AMENDATORY SECTION (Amending WSR 07-23-130, filed 11/21/07, effective 1/1/08)

WAC 192-300-220 What unemployment taxes apply to professional employer organizations and client employers? (1) Effective January 1, 2008, each professional employer organization and each client employer shall be assigned an individual tax rate based on its own experience.

(2)(a) This subsection applies to professional employer organizations and client employers which have a coemployment relationship as of January 1, 2008.

(b) Except as provided in (d) and (e) of this subsection, the tax rate for professional employer organizations and client employers shall be determined on the basis that the client employer transferred from the professional employer organization effective January 1, 2008. A client employer's proportionate experience (benefits charged and taxable payroll) for the entire first quarter beginning January 1, 2008, shall transfer to the client employer. On or after January 1, 2008, experience shall transfer to a client employer regardless of whether the professional employer organization was the base year employer prior to that date.

(c) The client employer's tax rate shall remain unchanged for the remainder of the rate year in which the transfer occurred.

(d) Client employers that are qualified employers under RCW 50.29.010 or are delinquent under RCW 50.29.025 (~~((+2))~~) (1)(c)(i) and that joined a professional employment organization after the computation date of July 1, 2007, shall be assigned their own tax rate for 2008 as if they had not joined the professional employer organization. Any experience from July 1, 2007, to December 31, 2007, assigned to the professional employer organization for those client employers shall transfer to the client employer for purposes of setting future rates.

(e) If an employer is registered with the department and has its own tax rate, but is also a client employer for purposes of some of its employees, it shall keep its own tax rate for 2008 and that rate shall apply to all its employees. Any employees of a client employer that is in a coemployment relationship with a professional employer organization shall be considered a branch account under the registered employer.

(f) Beginning on January 1 of the year after the transfer, the client employer's tax rate for each rate year shall be based on a combination of:

(i) The client employer's experience with payrolls and benefits; and

(ii) The experience assigned to the professional employer organization which is attributable to the client employer, based on the percentage of employees transferred as of January 1, 2008, regardless of the date the client employer joined the professional employer organization.

(g) (i) The professional employer organization's tax rate on any payroll retained by the professional employer organization shall remain unchanged for the remainder of the year in which the transfer occurs.

(ii) Beginning on January 1 of the year after the transfer, the professional employer organization's tax rate for each rate year shall be based on its experience with payrolls and benefits as of the regular computation date for that rate year excluding the experience that has been attributed to client employers.

[Statutory Authority: RCW 50.12.010 and 50.12.040. WSR 07-23-130, § 192-300-220, filed 11/21/07, effective 1/1/08.]

OTS-2946.1

AMENDATORY SECTION (Amending WSR 17-14-077, filed 6/29/17, effective 7/30/17)

WAC 192-320-036 How are unemployment insurance tax rates determined for employers who are delinquent on taxes or reports, beginning in rate year 2011?

(1) An employer that has not submitted by September 30th all reports, taxes, interest, and penalties required under Title 50 RCW for the period preceding July 1st of any year is not a "qualified employer."

(2) For purposes of this section, the department will disregard unpaid taxes, interest, and penalties if:

(a) The unpaid taxes, interest, and penalties add up to less than either one hundred dollars or one-half of one percent of the employer's total tax reported for the twelve-month period immediately preceding July 1st. These minimum amounts only apply to taxes, interest, and penalties, not failure to submit the required tax and wage reports; or

(b) The unpaid taxes, interest, and penalties were found in a voluntary audit unless the department determines the employer did not make a good faith effort to comply with the law.

(3) (a) Under RCW 50.29.080, the department may redetermine an employer's previously assigned tax rate and retroactively assign delinquent tax rates to prior years if the department discovers an employer did not correctly report its taxes and wages.

(b) In the event an employer does not register with the department, the department may assign the delinquent tax rate beginning the calendar year after the July 1st following the first quarter an employer paid wages.

(4) (a) This section does not apply if the otherwise qualified employer shows to the satisfaction of the department that he or she acted in good faith and that applying the delinquent tax rate would be inequitable. This exception is to be narrowly construed to apply at the sole discretion of the department. The department's decision will be subject to review only under the arbitrary and capricious standard and will be reversed in administrative proceedings only for manifest injustice.

(b) If the department finds the employer knew or should have known its actions or inactions would result in a failure to submit all reports, taxes, penalties and interest by September 30th, then the department will find that an employer did not act in good faith and that application of the delinquent tax rate will not be inequitable.

(c) In determining if an employer acted in good faith and if application of the delinquent tax rate would be inequitable, the department may consider all facts surrounding the delinquent reports, taxes, penalties and interest.

(i) The department will consider the following factors when determining if an employer acted in good faith and if application of the delinquent tax rate will be inequitable. No single factor is conclusive. The factors include, but are not limited to:

(A) Whether there were events beyond the employer's reasonable control;

(B) Whether departmental error led to the delinquency;

(C) Whether the employer made only isolated errors instead of repeated errors;

(D) If the employer was a domestic service employer under RCW 50.04.160;

(E) Whether the employer, upon learning of the delinquency, made a diligent effort to pay overdue taxes, penalties, and interest and file overdue reports within ninety days;

(F) The amount of taxes, penalties and interest an employer failed to pay compared to the amount of taxes an employer reported and paid during the same time period;

(G) The number of employees an employer failed to report compared to the number of employees an employer reported during the same time period;

(H) The additional amount of taxes, penalties, and interest resulting from the application of delinquent tax rates compared to the amount of taxes, penalties, and interest the employer failed to pay originally.

(ii) The department will not consider the following factors when determining if an employer acted in good faith and if application of the delinquent tax rate would be inequitable:

(A) An employer's lack of available funds to pay taxes, penalties, and interest;

(B) Delay by the employer or its representative in opening mail or receiving other notices from the department relating to tax filing and payment.

(5) (a) An employer that is not a "qualified employer" because of failure to pay contributions when due will be assigned the array calculation factor rate it would otherwise have had if it had not been delinquent, plus an additional one percent. If the employer fails to pay contributions when due for a second or more consecutive year, it will be assigned the array calculation factor rate it would otherwise have had if it had not been delinquent, plus an additional two percent.

(b) If the employer fails to provide quarterly tax reports and the department cannot otherwise calculate what tax rate the employer would otherwise have had if it had not been delinquent, the department will use the higher of the rate calculated under RCW 50.29.025 (~~((+2))~~) (1)(d) (NAICS rate with one percent minimum) or the last annual rate assigned to the employer.

(c) The higher rate for an employer in (a) of this subsection will not apply if the employer enters a deferred payment contract approved by the agency by September 30th of the previous rate year.

(d) If, after September 30th of the previous rate year and within thirty days after the date the department sent its first subsequent tax rate notice to the employer, an employer in (a) of this subsection pays all amounts owed or enters a deferred payment contract approved by the department, the additional rate will be one-half percent less than it would otherwise have been in (a) of this subsection. "First subsequent tax rate notice to the employer" means the first notice to the employer assigning that specific delinquent tax rate, regardless of whether the notice is part of the department's annual tax rate run.

(e) If an employer with an approved deferred payment contract fails to make any one of the payments or fails to submit any tax report and payment in a timely manner, the employer's tax rate will immediately revert to the rate in (a) of this subsection.

(6) An employer that is not a "qualified employer" because of failure to pay contributions when due will be assigned a social cost factor rate in rate class 40. The tax rate caps for "qualified employers" in RCW 50.29.025 will not apply either to the calculation of the social cost factor rate in rate class 40 or to the sum of the array calculation factor rate and the graduated social cost factor rate for employers that are not "qualified employers."

(7) An employer that is not a "qualified employer" because it is a successor and its predecessor was not a "qualified employer" will be assigned rates based on its successor status.

(8) Assignment of the rate for delinquent taxes is not considered a penalty that is subject to waiver under WAC 192-310-030.

[Statutory Authority: RCW 50.12.010 and 50.12.040. WSR 17-14-077, § 192-320-036, filed 6/29/17, effective 7/30/17; WSR 10-23-065, § 192-320-036, filed 11/12/10, effective 12/13/10.]

OTS-2493.1

AMENDATORY SECTION (Amending WSR 10-23-064, filed 11/12/10, effective 12/13/10)

WAC 192-320-070 What conditions apply for relief of benefit charges due to a voluntary quit? (RCW 50.29.021.) (1) A contribution-paying base year employer, who has not been granted relief of charges under RCW 50.29.021(~~((+3))~~) (2), may request relief of charges for a voluntary quit not attributable to the employer under RCW 50.29.021(~~((+4))~~) (3) and WAC 192-320-065. This section does not apply to local governments.

(2) **Reasons for a voluntary quit not attributable to the employer.** A claimant may have been denied unemployment benefits for volun-

tarily quitting work without good cause, but subsequently requalify for unemployment benefits through work and earnings. Even if the claimant has requalified for benefits, the following reasons for leaving work will be considered reasons not attributable to the employer:

- (a) The claimant's illness or disability or the illness, disability or death of a member(s) of the claimant's immediate family;
- (b) The claimant's domestic responsibilities;
- (c) Accepting a job with another employer;
- (d) Relocating for a spouse's or domestic partner's employment;
- (e) Starting or resuming school or training;
- (f) Being in jail;
- (g) The distance to the job site when the job was accepted and the distance at the time of the quit remained the same; or the job location may have changed but the distance traveled or difficulty of travel was not increased;
- (h) Being dissatisfied with wages, hours or other working conditions generally known when the job was accepted; and the working conditions are determined suitable for the occupation in the claimant's labor market; and
- (i) Separation necessary to protect the claimant or any member of the claimant's immediate family from domestic violence or stalking; and
- (j) Entry into an apprenticeship program approved by the Washington state apprenticeship training council.

(3) **Reasons for a voluntary quit considered attributable to employer** are those work-related factors of such a compelling nature as to cause a reasonably prudent person to leave employment. The work factors must have been reported to the employer if the employer has reasons not to be aware of the conditions, and the employer failed to improve the factors within a reasonable period of time. The reason for quitting may or may not have been determined good cause for voluntarily leaving work under RCW 50.20.050. For benefit charging purposes, however, such work-related factors may include, but are not limited to:

- (a) Change in work location which causes an increase in distance and/or difficulty of travel, but only if it is clearly greater than is customary for workers in the individual's classification and labor market;
- (b) Deterioration of work site safety provided the employee has reported such safety deterioration to the employer and the employer has failed to correct the hazards within a reasonable period of time;
- (c) Employee skills no longer required for the job;
- (d) Unreasonable hardship on the health or morals of the employee;
- (e) Reductions in hours;
- (f) Reduction in pay;
- (g) Notification of impending layoff; and
- (h) Other work-related factors the commissioner considers pertinent.

(2) (a) Under RCW 50.29.062 (2) (b), if the successor is not an employer at the time of the transfer of a business and if the transfer occurs after January 1, 2005, the successor's tax rate for the rest of the calendar year shall be the same as the predecessor employer at the

time of the transfer. Any experience attributable to the predecessor shall be transferred to the successor.

(b) Under RCW 50.29.062 (2)(b)(ii), if there is a substantial continuity of ownership, control, or management by the successor, beginning on January 1 after the transfer, the successor's tax rate shall be based on a combination of the successor's experience and the transferred experience from the predecessor.

(c) Under RCW 50.29.062 (2)(b)(i), if there is not a substantial continuity of ownership, control, or management by the successor, beginning on January 1 after the transfer, the successor's tax rate shall be assigned under RCW 50.29.062 (2)(b)(i)(B). However, if the predecessor terminates business on December 31st of any year and the successor begins business on January 1st of the next year, the department will calculate tax rates as if the transfer occurred on January 1st. Therefore, the department will assign a tax rate to the predecessor for January 1st and that rate will transfer to the successor.

(3) If the successor simultaneously acquires businesses from two or more employers with different tax rates, the successor's tax rate shall be assigned under RCW 50.29.062 (2)(b)(iii).

(4) The tax rate on any payroll retained by a predecessor employer shall remain unchanged for the rest of the rate year in which the transfer occurs. Beginning on January 1 after the transfer, the predecessor's tax rate shall be assigned under RCW 50.29.062 (~~(3)(b)~~) (2)(c)(ii).

(5) Changes in rate class for a predecessor or successor are effective only for the rate year the information was provided and for subsequent rate years.

(6) This section does not apply to a transfer of less than one percent of a business.

(7) This section does not apply if there is "SUTA dumping" under RCW 50.29.063.

OTS-2916.1

AMENDATORY SECTION (Amending WSR 20-20-036, filed 9/30/20, effective 9/30/20)

WAC 458-20-241 Radio and television broadcasting. (1) Introduction.

(a) This section provides tax reporting instructions for persons in the radio and television broadcasting industry. It explains the application of business and occupation (B&O) tax, retail sales tax, and use tax to the industry and provides an explanation of the various deductions available.

(b) For a discussion of the tax liabilities of subscriber television services, see WAC 458-20-227.

(c) For a discussion of the taxability of digital products, see WAC 458-20-15503.

(2) **Definitions.** For the purpose of this rule:

(a) "Broadcast" or "broadcasting" includes both radio and television commercial broadcasting stations unless it clearly appears from the context to refer only to radio or television.

(b) "Local advertising" means all broadcast advertising other than national, network, or regional advertising as herein defined.

(c) "National advertising" means broadcast advertising paid for by sponsors that supply goods or services on a national or international basis.

(d) "Network advertising" means broadcast advertising originated by national or regional broadcast networks from outside the state of Washington, the broadcast advertising being supplied by national or regional network broadcasting companies.

(e) "Regional advertising" means broadcast advertising paid for by sponsors that supply goods or services on a regional basis over two or more states.

(3) **Business and occupation tax classifications.** Persons in the radio and television broadcasting industry must report business and occupation (B&O) tax based on the B&O classification of their income, as follows:

(a) **Radio and television broadcasting.** Gross income from the sale of radio or television advertising is taxable under the radio and television broadcasting classification, subject to the deduction authorized under RCW 82.04.280 (1)(f)(i) or (ii). (See subsection (4)(b) of this section for more information on the deduction);

(b) **Service and other activities.** Gross income from personal or professional services not taxed under a different classification, such as gross income from producing and making custom commercials or (~~custom-made programming~~) special programs, fees for providing writers, directors, artists, and technicians, and granting a license to use facilities (as distinct from the leasing or renting of tangible personal property, see WAC 458-20-211) is taxable under the service and other classification;

(c) **Royalties.** Gross income from charges to other broadcasters for granting the right to use intangible property (e.g., the right to use broadcast material) is taxable under the royalties classification;

(d) **Retailing or wholesaling.** Gross income from sales of tangible personal property to consumers, including gross proceeds from sales of films and tape produced for general distribution and from sales of copies of commercials, programs, films, etc., is taxable under the retailing classification even though the original was not subject to retail sales tax. Gross income from sales of tangible personal property to persons other than consumers is taxable under the wholesaling classification. Gross income from the sale of custom-made programs, commercials, films, etc., is taxable under the service and other activities classification; and

(e) **Manufacturing.** The value of special programs, such as public affairs, religious, travelogues, and other general programming, which are distributed via tangible media to other broadcasters under a lease or contract granting a mere license to use, is taxable under the manufacturing classification. (For a discussion of the taxability of digital products transferred electronically, see WAC 458-20-15503.) Manufacturing B&O tax does not apply to a recording made for the broad-

caster's own use, including news, delayed programs, commercials and promotions, special and syndicated programming, and "entire day" programming.

(4) **Deductions from gross income from advertising.**

(a) **Agency fees.** It is a general trade practice in the broadcasting industry to make allowances to advertising agencies in the form of the deduction or exclusion of a certain percentage of the gross charge made for advertising ordered by the agency for the advertiser. This allowance is deductible as a discount in the computation of the broadcaster's tax liability in the event that the allowance is shown as a discount or price reduction in the billing or that the billing is on a net basis, i.e., less the discount.

(b) **Gross receipts from national, network, and regional advertising.** The broadcasting station may deduct actual gross receipts from national, network, and regional advertising, as included in the gross amount reported under radio and television broadcasting, either by using the "standard deduction" or by itemization of the individual broadcasting station's actual receipts.

(i) The "standard deduction" for gross receipts from national, network, and regional advertising as provided by RCW 82.04.280, is a percentage based on the national average of national, network, and regional advertising as reported by the United States Census Bureau's economic census. The standard deduction percentage must be published by the department by rule by September 30, 2020, and by September 30th of every fifth year thereafter. The standard deduction percentage as of September 30, 2020, is sixty-two percent.

(ii) As an alternative to using the standard deduction in (b) (i) of this subsection, a broadcasting station may opt to deduct gross receipts from national, network, and regional advertising (~~on an~~) by itemizing the actual receipts therefrom.

(c) **Allocation of local advertising revenues.** Revenues from local advertising may be allocated to remove from the tax base the gross income from advertising that is intended to reach potential customers of the advertiser who are located outside the state of Washington.

(i) **Presumption.** It will be presumed that the entire gross income of radio and television stations located within the state of Washington from local advertising is subject to tax unless the taxpayer submits proof to the department that some portion of such income is exempt according to the principles set forth herein and until a specific allocation formula has been approved by the department.

(ii) **Method of allocation.**

(A) When the total daytime listening area of a radio or television station extends beyond the boundaries of the state of Washington, the allowable deduction is that portion of revenue represented by the out-of-state audience computed as a ratio to the broadcasting station's total audience as measured by the .5 millivolt/meter signal strength contour for AM radio, the one millivolt/meter or sixty dBu signal strength contour for FM radio, the twenty-eight dBu signal strength contour for television channels two through six, the thirty-six dBu signal strength contour for television channels seven through thirteen, and the forty-one dBu signal strength contour for television channels fourteen through sixty-nine with delivery by wire, satellite, or any other means, if any. The out-of-state audience may therefore be determined by delivery "over the air" and by community antenna television systems. However, community antenna television audiences may not be claimed by a station in the same area in which it claims an audi-

ence served over the air, thus eliminating a claim for double exemption.

(B) The most current United States and Canadian census figures must be used to determine the in-state and out-of-state audience.

(C) In the event that community antenna television subscribers are claimed as part of the out-of-state audience, the name of the systems, the location, and the number of subscribers must be provided to the department upon request. The number of subscribers will be multiplied by a factor of 2.5, representing the average size household.

(D) Upon request by the department, the broadcasting station must submit documentation substantiating the computation of the out-of-state exclusion to the department, as directed.

(5) **Retail sales tax.**

(a) Purchases by broadcasters of equipment, supplies and materials for the broadcaster's own use and not for resale are subject to the retail sales tax. This includes purchases of raw or unprocessed film, magnetic tape, DVDs, and other transcription material.

(b) If the tapes, films, etc., upon which the sales tax has been paid are later sold by the broadcaster in the regular course of business, the provisions of WAC 458-20-102 concerning purchases for dual purposes will apply.

(c) The broadcaster must collect retail sales tax on sales to consumers of packaged films, programs, etc., produced for general distribution, including training and industrial films, and also on sales of copies of films, commercials, programs, etc., even though the original was not subjected to retail sales tax.

(6) **Use tax.**

(a) Acquisition or exercise of the right to broadcast material under a right or license granted by lease or contract is not the use of tangible personal property by the broadcaster and the use tax is not applicable.

(b) Broadcasters of radio and television programs are subject to use tax on the value of articles manufactured or produced by them for their own use (excluding custom produced commercials or special programs which include, but is not necessarily limited to, recordings of news, delayed programs, commercials and promotions, special and syndicated programming, and "entire day" programming) and on the use of tangible personal property purchased or acquired under conditions whereby the retail sales tax has not been paid. The broadcaster is liable for use tax on the value (cost of production) of programming when the broadcaster sells merely the right to broadcast such material under a right or license granted by lease or contract.
