EMERGENCY RULES  
DEPARTMENT OF  
FISH AND WILDLIFE

[Order 24-169—Filed August 30, 2024, 11:21 a.m., effective September 3, 2024]

Effective Date of Rule: September 3, 2024.

Purpose: The purpose of this emergency rule is reduce the salmon daily limit in Catch Record Card Area 8-2.

Citation of Rules Affected by this Order: Amending WAC 220-313-060.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This emergency rule is necessary to reduce daily salmon limits in Catch Record Card Area 8-2. The coho catch in August has greatly exceeded the preseason projected catch for the entire month. Even larger catches are expected in the September marine and freshwater sport fisheries. The daily retention limit is being reduced to allow the fishery to continue without putting other fisheries or attainment of conservation objectives at risk. There is insufficient time to adopt permanent rules.
