EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Order 21-132—Filed July 28, 2021, 7:57 a.m., effective September 11, 2021]

Effective Date of Rule: September 11, 2021.

Purpose: The purpose of this emergency rule is to open recreational sturgeon retention seasons in the Columbia River and Cowlitz River.

Citation of Rules Affected by this Order: Amending WAC 220-312-060.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This rule is needed to allow a limited harvest of white sturgeon in the Columbia River estuary. The legal-size population is large enough to allow for a retention fishery within the lower Columbia River. This action is consistent with decisions made by the states of Washington and Oregon during the Columbia River compact hearing on March 23, 2021. This action was restated in the Oregon and Washington departments of fish and wildlife joint staff reports on May 18, May 25, June 10, and July 7, 2021. There is insufficient time to adopt permanent regulations.
