EMERGENCY RULES  
DEPARTMENT OF  
FISH AND WILDLIFE

[Order 22-205—Filed September 15, 2022, 10:12 a.m., effective September 17, 2022]

Effective Date of Rule: September 17, 2022.

Purpose: The purpose of this emergency rule is to open hatchery Chinook retention seasons in a portion of Whatcom Creek.

Citation of Rules Affected by this Order: Amending WAC 220-312-040.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This action is necessary to open recreational hatchery Chinook retention seasons in Whatcom Creek. Chinook released at the Whatcom Fish Hatchery to aid southern resident killer whales and support harvest programs have returned to Whatcom Creek in harvestable numbers. Closure dates ensure that gear conflicts between comanager fisheries and recreational fisheries are avoided. There is insufficient time to adopt permanent rules.
