EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE**

[Order 20-106—Filed June 17, 2022, 3:31 p.m., effective June 17, 2022, 3:31 p.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: Amends Puget Sound recreational shrimp rules.

Citation of Rules Affected by this Order: Repealing WAC 220-330-07000L; and amending WAC 220-330-070.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This regulation is needed to ensure an orderly fishery, manage the fishery within court-ordered sharing requirements, and ensure conservation. Harvestable amounts of spot shrimp are available, but recreational shares will only support a limited number of days in the marine areas listed in this section. In addition, this emergency regulation opens the Marine Area 4 (east of the Bonilla-Tatoosh line), 5, 6, and 7 West seasons one hour before sunrise to one hour after sunset, which is the default daily start time and end time for those areas. This regulation opens the recreational nonspot shrimp fisheries on the dates listed for Marine Areas 9 and 11 and maintains the recreational nonspot shrimp fishery already open in Marine Area 13. The nonspot shrimp fisheries have maximum depth restrictions specific to each area to limit capture and handling of spot shrimp. Spot shrimp must be immediately released unharmed during nonspot shrimp seasons. There is insufficient time to adopt permanent rules.
