EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Order 22-179—Filed August 24, 2022, 4:19 p.m., effective August 24, 2022, 4:19 p.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: The provisions of this emergency rule:

(1) Open identified geographical management units to commercial spot shrimp pot harvest that have available clean-up quota.

(2) Close Region 2E to commercial nonspot pot harvest one hour after sunset on August 29, 2022.

Citation of Rules Affected by this Order: Repealing WAC 220-340-52000C; and amending WAC 220-340-520.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This emergency rule is necessary to prosecute state commercial shrimp pot and trawl fisheries in Puget Sound. Permanent rules regulating state commercial shrimp harvest in Puget Sound and the Strait of Juan de Fuca require adoption of harvest seasons contained in this emergency rule. This rule allows harvesters to both respond to dynamic changes in market conditions and promotes full utilization of both the commercial spot and nonspot shares. These rules are in congruence with comanager agreements. There is insufficient time to adopt permanent rules.

[Order 22-180—Filed August 24, 2022, 4:21 p.m., effective August 24, 2022, 4:21 p.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: Amends recreational shrimp fishery in Puget Sound. Opens Marine Area 6 (excluding the Discovery Bay Shrimp District) for recreational nonspot shrimp fishing.

Citation of Rules Affected by this Order: Repealing WAC 220-330-07000Q; and amending WAC 220-330-070.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This regulation is needed to ensure an orderly fishery, manage the fishery within court-ordered sharing requirements, and ensure conservation. This regulation maintains the recreational spot shrimp fisheries already open in Marine Areas 4 and 5 through September 15. This regulation maintains the recreational nonspot shrimp fisheries already open in Marine Areas 7 East, 8-1, 8-2, 9, 11, and 13 through October 15. There is also sufficient recreational nonspot shrimp share to open the recreational fishery in Marine Area 6 outside Discovery Bay through October 15. The nonspot shrimp fisheries have maximum depth restrictions specific to each area to limit capture and handling of spot shrimp. Spot shrimp must be immediately released unharmed during nonspot shrimp seasons. There is insufficient time to adopt permanent rules.

Effective Date of Rule: Immediately upon filing.

Purpose: The purpose of this emergency rule is to allow retention of unmarked coho.

Citation of Rules Affected by this Order: Repealing WAC 220-354-30000L; and amending WAC 220-354-300.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: A harvestable quota of salmon is available for the troll fleet. This regulation is necessary to both meet conservation limits and to provide fishing opportunity and its corresponding economic benefit. A reduction in the remaining quota for the troll fishery was implemented in conjunction with this change to ensure that allowing catch of unmarked coho will not increase impact on wild coho stocks. These rules are adopted at the recommendation of the Pacific Fisheries Management Council, in accordance with preseason fishing plans, and have been adopted for federal waters by the National Oceanic and Atmospheric Administration. There is insufficient time to adopt permanent rules.

Effective Date of Rule: August 27, 2022.

Purpose: The purpose of this emergency rule is to allow retention of unmarked coho in Catch Record Card Area 2.

Citation of Rules Affected by this Order: Repealing WAC 220-313-07500N; and amending WAC 220-313-075.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This emergency rule is needed to adjust daily limits in Catch Record Card Area 2. Mark rates for coho have been lower than expected in Area 2, increasing encounters with Chinook and wild coho as anglers pursue marked coho. A reduction in the remaining quota for the Area 2 fishery was implemented in conjunction with this change to ensure that allowing catch of unmarked coho will not increase impacts on wild coho stocks of concern. Allowing retention of unmarked coho may reduce the length of the season but should increase the quality of remaining fishing opportunity.

These rules are adopted at the recommendation of the Pacific Fisheries Management Council, in accordance with preseason fishing plans, and have been adopted for federal waters by the National Oceanic and Atmospheric Administration.

There is insufficient time to adopt permanent rules.

EMERGENCY RULES
DEPARTMENT OF

[Order 22-184—Filed August 26, 2022, 1:34 p.m., effective August 28, 2022]

Effective Date of Rule: August 28, 2022.

Purpose: The purpose of this emergency rule is to close commercial salmon seasons in Puget Sound Salmon Management and Catch Reporting Area 7C and a portion of Area 7B.

Citation of Rules Affected by this Order: Amending WAC 220-354-120 and 220-354-160.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This emergency rule is needed to close commercial gill net and purse seine seasons in Puget Sound Salmon Management and Catch Reporting Area 7C and a portion of Area 7B.

For the waters of Area 7B: Currently, United States fisheries (all citizen and tribal) targeting sockeye salmon are closed. At current predicted run-size levels, the United States is over its allowable share of sockeye returning to the Fraser River. Closing these waters to fishing will ensure additional sockeye salmon harvest remains low.

The closure of gill net fisheries in Area 7C is necessary to avoid gear conflicts with a tribal crab opening. This action is undertaken through comanager agreement.

There is insufficient time to adopt permanent rules.

EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Order 22-185—Filed August 26, 2022, 2:54 p.m., effective August 29, 2022]

Effective Date of Rule: August 29, 2022.

Purpose: The purpose of this emergency rule is to close salmon fishing in Catch Record Card Area 13.

Citation of Rules Affected by this Order: Amending WAC 220-313-060.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Expected catches in both recreational and tribal fisheries are below preseason expectation to date. The recreational marine area salmon fishery will be paused until further notice to further evaluate Chinook returns to South Sound to ensure natural escapement and broodstock goals are met. This fishery may reopen if further information suggests such an action is warranted. There is insufficient time to adopt permanent rules.

EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Order 22-186—Filed August 30, 2022, 12:54 p.m., effective August 31, 2022]

Effective Date of Rule: August 31, 2022.

Purpose: The purpose of this emergency rule is to close Chinook retention in the Columbia River, from Buoy 10 to the west end of Puget Island.

Citation of Rules Affected by this Order: Repealing WAC 220-312-06000W; and amending WAC 220-312-060.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The Buoy 10 lower river 'tule' Chinook mortalities have exceeded preseason expectations through the Chinook retention season. Due to higher-than-expected Endangered Species Act (ESA) impacts from the Buoy 10 fishery, joint state action was necessary to limit additional Chinook impacts and allow the hatchery coho retention fishery to remain open. Staff will continue to monitor progress of ongoing fisheries, with an expectation to manage within the allowed 38 percent ESA impact rate. This rule conforms Washington state rules with Oregon state rules.

Washington and Oregon jointly regulate Columbia River fisheries under the congressionally ratified Columbia River Compact. Four Indian tribes have treaty fishing rights in the Columbia River. The treaties preempt state regulations that fail to allow the tribes an opportunity to take a fair share of the available fish, and the states must manage other fisheries accordingly. *Sohappy v. Smith*, 302 F. Supp. 899 (D. Or. 1969). A court order sets the current parameters. *United States v. Oregon*, Civil No. 68-513-KI (D. Or.), Order Adopting 2018-2027 *United States v. Oregon* Management Agreement (February 26, 2018) (Doc. No. 2607-1). Some salmon and steelhead stocks in the Columbia River are listed as threatened or endangered under ESA. On February 23, 2018, the National Marine Fisheries Service issued a biological opinion under 16 U.S.C. § 1536 that allows for some incidental take of these species in the fisheries as described in the 2018-2027 *United States v. Oregon* Management Agreement. The Washington and Oregon fish and wildlife commissions have developed policies to guide the implementation of such biological opinions in the states' regulation of nontreaty fisheries.

Columbia River nontreaty fisheries are monitored very closely to ensure compliance with federal court orders, ESA, and commission guidelines. Because conditions change rapidly, the fisheries are managed almost exclusively by emergency rule. Representatives from the Washington (WDFW) and Oregon (ODFW) departments of fish and wildlife convene public hearings and take public testimony when considering proposals for new emergency rules. WDFW and ODFW then adopt regulations reflecting agreements reached.

This rule also carries forward Columbia River salmon seasons previously set in WSR 22-15-033, filed July 13, 2022.

There is insufficient time to promulgate permanent rules.

Effective Date of Rule: Immediately upon filing.

Purpose: The purpose of this emergency rule is to return Catch Record Card Area 13 salmon seasons to permanent rules.

Citation of Rules Affected by this Order: Repealing WAC 220-313-06000I.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Chinook salmon returns to the Nisqually River were below preseason expectations through last Friday when the Washington department of fish and wildlife (WDFW) paused recreational salmon fishing. After discussions with comanagers and evaluating current information, WDFW is comfortable that management objectives will not be compromised by reopening recreational salmon fishing.

EMERGENCY RULES

DEPARTMENT OF HEALTH

[Filed August 31, 2022, 3:19 p.m., effective August 31, 2022, 3:19 p.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: WAC 246-320-700 Reporting of health system readiness data. The department of health (department) is adopting an emergency rule to create new WAC 246-320-700 to require acute care hospitals licensed under chapter 70.41 RCW to report hospital maintenance and operation data to the department through Washington's Healthcare and Emergency and Logistics Tracking Hub (WA HEALTH) in accordance with the WA HEALTH user guide. WA HEALTH is used daily to inform planned patient movement, COVID-19 hospitalization and disease trends, and supply needs across the state so patients have access to the appropriate level of health care.

Citation of Rules Affected by this Order: New WAC 246-320-700.

Statutory Authority for Adoption: RCW 70.41.030.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Governor Inslee's Proclamation 20-24.2, "Requirements for Non-Urgent Medical and Dental Procedures," requires hospitals to submit accurate and complete data, as required by any department guidelines, to the WA HEALTH reporting data system to allow for a statewide common operating perspective on resource availability. On July 29, 2022, the office of the governor announced the rescission of Proclamation 20-24.2, to become effective on October 27, 2022. This emergency rule is necessary to allow for the continuation of reporting of timely and accurate data pertaining to hospital's patient volumes, capacities and resource constraints, even after other emergency measures related to COVID-19 are lifted. This will ensure health system readiness, promote safe and adequate care of individuals in hospitals, and mitigate the impact of future COVID-19 surges or other emerging public health threats. The department plans to initiate a rule-making project in the fall to work with interested parties on consideration of adopting this requirement as a permanent rule.

EMERGENCY RULES
DEPARTMENT OF

CHILDREN, YOUTH, AND FAMILIES

[Filed September 1, 2022, 8:57 a.m., effective September 1, 2022]

Effective Date of Rule: September 1, 2022.

Purpose: The department of children, youth, and families (DCYF) will be making changes to the child welfare WAC in chapter 110-50 WAC and WAC 110-80-0260 regarding referrals to the division of child support when children are placed into DCYF's care. Currently DCYF refers all children, unless good cause exists to not pursue collection. DCYF wants to revise the types of cases being referred and the good cause criteria to minimize the number of referrals made to the division of child support. These changes are being made to help to alleviate financial hardship and other barriers families often experience, which in turn helps reunify and stabilize children and their families sooner. In addition, the governor's office has included minimized referrals as a cost savings in the 2022 budget proposal.

Citation of Rules Affected by this Order: Repealing WAC 110-50-0310; and amending WAC 110-80-0260, 110-50-0300, and 110-50-0320.

Statutory Authority for Adoption: RCW 74.20.040.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Children and youth have not exited DCYF care as quickly as they did before the pandemic. New COVID[-19] variants are always a possibility, such as the emergence of the BA.5 strain this summer. The ongoing emergence of new COVID-19 variants can and has caused COVID[-19]-related backlogs of court cases and postponed DCYF services to children and families, including, but not limited to, parental education, drug and alcohol treatment, and domestic violence counseling. DCYF's child support payment process, in existence long before the pandemic, can lead to prolonged debt and prevent parents' ability to maintain or obtain suitable housing or other resources needed for family reunification. In late 2021, families lost the financial security provided by the state's COVID[-19]-related [related] eviction moratorium, causing additional financial hardships for families already financially challenged by child support collection. Immediate changes to the child support payment process will alleviate some of the COVID[-19]-related financial hardships families can face and allow family reunification to occur sooner. Furthermore, the governor's 2022 budget supports these changes, which are included as a cost savings.

EMERGENCY RULES
DEPARTMENT OF

SOCIAL AND HEALTH SERVICES

(Economic Services Administration)

[Filed September 1, 2022, 11:14 a.m., effective September 1, 2022]

Effective Date of Rule: September 1, 2022.

Purpose: The department is amending WAC 388-400-0060 Who is eligible for aged, blind, or disabled (ABD) cash assistance?, 388-400-0070 Who is eligible for referral to the housing and essential needs (HEN) program?, 388-434-0005 How often does the department review my eligibility for benefits?, 388-449-0001 What are the disability requirements for the aged, blind, or disabled (ABD) program?, 388-449-0150 When does my eligibility for aged, blind, or disabled (ABD) cash benefits end?, 388-449-0200 Am I eligible for cash assistance for aged, blind, or disabled (ABD) while waiting for supplemental security income (SSI)?, 388-452-0005 Do I have to be interviewed in order to get cash and basic food benefits?, 388-478-0006 The clothing, personal maintenance, and necessary incidentals (CPI) payment standard for cash assistance, and 388-478-0033 What are the payment standards for aged, blind, or disabled (ABD) cash assistance?

Effective September 1, 2022, individuals aged 21-64 residing in a public mental institution are potentially eligible for the ABD program if they meet all other eligibility criteria. If ABD is approved, individuals are eligible for a clothing, personal maintenance, and necessary incidentals monthly grant up to \$41.62.

This filing supersedes language filed under WSR 22-13-171 for WAC 388-400-0060 only and does not impact any other emergency amendments adopted under WSR 22-13-171.

Citation of Rules Affected by this Order: Amending WAC 388-400-0060, 388-400-0070, 388-434-0005, 388-449-0001, 388-449-0150, 388-449-0200, 388-452-0005, 388-478-0006, and 388-478-0033.

Statutory Authority for Adoption: RCW 74.04.005, 74.04.050, 74.04.0052, 74.04.055, 74.04.057, 74.04.510, 74.04.655, 74.04.770, 74.04.805, 74.08.043, 74.08.090, 74.08.335, 74.08A.100, and 74.62.030.

Other Authority: Supplemental operating budget (chapter 297, Laws of 2022).

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest; and that state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this Finding: Adoption of emergency amendments is necessary to implement ABD eligibility changes, effective September 1, 2022, as funded within the supplemental operating budget (chapter 297, Laws of 2022).

The department is actively taking appropriate steps to adopt the rule as permanent, and filed notice of its intent under WSR 22-17-114.

(c) The Social Security Administration (SSA) stops your supplemental security income (SSI) payments solely because you are not a citizen;

(d) You are eligible for services through the developmental disabilities administration (DDA) for a medical condition that is expected to last ~~((twelve))~~ 12 months or more or result in death;

(e) You are eligible for long-term care services from the aging and long-term support administration for a medical condition that is expected to last ~~((twelve))~~ 12 months or more or result in death;
~~((e))~~

(f) You have been civilly committed to eastern or western state hospital;

(g) You have been placed in eastern or western state hospital for an offense you have been found not guilty by reason of insanity; or

~~((f))~~ (h) You are approved through the sequential evaluation process (SEP) defined in WAC 388-449-0005 through 388-449-0100. The SEP is the sequence of five steps. Step 1 considers whether you are currently working. Steps 2 and 3 consider medical evidence and whether you are likely to meet or equal a listed impairment under Social Security's rules. Steps 4 and 5 consider your residual functional capacity and vocational factors such as age, education, and work experience in order to determine your ability to do your past work or other work.

(4) If you have a physical or mental impairment and you are impaired by a substance use disorder and do not meet the other disability criteria in subsections (2) (a) ~~((through))~~ - (d) ~~((above))~~ of this section, we decide if you are eligible for ABD cash by applying the sequential evaluation process described in WAC 388-449-0005 through 388-449-0100. You aren't eligible for ABD cash benefits if you are disabled primarily because of a substance use disorder.

(5) In determining disability, we consider only your ability to perform basic work-related activities. "Basic work-related activities" are activities that anyone would be required to perform in a work setting. They consist of: Sitting, standing, walking, lifting, carrying, handling, and other physical functions (including manipulative or postural functions such as pushing, pulling, reaching, handling, stooping, or crouching), seeing, hearing, communicating, remembering, understanding and following instructions, responding appropriately to supervisors and coworkers, tolerating the pressures of a work setting, maintaining appropriate behavior, and adapting to changes in a routine work setting.

(6) We determine you are not likely to meet SSI disability criteria if SSA denied your application for SSI or Social Security Disability Insurance (SSDI) based on disability in the last ~~((twelve))~~ 12 months unless:

(a) You file a timely appeal with SSA;

(b) SSA decides you have good cause for a late appeal; or

(c) You give us medical evidence of a potentially disabling condition that SSA did not consider or medical evidence confirming your condition has deteriorated.

WSR 22-18-070
EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Order 22-188—Filed September 1, 2022, 4:51 p.m., effective September 2, 2022]

Effective Date of Rule: September 2, 2022.

Purpose: The purpose of this emergency rule is to close recreational salmon and steelhead fisheries in the Columbia River from the mouth to Bonneville Dam.

Citation of Rules Affected by this Order: Repealing WAC 220-312-06000Y; and amending WAC 220-312-060.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This emergency rule is needed because the recreational fishery has exceeded their allocation for impacts on lower river 'tule' Chinook and in order to avoid exceeding the total allowable impacts rates. Staff will continue to monitor progress of ongoing fisheries, with an expectation to manage within the allowable Endangered Species Act (ESA) impact rates and per Washington Fish and Wildlife Policy C-3630. This rule conforms Washington state rules with Oregon state rules and is consistent with compact action on September 1, 2022.

Washington and Oregon jointly regulate Columbia River fisheries under the congressionally ratified Columbia River Compact. Four Indian tribes have treaty fishing rights in the Columbia River. The treaties preempt state regulations that fail to allow the tribes an opportunity to take a fair share of the available fish, and the states must manage other fisheries accordingly. *Sohappy v. Smith*, 302 F. Supp. 899 (D. Or. 1969). A court order sets the current parameters. *United States v. Oregon*, Civil No. 68-513-KI (D. Or.), Order Adopting 2018-2027 *United States v. Oregon* Management Agreement (February 26, 2018) (Doc. No. 2607-1). Some salmon and steelhead stocks in the Columbia River are listed as threatened or endangered under ESA. On February 23, 2018, the National Marine Fisheries Service issued a biological opinion under 16 U.S.C. § 1536 that allows for some incidental take of these species in the fisheries as described in the 2018-2027 *United States v. Oregon* Management Agreement. The Washington and Oregon fish and wildlife commissions have developed policies to guide the implementation of such biological opinions in the states' regulation of nontreaty fisheries.

Columbia River nontreaty fisheries are monitored very closely to ensure compliance with federal court orders, ESA, and commission guidelines. Because conditions change rapidly, the fisheries are managed almost exclusively by emergency rule. Representatives from the Washington (WDFW) and Oregon (ODFW) departments of fish and wildlife convene public hearings and take public testimony when considering proposals for new emergency rules. WDFW and ODFW then adopt regulations reflecting agreements reached.

This rule also carries forward Columbia River salmon seasons previously set in WSR 22-15-033, filed July 13, 2022.

There is insufficient time to promulgate permanent rules.

Effective Date of Rule: Immediately upon filing.

Purpose: This emergency rule opens additional recreational crab harvest seasons in Marine Area 7N on September 6 and 7, 2022.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This emergency rule opens additional recreational crab harvest opportunity in Marine Area 7N on September 6 and 7, 2022. Over the past several seasons, Area 7 north crabbers have consistently lost opportunity as softshell trends extend further into traditional open dates causing truncated seasons. These additional days of recreational crabbing will maintain the historical season length in this area. It is in the interest of opportunity and public well-being to open these additional dates as harvestable crab in hard shell condition are available. There is insufficient time to adopt permanent rules.

EMERGENCY RULES
DEPARTMENT OF

SOCIAL AND HEALTH SERVICES

(Division of Vocational Rehabilitation)

[Filed September 7, 2022, 7:42 a.m., effective September 8, 2022]

Effective Date of Rule: September 8, 2022.

Purpose: The proposal removes references in WAC to post-employment services provided by the division of vocational rehabilitation (DVR) as being available to the customer post exit. The department filed a CR-101 preproposal under WSR 22-12-030 to begin the permanent adoption process.

Citation of Rules Affected by this Order: Amending WAC 388-891A-0610 and 388-891A-0890.

Statutory Authority for Adoption: RCW 34.05.350 (1)(b), 74.29.020(8), and 74.29.050.

Under RCW 34.05.350 the agency for good cause finds that state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this Finding: DVR received recent guidance from the rehabilitation services administration (RSA) that clarifies RSA's interpretation of when vocational rehabilitation agencies may provide post-employment services under the Rehabilitation Act. RSA's interpretation is inconsistent with how Washington DVR currently provides post-employment services and how it is defined in WAC. Provision of post-employment services is subject to receipt of federal funding. Continuing to apply WAC 388-891A-0610 and 388-891A-0890 as currently written will place DVR out of compliance with federal guidance and could jeopardize its ability to receive federal funding. If DVR chose not to pursue an emergency rule it could be interpreted to be in violation of RCW 74.29.050.

AMENDATORY SECTION (Amending WSR 18-12-035, filed 5/29/18, effective 6/30/18)

WAC 388-891A-0610 How are individuals selected for services when DVR is operating under an order of selection? When DVR is operating under an order of selection, individuals are selected for services as follows:

(1) At the time you are determined eligible for VR services, a DVR counselor assigns you to a priority category based on the severity of your disability.

(2) The priority categories are defined in WAC 388-891A-0620 through 388-891A-0660.

(3) As resources become available for DVR to serve additional individuals, DVR selects names from the waiting list in the priority category being served at that time.

(4) Within a priority category, the date you applied for VR services determines the order in which you are selected from the waiting list.

(5) DVR may provide you specific services or equipment without requiring that you wait for services under an order of selection if:

(a) You are at immediate risk of losing your job in a competitive integrated setting for reasons related to your disability; and

(b) You require specific services or equipment in the very near future that will enable you to keep your job.

~~((6) If you have successfully achieved an employment outcome as described in WAC 388-891A-1310, are currently employed, and require post-employment services, you are not required to wait for services under an order of selection.))~~

AMENDATORY SECTION (Amending WSR 18-12-035, filed 5/29/18, effective 6/30/18)

EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Order 22-190—Filed September 7, 2022, 9:05 a.m., effective September 7, 2022, 9:05 a.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: The purpose of this emergency rule is to set a closure date for the 2022 white sturgeon fishery in Lake Roosevelt.

Citation of Rules Affected by this Order: Repealing WAC 220-312-05000L and 220-312-05000U; and amending WAC 220-312-050.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This emergency rule is needed to set a closure date for the 2022 Lake Roosevelt white sturgeon fishery. The Washington department of fish and wildlife anticipates harvest and fishery impacts will have been achieved for the season by September 30, 2022. Fishery managers will evaluate the 2022 Lake Roosevelt white sturgeon catch and harvest prior to establishing rules for the 2023 season. There is insufficient time to adopt permanent rules.

Reasons for this Finding: This emergency rule is necessary to prosecute state commercial shrimp pot and trawl fisheries in Puget Sound. This rule both allows harvesters to respond to dynamic changes in market conditions and promotes full utilization of both the commercial spot and nonspot shares. These rules are in congruence with co-manager agreements. There is insufficient time to adopt permanent rules.
