**EMERGENCY RULES**  
**DEPARTMENT OF**  
**FISH AND WILDLIFE**

[Order 22-58—Filed April 20, 2022, 5:22 p.m., effective April 20, 2022, 5:22 p.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: This emergency rule will allow nontreaty commercial fishing opportunities in the Columbia River while protecting fish listed as threatened or endangered under the Endangered Species Act (ESA). This rule implements federal court orders governing Washington's relationship with treaty Indian tribes, federal law governing Washington's relationship with Oregon, and Washington fish and wildlife commission policy guidance for Columbia River fisheries.

Citation of Rules Affected by this Order: Repealing WAC 220-358-03000I; and amending WAC 220-358-030.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Other Authority: *United States v. Oregon*, Civil No. 68-513-KI (D. Or.), Order Adopting 2018-2027 *United States v. Oregon* Management Agreement (February 26, 2018) (Doc. No. 2607-1). *Northwest Gillnetters Ass'n v. Sandison*, 95 Wn.2d 638, 628 P.2d 800 (1981); Washington fish and wildlife commission policies concerning Columbia River fisheries; 40 Stat. 515 (Columbia River Compact).

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Modifies the 2022 spring select area commercial seasons. Through April 19, 2022, select area harvest of up-river spring Chinook exceeded the preseason expectation for this time frame. Areas and season dates were adjusted to minimize additional impacts to nonlocal stocks while allowing harvest of local Chinook stocks reared for the select area sites. The fishery is consistent with the *U.S. v. Oregon* Management Agreement and the associated biological opinion. Conforms Washington state rules with Oregon state rules. Regulation is consistent with compact action of February 15 and April 20, 2022. This harvest opportunity allows for public access to the resource as well as the maintenance of sustainable fish populations. There is insufficient time to adopt permanent rules.

Washington and Oregon jointly regulate Columbia River fisheries under the congressionally ratified Columbia River Compact. Four Indian tribes have treaty fishing rights in the Columbia River. The treaties preempt state regulations that fail to allow the tribes an opportunity to take a fair share of the available fish, and the states must manage other fisheries accordingly. *Sohappy v. Smith*, 302 F. Supp. 899 (D. Or. 1969). A court order sets the current parameters. *United States v. Oregon*, Civil No. 68-513-KI (D. Or.), Order Adopting 2018-2027 *United States v. Oregon* Management Agreement (February 26, 2018) (Doc. No. 2607-1). Some salmon and steelhead stocks in the Columbia River are listed as threatened or endangered under the federal ESA. On February 23, 2018, the National Marine Fisheries Service issued a biological opinion under 16 U.S.C. § 1536 that allows for some incidental take of these species in the fisheries as described in the 2018-2027 *U.S. v. Oregon* Management Agreement.

Some Columbia River Basin salmon and steelhead stocks are listed as threatened or endangered under the federal ESA. The Washington and Oregon fish and wildlife commissions have developed policies to guide the implementation of such biological opinions in the states' regulation of nontreaty fisheries.

Columbia River nontreaty fisheries are monitored very closely to ensure compliance with federal court orders, the ESA, and commission guidelines. Because conditions change rapidly, the fisheries are managed almost exclusively by emergency rule. Representatives from the Washington (WDFW) and Oregon (ODFW) departments of fish and wildlife convene public hearings and take public testimony when considering proposals for new emergency rules. WDFW and ODFW then adopt regulations reflecting agreements reached.

## EMERGENCY RULES

## DEPARTMENT OF HEALTH

[Filed April 22, 2022, 7:57 a.m., effective April 22, 2022, 7:57 a.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: WAC 246-300-001 Licensed health care facilities and coronavirus disease 2019 (COVID-19). Extending the adoption of an emergency rule that establishes that all health care facilities licensed by the department of health must comply with state and federal statutes, administrative rules, lawful orders, and other legal requirements relating to the operation of the facility and the control or prevention of the spread of COVID-19, including orders issued by the governor, by the secretary of health, by a local board of health, and by a local health officer. This continues the emergency rule originally filed on December 23, 2021, as WSR 22-02-009.

Citation of Rules Affected by this Order: New WAC 246-300-001.

Statutory Authority for Adoption: RCW 43.70.040, 18.46.060, 70.41.030, 70.42.220, 70.127.120, 70.230.020, 70.230.090, 71.12.670, 71.24.037.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: COVID-19 continues as an ongoing and present threat in Washington with continuing existence of COVID-19 cases and hospitalizations, primarily among unvaccinated populations but also in breakthrough infections in some fully vaccinated individuals. Though some governor proclamations and associated health orders may change or lessen in scope over the course of the disease activity in Washington state, there continue to be requirements (such as vaccinations, use of personal protective equipment, and masking) for health care providers, and for patients and visitors to health care settings, including licensed health care facilities. Clarifying the applicability of state and federal statutes, administrative rules, lawful orders, and other legal requirements to licensed health care facilities will assist facilities to comply with these requirements and will assist the department in its efforts to ensure the health and safety of the workers, recipients of services, and visitors in those facilities.

The extension of this emergency rule and the clarity it brings to licensed health care facilities is necessary for the preservation of public health, safety, and general welfare. Observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to protecting immediate public interests.

**DEPARTMENT OF**  
**FISH AND WILDLIFE**

[Order 22-61—Filed April 22, 2022, 3:12 p.m., effective April 29, 2022]

Effective Date of Rule: April 29, 2022.

Purpose: The purpose of this emergency rule is to open recreational razor clam seasons and to increase daily limits to 20 clams during open periods. This rule will also extend the open period by one hour on beaches open on May 7 to accommodate a tide change near the usual closing time of 11:59 p.m.

Citation of Rules Affected by this Order: Repealing WAC 220-330-16000N and 220-330-01000W; and amending WAC 220-330-160 and 220-330-010.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Survey results show that adequate clams are available for harvest in Razor Clam Areas 1, 3, 4, and 5 for recreational harvest. An exceptionally large population of harvestable razor clams in Razor Clam Areas 1, 3, 4, and 5 allow for a temporary increase in the daily bag limit. Washington department of health has certified clams from these razor clam areas to be safe for human consumption. There is insufficient time to adopt permanent rules.

**EMERGENCY RULES**  
**HEALTH CARE AUTHORITY**

[Filed April 27, 2022, 10:43 p.m., effective April 27, 2022, 10:43 p.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: The health care authority (HCA) is amending WAC 182-531-1400 to implement changes directed by the legislature in 2SHB 1325, section (2)(11), chapter 126, Laws of 2021. For mental health diagnostic assessment of children birth through age five, HCA is directed to reimburse providers for up to five sessions per assessment and for travel costs when a session is conducted in a home or community setting.

Citation of Rules Affected by this Order: Amending WAC 182-531-1400.

Statutory Authority for Adoption: RCW 41.05.021, 41.05.160; and 2SHB 1325, section (2)(11), chapter 126, Laws of 2021.

Other Authority: Not applicable.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Approximately 9.5 - 14.2 percent of children birth to age five experience emotional, relational, or behavioral disturbance. Considering the impending statewide increase in behavioral health impacts and expected increase in child abuse occurrences resulting from the COVID-19 pandemic, it is urgent that the mental health system have developmentally appropriate assessment, diagnosis, and treatment protocols with flexibility to support families where they are in communities to ensure equitable, adequate care and to prevent long-term social-emotional health impacts to Washington's youngest children. The implementation of policy changes directed by 2SHB 1325, section (2)(11), chapter 126, Laws of 2021, is critical to supporting a developmentally appropriate mental health system.

This emergency filing replaces the emergency rules filed under WSR 22-02-035 on December 29, 2021. The agency is refiled to continue the emergency rule while proceeding through the permanent rule-making process. Since filing the last emergency filing, the agency completed the stakeholder review, filed the CR-102 (Proposed rule making) under WSR 22-07-090 on March 22, 2022, and held a public hearing on April 26, 2022. The agency is now reviewing the public hearing comments submitted by stakeholders and anticipates filing the final Rule-making order (CR-103P) soon.

**EMERGENCY RULES**  
**DEPARTMENT OF**  
**FISH AND WILDLIFE**

[Order 22-64—Filed April 28, 2022, 1:53 p.m., effective April 29, 2022]

Effective Date of Rule: April 29, 2022.

Purpose: The purpose of this emergency rule is to open commercial spot and nonspot shrimp fisheries in Puget Sound.

Permanent rules regulating state commercial shrimp harvest in Puget Sound and the Strait of Juan de Fuca require adoption of harvest seasons contained in this emergency rule. This emergency rule:

WAC 220-340-52000S:

1. Clarifies the pot limit for shrimp pot fisheries is specific to each gear type and allows a separate maximum 100 pot limit for spot shrimp pots and nonspot shrimp pots respectively.

2. Opens spot shrimp quota areas, defines the first spot shrimp catch accounting period as being from May 1 to August 2, 2022, and allows 4,500 pounds of spot shrimp to be harvested per license for the first catch accounting period.

3. Opens nonspot shrimp quota areas, defines the nonspot shrimp catch accounting week, sets a weekly per license catch limit of 700 pounds, in Subregions 1A, 1B, 1C, and Region 2E, clarifies there is no weekly harvest limit in Regions 3 or 2W, and sets a 175 foot depth limit in Subregion 1A and Subarea 23A East.

WAC 220-340-54000A:

1. Opens Region 3 shrimp trawl fisheries on May 1, 2022. Opens Region 1 trawl fisheries as required by permanent rule.

Citation of Rules Affected by this Order: Amending WAC 220-340-520 and 220-340-540.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The emergency regulation is necessary to prosecute state commercial shrimp pot and trawl fisheries in Puget Sound. This rule allows harvesters to both respond to dynamic changes in market conditions and promotes full utilization of both the commercial spot and nonspot shares. These rules are in congruence with co-manager agreements. There is insufficient time to adopt permanent rules.

Purpose: Clarify that the department does not regulate community-based quarantine and isolation facilities operated by or under contract with a local government.

Citation of Rules Affected by this Order: New WAC 110-145-1305.

Statutory Authority for Adoption: RCW 74.13.031 and 74.15.030.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Governor Jay Inslee issued Proclamation 20-05 declaring a State of Emergency in all counties in the state of Washington as a result of the outbreak of COVID-19. As of March 11, 2020, the World Health Organization has classified COVID-19 as a pandemic. This rule allows for the expedient delivery of life-saving services to a highly vulnerable population in Washington state—homeless youth who have recently been diagnosed with, infected by, or who came into contact with COVID-19.

**EMERGENCY RULES**  
**SUPERINTENDENT OF**  
**PUBLIC INSTRUCTION**

[Filed May 3, 2022, 2:53 p.m., effective May 3, 2022, 2:53 p.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: To allow school free and reduced price meal counts taken from the October 1, 2019, high poverty schools annual report to carry over to the 2021-22 school year for the purpose of the high poverty schools national board certified teacher (NBCT) bonus. This rule change only affects schools who lost high poverty school eligibility between the October 1, 2019, and October 1, 2020, free and reduced price meal counts. Schools that are eligible as high poverty in 2021-22 per the October 1, 2020, count will not carry over the October 1, 2019, count. Schools that are eligible as high poverty per participation in the community eligibility provision or Provision 2 federal meal programs will also not be affected by this change.

Citation of Rules Affected by this Order: Amending WAC 392-140-973.

Statutory Authority for Adoption: RCW 28A.150.290 and 28A.405.415.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Due to the global COVID-19 pandemic, many Washington state schools and districts were able to provide free meals to all enrolled students. As a result, collecting family income information that would typically drive free and reduced meal counts was significantly reduced. The remote learning environment that most schools operated in also heavily impacted their capacity to collect family income information. These factors affected the free and reduced meal counts as of October 1, 2020, that are used to determine high poverty schools eligibility in 2021-22. Consequently, many schools that had historically been eligible for high poverty schools NBCT bonuses have lost eligibility due to underreporting free and reduced price meal counts in 2020.

EMERGENCY RULES  
DEPARTMENT OF  
FISH AND WILDLIFE

[Order 22-65—Filed May 4, 2022, 6:00 p.m., effective May 4, 2022]

Effective Date of Rule: May 4, 2022.

Purpose: The purpose of this emergency rule is to close spring Chinook fisheries from Bonneville Dam to the Oregon/Washington state line at Hwy. 730.

Citation of Rules Affected by this Order: Repealing WAC 220-312-06000I.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Catch estimates for the mainstem spring Chinook fishery from Bonneville Dam to the Oregon/Washington state line indicate the preupdate allowable catch for upriver spring Chinook has been met. Upriver spring Chinook are the surrogate for Endangered Species Act-listed spring Chinook above Bonneville Dam. Joint state action is necessary to limit additional upriver spring Chinook catches.

Staff will continue to monitor the run and assess catch information to determine if the fishery can reopen at a later date. The *U.S. v. OR* technical advisory committee has not yet provided a run size update on the upriver spring Chinook run, which typically occurs in mid-May.
