AMENDATORY SECTION (Amending WSR 15-11-009, filed 5/7/15, effective 6/7/15)

WAC 182-550-4650 "Full cost" public hospital certified public expenditure (CPE) payment program. (1) The medicaid agency's "full cost" public hospital certified public expenditure (CPE) inpatient payment program provides payments to participating government-operated

hospitals based on the "full cost" of covered medically necessary services and requires the expenditure of local funds in lieu of state funds to qualify for federal matching funds. The agency's inpatient payments to participating hospitals equal the federal matching amount for allowable costs. The agency uses the ratio of costs-to-charges (RCC) method described in WAC 182-550-4500 to determine "full cost."

(2) To be eligible for the "full cost" public hospital CPE payment program, the hospital must be:

(a) Operated by a public hospital district in the state of Washington, not certified by the department of health (DOH) as a critical access hospital, and has not chosen to opt-out of the CPE payment program as allowed in subsection (6) of this section;

(b) Harborview Medical Center; or

(c) University of Washington Medical Center.

(3) Payments made under the inpatient CPE payment program are limited to medically necessary services provided to medical assistance clients eligible for inpatient hospital services.

(4) Each hospital described in subsection (2) of this section is responsible to provide certified public expenditures as the required state match for claiming federal medicaid funds.

(5) The agency determines the initial payment for inpatient hospital services under the CPE payment program by:

(a) Multiplying the hospital's medicaid RCC by the covered charges (to determine allowable costs), then;

(b) Subtracting the client's responsibility and any third party liability (TPL) from the amount derived in (a) of this subsection, then;

(c) Multiplying the state's federal medical assistance percentage (FMAP) by the amount derived in (b) of this subsection.

(6) A hospital may opt-out of the inpatient CPE payment program if the hospital:

(a) Meets the criteria for the inpatient rate enhancement under (~~WAC 182-550-3830(6)~~) RCW 74.09.5225; or

(b) Is not eligible for public hospital disproportionate share hospital (PHDSH) payments under WAC 182-550-5400.

(7) To opt-out of the inpatient CPE payment program, the hospital must submit a written request to opt-out to the agency's chief financial officer by July 1st in order to be effective for January 1st of the following year.

(8) Hospitals participating in the inpatient CPE payment program must complete the applicable CPE medicaid cost reports as described in WAC 182-550-5410 for the inpatient fee-for-service cost settlements.

[Statutory Authority: RCW 41.05.021, 41.05.160, and 74.09.5225(3). WSR 15-11-009, § 182-550-4650, filed 5/7/15, effective 6/7/15. Statutory Authority: RCW 41.05.021 and 42 C.F.R. 433.51(b). EXPEDITED RULES

DEPARTMENT OF AGRICULTURE

[Filed February 10, 2022, 7:41 a.m.]

Title of Rule and Other Identifying Information: Chapter 16-439 WAC, Pears, summer and fall.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: The department is proposing rule making to repeal WAC 16-439-260 Minimum weight for Bartlett pears. Currently, this section requires that Bartlett pears may only be packed in cartons with a net weight of 14 pounds or more. Shippers have been asking for exemptions to this requirement for several years in order to meet industry demands for smaller carton sizes.

Reasons Supporting Proposal: Due to market changes such as shippers no longer selling to the public and the increased demand for smaller carton sizes, stakeholders and the agency no longer find value in WAC 16-439-260. Therefore, the department is proposing this section be removed from rule so Bartlett pears can be packed in any size carton without applying for an exemption.

Statutory Authority for Adoption: RCW 15.17.030, 15.17.050.

Statute Being Implemented: Chapter 15.17 RCW.

Rule is not necessitated by federal law, federal or state court decision.

Name of Proponent: Washington state department of agriculture, governmental.

Name of Agency Personnel Responsible for Drafting: Reanna McNamara, 1111 Washington Street S.E., Olympia, WA 98504, 360-902-1997; Implementation and Enforcement: Brenda Buckmiller, 270 9th Street N.E., Suite 101-A, East Wenatchee, WA 98802-7674, 509-885-4500.

This notice meets the following criteria to use the expedited repeal process for these rules:

The rule is no longer necessary because of changed circumstances.

Explanation of the Reason the Agency Believes the Expedited Rule-Making Process is Appropriate: Due to market changes such as shippers no longer selling to the public and the increased demand for smaller carton sizes, stakeholders and the agency no longer find value in WAC 16-439-260. Therefore, the department is proposing this section be removed from rule so Bartlett pears can be packed in any size carton without applying for an exemption.

EXPEDITED RULES
BUILDING CODE COUNCIL
[Filed February 10, 2022, 4:33 p.m.]

Title of Rule and Other Identifying Information: Corrections to chapter 51-50 WAC, Adoption and amendment of the 2018 International Building Code.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: This filing is making corrections to the adopted amendments to the 2018 International Building Code, as adopted by the state building code council (SBCC). The purpose of the proposal is to reinsert an erroneously removed existing amendment back into WAC 51-50-30020, specifically addressing elevator car/ambulance stretcher requirements for R-1, R-2 and I occupancies.

Reasons Supporting Proposal: The proposed amendment in WAC 51-50-30020 more clearly defines elevator car and ambulance stretcher requirements and provides more stringent requirements for R-1, R-2 and I occupancies. It was adopted in the 2015 International Building Code, but erroneously removed during the 2018 code adoption cycle. SBCC adopted the existing amendment as an emergency rule (WSR 21-22-006) and directed SBCC staff to proceed with permanent rule making.

Statutory Authority for Adoption: RCW 19.27.031, 19.27.074.

Statute Being Implemented: Chapter 19.27 RCW.

Rule is not necessitated by federal law, federal or state court decision.

Name of Proponent: SBCC, governmental.

Name of Agency Personnel Responsible for Drafting and Implementation: Stoyan Bumbalov, 1500 Jefferson Street S.E., Olympia, 360-407-9277; Enforcement: Local jurisdictions.
