Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: To remove the requirement for a general government employer to adjust an employee's anniversary date, unbroken service date, and periodic increment date (PID) for any period of leave without pay (LWOP) which exceeds 15 consecutive calendar days and to remove the requirement for a higher education employer to adjust an employee's vacation leave accrual date and PID for any period of LWOP which exceeds 10 working days.

Reasons Supporting Proposal: Address inequities among state employees, streamline process and application of civil service rules, and reduce significant workload for employers. These changes will result in more equal treatment between certain categories of employees and will result in less manual date adjustments for employers. Removing the requirement to adjust for LWOP will make it easier for employers to administer because they will no longer need to decipher which employees need to have their service dates manually adjusted; easier application of anniversary and PID for transfers between general government nonrepresented and represented employees; and easier application of anniversary and PID for transfers between general government and institutions of higher education.
