

**WSR 22-14-077  
EMERGENCY RULES  
DEPARTMENT OF  
FISH AND WILDLIFE**

[Order 22-127—Filed June 30, 2022, 4:20 p.m., effective July 2, 2022]

Effective Date of Rule: July 2, 2022.

Purpose: The purpose of this emergency rule is to close salmon seasons in Catch Record Card Area 4 and to reduce the Chinook portion of the salmon daily limit in Catch Record Card Area 3.

Citation of Rules Affected by this Order: Repealing WAC 220-313-07500H; and amending WAC 220-313-075.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This emergency rule is needed because Neah Bay has harvested a significant portion of its Chinook quota, and closure of waters east of the Bonilla-Tatooshline and subsequent closure of the entire area should reserve some Chinook quota for reopening the area later in the summer when more coho salmon are present. Modification of the daily limit for Area 3 is to ensure that Chinook quota in that area is not consumed quickly as more Chinook move through the area, and fishing effort potentially increases due to closure of Area 4.

This rule also maintains previously established recreational salmon seasons in Areas 1 and 2.

These rules for in-state waters are consistent with federal salmon fishing regulations adopted by the National Marine Fisheries Service in response to actions taken by the Pacific Fishery Management Council to set salmon fishery harvest specifications and management measures; this action is intended to achieve regulatory consistency in federal and state waters for the ocean recreational salmon fishery, which operates in both areas.

There is insufficient time to adopt permanent rules.
