HEALTH CARE AUTHORITY

[Filed February 16, 2023, 10:44 a.m.]

Subject of Possible Rule Making: WAC 182-530-5000 Billing requirements—Pharmacy claim payment; and other related rules as appropriate.

Statutes Authorizing the Agency to Adopt Rules on this Subject: RCW 41.05.021, 41.05.160.

Reasons Why Rules on this Subject may be Needed and What They Might Accomplish: The agency is amending this rule to clarify that signature for proof of delivery can be provided by either the client, the client's designee, or the provider. Currently, the rule does not include the "client's designee." This revision will bring the rule in alignment with the health care authority's (HCA) current practice. During the course of this review, HCA may identify additional related changes that are required in order to improve clarity or update policy.

Other Federal and State Agencies that Regulate this Subject and the Process Coordinating the Rule with These Agencies: The Centers for Medicare and Medicaid Services.

Process for Developing New Rule: The agency welcomes the public to take part in developing this rule. If interested, contact the person identified below to receive an early rule draft to review. After the early review, the agency will send a notice of proposed rule making (CR-102) to everyone receiving this notice and anyone who requests a copy.
