PERMANENT RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Order 2022-11—Filed July 26, 2022, 10:05 a.m., effective August 26, 2022]

Effective Date of Rule: Thirty-one days after filing.

Purpose: The purpose of the amendment to WAC 220-415-100 Cougar hunting seasons and regulations is to add additional recreational cougar hunting opportunity in specific geographical areas with the primary purpose of addressing a cougar and ungulate management concern by using recreational hunting through a second cougar harvest opportunity in identified game management units (GMUs). Washington department of fish and wildlife (WDFW) expects an increase in cougar harvest in the GMUs that constitute the population management units (PMUs) 9, 10, and 11, where the Blue Mountain Elk are more susceptible to cougar caused mortality. WDFW also anticipates a corresponding increase in juvenile elk survival in PMUs 9, 10, and 11, where in recent years the agency has observed insufficient juvenile elk survival to achieve population growth or stability in the Blue Mountain elk population. This amendment will add the cougar PMU numbers to each of the hunt areas. This amendment will provide additional hunting opportunity to hunters who elect to pursue a second cougar within the identified GMUs, and clearly identify the PMU numbers and the GMUs associated with each.
