DEPARTMENT OF
LABOR AND INDUSTRIES
[Filed September 6, 2022, 8:30 a.m., effective October 7, 2022]

Effective Date of Rule: Thirty-one days after filing.

Purpose: The purpose of this rule making is to create chapter 296-801 WAC, Protecting temporary workers, to implement requirements from SHB 1206, passed by the Washington state legislature in 2021, codified as RCW 49.17.490. RCW 49.17.490 requires staffing agencies to assess the employer's safety and health practices at the workplace that the employee will be working. They must assess the safety conditions, the tasks the employee will be completing, as well as the safety program that the employer has in place. These inquiries are required to take place at the start of the contract, and it may involve the staffing agency visiting the actual work site. The adopted rule making incorporates the statutory language passed by the legislature and includes requirements for staffing agencies and worksite employers. Please see below for an overview of the adopted language.

NEW SECTION

WAC 296-801-100 Staffing agency requirements. Before the assignment of an employee to a worksite employer, a staffing agency must:

(1) Inquire about the worksite employer's safety and health practices and hazards at the actual workplace where the employee will be working to assess the safety conditions, workers tasks, and the worksite employer's safety program; these activities are required at the start of any contract to place workers and may include visiting the actual worksite. If, during the inquiry or anytime during the period of the contract, the staffing agency becomes aware of existing job hazards that are not mitigated by the worksite employer, the staffing agency must make the host employer aware, urge the host employer to correct it, and document these efforts, otherwise the staffing agency must remove the temporary workers from the worksite;

(2) Provide training to the employee for general awareness safety training for recognized industry hazards the employee may encounter at the worksite. Industry hazard training must be completed, in the preferred language of the employee, and must be provided at no expense to the employee. The training date and training content must be maintained by the staffing agency and provided to the employee upon request;

(3) Transmit a general description of the training program including topics covered to the worksite employer, whether electronically or on paper, at the start of the contract with the worksite employer;

(4) Provide the department's hotline number (1-800-4BS-SAFE, or 1-800-423-7233 and using option 2, then option 2 again to report unsafe working conditions) for the employee to call to report safety hazards and concerns as part of the employment materials provided to the employee; and

(5) Inform the employee who the employee should report safety concerns to at the workplace.

Note: A staffing agency or employee may refuse a new job task at the worksite when the task has not been reviewed or if the employee has not had appropriate training to do the new task.
