EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Order 23-104—Filed June 23, 2023, 3:30 p.m., effective June 24, 2023]

Effective Date of Rule: June 24, 2023.

Purpose: The purpose of this emergency rule is to open commercial salmon troll seasons in Areas 1 through 4.

Citation of Rules Affected by this Order: Amending WAC 220-354-300.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: A harvestable quota of salmon is available for the troll fleet, and the remaining quota is sufficient to allow larger landing and possession limits for Areas 1 through 4. This regulation is necessary to both meet conservation limits and to provide fishing opportunity and its corresponding economic benefit. These rules are adopted at the recommendation of the Pacific Fishery Management Council, in accordance with preseason fishing plans, and have been adopted for federal waters by the National Oceanic and Atmospheric Administration. There is insufficient time to adopt permanent rules.
