

WSR 21-22-101
EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Order 21-246—Filed November 2, 2021, 1:18 p.m., effective November 2, 2021, 1:18 p.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: The provisions of this emergency rule:

WAC 220-340-42000S:

(1) Requires all crab harvested to be delivered to an original receiver or recorded on a shellfish transportation ticket within 36 hours of harvest. Requires separate transportation tickets to be completed for each day's harvest not delivered to an original receiver that is stored off the fishing vessel. Implements a 10-day restriction on the length of time that crab may be stored off-vessel before being delivered to an original receiver.

(2) Implements a labeling requirement for crab that are stored off-vessel.

(3) Implements a labeling requirement for crab that are stored off-vessel and not delivered to an original receiver within 36 hours.

WAC 220-340-45500B:

(1) Defines subareas east and west of MSFS catch area 23C to align with agreed to boundaries within the Region 3 2021-2022 crab management plan.

(2) Opens Puget Sound commercial crab harvest in Crab Management Regions 1, 2 West, 3-1, 3-2 and 3-3 effective immediately. Describes hard closure dates by crab management region. Closes Crab Management Region 1 effective November 3, 2021, at 7:00 p.m.; maintains closure of Crab Management Region 2 East, which closed October 17, 2021, at 11:59 p.m.

(3) Allows deployment of up to 50 pots per license for the commercial harvest of Dungeness crab in Crab Management Regions 2-West and 3-2.

(4) Allows deployment of up to 40 pots per license for the commercial harvest of Dungeness crab in Crab Management Regions 3-1.

(5) Allows deployment of up to 60 pots per license for the commercial harvest of Dungeness crab in Crab Management Regions 3-3.

(6) Requires undeployed buoy tags to be retained for inspection.

(7) Closes Port Angeles Harbor to commercial crab harvest due to public health decrees.

(8) Closes commercial crab harvest in Crab Management Region 3-4 until further notice.

(9) Closes areas to state commercial that have been agreed to in Regional management plans.

(10) Repeals areas where recreational and tribal harvest has been allowed that state commercial harvest has been historically limited.

(11) Repeals areas where recreational and tribal harvest has been allowed that state commercial harvest has been historically closed.

WAC 220-352-34000K:

(1) Clarifies the Puget Sound commercial dealer quick reporting requirements.

(2) Implements a Puget Sound "stored crab" harvest report requirement for crab not delivered to an original receiver with 36 hours of harvest.

(3) Implements a Puget Sound sales report requirement for stored crab that have been reported but not landed.

(4) Implements a registration requirement for commercial license holders to notify the department which crab management area a license will be fishing in.

Citation of Rules Affected by this Order: Repealing WAC 220-340-42000R, 220-340-45500A and 220-352-34000J; and amending WAC 220-340-420, 220-340-455, and 220-352-340.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: There is sufficient allocation available in 2-West, 3-1, 3-2, and 3-3 to accommodate continued commercial harvest. Commercial crab harvest in Crab Management Region 1 will close on Wednesday, November 3, 2021, at 7:00 p.m. to reserve a portion of the remaining quota for later harvest based on preseason fishery planning objectives. These provisions are in conformity with agreed regional management plans with applicable tribes or in accordance with procedures proscribed in the shellfish implementation plan when no annual regional management plan agreement has been reached. These management plans are entered into as required by court order. The Puget Sound commercial season is structured to meet harvest allocation objectives negotiated with applicable treaty tribes and outlined in the management plans. There is insufficient time to adopt permanent rules. Further adjustment of season structure may be made pending updated harvest data.
