

**WSR 22-13-034
EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE**

[Order 22-96—Filed June 6, 2022, 3:06 p.m., effective June 10, 2022]

Effective Date of Rule: June 10, 2022.

Purpose: The purpose of this emergency rule is to open a spring Chinook season in the Snake River.

Citation of Rules Affected by this Order: Amending WAC 220-312-050.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: An updated run size increase to the 2022 Columbia upriver spring Chinook salmon return is sufficiently abundant to allow for a limited harvest opportunity on the Snake River based on Washington department of fish and wildlife Commission Policy C-3620. The *U.S. v. Oregon* (2018-2027) Management Agreement provides Endangered Species Act coverage for this fishery.

There is insufficient time to adopt permanent rules.
