EMERGENCY RULES  
DEPARTMENT OF  
FISH AND WILDLIFE

[Order 22-120—Filed June 29, 2022, 3:40 p.m., effective July 1, 2022]

Effective Date of Rule: July 1, 2022.

Purpose: The purpose of this emergency rule is to open recreational Chinook harvest seasons in the Icicle River.

Citation of Rules Affected by this Order: Amending WAC 220-312-050.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This rule is needed to open hatchery Chinook retention in the Icicle River. Much of the spring Chinook run destined for the Icicle River has just recently moved into the Icicle River and hatchery broodstock goals have been met. Extending the fishery will allow anglers additional opportunity to harvest these fish. There is insufficient time to adopt permanent rules.
