EMERGENCY RULES  
DEPARTMENT OF  
FISH AND WILDLIFE

[Order 22-168—Filed August 12, 2022, 3:19 p.m., effective August 13, 2022]

Effective Date of Rule: August 13, 2022.

Purpose: The purpose of this emergency rule is to open commercial reef net seasons in Puget Sound Salmon Management and Catch Reporting Areas 7 and 7A.

Citation of Rules Affected by this Order: Amending WAC 220-354-180.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This emergency rule is needed to provide for Pacific Salmon Commission authorized commercial fisheries in Puget Sound Management and Catch Reporting Areas 7 and 7A. These fisheries have been authorized by The Fraser River Panel as part of the Pacific Salmon Treaty. In-season information indicates that there are harvestable sockeye available for United States fisheries. There is insufficient time to adopt permanent rules.
