Subject of Possible Rule Making: WAC 182-557-0225 Health home services—Methodology for calculating a person's risk score; other related rules as appropriate.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 41.05.021, 41.05.160.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The health care authority (HCA) is amending WAC 182-557-0225(7) to update the risk score weights specifically pertaining to children of various age groups outlined and the weights for health diagnoses for children. This update aligns with the release of version 6.5 of the University of San Diego's Chronic Illness and Disability Payment System (CDPS). During the course of this review, HCA may identify additional related changes that are required in order to improve clarity or update policy.

Process for Developing New Rule: The agency welcomes the public to take part in developing this rule. If interested, contact the person identified below to receive an early rule draft to review. After the early review, the agency will send a notice of proposed rule making (CR-102) to everyone receiving this notice and anyone who requests a copy.
