AGENDA

DEPARTMENT OF

FINANCIAL INSTITUTIONS

[Filed January 20, 2022, 8:53 a.m.]

**Semi-Annual Agenda for Rules Under Development
January 1 - June 30, 2022**

DIVISION OF CONSUMER SERVICES

- Consumer Loan Act. Begin, finalize, and adopt rules under chapter 208-620 WAC to amend the rules to clarify the requirements for the servicing of income share agreements that meet the definition of a student education loan.
- Escrow Agent Registration Act. Begin a rule making under chapter 208-630 WAC to amend the rules for independent escrow companies and escrow officers to facilitate transition of the industry to the nationwide multistate licensing system (NMLS). Transitioning to NMLS will create efficiencies for the industry and the department.

DIVISION OF SECURITIES

- Amendments to small company offering registration (SCOR) rules in chapter 460-17A WAC. SCOR rules set forth in chapter 460-17A WAC are based on a statement of policy adopted by the North American Securities Administrators Association (NASAA). NASAA amended this statement of policy on May 19, 2019. The securities division plans to amend its related rules in chapter 460-17A WAC to align with the updated NASAA statement of policy.
- Repeal of the mortgage paper securities registration rules in chapter 460-33A WAC. The rules set forth in chapter 460-33A WAC provide an optional method of registration for offerings of mortgage paper securities. An offering has not been registered under these rules since 2013. Changes in federal laws since that time eliminate the utility of these rules. Accordingly, the securities division plans to repeal these rules.

Because of this variability, this agenda is prepared for informational purposes only and any dates noted herein are planning estimates that are subject to change. Additional rule making can occur in addition to what is listed on the agenda.

This agenda does not constitute a rule or rule-making action. Any errors or omissions in this agenda do not affect the actual rules or rule-making notices filed with the office of the code reviser and published in the Washington State Register.

The rule-making process can appear complex. ESD has outlined the process on its website to help constituents understand and become involved <https://www.esd.wa.gov/newsroom/rulemaking-process>. If you have

additional questions, please contact the agency rules coordinator,
Scott E. Michael, 360-890-3448, email rules@esd.wa.gov.

Staff proposes the commission consider the following for inclusion in the rules development agenda for the period from January through July 2022:

- Implementation of the public disclosure commission (PDC) request legislation HB 1919, chapter 390-24 WAC. PDC has proposed legislation in the 2022 session that improves the clarity of required [disclosure] in the personal financial affairs statement by reorganizing the required disclosure into general categories and requiring PDC to establish rules for the specific information within each category. If the bill is enacted, PDC will adopt rules that specify and explain the required disclosures.
- Adjustments to the inflationary index, chapters 20 and 24 WAC. Under RCW 42.17A.125, the commission must periodically consider whether to revise the values set for contribution limits, reporting thresholds, and code values, in reference to any economic changes reflected by the inflationary index. Such revisions must be adopted in rules. The period for consideration is between every two and five years. The current values will be evaluated and considered for possible adjustments in rule.

Action requested: Staff requests the commission adopt the attached rules development agenda for submission to the Washington State Register.

DEPARTMENT OF ECOLOGY

[Filed February 1, 2022, 11:08 a.m.]

PUBLIC NOTICE

Announcing the Draft Bridge and Ferry Terminal Washing General Permit and Fact Sheet for Review and Comment

The Washington state department of ecology (ecology) proposes to reissue the **Bridge and Ferry Terminal Washing** National Pollutant Discharge Elimination System General Permit (permit). The current permit was last issued in June of 2017 and is scheduled to expire at the end of July 2022. The revised draft permit and fact sheet, which explains the legal and technical basis for the permit, are available for review and public comment from **February 16, 2022, through April 1, 2022, at 11:59 p.m.** Ecology will host an informational workshop and a public hearing on the draft permit.

Purpose of the Permit: The permit provides coverage for the regular maintenance cleaning, preparatory washing, and painting of bridge and ferry terminals and associated over-water metal structures, over waters of the state. Under federal and state water quality laws (Federal Clean Water Act and State Water Pollution Control Act), a permit is required for the discharge of these wastewaters. Washington state department of transportation and local jurisdictions that clean for bridge inspections and perform maintenance to prolong the integrity and safety of these structures and that discharge wastewater either directly or indirectly to waters of the state must obtain permit authorization for their discharge.

Applying for Coverage under the Permit: Facilities that have already applied for coverage by January 31, 2022, and are covered under the existing permit, are covered under the new permit. New or unpermitted facilities may obtain coverage under the permit by submitting a complete permit application to ecology and satisfying all applicable public notice and State Environmental Policy Act requirements (WAC 173-226-200). Access to the application is available at <https://ecology.wa.gov/bridgewashingpermit>.

Copies of the Draft Permit and Fact Sheet: The draft permit and fact sheet are available online at <https://ecology.wa.gov/bridgewashingpermit> by end of day on **February 16, 2022**. You may also request copies from Matthew Tietjen at 360-407-6401 or by email at matthew.tietjen@ecy.wa.gov.

Submitting Written Comments: Ecology will accept written comments on the draft permit and fact sheet from **February 16, 2022, through April 1, 2022, by 11:59 p.m.** Ecology prefers online comment submission via the eComment form (link below) on the permit web page. Written comments by mail must be postmarked by April 1, 2022. Comments should reference specific permit text when possible.

Online eComment form: <https://wq.ecology.commentinput.com/?id=HNEK3> (preferred).

By mail: Send to Foroozan Labib, Washington State Department of Ecology, P.O. Box 47696, Olympia, WA 98504-7696.

Assistance for Persons with Disabilities: To request ADA accommodation for disabilities, call ecology at 360-407-7285 or visit <https://ecology.wa.gov/accessibility>. People with impaired hearing may call Washington relay service at 711. People with speech disability may call TTY at 877-833-6341.

Public Workshop(s) and Hearing(s): The purpose of the workshop is to explain the general permit and to answer questions prior to the formal public hearing. The purpose of the hearing is to provide an opportunity for people to give formal oral testimony and written comments on the proposed draft permit. Oral testimony will receive the same consideration as written comments. The public hearing will begin immediately following the public workshop and will conclude when public testimony is complete.

The Bridge and Ferry Terminal Washing workshop and hearing will occur online on March 24, 2022, at **1:00 p.m.**, webinar*. Find webinar information here <https://ecology.wa.gov/bridgewashingpermit>.

*Webinars allow individuals to view the presentation and provide testimony via computer or mobile device. *Ecology is not currently offering in-person hearings due to COVID-19 safety concerns.*

Issuing the Permit: After ecology receives and considers all public comments, we will make a final decision on permit issuance. Ecology expects to make a decision on the general permit in June 2022.
