EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Order 21-34—Filed March 16, 2021, 1:12 p.m., effective March 16, 2021, 1:12 p.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: Amends rules for Puget Sound commercial sea urchins.

Citation of Rules Affected by this Order: Repealing WAC 220-340-75000C; and amending WAC 220-340-750.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This emergency rule closes harvest of red sea urchins in Sea Urchin Management District 4 (23C) because the quota for red sea urchin in this area has been reached. This closure is needed to fulfill obligations of state and tribal comanager agreements. Immediate adoption of this rule is necessary for the preservation of the public health, safety, or general welfare. Observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to public interest. There is insufficient time to adopt permanent rules.
