

WSR 24-05-034  
EMERGENCY RULES  
DEPARTMENT OF  
FISH AND WILDLIFE

[Order 24-17—Filed February 13, 2024, 5:10 p.m., effective February 15, 2024]

Effective Date of Rule: February 15, 2024.

Purpose: This emergency rule increases the commercial pot limit in Crab Management Regions 1 and 3-1.

WAC 220-340-45500G removes language that has since been implemented by permanent rule.

WAC 220-340-47000C increases the pot limit in Crab Management Region 1 and Crab Management Subregion 3-1 to 60 pots per license effective February 15, 2024.

Citation of Rules Affected by this Order: Repealing WAC 220-340-45500F and 220-340-47000B; and amending WAC 220-340-455 and 220-340-470.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The pot limit in Region 1 and Subregion 3-1 has been increased to 60 pots per license following coordination with industry. There is sufficient allocation remaining to accommodate harvest in the Puget Sound commercial crab fishery in Regions 1, 3-1, 3-2, 3-3, and 3-4 until further notice. Crab Management Regions 2-West and 2-East will remain closed due to the attainment of the state share. These provisions are in conformity with the last agreed [to] management plans with applicable tribes. Comanagement plans are entered into as required by court order. The Puget Sound commercial season is structured to meet harvest allocation objectives negotiated with applicable treaty tribes and outlined in the management plans. There is insufficient time to adopt permanent rules. Further adjustment of season structure may be made pending updated harvest data.
