anal, oral, or vaginal), however slight, with any object or body part, by a person upon another person, that is without consent and/or by force. Sexual intercourse includes anal or vaginal penetration by a penis, tongue, finger, or object, or oral copulation by mouth to genital contact or genital to mouth contact.

(b) **Nonconsensual sexual contact.** Any actual or attempted sexual touching, however slight, with any body part or object, by a person upon another person that is without consent and/or by force. Sexual touching includes any bodily contact with the breasts, groin, mouth, or other bodily orifice of another individual, or any other bodily contact in a sexual manner.

(c) **Incest.** Sexual intercourse or sexual contact with a person known to be related to them, either legitimately or illegitimately, as an ancestor, descendant, brother, or sister of either wholly or half related. Descendant includes stepchildren and adopted children under the age of eighteen.

(d) **Statutory rape.** Consensual sexual intercourse between someone who is eighteen years of age or older and someone who is under the age of sixteen.

(4) **Domestic violence.** Physical violence, bodily injury, assault, the infliction of fear of imminent physical harm, sexual assault, or stalking committed by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the state of Washington, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the state of Washington, RCW 26.50.010.

(5) **Dating violence.** Physical violence, bodily injury, assault, the infliction of fear of imminent physical harm, sexual assault, or stalking committed by a person:

(a) Who is or has been in a social relationship of a romantic or intimate nature with the victim; and

(b) Where the existence of such a relationship shall be determined based on a consideration of the following factors:

(i) The length of the relationship;

(ii) The type of relationship; and

(iii) The frequency of interaction between the persons involved in the relationship.

(6) **Stalking.** Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others, or suffer substantial emotional distress.

[]

NEW SECTION

WAC 132H-126-420 Title IX jurisdiction. (1) This supplemental procedure applies only if the reported misconduct:

(a) Occurred in the United States;

(b) Occurred during a college educational program or activity;

and

(c) Meets the definition of sexual harassment as that term is defined in this supplemental procedure.

(2) For purposes of this supplemental procedure, an "educational program or activity" is defined as locations, events, or circumstances over which the college exercised substantial control over both the respondent and the context in which the reported sexual harassment occurred. This definition includes any building owned or controlled by a student organization that is officially recognized by the college.

(3) Proceedings under this supplemental procedure must be dismissed if the decision maker determines that one or all of the requirements of subsection (1)(a) through (c) of this section have not been met. Dismissal under this supplemental procedure does not prohibit the college from pursuing other disciplinary action based on allegations that the respondent violated other provisions of the college's student conduct code, chapter 132H-126 WAC.

(4) If the student conduct officer determines the facts in the investigation report are not sufficient to support Title IX jurisdiction and/or pursuit of a Title IX violation, the student conduct officer will issue a notice of dismissal in whole or part to both parties explaining why some or all of the Title IX claims have been dismissed.

[]

NEW SECTION

WAC 132H-126-430 Initiation of discipline. (1) Upon receiving the Title IX investigation report from the Title IX coordinator, the student conduct officer will independently review the report to determine whether there are sufficient grounds to pursue a disciplinary action against the respondent for engaging in prohibited conduct under Title IX.

(2) If the student conduct officer determines that there are sufficient grounds to proceed under these supplemental procedures, the student conduct officer will initiate a Title IX disciplinary proceeding by filing a written disciplinary notice with the chair of the student conduct committee and serving the notice on the respondent, the complainant, and their respective advisors. The notice must:

(a) Set forth the basis for Title IX jurisdiction;

(b) Identify the reported Title IX violation(s);

(c) Set forth the facts underlying the allegation(s);

(d) Identify the range of possible sanctions that may be imposed if the respondent is found responsible for the reported violation(s); and

(e) Explain that the parties are entitled to be accompanied by their chosen advisors during the hearing and that:

(i) The advisors will be responsible for questioning all witnesses on their party's behalf;

(ii) An advisor may be an attorney; and

(iii) The college will appoint the party an advisor of the college's choosing at no cost to the party, if the party fails to do so; and

(3) Explain that if a party fails to appear at the hearing, a decision of responsibility may be made in their absence.

[]

NEW SECTION

WAC 132H-126-440 Prehearing procedure. (1) Upon receiving the disciplinary notice, the chair of the student conduct committee will send a hearing notice to all parties, in compliance with WAC 132H-126-310. In no event will the hearing date be set less than ten days after the Title IX coordinator provided the final investigation report to the parties.

(2) A party may choose to have an attorney serve as their advisor at the party's own expense. This right will be waived unless, at least five days before the hearing, the attorney files a notice of appearance with the committee chair with copies to all parties and the student conduct officer.

(3) In preparation for the hearing, the parties will have equal access to all evidence gathered by the investigator during the investigation, regardless of whether the college intends to offer the evidence at the hearing.

[]

NEW SECTION

WAC 132H-126-450 Rights of parties. (1) The student conduct code of Bellevue College, chapter 132H-126 WAC, and this supplemental procedure shall apply equally to all parties.

(2) The college bears the burden of offering and presenting sufficient testimony and evidence to establish that the respondent is responsible for a Title IX violation by a preponderance of the evidence.

(3) The respondent will be presumed not responsible until such time as the disciplinary process has been finally resolved.

(4) During the hearing, each party shall be represented by an advisor. The parties are entitled to an advisor of their own choosing and the advisor may be an attorney. If a party does not choose an advisor, then the Title IX coordinator will appoint an advisor of the college's choosing on the party's behalf at no expense to the party.

[]

NEW SECTION

WAC 132H-126-460 Evidence. The introduction and consideration of evidence during the hearing is subject to the following procedures and restrictions:

(1) Relevance: The committee chair shall review all questions for relevance and shall explain on the record their reasons for excluding any question based on lack of relevance.

(2) Relevance means that information elicited by the question makes facts in dispute more or less likely to be true.

(3) Questions or evidence about a complainant's sexual predisposition or prior sexual behavior are not relevant and must be excluded, unless such question or evidence:

(a) Is asked or offered to prove someone other than the respondent committed the reported misconduct; or

(b) Concerns specific incidents of prior sexual behavior between the complainant and the respondent, which are asked or offered on the issue of consent.

(4) Cross-examination required: If a party or witness does not submit to cross-examination during the live hearing, the committee must not rely on any statement by that party or witness in reaching a determination of responsibility.

(5) No negative inference: The committee may not make an inference regarding responsibility solely on a witness's or party's absence from the hearing or refusal to answer questions.

(6) Privileged evidence: The committee shall not consider legally privileged information unless the holder has effectively waived the privilege. Privileged information includes, but is not limited to, information protected by the following:

(a) Spousal/domestic partner privilege;

(b) Attorney-client and attorney work product privileges;

(c) Privileges applicable to members of the clergy and priests;

(d) Privileges applicable to medical providers, mental health therapists, and counselors;

(e) Privileges applicable to sexual assault and domestic violence advocates; and

(f) Other legal privileges identified in RCW 5.60.060.

[]

NEW SECTION

WAC 132H-126-470 Initial order. (1) In addition to complying with WAC 132H-126-330, the student conduct committee will be responsible for conferring and drafting an initial order that:

- (a) Identifies the allegations of sexual harassment;
 - (b) Describes the grievance and disciplinary procedures, starting with filing of the formal complaint through the determination of responsibility, including notices to parties, interviews with witnesses and parties, site visits, methods used to gather evidence, and hearings held;
 - (c) Makes findings of fact supporting the determination of responsibility;
 - (d) Reaches conclusions as to whether the facts establish whether the respondent is responsible for engaging in sexual harassment in violation of Title IX;
 - (e) Contains a statement of, and rationale for, the committee's determination of responsibility for each allegation;
 - (f) Describes any disciplinary sanction or conditions imposed against the respondent, if any;
 - (g) Describes to what extent, if any, complainant is entitled to remedies designed to restore or preserve complainant's equal access to the college's education programs or activities; and
 - (h) Describes the process for appealing the initial order to the president.
- (2) The committee chair will serve the initial order on the parties simultaneously.

[]

NEW SECTION

WAC 132H-126-480 Appeals. (1) The parties shall have the right to appeal from the initial order's determination of responsibility and/or dismissal of an allegation(s) of sexual harassment in a formal complaint. The right to appeal will be subject to the same procedures and time frames set forth in WAC 132H-126-340.

(2) The president or their delegate will determine whether the grounds for appeal have merit, provide the rationale for this conclusion, and state whether the disciplinary sanction and condition(s) imposed in the initial order are affirmed, vacated, or amended, and, if amended, set forth any new disciplinary sanction and/or condition(s).

(3) President's office shall serve the final decision on the parties simultaneously.

PERMANENT RULES

STATE BOARD OF HEALTH

[Filed December 7, 2020, 2:50 p.m., effective January 7, 2021]

Effective Date of Rule: Thirty-one days after filing.

Purpose: Chapter 246-500 WAC, the state board of health adopted amendments to incorporate requirements for newly established methods of final disposition of human remains into existing rules for the handling of human remains. ESSB 5001 (chapter 432, Laws of 2019) established alkaline hydrolysis and natural organic reduction as allowed methods of final disposition of human remains in Washington. The rule incorporates these new methods into existing requirements for the handling of human remains and adds new requirements specific to these methods of disposition to help prevent and control health hazards.

Citation of Rules Affected by this Order: New WAC 246-500-053 and 246-500-055; and amending WAC 246-500-010, 246-500-020, 246-500-030, 246-500-040, and 246-500-050.

Statutory Authority for Adoption: RCW 43.20.050 (2)(f).

Adopted under notice filed as WSR 20-19-144 on September 23, 2020.

Changes Other than Editing from Proposed to Adopted Version: In addition to minor editing, an introduction sentence was added to WAC 246-800-010 for clarity, and clarification was added to WAC 246-500-055 that testing requirements for contaminant levels in human remains reduced through natural organic reduction apply until such time that the required number of tests meet the parameters identified in the rule, and that the testing be done by a third-party laboratory to ensure that tests are done by an entity experienced in testing for contaminants before the testing requirements are phased out.

AMENDATORY SECTION (Amending WSR 15-21-092, filed 10/21/15, effective 11/21/15)

WAC 458-20-168 Hospitals, nursing homes, assisted living facilities, adult family homes and similar health care facilities. (1) Introduction. This rule explains the application of business and occupation (B&O), retail sales, and use taxes to persons operating:

- Hospitals as defined in RCW 70.41.020;
- Nursing homes as defined in RCW 18.51.010;
- Assisted living facilities as defined in RCW 18.20.020;
- Adult family homes as defined in RCW 70.128.010; and
- Similar health care facilities.

(a) **Examples.** This rule contains examples that identify a number of facts and then state a conclusion. The examples should be used only as a general guide. The tax results of other situations must be determined after a review of all of the facts and circumstances.

(b) **What other rules might apply?** The department of revenue (department) has adopted other rules that may apply to the provision of health care. Readers may want to refer to the rules in the following list for additional information:

- (i) WAC 458-20-102 Reseller permits.
- (ii) WAC 458-20-111 Advances and reimbursements.
- (iii) WAC 458-20-150 Optometrists, ophthalmologists, and opticians.
- (iv) WAC 458-20-151 Dentists and other health care providers, dental laboratories, and dental technicians.
- (v) WAC 458-20-169 Nonprofit organizations.
- (vi) WAC 458-20-178 Use tax and the use of tangible personal property.
- (vii) WAC 458-20-18801 Medical substances, devices, and supplies for humans—Drugs prescribed for human use—Medically prescribed oxygen—Prosthetic devices—Mobility enhancing equipment—Durable medical equipment.
- (viii) WAC 458-20-233 Tax liability of medical and hospital service bureaus and associations and similar health care organizations.

(2) **Personal and professional services of hospitals.** For the purpose of this subsection, the following definitions apply:

- **"Hospital"** - The term hospital is as defined in RCW 70.41.020. It includes hospitals that come within the scope of chapter 71.12 RCW, but only if they are also licensed under chapter 70.41 RCW.
- **"Public hospital" or "nonprofit hospital"** - Public or nonprofit hospitals are hospitals operated by the state or any of its political subdivisions or operated as nonprofit corporations.

(a) **Hospital services to patients.** Gross income earned by hospitals for providing personal or professional services to patients is subject to B&O tax as shown on the table below. RCW 82.04.260.

Report Income From Providing Personal or Professional Services	Time Frame Prior to May 1, 2010	Time Frame May 1, 2010 and After
For profit hospitals	Service and other B&O tax classification	For profit hospitals B&O tax classification
Public and nonprofit hospitals	Public or nonprofit hospitals B&O tax classification	Public or nonprofit hospitals B&O tax classification

Gross income earned for providing nonmedical services, interest received on patient accounts receivable, and amounts earned for providing transcribing services to physicians are subject to service and other activities B&O tax.

(b) **Clinics and departments operated by hospitals.** Gross income earned by medical clinics and departments providing services to patients and operated by a hospital is subject to B&O tax as shown in the table in subsection (2)(a) of this rule, where the operation of a medical clinic or department is covered by the hospital's license. If the clinic or department is not covered by the hospital's license, the gross income earned by a medical clinic or department providing services to patients is subject to B&O tax under the service and other activities B&O tax classification.

(i) **Example 1.** Acme Hospital is a nonprofit hospital that has a medical clinic that is physically located within the hospital. The clinic is open only during regular business hours (8:00 a.m. to 5:00 p.m.) and provides no domiciliary care or overnight facilities to its patients. The medical clinic is covered under Acme Hospital's hospital license. Gross income earned by the medical clinic for providing pa-

tient care is subject to the Public and Nonprofit Hospital B&O Tax Classification because the clinic is covered under the hospital license.

(ii) **Example 2.** Mountain Hospital is a for profit hospital with a cancer treatment facility that is located one mile from the hospital campus. The cancer treatment facility provides the type of services normally provided by hospitals to cancer patients but only during regular business hours. The cancer treatment facility is covered under the hospital's license. Gross income earned by the cancer treatment facility is subject to B&O tax as shown in the table in subsection (2)(a) of this rule because the facility is covered under the hospital's license.

(c) **Educational programs and services.** Amounts earned by public or nonprofit hospitals for providing educational programs and services to the general public are subject to B&O tax under the public or nonprofit hospitals classification if the educational programs and services are an integral, interrelated, and essential part of the hospital. Otherwise, such amounts are subject to B&O tax under the service and other activities tax classification. Educational services are considered an integral, interrelated, and essential part of the hospital only if they are unique and incidental to the provision of hospitalization services. Only those educational programs and services offered by a hospital that would be very difficult or impossible to duplicate by a person other than a hospital because of the specialized body of knowledge, facilities, and equipment required are unique and incidental to the provision of hospitalization services. Amounts received from educational programs and services are subject to the service and other activities B&O tax when the educational programs or services could be provided by any physician, clinic, or trained lay person.

(3) **Personal and professional services from other medical clinics, nursing homes, and similar health care facilities.** Gross income earned by medical clinics, nursing homes, and similar health care facilities for providing personal and professional services is subject to service and other activities B&O tax. Physicians performing these services are also subject to service and other activities B&O tax on gross income earned. Services provided are ones not integral, interrelated, and an essential part of a hospital operation.

(4) **Assisted living facilities and domiciliary care.** For the purpose of this rule, "assisted living facilities" and "domiciliary care" have the same meaning as found in RCW 18.20.020. A preferential B&O tax rate is provided by RCW 82.04.2908 to persons operating assisted living facilities licensed under chapter 18.20 RCW. Persons operating licensed assisted living facilities should report their gross income derived from providing room and domiciliary care to residents under the licensed assisted living facilities B&O tax classification. Refer to subsection (9)(h) of this rule for B&O tax deductions and exemptions available to persons operating assisted living facilities.

(5) **Hospitals or other health care facilities operated by the state of Washington.** Gross income earned by the state of Washington for operating a hospital or other health care facilities, whether or not owned by the state, is not subject to B&O tax.

(6) **Nonprofit corporations and associations performing research and development.** A separate B&O tax rate applies to nonprofit corporations and nonprofit associations for gross income earned in performing research and development within this state, including medical research. See RCW 82.04.260.

(7) **Sales of tangible personal property.** Retailing B&O tax applies to sales of tangible personal property sold and billed separately from the performance of personal or professional services by hospitals, nursing homes, assisted living facilities, adult family homes, and similar health care facilities. This includes charges for making copies of medical records. The seller must collect retail sales tax from the buyer and remit the tax to the department unless the sale is specifically exempt by law.

(a) **Tangible personal property used in providing medical services to patients.** Retailing B&O and retail sales taxes do not apply to charges to a patient for tangible personal property used in providing medical services to the patient, even if separately billed. Tangible personal property used in providing medical services is not considered to have been sold separately from the medical services simply because those items are separately invoiced. These charges, even if separately itemized, are for providing medical services.

For example, when a hospital charges a patient for drugs physically administered by the hospital staff, the charges to the patient are subject to B&O tax under the appropriate tax classification as shown in the table in subsection (2)(a) of this rule based on the hospital making the charge. On the other hand, charges for drugs sold to persons or their caregivers, either for self-administration or administration by a caregiver other than the seller, are subject to retailing B&O tax and retail sales tax unless specifically exempt by law. Readers should refer to WAC 458-20-18801 for detailed information regarding retail sales tax exemptions that apply to sales of prescription drugs and other medical items.

(b) **Sales of meals.** Although the sale of meals is generally considered to be a retail sale, hospitals, nursing homes, assisted living facilities, and similar health care facilities that furnish meals to patients or residents as a part of the services provided to those patients or residents are not considered to be making retail sales of meals. Thus amounts earned by hospitals, nursing homes, assisted living facilities, and similar health care facilities for furnishing meals to patients or residents are subject to B&O tax as part of the services provided to those patients or residents. Such amounts are not subject to retail sales tax.

RCW 82.08.0293 and 82.12.0293 provide, respectively, retail sales tax and use tax exemptions for prepared meals sold to senior citizens, disabled persons, or low-income persons by a not-for-profit organization organized under chapter 24.03 or 24.12 RCW. The exemptions apply to sales of prepared meals to not-for-profit organizations organized under chapter 24.03 or 24.12 RCW, that provide the meals to senior citizens, disabled persons, or low-income persons as a part of the patient services they render.

Hospitals, nursing homes, assisted living facilities, and similar health care facilities may have restaurants, cafeterias, or other dining facilities where meals are sold to doctors, employees, and visitors. These sales of meals are subject to retailing B&O and retail sales taxes. For additional information regarding the sale of meals, including meals furnished to employees, refer to WAC 458-20-124.

(8) **Industry reporting.** This subsection discusses common reporting issues affecting persons operating medical or other health care facilities.

(a) **Adjustments to revenues.** Many hospitals provide medical care without charge or where some portion of the charge will be canceled. In other cases, medical care is billed to patients at "standard" rates

but is later adjusted to reduce the charges to the rates established by contract with medicare, medicaid, or private insurers. In these situations, the hospital must initially include the total charges as billed to the patient as gross income unless the hospital's records clearly indicate the amount of income to which it will be entitled under its contracts with insurance carriers. Where tax returns are initially filed based on gross charges, an adjustment may be taken on future tax returns after the hospital has adjusted its records to reflect the actual amounts collected. In no event may the hospital reduce the amount of its current gross income by amounts that were not previously reported on its excise tax return. If the tax rate changes from the time the B&O tax was first paid on the gross charges and the time of the adjustment, the hospital must file amended tax returns to report the B&O tax on the transaction as finally completed at the rate in effect when the service was performed.

(b) What are the tax consequences when a hospital contracts with an independent contractor to provide medical services at the hospital? When a hospital contracts with an independent contractor (service provider) to provide medical services, such as managing and staffing the hospital's emergency department, the hospital may not deduct the amount paid to the service provider from its gross income. If, however, the patients are alone liable for paying the service provider, and the hospital has no personal liability, either primarily or secondarily, for paying the service provider, other than as agent for the patients, then the hospital may deduct from its gross income the amount it receives and pays to the service provider.

In addition, the service provider is subject to service and other activities B&O tax on the amount earned from the hospital for providing these services for the hospital. If the service provider subcontracts with a third party, such as a physician or nurse, to help provide medical services as an independent contractor, the service provider may not deduct from its gross income amounts paid to the subcontractor where the service provider is personally liable, either primarily or secondarily, for paying the subcontractor. If, however, the hospital is alone liable for paying the subcontractor, and the service provider has no personal liability, either primarily or secondarily, other than as agent for the hospital, then the service provider may deduct from its gross income the amount it receives from the hospital and pays to the subcontractor. For additional information regarding deductible advances and reimbursements, refer to WAC 458-20-111.

(c) May nursing homes and assisted living facilities claim a B&O tax exemption for the rental of real estate? No. The purpose of nursing homes is to provide medical care to their residents. The purpose of assisted living facilities is to assume general responsibility for the safety and well-being of their residents and to provide other services to residents such as housekeeping, meals, laundry, and activities. Assisted living facilities may also provide residents with assistance with activities of daily living, health support services, and intermittent nursing services. Because the purpose of nursing homes and assisted living facilities is to provide services and not to lease or rent real property, no part of the gross income of nursing homes or assisted living facilities is exempted from B&O tax as the rental of real estate.

(9) B&O tax deductions, credits, and exemptions. This subsection provides information about B&O tax deductions, credits, and exemptions available to persons operating medical or other health care facilities.

Deductible amounts should be included in the gross income reported on the excise tax return and then identified on the appropriate deduction detail line of the excise tax return to determine the amount of taxable income.

(a) **Organ procurement organizations.** RCW 82.04.326 provides a B&O tax exemption for amounts earned by a qualified organ procurement organization under 42 U.S.C. Sec. 273(b) in effect as of January 1, 2001, to the extent that the amounts are exempt from federal income tax.

(b) **Contributions, donations, and endowment funds.** RCW 82.04.4282 provides a B&O tax deduction for amounts received as contributions, donations, and endowment funds, including grants, which are not in exchange for goods, services, or business benefits. For example, a B&O tax deduction is allowed for donations received by a public hospital, as long as the donors do not receive any goods, services, or any business benefits in return. On the other hand, a public hospital may not take a B&O tax deduction on amounts earned from a state university for work-study programs or training seminars, because the university receives business benefits in return, as students receive education and training while enrolled in the university's degree programs.

(c) **Adult family homes.** RCW 82.04.327 provides a B&O tax exemption for gross income derived from personal and professional services of adult family homes licensed by the department of social and health services (DSHS), or which are specifically exempt from licensing under the rules of DSHS. This exemption does not apply to persons who provide home care services to clients in the clients' own residences.

For the purpose of this rule, "adult family home" has the same meaning as in RCW 70.128.010.

(d) **Nonprofit kidney dialysis facilities, hospice agencies, and nonprofit nursing homes and homes for unwed mothers.** RCW 82.04.4289 provides a B&O tax exemption for amounts earned as compensation for services rendered to patients or from sales of drugs for human use pursuant to a prescription furnished as an integral part of services rendered to patients by kidney dialysis facilities operated as a nonprofit corporation, nonprofit hospice agencies licensed under chapter 70.127 RCW, nonprofit nursing homes and homes for unwed mothers operated as religious or charitable organizations. This exemption applies only if no part of the net earnings earned by such an institution inures, directly or indirectly, to any person other than the institution entitled to this exemption. This exemption is available to nonprofit hospitals for income from the operation of kidney dialysis facilities if the hospital accurately identifies and accounts for the income from this activity.

Examples of nonprofit nursing homes include nursing homes operated by church organizations or by nonprofit corporations designed to assist alcoholics in recovery and rehabilitation. Nursing homes and homes for unwed mothers operated by governmental entities, including public hospital districts, do not qualify for the B&O tax exemption provided in RCW 82.04.4289.

(e) **Government payments made to health or social welfare organizations.** RCW 82.04.4297 provides a B&O tax deduction to health or social welfare organizations, as defined in RCW 82.04.431, for amounts earned directly from the United States, any instrumentality of the United States, the state of Washington, or any municipal corporation or political subdivision of the state of Washington as compensation for health or social welfare services.

Effective August 1, 2011, RCW 82.04.4275 provides a B&O tax deduction for amounts health or social welfare organizations receive as compensation for providing child welfare services under a government-funded program.

A deduction is not allowed, however, for amounts that are received under an employee benefit plan. For purposes of the deduction provided by RCW 82.04.4297, "employee benefit plan" includes any plan, trust, commingled employee benefit trust, or custodial arrangement that is subject to the Employee Retirement Income Security Act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., or that is described in sections 125, 401, 403, 408, 457, and 501 (c)(9) and (17) through (23) of the Internal Revenue Code of 1986, as amended, or a similar plan maintained by a state or local government, or a plan, trust, or custodial arrangement established to self-insure benefits required by federal, state, or local law.

(f) **Amounts earned under a health service program subsidized by federal or state government.** RCW 82.04.4311 provides a B&O tax deduction to:

- A public hospital that is owned by a municipal corporation or political subdivision; or
- A nonprofit hospital; or
- A nonprofit community health center; or
- A network of nonprofit community health centers, that qualifies as a health and social welfare organization as defined in RCW 82.04.431, for amounts earned as compensation for health care services covered under the federal medicare program authorized under Title XVIII of the federal Social Security Act; medical assistance, children's health, or other program under chapter 74.09 RCW; or for the state of Washington basic health plan under chapter 70.47 RCW. This deduction applies to amounts received directly or through a third party from the qualified programs or plans. However, it does not apply to amounts received from patient copayments or patient deductibles. For purposes of the deduction provided by RCW 82.04.4311, "community health center" means a federally qualified health center as defined in 42 U.S.C. Sec. 1396d as existed on August 1, 2005.

Example 3. Acme Hospital is a nonprofit hospital that qualifies as a health and social welfare organization as defined in RCW 82.04.431. Acme receives \$1,000 for providing health care services to Jane, who qualifies for the federal medicare program authorized under Title XVIII of the federal Social Security Act. Jane is covered in a health care plan that is a combination of medicare, which is B&O tax deductible by Acme, and a medicare plus plan, which is paid for by Jane and is not B&O tax deductible by Acme. Jane pays \$20 to Acme as patient copayments. Medicare pays \$600 to Acme for the health care services, and the medicare plus plan pays \$380. Acme may deduct only the \$600 received from medicare.

(g) **Blood and tissue banks.** Except as otherwise provided, RCW 82.04.324 provides a B&O tax exemption for amounts earned by a qualifying blood bank, a qualifying tissue bank, or a qualifying blood and tissue bank to the extent such amounts are exempt from federal income tax.

Effective October 1, 2013, RCW 82.04.324 provides that persons claiming this exemption must report amounts exempt under this subsection to the department on their excise tax returns. Except for persons whose primary business purpose is the collection, preparation, and processing of blood, the exemption per person is limited to one hun-

dred fifty thousand dollars in tax per calendar year. RCW 82.04.324(3) is scheduled to expire June 30, 2016.

For the purposes of this exemption, the following definitions apply:

(i) **Qualifying blood bank.** "Qualifying blood bank" means a blood bank that qualifies as an exempt organization under 26 U.S.C. 501 (c)(3) as existing on June 10, 2004, that is registered under 21 C.F.R., Part 607 as existing on June 10, 2004, and whose primary business purpose is the collection, preparation, and processing of blood.

Effective October 1, 2013, the definition of "qualifying blood bank" includes an exempt organization, as described above, that tests or processes blood, on behalf of itself or other qualifying blood bank or qualifying blood and tissue bank. This definition is scheduled to expire June 30, 2016. "Qualifying blood bank" does not include a comprehensive cancer center that is recognized as such by the National Cancer Institute.

(ii) **Qualifying tissue bank.** "Qualifying tissue bank" means a tissue bank that qualifies as an exempt organization under 26 U.S.C. 501 (c)(3) as existing on June 10, 2004, is registered under 21 C.F.R., Part 1271 as existing on June 10, 2004, and whose primary business purpose is the recovery, processing, storage, labeling, packaging, or distribution of human bone tissue, ligament tissue and similar musculoskeletal tissues, skin tissue, heart valve tissue, or human eye tissue. "Qualifying tissue bank" does not include a comprehensive cancer center that is recognized as such by the National Cancer Institute.

(iii) **Qualifying blood and tissue bank.** "Qualifying blood and tissue bank" means a bank that qualifies as an exempt organization under 26 U.S.C. 501 (c)(3) as existing on June 10, 2004, is registered under 21 C.F.R., Parts 607 and 1271 as existing on June 10, 2004, and whose primary business purpose is the collection, preparation, and processing of blood, and the recovery, processing, storage, labeling, packaging, or distribution of human bone tissue, ligament tissue and similar musculoskeletal tissues, skin tissue, and heart valve tissue.

Effective October 1, 2013, the definition of "qualifying blood and tissue bank" includes an exempt organization, as described in (g)(iii) of this subsection, that tests or processes blood, on behalf of itself or other qualifying blood bank or qualifying blood and tissue bank. "Qualifying blood and tissue bank" does not include a comprehensive cancer center that is recognized as such by the National Cancer Institute. This definition is scheduled to expire June 30, 2016.

(h) **Assisted living facilities.** RCW 82.04.4337 provides a B&O tax deduction to licensed assisted living facility operators for amounts earned as compensation for providing adult residential care, enhanced adult residential care, or assisted living services under contract with the department of social and health services authorized by chapter 74.39A RCW to residents who are medicaid recipients. For the purpose of this rule, "adult residential care," "enhanced adult residential care," and "assisted living services" have the same meaning as in RCW 74.39A.009.

In addition, RCW 82.04.4264 provides a B&O tax exemption for amounts earned by a nonprofit assisted living facility licensed under chapter 18.20 RCW for providing room and domiciliary care to residents of the assisted living facility. For purposes of this rule, "nonprofit assisted living facility" means an assisted living facility that is operated as a religious or charitable organization, is exempt from

federal income tax under 26 U.S.C. Sec. 501 (c) (3), is incorporated under chapter 24.03 RCW, is operated as part of a nonprofit hospital, or is operated as part of a public hospital district.

(i) **Comprehensive cancer centers.** RCW 82.04.4265 provides a B&O tax exemption for amounts earned by a comprehensive cancer center to the extent such amounts are exempt from federal income tax. For purposes of this rule, "comprehensive cancer center" means a cancer center that has written confirmation that it is recognized by the National Cancer Institute as a comprehensive cancer center and that qualifies as an exempt organization under 26 U.S.C. Sec. 501 (c) (3) as existing on July 1, 2006.

(j) **Prescription drugs administered by the medical service provider.** RCW 82.04.620 allows a deduction from the measure of tax for reporting under the service and other activities classification of the B&O tax (RCW 82.04.290) for amounts earned by physicians or clinics for drugs for infusion or injection by licensed physicians or their agents for human use pursuant to a prescription. This deduction only applies to amounts that:

(i) Are separately stated on invoices or other billing statements;

(ii) Do not exceed the then current federal rate; and

(iii) Are covered or required under a health care service program subsidized by the federal or state government.

For the purpose of this deduction only, amounts that "are covered or required under a health care service program subsidized by the federal or state government" include any required drug copayments made directly from the patient to the physician or clinic.

(A) "Federal rate" means the rate at or below which the federal government or its agents reimburse providers for prescription drugs administered to patients as provided for in the medicare, Part B, drugs average sales price information resource as published by the United States Department of Health and Human Services, or any index that succeeds it.

(B) The deduction is available on an "all or nothing" basis against the total amount earned for a specific drug charge. If the total amount earned by the physician or clinic for a specific drug exceeds the federal reimbursement rate, none of the total amount earned qualifies for the deduction (including any required copayment received directly from the patient). In other words, a physician or clinic may not simply take an "automatic" deduction equal to the federal reimbursement rate for each drug.

(C) For physicians or clinics reporting taxes on the accrual basis, the total amount charged for a drug must be included in the gross income at the time of billing if it is in excess of the federal rate. However, in some cases the gross income from charges may be adjusted, as indicated in subsection (8) (a) of this rule. If such an adjustment to gross income is appropriate, the exemption discussed in this subsection may also be taken at the time of billing if the adjustment leaves the physician or clinic contractually liable to receive a total amount (including any copayment received from the patient) that does not exceed the federal rate.

(10) **Sales, use, and other specified taxes deductions and exemptions.** Unless otherwise exempt by law, hospitals, nursing homes, adult family homes, assisted living facilities, and similar health care providers are required to pay retail sales tax on purchases of equipment and supplies. The ~~((following))~~ deductions and exemptions listed in this subsection are available to qualified persons.

(a) For the purpose of this subsection, the following definitions apply:

(i) "Chemical" means any catalyst, solvent, water, acid, oil, or other additive that physically or chemically interacts with blood, bone, or tissue.

(ii) "Materials" for the purposes of RCW 82.08.02807 means any item of tangible personal property including, but not limited to, bags, packs, collecting sets, filtering materials, testing reagents, antisera, and refrigerants, used or consumed in performing research on, procuring, testing, processing, storing, packaging, distributing, or using blood, bone, or tissue.

(iii) "Medical supplies" means any item of tangible personal property, including any repair and replacement parts for such tangible personal property, used by a comprehensive cancer center for the purpose of performing research on, procuring, testing, processing, storing, packaging, distributing, or using blood, bone, or tissue. The term includes tangible personal property used to:

(A) Provide preparatory treatment of blood, bone, or tissue;

(B) Control, guide, measure, tune, verify, align, regulate, test, or physically support blood, bone, or tissue; and

(C) Protect the health and safety of employees or others present during research on, procuring, testing, processing, storing, packaging, distributing, or using blood, bone, or tissue.

(iv) "Research" means basic and applied research that has as its objective the design, development, refinement, testing, marketing, or commercialization of a product, service, or process.

(b) Temporary medical housing provided by a health or social welfare organization. RCW 82.08.997 provides an exemption from state and local sales taxes and lodging taxes for temporary medical housing provided by a health or social welfare organization. The term "health or social welfare organization" is defined in RCW 82.04.431. "Temporary medical housing" means transient lodging and related services provided to a patient or the patient's immediate family, legal guardian, or other persons necessary to the patient's mental or physical well-being.

(i) The exemption applies to the following taxes:

(A) Retail sales tax levied under RCW 82.08.020;

(B) Lodging taxes levied under chapter 67.28 RCW;

(C) Convention and trade center tax levied under chapter 36.100

RCW;

(D) Public facilities tax levied under RCW 36.100.040; and

(E) Tourism promotion areas tax levied under RCW 35.101.050.

(ii) The exemptions in this subsection apply to charges made for "temporary medical housing" only:

(A) While the patient is receiving medical treatment at a hospital required to be licensed under RCW 70.41.090 or at an outpatient clinic associated with such hospital, including any period of recuperation or observation immediately following such medical treatment; and

(B) By a person that does not furnish lodging or related services to the general public.

~~((b))~~ (c) **Purchases for resale.** Purchases of tangible personal property for resale without intervening use are not subject to retail sales tax. Persons purchasing tangible personal property for resale must furnish a copy of their reseller permit to the seller to document the wholesale nature of the sale. Reseller permits replaced resale certificates effective January 1, 2010.

~~((e))~~ **(d) Sales of medical supplies, chemicals, or materials to a comprehensive cancer center.** RCW 82.08.808 and 82.12.808 provide, respectively, retail sales tax and use tax exemptions for sales of medical supplies, chemicals, or materials to a comprehensive cancer center. These exemptions do not apply to sales of construction materials, office equipment, building equipment, administrative supplies, or vehicles.

~~((i) **Medical supplies.** For purposes of this exemption, "medical supplies" means any item of tangible personal property, including any repair and replacement parts for such tangible personal property, used by a comprehensive cancer center for the purpose of performing research on, procuring, testing, processing, storing, packaging, distributing, or using blood, bone, or tissue. The term includes tangible personal property used to:~~

~~(A) Provide preparatory treatment of blood, bone, or tissue;~~

~~(B) Control, guide, measure, tune, verify, align, regulate, test, or physically support blood, bone, or tissue; and~~

~~(C) Protect the health and safety of employees or others present during research on, procuring, testing, processing, storing, packaging, distributing, or using blood, bone, or tissue.~~

~~(ii) **Chemicals.** For purposes of this exemption, "chemical" means any catalyst, solvent, water, acid, oil, or other additive that physically or chemically interacts with blood, bone, or tissue.~~

~~(iii) **Materials.** For purposes of this exemption, "materials" means any item of tangible personal property including, but not limited to, bags, packs, collecting sets, filtering materials, testing reagents, antisera, and refrigerants used or consumed in performing research on, procuring, testing, processing, storing, packaging, distributing, or using blood, bone, or tissue.~~

~~(iv) **Research.** For purposes of this exemption, "research" means basic and applied research that has as its objective the design, development, refinement, testing, marketing, or commercialization of a product, service, or process.~~

~~(d))~~ **(e) Sales of medical supplies, chemicals, or materials to organ procurement organizations.** RCW 82.08.02807 and 82.12.02749 provides, respectively, retail sales tax and use tax exemptions for sales of medical supplies, chemicals, or materials to organ procurement organizations exempt under RCW 82.04.326. These exemptions do not apply to the sale of construction materials, office equipment, building equipment, administrative supplies, or vehicles.

(11) Buyer's responsibility to remit deferred sales or use tax. If the seller does not collect retail sales tax on a retail sale, the buyer must remit the retail sales tax (commonly referred to as "deferred sales tax") or use tax directly to the department unless the purchases are specifically exempt by law. For detailed information regarding the use tax, refer to WAC 458-20-178.

(a) How do I report deferred sales or use tax. Persons registered with the department and required to file tax returns should report deferred sales or use tax on their excise tax return. As the excise tax return does not have a separate line for reporting deferred sales tax, the buyer should report the tax liability on the use tax line. If a deferred sales tax or use tax liability is incurred by a person who is not required to be registered with the department, the person must report the tax on a "Consumer Use Tax Return" and remit the appropriate tax to the department.

(b) Where can I obtain a Consumer Use Tax Return? The Consumer Use Tax Return may be obtained from the department's website at

dor.wa.gov, or by calling the department's telephone information center at 1-800-647-7706.

AMENDATORY SECTION (Amending WSR 10-23-060, filed 11/12/10, effective 12/13/10)

WAC 458-16-110 (~~(Applications—Who must file, initial applications, annual declarations, appeals, filing fees, penalties, and refunds.)~~) Initial application and renewal declaration. (1) Introduction. This rule explains the ~~((procedures))~~ requirements in RCW 84.36.815 that property owners must follow to apply for and renew all real and personal property exemptions or leasehold excise tax exemptions under chapter 84.36 RCW ~~((for which the taxpayer must apply in order to receive))~~. It also ~~((specifies))~~ explains the late filing penalty that is due whenever an application or renewal declaration is received after the filing deadline.

(2) **Application required.** All foreign national governments ~~((τ))~~; cemeteries ~~((τ))~~; nongovernmental nonprofit corporations, organizations, or associations ~~((τ))~~; soil and water conservation districts ~~((τ α))~~; hospitals established under chapter 36.62 RCW; and ~~((α))~~ public hospital districts established under chapter 70.44 RCW, seeking a property tax exemption or a leasehold excise tax exemption under chapter 84.36 RCW must submit an application for exemption ~~((and))~~ with supporting documentation to the ((state)) department of revenue (department). Unless otherwise exempted by law, no real or personal property or leasehold interest is exempt from taxation until an application is submitted and an exemption is granted.

(3) **Where to obtain initial application and ~~((annual))~~ renewal declaration forms.** An initial application((s)) for exemption may be obtained from any county assessor's office(~~(τ the department's property tax division~~τ~~)~~) or on the ((internet at <http://dor.wa.gov> under Property Tax, "Forms." Annual)) department's website at dor.wa.gov. Renewal declaration forms are ~~((mailed))~~ provided by the department to all entities receiving a property tax or leasehold excise tax exemption, except for certain cemeteries, military housing providers and tribal governments. ~~((If such a form is not received in the mail, an annual renewal declaration may be obtained from the department's property tax division.))~~ Refer to subsection (8) of this rule for additional information on renewal declarations.

(4) **~~Initial application(~~(τ filing deadlines, and other requirements~~))~~.** ~~((In general))~~ Generally, initial applications for exemption must be filed with the department on or before March 31st to exempt the property from taxes due in the following year. However, an initial application may be filed after March 31st if the property is acquired or converted to an exempt use after that date, if the property may qualify for an exemption under chapter 84.36 RCW. ~~((In this situation))~~ For property acquired or converted after March 31st, the initial application must be submitted within sixty days of acquisition or conversion (~~(of the property)~~) to an exempt use. If an initial application is not received within this sixty day period, the late filing penalty described in subsection (12) of this rule is imposed.

The following requirements apply to all initial applications:

(a) The application must be made on a form prescribed by the department and signed by the applicant or the applicant's authorized agent;

(b) One application can be submitted for all real property that is contiguous and part of a homogeneous unit. If exemption is sought for multiple parcels of real property, which are not contiguous ~~((not))~~ or not part of a homogeneous unit, a separate application for each parcel must be submitted. However, multiple applications are not required for church property with a noncontiguous parsonage or convent.

(i) "Contiguous property" means real property adjoining other real property, all of which is under the control of a single applicant even though the properties may be separated by public roads, railroads, rights of way, or waterways.

(ii) "Homogeneous unit" means the property is controlled by a single applicant and the operation and use of the property is integrated with and directly related to the exempt activity of the applicant.

(5) **Documentation ((a nonprofit organization must submit with its)) required for initial application ((for exemption)).** Unless the following information was previously submitted to the department and ~~((it))~~ is still current, the applicant must submit the following in

addition to the initial application ((for exemption, a nonprofit or organization, corporation, or association must also submit)):

~~(b-))~~ A legal description of all real property, listing the county tax parcel number;

(b) A copy of the deed for real property owned by the applicant or a copy of the lease agreement if the property is being leased. If leased, the applicant must also indicate how the property is being used, and the monthly amount of maintenance and operation costs related to rented or loaned property if a nonprofit entity is claiming an exemption for property leased to another party;

(c) A copy of the bylaws of the nonprofit entity, and articles of incorporation or association, constitution, or other establishing documents, as well as all current amendments to these documents showing nonprofit status, if requested by the department;

~~((e))~~ (d) A copy of any current letter issued by the Internal Revenue Service that exempts the applicant from federal income taxes ((. This letter is not usually, but may be, required if the nonprofit entity applying for an exemption is part of a larger organization, association, or corporation, like a church or the Boy Scouts of America, that was issued a group 501 (c) (3) exemption ruling by or is otherwise exempt from filing with the Internal Revenue Service)); and

~~((d) The information required in subsection (6) of this rule.~~

~~(6) Other documentation a nonprofit entity, foreign national government, hospital established under chapter 36.62 RCW, hospital owned and operated by a public hospital district, or soil and water conservation district must submit with its initial application for exemption.~~ In addition to the initial application for exemption, a nonprofit entity, foreign national government, and public hospital district established under chapter 70.44 RCW, or soil and water conservation district must submit the following information regarding the real or personal property for which exemption is sought, unless it was previously submitted to the department and it is still current:

~~(a) An accurate description of the real and personal property;~~

~~(b-))~~ (e) An accurate map identifying by dimension the use or proposed use of all real property that shows buildings, building sites, parking areas, landscaping, vacant areas, and if requested by the department, floor plans of the buildings. The map will be used to determine whether the property is entitled to a total or partial exemption based upon the use of the total area((

~~(c) A legal description of all real property, listing the county tax parcel number, and if the property is owned by the applicant, a copy of the current deed; and~~

~~(d) If the property is rented or loaned to or from another property owner, a copy of the rental agreement or other document explaining the terms of the lease or loan. This documentation must describe:~~

~~(i) What property is rented or loaned;~~

~~(ii) The amount of the rent or other consideration paid or received;~~

~~(iii) The name of the party from whom and the name of the party to whom the property is rented or loaned;~~

~~(iv) How the property is being used; and~~

~~(v) The monthly amount of maintenance and operation costs related to rented or loaned property if a nonprofit entity is claiming an exemption for property leased to another party)).~~

~~((7) Department's review of the))~~ **(6) Initial application review and notice of ((its)) determination.** Upon receipt of an initial application for exemption, the department will review the application and all supporting documentation. Additional information may be requested by the department about the ownership and use of the property ~~((, if the department needs this information))~~ to determine if the exemption should be granted. An application for exemption is not considered complete until all required and requested information is received by the department.

(a) Physical inspection. The department may physically inspect the property as part of the application review process.

(b) Deadline. If a complete application is received by March 31st ~~((for that))~~ of the assessment year, the department will issue a determination about the application by August 1st of that same year. If a complete application is not received by March 31st, the determination will be made within thirty days of the date the complete application is received by the department or by August 1st, whichever is later.

(c) Notice to applicant. The department will ~~((mail))~~ issue a written determination about the exemption application to the applicant. An application may be approved or denied, in whole or in part. If the application is denied for any portion of the property covered by the application, the department must clearly explain its reason for denial in its written determination.

(d) Notice to assessor. Once the department makes its determination about the application for exemption, it will notify the assessor of the county in which the property is located ~~((about))~~ regarding the determination ~~((made. In turn,))~~. The assessor will then take ~~((s))~~ appropriate action so ~~((that))~~ the department's determination is reflected on the county's assessment ~~((roll(s) for the years covered by the determination))~~ roll.

~~((8))~~ **(7) Effective date of ((the)) exemption.** If an initial application is approved, the property is exempt from property taxes due the year immediately following the year the application for exemption is submitted.

~~((a))~~ For example, if an application for exemption is submitted to the department in ~~((2010))~~ 2020 and the application is approved for assessment year ~~((2010))~~ 2020, the property will be exempt from taxes due in ~~((2011))~~ 2021.

~~((b))~~ Retroactive initial applications for exemption for previous years are accepted, up to a maximum of three years from the date taxes were due on the property, if the applicant provides the department with acceptable proof that the property qualified for exemption during the pertinent assessment years and pays the late filing penalties described in subsection (12) of this rule.

~~((9) Annual))~~ **(8) Renewal declarations.** ~~((To retain a property tax exemption, each nonprofit entity (except nonprofit cemeteries), foreign national government, public hospital district, and soil and water conservation district))~~ The renewal declaration is a form provided by the department and may be submitted electronically.

(a) Annual renewal declaration. Except as provided in (b) and (c) of this subsection, any entity receiving an exemption must annually submit a renewal declaration certifying that the use and exempt status of the real and personal property has not changed.

~~((The renewal declaration is a form provided by the department.))~~

(b) Other renewal declarations. Nonprofits receiving an exemption under RCW 84.36.560 must file a renewal declaration on or before March

31st of every third year following initial qualification for the exemption. Except for this renewal requirement, all other requirements in this rule apply to this exemption. Refer to WAC 458-16-560 Housing for qualifying households, for additional information about this exemption.

(c) No renewal declaration. Nonprofit cemeteries receiving an exemption under RCW 84.36.020 and nonprofit low-income housing developers receiving an exemption under RCW 84.36.049, are not required to file a renewal declaration. See subsection (11) of this rule for additional information on renewal declarations for cemeteries.

(9) **Documentation required for renewal declaration.** Unless otherwise indicated in subsection (8) of this rule, the following requirements apply to all renewal declarations:

(a) On or before January 1st of each year, the department ((mails a)) will send information about the renewal declaration to the entity receiving an exemption for the property ((at the entity's last known address)). If an entity changes its mailing or contact information at any time during the year, it must notify the department within sixty days ((of changing its mailing address, the exempt entity must notify the department)) about the change.

(b) The renewal declaration, signed by the exempt entity or the exempt entity's authorized agent, must be ((mailed or delivered)) submitted to the department ((or submitted electronically using the department's online service)) no later than March 31st of each year.

(i) The renewal declaration must include information about any change of use of the exempt property and a statement certifying the truth and accuracy of the information listed.

(ii) The renewal declaration is due on or before March 31st of each year even if the department fails to ((mail)) send the declaration to the exempt entity. ((If an exempt entity does not receive a renewal declaration, a replacement)) A renewal declaration form may be requested from the department to renew the exemption or the exempt entity may use the department's online system to submit the declaration.

(c) If the renewal declaration and renewal fee are not received by March 31st, the department will ((mail)) send a second notice to the exempt entity ((at the entity's last known mailing address)). If the exempt entity fails to respond to the second notice, the department will remove the exemption from the property and notify the assessor of the county in which the property is located that the exemption has been canceled.

(d) Real property, which was previously exempt from taxation, is assessed and taxed as provided in RCW 84.40.350 through 84.40.390 when it loses its exempt status.

(i) Property that no longer retains its exempt status is subject to a pro rata portion of the taxes allocable to the remaining portion of the year after the date the property lost its exempt status.

(ii) The assessor lists and assesses the property with reference to its true and fair value on the date the property lost its exempt status.

(iii) RCW 84.40.380 ((sets forth)) provides the dates ((upon which)) that taxes are payable when property loses its exempt status. Taxes due and payable under RCW 84.40.350 through 84.40.390 constitute a lien on the property that attaches on the date the property loses its exempt status.

(10) **Failure to submit ((an annual)) a renewal declaration ((and reapplication for exemption)).** ((If)) When property loses its exempt status because the ((annual)) renewal declaration was not submitted

and (~~subsequently~~) the owner wishes to reapply for the property tax exemption:

(a) If the owner reapplies within the same assessment year (~~during which~~) the exemption (~~is canceled~~) was removed, the owner must submit the (~~annual~~) renewal declaration and pay the required late filing penalties; or

(b) If the owner reapplies after the assessment year (~~during which~~) the exemption (~~is cancelled~~) was removed, the owner must submit an initial application and pay the required late filing penalties.

(11) **Initial application and renewal declaration procedures (~~regarding~~) for cemeteries.** There are several types of cemeteries. The initial application for exemption and renewal declaration procedures are specific as to the type of cemetery at issue.

(a) The assessor (~~shall~~) will consider the following types of cemeteries exempt from property tax, and no initial application or renewal declaration is required for:

(i) Cemeteries owned, controlled, operated, and maintained by a cemetery district authorized by RCW 68.52.090; or

(ii) Indian cemeteries, which are considered to be held by the tribe or held in trust for the tribe by the United States.

(b) An initial application is submitted to the department, but no renewal declaration is required, for:

(i) Family cemeteries;

(ii) Historical cemeteries;

(iii) Community cemeteries; and

(iv) Cemeteries belonging to nonprofit organizations, associations, or corporations.

(c) An initial application (~~for exemption~~) is submitted to the department, and a renewal declaration (~~must be submitted~~) is required annually by all for-profit cemeteries seeking a property tax exemption.

(12) **Late filing penalty.** When an initial application or renewal declaration is submitted after the due date, a late filing penalty of ten dollars is due for every month, or portion (~~thereof~~) of the month. This penalty is calculated from the date the initial application or renewal declaration was due until the postmark date shown on the application or declaration or the date the application or declaration is (~~given to~~) received by the department. RCW 84.36.825.

(13) **Refund of filing penalty.** No late filing penalty is refunded after a determination on the application is issued by the department. However, the late filing penalty will be refunded under the following circumstances:

(a) (~~When~~) A duplicate application or renewal declaration for the same property is submitted during the same calendar year;

(b) (~~When~~) An application or renewal declaration is received by the department and the department has no authority to grant the exemption requested; or

(c) (~~When~~) A written request to withdraw the application is received before the department issues a determination. The withdrawal request must be (~~signed~~) submitted by the owner or the owner's authorized agent.

(14) **Appeals.** Any applicant that receives a negative determination from the department on either an initial application or a renewal declaration may appeal this determination to the state board of tax appeals (BTA). Similarly, any assessor who disagrees with the depart-

ment's determination may appeal the determination to the BTA. See WAC 458-16-120 Appeals, for specific information about the appeal process.

AMENDATORY SECTION (Amending WSR 02-02-009, filed 12/20/01, effective 1/20/02)

WAC 458-16-150 Cessation of use—Taxes collectible for prior years. (1) **Introduction.** This rule explains what occurs when property loses its tax exempt status and is placed back on the tax rolls. It also describes the back taxes and interest that are collected when an exempt use ceases, unless the property has been exempt for more than ten consecutive years or is otherwise exempt from the provisions of RCW 84.36.810. This rule does not apply to property that received an exemption as a nature conservancy under RCW 84.36.260 (~~(; see)~~). RCW 84.36.262 and WAC 458-16-290 (~~(for more)~~) Nature conservancy lands, provide additional information about the collection of back taxes (~~(in this situation)~~) for nature conservancies.

(2) **Definitions.** For purposes of this rule, the following definitions apply:

(a) "Back taxes" means the property taxes that would have been paid but for the existence of the property tax exemption during the three years immediately preceding the cancellation or removal of the exemption or during the life of the exemption, whichever is less, plus interest at the same rate and computed in the same way as delinquent property taxes. However, if the property was exempt under RCW 84.36.050(2), "back taxes" means the taxes that would have been collected but for the existence of the property tax exemption during the seven years immediately preceding the cancellation or removal of the exemption or during the life of the exemption, whichever is less.

(b) "Cessation of use" means that an owner or user of exempt real property has ceased to use the property for an exempt purpose. The term also refers to property that has lost its exempt status because it was transferred, loaned, or rented to an owner that is not entitled to an exemption.

(c) "Department" means the state department of revenue.

(d) "Relocation of the activity" means that a portion or all of an exempt use has been relocated from the original site to a new loca-

tion. The term ~~((shall))~~ does not include undeveloped property of camp facilities.

(e) "Rollback" means the back taxes and interest imposed in accordance with RCW 84.36.810 because the exempt property has lost its exempt status and is now taxable. However, when an exemption granted to a nature conservancy under RCW 84.36.260 is ~~((cancelled))~~ canceled or removed different rollback procedures ~~((are applied,))~~ apply. See RCW 84.36.262 and WAC 458-16-290 Nature conservancy lands, for additional information.

(3) **Applicability of this rule.** Upon cessation of a use for which an exemption was granted under one of the statutes listed below, and if directed to do so by the department, the county treasurer ~~((shall))~~ must collect all taxes which would have been paid ~~((but))~~ if not for the existence of the property tax exemption. If the property was exempt for more than ten consecutive years, no back taxes or interest are due. Back taxes and interest will be collected only when ownership of property is transferred or when fifty-one percent or more of the total exempt property loses its exempt status.

(a) **Generally applied rollback - Three years of back taxes plus interest.** When the status of real property changes from exempt to taxable, all taxes that would have been collected ~~((but))~~ if not for the existence of the exemption during the three preceding years, or the life of the exemption, whichever is less, plus interest at the same rate and computed in the same way as that ~~((upon))~~ on delinquent property taxes are due. The rollback provisions of RCW 84.36.810 apply if the property was previously exempt from property tax under any of the following statutes:

(c) **No rollback imposed.** Back taxes and interest are not imposed if the cessation of use results solely from any of the following:

(i) Transfer to a nonprofit organization, association, or corporation for a use that also qualifies for and is granted exemption under the provisions of chapter 84.36 RCW;

(ii) A taking through an exercise of the power of eminent domain;

(iii) A sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of this power;

(iv) An official action by an agency of the state of Washington or by the county or city within which the exempt property is located that disallows the present exempt use of the property;

(4) Duty to notify.

(a) An owner of exempt property who knows of or who has information regarding a change in the use of exempt property (~~shall~~) must notify the department of this change. If any portion of the exempt property is loaned or rented, the owner is required to report this change to the department because the loan or rental may affect the taxable status of the property (~~(see)~~) RCW 84.36.813(~~+~~).

(b) Any other person who knows or has information regarding a change in use of exempt property is to notify the county assessor of any such change. The assessor(~~, in turn,~~) is required to report this information to the department.

(c) The department may physically inspect exempt property after being notified about a change in the use or ownership of exempt property. It may also conduct physical inspections at any time (~~that~~) it deems necessary to (~~ascertain~~) determine the exempt use of the property(~~;~~ ~~this~~) and may (~~include~~) conduct routine inspections.

(d) The department will determine whether the property may retain its exempt status or whether it will become taxable after a change in use is reported.

(5) Notice to owner. The department must notify the current owner and, in the case of a transfer, the previous legal owner of the exempt property that the cessation of use of the property for an exempt purpose has changed the property's taxable status. The notice must address the applicability of the rollback provisions (~~set forth~~) in subsection (3) of this rule. (3)) qualifying households.

(3) Initial application and renewal declaration.

(a) Initial application. An initial application for exemption must be filed with the department on or before March 31st to exempt property from taxes due in the following year. However, an initial application may be filed after March 31st if the property is acquired or converted to an exempt use after that date, if the property may qualify for an exemption under chapter 84.36 RCW.

(b) Renewal declaration. In order to requalify for exempt status, a nonprofit entity receiving this exemption must file a renewal declaration on or before March 31st of every third year following initial qualification for exemption.

(c) Additional information about the application and renewal requirements for this exemption can be found in WAC 458-16-110 Initial application and renewal declaration.

(4) Full exemption. Real and personal property is exempt from property taxes if:

(a) The property is owned or used by a nonprofit entity, as defined in subsection (2) of this rule, in providing rental housing for ~~((very low income))~~ qualifying households or used to provide a lot of land upon which a mobile home for a ~~((very low income))~~ qualifying household will be placed in a mobile home park;

(b) The benefit of the exemption is received by the nonprofit entity. That is, if the property is leased to or used by, but not owned by, a nonprofit entity, the reduction in property taxes due to the exemption is passed on to the nonprofit user either through a reduction in rent, reimbursement of rent, or property tax paid;

(c) At least seventy-five percent of the occupied dwelling units in the rental housing or lots in the mobile home park are occupied by ~~((very low income))~~ qualifying households; and

(d) The rental housing or lots in the mobile home park are insured, financed, or assisted, in whole or in part, through one or more of the following sources:

(i) A federal or state housing program administered by the department of commerce;

(ii) A federal housing program administered by a city or county government;

(iii) An affordable housing levy authorized under RCW 84.52.105;

(iv) The surcharges authorized by RCW 36.22.178 and 36.22.179 and any of the surcharges authorized in chapter 43.185C RCW; or

(v) The Washington state housing finance commission, provided that the financing is for a mobile home park cooperative or a manufactured housing cooperative, as defined in RCW 59.20.030, or a nonprofit entity.

~~((4))~~ **(5) Partial exemption.** If less than seventy-five percent of the occupied dwelling units within the rental housing or lots in the mobile home park are occupied by ~~((very low income))~~ qualifying households, the rental housing or mobile home park is eligible for a partial exemption on the real property and a total exemption on the housing's or park's personal property. The property must be owned or used by a nonprofit entity in providing rental housing for ~~((very low income))~~ qualifying households or used to provide a lot upon which a mobile home for a ~~((very low income))~~ qualifying household will be placed in a mobile home park.

(a) A partial exemption will be allowed for each dwelling unit in the rental housing or for each lot in the mobile home park occupied by a ~~((very low income))~~ qualifying household; and

(b) The amount of the real property exemption will be calculated by multiplying the assessed value of the property reasonably necessary to provide the rental housing or to operate the mobile home park by a fraction. The formula for determining the fraction is as follows:

(i) The numerator of the fraction is the number of dwelling units or lots occupied by ~~((very low income))~~ qualifying households as of December 31st of the first assessment year in which the rental housing facility or mobile home park becomes operational, or on January 1st of each subsequent assessment year in which the claim for exemption is submitted; and

(ii) The denominator of the fraction is the total number of dwelling units or lots occupied as of December 31st of the first assessment year in which the rental housing facility or mobile home park becomes operational, or on January 1st of each subsequent assessment year in which the claim for exemption is submitted.

~~((5))~~ **(6) Exempt facility with three or fewer units or a mobile home park with three or fewer lots with vacancy on January 1st.** If the rental housing or mobile home park is comprised of three or fewer dwelling units or lots and there are any unoccupied dwelling units or lots on January 1st, the department will determine the size of the exemption based on the number of occupied dwelling units or lots as of December 31st of the first assessment year the rental housing becomes operational, and on May 1st of each subsequent assessment year in which a claim for exemption is submitted. For example, if one-half of an exempt duplex is vacant on January 1st and it is the duplex's third year of operation, the department will determine the size of the exemption based on the number of occupied units on May 1st of that assessment year.

~~((6) Facilities with ten or fewer units or mobile home parks with ten or fewer lots -)~~ **(7) Allowance for income growth.** Because the occupants of rental housing and mobile home parks granted an exemption under RCW 84.36.560 are generally attempting to improve their financial situation, the income of the household is likely to fluctuate during the time they occupy the rental housing unit or lot in the mobile home park.

(a) In an attempt to assist these households in improving their circumstances, the exemption will continue for specific rental housing units or mobile home lots ~~((when))~~ if the rental housing or mobile home park continues to meet the certification requirements in subsection (4)(d) of this rule, and if the household's income rises above ~~((fifty percent of median income under the following conditions:~~

~~(i) The currently exempt rental housing unit in a facility with ten or fewer units, or mobile home lots in a mobile home park with ten or fewer lots, was occupied by a very low income household at the time the exemption was granted;~~

~~(ii) The household's income rises above fifty percent of the median income))~~ the applicable "qualifying household" threshold in subsection (2)(e) of this rule, but remains at or below eighty percent of the median income adjusted for family size as most recently determined by the federal Department of Housing and Urban Development for the county in which the rental housing or mobile home park is located; and

~~((iii) The rental housing or mobile home park continues to meet the certification requirements of a very low income housing program listed in subsection (3)(d) of this rule; and))~~

(b) If a ~~((dwelling))~~ rental housing unit or mobile home lot receiving an exemption under ~~((this))~~ the exception in (a) of this subsection becomes vacant and is subsequently rerented, the income of the

household moving into the rental unit or onto the mobile home lot must ~~((be at or below fifty percent of the median income adjusted for family size as most recently determined by the federal Department of Housing and Urban Development for the county in which the rental housing or mobile home park is located))~~ meet the applicable median income requirements for a qualifying household as described in subsection (2)(e) of this rule to remain exempt from property tax.

(c) Example. If a rental unit is occupied by a qualifying household whose income rises up to ~~((sixty))~~ seventy percent of median income, the unit will retain its exempt status as long as the household continues to occupy the rental unit and the household's income remains below eighty percent of median income. If the residents of ~~((this))~~ the rental unit move out on June 1st and the unit is subsequently rented to a qualifying household whose income is at or below ~~((fifty percent of median income,))~~ the median income threshold in subsection (2)(e) of this rule, the unit will retain its exempt status. Conversely, if the rental unit is rented to a household whose income is above ~~((fifty percent of))~~ the median income threshold in subsection (2)(e) of this rule, the unit becomes ineligible for exemption as of January 1st of the following year.

~~((7))~~ **(8) Group homes - Income of residents.** The income of the individual residents of a group home, as defined in subsection (2) of this rule, will not be combined so as to constitute the income of a single household. Each resident will be considered an independent household occupying a separate dwelling unit. In other words, the income of the residents of a group home will not be aggregated when the department determines the size of the exemption the group home is entitled to receive. For example, if there are six residents in a group home, the department will process the application for exemption as if there were six separate dwelling units and determine the size of the exemption on that basis. If three of the residents have income at or below ~~((fifty percent of))~~ the median income threshold in subsection (2)(e) of this rule, the group home will receive a fifty percent reduction in the property taxes due on the group home.

~~((8))~~ **(9) Eligibility of property unoccupied at the time of initial application or at any time after the exemption is granted.** Property that is unoccupied at the time of initial application or on January 1st of any subsequent year is still eligible for exemption if certain conditions are met. If the property is currently taxable, it may receive exempt status as of the assessment year in which the claim for exemption is submitted. If the property is currently exempt but the exempt use will cease or will be reduced because of renovations or repairs, the exempt status of the property may be continued for taxes payable the next year. The following conditions must be satisfied to receive an exemption under either of these circumstances:

(a) The rental housing or mobile home park will be used for the exempt purpose stated in RCW 84.36.560 within two assessment years;

(b) The nonprofit entity applying for or receiving the exemption has obtained a commitment for financing, in whole or in part, to acquire, construct, remodel, renovate, or otherwise convert the property to provide housing for ~~((very low-income))~~ qualifying households from one or more of the sources listed in subsection ~~((3))~~ **(4)(d)** of this rule;

(c) The nonprofit entity has manifested its intent in writing to construct, remodel, renovate, or otherwise convert the rental housing or mobile home park to housing for ~~((very low-income))~~ qualifying households; and

(d) If less than the entire facility or mobile home park will be used to provide rental housing or mobile home lots for (~~very low income~~) qualifying households, only that portion is entitled to an exemption under this rule.

~~((9))~~ (10) **Exclusive use required.** To be exempt under RCW 84.36.560, the property must be exclusively used to provide rental housing or mobile home lots for (~~very low income~~) qualifying households, except as provided in RCW 84.36.805.

~~((10))~~ (11) **Payments in-lieu of property tax will be accepted.** Any nonprofit entity that qualifies for a property tax exemption under RCW 84.36.560 may agree to make payments to the city, county, or other political subdivision for the improvements, services, and facilities furnished by the city, county, or political subdivision for the benefit of the exempt rental housing facility or mobile home lots. However, these payments may not exceed the amount of property tax last levied as the annual tax by the city, county, or political subdivision (~~upon~~) on the property prior to the time the exemption was effective.

(2) Definitions.

~~(a)~~ "Artistic or cultural organization" means an organization ~~((which))~~ that is organized and operated exclusively for the purpose of providing artistic or cultural exhibitions, presentations, or performances or cultural or art education programs ~~((, . . .))~~ for viewing or attendance by the general public ~~((,))~~ and meets all of the following requirements:

~~(i)~~ (i) The organization ~~((must be))~~ is a not-for-profit corporation under chapter 24.03 RCW ~~((and));~~

~~(ii)~~ (ii) The organization is managed by a governing board of not less than eight individuals none of whom is a paid employee of the organization ~~((or by a corporation sole under chapter 24.12 RCW. In addition, to qualify for deduction or exemption from taxation . . . the corporation shall satisfy the following conditions:~~

~~(a))~~ ;

~~(iii)~~ (iii) No part of ~~((its))~~ the organization's income may be paid directly or indirectly to its members, stockholders, officers, directors, or trustees except in the form of services rendered by the corporation in accordance with its purposes and bylaws;

~~((b))~~ (iv) Salary or compensation paid to ~~((its))~~ the organization's officers and executives must be only for actual services rendered, and at levels comparable to the salary or compensation of like positions within the state;

~~((e))~~ (v) Assets of the corporation must be irrevocably dedicated to the activities for which the exemption is granted ~~((and,));~~

~~(vi)~~ (vi) On the liquidation, dissolution, or abandonment by the corporation, assets of the corporation may not inure directly or indirectly to the benefit of any member or individual except a nonprofit organization, association, or corporation which also would be entitled to the exemption;

~~((d))~~ (vii) The corporation must be duly licensed or certified when licensing or certification is required by law or regulation;

~~((e))~~ (viii) The amounts received that qualify for exemption must be used for the activities for which the exemption is granted;

~~((f))~~ (ix) Services must be available regardless of race, color, national origin, or ancestry; and

~~((g))~~ (x) The director of revenue ~~((shall))~~ must have access to its books in order to determine whether the corporation is exempt from taxes.

~~((2))~~ (b) The term "artistic or cultural exhibitions, presentations, or performances or cultural or art education programs" includes and is limited to:

~~((a))~~ (i) An exhibition or presentation of works of art or objects of cultural or historical significance, such as those commonly displayed in art or history museums;

~~((b))~~ (ii) A musical or dramatic performance or series of performances; or

~~((e))~~ (iii) An educational seminar or program, or series of such programs, offered by the organization to the general public on an artistic, cultural, or historical subject. ~~(("~~

~~Effective July 1, 1985, artistic or cultural organizations, as defined herein, are not subject to business and occupation tax upon amounts derived from conducting any business activities whatever. Formerly, a business and occupation tax deduction was available only for amounts received by such organizations from the United States and its instrumentalities or the state and local government entities (RCW 82.04.4322); certain manufacturing activities (RCW 82.04.4324); and~~

~~tuition fees for artistic or cultural education programs (RCW 82.04.4326). Under current law, however, the deduction is unrestricted and applies to all activities conducted by such qualifying organizations.)~~ (3) **Business and occupation tax deduction.** In computing tax under RCW 82.04.4327, an artistic or cultural organization may deduct the following from the measure of tax:

(a) All amounts received by the artistic or cultural organization; and

(b) The value of articles manufactured by the artistic or cultural organization solely for use by the organization in displaying art objects or presenting artistic or cultural exhibitions, performances, or programs for attendance or viewing by the general public.

(4) Retail sales tax.

(a) ~~Artistic or cultural organizations ((which make any)) that charge ((s)) for goods or services ((which are)) included in the definition of "retail sale" under RCW 82.04.050, must collect and report the retail sales tax ((thereon)). No sales tax exemption is available for sales by such organizations.~~

(b) ~~Such organizations are exempt ((ef)) from paying retail sales tax ((upon)) on their purchases of certain "objects" for the purpose of exhibition or presentation to the general public if the objects are:~~

~~((1)) (i) Objects of art;~~

~~((2)) (ii) Objects of cultural value;~~

~~((3)) (iii) Objects to be used in the creation of a work of art, other than tools; or~~

~~((4)) (iv) Objects to be used in displaying art objects or presenting artistic or cultural exhibitions or performances. (RCW 82.08.031)~~

(c) ~~The term "objects" ((is deemed to)) means items of tangible personal property. It does not include professional or commercial services rendered by third parties. Where ((, however,)) certain services are performed which are merely incidental to sales of tangible personal property, e.g., designing playbills or altering stage curtains which are then sold to qualifying organizations, the total charge ((therefore)) will be exempt.~~

(d) ~~Charges for materials, equipment, and services related to repair, maintenance, or replacement of buildings or structures are not exempt. Thus, e.g., theater seats, aisle carpeting, air conditioning systems, painting of interior or exterior of buildings, and the like are not tax exempt "objects."~~

~~((Under Washington law)) (e) Exempt sales include rentals of exempt objects. Examples of objects ((which may be purchased by)) that qualifying artistic or cultural organizations may purchase without payment of retail sales tax are:~~

~~((a)) (i) Tickets, programs, signs, posters, fliers, and playbills printed for particular displays or performances; scenery, costumes, stage ((,)) props, scrims, and materials for their construction;~~

~~((b)) (ii) Stage lights, filters, control panels, color medium, stage drapes, sets, set paint, gallery exhibition materials, risers, display platforms, and materials for their construction;~~

~~((c)) (iii) Sheet music, recordings, musical instruments and musical supplies for the staging of displays and performances;~~

~~((d)) (iv) Movie projectors, films, sound systems, video and sound equipment and supplies ((and)), computer hardware and standard, prewritten software directly used exclusively in the staging of performances or actual display of art objects.~~

(f) Examples of objects (~~(which may be purchased by)~~) that qualifying artistic or cultural organizations may purchase, (~~(upon)~~) on which the retail sales tax must be paid are:

~~((a))~~ (i) Supplies and equipment for clerical support, including bulk tickets for general use, stationery, typewriters, copy machines, and general office supplies;

~~((b))~~ (ii) Theater seats, lobby furniture, carpeting, vending machines, and general supplies for audience or patrons' convenience and use;

~~((c))~~ (iii) Shipping and packing materials, crates, boxes, dunnage, labels, tags, and container-related items for transfer or storage of exempt objects;

~~((d))~~ (iv) Sewing machines and other durable equipment used to prepare, repair, and maintain exempt objects (such items are deemed to be "tools," rather than exempt objects);

~~((e))~~ (v) Theater or building lighting and utility fixtures and systems, and computer hardware and software not directly and exclusively used in staging performances or actually displaying art objects.

(g) Qualified artistic and cultural organizations may obtain the tax exemptions by providing their suppliers with a written statement in essentially the following form:

I, (buyer's name), hereby confirm that the items purchased on (date of purchase), without payment of retail sales tax, from (seller's name) are all objects of art or cultural value or to be used in the creation of such objects or in displaying art objects or presenting artistic or cultural exhibitions or performances.

(signature of authorized purchaser)

for: (name of organization)

(registration no. of organization)

(h) Vendors who accept such certifications in good faith (~~(will be excused from the responsibility of collecting and remitting)~~) are not required to collect and remit sales tax on such sales.

(6) Use tax. Under RCW 82.12.031, the use tax does not apply to the use of any objects (~~(for the purposes explained earlier in this rule, and upon which the retail sales tax would be exempt if)~~) that would be exempt from sales tax had the objects (~~(were)~~) been purchased in this state. The use tax applies (~~(upon)~~) to all other items of tangible personal property (~~(used by)~~) that artistic or cultural organizations use upon which retail sales tax has not been paid.

PERMANENT RULES

STATE BOARD OF EDUCATION

[Filed December 10, 2020, 10:01 a.m., effective January 10, 2021]

Effective Date of Rule: Thirty-one days after filing.

Purpose: The state board of education (SBOE) has adopted amendments to chapters 180-51, 180-90, and 180-111 WAC to make changes as necessary to align rule to current policy or practice, correct references to law, implement recently passed legislation, improve readability of the rule, and make other changes identified during the review of the WAC chapter. SBOE is responding to emergent COVID-19 issues in the education system with clarifications on flexibility in chapter 180-51 WAC and with turning emergency rule making into permanent rule making on chapters 180-90 and 180-111 WAC. These rules clarify existing flexibilities and make emergency rule into permanent rule as necessary.

The changes to chapter 180-90 WAC allow private schools to use online-only education if state or local health requirements prevent in-person education or if the school deems it unsafe to open.

The changes to chapter 180-111 WAC put the emergency waiver program for graduation requirements and private school time requirements into permanent rule. The emergency waiver program was administered using emergency rule.

SBOE is also proposing clarifications to chapter 180-51 WAC to allow for flexibility in meeting graduation requirements so that local education agencies may use these flexibilities to respond to the emergency situation. The changes to chapter 180-51 WAC address the following:

- Flexibility for the Washington state history noncredit requirement.
- Clarification on districts' authority to provide mastery-based crediting opportunities.

Citation of Rules Affected by this Order: New WAC 180-111-010, 180-111-020, 180-111-030, 180-111-040, 180-111-050 and 180-51-051; and amending WAC 180-90-141, 180-90-160, 180-51-015, 180-51-050, 180-51-056, 180-51-067, 180-51-068, 180-51-095, and 180-51-210.

Statutory Authority for Adoption: Sections 10 through 12, chapter 7, Laws of 2020 (EHB 2965); RCW 28A.195.010, 28A.230.090, 28A.150.220(7).

Adopted under notice filed as WSR 20-15-151 on July 22, 2020.

Changes Other than Editing from Proposed to Adopted Version: Based on stakeholder feedback received during the public comment period, the board removed proposed amendments to chapter 180-51 WAC that were intended to clarify existing WAC that permits a single course to meet more than one graduation requirement.

NEW SECTION

WAC 180-51-051 Procedure for granting students mastery-based credit. (1) Definitions. The definitions in this section apply throughout this chapter.

(a) Per WAC 180-51-015, references to "district" within this section means a school district, a charter school established under chapter 28A.710 RCW, a tribal compact school operated according to the terms of state-tribal education compacts authorized under chapter 28A.715 RCW, and community and technical colleges per WAC 180-51-015.

(b) Per E2SHB 1599 (section 301, chapter 252, Laws of 2019), "mastery-based learning" means:

- (i) Students advance upon demonstrated mastery of content;
- (ii) Competencies include explicit, measurable, transferable learning objectives that empower students;
- (iii) Assessments are meaningful and a positive learning experience for students;
- (iv) Students receive rapid, differentiated support based on their individual learning needs; and
- (v) Learning outcomes emphasize competencies that include application and creation of knowledge along with the development of important skills and dispositions.

(2) Per WAC 180-51-050, a district may award credit to a student who demonstrates mastery on the state learning standards. If no state standard is available for a subject the district may award credit based on mastery of locally adopted standards.

(3) A district's written policy for awarding mastery-based credit must include:

(a) A provision that details how the district will ensure cultural responsiveness and equity in awarding of mastery-based credit. Each district shall maintain disaggregated student data and periodically review which subgroups of students are receiving mastery-based credit. If the district finds disproportionality among student groups receiving mastery-based credit, the district should be prepared to take appropriate actions to ensure equitable access to mastery-based credit opportunities.

(b) Which subjects or courses are eligible for mastery-based credit.

(c) Other methods allowable for a student to demonstrate proficiency and qualify for mastery credit, beyond what is established in subsection (4)(b) of this section for locally developed assessment options.

(4) Student demonstration of mastery: Student demonstration of mastery of the state's learning standards is not limited to standardized assessment results. Nothing in this section prohibits LEAs from developing additional methods to allow students to show proficiency and earn mastery-based credit, beyond what is included in this section. Districts who adopt a written policy for awarding mastery-based credit may make the following methods of earning mastery-based credit available to their students:

- (a) State assessments in English language arts, math, and science, in accordance with RCW 28A.655.070;
- (b) Local assessment options: Districts are encouraged to allow students to choose their assessment method from a variety of district-approved options. Additionally, districts may consider using standards-based grading for any local assessment approach to awarding credit. Local assessment options may include:
- (i) Locally created written or oral test;
 - (ii) Written report by the student;
 - (iii) Student-designed portfolio of work;
 - (iv) Student presentation or oral defense of their learning in the course;
 - (v) Hands-on demonstration of knowledge and skills; or
 - (vi) A combination of assessment approaches, as defined by the district.
- (c) Equivalency course of study: Students may receive credit for learning experiences outside of school that align to state learning standards, in accordance with WAC 392-410-300.
- (d) Successful completion of next higher-level course: Districts may award credit for a course when the student successfully completes the next higher-level course in a sequence that includes a natural progression of the state learning standards from the previous course. Districts shall use the state or locally determined learning standards as their guide when making decisions regarding what courses should qualify.
- (5) High school and beyond plan (HSBP): In accordance with WAC 180-51-220, a student's high school and beyond plan should reflect subject area requirements intended to be met, or that have been met, through mastery-based credit per WAC 180-51-220.

AMENDATORY SECTION (Amending WSR 20-01-101, filed 12/13/19, effective 1/13/20)

WAC 180-51-056 Previous requirements for high school graduation.

This section describes the statewide minimum credit and subject areas requirements for high school graduation for students who entered the ninth grade or began the equivalent of a four-year high school program prior to July 1, 2012 (the class of 2015 and previous classes). This section applies to students of the applicable graduation cohorts in high school completion programs at community and technical colleges.

(1) The minimum credit and subject area requirements, except as noted in subsections (2) and (3) of this section, are as follows:

(a) Three **English** credits (reading, writing, and communications) that at minimum align with grade level expectations for ninth and tenth grade, plus content that is determined by the district.

(b) Two **science** credits (physical, life, and earth) that at minimum align with grade level expectations for ninth and tenth grade, plus content that is determined by the district. At least one credit in laboratory science is required which shall be defined locally.

(c) Two and one-half **social studies** credits that at minimum align with the state's learning standards in civics, economics, geography, history, and social studies skills at grade ten and/or above plus content that is determined by the district. The social studies require-

ment shall consist of the following mandatory courses or equivalencies:

(i) One credit shall be required in United States history and government which shall include study of the Constitution of the United States.

(ii) Under the provisions of RCW 28A.230.170 and 28A.230.090, one-half credit shall be required in Washington state history and government which shall include study of the Constitution of the state of Washington and shall include information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state. If taken in seventh or eighth grade, this course may meet the state history and government graduation requirement. However, the course may only count as a high school credit if the academic level of the course exceeds the requirements for seventh and eighth grade classes or is equivalent to a course offered at a high school in the district as determined by the school district board of directors (RCW 28A.230.090). The study of the United States and Washington state Constitutions shall not be waived but may be fulfilled through an alternative learning experience approved locally under written district policy. Secondary school students who have completed and passed a state history and government course of study in another state, and students who transferred from another state as eleventh or twelfth grade students who have or will have earned two credits in social studies at graduation, may have the Washington state history and government requirement waived.

(iii) One credit shall be required in contemporary world history, geography, and problems. Courses in economics, sociology, civics, political science, international relations, or related courses with emphasis on current problems may be accepted as equivalencies.

(d) One-half credit of **health**.

(e) One and one-half credits of **physical education**. Students may be excused from the physical education requirement under RCW 28A.230.050. Such excused students shall be required to demonstrate proficiency/competency/mastery in the knowledge portion of the physical education requirement, in accordance with written district policy. Such policies that should be based upon meeting both health and physical education curricula concepts as well as alternative means of engaging in physical activities, as directed in RCW 28A.210.365.

(f) One **arts** credit that at minimum is aligned to learning standards.

(g) One credit in **career and technical education** or occupational education. Courses that meet this requirement include courses that are part of career and technical education programs, as defined in chapter 28A.700 RCW, or occupational education courses as identified by the district. "Occupational education" means credits resulting from a series of learning experiences designed to assist the student to acquire and demonstrate competency/mastery of skills under student learning goal four (RCW 28A.150.210) and are required for success in current and emerging occupations. At a minimum, these competencies shall align with the definition of an exploratory course as contained in the career and technical education program standards of the office of the superintendent of public instruction. Districts are encouraged to offer career and technical education programs, as defined in RCW 28A.700.010.

(i) An exception of the career and technical education requirement may be made for private schools as provided in WAC 180-90-160.

(ii) A student who earns credit through a career and technical education course determined by the district or by the office of the superintendent of public instruction to be equivalent to a noncareer and technical education course per RCW 28A.700.070, will not be required to pass a course in the noncareer and technical education subject to earn a credit in the noncareer and technical education subject. The single career and technical education course equivalency meets two graduation requirements, the career and technical education subject area graduation requirement and the noncareer and technical education subject area graduation requirement. The student therefore has an additional elective credit.

(h) Five and one-half credits of **electives**. Districts may replace these credits with local district requirements through written district policy.

(i) Each student shall have a **high school and beyond plan** for their high school experience, that informs course-taking and that is aligned with the student's postsecondary goals.

(2) For students who entered ninth grade prior to July 1, 2009 (graduating classes preceding the class of 2013), additional graduation requirements are as follows:

(a) The total minimum number of credits required for high school graduation is nineteen.

(b) Two mathematics credits that at minimum align with mathematics grade level expectations for ninth and tenth grade, plus content that is determined by the district.

(3) For students who entered ninth grade as of July 1, 2009, through June 30, 2012 (the class of 2013 through the class of 2015), additional graduation requirements are as follows:

(a) The total minimum number of credits required for high school graduation is twenty.

(b) Three mathematics credits that align with the high school mathematics standards as developed and revised by the office of the superintendent of public instruction and satisfy the requirements set forth below:

(i) Unless otherwise provided for in (b)(ii) of this subsection, the three mathematics credits required under this section must include:

- (A) Algebra 1 or integrated mathematics I;
- (B) Geometry or integrated mathematics II; and
- (C) Algebra 2 or integrated mathematics III.

(ii) A student may elect to pursue a third credit of high school-level mathematics, other than algebra 2 or integrated mathematics III, based on a career-oriented program of study identified in the student's high school and beyond plan that is currently being pursued by the student.

Districts are encouraged to offer career and technical education programs, as defined in RCW 28A.700.010.

(ii) An exception of the career and technical education requirement may be made for private schools as provided in WAC 180-90-160.

(iii) A student who earns credit through a career and technical education course determined by the district or by the office of the superintendent of public instruction to be equivalent to a noncareer and technical education core course (RCW 28A.700.070 and subsection (7) of this section), will not be required to pass a course in the noncareer and technical education subject to earn a credit in that subject. The student earns one credit while meeting two graduation requirements, a career and technical education requirement and the non-career and technical education subject requirement. The total number of credits required for graduation remain unchanged, and the student will need to earn an additional elective credit.

(h) One **arts** credit. The essential content in this subject area may be satisfied in dance, media arts, music, theater, and visual arts.

(5) Flexible credits are credits that may be waived under RCW 28A.230.090 and subsection (2) of this section. Districts may replace these credits with local district requirements through written district policy. Flexible credits include:

(a) One **arts** credit. The essential content in this subject area may be satisfied in dance, media arts, music, theater and visual arts. This credit may be replaced with a personalized pathway requirement as provided in subsection (1)(c) of this section.

(b) Two credits in **world languages**. These credits may be replaced with personalized pathway requirements as provided in subsection (1)(c) of this section. If the student has an educational goal of attaining a baccalaureate degree, the student shall be advised to earn at least two credits in the same world language. Students who earn a Seal of Biliteracy (RCW 28A.300.575) are considered to have met this requirement.

(c) Four credits of **electives**.

(6) Each student shall have a **high school and beyond plan** to guide his or her high school experience and prepare the student for postsecondary education, training, and career, as described in WAC 180-51-220.

(7) Career and technical education courses determined by the district or by the office of the superintendent of public instruction to be equivalent to a noncareer and technical education course in accordance with RCW 28A.700.070 can be taken for credit in place of that course. Equivalencies may be determined for any of the core credit graduation requirements of subsection (4) of this section.

(8) Students who complete and pass all required International Baccalaureate Diploma Programme courses are considered to have satisfied state subject and credit requirements for graduation from a public high school, subject to the provisions of RCW 28A.230.090, 28A.230.170, and chapter 28A.230 RCW.

(9) A student with an individualized education program (IEP) must be provided the opportunity to meet graduation requirements that align with the student's high school and beyond plan, pursuant to WAC 180-51-115.

Options for helping students meet credit requirements or waive credit requirements include, but are not limited to:

(a) Recommendations provided by the office of the superintendent of public instruction in its published guidance on supporting seniors during long-term school closures, as outlined in Bulletin Number 022-20 issued on March 20, 2020, and Bulletin Number 024-20 issued on March 23, 2020, and any related subsequent bulletins.

(b) Awarding or waiving of credits through existing authority of local education agencies and private schools:

(i) Local graduation requirements under WAC 180-51-020 may be waived at local discretion without approval of the state board of education.

(ii) Local education agencies and private schools that have implemented state credit requirements under WAC 180-51-068 (the twenty-four-credit graduation requirement framework) have the authority to award a two-credit waiver of flexible credits for individual student circumstances.

(iii) Students may be excused from physical education, provided they demonstrate competency/mastery in the knowledge portion of the required one and one-half credits, as articulated in WAC 180-51-056 (1)(e), 180-51-067(6), and 180-51-068(6).

(iv) Per WAC 180-51-056 (1)(c)(ii), 180-51-067 (4)(b), and 180-51-068 (4)(b)(i) and (ii), the noncredit requirement of Washington state history can be waived for students who either have completed a state history course in another state, or for eleventh or twelfth grade students who have not completed the course because of previous residence in another state.

(v) Credits may be awarded based on the student's demonstrated proficiency/competency of the state's learning standards under WAC 180-51-050.

(2) "Local education agency" means a school district, charter school established under chapter 28A.710 RCW, or tribal compact school operated according to the terms of state-tribal education compacts authorized under chapter 28A.715 RCW. References within this chapter to local education agency shall also apply to community and technical college colleges per WAC 180-51-015.

(3) "On track to graduate" means the individual student's earned credits and current or planned enrollment as of the gubernatorial declaration of emergency of February 29, 2020, would have been sufficient, as determined by the student's local education agency or private school, for the student to meet the applicable state minimum graduation requirements (as defined in WAC 180-51-056, 180-51-067, and 180-51-068) by the end of the 2019-20 school year as defined by RCW 28A.150.203.

WSR 21-01-085
PERMANENT RULES
DEPARTMENT OF ECOLOGY

[Order 19-04—Filed December 10, 2020, 2:49 p.m., effective January 10, 2021]

Effective Date of Rule: Thirty-one days after filing.

Purpose: The rule prohibits the use of hydrofluorocarbons (HFCs) and other substitutes in various products and equipment in the air conditioning and refrigeration, aerosol propellant, and foam end-use categories. This will occur in a phased approach, similar to rules adopted under EPA's Significant New Alternatives Policy (SNAP) program and HFC rules adopted or proposed for adoption by other states around the country.

The rule defines requirements for manufacturers, importers, and distributors of covered products and equipment to:

- Notify ecology about the use of HFCs and other prohibited substitutes.
- Disclose HFCs and other substitutes used in an on-product label or other designated format.

Ecology modified the prohibition date for the new and existing vending machine end-use category from January 1, 2020, to January 1, 2022.

Citation of Rules Affected by this Order: New WAC 173-443-010, 173-443-020, 173-443-030, 173-443-040, 173-443-050, 173-443-060, 173-443-070, 173-443-080, 173-443-090, 173-443-100, and 173-443-110.

Statutory Authority for Adoption: Chapter 70A.45 RCW, Limiting greenhouse gas emissions.

Other Authority: Chapter 70A.15 RCW, Washington Clean Air Act.

Adopted under notice filed as WSR 20-13-089 on June 16, 2020.

Changes Other than Editing from Proposed to Adopted Version: See the "concise explanatory statement" for more details.

Throughout Rule: We updated references to ecology RCW that were recodified to implement HB [SHB] 2246, which reorganized environmental health laws without making any substantive or policy changes.

WAC 173-443-030 Definitions and acronyms: We revised the following definitions in the foam end-use category to more closely align the definitions with industry terminology:

"Flexible polyurethane" means a nonrigid synthetic polyurethane foam including, but not limited to, that used in furniture, bedding, and chair cushions containing polymers of urethane radicals including, but not limited to, that used in furniture, bedding, chair cushions, and shoe soles.

"Foam blowing agent" means a product or substance that functions as a source of gas to generate bubbles or cells in the mixture during the formation of foam used to produce the product with a cellular structure formed via a foaming process in a variety of materials that undergo hardening or phase transition.

"Foam system" means a multipart liquid material product that expands when mixed to form a foam solid or flexible substance in which thin films of material separate pockets of gas.

"Integral skin polyurethane" means a synthetic self-skinning polyurethane foam containing polymers of urethane radicals including, but not limited to, that used in shoe soles and car steering wheels and dashboards.

"Rigid polyurethane appliance foam" means polyurethane insulation foam in domestic appliances used for insulation.

"Rigid polyurethane commercial refrigeration and sandwich panels" means polyurethane foam used to provide insulation ~~for use~~ in walls and doors, including that used for commercial refrigeration equipment, and used in doors, including garage doors.

"Rigid polyurethane high-pressure two-component spray foam" means a liquid polyurethane a foam system ~~product that is pressurized~~ 800-1600 psi during manufacture; sold in pressurized containers as two parts (i.e., A-side and B-side) in nonpressurized containers; and is field or factory blown and applied in situ using high-pressure proportioning pumps at 800 - 1600 psi ~~to propel the foam components~~, and an application gun to mix and dispense the chemical components ~~may use liquid blowing agents without an additional propellant~~.

"Rigid polyurethane low-pressure two-component spray foam" means a ~~foam product~~ liquid polyurethane foam system ~~that is pressurized to less than 250 psi during manufacture~~; sold in ~~pressurized containers~~ as two parts (i.e., A-side and B-side) in containers that are pressurized to less than 250 psi during manufacture of the system for application without pumps; and are typically applied in situ relying upon a liquid blowing agent and/or gaseous foam blowing agent that also serves as a propellant ~~so pumps typically are not needed~~.

"Rigid polyurethane marine flotation foam" means buoyancy or flotation polyurethane foam used in boat and ship manufacturing for both structural and flotation purposes.

"Rigid polyurethane one-component foam sealants" means a polyurethane foam generally packaged in aerosol cans that is applied in situ using a gaseous foam-blowing agent that is also the propellant for the aerosol formulation.

"Rigid polyurethane slabstock and other" means a rigid closed-cell polyurethane foam containing polymers of urethane radicals formed into slabstock insulation for panels and fabricated shapes for pipes and vessels.

We added a definition for the term "stationary" to address ambiguity in the definition of "refrigeration equipment."

"Stationary" means the system is (1) installed in a building, structure, or facility; or (2) attached to a foundation, or if not attached, will reside at the same location for more than twelve consecutive months; or (3) located intermittently at the same facility for at least two consecutive years and operates at that facility a total of at least 90 days each year.

We added a definition of "sufficient disclosure" to address ambiguity in the option of using another jurisdiction's label for refrigeration and foam end-uses.

"Sufficient disclosure" means providing the name of the substitute.

WAC 173-443-060 Prohibitions: Subsection (2): We added additional distribution methods in the sell-through provision to align with similar provisions in the HFC law and United States Climate Alliance model rule.

Products and equipment manufactured prior to the applicable effective date of a prohibition in WAC 173-443-040 may be sold, leased, rented, imported, exported, distributed, installed, ~~or used~~, or otherwise introduced into Washington commerce after the date of prohibition.

Subsection (2)(c): We expanded the sell-through provision from "spray foam systems" to "polyurethane foam systems."

Polyurethane Spray foam systems manufactured (blended) before an applicable prohibition date and not yet applied on site may be used after the prohibition date.

WAC 173-443-070 Product labeling and disclosure requirements:

Throughout section: We removed the qualifier "HFC" from all references to "HFC disclosure requirements of another jurisdiction."

Subsection (3) (a): We revised the order in which the two federal agencies appear.

For aerosol products regulated by the U.S. Consumer Product Safety Commission, the U.S. Food and Drug Administration excluding prescription drug products, ~~the U.S. Consumer Product Safety Commission~~, or products that are not covered by (b) of this subsection.

Subsection (4) and (5): We added the option of using another jurisdiction's label and clarified when it must be combined with online disclosure in subsections (4) (a) (iii) and (iv), (4) (c) (iv) and (v), and (5) (a) (iv) and (v).

A label required by another jurisdiction with sufficient HFC disclosure requirements; and online disclosure;

A label required by another jurisdiction that does not disclose the substitute; and online disclosure; or

(2) This chapter establishes requirements for the transition to less damaging HFCs or suitable substitutes in the air conditioning and refrigeration, aerosol propellant, and foam end-use categories in Washington in a manner similar to rules adopted under EPA's Significant New Alternative Policy (SNAP) program and HFC rules adopted or proposed for adoption by other states around the country (RCW 70A.45.080).

[]

NEW SECTION

WAC 173-443-020 Applicability. (1) The requirements of this chapter apply to any person who offers for sale, leases, rents, installs, or otherwise causes to enter into Washington commerce any product or equipment that contains, uses, or will use HFCs or other substitutes for an end-use listed in WAC 173-443-040.

(2) Labeling requirements.

(a) The labeling requirements in WAC 173-443-070 apply to manufacturers of products or equipment that contains, uses, or will use HFCs as of July 28, 2019, or to manufacturers that introduce such products or equipment into Washington commerce after that date.

(b) A manufacturer may apply the applicability determination in (a) of this subsection to separate divisions or similar segments of its business based on the end-use that products associated with each division or similar segmentation are intended to serve.

AMENDATORY SECTION (Amending WSR 16-14-106, filed 7/6/16, effective 8/6/16)

WAC 284-170-200 Network access—General standards. (1) An issuer must maintain each provider network for each health plan in a manner that is sufficient in numbers and types of providers and facilities to assure that, to the extent feasible based on the number and type of providers and facilities in the service area, all health plan services provided to enrollees will be accessible in a timely manner appropriate for the enrollee's condition. An issuer must demonstrate that for each health plan's defined service area, a comprehensive range of primary, specialty, institutional, and ancillary services are readily available without unreasonable delay to all enrollees and that emergency services are accessible twenty-four hours per day, seven days per week without unreasonable delay.

(2) Each enrollee must have adequate choice among health care providers, including those providers which must be included in the network under WAC 284-170-270, and for qualified health plans and qualified stand-alone dental plans, under WAC 284-170-310.

(3) An issuer's service area must not be created in a manner designed to discriminate or that results in discrimination against persons because of age, gender, gender identity, sexual orientation, disability, national origin, sex, family structure, ethnicity, race, health condition, employment status, or socioeconomic status.

(4) An issuer must establish sufficiency and adequacy of choice of providers based on the number and type of providers and facilities necessary within the service area for the plan to meet the access requirements set forth in this subchapter. Where an issuer establishes medical necessity or other prior authorization procedures, the issuer must ensure sufficient qualified staff is available to provide timely prior authorization decisions on an appropriate basis, without delays detrimental to the health of enrollees.

(5) In any case where the issuer has an absence of or an insufficient number or type of participating providers or facilities to provide a particular covered health care service, the issuer must ensure through referral by the primary care provider or otherwise that the enrollee obtains the covered service from a provider or facility within reasonable proximity of the enrollee at no greater cost to the enrollee than if the service were obtained from network providers and facilities. An issuer must satisfy this obligation even if an alternate access delivery request has been submitted and is pending commissioner approval.

An issuer may use facilities in neighboring service areas to satisfy a network access standard if one of the following types of facilities is not in the service area, or if the issuer can provide substantial evidence of good faith efforts on its part to contract with the facilities in the service area. Such evidence of good faith efforts to contract will include documentation about the efforts to contract but not the substantive contract terms offered by either the issuer or the facility. This applies to the following types of facilities:

- (a) Tertiary hospitals;
- (b) Pediatric community hospitals;
- (c) Specialty or limited hospitals, such as burn units, rehabilitative hospitals, orthopedic hospitals, and cancer care hospitals;
- (d) Neonatal intensive care units; and

(e) Facilities providing transplant services, including those that provide solid organ, bone marrow, and stem cell transplants.

(6) An issuer must establish and maintain adequate arrangements to ensure reasonable proximity of network providers and facilities to the business or personal residence of enrollees, and located so as to not result in unreasonable barriers to accessibility. Issuers must make reasonable efforts to include providers and facilities in networks in a manner that limits the amount of travel required to obtain covered benefits.

(7) A single case provider reimbursement agreement must be used only to address unique situations that typically occur out-of-network and out of service area, where an enrollee requires services that extend beyond stabilization or one time urgent care. Single case provider reimbursement agreements must not be used to fill holes or gaps in the network and do not support a determination of network access.

(8) An issuer must disclose to enrollees that limitations or restrictions on access to participating providers and facilities may arise from the health service referral and authorization practices of the issuer. A description of the health plan's referral and authorization practices, including information about how to contact customer service for guidance, must be set forth as an introduction or preamble to the provider directory for a health plan. In the alternative, the description of referral and authorization practices may be included in the summary of benefits and explanation of coverage for the health plan.

(9) To provide adequate choice to enrollees who are American Indians/Alaska Natives, each health issuer must maintain arrangements that ensure that American Indians/Alaska Natives who are enrollees have access to covered medical and behavioral health services provided by Indian health care providers.

Issuers must ensure that such enrollees may obtain covered medical and behavioral health services from ~~((the))~~ an Indian health care provider at no greater cost to the enrollee than if the service were obtained from network providers and facilities, even if the Indian health care provider is not a contracted provider. Issuers are not responsible for credentialing providers and facilities that are part of the Indian health system. Nothing in this subsection prohibits an issuer from limiting coverage to those health services that meet issuer standards for medical necessity, care management, and claims administration or from limiting payment to that amount payable if the health service were obtained from a network provider or facility.

(10) An issuer must have a demonstrable method and contracting strategy to ensure that contracting hospitals in a plan's service area have the capacity to serve the entire enrollee population based on normal utilization.

(11) At a minimum, an issuer's provider network must adequately provide for mental health and substance use disorder treatment, including behavioral health therapy. An issuer must include a sufficient number and type of mental health and substance use disorder treatment providers and facilities within a service area based on normal enrollee utilization patterns.

(a) Adequate networks must include crisis intervention and stabilization, psychiatric inpatient hospital services, including voluntary psychiatric inpatient services, and services from mental health providers.

(b) There must be mental health providers of sufficient number and type to provide diagnosis and medically necessary treatment of

conditions covered by the plan through providers acting within their scope of license and scope of competence established by education, training, and experience to diagnose and treat conditions found in the most recent version of the *Diagnostic and Statistical Manual of Mental Disorders* or other recognized diagnostic manual or standard.

~~((b))~~ (c) An issuer must establish a reasonable standard for the number and geographic distribution of mental health providers who can treat serious mental illness of an adult and serious emotional disturbances of a child, taking into account the various types of mental health practitioners acting within the scope of their licensure.

The issuer must measure the adequacy of the mental health network against this standard at least twice a year, and submit an action plan with the commissioner if the standard is not met.

~~((e))~~ (d) Emergency mental health services and substance use disorder services, including crisis intervention and crisis stabilization services, must be included in an issuer's provider network.

~~((d) An issuer must include a sufficient number and type of mental health and substance use disorder treatment providers and facilities within a service area based on normal utilization patterns.)~~

(e) An issuer's monitoring of network access and adequacy must be based on its classification of mental health and substance use disorder services to either primary or specialty care, ensuring that a sufficient number of providers of the required type are in its network to provide the services as classified. An issuer may use the classifications established in WAC 284-43-7020 for this element of its network assessment and monitoring.

(f) An issuer must ensure that an enrollee can identify information about mental health services and substance use disorder treatment including benefits, providers, coverage, and other relevant information by calling a customer service representative during normal business hours, by using the issuer's transparency tool developed pursuant to RCW 48.43.007 and by referring to the network provider directory.

(12) The provider network must include preventive and wellness services, including chronic disease management and smoking cessation services as defined in RCW 48.43.005(~~(+37))~~) and WAC 284-43-5640(9) and 284-43-5642(9). If these services are provided through a quit-line or help-line, the issuer must ensure that when follow-up services are medically necessary, the enrollee will have access to sufficient information to access those services within the service area. Contracts with quit-line or help-line services are subject to the same conditions and terms as other provider contracts under this section.

(13) For the essential health benefits category of ambulatory patient services, as defined in WAC 284-43-5640(1) and 284-43-5642(1), an issuer's network is adequate if:

(a) The issuer establishes a network that affords enrollee access to urgent appointments without prior authorization within forty-eight hours, or with prior authorization, within ninety-six hours of the referring provider's referral.

(b) For primary care providers the following must be demonstrated:

(i) The ratio of primary care providers to enrollees within the issuer's service area as a whole meets or exceeds the average ratio for Washington state for the prior plan year;

(ii) The network includes such numbers and distribution that eighty percent of enrollees within the service area are within thirty miles of a sufficient number of primary care providers in an urban

area and within sixty miles of a sufficient number of primary care providers in a rural area from either their residence or work; and

(iii) Enrollees have access to an appointment, for other than preventive services, with a primary care provider within ten business days of requesting one.

(c) For specialists:

(i) The issuer documents the distribution of specialists in the network for the service area in relation to the population distribution within the service area; and

(ii) The issuer establishes that when an enrollee is referred to a specialist, the enrollee has access to an appointment with such a specialist within fifteen business days for nonurgent services.

(d) For preventive care services, and periodic follow-up care including, but not limited to, standing referrals to specialists for chronic conditions, periodic office visits to monitor and treat pregnancy, cardiac or mental health conditions, and laboratory and radiological or imaging monitoring for recurrence of disease, the issuer permits scheduling such services in advance, consistent with professionally recognized standards of practice as determined by the treating licensed health care provider acting within the scope of his or her practice.

(14) The network access requirements in this subchapter apply to stand-alone dental plans offered through the exchange or where a stand-alone dental plan is offered outside of the exchange for the purpose of providing the essential health benefit category of pediatric oral benefits. All such stand-alone dental plans must ensure that all covered services to enrollees will be accessible in a timely manner appropriate for the enrollee's conditions.

(a) An issuer of such stand-alone dental plans must demonstrate that, for the dental plan's defined service area, all services required under WAC 284-43-5700(3) and 284-43-5702(4), as appropriate, are available to all enrollees without unreasonable delay.

(b) Dental networks for pediatric oral services must be sufficient for the enrollee population in the service area based on expected utilization.

(15) Issuers must meet all requirements of this subsection for all provider networks. An alternate access delivery request under WAC 284-170-210 may be proposed only if:

(a) There are sufficient numbers and types of providers or facilities in the service area to meet the standards under this subchapter but the issuer is unable to contract with sufficient providers or facilities to meet the network standards in this subchapter; or

(b) An issuer's provider network has been previously approved under this section, and a provider or facility type subsequently becomes unavailable within a health plan's service area; or

(c) A county has a population that is fifty thousand or fewer, and the county is the sole service area for the plan, and the issuer chooses to propose an alternative access delivery system for that county; or

(d) A qualified health plan issuer is unable to meet the standards for inclusion of essential community providers, as provided under WAC 284-170-310(3).

AMENDATORY SECTION (Amending WSR 16-14-106, filed 7/6/16, effective 8/6/16)

WAC 284-170-260 Provider directories. (1) (~~Provider directories must be updated at least monthly, and must be offered to accommodate individuals with limited English proficiency or disabilities.~~

~~An issuer must post the current provider directory for each health plan online, and must make a printed copy of the current directory available to an enrollee upon request as required under RCW 48.43.510 (1)(g).~~

~~(2) For each health plan, the associated provider directory must include the following information for each provider:~~

~~(a)) For each carrier that uses a provider network, the carrier must make information about that network available to the general public, prospective enrollees and enrollees, in the form of an easily accessible and searchable online provider directory.~~

Easily accessible for the purposes of this section means:

(a) The general public is able to view all of the current providers for each plan in the provider directory on the carrier's public website through a clearly identifiable link or tab and without creating or accessing an account or entering a policy number; and

(b) If a carrier maintains multiple provider networks, the carrier must post the current provider directory for each plan so the general public is able to easily discern which providers participate in which plans and which provider networks.

(2) Carriers must make a printed copy of the current provider directory available to an enrollee upon request as required under RCW 48.43.510 (1)(g). The printed directory must contain the carrier's telephone number, including a TTY/TTD number, and any other contact information to enable the enrollee to obtain information about providers in the health plan network.

(3) Printed and online provider directories must be made available to the general public, prospective enrollee's and enrollee's in a manner that accommodates individuals with limited-English proficiency or disabilities.

(4) Printed and online provider directories must be updated for accuracy at least monthly. To ensure accuracy:

(a) Each provider directory must include clear instructions about how a consumer or an enrollee can report inaccurate information in the provider directory to the carrier.

(b) Carriers must have an easily available method for providers to report changes to their provider directory information, in addition to any reports associated with initial or renewed credentialing used by the carrier.

(c) Carriers must investigate reported inaccuracies from providers and consumers, and if verified, correct inaccuracies as part of the carrier's monthly updates.

(d) Carriers must establish processes and procedures to confirm the accuracy of provider directory information, including processes and procedures to ensure that changes are made when inaccuracies are verified. Carriers must provide the processes and procedures and any associated records, including the provider directories, to the commissioner upon request for review.

(5) Printed and online provider directories must include the following information for each provider:

(a) The provider's location and telephone number;

(b) The specialty area or areas for which the provider is licensed to practice and included in the network;

~~((b))~~ (c) Any in-network institutional affiliation of the provider, such as hospitals where the provider has admitting privileges or provider groups with which a provider is a member;

~~((e))~~ (d) Whether the provider may be accessed without referral;

~~((d))~~ (e) Any languages, other than English, spoken by the provider;

(f) If a provider offers mental health or substance use disorder treatment services, identify in the directory that the provider is contracted to deliver mental health or substance use disorder treatment services.

~~((3) An issuer))~~ (6) A carrier must include in its ((electronic posting of a health plan's)) printed and online provider ((directory)) directories a notation of any primary care, chiropractor, women's health care provider, mental health provider, substance use disorder provider, or ((pediatrician)) pediatric provider whose practice is closed to new patients.

~~((4) If an issuer maintains more than one provider network, its posted provider directory or directories must make it reasonably clear to an enrollee which network applies to which health plan.~~

~~(6))~~ and specifically describe the services and how to access those services.

(8) Printed and online provider directories must include information about any available interpreter services, communication and language assistance services, and accessibility of the physical facility ((must be identified in the directory)), and the mechanism by which an enrollee may access such services.

~~((7) An issuer))~~ (9) Printed and online provider directories must include information about the network status of emergency providers as required by WAC 284-170-370.

NEW SECTION

WAC 284-170-285 Mental health and substance use disorder web page model format and required content. (1) Not later than July 1, 2021, carriers must establish and maintain a web page entitled "Important Mental Health and Substance Use Disorder Treatment Information" that complies with the requirements in this section. By July 1, 2021, carriers must prominently post the information in subsections (4), (5), (6), (7), and (8) of this section on their website so that a member may easily locate it.

(2) A member must be able to link to the web page from their portal landing page if the carrier provides members with a portal. If the carrier does not provide members with a personal electronic portal, the carrier must place a link to the web page that is visually prominent and easily located on the health plan's network information page.

(3) A carrier's transparency tool(s) must include the information required in this section to the extent that it is required by RCW 48.43.007(2).

(4) The web page must contain a section that explains what to do if an enrollee or their dependent is experiencing a mental health or substance use disorder emergency or crisis. This section must specifically include, but is not limited to, links and information for the National Suicide Prevention hotline, and identify resources for emergency or crisis intervention within an enrollee's service area and within Washington state that provide support and services for mental health or substance use disorder emergencies or crises. The content for this portion of the web page must emphasize the ways an enrollee or their personal representative can receive emergency or crisis services either from public health resources, private health resources or through the services offered by the carrier in nontechnical and consumer friendly language. This section must be above the fold and visually prominent on the mental health and substance use disorder web page.

(5) The web page must contain accurate information explaining the following information, based on the health plan network's access and adequacy standards for mental health and substance use disorder treatment and services:

(a) How an enrollee can find in-network mental health and substance use disorder treatment and services in their service area;

(b) What an enrollee may do if covered services are not available in their service area or the enrollee cannot obtain access to schedul-

ing an appointment from an in-network provider within ten business days for mental health and substance use disorder services covered as primary care and fifteen business days for those covered as specialty care; and

(c) A description of access to services based on the applicable time frames, such as the following: "If the enrollee seeks covered mental health and substance use disorder treatment services for which the enrollee needs a referral or is covered as specialty care, an appointment must be made available to the enrollee within fifteen days of requesting one. If the requested service does not require a referral or is not specialty care, the appointment must be made available within ten business days of making a request for an appointment. If an enrollee is unable to schedule an appointment within the applicable number of business days, the carrier must assist with scheduling an appointment."

(6) By June 30th of each year, the commissioner shall post a report identifying, by carrier, the number of consumer complaints, asserting an inability to access mental health or substance use disorder services within ten business days for primary care and fifteen business days for specialty care, that were submitted to the commissioner during the prior calendar year. A carrier's "Important Mental Health and Substance Use Disorder Treatment Information" web page must include a link to this report, and must update the link to the office of the insurance commissioner's web page on which the report is posted.

(7) If the commissioner has disciplined the carrier for violating the network standards set forth in this chapter or Title 48.43 RCW, with regard to mental health or substance use disorder treatment and services, the carrier must post a link to each order of enforcement or disciplinary action posted on the commissioner's website within thirty days of the commissioner posting the order on the office of the insurance commissioner's website. An order may be removed from the carrier's website three years after the issue date of the order or completion of the corrective action plan associated with the order, whichever is later.

Carriers may indicate when a corrective action plan associated with the order is completed and carriers may include an explanation of the actions it has taken to address the enforcement or disciplinary action.

(8) The web page must contain a section titled "How to File a Complaint with the Office of the Insurance Commissioner" and refer users to the OIC complaint form at <https://www.insurance.wa.gov/file-complaint-or-check-your-complaint-status.com> or the commissioner's toll-free insurance consumer hotline at 1-800-562-6900.

(9) The commissioner may review the web page for accuracy and conformance with the requirements of this section when an enrollee complaint is received about access to mental health or substance use disorder services, or at any time as the commissioner deems necessary to ensure the carrier is in compliance with the requirements of this chapter.

(10) Carriers may include its logo and identifying information on the web page.

AMENDATORY SECTION (Amending WSR 20-19-046, filed 9/10/20, effective 10/11/20)

WAC 172-121-100 Complaints. (1) Filing of complaints.

(a) Any person or the university may file a complaint against a student or student organization for violation of the student conduct code.

(b) A person wishing to file a complaint under the student conduct code must submit the complaint, in writing, to one of the following:

- (i) Student rights and responsibilities;
- (ii) Title IX coordinator; or
- (iii) The office of the dean of students.

(c) Filing a complaint under the student conduct code does not prohibit or limit a person's right to file complaints or charges with other civil and/or criminal authorities for violations of local, county, state, or federal law.

(d) All student conduct code complaints will be forwarded to the director of SRR for further review and action.

(e) In cases where the university is pursuing a student conduct case on its own behalf, an EWU employee shall initiate the complaint. For Title IX complaints, a complaint must either be filed by the person subject to the alleged misconduct or by the Title IX coordinator.

If a complaint is filed by the Title IX coordinator, the Title IX coordinator will not be considered a complainant for the purposes of participating in the investigation and hearing process.

(2) Complaint review. Upon receipt of a complaint, the director of SRR shall review the complaint to determine whether it includes allegations of sexual misconduct or interpersonal violence, may lead to suspension or expulsion and/or felony level criminal conduct to determine which student conduct process applies and if appropriate law enforcement or other authorities should be notified. If a complaint falls within such categories, it shall be referred to a hearing under WAC 172-121-122.

(3) Sexual misconduct and interpersonal violence proceedings. Except where specifically stated, this section applies to all allegations the university receives of sexual misconduct or interpersonal violence regardless of the possible level of sanction or whether there is a formal Title IX complaint.

(a) Report to Title IX coordinator. The director of SRR shall report all complaints which may constitute any form of sexual misconduct or interpersonal violence to the university Title IX coordinator within twenty-four hours.

(b) Title IX complaints. The Title IX coordinator will determine whether or not the allegation of sexual misconduct or interpersonal violence constitutes a Title IX complaint under this code. Solely in cases of Title IX complaints, the university will not move forward with initiating a Title IX investigation or student conduct hearing unless SRR has received a formal complaint from the person alleged to have been subjected to sexual misconduct or interpersonal violence or a complaint from the Title IX coordinator requesting initiation of the student conduct process.

~~((If the alleged behaviors identified in a Title IX complaint would not constitute sexual misconduct or interpersonal violence as defined in this code, even if substantiated by a preponderance of the evidence, or if they meet the definition of a Title IX complaint, the university will dismiss the Title IX complaint. Dismissal decisions may be appealed as identified in WAC 172-121-100(6).))~~ The Title IX coordinator is responsible for determining whether or not the allegations constitute a formal Title IX complaint. If allegations do not meet the definition of a Title IX complaint, the Title IX coordinator will inform the complainant and the respondent that the complaint is not considered a Title IX complaint and the reasons it does not fit within the required elements of a formal Title IX complaint. If the complainant or respondent disagrees with the Title IX coordinator's decision, the party may file an appeal with the dean of students within three calendar days of the Title IX coordinator's decision. The dean of students can affirm, reverse, or remand the Title IX coordinator's decision and such decision must be communicated in writing simultaneously to the parties.

SRR may proceed, however, with pursuing a student conduct case against the respondent for misconduct outside of Title IX including, but not limited to, sexual misconduct or interpersonal violence that does not fit the definition of a Title IX complaint.

(c) Prompt resolution. The university shall investigate any complaint alleging sexual misconduct or interpersonal violence when it is legally required to do so. The university's goal is to have complaints of sexual misconduct or interpersonal violence resolved within ninety days. If the university needs additional time, the investigator or director of SRR should provide written notice to the complainant and re-

spondent of the delay and the reasons for the delay. Delays and extensions beyond the ninety days must be based on good cause.

(d) Investigations. The university will investigate all sexual misconduct and interpersonal violence allegations, including Title IX complaints, and may, at its discretion, ask for an investigation of other alleged misconduct. During the investigation, the investigator is responsible for gathering evidence relating to the complaint. The investigator will contact the complainant, respondent, and other witnesses to ask questions and gather relevant evidence. Parties may be assisted by an advisor during the investigative process. During the investigation, parties will be provided with an equal opportunity to identify witnesses and other evidence that supports their position. Prior to any investigatory interview regarding a Title IX complaint, the investigator will provide written notice of the meeting with the date, time, location, participants, and purpose with sufficient time for the person to prepare to participate in the interview.

Prior to the completion of the investigative report for a Title IX complaint, the investigator will send to each party the evidence obtained during the investigation that is directly related to the allegations raised, including the evidence upon which the university does not intend to rely in reaching a determination regarding responsibility and inculpatory and exculpatory evidence. Each party will then have at least ten calendar days to submit a written response for a Title IX complaint. The investigator will consider the written response prior to the completion of the investigative report. At the conclusion of the investigation, the investigator will prepare a final written report that fairly summarizes the relevant evidence. The investigative report, along with any evidence collected during the investigation, shall then be transmitted to the director of SRR at least ten days prior to any hearing or other determination of responsibility. In cases of sexual misconduct or interpersonal violence, a copy of the report must also be provided to the parties for their review and written response.

(e) Confidentiality. To facilitate the investigative process and protect the privacy of those involved, all information will be maintained in a confidential manner to the fullest extent permissible by law. During an investigation, complaint information will be disseminated on a need-to-know basis. If the complainant wishes to remain anonymous, the university will take all reasonable steps to investigate the allegation without disclosing the name of the complainant to the extent allowed by state and federal law. If the complainant wishes to remain anonymous, the university shall inform them that its ability to investigate and respond to the allegation will be limited. The university cannot ensure confidentiality, as its legal obligations under federal or state law may require investigation of the allegation and possible disclosure of the complainant's name. Reports of crimes to the campus community shall not include the names of the complainants. Files subject to public disclosure will be released to the extent required by law.

(f) Right to file a criminal report. Once the university is notified of an allegation of sexual misconduct or interpersonal violence, it will notify the potential complainant of their right to file a criminal complaint with campus or local law enforcement. If the complainant in such circumstances wishes to report the conduct to local law enforcement, the university will assist them in doing so. The university will also notify the complainant that he or she is not required to file a report with local law enforcement. The university

will report allegations of sexual misconduct or interpersonal violence to law enforcement or other authorities when it is required to do so under federal, state, and local law.

(4) Supportive measures and interim restrictions. During the complaint review, the director of SRR or Title IX coordinator will review whether any supportive measures or interim restrictions are needed. Supportive measures and interim restrictions are addressed in WAC 172-121-140.

(5) SRR will follow up with the parties as described below.

(a) The director of SRR will contact the respondent, and the complainant in cases of sexual misconduct or interpersonal violence, and provide them with the following information:

(i) The respondent's and complainant's rights under the student conduct code;

(ii) A summary of the allegations the complainant has against the respondent;

(iii) The potential conduct code violations related to the allegations; and

(iv) How to report any subsequent problems or retaliation, including intimidation, threats, coercion, or discrimination.

(b) In all cases alleging sexual misconduct or interpersonal violence, the director of SRR will, in addition to the information specified under (a) of this subsection, provide both parties with written information that will include, at a minimum:

(i) The student's rights and options, including options to avoid contact with the other party; a list of available university and community resources for counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other academic and housing services at the university and in the community; and options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures;

(ii) The importance of preserving evidence of the alleged incident and procedures to follow to preserve evidence of the alleged incident;

(iii) Who will receive a report of the allegation;

(iv) Their right to file or not file a criminal complaint as detailed above and the ability to be assisted by campus authorities in notifying law enforcement authorities if the complainant wishes to do so;

(v) A list of resources for obtaining protective, no contact, restraining, or similar orders, if applicable;

(vi) The procedures the university will follow when determining if discipline is appropriate;

(vii) Steps the university will take to ensure confidentiality of complainants and other necessary parties and the limits this may place on the university's ability to investigate and respond, as set forth above; and

(viii) Information regarding the university's policy against retaliation, steps the university will take to prevent and respond to any retaliation, and how the student should report retaliation or new incidents.

(6) Following the complaint review, the director of SRR will either dismiss the matter or arrange a prehearing conference.

(a) Dismiss the matter. If the director of SRR determines the allegations, even if true, would not rise to the level of a conduct violation, he/she may dismiss the matter. In such cases, the director of

SRR will prepare a written record of the dismissal. The director of SRR will also notify the complainant of their decision, if such notification is permissible under FERPA. The dismissal letter, along with the original complaint and any other related documents, will be maintained as described in WAC 172-121-080. In cases of sexual misconduct or interpersonal violence or for a Title IX complaint, the complainant may request a review of the dismissal by the dean of students by filing a request for review with the director of SRR within seven business days of receiving notice of the dismissal.

(b) Prehearing conference. If the director of SRR does not dismiss the matter he/she will arrange a prehearing conference as described in WAC 172-121-110.

AMENDATORY SECTION (Amending WSR 20-19-046, filed 9/10/20, effective 10/11/20)

WAC 172-121-105 Conduct review proceedings. (1) General provisions:

(a) Conduct review proceedings in which the allegations do not involve a Title IX complaint, felony level crimes, or the potential sanction is less than suspension or expulsion, are brief hearings in accordance with WAC 172-108-050(3). Conduct review proceedings in which the allegations involve a Title IX complaint, felony level crimes, or the potential sanction is suspension or expulsion, are considered full hearings under the Administrative Procedure Act.

(b) Nonjudicial proceedings: Formal rules of process, procedure, and/or technical rules, such as are applied in criminal or civil courts, do not apply in student conduct code proceedings. All Title IX complaints shall follow the regulations prescribed under 34 C.F.R. Part 106.

(2) Notification for student organizations: When a charge is directed towards a student organization, the CRO will communicate all matters relative to conduct review proceedings with the president of the organization or their designee.

(3) Advisors: The complainant and the respondent may be assisted by one advisor of their choice, subject to the following provisions:

(a) Any fees or expenses associated with the services of an advisor are the responsibility of the complainant or the respondent that employed the advisor;

(b) The advisor may be an attorney or any other person of the student's choosing;

(c) The advisor must provide the CRO with a FERPA release signed by the student they are assisting;

(d) If a complainant or the respondent is represented by an attorney, the attorney shall provide the CRO and other parties with the

attorney's name, address, telephone number, and email address. The attorney must file a notice of appearance when hired to represent a person and a notice of withdrawal upon withdrawal of representation. A notice of appearance must be filed at least two business days prior to any conduct review proceeding;

(e) If a complainant or respondent wishes to have an advisor for a Title IX complaint and is not able to identify one, the student may contact SRR for assistance in finding an advisor;

(f) In addition to an advisor, a complainant or respondent may bring a certified therapy animal with a handler for the hearing. The handler is not allowed to participate in the hearing process.

(4) Review of evidence:

(a) In brief hearings, the respondent, and, in cases of sexual misconduct or interpersonal violence, the complainant may request to view material related to their case prior to a scheduled hearing by contacting the CRO. To facilitate this process, the party should contact the CRO as early as possible prior to the scheduled hearing. The CRO shall make a reasonable effort to support the request to the extent allowable by state and federal law.

(b) In full hearings, the respondent, and, in cases of sexual misconduct or interpersonal violence, the complainant may request to view material related to the case prior to the scheduled hearing by contacting the director of SRR. The director of SRR shall make a reasonable effort to support the request to the extent allowable by state and federal law.

(5) Continuances: Continuances, extensions of time, and adjournments may be ordered by the CRO. A party may file a timely request for a continuance if the party shows good cause for the continuance. A request for a continuance may be oral or written. Before granting a motion for a continuance, the CRO shall allow any other party to object to the request. The CRO will make a decision on the request and will communicate his/her decision in writing to the parties along with the reasons for granting or denying the request.

AMENDATORY SECTION (Amending WSR 20-19-046, filed 9/10/20, effective 10/11/20)

WAC 172-121-122 Full hearing procedures. (1) Scheduling and notification. Full hearings are used for allegations which, if substantiated by a preponderance of the evidence, could be a felony-level crime, involve a Title IX complaint, or could result in a sanction of suspension or expulsion. Following provision of the notice of allegations to the respondent, as set forth in WAC 172-121-110, the SRR office shall arrange for a prehearing conference.

(2) General provisions.

(a) Hearing authority: The CRO exercises control over hearing proceedings. All procedural questions are subject to the final decision of the CRO. The CRO chairs the disciplinary council.

(b) Closed hearings: All conduct review hearings will be closed. Admission of any person to a conduct review hearing shall be at the discretion of the CRO.

(c) Consolidation of hearings: In the event that one or more students are charged with the same misconduct arising from the same occurrence, the council may conduct separate hearings for each student or consolidate the hearings as practical, as long as consolidation does not impinge on the rights of any student.

(3) Appearance.

(a) Failure to appear: In cases where proper notice has been given but the respondent fails to attend a conduct review hearing, the council shall decide the case based on the information available, without the respondent's input. The council may not make an inference about the determination regarding responsibility based solely on a party's or witness's failure to appear at the hearing. However, nonappearance by a party may impact the evidence available for the council to make a decision.

(b) Appearance: The parties will be provided options for reasonable alternative arrangements if they do not wish to be present in the same room as the other student during the hearing. The parties may appear at the conduct review hearing in person via a method that allows the council to hear the parties and physically observe them while testifying, subject to the limits set forth below in (e) of this subsection. If a party does not appear at the hearing, the council will decide the case based on the information available. Solely for Title IX complaints, if a party or witness does not appear at the hearing and submit to cross-examination, the council must not rely on any statement of that party or witness in reaching a determination regarding responsibility; additionally, the council cannot draw an inference regarding responsibility based on the failure to appear or refusal to answer cross-examination or other questions.

(c) Advisors: The complainant and the respondent may be assisted by one advisor during conduct review hearings as described in WAC 172-121-105. For Title IX complaints, the university will provide an advisor to a party upon request for the purposes of conducting cross-examination.

(d) Disruption of proceedings: Any person, including the respondent or advisor, who disrupts a hearing, may be excluded from the proceedings.

(e) Remote appearance. In the interest of fairness and expedience, the CRO may permit any person to appear by a method that allows the person to be seen and heard by the council.

(4) Standard of evidence. The council shall determine whether the respondent violated the student conduct code, as charged, based on a preponderance of the evidence. A preponderance means, based on the evidence admitted, whether it is more probable than not that the respondent violated the student conduct code.

(5) Prehearing conference. The SRR office or designee will arrange for a prehearing conference with the parties to advise them about the student conduct process. During the prehearing conference, the SRR office or designee will:

(a) Review the written list of allegations;

(b) Inform the respondent who is bringing the complaint against them;

- (c) Provide the respondent and complainant with a copy of the student conduct code and any other relevant university policies;
 - (d) Explain the respondent's and complainant's rights and responsibilities under the student code;
 - (e) Explain the conduct review procedures;
 - (f) Explain possible penalties under the student conduct code;
 - (g) Schedule a date for the full hearing; and
 - (h) Address any preliminary matters or motions.
- (6) Notice of hearing. Following the prehearing conference, the director shall schedule the hearing and notify the respondent and complainant of the date, time, location, participants, and purpose of the hearing. The notices will include information about how to request accommodations or interpreters for any parties or witnesses. Any request for the presence of an emotional support animal or any other accommodation must be directed to disability support services and approved as a reasonable accommodation in advance of the hearing. A person may bring a certified therapy animal with a handler to a hearing. The notice of hearing must be served on the respondent and complainant at least seven business days prior to the hearing. The director may coordinate with the parties to facilitate scheduling, but is not required to do so.
- (7) Evidence.
- (a) Evidence: Pertinent records, exhibits and written statements may be accepted as information for consideration by the council in accordance with RCW 34.05.452. Any investigation conducted by the university will be admitted into evidence as long as the investigator testifies at the hearing. Evidence, including hearsay evidence, is admissible if in the judgment of the CRO it is the kind of evidence on which reasonably prudent persons are accustomed to rely in the conduct of their affairs; however, solely for Title IX complaints, statements obtained from a person who does not testify at the hearing shall not be considered by the council. The CRO shall exclude evidence that is excludable on constitutional or statutory grounds or on the basis of evidentiary privilege recognized by Washington courts. The CRO may exclude irrelevant material. If not inconsistent with this section, the CRO shall refer to the Washington rules of evidence as guidelines for evidentiary rulings. For Title IX complaints, prior to allowing a question to be answered during cross-examination, the CRO must determine that the question is relevant, and, if excluded, the CRO must explain on the record the reason for the exclusion.
- (b) The respondent and complainant have the right to view all material presented during the course of the hearing, except a respondent's previous disciplinary history which shall be used solely for the purpose of determining the appropriate sanction.
- (c) All testimony of parties and witnesses shall be made under oath or affirmation. Any interpreter shall be proscribed the oath set forth in WAC 10-08-160.
- (d) Documentary evidence may be received in the form of copies or excerpts, or by incorporation by reference.
- (e) Official notice may be taken of (i) any easily verifiable facts such as dates or weather conditions, (ii) technical or scientific facts within EWU's specialized knowledge, such as enrollment status or class schedules, and (iii) codes or standards that have been adopted by an agency of the United States, of this state or of another state, or by a nationally recognized organization or association. Parties shall be notified either before or during hearing, or by reference in preliminary reports or otherwise, of the material so noticed

and the sources thereof, including any staff memoranda and data, and they shall be afforded an opportunity to contest the facts and material so noticed. A party proposing that official notice be taken may be required to produce a copy of the material to be noticed.

(f) All rulings upon objections to the admissibility of evidence shall be made in accordance with the provisions of RCW 34.05.452, except for the additional restrictions on the admission of evidence required by Title IX.

(8) Discovery. Discovery is not permitted under the code, except for requests for documentary information from the university. Either party may request the university to produce relevant documents in the university's possession as long as such request is submitted at least five business days prior to the hearing, absent extenuating circumstances. If the CRO determines the request is not relevant to the present allegation, the CRO may deny the request. The university will provide the requested information prior to the hearing to the extent permitted by state and federal law.

(9) Subpoenas.

(a) Subpoenas (~~((shall be issued and enforced, and witness fees paid, as provided in RCW 34.05.446 and 5.56.010.~~

~~-(b)-)) may be issued by the presiding officer or an attorney consistent with RCW 34.05.446. However, for the protection of both parties, a party cannot subpoena the other party. A party may request an exemption from this rule by filing a written request with the presiding officer at least ten days prior to the hearing. The presiding officer will provide a copy of the request to the other party and give them three days to respond. The presiding officer will then decide whether or not sufficient cause exists to grant an exemption to this rule and will inform the parties of the decision. Any subpoena issued must conform to EWU's subpoena form. Every subpoena shall identify the party causing issuance of the subpoena and shall state EWU's name and the title of the proceeding and shall ~~((command))~~ direct the person to whom it is directed to attend and give testimony or produce designated books, documents, or things under his or her control.~~

~~-(i)-)) A subpoena to a person to provide testimony at a hearing shall specify the time and place set for hearing.~~

~~-(ii)-) A subpoena duces tecum requesting a person to produce designated books, documents, or things under his or her control shall specify a time and place for producing the books, documents, or things. That time and place may be the time and place set for the hearing, or another reasonably convenient time and place in advance of the hearing.~~

~~-(e)-) (b) A subpoena may be served by any suitable person over eighteen years of age, by exhibiting and reading it to the witness, or by giving him or her a copy thereof, or by leaving such copy at the place of his or her abode. When service is made by any other person than an officer authorized to serve process, proof of service shall be made by affidavit or declaration under penalty of perjury.~~

~~-(d)-) (c) The CRO, upon motion by a party or at his or her own discretion, may ~~-(i)-) quash or modify the subpoena if it is unreasonable ((and)) or oppressive ((or (ii) condition denial of the motion upon advancement by the person in whose behalf the subpoena is issued of the reasonable cost of producing the books, papers, documents, or tangible things))~~. Subpoenas may not be used to threaten or intimidate parties or witnesses.~~

(10) Summary judgment. A motion for summary judgment may be granted and an order issued if the written record shows that there is no

genuine issue as to any material fact and that the moving party is entitled to judgment as a matter of law. A motion for summary judgment is not permitted for Title IX complaints.

(11) Witnesses.

(a) The complainant, respondent, and the university's presenter may call witnesses at full hearings.

(b) The person who wishes to call a witness is responsible for ensuring that the witness is available and present at the time of the hearing. An attorney may subpoena a witness to appear at the hearing. Nonattorneys may request the CRO to subpoena witnesses in accordance with subsection (4) of this section. The CRO has the discretion to deny a request to issue a subpoena or to quash a subpoena issued by an attorney if the subpoena is unreasonable, oppressive, or does not conform to EWU's subpoena form.

(c) The CRO may exclude witnesses from the hearing room when they are not testifying. The CRO is not required to take the testimony of all witnesses called by the parties if such testimony may be irrelevant. For Title IX complaints, any decision to exclude a witness shall be explained on the record.

(d) All parties have the right to hear all testimony provided by witnesses during the hearing.

(e) The parties should inform the CRO of any possible need for an interpreter or any accommodation requests at least five business days prior to the hearing. The CRO will comply with WAC 10-08-150.

(12) Questioning:

(a) The complainant's advisor, the respondent's advisor, and the university's presenter may ask questions of any witness, or party, including cross-examination questions. For cases that do not involve Title IX complaints, if the student does not have an advisor, the complainant and respondent may submit questions in writing to the CRO and the CRO may ask the questions. For Title IX complaints, if a party does not have an advisor, the university will provide the party with an advisor aligned with that party for the purposes of conducting cross-examination as long as the party requests such an advisor at least five business days in advance of the hearing. The CRO may also ask questions, but is not required to do so. The CRO may preclude any questions which they consider irrelevant, and for Title IX cases such decision must be explained on the record. The CRO must exclude and the council shall not consider any questions or evidence pertaining to the complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The CRO will explain to the parties the reason for rejecting any questions and will maintain a record of the questions submitted and rulings made.

(b) The council may ask their own questions of any witness or party called before them.

(13) Remote appearance. The CRO may accommodate concerns for personal safety, well-being, or fears of confrontation of any person appearing at the hearing by providing separate facilities, or by permitting participation by video conferencing, or other means that allows the council and parties to see and hear the party answering questions, as determined appropriate, subject to subsection (3) (b) of this section.

(14) Deliberations and sanctions. Following the hearing, the council will determine in closed session whether, by a preponderance of the evidence, the respondent violated the student conduct code based on the evidence presented at the hearing. If a student fails to appear, the council shall make a decision based on the information available. If the council determines the respondent violated the student conduct code, the CRO shall then decide what sanctions and remedies shall be imposed. The CRO may review the respondent's previous disciplinary history solely for purposes of determining the appropriate sanction. In addition to sanctions under this code, if the student is also an employee of the university, the CRO's decision may be forwarded to the student's supervisor to determine whether any employment actions outside of this code should be taken in accordance with university policy.

The council shall issue a decision including their findings, conclusions, and rationale. The decision shall address credibility issues if credibility or witness demeanor was a substantial factor in the council's decision. Credibility determinations may not be based on a person's status as a complainant, respondent, or witness. The findings shall be based exclusively on the evidence provided at the hearing. If the council finds the respondent violated the code, the CRO shall add the decision regarding sanctions and remedies to the council's decision. Such decisions should be issued within ten business days from the date of the hearing. The written decision shall also:

- (a) Be correctly captioned identifying EWU and the name of the proceeding;
- (b) Designate all parties and representatives participating in the proceeding;
- (c) Identify the allegations at issue;
- (d) A description of the procedural steps taken, including notifications to the parties, interviews with the parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- (e) Contain appropriate numbered findings of fact meeting the requirements in RCW 34.05.461;
- (f) Contain appropriately numbered conclusions regarding the application of university policies and this code to the facts;
- (g) A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions imposed, and if any remedies are necessary to provide to the complainant in a Title IX complaint to restore or preserve equal access to the university's educational programs or activities;
- (h) Contain a statement describing rights to appeal and the procedures for appealing.

(15) Finality. The council's and CRO's decision becomes final at either the conclusion or the appeal process under this code, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be timely.

(16) Notification to the respondent. The CRO shall serve the respondent with a copy of the decision and notice of the right to appeal.

(17) Notification to the complainant. In cases of sexual misconduct or interpersonal violence, simultaneous with notification of the decision to the respondent, the complainant shall be provided with written notice of:

- (a) The university's determination as to whether sexual misconduct or interpersonal violence occurred;
- (b) The complainant's right to appeal;

(c) Any change to the results that occurs prior to the time that such results become final and when such results become final (20 U.S.C. 1092(f));

(d) Information regarding the discipline of the respondent will not be released unless:

(i) The information contained in the record directly relates to the complainant, such as an order requiring the student harasser to not contact the complainant; or

(ii) The misconduct involves a crime of violence or a sexual assault, including rape, dating violence, domestic violence or stalking as defined in 42 U.S.C. Sec. 13925(a).

(e) Any remedies provided to the complainant. For Title IX complaints, the complainant shall receive a copy of the decision provided to the respondent under subsection (14) of this section.

(18) **Notification to Title IX coordinator.** For Title IX complaints, the Title IX coordinator must be provided with notice of the decision as the Title IX coordinator is responsible for effective implementation of any remedies.

AMENDATORY SECTION (Amending WSR 20-19-046, filed 9/10/20, effective 10/11/20)

WAC 172-121-140 Supportive measures and interim restrictions.

(1) Supportive measures. During the complaint review, the director of SRR, Title IX coordinator, or designee will evaluate the circumstances and determine if any supportive measures to assist or protect the parties during the conduct code process are needed. For sexual misconduct and interpersonal violence cases, supportive measures are available before or after the filing of a complaint or where no formal complaint is filed. Supportive measures are provided to students free of charge and may include, but are not limited to, safety planning with the university, mutual restrictions on contact between the parties, academic or workplace modifications, providing counseling for the complainant and/or respondent, or campus housing modifications (~~(, and/or an interim restriction for the respondent)~~). The purpose of a supportive measure is to provide an equitable process for both students that minimizes the possibility of a hostile environment on campus. For Title IX complaints, supportive measures are designed to restore or preserve equal access to the university's educational programs or activities without unreasonably burdening either party, including protecting the safety of all parties and the university's educational environment, or deterring sexual harassment. Supportive measures in cases of sexual misconduct and interpersonal violence are coordinated by the Title IX coordinator or designee.

(2) Interim restrictions. For Title IX complaints, in situations where there is cause to believe that a student or a student organization poses an immediate threat to the physical health or safety of any student or other individual, including themselves, the Title IX coordinator or designee will coordinate with the university's law enforcement and campus security to develop and implement interim restrictions.

dinator in conjunction with the director of SRR may take immediate action(s) against the student or student organization after conducting an individualized safety and risk analysis without prior notice or hearing.

Simultaneous with such action(s), the director of SRR will refer the allegations to the conduct review officer, who will process such allegations in accordance with the provisions of this student conduct code.

For all non-Title IX cases, the director may take immediate action(s) against the student or student organization after conducting an individualized safety and risk analysis without prior notice or hearing. Simultaneously, the director shall refer the allegations to the conduct review officer. For non-Title IX cases, interim restriction is subject to the following:

(a) Interim restriction actions may only be imposed in the following situations:

(i) When a student or student organization poses an immediate threat to:

(A) The physical health or safety of any student or any other individual;

(B) The student's own physical safety and well-being; or

(C) Any property of the university community; or

(ii) When it is believed that the student's or student organization's continued attendance or presence may cause disorder, substantially interfere with or impede the lawful activities of others, or imperil the physical or mental health and safety of members of the university community.

(b) During the interim restriction period, a student may be restricted by any or all of the following means:

(i) Denial of access including, but not limited to: Assignment to alternate university housing or removal from university housing, limitation of access to university facilities, or restriction of communication with specific individuals or groups;

(ii) Interim suspension, including temporary total removal from the university or restriction of access to campus. For Title IX complaints, a student may only be placed on interim suspension if, after conducting an individualized safety and risk analysis, the director determines the person poses an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual misconduct or interpersonal violence;

(iii) Mandatory medical/psychological assessment of the student's capability to remain in the university.

(3) The director of SRR will determine what restriction(s) will be placed on a student.

(4) The director of SRR will prepare a brief memorandum for record containing the reasons for the interim restriction. The director will serve the memorandum on the restricted student and notify all other persons or offices bound by it. At a minimum, the memorandum will state:

(a) The alleged act(s) or behavior(s) of the student or student organization which prompted the interim restriction;

(b) How those alleged act(s) or behavior(s) could constitute a violation of the student conduct code;

(c) How the circumstances of the case necessitated the interim restriction action(s); and

(d) An explanation of the process for emergency appeal reviews.

(5) Notice to complainant. In cases alleging sexual misconduct or interpersonal violence, the complainant will be provided with notice of any interim restrictions that relate directly to the complainant. If the respondent appeals such interim restrictions, the complainant will be given notice of the respondent's appeal and an opportunity to submit a statement within five business days of the notice as to why the interim restriction should or should not be modified.

(6) Emergency appeal review.

(a) If a student has been suspended on an interim basis, the student will automatically receive an emergency appeal review with the vice president for student affairs, or designee. If the interim restriction is something less than a suspension, the student or student organization subject to the interim restriction must file a written appeal with the vice president for student affairs within five business days after service of the interim restriction. In all cases, the student must submit any information the student wishes the vice president to consider submitted within ten business days after service of the interim restriction. The appealing party should outline the desired modification(s) to the interim restriction as well as the specific challenge(s) to the interim restriction decision. Challenges to interim restriction decisions are limited to the criteria identified in WAC 172-121-140(1) upon which the interim restriction was imposed (threat to health or safety of the university community, potential for creating campus disorder, impeding the lawful activity of others, etc.). Appealing parties are limited to submitting their own written statements. Any other evidence should be submitted to the investigator or provided to the CRO under the regular hearing process.

(b) The vice president for student affairs, or designee, will conduct an emergency appeal review after receiving the respondent's review and complainant's response, if any. Emergency appeal reviews will address only the interim restriction decision of the (~~dean of students~~) director and the basis on which the restriction modification or termination is requested by the appealing party. The emergency appeal review does not replace the regular hearing process. In the emergency appeal review, the vice president will only review materials available to and information considered by the dean of students at the time the interim restriction was imposed, written statements by the two parties, and information that becomes available as a part of the university's investigation that the vice president deems relevant.

(c) In cases alleging sexual misconduct or interpersonal violence, if a complainant believes the interim restriction does not adequately protect their health and safety, the complainant may appeal the interim restriction using the process outlined in this subsection. If the complainant files an appeal, all parties shall be given notice of the appeal and shall be provided the opportunity to submit a written statement to the vice president within five business days of receiving notice of the complainant's appeal.

(d) During the emergency appeal review, the vice president for student affairs will review available materials and statements. The vice president for student affairs will issue a written decision upholding, modifying, or terminating the interim restriction action. The written decision shall include a rationale for the basis of the decision and be issued within fifteen business days of the date of service of an interim restriction.

(e) The interim restriction does not replace the regular hearing process, which will proceed as quickly as feasible consistent with this chapter.

(f) Duration. An interim restriction will remain in effect until terminated, in writing, by the student disciplinary council, CRO, or the vice president for student affairs.

WSR 21-01-122

PERMANENT RULES

STATE BOARD OF HEALTH

[Filed December 15, 2020, 10:00 a.m., effective January 15, 2021]

Effective Date of Rule: WAC 246-215-01115, 246-215-03235, 246-215-06570, and 246-215-09100 through 246-215-09160 become effective on January 15, 2021. The remainder of the sections in the chapter become effective on March 1, 2022.

Purpose: Chapter 246-215 WAC, Food service. RCW 43.20.145 requires the state board of health (board) to consider the latest version of the Food and Drug Administration (FDA) Food Code in adopting Washington's state food safety rules. The previous rules were based on the 2009 FDA Food Code. Since then, the 2013 and 2017 FDA Food Code versions were published. The state rules have been revised to reflect these new standards and to: (1) Prevent foodborne illness by identifying food safety requirements for operators in restaurants, caterers, mobile units, farmers markets, community events, private homes, schools, hospitals, and others that provide food to the public; (2) Compile and incorporate lessons learned since the last rule update from knowledge acquired from illness outbreaks, academic partners, industry representatives and nationally-recognized food safety standards; (3) Reflect stakeholder process by using information from people affected by the rule to provide clear and consistent requirements regarding safe food preparation, storage, and handling for the state of Washington; and (4) Incorporate several recent statutory amendments made by the state legislature. Other provisions of the rules were revised to clarify the intent.

Adopted under notice filed as WSR 20-15-157 on July 22, 2020.

Changes Other than Editing from Proposed to Adopted Version: Four non-substantial changes were made upon adoption:

(1) Amended WAC 246-215-03235(4) to clarify that freshly-made rice noodles may be served within 4 hours of production (and not only immediately reheated or cooled).

(2) Amended WAC 246-215-08350 to clarify that an amended operating permit issued by the regulatory authority may be used to meet the public notification of inspection report availability.

(3) Repealed WAC 246-215-06570 (4)(j) to remove the proposed requirement that food establishments post signage that dogs are allowed in outdoor areas of the food establishment.

(4) Removed the clause "and nontime/temperature control for safety food" in WAC 246-215-03348(4). This term was unnecessary and potentially confusing.

AMENDATORY SECTION (Amending WSR 11-11-019, filed 5/9/11, effective 7/1/11)

WAC 308-12-016 What are the board member rules of conduct? (1)

When a member of the board either owns a beneficial interest in or is an officer, agent, employee, or member of an entity; or ~~((individual which is engaged in a transaction involving the board))~~ has a close relationship with an individual or organization who is the subject of a board action, the member shall:

- (a) Recuse ~~((him or herself))~~ themselves from the board discussion regarding the specific ~~((transaction))~~ action;
- (b) Recuse ~~((him or herself))~~ themselves from the board vote on the specific ~~((transaction))~~ action; and
- (c) Refrain from attempting to influence the remaining board members in their discussion and vote regarding the specific ~~((transaction))~~ action.

(2) The prohibition against discussion and voting set forth in subsection (1)(a) and (c) of this section shall not prohibit the member of the board from using ~~((his or her))~~ general expertise to educate and provide general information on the subject area to the other members.

(3) ~~((("Transaction involving the board":~~

- ~~((a) Means a proceeding, application, submission, request for a ruling or other determination, contract, claim, case, or other similar matter that the member in question believes, or has reason to believe:~~
 - ~~((i) Is, or will be, the subject of board action; or~~
 - ~~((ii) Is one to which the board is or will be a party; or~~
 - ~~((iii) Is one in which the board has a direct and substantial proprietary interest.~~

~~((b) Does not include the following:~~

~~Preparation, consideration, or enactment of legislation, including appropriation of moneys in a budget, or the performance of legislative duties by a member; or a claim, case, lawsuit, or similar matter if the member did not participate in the underlying transaction involving the board that is the basis for the claim, case, or lawsuit. Rule making is not a "transaction involving the board."~~

~~((4))~~ "Board action" means any action on the part of the board, including, but not limited to:

(a) A decision, deliberation, determination, finding, ruling, or order; ((and)) or

(b) A grant, payment, award, license, contract, transaction, sanction, or approval, or the denial thereof, or failure to act with respect to a decision, determination, finding, ruling, or order.

~~((5) The following are examples of possible scenarios related to board member rules of conduct.~~

~~(a) **EXAMPLE 1:**~~

~~The state board for architects disciplines licensed architects in Washington. The board is conducting an investigation involving the services provided by a licensed architect. One of the members of the board is currently serving a subcontractor to that architect on a large project. The board member must recuse himself or herself from any board investigation, discussion, deliberation and vote with respect to disciplinary actions arising from licensed architect services.~~

~~(b) **EXAMPLE 2:**~~

~~The state board for architects makes licensing decisions on applications for licensure. An applicant for licensure owns a school construction business which employs licensed architects, including one of the board members. The board member must recuse himself or herself from any board investigation, discussion, deliberation and vote with respect to his employer's application for licensure.~~

~~(c) **EXAMPLE 3:**~~

~~The state board for architects makes licensing decisions on applications from registered architects in another state or territory of the United States, the District of Columbia, or another country. The board can grant licensure if that individual's qualifications and experience are equivalent to the qualifications and experience required of a person registered under Washington law. An out-of-state applicant is employed as an architect by a multinational corporation that is planning to build its world headquarters in Washington and has hired a board member's firm as the architect for the project. The board member must recuse himself or herself from any board investigation, discussion, deliberation and vote with respect to the sufficiency of the out-of-state architect's qualifications and experience.~~

~~(6) Recusal disclosure. If recusal occurs pursuant to this rule, the member of the board shall disclose to the public the reasons for his or her recusal from any board action whenever recusal occurs. The board staff shall record each recusal and the basis for the recusal.))~~

Every architect licensed in the state of Washington must have a seal of design authorized by the board, bearing the registrant's name, license number and the legend "Registered architect, state of Washington." An example of the board-authorized seal appears below. Deviations are not allowed.

You must sign and seal all technical submissions required for building permits or regulatory approvals that are filed with authorities having jurisdiction.

(1) Drawings prepared by you must be signed and sealed on each sheet.

(2) Specifications and other technical submissions need only be sealed on the cover, title page, and all pages of the table of contents.

(3) The seal may be electronic.

You may only sign and seal drawings prepared by you, or in one of the following ways:

((+)) (a) By your regularly employed subordinates and reviewed by you;

((+)) (b) By an individual or firm under direct subcontract with you, if the signing and sealing architect has reviewed and coordinated the preparation of the work, or has integrated the work into their own technical submissions;

((+)) (c) In collaboration with an architect licensed in a jurisdiction recognized by the board provided there is a contractual agreement between you and that architect, if the signing and sealing architect has reviewed and coordinated the preparation of the work, or has integrated the work into their own technical submission.

By signing and sealing (~~(drawings or specifications)~~) technical submissions, you become the architect of record and are responsible to the same extent as if you prepared the (~~(drawings or specifications)~~) technical submissions yourself.

Without exception, these stamping requirements apply to all work filed with public authorities you prepare or review, or that is prepared under your personal supervision by persons under your direction and control, regardless whether the work is exempt from the licensing requirements found in RCW 18.08.410.

((+3)) (4) The term "signature" or "signed" as used in chapters 18.08 RCW and/or 308-12 WAC, means the following:

(a) A handwritten identification or a digital representation of your handwritten identification that represents the act of putting your name on a document to attest to its validity. The handwritten or digital identification must be:

- (i) Original and written by hand, or a scanned image of an original, handwritten identification;
- (ii) Permanently affixed to the document(s) being certified;
- (iii) Applied to the document by the identified licensee or by their designee under the direction of the licensee;
- (iv) Placed across the seal/stamp of the licensee.

(b) A digital identification that is an electronic authentication process attached to or logically associated with an electronic document. The digital identification may include a scanned or digitized signature. The digital identification must be:

- (i) Unique to the licensee using it;
- (ii) Capable of independent verification;
- (iii) Under the exclusive control of the licensee using it; and
- (iv) Linked to a document in such a manner that a digital identification is invalidated if any data in the document is changed.

AMENDATORY SECTION (Amending WSR 20-14-064, filed 6/26/20, effective 10/1/20)

WAC 458-20-17802 Collection of use tax by county auditors and department of licensing—Measure of tax. (1) **Introduction.** The department of revenue (department) has authorized county auditors and the department of licensing to collect the use tax imposed by chapter 82.12 RCW when a person applies to transfer the certificate of title of a vehicle acquired without the payment of sales tax. See RCW 82.12.045. This rule explains how county auditors, their subagents, and the department of licensing determine the measure of the use tax. This rule does not relieve a seller registered with the department of the statutory requirement to collect sales tax when selling tangible personal property, including vehicles. RCW 82.08.020 and 82.08.0251. The use tax reporting responsibilities of Washington residents in other situations and the general nature of the use tax are addressed in WAC 458-20-178 (Use tax). The application of tax to vehicles acquired

by Indians and Indian tribes is discussed in WAC 458-20-192 (Indians—Indian country).

Vehicle licensing locations and information about vehicle titles and registration are available from the department of licensing on their website at: dol.wa.gov. This information is also available by contacting the local county auditor's office listed in the government pages of a telephone directory.

(2) **What is use tax based on?** For purposes of computing the amount of use tax due, the value of the article used is the measure of tax. The value of the article used is generally the purchase price. If the purchase price does not represent the true value of the article used, the value must be determined as nearly as possible according to the retail selling price at place of use of similar vehicles of like quality and character. RCW 82.12.010.

(3) **Use of automated system to verify measure of tax.** When a person applies to transfer the certificate of title of a vehicle, county auditors, their subagents, or the department of licensing must verify that the purchase price represents the true value. In doing so, county auditors, their subagents, or the department of licensing compare the vehicle's purchase price to the average retail value of comparable vehicles using an automated valuing system. The automated valuing system identifies the average retail value using a database that is provided by a regional industry standard source specializing in providing valuation services to local, state, and federal governments, and the private sector.

In limited situations, the automated valuing system's database may not provide the average retail value for a vehicle. For example, the automated valuing system's database does not provide average retail value information for collectible vehicles or vehicles that are over twenty years of age. In the absence of an average retail value, county auditors, their subagents, or the department of licensing will determine the true value as nearly as possible according to the retail selling price at place of use of similar vehicles of like character and quality. To assist in this process, the department of revenue and the department of licensing may approve the use of alternative valuing authorities as necessary.

(4) **What happens when the purchase price is presumed to represent the true value?** County auditors, their subagents, or the department of licensing will use the purchase price to compute the amount of use tax due when the purchase price represents the vehicle's true value. County auditors, their subagents, or department of licensing will presume the purchase price represents the vehicle's true value if one of the following conditions is met:

(a) The vehicle's average retail value, as provided by the automated valuing system, is less than \$7,500.

For example, a person buys a vehicle for \$2,800. The automated valuing system indicates that the vehicle's average retail value is \$4,900. The purchase price is presumed to represent the vehicle's true value because the average retail value is less than \$7,500.

(b) The vehicle's purchase price is not more than 20 percent below the average retail value as provided by the automated valuing system.

For example, a person buys a used vehicle for \$17,000. The automated valuing system indicates the vehicle's average retail value is \$20,000. When compared to the average retail value, the purchase price is not more than 20 percent (\$4,000) below the average retail value.

Consequently, the purchase price is presumed to represent the vehicle's true value.

(5) **What happens when the purchase price is not presumed to represent the true value?** If the vehicle's purchase price is not presumed to be the true value as explained in subsection (4) of this rule, a person may remit use tax based on the average retail value as indicated by the automated valuing system or substantiate the true value of the vehicle using any one of the following methods.

(a) **Industry-accepted pricing guide.** A person applying to transfer a certificate of title may provide the county auditor, a subagent, or the department of licensing with documentation from one of the various industry-accepted pricing guides. The value from the industry-accepted pricing guide must represent the retail value of a similarly equipped vehicle of the same make, model, and year in a comparable condition. The purchase price is presumed to represent the vehicle's true value if the purchase price is not more than (~~(\$2,000)~~) 20 percent below the retail value.

For example, a person buys a vehicle for \$6,500. The automated valuing system indicates that the vehicle's average retail value is \$8,700. An industry-accepted pricing guide shows that the retail value of a similarly-equipped vehicle in a comparable condition of the same make, model, and year is \$8,000. When compared to the retail value established by the industry-accepted pricing guide, the purchase price is not more than (~~(\$2,000)~~) 20 percent (\$1,600 in this case) below the retail value. Consequently, the purchase price is presumed to represent the vehicle's true value.

(b) **Declaration of buyer and seller.** A person applying to transfer a certificate of title may provide to the county auditor, a subagent, or the department of licensing a Declaration of Buyer and Seller Regarding Value of Used Vehicle Sale (REV 32 2501) to substantiate that the purchase price is the true value of the vehicle. The declaration must be signed by both the buyer and the seller and must certify to the purchase price and the vehicle's condition under penalty of perjury. The department may review a declaration and assess additional tax, interest, and penalties. A person may seek review of an assessment to the department as provided in WAC 458-20-100 (Informal administrative reviews).

The declaration is available on the department's website at dor.wa.gov. It is also available at all vehicle licensing locations, department's field offices, or by writing:

Department of Revenue
Taxpayer Services
P.O. Box 47478
Olympia, WA 98504-7478

(c) **Written appraisal.** A person applying to transfer a certificate of title may present to the county auditor, a subagent, or the department of licensing a written appraisal from an automobile dealer, insurance or other vehicle appraiser to substantiate the true value of the vehicle. If an automobile dealer performs the appraisal, the dealer must be currently licensed with the department of licensing dealer services division or be a licensed vehicle dealer in another jurisdiction.

The written appraisal must appear on company stationery or have the business card attached and include the vehicle description, including the vehicle make, model, and identification number (VIN). The person performing the appraisal must certify that the stated value

represents the retail selling price of a similarly equipped vehicle of the same make, model, and year in a comparable condition. The department may review an appraisal and assess additional tax, interest, and penalties. A person may seek review of an assessment to the department as provided in WAC 458-20-100 (Informal administrative reviews).

(d) **Declaration of use tax.** A person applying to transfer a certificate of title may present to the county auditor, a subagent, or the department of licensing a Declaration of Use Tax (REV 32 2486e) to substantiate the true value of the vehicle. An authorized employee of the department must complete the declaration. Determining the true value may require a visual inspection that is not available at all department locations.

(e) **Repair estimate.** A person applying to transfer a certificate of title may present to the county auditor, a subagent, or the department of licensing a written repair estimate, prepared by an auto repair or auto body repair business. This estimate will then be used to assist with determining the true value of the vehicle. The written estimate must appear on company stationery or have the business card attached. In addition, the written estimate must include the vehicle description, including the vehicle make, model, and identification number (VIN), and an itemized list of repairs. The department may review an appraisal and assess additional tax, interest, and penalties. A person may seek review of an assessment to the department as provided in WAC 458-20-100 (Informal administrative reviews).

The purchase price is presumed to represent the true value if the total of the purchase price and the repair estimate is not more than 20 percent below the average retail value. For example, a person purchases a vehicle with extensive bumper damage for \$13,700. The automated valuing system indicates that the vehicle's average retail value is \$18,000. An estimate from an auto body repair business indicates a cost of \$2,500 to repair the bumper damage. The purchase price is presumed to represent the vehicle's true value because when the total of the purchase price and the repair estimate ($\$13,700 + \$2,500 = \$16,200$) is compared to the average retail value, the total is not more than 20 percent below the average retail value (\$18,000).

(13) **Sexual misconduct.** The term "sexual misconduct" includes sexual harassment, sexual intimidation, and sexual violence. Sexual harassment prohibited by Title IX is defined in the supplemental procedures in this code. See WAC 132M-126-115 through 132M-126-155.

(a) **Sexual harassment.** The term "sexual harassment" means unwelcome sexual or gender-based conduct, including unwelcome sexual advances, requests for sexual favors, quid pro quo harassment, and other verbal, nonverbal, or physical conduct of a sexual or a gendered nature that is sufficiently severe, persistent, or pervasive as to:

(i) Deny or limit the ability of a student to participate in or benefit from the college's educational program;

(ii) Alter the terms or conditions of employment for a college employee(s); and/or

(iii) Create an intimidating, hostile, or offensive environment for other campus community members.

(b) **Sexual intimidation.** The term "sexual intimidation" incorporates the definition of "sexual harassment" and means threatening or emotionally distressing conduct based on sex including, but not limited to, nonconsensual recording of sexual activity or the distribution of such recording.

(c) **Sexual violence.** "Sexual violence" is a type of sexual discrimination and harassment. Nonconsensual sexual intercourse, nonconsensual sexual contact, domestic violence, dating violence, and stalking are all types of sexual violence.

(i) **Nonconsensual sexual intercourse.** Any actual or attempted sexual intercourse (anal, oral, or vaginal), however slight, with any object or body part, by a person upon another person, that is without consent and/or by force. Sexual intercourse includes anal or vaginal penetration by a penis, tongue, finger, or object, or oral copulation by mouth to genital contact or genital to mouth contact.

(ii) **Nonconsensual sexual contact.** Any actual or attempted sexual touching however slight, with any body part or object, by a person upon another person that is without consent and/or by force. Sexual touching includes any bodily contact with the breasts, groin, mouth, or other bodily orifice of another individual, or any other bodily contact in a sexual manner.

(iii) **Incest.** Sexual intercourse or sexual contact with a person known to be related to them, either legitimately or illegitimately, as an ancestor, descendant, brother, or sister of either wholly or half related. Descendant includes stepchildren, and adopted children under the ages of eighteen.

(iv) **Statutory rape.** Consensual intercourse between a person who is eighteen years of age or older, and a person who is under the age of sixteen.

(v) **Domestic violence.** Physical violence, bodily injury, assault, the infliction of fear of imminent physical harm, sexual assault, or stalking committed by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the state of Washington, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the state of Washington, RCW 26.50.010.

(vi) **Dating violence.** Physical violence, bodily injury, assault, the infliction of fear of imminent physical harm, sexual assault, or stalking committed by a person:

(B) Where the existence of such a relationship shall be determined based on a consideration of the following factors:

(I) The length of the relationship;

(II) The type of relationship; and

(III) The frequency of interactions between the persons involved in the relationship.

(vii) **Stalking.** Engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

(A) Fear for their safety or the safety of others; or

(B) Suffer substantial emotional distress.

(d) For purposes of this code, "consent" means knowing, voluntary, and clear permission by word or action, to engage in mutually agreed upon sexual activity. Each party has the responsibility to make certain that the other has consented before engaging in the activity. For consent to be valid, there must be at the time of the act of sexual intercourse or sexual contact actual word or conduct indicating freely given agreement to have sexual intercourse or sexual contact.

A person cannot consent if they are unable to understand what is happening or are disoriented, helpless, asleep, or unconscious for any reason, including due to alcohol or other drugs. An individual who engages in sexual activity when the individual knows, or should know, that the other person is physically or mentally incapacitated has engaged in nonconsensual conduct.

Intoxication is not a defense against allegations that an individual has engaged in nonconsensual sexual conduct.

(14) **Harassment.** Unwelcome and offensive conduct, including verbal, nonverbal, or physical conduct, that is directed at a person because of such person's protected status and that is sufficiently serious as to deny or limit, and that does deny or limit, the ability of a student to participate in or benefit from the college's educational program, that changes the terms or conditions of employment for a college employee, or that creates an intimidating, hostile, or offensive environment for other campus community members. Protected status includes a person's race; color; national origin; sensory, mental or physical disability; use of a service animal; gender, including pregnancy; marital status; age; religion; creed; sexual orientation; gender identity; veteran's status; or any other legally protected classification. See "sexual misconduct" for the definition of "sexual harassment." Harassing conduct may include, but is not limited to, physi-

cal conduct, verbal, written, social media and electronic communications.

(15) **Retaliation.** Harming, threatening, intimidating, coercing, or taking adverse action of any kind against a person because such person reported an alleged violation of this code or college policy, provided information about an alleged violation, or participated as a witness or in any other capacity in a college investigation or disciplinary proceedings.

(a) Unauthorized use of such resources or opening of a file, message, or other item;

(b) Unauthorized duplication, transfer, or distribution of a computer program, file, message, or other item;

(h) Adding to or otherwise altering the infrastructure of the college's electronic information resources without authorization.

In addition to initiating discipline proceedings for violation of the student conduct code, the college may refer any violations of federal, state, or local laws to civil and criminal authorities for disposition. The college reserves the right to pursue student disciplinary proceedings regardless of whether the underlying conduct is subject to civil or criminal prosecution.

(c) **Disciplinary probation.** Formal action placing specific conditions and restrictions upon the student's continued attendance depending upon the seriousness of the violation and which may include a deferred disciplinary sanction. If the student subject to a deferred disciplinary sanction is found in violation of any college rule during the time of disciplinary probation, the deferred disciplinary sanction which may include, but is not limited to, a suspension or a dismissal from the college, shall take effect immediately without further review. Any such sanction shall be in addition to any sanction or conditions arising from the new violation. This may take the form of monetary reimbursement, appropriate service, or other compensation.

(b) **Educational sanction.** The college may require the student to complete an educational activity or experience directly related to the violation committed, at the student's expense.

(c) **Professional evaluation.** Referral for drug, alcohol, psychological or medical evaluation by an appropriately certified or licensed professional may be required. The student may choose the professional within the scope of practice and with the professional credentials as defined by the college. The student will sign all necessary releases to allow the college access to any such evaluation. The student's return to college may be conditioned upon compliance with recommendations set forth in such a professional evaluation. If the evaluation indicates that the student is not capable of functioning within the college community, the student will remain suspended until future evaluation recommends that the student is capable of reentering the college and complying with the rules of conduct.

(d) **Not in good standing.** A student may be deemed "not in good standing" with the college. If so, the student shall be subject to the following restrictions:

(a) The dismissal of a sexual misconduct complaint; or

(b) Any disciplinary sanction(s) and conditions imposed against a respondent for a sexual misconduct violation, including a disciplinary warning.

(11) If the respondent timely appeals a decision imposing discipline for a sexual misconduct violation, the college shall notify the complainant of the appeal and provide the complainant an opportunity to intervene as a party to the appeal.

WAC 132M-126-085 Student conduct committee—Initial decision.
 (1) At the conclusion of the hearing, the student conduct committee

shall permit the parties to make closing arguments in whatever form it wishes to receive them. The committee also may permit each party to propose findings, conclusions, and/or a proposed decision for its consideration.

(2) Within twenty days following the conclusion of the hearing or the committee's receipt of closing arguments, the committee shall issue an initial decision in accordance with RCW 34.05.461 and WAC 10-08-210. The initial decision shall include findings on all material issues of fact and conclusions on all material issues of law, including which, if any, provisions of the student conduct code were violated. Any findings based substantially on the credibility of evidence or the demeanor of witnesses shall be so identified.

(3) The committee's initial order shall also include a determination on appropriate discipline, if any. If the matter was referred to the committee by the student conduct officer, the committee shall identify and impose disciplinary sanction(s) or conditions, if any, as authorized in the student code. If the matter is an appeal by a party, the committee may affirm, reverse, or modify the disciplinary sanction and/or conditions imposed by the student conduct officer and/or impose additional disciplinary sanction(s) or conditions as authorized herein.

(5) In cases involving allegations of sexual misconduct, the chair of the student conduct committee, on the same date as the initial decision is served on the respondent, will serve a written notice upon the complainant informing the complainant whether the allegations of sexual misconduct were found to have merit and describing any disciplinary sanctions and/or conditions imposed upon the respondent for the complainant's protection, including the suspension or dismissal of the respondent. The complainant may appeal the student conduct committee's initial decision to the president subject to the same procedures and deadlines applicable to other parties. The notice will also inform the complainant of their appeal rights.

NEW SECTION

WAC 132M-126-090 Appeal from student conduct committee initial decision. (1) A party who is aggrieved by the findings or conclusions issued by the student conduct committee may appeal the committee's initial decision to the president or designee by filing a notice of appeal with the president's office within ten days of service of the committee's initial decision. Failure to file a timely appeal constitutes a waiver of the right and the initial decision shall be deemed final.

(2) The notice of appeal must identify the specific findings of fact and/or conclusions of law in the initial decision that are challenged and must contain argument why the appeal should be granted. If necessary to aid review, the president or designee may ask for additional briefing from the parties on issues raised on appeal. The president's or designee's review shall be restricted to the hearing record

made before the student conduct committee and will normally be limited to a review of those issues and arguments raised in the notice of appeal.

(3) The president or designee shall provide a written decision to the party and the student conduct officer within twenty days after receipt of the notice of appeal. The president's or designee's decision shall be final and shall include a notice of any rights to request reconsideration and/or judicial review.

(4) In cases involving allegations of sexual misconduct, the president or designee, on the same date that the final decision is served upon the respondent, shall serve a written notice informing the complainant of the final decision. This notice shall inform the complainant whether the sexual misconduct allegation was found to have merit and describe any disciplinary sanctions and/or conditions imposed upon the respondent for the complainant's protection, including suspension or dismissal of the respondent.

(5) The president or designee shall not engage in an ex parte communication with any of the parties regarding an appeal.

WAC 132M-126-100 Summary suspension. (1) Summary suspension is a temporary exclusion from specified college premises or denial of access to all activities or privileges for which a respondent might otherwise be eligible, while an investigation and/or formal disciplinary procedures are pending.

(2) The student conduct officer may impose a summary suspension if there is probable cause to believe that the respondent:

(a) Has violated any provision of the code of conduct; and

(b) Presents an immediate danger to the health, safety, or welfare of members of the college community; or

(c) Poses an ongoing threat of substantial disruption of, or interference with, the operations of the college.

(3) Notice. Any respondent who has been summarily suspended shall be served with oral or written notice of the summary suspension. If oral notice is given, a written notification shall be served on the respondent within two business days of the oral notice.

(4) The written notification shall be entitled "notice of summary suspension" and shall include:

(a) The reasons for imposing the summary suspension, including a description of the conduct giving rise to the summary suspension and reference to the provisions of the student conduct code or the law allegedly violated;

(b) The date, time, and location when the respondent must appear before the conduct review officer for a hearing on the summary suspension; and

(c) The conditions, if any, under which the respondent may physically access the campus or communicate with members of the campus community. If the respondent has been trespassed from the campus, a notice against trespass shall be included warning the respondent that their privilege to enter into or remain on college premises has been withdrawn, and that the respondent shall be considered trespassing and subject to arrest for criminal trespass if they enter the college campus other than to meet with the student conduct officer or conduct review officer, or to attend a disciplinary hearing.

(5) (a) The conduct review officer shall conduct a hearing on the summary suspension as soon as practicable after imposition of the summary suspension.

(b) During the summary suspension hearing, the issue before the conduct review officer is whether there is probable cause to believe that the summary suspension should be continued, pending the conclusion of disciplinary proceedings, and/or whether the summary suspension should be less restrictive in scope.

(c) The respondent shall be afforded an opportunity to explain why summary suspension should not be continued while disciplinary proceedings are pending or why the summary suspension should be less restrictive in scope.

(d) If the respondent fails to appear at the designated hearing time, the conduct review officer may order that the summary suspension remain in place pending the conclusion of the disciplinary proceedings.

(e) As soon as practicable following the hearing, the conduct review officer shall issue a written decision which shall include a brief explanation for any decision continuing and/or modifying the summary suspension and notice of any right to appeal.

(f) To the extent permissible under applicable law, the conduct review officer shall provide a copy of the decision to all persons or officers who may be bound or protected by it.

(6) In cases involving allegations of sexual misconduct, the complainant shall be notified that a summary suspension has been imposed on the same day that the summary suspension notice is served on the respondent. The college will also provide the complainant with timely notice of any subsequent changes to the summary suspension order.

SUPPLEMENTAL TITLE IX STUDENT CONDUCT PROCEDURES

NEW SECTION

WAC 132M-126-115 Order of precedence. This supplemental procedure applies to allegations of sexual harassment subject to Title IX jurisdiction pursuant to regulations promulgated by the United States Department of Education. See 34 C.F.R. Part 106. To the extent these supplemental hearing procedures conflict with the college's standard disciplinary procedures, WAC 132M-126-005 through 132M-126-110, these supplemental procedures shall take precedence.

[]

NEW SECTION

WAC 132M-126-120 Prohibited conduct under Title IX. Pursuant to RCW 28B.50.140(13) and Title IX of the Education Amendments Act of 1972, 20 U.S.C. Sec. 1681, the college may impose disciplinary sanctions against a student who commits, attempts to commit, or aids, abets, incites, encourages, or assists another person to commit, an act(s) of "sexual harassment."

For purposes of this supplemental procedure, "sexual harassment" encompasses the following conduct:

(1) **Quid pro quo harassment.** A college employee conditioning the provision of an aid, benefit, or service of the college on an individual's participation in unwelcome sexual conduct.

(2) **Hostile environment.** Unwelcome conduct that a reasonable person would find to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the college's educational programs or activities, or employment.

(3) **Sexual assault.** Sexual assault includes the following conduct:

(a) Nonconsensual sexual intercourse. Any actual or attempted sexual intercourse (anal, oral, or vaginal), however slight, with any object or body part, by a person upon another person, that is without consent and/or by force. Sexual intercourse includes anal or vaginal penetration by a penis, tongue, finger, or object, or oral copulation by mouth to genital contact or genital to mouth contact.

(b) Nonconsensual sexual contact. Any actual or attempted sexual touching, however slight, with any body part or object, by a person upon another person that is without consent and/or by force. Sexual touching includes any bodily contact with the breasts, groin, mouth, or other bodily orifice of another individual, or any other bodily contact in a sexual manner.

(c) Incest. Sexual intercourse or sexual contact with a person known to be related to them, either legitimately or illegitimately, as an ancestor, descendant, brother, or sister of either wholly or half related. Descendant includes stepchildren and adopted children under the age of eighteen.

(d) Statutory rape. Consensual sexual intercourse between someone who is eighteen years of age or older and someone who is under the age of sixteen.

(4) **Domestic violence.** Physical violence, bodily injury, assault, the infliction of fear of imminent physical harm, sexual assault, or stalking committed by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the state of Washington, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the state of Washington, RCW 26.50.010.

(5) **Dating violence.** Physical violence, bodily injury, assault, the infliction of fear of imminent physical harm, sexual assault, or stalking committed by a person:

(a) Who is or has been in a social relationship of a romantic or intimate nature with the victim; and

(b) Where the existence of such a relationship shall be determined based on a consideration of the following factors:

(i) The length of the relationship;

(ii) The type of relationship; and

(iii) The frequency of interaction between the persons involved in the relationship.

(6) **Stalking.** Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others, or suffer substantial emotional distress.

[]

NEW SECTION

WAC 132M-126-125 Title IX jurisdiction. (1) This supplemental procedure applies only if the alleged misconduct:

(a) Occurred in the United States;

(b) Occurred during a college educational program or activity;
and

(c) Meets the definition of sexual harassment as that term is defined in this supplemental procedure.

(2) For purposes of this supplemental procedure, an "educational program or activity" is defined as locations, events, or circumstances over which the college exercised substantial control over both the respondent and the context in which the alleged sexual harassment occurred. This definition includes any building owned or controlled by a student organization that is officially recognized by the college.

(3) Proceedings under this supplemental procedure must be dismissed if the decision maker determines that one or all of the requirements of subsection (1)(a) through (c) of this section have not been met. Dismissal under this supplemental procedure does not prohibit the college from pursuing other disciplinary action based on allegations that the respondent violated other provisions of the college's student conduct code, WAC 132M-126-005 through 132M-126-110.

(4) If the student conduct officer determines the facts in the investigation report are not sufficient to support Title IX jurisdiction and/or pursuit of a Title IX violation, the student conduct officer will issue a notice of dismissal in whole or part to both parties explaining why some or all of the Title IX claims have been dismissed.

[]

NEW SECTION

WAC 132M-126-130 Initiation of discipline. (1) Upon receiving the Title IX investigation report from the Title IX coordinator, the student conduct officer will independently review the report to determine whether there are sufficient grounds to pursue a disciplinary action against the respondent for engaging in prohibited conduct under Title IX.

(2) If the student conduct officer determines that there are sufficient grounds to proceed under these supplemental procedures, the student conduct officer will initiate a Title IX disciplinary proceeding by filing a written disciplinary notice with the chair of the student conduct committee and serve the notice on the respondent, the complainant, and their respective advisors. The notice must:

- (a) Set forth the basis for Title IX jurisdiction;
- (b) Identify the alleged Title IX violation(s);
- (c) Set forth the facts underlying the allegation(s);
- (d) Identify the range of possible sanctions that may be imposed if the respondent is found responsible for the alleged violation(s); and
- (e) Explain that the parties are entitled to be accompanied by their chosen advisors during the hearing and that:
 - (i) The advisors will be responsible for questioning all witnesses on the party's behalf;
 - (ii) An advisor may be an attorney; and
 - (iii) The college will appoint the party an advisor of the college's choosing at no cost to the party, if the party fails to do so; and
- (3) Explain that if a party fails to appear at the hearing, a decision of responsibility may be made in their absence.

[]

NEW SECTION

WAC 132M-126-135 Prehearing procedure. (1) Upon receiving the disciplinary notice, the chair of the student conduct committee will send a hearing notice to all parties, in compliance with WAC 132M-126-075. In no event will the hearing date be set less than ten days after the Title IX coordinator provided the final investigation report to the parties.

(2) A party may choose to have an attorney serve as their advisor at the party's own expense. This right will be waived unless, at least five days before the hearing, the attorney files a notice of appearance with the committee chair with copies to all parties including the student conduct officer.

(3) In preparation for the hearing, the parties will have equal access to all evidence gathered by the investigator during the investigation, regardless of whether the college intends to offer the evidence at the hearing.

[]

NEW SECTION

WAC 132M-126-140 Rights of parties. (1) The college's student conduct procedures, WAC 132M-126-040 through 132M-126-100, and this supplemental procedure shall apply equally to all parties.

(2) The college bears the burden of offering and presenting sufficient testimony and evidence to establish that the respondent is responsible for a Title IX violation by a preponderance of the evidence.

(3) The respondent will be presumed not responsible until such time as the disciplinary process has been resolved.

(4) During the hearing, each party shall be represented by an advisor. The parties are entitled to an advisor of their choosing and the advisor may be an attorney. If a party does not choose an advisor,

then the Title IX coordinator will appoint an advisor of the college's choosing on the party's behalf at no expense to the party.

[]

NEW SECTION

WAC 132M-126-145 Evidence. The introduction and consideration of evidence during the hearing is subject to the following procedures and restrictions:

(1) **Relevance:** The committee chair shall review all questions for relevance and shall explain on the record their reasons for excluding any question based on lack of relevance.

(2) **Relevance** means that information elicited by the question makes facts in dispute more or less likely to be true.

(3) Questions or evidence about a complainant's sexual predisposition or prior sexual behavior are not relevant and must be excluded, unless such question or evidence:

(a) Is asked or offered to prove someone other than the respondent committed the alleged misconduct; or

(b) Concerns specific incidents of prior sexual behavior between the complainant and the respondent, which are asked or offered on the issue of consent.

(4) **Cross-examination required:** If a party or witness does not submit to cross-examination during the live hearing, the committee must not rely on any statement by that party or witness in reaching a determination of responsibility.

(5) **No negative inference:** The committee may not make an inference regarding responsibility solely on a witness's or party's absence from the hearing or refusal to answer questions.

(6) **Privileged evidence:** The committee shall not consider legally privileged information unless the holder has effectively waived the privilege. Privileged information includes, but is not limited to, information protected by the following:

(a) Spousal/domestic partner privilege;

(b) Attorney-client and attorney work product privileges;

(c) Privileges applicable to members of the clergy and priests;

(d) Privileges applicable to medical providers, mental health therapists, and counselors;

(e) Privileges applicable to sexual assault and domestic violence advocates; and

(f) Other legal privileges identified in RCW 5.60.060.

(b) Describes the grievance and disciplinary procedures, starting with filing of the formal complaint through the determination of re-

sponsibility, including notices to parties, interviews with witnesses and parties, site visits, methods used to gather evidence, and hearings held;

(c) Makes findings of fact supporting the determination of responsibility;

(d) Reaches conclusions as to whether the facts establish whether the respondent is responsible for engaging in sexual harassment in violation of Title IX;

(e) Contains a statement of, and rationale for, the committee's determination of responsibility for each allegation;

(f) Describes any disciplinary sanction or conditions imposed against the respondent, if any;

(g) Describes to what extent, if any, complainant is entitled to remedies designed to restore or preserve complainant's equal access to the college's educational programs or activities; and

(h) Describes the process for appealing the initial order to the college president.

(2) The committee chair will serve the initial order on the parties simultaneously.

[]

NEW SECTION

WAC 132M-126-155 Appeals. (1) The parties shall have the right to appeal from the initial order's determination of responsibility and/or dismissal of an allegation(s) of sexual harassment in a formal complaint. The right to appeal will be subject to the same procedures and time frames set forth in WAC 132M-126-090.

(2) The president or their delegate will determine whether the grounds for appeal have merit, provide the rationale for this conclusion, and state whether the disciplinary sanction and condition(s) imposed in the initial order are affirmed, vacated, or amended, and, if amended, set forth any new disciplinary sanction and/or condition(s).

(3) The president's office shall serve the final decision on the parties simultaneously.

(b) Determine the consumer's countable income (under WAC ((170-290-0065)) 110-15-0065).

(2) ((DSHS)) DCYF calculates the consumer's copayment as follows:

Table with 2 columns: IF A CONSUMER'S INCOME IS: and THEN THE CONSUMER'S COPAYMENT IS:.

IF A CONSUMER'S INCOME IS:	THEN THE CONSUMER'S COPAYMENT IS:
(c) Above 137.5% of the FPG through 200% of the FPG.	The dollar amount equal to subtracting 137.5% of the FPG from countable income, multiplying by 50%, then adding \$65, up to a maximum of \$115.

(3) ((DSHS)) DCYF does not prorate the copayment when a consumer uses care for part of a month.

(4) The FPG is updated every year. The WCCC eligibility level is updated at the same time every year to remain current with the FPG.

Unless otherwise specified, the student conduct officer or designee shall serve as the principal investigator and administrator for alleged violations of this code.

[]

NEW SECTION

WAC 495A-115-010 Order of precedence. This supplemental procedure applies to allegations of sexual harassment subject to Title IX jurisdiction pursuant to regulations promulgated by the United States Department of Education. See 34 C.F.R. Part 106. To the extent these supplemental hearing procedures conflict with Bates Technical College's standard disciplinary procedures, WAC 495A-121-010 through 495A-121-094, these supplemental procedures shall take precedence.

[]

NEW SECTION

WAC 495A-115-020 Prohibited conduct under Title IX. Pursuant to RCW 28B.50.140(13) and Title IX of the Education Amendments Act of 1972, 20 U.S.C. Sec. 1681, Bates Technical College may impose disciplinary sanctions against a student who commits, attempts to commit, or aids, abets, incites, encourages, or assists another person to commit, an act(s) of "sexual harassment."

For purposes of this supplemental procedure, "sexual harassment" encompasses the following conduct:

(1) Quid pro quo harassment. A college employee conditioning the provision of an aid, benefit, or service of Bates Technical College on an individual's participation in unwelcome sexual conduct.

(2) Hostile environment. Unwelcome conduct that a reasonable person would find to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to Bates Technical College's educational programs or activities, or employment.

(3) Sexual assault. Sexual assault includes the following conduct:

(a) Nonconsensual sexual intercourse. Any actual or attempted sexual intercourse (anal, oral, or vaginal), however slight, with any object or body part, by a person upon another person, that is without consent and/or by force. Sexual intercourse includes anal or vaginal penetration by a penis, tongue, finger, or object, or oral copulation by mouth to genital contact or genital to mouth contact.

(b) Nonconsensual sexual contact. Any actual or attempted sexual touching, however slight, with any body part or object, by a person upon another person that is without consent and/or by force. Sexual touching includes any bodily contact with the breasts, groin, mouth, or other bodily orifice of another individual, or any other bodily contact in a sexual manner.

(c) Incest. Sexual intercourse or sexual contact with a person known to be related to them, either legitimately or illegitimately, as an ancestor, descendant, brother, or sister of either wholly or half related. Descendant includes stepchildren and adopted children under the age of eighteen.

(d) Statutory rape. Consensual sexual intercourse between someone who is eighteen years of age or older and someone who is under the age of sixteen.

(4) Domestic violence. Physical violence, bodily injury, assault, the infliction of fear of imminent physical harm, sexual assault, or stalking committed by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the state of Washington, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the state of Washington, RCW 26.50.010.

(5) Dating violence. Physical violence, bodily injury, assault, the infliction of fear of imminent physical harm, sexual assault, or stalking committed by a person:

(a) Who is or has been in a social relationship of a romantic or intimate nature with the victim; and

(b) Where the existence of such a relationship shall be determined based on a consideration of the following factors:

[]

NEW SECTION

WAC 495A-115-030 Title IX jurisdiction. (1) This supplemental procedure applies only if the alleged misconduct:

(a) Occurred in the United States;

(b) Occurred during a Bates Technical College's educational program or activity; and

(c) Meets the definition of sexual harassment as that term is defined in this supplemental procedure.

(2) For purposes of this supplemental procedure, an "educational program or activity" is defined as locations, events, or circumstances over which Bates Technical College exercised substantial control over both the respondent and the context in which the alleged sexual harassment occurred. This definition includes any building owned or controlled by a student organization that is officially recognized by the college.

(3) Proceedings under this supplemental procedure must be dismissed if the decision maker determines that one or all of the requirements of subsection (1)(a) through (c) of this section have not been met. Dismissal under this Title IX supplemental procedure does not prohibit the college from pursuing other disciplinary action based on situations where the allegations against the respondent, if true, would constitute violations of other provisions of the college's student conduct code, chapter 495A-121 WAC.

(4) If the student conduct officer determines the facts in the investigation report are not sufficient to support Title IX jurisdiction and/or pursuit of a Title IX violation, the student conduct officer will issue a notice of dismissal in whole or part to both parties explaining why some or all of the Title IX complaints have been dismissed.

[]

NEW SECTION

WAC 495A-115-040 Initiation of discipline. (1) Upon receiving the Title IX investigation report from the Title IX coordinator, the student conduct officer will independently review the report to determine whether there are sufficient grounds to pursue a disciplinary action against the respondent for engaging in prohibited conduct under Title IX.

(2) If the student conduct officer determines that there are sufficient grounds to proceed under these supplemental procedures, the student conduct officer will initiate a Title IX disciplinary proceeding by filing a written disciplinary notice with the chair of the student/faculty disciplinary committee and serving the notice on the respondent and the complainant, and their respective advisors. The notice must:

- (a) Set forth the basis for Title IX jurisdiction;
 - (b) Identify the alleged Title IX violation(s);
 - (c) Set forth the facts underlying the allegation(s);

In no event will the hearing date be set less than ten days after the Title IX coordinator provided the final investigation report to the parties.

(2) A party may choose to have an attorney serve as their advisor at the party's own expense. This right will be waived unless, at least five days before the hearing, the attorney files a notice of appear-

ance with the committee chair with copies to all parties and the student conduct officer.

(3) In preparation for the hearing, the parties will have equal access to all evidence gathered by the investigator during the investigation, regardless of whether the college intends to offer the evidence at the hearing.

(1) Relevance: The chair of the student/faculty disciplinary committee shall review all questions for relevance and shall explain on the record their reasons for excluding any question based on lack of relevance.

(2) Relevance means that information elicited by the question makes facts in dispute more or less likely to be true.

(a) Is asked or offered to prove someone other than the respondent committed the alleged misconduct; or

(b) Concerns specific incidents of prior sexual behavior between the complainant and the respondent, which are asked or offered on the issue of consent.

(4) Cross-examination required: If a party or witness does not submit to cross-examination during the live hearing, the committee must not rely on any statement by that party or witness in reaching a determination of responsibility.

(5) No negative inference: The committee may not make an inference regarding responsibility solely on a witness's or party's absence from the hearing or refusal to answer questions.

(6) Privileged evidence: The committee shall not consider legally privileged information unless the holder has effectively waived the privilege. Privileged information includes, but is not limited to, information protected by the following:

- (a) Spousal/domestic partner privilege;

NEW SECTION

WAC 495A-300-015 Purpose. Bates Technical College recognizes its responsibility to investigate, resolve, implement corrective measures, and monitor the educational environment and workplace to stop, remediate, and prevent discrimination on the basis of sex, as required by Title IX of the Education Amendments Act of 1972, Title VII of the Civil Rights Act of 1964, the Violence Against Women Reauthorization Act, and Washington state's law against discrimination, and their implementing regulations. To this end, Bates Technical College has enacted the following college policies and the Washington Administrative Code (WAC): CP5920 - Employee disciplinary hearing, CP5920PR - Employee disciplinary hearing procedure, chapter 495A-115 WAC, Title IX student conduct procedures, and chapter 495A-121 WAC, Student rights and responsibilities and adopted this chapter, Title IX grievance procedures for receiving and investigating sexual harassment allegations arising during educational programs and activities. Any individual found responsible for violating Bates Technical College's Title IX rules and policies is subject to disciplinary action up to and including dismissal from Bates Technical College's educational programs and activities and/or termination of employment.

Application of this chapter, Title IX grievance procedures is restricted to allegations of sexual harassment as that term is defined in 34 C.F.R. Part 106.30. Nothing in this procedure limits or otherwise restricts Bates Technical College's ability to investigate and pursue discipline based on alleged violations of other federal, state, and local laws, their implementing regulations, and other college policies prohibiting gender discrimination through processes set forth in the college's code of student conduct, employment contracts, employee handbooks, and collective bargaining agreements.

[]

NEW SECTION

WAC 495A-300-025 Definitions. For purposes of this chapter, Title IX grievance procedures, the following terms are defined as follows:

(1) "Consent" means knowing, voluntary, and clear permission by word or action, to engage in mutually agreed upon sexual activity. Each party has the responsibility to make certain that the other has consented before engaging in the activity. For consent to be valid, there must be at the time of the act of sexual intercourse or sexual contact actual words or conduct indicating freely given agreement to have sexual intercourse or sexual contact.

A person cannot consent if they are unable to understand what is happening or are disoriented, helpless, asleep, or unconscious for any reason, including due to alcohol or other drugs. An individual who engages in sexual activity when the individual knows, or should know, that the other person is physically or mentally incapacitated has engaged in nonconsensual conduct.

Intoxication is not a defense against allegations that an individual has engaged in nonconsensual sexual conduct.

(2) "Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

(3) "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

(4) "Formal complaint" means a writing submitted by the complainant or signed by the Title IX coordinator alleging sexual harassment against a respondent and requesting that Bates Technical College conduct an investigation.

(5) "Education program or activity" includes locations, events, or circumstances over which Bates Technical College exercised substantial control over both the respondent and the context in which the alleged sexual harassment occurred. It also includes any building owned or controlled by a student organization officially recognized by Bates Technical College.

(6) "Grievance procedure" is the process Bates Technical College uses to initiate, informally resolve, and/or investigate allegations that an employee or student has violated Title IX provisions prohibiting sexual harassment.

(7) "Supportive measures" are nondisciplinary, nonpunitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or respondent regardless of whether the complainant or the Title IX coordinator has filed a formal complaint. Supportive measures restore or preserve a party's access to Bates Technical College's educational programs and activities without unreasonably burdening the other party, as determined through an interactive process between the Title IX coordinator and the party. Supportive measures include measures designed to protect the safety of all parties and/or the college's educational environment and/or to deter sexual harassment or retaliation. Supportive measures may include, but are not limited to:

- (a) Counseling and other medical assistance;
- (b) Extensions of deadlines or other course-related adjustments;
- (c) Modifications of work or class schedules;
- (d) Leaves of absence;
- (e) Increased security or monitoring of certain areas of campus;

and

(f) Imposition of orders prohibiting the parties from contacting one another in housing or work situations.

Determinations about whether to impose a one-way no contact order must be made on a case-by-case basis. If supportive measures are not provided, the Title IX coordinator must document in writing why this was clearly reasonable under the circumstances.

(8) "Summary suspension" means an emergency suspension of a student respondent pending investigation and resolution of disciplinary proceedings pursuant to the procedure and standards set forth in WAC 495A-121-062.

(9) "Sexual harassment," for purposes of this chapter, Title IX grievance procedures, occurs when a respondent engages in the following discriminatory conduct on the basis of sex:

(a) Quid pro quo harassment. A Bates Technical College employee conditioning the provision of an aid, benefit, or service of the college on an individual's participation in unwelcome sexual conduct.

(b) Hostile environment. Unwelcome conduct that a reasonable person would find to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to Bates Technical College's educational programs or activities or Bates Technical College employment.

(c) Sexual assault. Sexual assault includes the following conduct:

(i) Nonconsensual sexual intercourse. Any actual or attempted sexual intercourse (anal, oral, or vaginal), however slight, with any object or body part, by a person upon another person, that is without consent and/or by force. Sexual intercourse includes anal or vaginal penetration by a penis, tongue, finger, or object, or oral copulation by mouth to genital contact or genital to mouth contact.

(ii) Nonconsensual sexual contact. Any actual or attempted sexual touching, however slight, with any body part or object, by a person upon another person that is without consent and/or by force. Sexual touching includes any bodily contact with the breasts, groin, mouth, or other bodily orifice of another individual, or any other bodily contact in a sexual manner.

(iii) Incest. Sexual intercourse or sexual contact with a person known to be related to them, either legitimately or illegitimately, as an ancestor, descendant, brother, or sister of either wholly or half related. Descendant includes stepchildren and adopted children under the age of eighteen.

(iv) Statutory rape. Consensual intercourse between a person who is eighteen years of age or older, and a person who is under the age of sixteen.

(v) Domestic violence. Physical violence, bodily injury, assault, the infliction of fear of imminent physical harm, sexual assault, or stalking committed by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the state of Washington, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the state of Washington, RCW 26.50.010.

(vi) Dating violence, physical violence, bodily injury, assault, the infliction of fear of imminent physical harm, sexual assault, or stalking committed by a person:

(A) Who is or has been in a social relationship of a romantic or intimate nature with the victim; and

(B) Where the existence of such a relationship shall be determined based on a consideration of the following factors:

(I) The length of the relationship;

(II) The type of relationship; and

(III) The frequency of interaction between the persons involved in the relationship.

(vii) Stalking. Engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

(A) Fear for their safety or the safety of others; or

(B) Suffer substantial emotional distress.

(10) "Title IX administrators" are the Title IX coordinator, Title IX investigators, the student conduct officer, student/faculty disciplinary committee members, human resources disciplinary officer, hearing panel and/or neutral decision maker, and Bates Technical College-provided advisors assigned to the parties by the college during Title IX disciplinary proceedings.

(11) "Title IX coordinator" is responsible for processing Title IX complaints and conducting and/or overseeing formal investigations and informal resolution processes under this grievance procedure.

Among other things, the Title IX coordinator is responsible for:

(a) Accepting and processing all Title IX reports, referrals, and formal complaints.

(b) Executing and submitting a formal complaint when appropriate and necessary.

(c) Handling requests for confidentiality.

(d) Determining during the grievance procedure:

(i) Whether a formal complaint should be dismissed either in whole or in part, and if so;

(ii) Providing notice to both parties about why dismissal was necessary or desirable; and

(iii) Referring the claim to the appropriate disciplinary authority for proceedings outside the jurisdiction of Title IX.

(e) Maintaining accurate records of all claims, reports, and referrals, and retaining investigation files, claims, reports, and referrals in compliance with the applicable records retention schedules or federal or state law, whichever is longer.

(f) Conducting investigations or assigning and overseeing investigations.

(g) Engaging in an interactive process with both parties to identify and provide supportive measures that ensure during the investigation and disciplinary processes that the parties have equitable access to educational programs and activities and are protected from further discrimination or retaliation.

(h) Upon completion of an investigation, issuing or overseeing the issuance of a final investigation report to the parties and the appropriate disciplinary authority in compliance with this grievance procedure.

(i) Recommending nondisciplinary corrective measures to stop, remediate, and/or prevent recurrence of discriminatory conduct to disciplinary authorities and other college administrators.

NEW SECTION**WAC 495A-300-035 Principles for Title IX grievance procedure.**

(1) Respondent shall be presumed not responsible for the alleged conduct unless or until a determination of responsibility is reached after completion of the grievance and disciplinary processes.

(2) Before imposing discipline, the college is responsible for gathering and presenting evidence to a neutral and unbiased decision maker establishing responsibility for a Title IX violation by a preponderance of the evidence.

(3) The college shall treat both the complainant and respondent equitably by providing complainant with remedies against respondent who has been found responsible for sexual harassment through application of the institution's Title IX grievance and applicable Title IX disciplinary procedures and by providing respondent with Title IX procedural safeguards contained in this chapter, Title IX grievance procedures and in the applicable CP5920 - Title IX employee disciplinary hearing, CP5920PR - Title IX employee disciplinary hearing procedure, and chapter 495A-121 WAC, Student rights and responsibilities.

(4) The investigator shall base investigation results on all relevant evidence, including both exculpatory and inculpatory evidence.

(5) Formal and informal resolutions will be pursued within reasonably prompt time frames with allowances for temporary delays and extensions for good cause shown. Grounds for temporary delay include, but are not limited to, quarter breaks or medical leave. Good cause supporting a request for an extension includes, but is not limited to, a party, a party's advisor, or a witness being unavailable, concurrent law enforcement activity, and the need for language assistance or accommodation of disabilities. Both parties will receive written notice of any temporary delay or extension for good cause with an explanation of why the action was necessary.

(6) A respondent found responsible for engaging in sexual harassment may receive discipline up to and including dismissal from the college. A description of other possible disciplinary sanctions and conditions that may be imposed against students can be found in WAC 495A-121-044.

An employee found responsible for sexual harassment may receive discipline up to and including dismissal from employment. A description of possible disciplinary sanctions and conditions that may be imposed against employees can be found in the respective collective bargaining agreements and for the exempt employees under CP5920PR - Title IX employee disciplinary hearing procedure.

(7) In proceedings against a student respondent, the parties may appeal the student/faculty disciplinary committee's ruling to the president pursuant to WAC 495A-121-063 and Title IX student conduct procedures, WAC 495A-115-090.

(8) Title IX administrators may not require, allow, rely upon, or otherwise use questions or evidence that seeks disclosure of privileged communications, unless the privilege has been effectively waived by the holder. This provision applies, but is not limited to, information subject to the following:

- (a) Spousal or domestic partner privilege;
- (b) Attorney-client and attorney work product privileges;

- (c) Privileges applicable to members of the clergy and priests;

NEW SECTION

WAC 495A-300-055 Confidentiality. (1) The college will seek to protect the privacy of the complainant to the fullest extent possible, consistent with the legal obligation to investigate, take appropriate remedial and/or disciplinary action, and comply with the federal and state law, as well as Bates Technical College's policies and procedures. Although the college will attempt to honor complainant's requests for confidentiality, it cannot guarantee complete confidentiality. Determinations regarding how to handle requests for confidentiality will be made by the Title IX coordinator.

(2) The Title IX coordinator will inform and attempt to obtain consent from the complainant before commencing an investigation of alleged sexual harassment. If a complainant asks that their name not be revealed to the respondent or that the college not investigate the allegation, the Title IX coordinator will inform the complainant that maintaining confidentiality may limit the college's ability to fully respond to the allegations and that retaliation by the respondent and/or others is prohibited. If the complainant still insists that their name not be disclosed or that the college not investigate, the Title IX coordinator will determine whether the college can honor the request and at the same time maintain a safe and nondiscriminatory environment for all members of the college community, including the complainant. Factors to be weighed during this determination may include, but are not limited to:

- (a) The seriousness of the alleged sexual harassment;
- (b) The age of the complainant;
- (c) Whether the sexual harassment was perpetrated with a weapon;
- (d) Whether the respondent has a history of committing acts of sexual harassment or violence or has been the subject of other sexual harassment or violence complaints or findings;
- (e) Whether the respondent threatened to commit additional acts of sexual harassment or violence against the complainant or others; and
- (f) Whether relevant evidence about the alleged incident can be obtained through other means such as security cameras, other witnesses, physical evidence.

(3) If the college is unable to honor a complainant's request for confidentiality, the Title IX coordinator will notify the complainant of the decision and ensure that complainant's identity is disclosed only to the extent reasonably necessary to effectively conduct and complete the investigation in compliance with this grievance procedure.

(4) If the college decides not to conduct an investigation or take disciplinary action because of a request for confidentiality, the Title IX coordinator will evaluate whether other measures are available to address the circumstances giving rise to the complaint and prevent their recurrence and implement such measures if reasonably feasible.

[]

NEW SECTION

WAC 495A-300-060 Complaint resolution. The Title IX resolution processes are initiated when the Title IX coordinator's office receives a written complaint alleging that a respondent(s) sexually harassed a complainant and requesting that the college initiate an investigation (a formal complaint). A formal complaint must be either submitted by the complainant or signed by the Title IX coordinator on behalf of the complainant. Formal complaints submitted to the Title IX coordinator may be resolved through either informal or formal resolution processes. The college will not proceed with either resolution process without a formal complaint.

For purposes of this Title IX grievance procedure, the complainant must be participating in or attempting to participate in a Bates Technical College educational program or activity at the time the formal complaint is filed.

(1) Informal resolution. Under appropriate circumstances and if the impacted and responding parties agree, they may voluntarily pursue informal resolution during the investigation of a concern. Informal resolution is not appropriate when the allegations involve a mandatory reporting situation; an immediate threat to the health, safety or welfare of a member of the college community; or in cases where an employee is alleged to have sexually harassed a student.

If an informal resolution is appropriate, the impacted party and the responding party may explore remedies or resolution through:

(a) Guided conversations or communications conducted by the Title IX coordinator, designee, or a mutually agreed upon third party;

(b) Structured resolution process conducted by a trained mediator; or

(c) Voluntarily agreed on alterations to either or both of the parties' work or class schedules.

If the parties agree to an informal resolution process, the college will commence the process within ten workdays after the parties agree to this option and conclude within thirty workdays of beginning that process; subject to reasonable delays and extensions for good cause shown. The informal process is voluntary. Either the impacted or responding party may withdraw from the informal resolution process at any time, at which point the formal investigation process will resume.

If the impacted and responding party voluntarily resolve a report, the college will record the terms of the resolution in a written agreement signed by both parties and provide written notice to both parties that the report has been closed.

(2) Formal resolution. Formal resolution means that the complainant's allegations of sexual harassment will be subjected to a formal investigation by an impartial and unbiased investigator. The investigator will issue a report of the investigation findings. Upon completion of the investigation, the investigator will submit the final investigation report to the appropriate disciplinary authority to determine whether disciplinary proceedings are warranted.

[]

NEW SECTION

WAC 495A-300-065 Emergency removal. If a student respondent poses an immediate threat to the health and safety of the college community or an immediate threat of significant disruption to Bates Technical College's operations, the college's student conduct officer may summarily suspend a respondent pursuant to WAC 495A-121-062, pending final resolution of the allegations. Nothing in this grievance procedure prohibits the college from placing nonstudent employees on administrative leave pending final resolution of the allegations.

[]

NEW SECTION

WAC 495A-300-070 Investigation notices. Upon receiving a formal complaint and determining that allegations comport with Title IX complaints, the college will provide the parties with the following notices containing the following information:

(1) Notice of formal and informal resolution processes. A description of the college's grievance resolution procedures, including the informal resolution procedure.

(2) The investigator will serve the respondent and the complainant with a notice of investigation in advance of the initial interview with the respondent to allow the respondent sufficient time to prepare a response to the allegations and to inform the complainant that the college has commenced an investigation. The investigation notice will:

(a) Include the identities of the parties if known, a description of the conduct alleged constituting Title IX sexual harassment, and the time and location of the incident if known.

(b) Confirm that the respondent is presumed not responsible for the alleged conduct and that the college will not make a final determination of responsibility until after the grievance and disciplinary processes have been completed.

(c) Inform parties that they are both entitled to have an advisor of their own choosing, who may be an attorney.

(d) Inform parties they have a right to review and inspect evidence.

(e) Inform parties about student conduct code provisions and employment policies that prohibit students and employees from knowingly submitting false information during the grievance and disciplinary processes.

(3) Amended investigation notice. If during the course of the investigation, the college decides to investigate Title IX sexual harassment allegations about the complainant or respondent that are not included in the investigation notice, the college will issue an amended notice of investigation to both parties that includes this additional information.

(4) Interview and meeting notices. Before any interviewing or meeting with a party about Title IX allegations, the college shall provide the party at least forty-eight hours in advance with a written notice identifying the date, time, location, participants, and purpose of the interview or meeting with sufficient time for the party to prepare for the interview or meeting.

[]

NEW SECTION

WAC 495A-300-075 Investigation process—Dismissal. (1) Mandatory dismissal. The Title IX coordinator will dismiss the Title IX allegations, if during the course of a formal investigation under the Title IX grievance procedures, the investigator determines that the alleged misconduct in the formal complaint:

(a) Does not meet the definition of sexual harassment under Title IX, even if proved; or

(b) Did not occur in the context of a college education program or activity; or

(c) Occurred outside the United States.

(2) Discretionary dismissal. The college may dismiss a Title IX complaint in whole or in part, if:

(a) The complainant notifies the Title IX coordinator in writing that they would like to withdraw the formal complaint in whole or in part;

(b) The respondent is no longer enrolled with or employed by the college; or

(c) Specific circumstances prevent the college from gathering evidence sufficient to complete the investigation of the Title IX allegations in whole or in part.

(3) The Title IX coordinator will provide both parties written notice if Title IX allegations are dismissed with an explanation for the dismissal.

(4) Mandatory or discretionary dismissal of a Title IX complaint does not preclude the college from investigating and pursuing discipline based on allegations that a respondent violated other federal or state laws and regulations, Bates Technical College's conduct policies, and/or other codes and contractual provisions governing student and employee conduct.

[]

NEW SECTION

WAC 495A-300-080 Investigation process—Consolidation of formal complaints. When multiple sexual harassment allegations by or against different parties arise out of the same facts or circumstances, the college may consolidate the investigation of formal complaints, provided consolidation can be accomplished in compliance with confidentiality protections imposed by the Family Educational Rights and Privacy Act (FERPA). This includes instances in which complainant and respondent have lodged formal complaints against one another or when allegations of sexual assault are lodged by a single complainant against multiple respondents, or when multiple complainants lodge sexual assault complaints against single or multiple respondents.

[]

NEW SECTION**WAC 495A-300-085 Investigation process—Required procedures.**

During the investigation, the investigator:

(1) Will provide the parties with equal opportunity to present relevant statements, and other evidence in the form of fact or expert witnesses and inculpatory or exculpatory evidence.

(2) Will not restrict the ability of either party to discuss the allegations under investigation or gather and present relevant evidence, except when a no contact order has been imposed based on an individualized and fact specific determination that a party poses a threat to the health, safety, or welfare of another party and/or witness(es) or when contact with a party and/or witness(es) is prohibited by court order. A college-imposed no contact shall be no broader than is necessary to protect the threatened party or witness(es) and must provide the impacted party or their advisor with alternative means of gathering and presenting relevant evidence from the protected witness(es) and/or party.

(3) Will allow each party to be accompanied by an advisor of their choosing, who may be an attorney, to any grievance related meeting or interview. Advisors' roles during the investigation meetings or interviews will be limited to providing support and advice to the party. Advisors will not represent or otherwise advocate on behalf of the parties during the investigation process. An attorney representing a party must enter a notice of appearance with the Title IX coordinator and the investigator at least five workdays before the initial interview or meeting they plan to attend, so that the college can secure its own legal representation, if necessary.

(4) The investigator will provide both parties and their respective advisors with an equal opportunity to review the draft investigation report and to inspect and review any evidence obtained during the investigation that is directly related to the allegations raised in the formal complaint, including inculpatory or exculpatory evidence, regardless of its source, as well as evidence upon which the investigator does not intend to rely in the final investigation report. After disclosure, each party will receive ten workdays in which to submit a written response, which the investigator will consider prior to completion of the investigation report. If a party fails to submit a written response within ten workdays, the party will be deemed to have waived their right to submit comments, and the investigator will finalize the report without this information.

(5) The investigator will forward the final report to the Title IX coordinator, who will distribute the report and evidence to the parties, as well as the disciplinary authority responsible for determining whether pursuing disciplinary action is warranted.

AMENDATORY SECTION (Amending WSR 18-13-078, filed 6/15/18, effective 7/16/18)

WAC 415-104-480 Does my disability qualify me for a LEOFF Plan 2 catastrophic duty disability benefit? (1) If the department determines you are disabled and you became disabled in the line of duty, you qualify for a catastrophic duty disability if:

(a) The disability or disabilities that qualified you for a LEOFF Plan 2 duty disability benefit are so severe that considering your age, education, work experience, and transferable skills, you cannot engage in any other kind of substantial gainful activity in the labor market; and

(b) Your disability or disabilities have lasted or are expected to last at least twelve months, or are expected to result in your death.

(2) A person with multiple injuries/conditions, some duty-related and some not, could qualify for a catastrophic duty disability but only if the duty injury or injuries, standing on their own, are catastrophically disabling.

Examples:

- Totally disabled, but not from duty injury - Not eligible for catastrophic disability benefit.

A LEOFF Plan 2 member suffers a knee injury on duty, leaving ~~((them))~~ the member disabled from LEOFF employment. The knee injury, ~~((standing alone))~~ by itself, is not totally disabling. The member also suffers from amyotrophic lateral sclerosis (ALS) or Lou Gehrig's disease, a progressive neurodegenerative disease that ultimately leaves the member totally disabled. Pursuant to the ALS diagnosis the member is granted a full disability from the Social Security Administration. In this case the member would qualify for a duty disability, but not for a catastrophic disability ~~((since))~~ because the fully disabling condition, ALS, is not duty related.

- Totally disabled, duty injury totally disabling - Eligible for catastrophic disability benefits.

A LEOFF Plan 2 member suffers a knee injury while fishing. The knee injury, ~~((standing alone))~~ by itself, is neither duty related nor catastrophically disabling. The member also suffers severe burns while fighting a fire, leaving ~~((him/her))~~ the member fully disabled. The Social Security Administration grants the member a full disability based on ~~((his/her))~~ the member's total condition. The member qualifies for a LEOFF plan 2 catastrophic disability benefit because the burn injuries, ~~((standing alone))~~ by themselves, render ~~((him/her))~~ the member totally disabled.

(3) Medical insurance premium reimbursement is an additional benefit for a member who is catastrophically disabled in the line of duty (RCW 41.26.470). However, if you choose to withdraw one hundred fifty percent of your accumulated contributions pursuant to RCW 41.26.470(6) you are not entitled to the medical insurance premium reimbursement.

(4) If you receive catastrophic duty disability benefits, the department will periodically review your continued eligibility. If it is determined that you are no longer eligible, or if you fail to provide required documentation or cooperate with the review, your catastrophic duty disability benefit may be discontinued or converted to a different retirement status.

(a) Income review: At least annually, you must submit documentation to verify that your income from earnings is below the defined income threshold as defined in subsection (5)(c) of this section. The documentation must include a signed copy of your filed tax return showing income from all sources for the prior year. You must also notify the department within thirty calendar days of any changes in your income that could impact your eligibility including, but not limited to, wages and earnings from self-employment. (See subsection (5)(c), (d) and (f) of this section.)

(b) Medical review: The department will conduct a continuing disability review (CDR) at least once every three years until you reach age sixty-five. The department may increase the frequency of your CDRs if your condition is expected to improve, and reserves the right to require a CDR at any time at its discretion. The department may also waive the CDR if your disability is determined to be terminal.

(5) Definitions. As used in this section:

(a) **Catastrophically disabled** means the same as "totally disabled" as defined under RCW 41.26.470(9).

(b) **Continuing disability review (CDR)** means an assessment of your current medical condition to determine if it continues to be catastrophically disabling. The department's medical professional will review recent documentation, with supplemental assessment by external medical experts at the department's discretion.

(c) **Defined income threshold** means any substantial gainful activity that produces average earnings, as defined in (d) of this subsection, in excess of the federal Social Security disability standards, adjusted annually for inflation. Wages count toward earnings when they are earned, not when you receive them. Self-employment income counts when you receive it, not when you earn it.

(d) **Earnings** are any income or wages received, which are reportable as wages or self-employment income to the IRS.

~~((e))~~ (e) **Labor market** is the geographic area within reasonable commuting distance of where you were last gainfully employed or where you currently live, whichever provides the greatest opportunity for gainful employment.

~~((d))~~ (f) **Substantial gainful activity** describes a level of work activity and earnings. Substantial gainful activity is work activity that is both substantial and gainful, and it may be, but is not required to be, from work or self-employment. Earnings as defined in this section includes compensated work activity that meets or exceeds the defined income threshold:

(i) Work activity is substantial if it involves doing significant physical or mental activities. Your work activity may be substantial even if it is done on a part-time basis or if you do less, or get paid less, or have less responsibility than when you worked in your LEOFF position.

(ii) Work activity is gainful if it is work activity that you do for pay or profit. Work activity is gainful if it is the kind of work usually done for pay or profit, whether or not a profit is realized.

(iii) Generally, activities like taking care of yourself, household tasks, profits from rental income, hobbies, therapy, school attendance, club activities, or social programs are not substantial gainful activity.

~~((e) **Defined income threshold** means any substantial gainful activity that produces average earnings, as defined in (a) of this subsection, in excess of the federal Social Security disability standards, adjusted annually for inflation. Wages count toward earnings when they are earned, not when you receive them. Self-employment income counts when you receive it, not when you earn it.~~

~~(f))~~ (g) **Transferable skills** are any combination of learned or demonstrated behavior, education, training, work traits, and skills that you can readily apply. They are skills that are interchangeable among different jobs and workplaces.

OTS-2696.1

AMENDATORY SECTION (Amending WSR 20-02-056, filed 12/24/19, effective 1/1/20)

WAC 458-30-590 Rate of inflation—Publication—Interest rate—Calculation. (1) **Introduction.** This rule provides the rates of inflation discussed in RCW 84.34.330 and WAC 458-30-550 Exemption—Removal or withdrawal. It also explains the department of revenue's (department) obligation to annually publish a rate of inflation and the manner in which this rate is determined.

(2) **General duty of department - Basis for inflation rate.** Each year the department determines and publishes a rule establishing an annual rate of inflation. This rate of inflation is used in computing the interest that is assessed when farm and agricultural or timber land, which are exempt from special benefit assessments, is withdrawn or removed from current use classification.

(a) The rate of inflation is based on the implicit price deflator for personal consumption expenditures calculated by the United States Department of Commerce. This rate is used to calculate the rate of interest collected on exempt special benefit assessments.

(b) The rate is published by December 31st of each year and applies to all withdrawals or removals from the farm and agricultural or timber land classifications that occur the following year.

(3) **Assessment of rate of interest.** An owner of classified farm and agricultural or timber land is liable for interest on the exempt special benefit assessment. Interest accrues from the date the local improvement district is created until the land is withdrawn or removed from classification. Interest accrues and is assessed in accordance with WAC 458-30-550.

(a) Interest is assessed only for the time (years and months) the land remains classified under RCW 84.34.020 (2) or (3).

(b) If the classified land is exempt from the special benefit assessment for more than one year, the annual inflation rates are used to calculate an average rate of interest. This average is determined by adding the inflation rate for each year the classified land was exempt from the special benefit assessment after the local improvement district was created. The sum of the inflation rates is then divided by the number of years involved to determine the applicable rate of interest.

(c) Example. A local improvement district for a domestic water supply system was created in January (~~(1990)~~) 2010 and the owner used the statutory exemption provided in RCW 84.34.320. On July 1, (~~(1997)~~) 2017, the land was removed from the farm and agricultural classification. An average interest rate was calculated using the inflation rates for (~~(1990)~~) 2010 through (~~(1997)~~) 2017. The owner was then notified of the amount of previously exempt special benefit assessment, plus the average interest rate.

(4) **Rates of inflation.** The rates of inflation used to calculate the interest as required by WAC 458-30-550 are as follows:

WSR 21-01-214**PERMANENT RULES****DEPARTMENT OF HEALTH**

(Dental Quality Assurance Commission)

[Filed December 23, 2020, 10:51 a.m., effective January 23, 2021]

Effective Date of Rule: Thirty-one days after filing.

Purpose: WAC 246-817-601 through 246-817-660, dental infection control requirements. The dental quality assurance commission (commission) adopted rule amendments and new sections to incorporate many of the Centers for Disease Control and Prevention (CDC) recommendations for dental infection control standards to ensure patient safety including: (1) Written policies and procedures with annual staff training; (2) sterilization of low-speed hand piece motors; (3) sterilization of single use items when appropriate; (4) storage and wrapped packages, container, or cassette requirements; (5) identification of appropriate disinfectants; (6) high volume evacuation; and (7) water line testing.

The commission evaluated the CDC Guidelines for Infection Control in Dental Health-Care Settings - 2003 and the 2016 Summary of Infection Prevention Practices in Dental Setting - Basic Expectation for Safe Care guidelines as the basis for the adopted amendments and new sections. Case reports and public health events regarding the transmission of diseases from patient to patient, dental health care provider to patient, and patient to dental health care provider have been published that demonstrate risk that was either unrecognized in the past or new. A CNN October 11, 2016, article reported a pediatric dental office in California in 2016 had a plumbing change that created a dead end. Thirty children became severely ill due to Mycobacterium abscessum, out of several hundred patients treated that had been exposed. It was traced to that office and a biofilm in a pipe. Two children were permanently and severely injured. The evidence that biofilms were a hazard had been present for many years but the direct causation is difficult because there is often long latency. A strong educational component is necessary to prevent disease transmission.

These rule amendments are necessary to ensure the safety of the citizens of Washington. Bacteria resistant to all antibiotics and persistent on surfaces or skin are becoming more common and more dangerous. The adopted rule amendments and new sections are based on science, research, and best industry practice. As of 2019, thirty state dental boards already require that dental health care providers follow the CDC guidelines, it is reasonable for Washington state licensed dentists and dental health care providers to follow these well-tested guidelines for infection control and prevention in the dental practice setting.

A petition for rule making was received on July 5, 2016, requesting sterilizations of low-speed hand piece motors in WAC 246-817-620. The commission evaluated the request and determined the petition for rule-making recommendation would be considered during the collaborative rule-making process already in process. Sterilization of low-speed hand piece motors is included in the adopted rule.

Citation of Rules Affected by this Order: New WAC 246-817-615, 246-817-625, 246-817-635, 246-817-640, 246-817-645, 246-817-650, 246-817-655 and 246-817-660; repealing WAC 246-817-620 and 246-817-630; and amending WAC 246-817-601 and 246-817-610.

Statutory Authority for Adoption: RCW 18.32.002 and 18.32.0365.

At a minimum, the dentist must comply with the requirements defined in WAC 246-817-620 and 246-817-630))~~. The Centers for Disease Control and Prevention Guidelines for Infection Control in Dental Health-Care Settings 2003, MMWR Vol. 52, No. RR-17, and the Summary of Infection Prevention Practices in Dental Settings: Basic Expectations for Safe Care, March 2016, are the basis for these rules. Case reports and public health events regarding the transmission of diseases from patient to patient, practitioner to patient, and patient to practitioner have been published that demonstrate risks that were either unrecognized in the past or new. NEW SECTION

WAC 246-817-655 Sterilization and disinfection, environmental infection prevention and control. A practitioner shall:

(1) Follow the CDC *Guidelines for Infection Control in Dental Health-Care Settings* 2003, MMWR Vol. 52, No. RR-17, Appendix C for Methods for Sterilizing and Disinfecting Patient-Care Items and Environmental Surfaces, including:

(a) Clean and reprocess through disinfection or sterilization reusable critical, semicritical, and noncritical dental equipment and devices according to manufacturer instructions before use on another patient.

(i) Effective August 31, 2022, sterilization of low-speed hand piece motors after use on a patient is required.

(ii) Sterilization is not required for those sections of a battery operated hand piece system that cannot be sterilized according to manufacturer's instructions. However, battery operated hand piece systems that have specific engineering controls to isolate the sections that cannot be sterilized, render those sections "noncritical," must be used if commercially available; those sections that cannot be sterilized must be processed according to manufacturer's instructions between patient uses.

(b) Clean and reprocess through disinfection or sterilization reusable critical, semicritical, and noncritical dental equipment and devices according to manufacturer instructions.

(c) Clean and reprocess reusable dental equipment according to the manufacturer instructions.

(d) All disposable and single-use items, as labeled by the United State Food and Drug Administration, must be discarded after use on a single patient.

(i) Single-use items that need to be tested for size are not considered used unless cemented in the mouth. Single-use items can be cleaned or reprocessed (disinfected or sterilized) when following manufacturer's instructions.

(ii) If a single-use item is not used, but is contaminated or exposed to aerosols during the appointment by being placed on a surface ready to use, it may only be sterilized if the process of doing so does not compromise the efficacy of the item including, but not limited to, anesthetic carpules.

(2) Bag or wrap contaminated instruments in packages, containers, or cassettes in preparation for sterilization.

(a) Store sterile instruments and supplies in a covered or closed area.

(b) Wrapped packages, containers, or cassettes of sterilized instruments must be inspected before opening and use to ensure the packaging material has not been compromised.

(c) Wrapped packages, containers, or cassettes of sterilized instruments must be opened as close to the time of the procedure as possible. Opening in the presence of the patient is preferred.

(d) Instruments sterilized for immediate use do not mandate the use of a bag or a wrap. If the instrument is not used immediately, it must be bagged or wrapped.

(3) Use all mechanical, chemical, and biological monitors according to manufacturer instructions to ensure the effectiveness of the sterilization process.

(4) Test sterilizers by biological spore test method as recommended by the manufacturer on at least a weekly basis when scheduled patients are treated.

(a) In the event of a positive biological spore test, the licensed dentist shall take immediate remedial action as recommended by the manufacturer.

(b) A licensed dentist shall record biological spore tests and results either in the form of a log reflecting dates and person or persons conducting the testing or copies of reports from an independent testing entity. A licensed dentist shall maintain this documentation for a period of five years.

(5) Thoroughly rinse items such as impressions contaminated with blood or saliva. Place and transport items such as impressions to a dental laboratory off-site in a case containment device that is sealed and labeled.

(6) Disinfect all work surfaces after each patient.

(7) Disinfect using an intermediate-level disinfectant having, but not limited to, a tuberculocidal claim, when a surface is visibly contaminated with blood.

(8) Use only United States Environmental Protection Agency registered disinfectants or detergents/disinfectants with label claims for use in health care setting, following the manufacturer's instructions.

(9) Use high volume evacuation (HVE) whenever possible in all clinical situations expected to produce aerosol or spatter, such as, but not limited to, ultrasonics, high-speed hand pieces and air polishing devices. HVE equipment must be installed and maintained to manufacturer's specifications to ensure proper evacuation at the treatment site. HVE devices must be used as intended for HVE. A saliva ejector does not qualify as an HVE device.

(10) The following definitions apply to WAC 246-817-655.

(a) "Critical," "semicritical," and "noncritical" means categories given to patient care items including, but not limited to, dental instruments, devices, and equipment depending on the potential risk of infection associated with intended use.

(i) "Critical items" means those items used to penetrate soft tissue, contact bone, enter into or contact the bloodstream or other normally sterile tissue. Critical items must be sterilized by heat.

(ii) "Noncritical items" means those items used to contact intact skin. Noncritical items must be disinfected with United States Environmental Protection Agency registered hospital disinfectant or detergent.

(iii) "Semicritical items" means those items used to contact mucous membranes or nonintact skin. Semicritical items must be sterilized by heat if heat-tolerant, or by high-level disinfection if a semicritical item is heat-sensitive.

(b) "Disinfect" or "disinfection" means use of a chemical agent on inanimate objects, such as floors, walls, or sinks, to destroy virtually all recognized pathogenic microorganisms, but not necessarily all microbial forms such as bacterial endospores.

(c) "High-level disinfection" means disinfection that inactivates vegetative bacteria, mycobacteria, fungi, and viruses but not necessarily high numbers of bacterial spores.

(d) "High volume evacuation" or "HVE" means the equipment used to remove debris, aerosols, and liquids.

(e) "Remedial action" means manufacturer recommended action necessary to obtain a negative spore test result.

(f) "Sterilize" or "sterilization" means the use of heat, chemical, or other nonchemical procedure to destroy all microorganisms.

NEW SECTION

WAC 246-817-660 Dental unit water quality. (1) A licensed dentist shall use water for nonsurgical procedures that meets United States Environmental Protection Agency regulatory standards for drinking water of five hundred or less colony-forming units or CFUs/mL.

(2) A licensed dentist shall follow dental equipment manufacturer's instructions when testing the water delivery system for acceptable water quality. If manufacturer's instructions are unavailable, a licensed dentist shall test the water delivery system for acceptable

water quality quarterly. A licensed dentist shall test the water delivery system five to ten days after repair or changes in the plumbing system and again at twenty-one to twenty-eight days later.

(a) Effective December 1, 2021, all water lines must be tested.

(i) All water lines for each operatory or dental unit can be pooled as one single sample.

(A) A pooled sample must use an equal amount of water from each water line.

(B) A pooled sample can have up to ten water lines included.

(C) The number of water lines pooled into one sample must be documented.

(ii) All water lines for each operatory or dental unit can be tested individually.

(b) In the event of an unacceptable level of colony-forming units or CFUs, a licensed dentist shall take immediate remedial action. For the purposes of this section, remedial action means any action necessary to reduce the CFUs to five hundred or a lesser number currently recognized by the United States Environmental Protection Agency as acceptable for drinking water.

(c) A licensed dentist shall record the water delivery system testing and maintenance either in the form of a log reflecting dates and person or persons conducting the test or maintenance or copies of reports from an independent testing entity. A licensed dentist shall maintain this documentation for a period of five years.

Chapter 220-460 WAC COMMERCIAL WHALE WATCHING

NEW SECTION

WAC 220-460-010 Definitions. For the purposes of this chapter, the following definitions apply:

- (1) **Commercial whale watching.**

"Commercial whale watching" shall be defined as the act of taking, or offering to take, passengers aboard a vessel in order to view marine mammals in their natural habitat for a fee.

(2) **Commercial whale watching designated primary operator.**

"Commercial whale watching designated primary operator" shall be defined as the person identified on the application to operate the commercial whale watching vessel on behalf of the whale watching business.

(3) **Commercial whale watching alternate operator.**

"Alternate operators" shall be defined as individuals besides the designated primary operator who are designated to operate the vessel on behalf of the whale watching business.

(4) **Commercial whale watching vessel operators.**

"Commercial whale watching vessel operators" shall be defined to include operators of commercial vessels and kayak rentals that are engaged in the business of commercial whale watching. The term "operators" shall be used to identify primary operators and alternate operators who conduct commercial whale watching tours, including operators who direct the movement or positioning of any nonmotorized commercial whale watching vessels involved in a tour.

(5) **Commercial whale watching vessel.**

"Commercial whale watching vessel" shall be defined as any vessel that is being used as a means of transportation for individuals to engage in commercial whale watching.

"Vessel" includes aircraft while on the surface of the water, and every description of watercraft on the water that is used or capable of being used as a means of transportation on the water.

"Motorized commercial whale watching vessel" shall be defined as any vessel with an engine being used as a means of transportation for individuals to engage in commercial whale watching, regardless of whether the engine is in use. This definition includes sailboats with inboard or outboard motors.

"Nonmotorized commercial whale watching vessel" shall be defined as any vessel without an engine being used as a means of transportation for individuals to engage in commercial whale watching. This definition includes human-powered watercraft such as kayaks and paddleboards.

(6) **Group of southern resident killer whales.**

"Group of southern resident killer whales" is defined as a single southern resident killer whale or an assemblage of southern resident killer whales wherein each member is within one nautical mile of at least one other southern resident killer whale. Any individual(s) farther than one nautical mile constitutes a separate group.

(7) **Vicinity.**

"Vicinity" is defined as one-half nautical mile from all southern resident killer whales in the group. References to "vicinity" in this chapter do not permit operators to approach a southern resident killer whale closer than the statutorily defined distances in RCW 77.15.740.

(8) **Vicinity instance.** Each time any commercial whale watching vessel operating under a license enters within one-half nautical mile of a southern resident killer whale will count as one vicinity instance associated with that license.

(9) **Automatic identification system (AIS).** AIS refers to a maritime navigation safety communications system standardized by the International Telecommunication Union, adopted by the International Maritime Organization, that:

(a) Provides vessel information, including the vessel's identity, type, position, course, speed, navigational status and other safety-related information automatically to appropriately equipped shore stations, other ships, and aircraft;

(b) Receives automatically such information from similarly fitted ships, monitors and tracks ships; and

(c) Exchanges data with shore-based facilities.

(10) Inland waters of Washington.

"Inland waters of Washington" means Puget Sound and related inland marine waters, including all salt waters of the state of Washington inside the international boundary line between Washington and British Columbia, and lying east of the junction of the Pacific Ocean and the Strait of Juan de Fuca, and the rivers and streams draining to Puget Sound as mapped by water resource inventory areas 1 through 19 in WAC 173-500-040 as it exists on July 1, 2007.
