## EMERGENCY RULES

## DEPARTMENT OF HEALTH

[Filed December 16, 2022, 7:35 a.m., effective December 16, 2022, 7:35 a.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: New WAC 246-300-001 Licensed health care facilities and coronavirus disease 2019 (COVID-19). Extending the adoption of an emergency rule that establishes that all health care facilities licensed by the department of health (department) must comply with state and federal statutes, administrative rules, lawful orders, and other legal requirements relating to the operation of the facility and the control or prevention of the spread of COVID-19, including orders issued by the governor, by the secretary of health, by a local board of health, and by a local health officer. This continues the emergency rule originally filed on December 23, 2021, as WSR 22-02-009, and extended on April 22, 2022, and August 19, 2022, as WSR 22-10-007 and WSR 22-17-098, respectively.

Citation of Rules Affected by this Order: New WAC 246-300-001.

Statutory Authority for Adoption: RCW 43.70.040, 18.46.060, 70.41.030, 70.42.220, 70.127.120, 70.230.020, 70.230.090, 71.12.670, and 71.24.037.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: COVID-19 activity in Washington state continues to pose a high risk to vulnerable populations and health care workers, particularly those receiving and providing care in health care facilities and similar congregate care facilities. While Governor Inslee has ended the state of emergency and rescinded remaining emergency orders, Secretary of Health Order 20-03.10 regarding face coverings statewide remains in effect. Clarifying the applicability of state and federal statutes, administrative rules, lawful orders, and other legal requirements to licensed health care facilities will assist facilities to comply with these requirements and will assist the department in its efforts to ensure the health and safety of the workers, recipients of services, and visitors in those facilities.
