

WSR 23-14-083
EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Order 23-112—Filed June 29, 2023, 4:51 p.m., effective July 1, 2023]

Effective Date of Rule: July 1, 2023.

Purpose: The purpose of this emergency rule is to return Wind River to permanent rules.

Citation of Rules Affected by this Order: Repealing WAC 220-312-03000B; and amending WAC 220-312-030.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This emergency rule is necessary to return Wind River salmon and steelhead angling rules to permanent rules.

The adult salmon daily limit on the Wind River was reduced earlier in the year to help ensure the Spring Chinook broodstock collection goal for Carson National Fish Hatchery was achieved. Hatchery managers have indicated that enough broodstock have been collected to cover all hatchery programs; therefore, a reduced daily limit is no longer needed.

This rule also carries forward emergency rules previously filed in WSR 23-12-005 (Order 23-83), on May 24, 2023, for Klickitat and Lewis rivers.

There is insufficient time to adopt permanent rules.
