(c) If it is determined, through an appropriate evaluation, that a student has one of the disabilities identified in (a) of this subsection, but only needs a related service and not special education services, the student is not a student eligible for special education services under this chapter. School districts and other public agencies must be aware that they have obligations under other federal and state civil rights laws and rules, including 29 U.S.C. 764, RCW 49.60.030, and 43 U.S.C. 12101 that apply to students who have a disability regardless of the student's eligibility for special education and related services.

(d) Speech and language pathology, audiology, physical therapy, and occupational therapy services, may be provided as specially designed instruction, if the student requires those therapies as specially designed instruction, and meets the eligibility requirements which include a disability, adverse educational impact and need for specially designed instruction. They are provided as a related service under WAC 392-172A-01155 when the service is required to allow the student to benefit from specially designed instruction.

(e) Special education services may not be solely based on the disability category for which the student is eligible.

(2) The terms used in subsection (1)(a) of this section are defined as follows:

(a)(i) Autism means a developmental disability significantly affecting verbal and nonverbal communication and social interaction, generally evident before age three, that adversely affects a student's educational performance. Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory experiences.

(ii) Autism does not apply if a student's educational performance is adversely affected primarily because the student has an emotional/behavioral disability, as defined in subsection (2)(e) of this section.

(iii) A student who manifests the characteristics of autism after age three could be identified as having autism if the criteria in (a)(i) of this subsection are satisfied.

(b) (~~((Deaf-blindness))~~) Deafblindness means concomitant (~~((hearing))~~) deafness and visual impairments, the combination of which causes such severe communication and other developmental and educational needs that (~~((they))~~) a student's educational performance is adversely affected and the student cannot be accommodated in special education programs solely for students with deafness or students with blindness (~~((and adversely affect a student's educational performance))~~).

(c) Deafness means a (~~((hearing impairment that is so))~~) student who is deaf or hard of hearing which manifests in severe (~~((that the student is impaired in))~~) difficulty processing linguistic information through hearing, with or without amplification, that adversely affects a student's educational performance.

(A) Two standard deviations below the mean in one or more of the five developmental areas; or

(B) One and one-half standard deviations below the mean in two or more of the five developmental areas.

(D) Social or emotional development: The ability to develop and maintain functional interpersonal relationships and to exhibit age appropriate social and emotional behaviors; and

(E) Adaptive development: The ability to develop and exhibit age-appropriate self-help skills, including independent feeding, toileting, personal hygiene and dressing skills.

(iii) A school district is not required to adopt and use the category "developmentally delayed" for students, three through ~~((eight))~~ nine.

(iv) If a school district uses the category "developmentally delayed," the district must conform to both the definition and age range of three through ~~((eight))~~ nine, established under this section.

(v) School districts using the category "developmentally delayed," for students three through ~~((eight))~~ nine may also use any other eligibility category.

(vi) Students who qualify under the developmental delay eligibility category must be reevaluated before age ~~((nine))~~ ten and determined eligible for services under one of the other eligibility categories in order to continue receiving special education services.

(vii) The term "developmentally delayed, birth to three years" are those infants and toddlers under three years of age who:

(A) Meet the eligibility criteria established by the state lead agency under Part C of IDEA; and

(g) Intellectual disability means significantly subaverage general intellectual functioning, existing concurrently with deficits in adaptive behavior and manifested during the developmental period, that adversely affects a student's educational performance.

(h) Multiple disabilities means concomitant impairments, the combination of which causes such severe educational needs that they cannot be accommodated in special education programs solely for one of the impairments. The term, multiple disabilities does not include (~~deaf-blindness~~) deafblindness.

(i) Orthopedic impairment means a severe orthopedic impairment that adversely affects a student's educational performance. The term includes impairments caused by a congenital anomaly, impairments caused by disease (e.g., poliomyelitis, bone tuberculosis), and impairments from other causes (e.g., cerebral palsy, amputations, and fractures or burns that cause contractures).

(j) Other health impairment means having limited strength, vitality, or alertness, including a heightened alertness to environmental stimuli, that results in limited alertness with respect to the educational environment, that:

Traumatic brain injury applies to open or closed head injuries resulting in impairments in one or more areas, such as cognition; language; memory; attention; reasoning; abstract thinking; judgment; problem solving; sensory, perceptual, and motor abilities; psychosocial behavior; physical functions; information processing; and speech. AMENDATORY SECTION (Amending WSR 17-23-054, filed 11/9/17, effective 12/10/17)

WAC 392-172A-02090 Personnel qualifications. (1) All school district personnel providing special education services and/or related services shall meet the following qualifications:

(a) All employees shall hold such credentials, licenses, certificates, endorsements or permits as are now or hereafter required by the professional educator standards board for the particular position of employment and shall meet such supplemental standards as may be established by the school district of employment. Supplemental standards established by a district or other public agency may exceed, but not

be less than, those established by the professional educator standards board in accordance with Title 181 WAC and this section.

(b) In addition to the requirement in (a) of this subsection, all special education (~~teachers~~) personnel providing, designing, supervising, monitoring or evaluating the provision of special education services shall possess "substantial professional training." "Substantial professional training" as used in this section shall be evidenced by issuance of an appropriate special education endorsement (or early childhood special education endorsement, deaf education endorsement, deaf education with American sign language proficiency endorsement, teacher of the visually impaired endorsement) on an individual teaching certificate issued by the OSPI, professional education and certification section.

(c) A teacher will be considered to meet the applicable requirements in (a) and (b) of this subsection if that teacher is participating in an alternative route to a special education certification program under which the teacher:

(i) Receives high-quality professional development that is sustained, intensive, and classroom-focused in order to have a positive and lasting impact on classroom instruction, before and while teaching;

(ii) Participates in a program of intensive supervision that consists of structured guidance and regular ongoing support for teachers or a teacher mentoring program;

(iii) Assumes functions as a teacher only for a specified period of time not to exceed three years; and

(iv) Demonstrates satisfactory progress toward full certification according to the state professional educator standards board rules, and the state ensures, through its certification and endorsement process, that the provisions of subsection (2) of this section are met.

(d) Other certificated related services school personnel providing specially designed instruction or related services as defined in this chapter, shall meet standards established under the educational staff associate rules of the professional educator standards board, as now or hereafter amended.

(e) Employees with only an early childhood special education endorsement may be assigned to programs that serve students birth through eight. Preference for an early childhood special education assignment must be given first to employees having early childhood special education endorsement, but may be assigned to an individual with a special education endorsement.

(f) Certified and/or classified staff assigned to provide instruction in Braille, the use of Braille, or the production of Braille must demonstrate competency (~~(with grade two standard literary Braille code)~~) by successful completion of a test approved by the professional educator standards board pursuant to WAC 181-82-130.

(g) Certified and/or classified staff assigned as educational interpreters, must meet the performance standards outlined in RCW 28A.410.271 by passing an educational interpreter assessment approved by the professional educator standards board.

(h) (~~Paraprofessional~~) Paraeducator staff and aides shall present evidence of skills and knowledge established under the rules of the professional educator standards board, necessary to meet the needs of students eligible for special education services, and shall be under the supervision of a certificated teacher with a special education endorsement, or a certificated educational staff associate or a licensed staff, as provided in (i) of this subsection. (~~Paraprofes-~~

sional)) Paraeducator staff assigned to Title 1 (~~(school-wide)~~) schoolwide programs shall also meet ESEA standards for (~~(paraprofessionals)~~) paraeducators.

(i) Special education and related services must be provided by appropriately qualified staff. Other staff including general education teachers and (~~(paraprofessionals)~~) paraeducators may assist in the provision of special education and related services, provided that the instruction is designed and supervised by special education certificated staff (or early childhood special education certificated staff, deaf education certificated staff, deaf education with American sign language proficiency certificated staff, teacher of the visually impaired certificated staff), or for related services by a certificated educational staff associate. Student progress must be monitored and evaluated by special education certificated staff or for related services, a certificated educational staff associate.

(2) School districts must take measurable steps to recruit, hire, train, and retain personnel, who meet the applicable requirements described in subsection (1)(a) of this section, to provide special education and related services to students eligible for special education services. There may be occasions when, despite efforts to hire or retain teachers who meet the applicable requirements, they are unable to do so. The following options are available in these situations:

(a) Teachers who meet (~~(state)~~) professional educator standards board criteria pursuant to WAC 181-82-110(3) as now or hereafter amended, are eligible for a preendorsement waiver. Application for the special education preendorsement waiver shall be made to the special education (~~(section)~~) division at the OSPI.

(b) In order to temporarily assign a classroom teacher without a special education endorsement to a special education position, the district or other public agency must keep written documentation on the following:

(i) The school district must make one or more of the following factual determinations:

(A) The district or other public agency was unable to recruit a teacher with the proper endorsement who was qualified for the position;

(B) The need for a teacher with such an endorsement could not have been reasonably anticipated and the recruitment of such a classroom teacher at the time of assignment was not reasonably practicable; and/or

(C) The reassignment of another teacher within the district or other public agency with the appropriate endorsement to such assignment would be unreasonably disruptive to the current assignments of other classroom teachers or would have an adverse effect on the educational program of the students assigned such other classroom teachers.

(ii) Upon determination by a school district that one or more of these criteria can be documented, and the district determines that a teacher has the competencies to be an effective special education teacher but does not have endorsement in special education, the district can so assign the teacher to special education. The school district is responsible for determining that the assigned teacher must have completed (~~(nine quarter hours (six semester hours))~~) ninety continued education credit hours of course work applicable to an endorsement in special education.

(iii) Pursuant to WAC 181-82-110, if teachers are so assigned, the following requirements apply:

(A) A designated representative of the district and any such teacher shall mutually develop a written plan which provides for necessary assistance to the teacher, and which provides for a reasonable amount of planning and study time associated specifically with the out-of-endorsement assignment;

(B) Such teachers shall not be subject to nonrenewal or probation based on evaluations of their teaching effectiveness in the out-of-endorsement assignments; and

(C) Such teaching assignments shall be approved by a formal vote of the local school board for each teacher so assigned.

(3) Teachers placed under the options described in subsection (2) of this section do not meet the definition of substantial professional training.

(4) Notwithstanding any other individual right of action that a parent or student may maintain under this chapter, nothing in this section shall be construed to create a right of action on behalf of an individual student or a class of students for the failure of a particular school district employee to meet the applicable requirements described in subsection (1)(a) of this section, or to prevent a parent from filing a state complaint about staff qualifications with the OSPI under WAC 392-172A-05025 through 392-172A-05040.

(5) School districts and other public agencies that are recipients of funding under Part B of the act must make positive efforts to employ, and advance in employment, qualified individuals with disabilities in programs assisted under Part B of the act.

(b) Parental consent for an initial evaluation must not be construed as consent for initial provision of special education and related services.

(c) The school district must make reasonable efforts to obtain the informed consent from the parent for an initial evaluation to determine whether the student is eligible for special education services.

(d) If the student is a ward of the state and is not residing with the student's parent, the school district or public agency is not required to obtain informed consent from the parent for an initial evaluation to determine eligibility for special education services if:

(ii) The rights of the parents of the child have been terminated; or

(iii) The rights of the parent to make educational decisions have been subrogated by a judge in accordance with state law and consent

(e) If the parent of a student enrolled in public school or seeking to be enrolled in public school does not provide consent for an initial evaluation under subsection (1) of this section, or the parent fails to respond to a request to provide consent, the school district may, but is not required to, pursue the initial evaluation of the student by using due process procedures or mediation.

(f) The school district does not violate its child find and evaluation obligations, if it declines to pursue the initial evaluation when a parent refuses to provide consent under (e) of this subsection.

(2) (a) A school district that is responsible for making FAPE available to a student must obtain informed consent from the parent of the student before the initial provision of special education and related services to the student.

(b) The school district must make reasonable efforts to obtain informed consent from the parent for the initial provision of special education and related services to the student.

(c) If the parent of a student fails to respond to a request for or refuses to consent to the initial provision of special education and related services, the school district may not use the due process procedures or mediation in order to obtain agreement or a ruling that the services may be provided to the student.

(d) If the parent of the student refuses to consent to the initial provision of special education and related services, or the parent fails to respond to a request to provide consent for the initial provision of special education and related services, the school district:

(i) Will not be considered to be in violation of the requirement to make available FAPE to the student for the failure to provide the student with the special education and related services for which the school district requests consent; and

(ii) Is not required to convene an IEP team meeting or develop an IEP.

(e) If at any time after the initial provision of special education and related services, the parent revokes consent in writing for the continued provision of special education and related services, the school district:

(c) The school district does not violate its child find obligations or the evaluation and reevaluation procedures if it declines to pursue the evaluation or reevaluation.

(d) A school district may proceed with a reevaluation and does not need to obtain informed parental consent if the school district can demonstrate that:

- (i) It made reasonable efforts to obtain such consent; and
- (ii) The child's parent has failed to respond.

(4)(a) Parental consent for an initial or a reevaluation is not required before:

(i) Reviewing existing data as part of an evaluation or a reevaluation; or

(ii) Administering a test or other evaluation that is administered to all students unless, before administration of that test or evaluation, consent is required of parents of all students.

(b) A school district may not use a parent's refusal to consent to one service or activity of an initial evaluation or reevaluation to deny the parent or student any other service, benefit, or activity of the school district, except as required by this chapter.

(c) If a parent of a child who is home schooled or placed in a private school by the parents at their own expense does not provide consent for the initial evaluation or the reevaluation, or the parent fails to respond to a request to provide consent, the public agency may not use the consent override procedures and the public agency is not required to consider the student as eligible for special education services.

WAC 392-172A-03015 Reevaluation timelines. (1) A school district must ensure that a reevaluation of each student eligible for special education services is conducted in accordance with WAC 392-172A-03020 through 392-172A-03080 when:

(a) The school district determines that the educational or related services needs, including improved academic achievement and functional performance, of the student warrant a reevaluation; or

(b) If the child's parent or teacher requests a reevaluation.

(2) A reevaluation conducted under subsection (1) of this section:

(a) May occur not more than once a year, unless the parent and the school district agree otherwise; and

(b) Must occur at least once every three years, unless the parent and the school district agree that a reevaluation is unnecessary.

(3) Reevaluations shall be completed within:

(a) Thirty-five school days after the date written consent for an evaluation has been provided to the school district by the parent;

(b) Thirty-five school days after the date the refusal of the parent was overridden through due process procedures or agreed to using mediation; or

AMENDATORY SECTION (Amending WSR 07-14-078, filed 6/29/07, effective 7/30/07)

WAC 392-172A-03020 Evaluation procedures. (1) The school district must provide prior written notice to the parents of a student, in accordance with WAC 392-172A-05010, that describes any evaluation procedures the district proposes to conduct.

(2) In conducting the evaluation, the group of qualified professionals selected by the school district must:

(a) Use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the student, including information provided by the parent, that may assist in determining:

(i) Whether the student is eligible for special education services as defined in WAC 392-172A-01175; and

(ii) The content of the student's IEP, including information related to enabling the student to be involved in and progress in the general education curriculum, or for a preschool child, to participate in appropriate activities;

(b) Not use any single measure or assessment as the sole criterion for determining whether a student's eligibility for special education services and for determining an appropriate educational program for the student; and

(c) Use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.

(3) Each school district must ensure that:

(a) Assessments and other evaluation materials used to assess a student:

(i) Are selected and administered so as not to be discriminatory on a racial or cultural basis;

(ii) Are provided and administered in the student's native language or other mode of communication and in the form most likely to yield accurate information on what the student knows and can do academically, developmentally, and functionally unless it is clearly not feasible to so provide or administer;

(iii) Are used for the purposes for which the assessments or measures are valid and reliable. If properly validated tests are unavailable, each member of the group shall use professional judgment to determine eligibility based on other evidence of the existence of a disability and need for special education services. Use of professional judgment shall be documented in the evaluation report;

(iv) Are administered by trained and knowledgeable personnel; and

(v) Are administered in accordance with any instructions provided by the producer of the assessments.

(b) Assessments and other evaluation materials include those tailored to assess specific areas of educational need and not merely those that are designed to provide a single general intelligence quotient.

(c) Assessments are selected and administered so as best to ensure that if an assessment is administered to a student with impaired sensory, manual, or speaking skills, the assessment results accurately reflect the student's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (unless those skills are the factors that the test purports to measure).

(d) If necessary as part of a complete assessment, the school district obtains a medical statement or assessment indicating whether there are any other factors that may be affecting the student's educational performance.

(e) The student is assessed in all areas related to the suspected disability, including, if appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities.

(f) Assessments of students eligible for special education services who transfer from one school district to another school district in the same school year are coordinated with those students' prior and subsequent schools, as necessary and as expeditiously as possible, to ensure prompt completion of full evaluations.

(g) In evaluating each student to determine eligibility or continued eligibility for special education services, the evaluation is sufficiently comprehensive to identify all of the student's special education and related services needs, whether or not commonly linked to the disability category in which the student has been classified.

(h) Assessment tools and strategies are used that provide relevant information that directly assists persons in determining the educational needs of the student.

 - (3) The group described in this section may conduct its review without a meeting.
 - (4) The school district must administer such assessments and other evaluation measures as may be needed to produce the data identified in subsection (2) of this section.

 - (i) That determination and the reasons for the determination; and
 - (ii) The right of the parents to request an assessment to determine whether the student continues to be a student eligible for special education services, and to determine the student's educational needs.

(2) For an initial IEP, a school district must ensure that:

(a) The school district holds a meeting to develop the student's IEP within thirty days of a determination that the student is eligible for special education and related services; and

(b) As soon as possible following development of the IEP, special education and related services are made available to the student in accordance with the student's IEP.

AMENDATORY SECTION (Amending WSR 16-02-034, filed 12/29/15, effective 1/29/16)

WAC 392-172A-03110 Development, review, and revision of IEP.

- (1) In developing each student's IEP, the IEP team must consider:
- (a) The strengths of the student;
 - (b) The concerns of the parents for enhancing the education of their student;
 - (c) The results of the initial or most recent evaluation of the student; and
 - (d) The academic, developmental, and functional needs of the student.
- (2) (a) When considering special factors unique to a student, the IEP team must:
- (i) Consider the use of positive behavioral interventions and supports, to address behavior, in the case of a student whose behavior impedes the student's learning or that of others; and
 - (ii) Consider the language needs of the student as those needs relate to the student's IEP, for a student with limited English proficiency;
 - (iii) In the case of a student who is blind or visually impaired, provide for instruction in Braille and the use of Braille unless the IEP team determines, after an evaluation of the student's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the student's future needs for instruction in Braille or the use of Braille), that instruction in Braille or the use of Braille is not appropriate for the student;
 - (iv) Consider the communication needs of the student, and in the case of a student who is deaf or hard of hearing, consider the student's language and communication needs, opportunities for direct communications with peers and professional personnel in the student's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the student's language and communication mode; and
 - (v) Consider whether the student needs assistive technology devices and services.
- (b) A general education teacher of a student eligible for special education services, as a member of the IEP team, must, to the extent appropriate, participate in the development of the student's IEP, including the determination of:
- (i) Appropriate positive behavioral interventions and supports for the student; and
 - (ii) Supplementary aids and services, program modifications, and support for school personnel consistent with WAC 392-172A-01185.
- (c) After the annual IEP team meeting for a school year, the parent of a student eligible for special education services and the school district may agree not to convene an IEP team meeting for the purposes of making changes to the IEP, and instead may develop a written document to amend or modify the student's current IEP. If changes are made to the student's IEP the school district must ensure that the student's IEP team is informed of those changes and that other providers responsible for implementing the IEP are informed of any changes that affect their responsibility to the student, consistent with WAC 392-172A-03105(3).
- (d) Changes to the IEP may be made either by the entire IEP team at an IEP team meeting, or as provided in (c) of this subsection, by amending the IEP rather than by redrafting the entire IEP. Upon re-

quest, a parent must be provided with a revised copy of the IEP with the amendments incorporated.

(e) To the extent possible, the school districts must encourage the consolidation of reevaluation meetings and other IEP team meetings for the student.

(3) Each public agency must ensure that, subject to subsections (4) and (5) of this section the IEP team:

(a) Reviews the student's IEP periodically, but not less than annually, to determine whether the annual goals for the student are being achieved; and

(b) Revises the IEP, as appropriate, to address:

(i) Any lack of expected progress toward the annual goals described in WAC 392-172A-03090 (1)(b) and in the general education curriculum, if appropriate;

(ii) The results of any reevaluations;

(iii) Information about the student provided to, or by, the parents, as described under WAC 392-172A-03025;

(iv) The student's anticipated needs; or

(v) Other matters.

(4) In conducting a review of the student's IEP, the IEP team must consider the special factors described in subsection (2)(a) of this section.

(5) A general education teacher of the student, as a member of the IEP team, must, consistent with subsection (2)(b) of this section, participate in the review and revision of the IEP of the student.

(6)(a) If a participating agency, other than the school district, fails to provide the transition services described in the IEP in accordance with WAC 392-172A-03090 (1)(j), the school district must reconvene the IEP team to identify alternative strategies to meet the transition objectives for the student set out in the IEP.

(b) Nothing in this chapter relieves any participating agency, including a state vocational rehabilitation agency, of the responsibility to provide or pay for any transition service that the agency would otherwise provide to students eligible for special education services who meet the eligibility criteria of that agency.

(7)(a) The following requirements do not apply to students eligible for special education services who are convicted as adults under state law and incarcerated in adult prisons:

(i) The requirement that students eligible for special education services participate in district or statewide assessments.

(ii) The requirements related to transition planning and transition services, if the student's eligibility for special education services will end because of their age, before they will be eligible to be released from prison based on consideration of their sentence and eligibility for early release.

(b)(i) Subject to (b)(ii) of this subsection, the IEP team of a student with a disability who is convicted as an adult under state law and incarcerated in an adult prison may modify the student's IEP or placement if the state has demonstrated a bona fide security or compelling penological interest that cannot otherwise be accommodated.

(ii) Contents of the IEP and LRE (least restrictive environment) requirements do not apply with respect to the modifications described in (b)(i) of this subsection.

WAC 392-172A-04115 Placement of students when FAPE is at issue.

(1) If a student eligible for special education services has a FAPE available and the parents choose to place the student in a private school or facility, the school district is not required by this chapter to pay for the student's education, including special education and related services, at the private school or facility. However, the school district shall include that student in the population whose needs are addressed consistent with WAC 392-172A-04000 through 392-172A-04070.

(2) Disagreements between the parents and a school district regarding the availability of a program appropriate for the student and the question of financial reimbursement are subject to the due process procedures at WAC 392-172A-05080 through 392-172A-05125.

(3) If the parents of a student, who previously received special education and related services under the authority of a school district, enroll the student in a private preschool, elementary or secondary school, or other facility without the consent of or referral by a school district or other public agency, a court or an administrative law judge may require a school district or other public agency to reimburse the parents for the cost of that enrollment if the court or administrative law judge finds that a school district or other public agency had not made a free appropriate public education available to the student in a timely manner prior to that enrollment and that the private placement is appropriate. A parental placement may be found to be appropriate by a hearing officer or a court even if it does not meet the state standards that apply to education provided by a school district or other public agency.

(4) The cost of reimbursement may be reduced or denied if:

(a) (i) At the most recent individualized education program meeting that the parents attended prior to removal of the student from the public school, the parents did not inform the team that they were rejecting the placement proposed by a school district to provide a FAPE to their student, including stating their concerns and their intent to enroll their student in a private school at public expense; or

(ii) At least ten business days (including any holidays that occur on a business day) prior to the removal of the student from the public school, the parents did not give written notice to a school district of the information described in (a)(i) of this subsection; or

(b) Prior to the parents' removal of the student from the public school, a school district informed the parents, through the notice requirements described in this chapter, of its intent to evaluate the student (including a statement of the purpose of the evaluation that was appropriate and reasonable), but the parents did not make the student available for the evaluation; or

(c) Upon a judicial finding of unreasonableness with respect to actions taken by the parents.

(5) Notwithstanding the notice requirement in subsection (4)(a)(i) of this section, the cost of reimbursement must not be reduced or denied for failure to provide the notice if:

(a) The school district prevented the parent from providing the notice; or

(b) The parent had not received the procedural safeguards containing notice of the requirement to notify a school district of the information required in subsection (4)(a)(i) of this section.

(6) An administrative law judge or court may, in its discretion, determine that the cost of reimbursement will not be reduced or denied for failure to provide the notice in subsection (4)(a)(i) of this section if:

(a) The parents are not literate or cannot write in English; or

(b) Compliance with subsection (4)(a)(i) of this section would likely result in serious emotional harm to the student.

(b) Each school district shall provide to parents, upon request for an independent educational evaluation, information about where an independent educational evaluation may be obtained, and the agency criteria applicable for independent educational evaluations as set forth in subsection (7) of this section.

(3) If the school district initiates a hearing and the final decision is that the district's evaluation is appropriate, the parent still has the right to an independent educational evaluation, but not at public expense.

(4) If a parent requests an independent educational evaluation, the school district may ask for the parent's reason why he or she objects to the school district's evaluation. However, the explanation by the parent may not be required and the school district must either provide the independent educational evaluation at public expense or initiate a due process hearing to defend the educational evaluation.

(5) If the parent obtains an independent educational evaluation at public or private expense, the results of the evaluation:

(a) Must be considered by the school district, if it meets agency criteria, in any decision made with respect to the provision of FAPE to the student; and

(b) May be presented as evidence at a hearing under this chapter regarding that student.

(6) If an administrative law judge requests an independent educational evaluation as part of a due process hearing, the cost of the evaluation must be at public expense.

(7) (a) If an independent educational evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that the school district uses when it initiates an evaluation, to the extent those criteria are consistent with the parent's right to an independent educational evaluation.

(b) Except for the criteria described in (a) of this subsection, a school district may not impose conditions or timelines related to obtaining an independent educational evaluation at public expense.

(4) A party may not have a hearing on a due process hearing request until the party, or the attorney representing the party, files a due process hearing request that meets the requirements of subsection (2) of this section.

- (i) Includes a representative of the school district who has decision-making authority on behalf of that district; and
 - (ii) May not include an attorney of the school district unless the parent is accompanied by an attorney.
- (b) The purpose of the meeting is for the parent of the child to discuss the due process hearing request, and the facts that form the basis of the request, so that the school district has the opportunity to resolve the dispute that is the basis for the due process hearing request.
- (c) The meeting described in (a) of this subsection need not be held if:
- (i) The parent and the school district agree in writing to waive the meeting; or
 - (ii) The parent and the school district agree to use the mediation process described in WAC 392-172A-05060.

(b) Except as provided in subsection (3) of this section, the timeline for issuing a final decision under WAC 392-172A-05105 begins at the expiration of this thirty-day period.

(c) Unless the parties have jointly agreed to waive the resolution process or to use mediation, notwithstanding (a) and (b) of this subsection, the failure of the parent filing a due process hearing request to participate in the resolution meeting will delay the timelines for the resolution process and due process hearing until the meeting is held.

(d) If the school district is unable to obtain the participation of the parent in the resolution meeting after reasonable efforts have been made and documented using the procedures in WAC 392-172A-03100(6), the school district may, at the conclusion of the thirty-day period, request that an administrative law judge dismiss the parent's due process hearing request.

(e) If the school district fails to hold the resolution meeting within fifteen days as specified in subsection (1) of this section or fails to participate in the resolution meeting, the parent may seek the intervention of an administrative law judge to begin the due process hearing timeline.

(3) The forty-five day timeline for the due process hearing starts the day after one of the following events:

(a) Both parties agree in writing to waive the resolution meeting;

(b) After either the mediation or resolution meeting starts but before the end of the thirty-day period, the parties agree in writing that no agreement is possible;

(c) If both parties agree in writing to continue the mediation at the end of the thirty-day resolution period, but later, the parent or school district withdraws from the mediation process.

(4)(a) If a resolution to the dispute is reached at the meeting described in subsection (1)(a) and (b) of this section, the parties must execute a legally binding agreement that is:

(i) Signed by both the parent and a representative of the school district who has the authority to bind the district; and

(ii) Enforceable in any state court of competent jurisdiction or in a district court of the United States.

(b) If the parties execute an agreement pursuant this section, a party may void the agreement within three business days of the agreement's execution.

(c) To a prevailing school district or OSPI against the attorney of a parent, or against the parent, if the parent's request for a due process hearing or subsequent cause of action was presented for any improper purpose, such as to harass, to cause unnecessary delay, or to needlessly increase the cost of litigation.

(2) (a) Funds under Part B of the act may not be used to pay attorneys' fees or costs of a party related to any action or proceeding under section 20 U.S.C. Sec. 1415 and 34 C.F.R. Secs. 300.500 through 300.599.

(b) The student's status during the pendency of any proceedings does not preclude the IEP team from meeting, as needed or as required under this chapter, and updating and implementing the student's IEP, unless those changes are in dispute.

(2) If the hearing request involves an application for initial admission to public school, the student, with the consent of the parents, must be placed in the public school until the completion of all the proceedings.

(3) If the hearing request involves an application for initial Part B services for a child who is transitioning from Part C of the act to Part B and is no longer eligible for Part C services because the child has turned three, the school district is not required to provide the Part C services that the child had been receiving. If the student is found eligible for special education and related services and the parent consents to the initial provision of special education and related services, then the school district must provide those special education and related services that are not in dispute between the parent and the school district.

(4) If the administrative law judge agrees with the student's parents that a change of placement is appropriate, that placement must be treated as an agreement between the school district and the parents for purposes of subsection (1) of this section.

WAC 392-172A-05145 Authority of school personnel. (1) School personnel may consider any unique circumstances on a case-by-case basis when determining whether a change in placement, consistent with the other requirements of this section, is appropriate for a student eligible for special education services, who violates a code of student conduct.

(2) (a) School personnel may remove a student eligible for special education services who violates a code of student conduct from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension, for not more than ten consecutive school days to the extent those alternatives are applied to students without disabilities under this section, and for additional removals of not more than ten consecutive school days in that same school year for separate incidents of misconduct as long as those removals do not constitute a change of placement under WAC 392-172A-05155.

(b) A school district is only required to provide services during periods of removal to a student eligible for special education services who has been removed from his or her current placement for ten school days or less in that school year, if it provides services to a student without disabilities who is similarly removed. The services may be provided in an interim alternative educational setting.

(3) After a student eligible for special education services has been removed from his or her current placement for ten school days in the same school year, and the removal is a change of placement under WAC 392-172A-05155, during any subsequent days of removal the student must continue to receive educational services, that provide a FAPE, so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP. The student's IEP team determines appropriate services. The services may be provided in an interim alternative educational setting.

(4) After a student eligible for special education services has been removed from his or her current placement for ten school days in the same school year, if the current removal is for not more than ten consecutive school days and is not a change of placement under WAC 392-172A-05155, during any subsequent days of removals, school personnel, in consultation with at least one of the student's teachers, determine the extent to which services are needed, to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP. The services may be provided in an interim alternative educational setting.

(b) If the conduct in question was the direct result of the school district's failure to implement the IEP.

(2) The conduct must be determined to be a manifestation of the student's disability if the school district, the parent, and relevant members of the student's IEP team determine that a condition in subsection (1) (a) or (b) of this section was met.

AMENDATORY SECTION (Amending WSR 15-18-077, filed 8/28/15, effective 9/28/15)

WAC 392-172A-06015 Maintenance of effort. (1)(a) Eligibility standard. For purposes of establishing the school district's eligibility for an award for a fiscal year, the OSPI must determine that the school district budgets, for the education of students eligible for special education services, at least the same amount, from at least one of the following sources, as the school district spent for that purpose from the same source for the most recent fiscal year for which information is available:

- (i) Local funds only;
- (ii) The combination of state and local funds;
- (iii) Local funds only on a per capita basis; or
- (iv) The combination of state and local funds on a per capita basis.

(b) When determining the amount of funds that the school district must budget to meet the requirement in (a) of this subsection, the school district may take into consideration, to the extent the information is available, the exceptions and adjustment provided in WAC 392-172A-06020 and 392-172A-06025 that the school district:

- (i) Took in the intervening year or years between the most recent fiscal year for which information is available and the fiscal year for which the school district is budgeting; and
- (ii) Reasonably expects to take in the fiscal year for which the school district is budgeting.

(c) Expenditures made from funds provided by the federal government for which the OSPI is required to account to the federal government or for which the school district is required to account to the federal government directly or through the OSPI may not be considered in determining whether a school district meets the standard in (a) of this subsection.

(2)(a) Compliance standard. Except as provided under WAC 392-172A-06020 and 392-172A-06025, funds provided to school districts or other public agencies under Part B of the IDEA may not be used to reduce the level of expenditures for the education of students eligible for special education services made by it from local funds below the level of those expenditures for the preceding fiscal year.

(b) A school district meets this standard if it does not reduce the level of expenditures made by the school district for the education of students eligible for special education services from at least one of the following sources below the level of those expenditures from the same source for the preceding year except as provided under WAC 392-172A-06020 and 392-172A-06025:

- (i) Local funds only.

(ii) The combination of state and local funds.
(iii) Local funds only on a per capita basis; or
(iv) The combination of state and local funds on a per capita basis.

(c) The OSPI may not consider any expenditures made from funds provided by the federal government for which the OSPI is required to account to the federal government or for which the school district is required to account to the federal government directly or through the OSPI in determining a school district's compliance with the requirement in subsection (1)(a) and (b) of this section.

(3)(a) Subsequent years. If, in the fiscal year beginning on July 1, 2013, or July 1, 2014, a school district fails to meet the requirements of 34 C.F.R. 300.203 in effect at that time, the level of expenditures required of the school district for the fiscal year subsequent to the year of the failure is the amount that would have been required in the absence of that failure, not the school district's reduced levels of expenditures.

(b) If, in any fiscal year beginning on July 1, 2015, a school district fails to meet the requirement of subsection (1)(a)(i) or (iii) of this section and the school district is relying on local funds only, or local funds only on a per capita basis, to meet the requirements of 34 C.F.R. 203 (a) and (b), the level of expenditures required of the school district for the fiscal year subsequent to the year of the failure is the amount that would have been required under subsection (1)(a)(i) or (iii) of this section in the absence of that failure, not the school district's reduced level of expenditures.

(c) If, in any fiscal year beginning on July 1, 2015, a school district fails to meet the requirement of subsection (1)(a)(ii) or (iv) of this section and the school district is relying on the combination of state and local funds or the combination of state and local funds on a per capita basis, to meet the requirements of 34 C.F.R. 203 (a) and (b), the level of expenditures required of the school district for the fiscal year subsequent to the year of the failure is the amount that would have been required under subsection (1)(a)(ii) or (iv) of this section in the absence of that failure, not the school district's reduced level of expenditures.

(4) If a school district fails to maintain its level of expenditures for the education of student's eligible for special education services in accordance with subsection (1) of this section, OSPI is liable in a recovery action under 20 U.S.C. 1234a to return to the United States Department of Education, using nonfederal funds, an amount equal to the amount by which the school district failed to maintain its level of expenditures in accordance with this subsection (1) of this section in that fiscal year, or the amount of the school district's Part B subgrant, in that fiscal year, whichever is lower.

AMENDATORY SECTION (Amending WSR 13-20-034, filed 9/24/13, effective 10/25/13)

WAC 392-172A-07000 Methods of ensuring services. (1) The OSPI must ensure that an interagency agreement or other mechanism for interagency coordination is in effect between each noneducational public agency described in this section and the OSPI, in order to ensure that all services that are needed to ensure FAPE are provided, including the provision of these services during the pendency of any dispute under (c) of this subsection. The agreement or mechanism shall contain:

(a) An identification of, or a method of defining, the financial responsibility of each agency for providing services to ensure FAPE to students eligible for special education services. The financial responsibility of each noneducational public agency, including the state medicaid agency and other public insurers of students eligible for special education services, must precede the financial responsibility of the school district.

(b) The conditions, terms, and procedures under which a school district must be reimbursed by other agencies.

(c) Procedures for resolving interagency disputes (including procedures under which school districts may initiate proceedings) under the agreement or other mechanism to secure reimbursement from other agencies or otherwise implement the provisions of the agreement or mechanism.

(d) Policies and procedures for agencies to determine and identify the interagency coordination responsibilities of each agency to promote the coordination and timely and appropriate delivery of services described in subsection (2)(a) of this section.

(2)(a) If any public agency other than an educational agency is otherwise obligated under federal or state law, or assigned responsibility under state policy or pursuant to subsection (1) of this section, to provide or pay for any services that are also considered special education or related services such as, but not limited to, assistive technology devices and services, related services, whether provided as specially designed instruction or related services; supplementary aids and services, and transition services that are necessary for ensuring FAPE to students eligible for special education services, the noneducational public agency must fulfill that obligation or responsibility, either directly or through contract or other arrangement pursuant to subsection (1) of this section.

(b) A noneducational public agency described in subsections (1)(a) and (2) of this section may not disqualify an eligible service for medicaid reimbursement because that service is provided in a school context.

(c) If a noneducational public agency other than a school district fails to provide or pay for the special education and related services described in (a) of this subsection, the school district developing the student's IEP must provide or pay for these services to the student in a timely manner. The school district is authorized to claim reimbursement for the services from the noneducational public agency that failed to provide or pay for these services and that agency must reimburse the school district or state agency in accordance with the terms of the interagency agreement or other mechanism described in subsection (1) of this section.

(3) The requirements of subsection (1) of this section may be met through:

(a) State statute or regulation;

(b) Signed agreements between respective agency officials that clearly identify the responsibilities of each agency relating to the provision of services; or

AMENDATORY SECTION (Amending WSR 13-20-034, filed 9/24/13, effective 10/25/13)

WAC 392-172A-07005 Students eligible for special education services who are covered by public benefits or insurance or private insurance.

(1) A school district may use the medicaid or other public benefits or insurance programs in which a student participates to provide or pay for services required under Part B of the act, as permitted under the public benefits or insurance program, except as provided under subsection (2) of this section.

(2) With regard to services required to provide FAPE to an eligible student, the school district:

(a) May not require parents to sign up for or enroll in public benefits or insurance programs in order for their student to receive FAPE under Part B of the act;

(b) May not require parents to incur an out-of-pocket expense such as the payment of a deductible or co-pay amount incurred in filing a claim for services provided pursuant to this part, but may pay the cost that the parents otherwise would be required to pay;

(c) May not use a student's benefits under a public benefits or insurance program if that use would:

(i) Decrease available lifetime coverage or any other insured benefit;

(ii) Result in the family paying for services that would otherwise be covered by the public benefits or insurance program and that are required for the student outside of the time the student is in school;

(iii) Increase premiums or lead to the discontinuation of benefits or insurance; or

(iv) Risk loss of eligibility for home and community-based waivers, based on aggregate health-related expenditures; and

(d) Prior to accessing a student's or parent's public benefits or insurance for the first time, and after providing notification to the student's parents consistent with subsection (3) of this section, the school district must obtain written, parental consent that:

(i) Meets the requirements of 34 C.F.R. Sec. 99.30 and WAC 392-172A-05225, which consent must specify:

(A) The personally identifiable information that may be disclosed, such as records or information about the services that may be provided to a particular student;

(B) The purpose of the disclosure, such as billing for services under the act; and

(C) The agency to which the disclosure may be made such as the health care authority; and

(ii) Specifies that the parent understands and agrees that the public agency may access the parent's or student's public benefits or insurance to pay for services under the act.

(3) Prior to accessing a student's or parent's public benefits or insurance for the first time, and annually thereafter, the school district must provide written notification, consistent with WAC 392-172A-05010(3) to the student's parents, that includes:

(a) A statement of the parental consent provisions in subsection (2)(d)(i) of this section;

(b) A statement of the "no cost" provisions in subsection (2)(b) and (c) of this section;

(c) A statement that the parents have the right under 34 C.F.R. Part 99 and WAC 392-172A-05225 to withdraw their consent to disclosure

of their child's personally identifiable information to the agency responsible for the administration of the state's public benefits or insurance program at any time; and

(d) A statement that the withdrawal of consent or refusal to provide consent under 34 C.F.R. Part 99 and WAC 392-172A-05225 to disclose personally identifiable information to the agency responsible for the administration of the state's public benefits or insurance program does not relieve the school district of its responsibility to ensure that all required services are provided at no cost to the parents.

(4) With regard to services required to provide FAPE to an eligible student under this part, a school district may access the parents' private insurance proceeds only if the parents provide consent. Each time the public agency proposes to access the parents' private insurance proceeds, the school district must:

(a) Obtain parental consent; and

(b) Inform the parents that their refusal to permit the public agency to access their private insurance does not relieve the school district of its responsibility to ensure that all required services are provided at no cost to the parents.

(5) (a) If a school district is unable to obtain parental consent to use the parents' private insurance, or public benefits or insurance when the parents would incur a cost for a specified service required under this part, to ensure FAPE the public agency may use its Part B funds to pay for the service.

(b) To avoid financial cost to parents who otherwise would consent to use private insurance, or public benefits or insurance if the parents would incur a cost, the school district may use its Part B funds to pay the cost that the parents otherwise would have to pay to use the parents' benefits or insurance such as deductible or co-pay amounts.

(6) Proceeds from public benefits or insurance or private insurance will not be treated as program income for purposes of 34 C.F.R. 80.25.

(7) If a school district spends reimbursements from federal funds such as medicaid, for services under this part, those funds will not be considered state or local funds for purposes of the maintenance of effort provisions.

(8) Nothing in this part should be construed to alter the requirements imposed on a state medicaid agency, or any other agency administering a public benefits or insurance program by federal statute, regulations or policy under Title XIX, or Title XXI of the Social Security Act, 42 U.S.C. Secs. 1396 through 1396v and 42 U.S.C. Secs. 1397aa through 1397jj, or any other public benefits or insurance program.
