EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE**

[Order 22-202—Filed September 15, 2022, 4:49 p.m., effective September 15, 2022, 4:49 p.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: The purpose of this emergency rule is to adjust weekly Chinook and coho landing limits for the coastal troll fishery.

Citation of Rules Affected by this Order: Repealing WAC 220-354-30000M; and amending WAC 220-354-300.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045 and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: A harvestable quota of salmon is available for the troll fleet. This regulation is necessary to both meet conservation limits and to provide fishing opportunity and its corresponding economic benefit. An increase in weekly limits is possible with remaining quota and limited fishing effort expected for the remainder of the season. These rules are adopted at the recommendation of the Pacific Fisheries Management Council, in accordance with pre-season fishing plans, and have been adopted for federal waters by the National Oceanic and Atmospheric Administration. There is insufficient time to adopt permanent rules.
