STYLE AND FORMAT OF THE WASHINGTON STATE REGISTER

I. ARRANGEMENT OF THE REGISTER

Documents are arranged within each issue of the Register according to the order in which they are filed in the code reviser's office during the pertinent filing period. The three part number in the heading distinctively identifies each document, and the last part of the number indicates the filing sequence within an issue's material.

2. PROPOSED, ADOPTED, AND EMERGENCY RULES OF STATE AGENCIES AND INSTITUTIONS OF HIGHER EDUCATION

The three types of rule-making actions taken under the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW) may be distinguished by the size and style of type in which they appear.

- (a) Proposed rules are those rules pending permanent adoption by an agency and set forth in eight point type.
- (b) Adopted rules have been permanently adopted and are set forth in ten point type.
- (c) Emergency rules have been adopted on an emergency basis and are set forth in ten point oblique type.

3 PRINTING STYLE—INDICATION OF NEW OR DELETED MATTER

RCW 34.04.058 requires the use of certain marks to indicate amendments to existing agency rules. This style quickly and graphically portrays the current changes to existing rules as follows:

- (a) In amendatory sections—
 - (i) underlined matter is new matter;
 - (ii) deleted matter is ((lined out and bracketed between double parentheses));
- (b) Complete new sections are prefaced by the heading NEW SECTION;
- (c) The repeal of an entire section is shown by listing its WAC section number and caption under the heading REPEALER.

4. EXECUTIVE ORDERS, COURT RULES, NOTICES OF PUBLIC MEETINGS

Material contained in the Register other than rule-making actions taken under the APA or the HEAPA does not necessarily conform to the style and format conventions described above. The headings of these other types of material have been edited for uniformity of style; otherwise the items are shown as nearly as possible in the form submitted to the code reviser's office.

5. EFFECTIVE DATE OF RULES

- (a) Permanently adopted agency rules take effect thirty days after the rules and the agency order adopting them are filed with the code reviser. This effective date may be delayed, but not advanced, and a delayed effective date will be noted in the promulgation statement preceding the text of the rule.
- (b) Emergency rules take effect upon filing with the code reviser and remain effective for a maximum of ninety days from that date.
- (c) Rules of the state Supreme Court generally contain an effective date clause in the order adopting the rules.

6. EDITORIAL CORRECTIONS

Material inserted by the code reviser for purposes of clarification or correction or to show the source or history of a document is enclosed in brackets [].

7. INDEX AND TABLES

A combined subject matter and agency index and a table of WAC sections affected may be found at the end of each issue.

STATEMENT OF PURPOSE

The following rule amendments are proposed by the Department of Personnel. The Department of Personnel staff person responsible for drafting is Ken Elfbrandt; 600 South Franklin, Olympia, 98504; phone: 754–1481.

Amend WAC 356-34-010

Title: Suspension, reduction, demotion—Cause—Notice.

Purpose: Sets forth basis for disciplinary action.

Statutory Authority: RCW 41.06.150.

Summary: Changes will remove listing of specific causes and permit actions for just cause; also, specifies method of notice to employees.

Reasons: Avoids technical distinctions.

Responsibility for Implementation: All State Agencies. Enforcement: State Personnel Board.

Amend WAC 356-34-020, 356-34-030 and 356-34-040

Titles: Reduction, demotion—Service of notice—Limitation on demotion; Suspension— Duration—Service of notice; and Dismissal—Service of notice.

Purpose: Specifies time limits and method of service of notice for disciplinary actions and dismissal actions.

Statutory Authority: RCW 41.06.150 and 41.06.170.

Summary: New language will require personal service of notice of demotion, suspension, and, in most cases, dismissal.

Reasons: Clarifies process of service.

Responsibility for Implementation: All State Agencies. Enforcement: State Personnel Board.

Amend WAC 356-34-050

Title: Immediate dismissal—Service of notice.

Purpose: Provides for immediate suspension of an employee followed by dismissal; specifies method of notification of such actions.

Statutory Authority: RCW 41.06.150.

Summary: New language would provide for immediate dismissal without suspension and would require the notice to set forth the necessity for the immediate action.

Reasons: Eliminate need for two separate grounds.

Responsibility for Implementation: All State Agencies. Enforcement: State Personnel Board.

Amend WAC 356-34-070

Title: Amendment of notices, appeals, exceptions.

Purpose: Present rule permits only the appointing authority to amend notices.

Statutory Authority: RCW 41.06.150.

Summary: Proposed change would permit appellant, as well as appointing authority, to amend appeal notices.

Reasons: Permits amendment to overcome technical deficiencies in notices.

Responsibility for Implementation and Enforcement: State Personnel Board.

Amend WAC 356-34-080 Title: Notice of appeal—Filing.

Purpose: Sets forth bases for specified appeals and specifies timeliness of appeal action.

Statutory Authority: RCW 41.06.150 and 41.06.170.

Summary: Adds new language that sets forth specified contents of appeal notices.

Reasons: Information is needed in processing appeals.

Responsibility for Implementation: Department of Personnel. Enforcement: State Personnel Board.

Amend WAC 356-34-085

Title: Appeals procedure.

Purpose: Contains limited procedures for appeals hearings.

Statutory Authority: RCW 41.06.180 and 41.06.190.

Summary: New language contains expanded procedures for appeal hearings.

Reasons: Will expedite proceedings and clarify present practices.

Responsibility for Implementation and Enforcement: State Personnel Board.

Comments: Revision of Rule required by a Supreme Court decision.

Copy of Dunaway vs. DSHS 90W2d112 (1978) decision.

Amend WAC 356-34-090

Title: Petition for review—Examinees eligible.

Purpose: At the request of an applicant, provides for departmental review of specific actions.

Statutory Authority: RCW 41.06.150.

Summary: Adds language setting forth time lines and procedures for review at Departmental and Board level.

Reasons: Updates Rules to conform to current practices.

Responsibility for Implementation: Department of Personnel. Enforcement: State Personnel Board.

Amend WAC 356-34-100

Title: Agency investigative hearings.

Purpose: Authorizes agencies to take testimony concerning any actions for cause provided the appeal has not been heard by the Personnel Board; requires notification to Director of hearing dates.

Statutory Authority: RCW 41.06.150.

Summary: Proposed language would require appointing authority to conduct hearing, limit testimony to the particular circumstances involved and delete notification requirement.

Reasons: Places responsibility with appropriate agency person and confines testimony to issue.

Responsibility for Implementation: State Agency Appointing Authority.

Enforcement: State Personnel Board.

Amend WAC 356-34-10501

Title: Hearings officers.

Purpose: Authorizes the Personnel Board to utilize hearings officers.

Statutory Authority: RCW 41.06.110 and 41.06.125.

Summary: Minor language modifications with no substantive changes.

Reasons: Housekeeping to clarify language.
Responsibility for Implementation and En-

forcement: State Personnel Board.

Amend WAC 356-34-110

Title: Conduct of appeal hearings.

Purpose: Provides procedural guidelines for Personnel Board hearings and authority for issuance of subpoenas.

Statutory Authority: RCW 41.06.120, 41-.06.150, 41.06.180 and 41.06.190.

Summary: Provides for the resolution of split in Personnel Board decision and removes authority for issuance of subpoenas (moved to WAC 356-34-180).

Reasons: Provides better arrangement of related sections.

Responsibility for Implementation and Enforcement: State Personnel Board.

Amend WAC 356-34-113

Title: Exhibits at hearings.

Purpose: Stipulates distribution of exhibits for review during interrogation of witnesses at Personnel Board Hearings.

Statutory Authority: RCW 41.06.150.

Summary: New language requires distribution of exhibits at Hearings Officer hearings as well as Board hearings and provides for official file to have a copy instead of court reporter.

Reasons: Reflects actual practice.

Responsibility for Implementation and En-

forcement: State Personnel Board.

Amend WAC 356-34-120

Title: Appearance and practice before the board.

Purpose: Limits representatives before the Personnel Board to licensed attorneys. Statutory Authority: RCW 41.06.150.

Summary: New language permits appearance of authorized legal interns when accompanied by their qualified supervising attorney.

Reasons: Several legal interns have been employed by state agencies or by legal aide agencies and this amendment is necessary to authorize their appearance.

Responsibility for Implementation and Enforcement: State Personnel Board.

Amend WAC 356-34-130

Title: Appearance by former employees.

Purpose: Prevents former officer or employee of the Personnel Board from appearing before the Board for a period of two years.

Statutory Authority: Conflict of Interest Statute chapter 42.18 RCW.

Summary: Changes the prohibition to apply to former state employees who were employed by the Department of Personnel.

Reasons: Proposed change is more nearly consistent with language of the RCW.

Responsibility for Implementation and Enforcement: State Personnel Board.

Amend WAC 356-34-140

Title: Ethical conduct.

Purpose: Stipulates standards of ethical conduct for persons appearing before the Personnel Board or Hearings Officer.

Statutory Authority: RCW 41.06.150.

Summary: New language simply identifies Board as being the Personnel Board.

Reasons: Housekeeping. Amend WAC 356-34-150

Title: Computation of time on service of

Purpose: Sets forth the method for determining periods of time for serving papers.

Statutory Authority: RCW 41.06.150. Summary: New language adds Saturday as

a period of time not to be counted.

Reasons: Will make Rule consistent with Superior Court Rules.

Responsibility for Implementation and Enforcement: State Personnel Board.

Amend WAC 356-34-160

Title: Service.

Purpose: Provides for the Personnel Board to serve papers which it is required by law to serve.

Statutory Authority: RCW 41.06.150.

Summary: New language sets forth details for personal service, service by mail and for computing date of service.

Reasons: Makes service provisions consistent with those of Supreme Court.

Responsibility for Implementation and Enforcement: State Personnel Board.

Amend WAC 356-34-170

Title: Filing papers with the State Personnel Board.

Purpose: Provides that papers which must be filed with the Personnel Board be filed in the office of the Director within the time specified.

Statutory Authority: RCW 41.06.150.

Summary: No substantive changes, only minor language modification.

Reasons: Provides clarification and reflects current practice.

Responsibility for Implementation: Department of Personnel. Enforcement: State Personnel Board.

Amend WAC 356-34-180

Title: Subpoenas.

Purpose: Sets forth contents for subpoenas and responsibility for service.

Statutory Authority: RCW 41.06.110 and 41.06.180.

Summary: Added authority for issuance of subpoenas (moved from WAC 356-34-110) and requirement that party desiring subpoena submit prepared documents for issuance.

Reasons: Consolidates Rule sections on subpoenas.

Responsibility for Implementation: Department of Personnel. Enforcement: State Personnel Board.

Amend WAC 356-34-190

Title: Witness fees.

Purpose: Provides for payment of witnesses summoned before the Personnel Board. Statutory Authority: RCW 41.06.150.

Summary: New language simply clarifies which Board.

Reasons: Housekeeping.
Amend WAC 356-34-200

WAC 356-34-310 DECLARATORY RULINGS. (1) As prescribed by RCW 34.04.080, any interested party may petition the Personnel Board for a declaratory ruling with respect to the applicability to any person, property or state of facts of any rule or statute enforceable by the Personnel Board.

(a) The petition must be filed in the office of the Director of Personnel on a form available at the Department of Personnel.

(b) The petition must set forth an actual set of circumstances rather

than a hypothetical.

(c) If the petition for declaratory ruling will affect the relationship between the petitioner and another person or an agency other than the Department of Personnel, the Personnel Board will not issue a declaratory ruling unless the other person or agency joins in the petition. In such a case, the parties will accompany the petition with a stipulated set of facts upon which the Personnel Board will make its decision.

(2) Upon receipt of a petition for declaratory ruling, the Director of Personnel or designee will acknowledge receipt of the petition and send

a copy to the other parties.

- (3) The Personnel Board shall consider the petition and within a reasonable time will:
 - (a) Notify the petitioner that no declaratory ruling will be issued;
- (b) Based on the information in the petition, issue a non-binding declaratory ruling; or
- (c) Notify the parties of the time for submitting written argument or of a time and place for hearing oral argument. If a hearing is scheduled, the notice will inform the parties whether a decision, when rendered, will be binding between the agency and the petitioner.
- (4) After considering written or oral argument the Personnel Board will:
- (a) If written argument was submitted, notify the parties within a reasonable time that no declaratory ruling will be issued or issue a non-binding ruling.

(b) If a hearing is held, notify the parties within a reasonable time that no declaratory ruling will be issued; issue a non-binding ruling; or

if the notice so provided, issue a binding ruling.

(5) A declaratory ruling, if issued after argument and stated to be binding, is binding between the agency and the petitioner on the state of facts alleged, unless it is altered or set aside by a court. Such a ruling is subject to review in the Superior Court of Thurston County in the manner provided in the Administrative Procedures Act (Chapter 34.04 RCW) for the review of decisions in contested cases.

REPEALER

The following sections of the Washington Administrative Code are each repealed:

- (1) WAC 356-34-012 DISMISSAL—FAILURE TO COMPLY WITH A UNION SHOP REQUIREMENT.
- (2) WAC 356-34-060 UNAUTHORIZED ABSENCE—PRE-SUMPTION OF ABANDONMENT—PROCEDURE.

WSR 80-15-105 PROPOSED RULES DEPARTMENT OF ECOLOGY

[Filed October 22, 1980]

Notice is hereby given in accordance with the provisions of RCW 34.04.025, that the Department of Ecology intends to adopt, amend, or repeal rules concerning adopting chapter 173-515 WAC, Instream Resources Protection Program—Kitsap Water Resource Inventory Area (WRIA) 15;

that such agency will at 2:00 p.m., Thursday, December 18, 1980, in the Mason County Fire District #2 building, Old Belfair Highway, Belfair, Washington, 7:00 p.m., Thursday, December 18, 1980 at the Kitsap County Regional Library, 1301 Sylvan Way, Bremerton, Washington, 2:00 p.m., Friday, December 19, 1980 in the Eyergreen Room, Ober Park Community Center, Vashon, Washington, and 7:00 p.m., Friday, December 19, 1980 at the Prudy Elementary School, 13815 62nd Avenue N.W., Gig Harbor, Washington, conduct a hearing relative thereto;

and that the adoption, amendment, or repeal of such rules will take place at 2:00 p.m., Wednesday, March 11, 1981, in the Hearings Room, Department of Ecology, Air and Land Offices, Rowesix, 4224 Sixth Avenue S.E., Lacey, WA.

The authority under which these rules are proposed is chapters 90.22 and 90.54 RCW.

Interested persons may submit data, views, or arguments to this agency in writing to be received by this

agency prior to January 9, 1981, and/or orally at the above hearings.

> Dated: October 22, 1980 By: Elmer C. Vogel Deputy Director

STATEMENT OF PURPOSE

Title: Adopting chapter 173-515 WAC-Instream Resources Protection Program— Kitsap Water Resource Inventory Area (WRIA) 15.

Description of purpose: The chapter establishes instream flows and closures for the protection of wildlife, fish, scenic, aesthetic and other environmental values, and to preserve water quality.

Statutory authority: Chapters 90.22 and 90-.54 RCW.

Summary of rule: This chapter closes certain streams to further consumptive appropriation and establishes minimum flows in certain other streams.

Reasons supporting proposed action: All streams proposed for some type of action have high values for instream uses, but exhibit low summer flows or historic flow regimes that indicate a lack of available water for additional appropriation.

Agency personnel responsible for:

Drafting: Jeanne Holloman, Department of Olympia 98504, 753–6189, Ecology, Mailstop PV-11.

Implementation: Gene Asselstine, 7272 Cleanwater Ln., Olympia, 753-0132.

Enforcement: Bob McCormick, 4350 156th Avenue N.E., Redmond, 885-1900.

Person or organization proposing rule, and whether public, private, or governmental: Department of Ecology (state government). Agency comments or recommendations regarding statutory language, implementation, enforcement, fiscal matters: This chapter constitutes a part of the comprehensive efforts of the Department of Ecology to establish minimum flows for all of the major streams of the Puget Sound basin. The comprehensive program has been fully described to the pertinent standing committees of the legislature on at least two occasions during the last three years.

Whether rule is necessary as a result of federal law or federal or state court action: No.

Chapter 173-515 WAC INSTREAM RESOURCES PROTECTION PROGRAM—KITSAP WATER RESOURCE INVENTORY AREA (WRIA) 15

NEW SECTION

WAC 173-515-010 GENERAL PROVISION. These rules apply to waters within the Kitsap Water Resource Inventory Area (WRIA) 15 as defined in WAC 173-500-040. This chapter is promulgated pursuant to chapter 90.54 RCW (Water Resources Act of 1971), chapter 90.22 RCW (Minimum Water Flows and Levels), and in accordance with chapter 173-500 WAC (Water Resources Management Program).

NEW SECTION

WAC 173-515-020 PURPOSE. The purpose of this chapter is to retain perennial rivers, streams, and lakes in the Kitsap Water Resource Inventory Area (WRIA) 15 with instream flows and levels necessary to provide for preservation and protection of wildlife, fish, scenic, aesthetic and other environmental values, recreational and navigational values, and to preserve water quality.

NEW SECTION

WAC 173-515-030 ESTABLISHMENT OF INSTREAM FLOWS. (1) The following instream flows are established for each stream listed, from the point of influence of mean high tide at low flow to the stream's headwaters including tributaries except where indicated otherwise. Monitoring will take place at the control locations indicated.

INSTREAM FLOWS IN THE KITSAP WATER RESOURCE **INVENTORY AREA (WRIA) 15**

- *WAC 173-515-040(2) closes certain streams to additional consumptive appropriations during specific time periods. These closures are indicated by asterisks in the following table. Such closures supercede the indicated instream flow. The Union River closure extends upstream to McKenna Falls (RM 6.7).

- (2) Instream flow hydrographs, as represented in the document entitled "Instream Resources Protection Program," shall be used for definition of instream flows on those days not specifically identified in WAC 173-515-030(1).
- (3) All consumptive water rights hereafter established shall be expressly subject to instream flows and closures established in WAC 173-515-030(1) and WAC 173-515-040(1) through (3). Closures override the instream flows where both are shown except as provided in WAC 173-515-070.

NEW SECTION

WAC 173-515-040 SURFACE WATER CLOSURES. (1) The department, having determined there are no waters available for further appropriation, closes the following streams to further consumptive appropriation. These closures confirm surface water source limitations previously established administratively under authority of chapter 90-.03 RCW and RCW 75.20.050.

(2) The department has determined that (a) certain streams exhibit low summer flows and have a potential for drying up or inhibiting anadromous fish passage during critical life stages, and (b) historic flow regimes and current uses of certain other streams indicate that no water is available for additional appropriation. Based upon these determinations the following streams are closed to further appropriation for the periods indicated:

(3) In the Kitsap Basin numerous small streams with estimated mean annual flow of 5 cfs or less have been identified as having high instream values for anadromous fish, aesthetics, water quality, and/or recreation. The department has determined that the total natural flow of these streams is required for protection and preservation of instream resources, and that no water is available for additional consumptive appropriation. The natural flow, in effect, constitutes the minimum flow for protection of the instream resources. The following streams possess such characteristics and are therefore closed year-round to further consumptive appropriation.

WAC 173-515-060 LAKES. In future permitting actions relating to withdrawal of lake waters, lakes and ponds shall be retained substantially in their natural condition. Withdrawals of water which would conflict therewith shall be authorized only in those situations where it is clear that overriding considerations of the public interest will be served.

NEW SECTION

WAC 173-515-070 EXEMPTIONS. (1) Nothing in this chapter shall affect existing water rights, riparian, appropriative, or otherwise, existing on the effective date of this chapter, nor shall it affect existing rights relating to the operation of any navigation, hydroelectric or water storage reservoir or related facilities.

- (2) If, upon detailed analysis, appropriate and environmentally sound proposed storage facilities are found to be compatible with this chapter, such facilities may be approved but will be subject to the establishment of appropriate protection flows for drought or low runoff periods.
- (3) Domestic use for a single residence shall be exempt from the provisions of this chapter. If the cumulative effects of numerous single

domestic diversions would seriously affect the quantity of water available for instream uses, then domestic in-house use shall be exempt if no alternative source is available.

- (4) Stockwatering use, except that related to feedlots, shall be exempt from the provisions established in this chapter.
 - (5) Future rights for nonconsumptive uses may be granted.

WSR 80-16-001 EMERGENCY RULES DEPARTMENT OF REVENUE

[Order PT 80-3-Filed October 23, 1980]

- I, Charles W. Hodde, director of Revenue, do promulgate and adopt at Olympia, Washington, the annexed rules relating to the correcting of the apportionment of the state levy to the counties of this state.
- I, Charles W. Hodde, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is these rules are necessary to reapportion the state levy due to errors and changes in the total assessed values of the counties in order that each county shall pay its due and just proportion of the state tax. The levy must be calculated and certified to the counties no later than November 17, 1980.

Such rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 84.48.080 and is intended to administratively implement that statute.

This rule is promulgated under the general rule-making authority of the Department of Revenue as authorized in RCW 84.08.010.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW), as appropriate, and the State Register Act (chapter 34.08 RCW).

APPROVED AND ADOPTED October 23, 1980.

NEW SECTION

STATE WAC 458-19-550 LEVY-APPOR-TIONMENT BETWEEN COUNTIES. (1) The Department of Revenue is empowered by statute to formulate such rules and processes as will ensure the equalization of taxation and uniformity of administration of the property tax laws of this state. The Department is further directed to apportion the amount of the state property tax levy among the counties in proportion to the equalized value of taxable property in each county in order that each county shall pay its due and just proportion of the state tax. The application of the 106 percent limit to the state levy necessitates reasonable measures by the Department to achieve the statutory requirement of just apportionment. This rule provides for adjustment in the apportionment of the next following vear state levy when changes in property values are effected, in the manner described below, after the certification of the state levy by the Department for the previous year. This rule also provides for adjustment for errors as defined herein which are not otherwise correctable in a timely and orderly manner in the year of levv through the exercise or enforcement of the Department's supervisory powers. This rule shall be applied in the manner provided below to preserve an equitable and uniform apportionment of the state levy and to ensure the collection of the proper portion of the state levy from within each county.

- (2) The levy rate for the state property tax levy is the lesser of (a) \$3.60 per thousand dollars of the full true and fair value of the taxable property in the state, or (b) that rate which, when applied to the valuation figures specified in (3) below, will produce a total amount equal to one hundred and six percent of the base amount, i.e., of the highest state tax levy of the most recent three annual state levies, plus an amount calculated by multiplying the value of a new construction, improvements to real property, and increases in the value of centrally assessed property as determined by the Department of Revenue, by the levy rate of the state tax applicable in the year prior to the current year for which the tax levy is being computed.
- (3) When determining the amount of the state levy with reference to the calculations under (b) above, the dollar amount apportioned to each county shall be computed based upon those valuation figures made available to the Department by each county by October 1 of the levy year. If the use of certification of the counties' assessed values for state levy purposes results in an erroneous apportionment among the counties by reason of changes or errors in valuation within a county, the Department of Revenue shall adjust the following year's levy apportionment to correct for such changes or errors. For purposes of this rule a change in valuation shall include any adjustment effected by a reviewing body (county board of equalization, state Board of Tax Appeals, or court of competent jurisdiction) and may also

include additions of omitted property and other additions to or deletions from the assessment and tax rolls. Errors for purposes of adjustments under this rule shall include errors corrected by a final reviewing body and such other errors which have come to the attention of the Department and which would otherwise be a subject for correction in the exercise of its supervisory powers.

- (4) Correction required by reason of changes or errors relating to that valuation used in apportioning the current levy shall be made by adjusting the apportionment of the next following year's levy. The Department shall recompute the apportionment of the previous year's levy with reference to taxable values corrected for changes and errors and equalized to true and fair value for such previous year's levy. Each county's apportioned amount for the current year's state levy shall be adjusted by the difference between the dollar amounts of state levy due from each county as shown by the original and revised levy computations for the previous year.
- (5) Nothing in this rule shall relieve a county from its obligation to correct any error immediately upon discovery, including the calculation of an erroneous rate or the levy of an incorrect amount of tax, when such correction may be timely made to avoid distortion in the true apportionment of the state levy between counties.

WSR 80-16-002 EMERGENCY RULES DEPARTMENT OF REVENUE

[Order PT 80-4-Filed October 23, 1980]

- I, Charles W. Hodde, director of Revenue, do promulgate and adopt at Olympia, Washington, the annexed rules relating to Improvements to single family dwellings—Exemptions—Filing—Amount—Limits, amending WAC 458-16-081.
- I, Charles W. Hodde, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is based upon developments and improvements of assessment procedures within the county assessor offices, we find it is no longer necessary to physically appraise the single family dwelling prior to beginning the improvements. To delay adoption of this amendment would disqualify those homeowners who fail to notify the assessor prior to beginning the improvement and who could otherwise qualify.

Such rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 84.36.400 and is intended to administratively implement that statute

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure

Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW), as appropriate, and the State Register Act (chapter 34.08 RCW).

AMENDATORY SECTION (Amending Order PT 75-3, filed 5/23/75)

WAC 458-16-081 IMPROVEMENTS TO SIN-GLE FAMILY DWELLINGS—EXEMPTION-FILING——AMOUNT——LIMITS. Any physical improvement to an existing single family dwelling upon real property shall be exempt from taxation for three assessment years: PROVIDED, That no exemption shall be allowed unless a claim is filed with the county assessor of the county in which the property is located prior to ((commencing)) completing the improvement. The claim shall be on such forms as prescribed by the Department of Revenue and supplied by the county assessor.

The assessor, upon receipt of the claim, shall determine the value of the single family dwelling prior to the improvement. ((and then shall revalue the dwelling upon written notification, by the applicant, of completion of the improvement.)) This valuation may be arrived at by either a new physical appraisal or a statistical update of the current assessed value. Upon written notification of the completion of the improvement by the applicant, the assessor shall revalue the dwelling by means of physical appraisal. PROVIDED, that the valuation prior to commencing the improvement, whether by a new physical appraisal or statistical update, and the physical appraisal upon completion of the improvement shall not obviate the requirement for physical appraisal set forth in RCW 36.21.070. The difference of the two values shall be the amount of the exemption and shall be deducted from the value of the dwelling after the completion of the improvement or any subsequent value determined according to chapters 84.41 RCW or 84.48 RCW: PROVIDED, the amount of the exemption shall not exceed thirty percent (30%) of the value of the dwelling prior to the improvement, and, PROVIDED FUR-THER, That in no event will the assessed value of the dwelling unit, after deduction of the exemption, be less than it was prior to the improvement.

The cost of the physical improvement shall not be construed as being the dominant factor in determining the exemption.

The exemption shall be allowed on the property for the three assessment years following completion of the improvement. If at any time the property does not meet the definition contained in WAC 458-16-080(1), the exemption shall be cancelled.

This exemption shall not be allowed on the same dwelling more than once in a five year period, calculated from the date the exemption first affected the assessment roll.

WSR 80-16-003 **EMERGENCY RULES** DEPARTMENT OF FISHERIES

[Order 80-170-Filed October 23, 1980]

I, Gordon Sandison, director of the State Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing regulations.

I. Gordon Sandison, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is Area 8A is closed following scheduled fisheries to protect Stillaguamish-Snohomish chum salmon. The Stillaguamish River is closed to protect the same salmon stocks.

Such rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 75.08.080 and is intended to administratively implement that statute.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW), as appropriate, and the State Register Act (chapter 34.08

WAC 296-116-120 PHYSICAL REQUIRE-MENTS. (1) In order to determine the physical fitness of persons to continue to serve as licensed pilots under the provisions of the pilotage act, all licensed pilots shall be required to pass a general physical examination annually within forty-five days prior to the date their annual state pilot license fee is due. As part of this examination pilots shall have completed on a form provided by the board a detailed report of physical examination. This form shall be prepared by the pilot and the examining physician and shall be submitted to the board

along with a letter from the physician stating whether and under what conditions the pilot is capable of providing pilotage service. The detailed report of physical examination is a confidential record which will be used only by the board and will not be available for public inspection. Such examination shall be obtained at the expense of the licensed pilots from a physician or physicians designated in advance by the board. The secretary of the board shall give each pilot reasonable written notice of the date when any such physical examination becomes due and shall specify the name of the physicians then approved by the board to conduct such physical examination.

- (2) The physical examination required of all pilots shall demonstrate that he is in all respects physically fit to perform his duties as a pilot. The examination shall assure that one's abilities as a pilot will not be impaired by eyesight, hearing or other bodily function and shall include examination of the pilot's eyes (including tests for color blindness, depth perception, night vision, disease, field of vision and reflexes); ears; heart; blood pressure; blood components; pulse; speech capabilities; history of diseases (including diabetes, cancer, arthritis, arrhythmia, asthma, bronchitis, emphysema, ulcers, alcoholism and other illnesses) and any other type of information which the physician feels is relevant.
- (3) In the case of renewal of license as pilot, should the pilot be temporarily physically incapacitated at the time his license is due to be renewed, the commission shall not revoke such license until a further physical examination to be given at the expiration of three months. This procedure shall be carried on until it is evident that the pilot is permanently incapacitated; provided further, that no pilot shall be carried on the inactive list for longer than one year if disabled. Any pilot who is physically incapacitated shall not serve as a pilot during such period of incapacitation.

WSR 80-16-006 ADOPTED RULES URBAN ARTERIAL BOARD

[Order 80-01, Resolution 643-Filed October 24, 1980]

Be it resolved by the Urban Arterial Board, acting at Olympia, Washington, that it does promulgate and adopt the annexed rules relating to administration of projects by the Urban Arterial Board, amending WAC 479-20-036.

This action is taken pursuant to Notice No. WSR 80-06-063 filed with the code reviser on May 22, 1980. Such rules shall take effect pursuant to RCW 34.04.040(2).

This rule is promulgated under the general rule-making authority of the Urban Arterial Board as authorized in chapter 47.26 RCW.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW), as

appropriate, and the State Register Act (chapter 34.08 RCW).

AMENDATORY SECTION (Amending Order 461. filed 9/16/77)

WAC 479-20-036 CONSIDERATION OF RE-QUESTS FOR AN INCREASE IN AUTHORIZED AMOUNT OF URBAN ARTERIAL FUNDS. ((Requests submitted to the Board at the project prospectus stage for an increase in participation of urban arterial trust funds over that amount set forth in the current six year construction program of the local agency in the last even numbered year will not be approved by the Board:)) Local agencies may request an increase in the participation of Urban Arterial Trust Funds over the amount set forth in the current six year construction program at the preliminary prospectus, construction prospectus or contract completion stage of a project in accordance with the following procedures:

(1) At the preliminary or construction prospectus stage all requests shall be reviewed by the Chairman of the Board and he shall report his findings to the Board for its review, consideration and final action. The Board shall not grant a request for increase at these stages if:

(((1) if)) (a) The original amount requested and approved by the Board was not based upon reasonable engineering estimates;

(((2) if)) (b) The requested increase is for funds to pay for an expansion of the scope of the work originally proposed;

(((3) if,)) (c) After a full investigation, the Board determines that the project can be developed within the limits of the funds already approved;

(((4) if)) (d) The project can be reduced in scope while retaining a usable and functional segment by:

- (((A))) (i) Reduction in termini of the project in such a manner that the improvement will continue to improve the conditions underlying the project's position of priority and will continue to connect to adjacent traffic facilities capable of handling traffic volumes at the point of intersection; or
- (((B))) (ii) Inclusion within the termini of the project only the following items of cost as required:
- (((i))) (A) Right of way (desirable minimum right of way widths as set forth in the Urban Arterial Board design standards);
 - (((ii))) (B) Grading and paving;
 - ((((iii))) (C) Structures;
 - $((\frac{\text{(iv)}}{\text{D}})) \overline{\text{D}}$ rainage;
- (((v))) (E) Relocation of existing illumination and traffic control devices;
- (e) The granting of the request will in any way adversely affect the construction program previously approved by the Board. In deciding on projects in federal urban areas or nonfederal urban areas, the Board shall endeavor to leave an amount equal to 10 percent of all approved projects or \$50,000, whichever is less, in reserve in the appropriate account to insure that the Board

has funds to deal with unanticipated cost overruns at the contract completion stage of those projects.

(((5) if the project is in federal urban area and the total of all requests for increased urban arterial trust funds to be passed upon at a particular time exceeds the amount of urban arterial trust funds estimated to be remaining and available for allocation to the appropriate functional class in the region after considering:

(A) the amount of urban arterial trust funds necessary to fund all the urban arterial projects within that functional class in the region as previously approved by the Board; plus

(B) the amount of urban arterial trust funds estimated to be required to provide an increase of 10 percent, not to exceed \$50,000, of the amount of urban arterial trust funds previously authorized for each project previously approved by the Board for that functional class in the region.

(6) if the project is in the nonfederal urban area and the total of all requests for increased urban arterial trust funds to be passed upon at a particular time exceeds the amount of urban arterial trust funds estimated to be remaining and available for allocation to the appropriate region after considering:

(A) the amount of urban arterial trust funds necessary to fund all the urban arterial projects within that region as previously approved by the Board; plus

(B) the amount of urban arterial trust funds estimated to be required to provide an increase of 10 percent, not to exceed \$50,000, of the amount of urban arterial trust funds previously authorized for each project previously approved by the Board for that region.

(7) if the granting of the request for increase will in any way adversely affect the construction program previously approved by the Board.

The Chairman of the Board shall review each request for an increase submitted at the project prospectus stage and shall report his findings to the Board for its review, consideration and final action.))

- (2) Requests for increases in urban arterial trust funds submitted to the Board at the contract completion stage shall be reviewed by the Chairman of the Board. The Chairman may authorize increases above the amount originally approved by the Board not to exceed 10 percent, or \$50,000, whichever is the lesser when:
- (a) The additional funds are not requested because of an expansion in the scope of the work originally proposed to the Board by the local agency for the project; and
- (b) The request is substantiated with reasons for the increase and the Chairman determines that the increased funds should not have been anticipated by the local agency at the preliminary or construction prospectus stage of the project.
- (3) If the Board does not approve the request of a local agency ((of government)) for an increase at the ((project)) preliminary prospectus, construction prospectus, or contract completion stage, the administering agency may:
- (((1))) (a) Proceed with the project, paying for any additional costs with local or other funds; or

(((2))) (b) Withdraw the request for urban arterial

trust fund participation; or, if applicable

(((3))) (c) Within the original amount requested, and subject to approval by the Chairman of the Urban Arterial Board, reduce the scope of the project while retaining a usable and functional segment ((by:)) through the use of techniques set out in subsection (1)(d) above.

- (((A) reduction in termini of the project in such a manner that the improvement will continue to improve the conditions underlying the project's position of priority and will continue to connect to adjacent traffic facilities capable of handling traffic volumes at the point of intersection; or
- (B) inclusion within the termini of the project only the following items of cost as required:
- (i) right of way (desirable minimum right of way widths as set forth in the Urban Arterial Board design standards);
 - (ii) grading and paving;
 - (iii) structures;
 - (iv) drainage;
- (v) relocation of existing illumination and traffic control devices.

Requests for increases in urban arterial trust funds submitted to the Board at the final estimate, bid, and contract completion stages shall be reviewed by the Chairman of the Board. The Chairman may authorize increases above the amount originally approved by the Board not to exceed ten percent, or \$50,000, whichever is the lesser when:

- (1) the additional funds are not requested because of an expansion in the scope of the work originally proposed to the Board by the local agency for the project; and
- (2) the request is substantiated with reasons for the increase and the Chairman determines that the increased funds are, in fact, needed to complete the requested project.

Any local agency having a request for an increase at the final estimate, bid, and/or contract completion stages which is not authorized by the Chairman, or any local agency which does not submit a request for increase, may proceed in any of the following ways:

(1) it may pay for all additional costs of the project with local and other funds and proceed with the project;

- (2) within the original amount requested, and subject to approval by the Chairman of the Urban Arterial Board, reduce the scope of the project while retaining a usable and functional segment by:
- (A) reduction in termini of the project in such a manner that the improvement will continue to improve the conditions underlying the project's position of priority and will continue to connect to adjacent traffic facilities capable of handling traffic volumes at the point of intersection; or
- (B) inclusion within the termini of the project only the following items of cost as required:
- (i) right of way (desirable minimum right of way widths as set forth in the Urban Arterial Board design standards);
 - (ii) grading and paving;

- (iii) structures;
- (iv) drainage;
- (v) relocation of existing illumination and traffic control devices.
- (3) the local agency may withdraw its request for urban arterial trust funds for the project.))
- I, Walter S. Tabler, after being first duly sworn upon oath, depose and say:
- 1. I am the Assistant Attorney General representing the Urban Arterial Board.
- 2. On July 17, 1980, I attended an Urban Arterial Board hearing held pursuant to Notice No. 80–06–063. After the hearing the Urban Arterial Board adopted and forwarded to the Code Reviser amendments to WAC 479–20–036, Consideration Of Requests For An Increase In Authorized Amount Of Urban Arterial Trust Funds.
- 3. The final text of the amendments adopted by the Board is accurately reflected in WSR 80-10-013.
- 4. However, in filing this amendment the Board did not correctly delete that portion of WAC 479-20-036(7) which reads:

Requests for increases in urban arterial trust funds submitted to the Board at the final estimate, bid, and contract completion stages shall be reviewed by the Chairman of the Board. The Chairman may authorize increases above the amount originally approved by the Board not to exceed ten percent, or \$50,000, whichever is the lesser when:

- (1) the additional funds are not requested because of an expansion in the scope of the work originally proposed to the Board by the local agency for the project; and
- (2) the request is substantiated with reasons for the increase and the Chairman determines that the increased funds are, in fact, needed to complete the requested project.
- 5. The text of WSR 80-10-013(2) shows that the Board had attempted to modify the above-quoted language as follows:
- (2) Requests for increases in urban arterial trust funds submitted to the Board at the contract completion stage shall be reviewed by the Chairman of the Board. The Chairman may authorize increases above the amount originally approved by the Board not to exceed 10 percent, or \$50,000, whichever is the lesser when:
- (a) The additional funds are not requested because of an expansion in the scope of the work originally proposed to the Board by the local agency for the project; and
- (b) The request is substantiated with reasons for the increase and the Chairman determines that the increased funds should not have been anticipated by the local agency at the preliminary or construction prospectus stage of the project.
- 6. In addition to not deleting the old language, the Board did not put the new language found in paragraph 5 above in proper bill drafting form.

- 7. As a result, the official codified text of the rule is different than the rule which was adopted by the Board, the final text of which appears at WSR 80-10-013.
- 8. The codified version of the rule is confusing and should be clarified prior to publication of the new WAC volume in 1981.

WSR 80-16-007 EMERGENCY RULES DEPARTMENT OF FISHERIES

[Order 80-171-Filed October 24, 1980]

- I, Gordon Sandison, director of the Washington State Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing regulations.
- I, Gordon Sandison, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is this order provides additional opportunity to harvest chum salmon in Areas 7, 7A, 8, 10, 11 and 12. Run size evaluation in Area 8A will be by gill net harvest only. Other gear types are excluded because of the need to protect chum salmon. Analysis of test fishing catches indicates chum management needs prevail in Area 12B. Chum management needs prevail in the lower Skagit River.

Such rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 75.08.080 and is intended to administratively implement that statute.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW), as appropriate, and the State Register Act (chapter 34.08 RCW).

APPROVED AND ADOPTED October 24, 1980.

- (1) Attorneys at law duly qualified and entitled to practice before the supreme court of the state of Washington.
- (2) Attorneys at law duly qualified and entitled to practice before the highest court of record of any other state, if the attorneys at law of the state of Washington are permitted to appear in a representative capacity before administrative agencies of such other state, and if not otherwise prohibited by Washington state law.
- (3) Authorized legal interns, when accompanied by their qualified supervising attorney.

WSR 80-16-010 EMERGENCY RULES DEPARTMENT OF FISHERIES

[Order 80-172-Filed October 27, 1980]

- I, Gordon Sandison, director of the State Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing regulations.
- I, Gordon Sandison, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is severe problems with underreporting of commercially harvested geoducks necessitate these corrective measures. Accurate statistics are required for proper management of the fishery.

Such rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 75.08.080 and is intended to administratively implement that statute.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW), as appropriate, and the State Register Act (chapter 34.08 RCW).

APPROVED AND ADOPTED October 27, 1980.

WSR 80-16-011 EMERGENCY RULES DEPARTMENT OF FISHERIES

[Order 80-173—Filed October 27, 1980]

- I, Gordon Sandison, director of the State Department of Fisheries, do promulgated and adopt at Olympia, Washington, the annexed rules relating to commercial fishing regulations.
- I, Gordon Sandison, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is this order allows tribal fishermen to participate in evaluation fishery in Area 7B, while obtaining run size information and minimizing impact on Nooksack—Samish chum salmon. Water levels have reached a sufficient level to allow for normal fish movement in the Nemah River. Harvestable coho have been taken in the Hoko River.

Such rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 75.08.080 and is intended to administratively implement that statute.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW), as appropriate, and the State Register Act (chapter 34.08 RCW).

APPROVED AND ADOPTED October 27, 1980.

^{*}These routes operate on one-way only toll collection system.

Senior Citizens - Passengers and driver, age 65 and over, with proper identification establishing proof of age, may travel at half-fare tolls on any route. NOTE: Half-fare privilege does not include vehicle.

Children - Children under five years of age will be carried free when accompanied by parent or guardian. Children five through eleven years of age will be charged half-fare. Children twelve years of age will be charged full-fare.

Handicapped – Any individual who, by reason of illness, injury, congenital malfunction, or other incapacity or disability is unable without special facilities or special planning or design to utilize Ferry System services, may travel at half-fare tolls on any route upon presentation of a WSF Handicapped Travel Permit at time of travel. In addition, those handicapped persons who require attendant care while traveling on the ferries, and are so certified by their physician, may obtain an endorsement on their WSF Handicapped Travel Permit and such endorsement shall allow the attendant to also travel at half fare. NOTE: Half-fare privilege does not include vehicle.

- ***One day excursion for walk-on passengers with limited time ashore. Special stay aboard excursion rate (one-half of amounts shown) effective only during designated special events on routes and at times as determined by the Secretary of Transportation (not to exceed 14 days per year on any route).
- ****School Commutation Tickets Tickets are for the exclusive use of bona fide students under twenty—one years of age attending grade, junior high, and high schools. Student shall be required to present credentials at time of purchase. A letter indicating school attendance signed by school principal or authorized representative shall be considered proper credentials. Tickets are valid for transportation on school days only.
- *****A combination Ferry/Bus Public Transit Passenger Monthly Reusable Ticket Rate may be available for a particular route in conjunction with a public transit operating authority whenever it is determined by the Transportation Commission that said ticket is a necessary element of a Transit Operating Plan designed to eliminate the necessity for assigning an additional ferry to such particular route; and that the resulting savings in Ferry System operating and amortized capital costs exceed the total revenue lost as a result of this reduced rate as projected during the period of time during which such transit operating plan is projected to eliminate the need for an additional ferry. The equivalent ferry fare per ride with this special rate shall be one-half the equivalent fare per ride with the standard commutation book, and shall assume 40 one-way trips per month. The total cost of the ticket shall be the cost of the ferry portion, calculated as described above plus the cost of the bus portion as determined by the Public Transit Operating Authority, subject to the approval of the Secretary of Transportation. The ticket shall be valid only for passengers on board a bus; or for walk-on passengers, on weekdays only, on those routes which have connecting bus service as part of the Transit Operating Plan. The assigning of an additional ferry or realizing sufficient resulting savings cannot be met, the ticket may be sold for any route authorized by the Secretary of Transportation, at the full ferry commutation fare per ride based on forty one-way trips per month plus the cost of the bus portion.
- ******On the Fauntleroy-Vashon route, a combination Ferry/Bus Public Transit Monthly Reuseable Ticket Rate shall apply.
- *******Commutation tickets shall be valid only for 90-days from date of purchase after which time the tickets shall not be accepted for passage or for refunds.

WSR 80-16-013 ADOPTED RULES URBAN ARTERIAL BOARD

[Order 80-02, Resolution 656-Filed October 27, 1980]

Be it resolved by the Urban Arterial Board, acting at Olympia, Washington, that it does promulgate and

adopt the annexed rules relating to registered engineer in charge, amending WAC 479-16-015.

This action is taken pursuant to Notice No. WSR 80-10-012 filed with the code reviser on July 29, 1980. Such rules shall take effect pursuant to RCW 34.04.040(2).

^{**}Half Fare

This rule is promulgated under the general rule—making authority of the Urban Arterial Board as authorized in chapter 47.26 RCW.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW), as appropriate, and the State Register Act (chapter 34.08 RCW).

APPROVED AND ADOPTED October 16, 1980.

By Robert A. Plaquet Executive Secretary

AMENDATORY SECTION (Amending Order 34, filed 2/6/68)

WAC 479-16-015 REGISTERED ENGINEER IN CHARGE. All urban arterial projects using funds from the urban arterial trust account shall be planned, designed and constructed under the supervision of ((the)) a professional engineer registered in the state of Washington.

A city may be required, at a time or times specified by the chairman, to submit plans, specifications, estimates and change orders to the chairman for review and approval. On all such projects, construction engineering shall be performed by the consulting engineer. Prior to approving change orders whose effect would be to increase the cost of the project, the city shall notify and consult with the Chairman of the Urban Arterial Board: PROVIDED, HOWEVER, That this subsection shall not apply to county projects or to projects in cities which have access to a staff or consulting engineer designated pursuant to state law or local ordinance as the city engineer.

On projects where plans and specifications have been submitted to the chairman pursuant to the preceding subsection the chairman shall proceed as follows:

- (1) If plans and specifications are in accordance with the design standards and the proposed improvement is within available funding, notify the local agency to proceed with construction.
- (2) If plans and specifications are not in accordance with the design standards or the proposed improvement is not within available funding, the local agency shall be notified of the results of the review and recommended revisions to the plans and specifications. The chairman may require as many reviews as necessary prior to notification to proceed or may require a planned review and advertisement of the contract by the department of transportation if in his opinion it is necessary to assure proper construction of the project.

WSR 80-16-015 EMERGENCY RULES DEPARTMENT OF EMERGENCY SERVICES

[Order 80-022-Filed October 27, 1980]

- I, Edward Chow, Jr., director of the Department of Emergency Services, do promulgate and adopt at 4220 East Martin Way, Olympia, WA, the annexed rules relating to Mt. St. Helens Closure—Rules for permitted entry and/or occupation, chapter 118-03 WAC.
- I, Edward Chow, Jr., find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is on October 1, 1980, the Governor issued EO 80–15 closing an area of approximately 20 miles in radius from the center of Mt. St. Helens from all persons with certain exceptions. These WAC's are to implement the Governor's Executive Order EO 80–15.

Such rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to chapters 43.06 and 38.52 RCW and is intended to administratively implement that statute.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW), as appropriate, and the State Register Act (chapter 34.08 RCW).

APPROVED AND ADOPTED October 27, 1980.

By Edward Chow, Jr.
Director

AMENDATORY SECTION (Amending Order 80-20, filed 9/2/80)

WAC 118-03-010 PURPOSE. The purpose of this chapter is to adopt emergency rules, regulations, and guidelines to implement Executive Order 80-((11))15, prohibiting any person or persons with certain exceptions from entering the danger zone known as the RED zone of the Mt. St. Helens volcano as described in that Executive Order, and providing entry permit procedures for persons excepted. These rules may be amended from time to time as conditions warrant. Executive Order 80-((11))15 issued by the Governor on ((July 29)) October 1, 1980, recognizes the continuing danger from additional eruptions, earthquakes and ashfall from Mt. St. Helens. Accordingly, upon the advice of the U.S. Geological Survey, and other scientific evaluation of the danger potential, a zone approximately twenty miles in radius from the center of the mountain was declared a RED zone and no person or persons are allowed to enter this zone unless they are exempted from the provisions of the Executive Order or they obtain and possess a permit issued by the Washington State Department of Licensing under the rules of this chapter.

AMENDATORY SECTION (Amending Order 80-20, filed 9/2/80)

WAC 118-03-130 REVOCATION AND SUS-PENSION. (1) In the event that volcanic activity or other events increase the danger already present in the RED zone, ((all)) permits, except permanent residents and scientific personnel approved by the Director of DES or his designee(s), ((will)) may be suspended or revoked. This decision will be based on available scientific information and/or joint evaluation by the USFS (ECC Director) and DES. This evaluation will be made on a daily basis or as the need requires. The Director of DES, or his designee(s), will make the decision to suspend or revoke ((the)) permits. Notification of revocation/suspension will be made by the DES duty officer in accordance with established DES operational procedures.

(2) The Director of DES or his designee(s) may suspend or revoke any permit issued under this chapter of the Washington Administrative Code, except for permanent residents, upon the failure of the permitholder(s) to meet the conditions or requirements for which ((is)) his/her permit was issued.

AMENDATORY SECTION (Amending Order 80–20, filed 9/2/80)

WAC 118-03-150 CONDITIONS FOR ENTRY—NON-RESIDENTS. (1) All permitholders must have two-way radio communications available within the RED zone with a base station located outside of the zone. The base station must be monitored at all times while the permittee is in the RED zone.

(a) Non-resident property owners under escort and control of the USFS while within the RED zone shall be exempt from the requirements in WAC 118-03-150(1).

- (b) Vendors supplying essential goods and services for the defined areas of Cougar and St. Helen's Loop, shall be exempt from the requirements in WAC 118-03-150 (1) and (2).
- (((2) Weather conditions must permit visual observation of Mt. St. Helens.))

STATEMENT OF PURPOSE

Amend WAC 356-06-010

Title: Definitions.

Purpose: Provides the definitions for common words or terms used throughout the WAC.

Statutory Authority: RCW 41.06.150.

Summary: Proposal would delete the defini-

tion of "Supervisor".

Reasons: The present definition of a supervisor was adopted to aid the Personnel Board in identifying those employees the Board believed should be excluded from collective bargaining units. In July 1980, however, the Personnel Board abolished the Merit System Rule mandating the exclusion of supervisors (MSR 356-42-010.2). The sponsors accordingly believe the existing definition of supervisors has no purpose and should be abolished.

Responsibility for:

Drafting: John Calhoun, Department of Transportation, Highway Administration Bldg., Olympia, Phone: 753-7337.

Implementation: Department of Personnel.

Enforcement: Department of Personnel.

Proposed by: Department of Transportation, Governmental Organization; Washington Federation of State Employees, Union Organization.

Comments: The Department of Personnel is preparing a revision to the definition of "Supervisor" as a counterproposal to the rescinder proposed by the Department of Transportation and the Washington Federation of State Employees.

STATEMENT OF PURPOSE

New WAC 356-14-085

Title: Salaries—Reduction-in-force appointments.

Purpose: To prescribe the salaries for employees appointed as eligible from the R.I.F. registers.

Statutory Authority: Chapter 41.06 RCW.

Summary: New language specifies how the salary for an eligible who is appointed from a R.I.F. register will be set.

Reasons: Provides clarification as to how salaries for such eligibles shall be established.

Responsibility for:

Drafting: Bill Turney, Personnel Analyst, Department of Personnel, 600 So. Franklin, Olympia. Phone: 753-7125.

Implementation: State Agency Personnel and Payroll Officers.

Enforcement: Standards & Surveys Division, Department of Personnel.

Proposed by: Department of Personnel, Governmental Organization.

Comments: This rule was adopted on an emergency basis at the State Personnel Board Meeting held October 9, 1980.

STATEMENT OF PURPOSE

Amend WAC 356-30-200

Title: Transfer—Between classes—Approval.

Purpose: Provides for transfer of permanent employees from one class to another class in the same salary range.

Statutory Authority: Chapter 41.06 RCW. Summary: Permits permanent employees to

also apply promotionally for positions in other class series which have the same salary range; employee must serve a trial service period.

Reasons: Employees are presently limited to applying as transfers only for positions in a different class series that have the same salary range; change would allow them to compete for such positions.

Responsibility for:

Drafting: Carol Schmitt, Personnel Analyst, Department of Personnel, 600 So. Franklin, Olympia, Phone: 753–2374.

Implementation and Enforcement: Operations Division, Department of Personnel, 600 So. Franklin, Olympia.

Proposed by: Department of Personnel, Governmental Agency.

STATEMENT OF PURPOSE

Amend WAC 356-39-070(3)

Title: Agency evaluation of human resource development activities.

Purpose: Requires agencies to develop an evaluation process to determine the effectiveness of its human resource development activities.

Statutory Authority: RCW 41.06.410.

Summary: New language identifies the costs to be reported by agencies for direct learning activities used in their training and career development programs.

Reasons: Identification of costs is required by section 5(3) of Substitute House Bill #38. Responsibility for:

Drafting: Mary Jo Lavin, Ph.D., Division of Human Resource Development, Department of Personnel, 400 E. Union Avenue, Olympia, Phone: 754–1341.

Implementation and Enforcement: Division of Human Resource Development, Department of Personnel, Governmental Agency.

Proposed by: Division of Human Resource Development, Department of Personnel.

Comments: Costs which agencies will be required to report are for direct learning activities which include: **Tuition** reimbursement and course registration fees; travel and per diem; administrative and operational costs of agencies' training units; and consultant fees and services purchased from vendors.

AMENDATORY SECTION (Amending Order 147, filed 9/16/80)

WAC 356-06-010 DEFINITIONS. The following definitions apply throughout these rules unless the context clearly indicates another meaning:

SEASONAL EMPLOYMENT - Work that is cyclic in nature beginning and ending at approximately the same time every year and lasting for no more than nine months.

SENIORITY - A measure of the last period of unbroken time served in positions in the classified service under the jurisdiction of the state personnel board. Service in positions brought under the jurisdiction of the state personnel board by statute is counted as though it had previously been under the jurisdiction of the state personnel board. Leaves of absence granted by agencies and separations due to reduction-in-force are not considered a break in service. Time spent on leaves of absence without pay is not credited unless it is for educational leaves, or statutes require it be credited; or it is taken at the specific request of an agency so employees may perform work specifically related to state work. Time spent off the state payroll due to reductionin-force is not credited. Time spent in exempt appointments listed in RCW 41.06.070 will be credited and the service will not be regarded as broken when employees return from exempt service in accordance to RCW 41.06.070(22), WAC 356-06-055, 356-30-045 and 356-30-330. Time spent under the jurisdiction of the higher education personnel board will be added when the employee comes under the jurisdiction of the state personnel board through the provisions of WAC 356-06-055(4). The length of active military service of a veteran, not to exceed five years, shall be added to the state service for such veteran or his widow.

SERIES – A group of classes of positions to which the same kind of work is assigned but which is at different levels of difficulty and responsibility.

((SUPERVISOR - Any individual having substantial responsibility on behalf of management regularly to participate in the performance of all or most of the following functions: Employ, promote, transfer, suspend, discharge or adjudicate grievances of other employees, if in connection with the foregoing, the exercise of such responsibility is not of a merely routine nature but requires the exercise of independent judgment.))

SUSPENSION - An enforced absence without pay for disciplinary purposes.

TANDEM EMPLOYMENT – Any position filled by more than one employee as voluntarily agreed between management and employee(s) who jointly fulfill the responsibilities and duties of the position(s).

TEMPORARY EMPLOYMENT – Single or multiple periods of employment during the absence of a permanent employee on leave; or for work done at a workload peak and normally lasting for less than nine months and having an end in sight.

TERMINATION - Separation from employment for reasons beyond the control of the employee.

TRAINING - An organized learning process designed to provide needed changes in the skills, knowledges, attitudes or behaviors of employees.

TRANSFER - The change of an employee who has gained permanent status in a class with no break in service from one to another classified position having the same salary range number.

TRIAL SERVICE PERIOD – A six-month trial period of employment of a permanent employee beginning with the effective date of the promotion or demotion or appointment from the promotional register.

TUITION REIMBURSEMENT - A full or partial reimbursement to eligible employees by the employing agency for tuition paid to attend approved courses.

UNDERFILL - The filling of a position with an employee in a lower related class in the absence of an adequate eligible register for the classification.

UNION SHOP – A form of union security that requires that all employees within a bargaining unit become members of the certified bargaining representative within 30 calendar days of the union shop election or 30 calendar days from an employee's date of hire, whichever is later.

UNION SHOP FEE – The union shop fee, sometimes known as a representation fee, is the fee paid by an employee to a union shop representative in lieu of holding membership in that union. An employee who has been certified for nonmembership status because of bona fide religious tenets of a church or religious body of which the employee is a member, shall pay a fee equivalent to the regular monthly dues of the union shop representative minus any included monthly premiums for union sponsored insurance programs.

UNION SHOP REPRESENTATIVE – A union shop representative is an employee organization that is certified as exclusive bargaining representative for a bargaining unit and which has also been certified as union shop representative by the Director of Personnel. To be certified as union shop representative, a majority of all employees in the bargaining unit must vote in favor of having the petitioning employee organization as their union representative.

VETERAN – For the purpose of granting preference during layoffs and subsequent reemployment, any person who has one or more years of active military service in any branch of the armed forces of the United States or who has less than one year's service and is discharged with a disability incurred in the line of duty or is discharged at the convenience of the government and who, upon termination of such service, has received an honorable discharge, a discharge for physical reasons with an honorable record, or a release from active military service with evidence of service other than that for which an undesirable, bad conduct, or dishonorable discharge is given: PROVIDED, That the person has not voluntarily retired with 20 or more years of active military service and has military retirement pay in excess of \$500 per month.

VETERAN'S WIDOW – For the purpose of granting preference during layoffs and subsequent reemployment, the unremarried wife of a deceased veteran as defined in WAC 356-06-010 except that such veteran's one-year minimum length of active military service shall be

disregarded.

VÖLUNTEER EXPERIENCE – Work experience for which no salary was received, which may be credited toward meeting the minimum qualifications for a classification: Provided such experience is equivalent to and not prohibited by the minimum qualifications of the classification. Volunteer experience for which academic credit was granted may be used to satisfy either the educational or the experience requirements of a class, but may not be used for both.

WORK DAY - A 24-hour period beginning at a time determined by the appointing authority. For scheduled standard work period positions the work day begins at the scheduled starting time of the

emplovee.

WORK PERIOD DESIGNATION – Identification of each classification's and position's criteria for hours of work as defined in WAC 356-15-020 and qualifications for premium pay as defined in chapter 356-15 WAC.

WORK SCHEDULE - A series of workshifts and work days within the workweek.

WORKSHIFT - Scheduled working hours within the workday.

WORKWEEK - A regular recurring period of 168 hours beginning at a time determined by the appointing authority and continuing for seven consecutive 24-hour periods. For scheduled standard work period positions the workweek begins at the scheduled starting time of the first shift of the employee's uniform shifts.

Y-RATE - A salary amount which either exceeds the maximum step for the salary range of an employee's class or a salary amount that falls between the steps of a salary range of an employee's class.

NEW SECTION

WAC 356-14-085 SALARIES—REDUCTION-IN-FORCE REGISTER APPOINTMENT. When an eligible is appointed from a certification off of a reduction-in-force register, his/her salary will be set as follows:

- (1) The salary will be the basic dollar amount the employee was being paid at the time he/she left the range to which he/she is being appointed, plus, whatever the periodic increases and the salary adjustments that would have been made had the employee remained in that classification and range. Separations due to reduction-in-force will not be regarded as a break in service, but time during which employees are off the payroll will not be used in computing periodic increases. The eligible will not be entitled to further increases in salary based on promotion as prescribed in WAC 356-14-140.
- (2) Such increases above the basic dollar amount in (1) above shall not place the employee higher than the maximum salary for the range, except general salary increase specifically granted to Y-rated employees.

AMENDATORY SECTION (Order #36, filed 7/1/71)

WAC 356-30-200 TRANSFER—BETWEEN CLASSES—AP-PROVAL (1) A transfer of a permanent employee from a position in one class to a position in another class having the same salary range

may be made upon approval of the Director of Personnel that the employee has the minimum qualifications for the position to which transfer is proposed. The Director of Personnel may require a qualifying examination.

(2) A permanent employee may also qualify or compete for positions in other class series which by definition are transfers by completing a promotional application form and taking the appropriate examination. Employees who transfer under the provisions of this sub-section shall serve a trial service period.

AMENDATORY SECTION (Amending Order 147, filed 9/16/80)

WAC 356-39-070 AGENCY EVALUATION OF HUMAN RESOURCE DEVELOPMENT ACTIVITIES. Each agency shall develop an evaluation process to determine the effectiveness of its human resource development activities.

- (1) This evaluation process shall include an assessment of:
- (a) The effectiveness of the training
- (b) The impact of the training on job performance
- (c) The contribution of the training to achievement of career development goals
- (2) The Department of Personnel shall assist agencies in the development of their evaluation process upon their request.
- (3) Each agency shall submit to the Department of Personnel an annual summary of evaluation data on its human resource development activities and costs. Costs to be reported are for direct learning activities and include:

(a) Participants' travel, per diem, registration, and tuition reim-

bursement fees.

- (b) All administrative and operational costs of the training and development unit(s) of the agency including:
 - (i) Staff salaries and benefits (pro-rated, if required)
 - (ii) Development costs
 - (iii) Audio-visual aids
 - (iv) Facility rental
 - (v) Other materials.
 - (c) All costs of training programs, equipment, materials, and consultant fees purchased or leased from a vendor.

WSR 80-16-019 ADOPTED RULES COUNTY ROAD ADMINISTRATION BOARD

[Order 39-Filed October 29, 1980]

Be it resolved by the County Road Administration Board, acting at Ellensburg, Washington, that it does promulgate and adopt the annexed rules relating to administration of county constructed projects, chapter 136–18 WAC.

This action is taken pursuant to Notice No. WSR 80–12–054 filed with the code reviser on September 3, 1980. Such rules shall take effect pursuant to RCW 34.04.040(2).

This rule is promulgated under the general rule—making authority of the County Road Administration Board as authorized in chapter 36.78 RCW.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW), as appropriate, and the State Register Act (chapter 34.08 RCW).

Executive Director

AMENDATORY SECTION (Amending Order 2, Resolution 79-3, filed 9/26/79)

WAC 247-16-040 FEES. (1) Authorization to charge fees: The authority, pursuant to RCW 70.37.090, shall require applicants to pay fees and charges to the authority to provide it with funds for investigations, financial feasibility studies, expenses of issuance and sale of bonds, and other charges for services provided by the authority in connection with projects undertaken, as well as the operating and administrative expenses of the authority. In accordance with this authorization, an applicant shall pay to the authority such fees and charges as are necessary to meet any and all expenses incurred by the authority in connection with the processing of the application of the applicant, together with an annual service fee to defray expenses of the authority in administering and servicing the financing provided to the applicant and other allocable expenses of the authority. The authority shall assess an annual fee of one-tenth of one percent of the outstanding and unredeemed bonds. The initial annual fee shall be paid to the authority on the date of closing of each bond issue and on every anniversary date thereafter.

((All of the costs and expenses of the authority shall be paid from such fees. No moneys of the state of Washington shall be expended for such purposes.))

(2) ((Initial payment on fees and charges obligation)) Fee obligations of applicants: An applicant shall submit with its application an initial remittance of \$7,500.00, to be credited against the fees and charges imposed or to be imposed by the authority on such applicant pursuant to this section in connection with the processing of an application. The applicant shall pay such fees and charges as they are billed to it from time to time by the authority. These expenses may be reimbursed to applicants from the bond proceeds if financing is consummated. In addition, the application shall contain an appropriate legal commitment to indemnify the authority against any expenses or costs incurred by it in connection with the processing of the applicant's application and the completion of any project or plan and system subsequently approved and undertaken by the authority, as well as to pay the authority an annual service fee to defray expenses of the authority in administering and servicing the financing provided to the applicant and other allocable expenses of the authority, which annual

fee shall be imposed so long as financing is being provided by the authority to the applicant((:)):

PROVIDED, HOWEVER, That the initial applicants whose applications are used for purposes of testing in court the constitutionality of the act shall pay such fees as are necessary to defray all expenses of the authority in processing such applications and conducting such court test. The amount or amounts of such fees and the time or times and the manner in which such fees are to be paid shall be determined by the secretary of the authority, elected from time to time. Such initial applicants shall provide to the authority an appropriate legal commitment to indemnify the authority against such expenses. If such court test is successful and financing is provided by the authority pursuant to such initial applications, the authority may waive the levy of annual service fees upon such applicants.

- (3) Refund of excess fees: The authority will refund any surplus fees paid or deposited by an applicant or participant which exceed the actual application—processing expenses and authority—determined pro rata administrative and operating costs of the authority.
- (4) All the costs and expenses of the authority shall be paid from fees levied pursuant to this section. No moneys of the state of Washington shall be expended for such purposes.

WSR 80-16-027 EMERGENCY RULES DEPARTMENT OF FISHERIES

[Order 80-175-Filed October 30, 1980]

- I, Gordon Sandison, director of the State Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing regulations.
- I, Gordon Sandison, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is chum management needs prevail in Strait tributaries (except the Dungeness River and a portion of the Elwha River), Area 6D and the Nooksack River. Harvestable coho have been taken in Areas 10C and 10D.

Such rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 75.08.080 and is intended to administratively implement that statute.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW), as appropriate, and the State Register Act (chapter 34.08 RCW).

APPROVED AND ADOPTED October 30, 1980.

WSR 80-16-028 EXECUTIVE ORDER OFFICE OF THE GOVERNOR

[EO 80-17]

Collation of State Offices

WHEREAS, it is the intent of the state of Washington to disburse services to its citizens in the most efficient and convenient manner possible; and

WHEREAS, it is the responsibility of state government to achieve maximum operating economy in providing facilities for its agencies and offices; and

WHEREAS, state agencies can provide better services to the public if they are located in close proximity to each other and reasonably accessible to their clients.

NOW, THEREFORE, I, Dixy Lee Ray, Governor of the state of Washington, by virtue of the power vested in me, do hereby proclaim it is a policy of this administration that wherever practical, state agency offices shall be collocated or clustered in state office buildings or leased office building complexes; and do hereby order and direct as follows:

- 1. (a) The Director, Department of General Administration, cluster, consolidate or collocate facilities and offices of state agencies wherever practical, consistent with reasonable cost contraints and normal leasing cycles. Collocation of Social Service and Employment agencies should receive priority consideration in such collocation.
 - (b) All Executive branch agencies cooperate with and assist the Department of General Administration in the implementation of this Order.
 - (c) The Director of General Administration be responsible to ensure that the provisions of this Order are implemented.
- 2. The Department of General Administration shall: (a) conduct studies to determine the optimum deployment of state facilities and offices giving major consideration to locations on or near public transportation routes; and, (b) foster appropriate legislation to continue this Executive Order as a statute of the laws of the state of Washington.
- 3. All pre-existing Executive Orders which may be inconsistent with the terms of this Order are hereby rescinded.

IN WITNESS WHERE-OF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia this 27th day of October, A.D., nineteen hundred and eighty. Dixy Lee Ray

WSR 80-16-029 ADOPTED RULES DEPARTMENT OF LABOR AND INDUSTRIES

[Order 80-22-Filed October 31, 1980]

I, James T. Hughes, director of Labor and Industries, do promulgate and adopt at the Director's office, Olympia, Washington, the annexed rules relating to Nonionizing Radiation; to correct an inadvertent drafting omission, and to correct housekeeping errors, WAC 296-62-09005.

This action is taken pursuant to Notice No. WSR 80-13-056 filed with the code reviser September 17, 1980. Such rules shall take effect pursuant to RCW 34.04.040(2).

This rule is promulgated pursuant to RCW 49.17.040 and is intended to administratively implement that statute.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW), as appropriate, and the State Register Act (chapter 34.08 RCW).

APPROVED AND ADOPTED OCTOBER 31, 1980.

By James T. Hughes Director

AMENDATORY SECTION (Amending Order 80-14, filed 8/8/80)

WAC 296-62-09005 NONIONIZING RADIA-TION. Workmen shall be protected from exposure to hazardous levels of nonionizing radiations.

- (1) Introduction. Biological responses in the various sections of the electro-magnetic spectrum are different. In certain instances there are also different responses within any segment of the spectrum, such as the infrared. Experience and experimentation have been sufficient to permit the establishment of certain standards which can be used to promote a healthful working environment.
- (2) Microwaves. (a) Definitions. (i) "Partial Body Irradiation" shall mean the case in which part of the body is exposed to the incident electromagnetic energy.
- (ii) "Radiation Protection Standard" means radiation level which shall not be exceeded.

- (iii) "Symbol" means the overall design, shape, and coloring of the microwave radiation sign shown in figure 2.
- (({(iv) "Whole Body Irradiation" shall mean the case in which the entire body is exposed to the incident electromagnetic energy or in which the cross section of the body is smaller than the cross section of the incident radiation beam.
- (b) Radiation Protection Standard. (i) For normal environmental conditions and for incident electromagnetic energy of frequencies from 10 megahertz to 100 gigahertz, the radiation protection standard is 10 mW/cm.² (milliwatt per square centimeter) as averaged over any possible 0.1=hour period. This means the following:

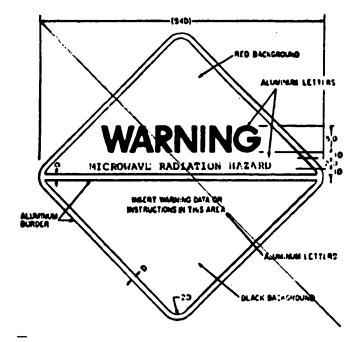

Power density: 10mW/cm² for periods of 0.1-hour or more.

Energy density: 1 mW-hr/cm² (milliwatt hour per square centimeter) during any 0.1-hour period.

This standard applies whether the radiation is continuous or intermittent.

- (ii) These formulated standards pertain to both whole body irradiation and partial body irradiation. Partial body irradiation must be included since it has been shown that some parts of the human body (e.g., eyes, testicles) may be harmed if exposed to incident radiation levels significantly in excess of these levels.
- (c) Warning Symbol. (i) The warning symbol for microwave radiation hazards shall consist of a red isosceles triangle above an inverted black isosceles triangle, separated and outlined by an aluminum color border. The words "Warning—Microwave Radiation Hazard" shall appear in the upper triangle. See Figure 2.
- (ii) American National Standard Safety Color Code for Marking Physical Hazards and the Identification of Certain Equipment, Z53.1–1953, shall be used for color specification. All lettering and the border shall be of aluminum color.
- (iii) The inclusion and choice of warning information or precautionary instructions is at the discretion of the user. If such information is included it shall appear in the lower triangle of the warning symbol.

NOTE: Subsection (2) does not apply to the deliberate exposure of patients by, or under the direction of, practitioners of the healing arts.

- (3) Threshold Limit Values. (a) These threshold limit values refer to levels of physical agents and represent conditions under which it is believed that nearly all workers may be repeatedly exposed day after day without adverse effect. They are based on the best available information from experimental studies. Because of wide variations in individual susceptibility, exposure of an occasional individual, at, or even below, the threshold limit may not prevent annoyance, aggravation of a pre-existing condition, or physiological damage:
- (b) Threshold limit values refer to levels of exposure for an 8-hour workday within a 40-hour week. Exceptions are those limits which are given a ceiling value
- (c) These limits should be interpreted and applied only by a technically qualified person:
- (d) Ceiling Value. There are some physical agents which produce physiological response from short intense exposure and whose threshold limit is more appropriately based on this particular response. Physical agents with this type of response are best controlled by a ceiling "C" limit which is a maximum level of exposure which shall not be exceeded.
- (4) 6943Å Lasers. (a) Eye Protection. (i) The threshold limit values for exposure of the eye refer to levels of laser energy at the cornea under conditions to which nearly all workers may be exposed without adverse effects. These threshold limit values shall be used in the

control of exposures to the eye from Q-Switched, and Non-Q-Switched laser energy at 6943Å.

(ii) The values apply to direct illumination or specular reflected laser energy (6943Å) at the cornea and do not apply to laser energy at any other wave length or operational mode:

Non-Q-Switched (1 microsecond - 0.1 sec. pulse)	1 X 10 ⁻⁶ *

(5) Continuous Wave Lasers. (a) Eye Protection. (i) The threshold limit values for exposure of the eye refer to levels of laser energy at the cornea under conditions to which nearly all workers may be exposed without adverse effects. These threshold limit values shall be used in the control of exposures to the eye from continuous wave laser energy in the 4000Å to 7500Å region of the spectra.

(ii) The values apply to direct illumination or specular reflected continuous wave laser energy (4000Å to 7500Å) at the cornea and do not apply to laser energy at any other wave length or operational mode.

(6) Lasers. (a) Skin Protection. (i) The threshold limit values for exposure of the skin to levels of laser energy in the visible, near infrared, and infrared portions of the spectra are under conditions which it is believed nearly all workers may be exposed without adverse effects.

(ii) These values shall be used in the control of exposure to pulsed and continuous wave laser energy.

(iii) The notation "SKIN PROTECTION" refers to the potential risk of exposure of the skin to laser energy. These limits are not directly related to, or part of, the threshold limit value for eye protection and are intended to suggest that appropriate control measures may be necessary to prevent damage to the skin.

(iv) The values apply to the maximum intensity of laser energy incident on the skin (excluding eyes) in the visible, near infrared and infrared wave lengths.

Pulsed	0.1 Joules/sq. centimeter* (Energy Density)
Continuous Wave	1.0 Watts/sq. centimeter* (Power Density)

(7) Ultraviolet Radiation. (a) These threshold limit values refer to ultraviolet radiation in the spectral region between 200 and 400 nanometer (nm) and represent conditions under which it is believed that nearly all workers may be repeatedly exposed without adverse effect. These values for exposure of the eye or the skin apply to ultraviolet radiation from arcs, gas, and vapor discharges, and incandescent sources, but do not apply to ultraviolet lasers or solar radiation. These levels should not be used for determining exposure of photosensitive individuals to ultraviolet radiation. These values shall be used in the control of exposure to continuous sources where the exposure relation shall not be less than 0.1 sec.

(b) The threshold limit value for occupational exposure to ultraviolet radiation incident upon skin or eye where irradiance values are known and exposure time is controlled are as follows:

(i) For the near ultraviolet spectral region (320 to 400 nanometer (nm)) total irradiance incident upon the unprotected skin or eye shall not exceed milliwatt/sq. centimeter for periods greater than 10³ seconds (approximately 16 minutes) and for exposure times less than 103 seconds shall not exceed one Joules/sq. centimeter.

(ii) For the actinic ultraviolet spectral region (200 = 315 nm), radiant exposure incident upon the unprotected skin or eye shall not exceed the values given in Table 4 within an 8-hour period.

(iii) To determine the effective irradiance of a broadband source weighted against the peak of the spectral effectiveness curve (270 nanometer(nm)), the following weighting formulas shall be used.

$$\frac{E}{\text{eff}} = \sum (E-\text{Lambda}) (S-\text{Lambda}) (Del-\text{ta-Lambda})$$

Where:

Eeff = effective irradiance relative to a monochromatic source at 270nm

E-Lambda = spectral irradiance in Watts/sq. centimeter/nanometer.

S-Lambda - relative spectral effectiveness (unitless)

Delta-Lambda = band width in nanometers

(iv) Permissible exposure time in seconds for exposure to actinic ultraviolet radiation incident upon the unprotected skin or eye may be computed by dividing 0.003 Joules/sq. centimeter by (superscript E)eff in Watts/sq. centimeter. The exposure time may also be determined using Table 5 which provides exposure times corresponding to effective irradiances in μ W/cm².

STATEMENT OF PURPOSE

This statement is filed pursuant to RCW 34.04.045.

Amend WAC 388-15-020.

Purpose of the rule or rule change is to update gross median income tables.

Statutory authority for this action is found in RCW 74.08.090.

Person or persons responsible for the drafting implementation and enforcement of the rule: Sam Koshi, Program Manager, Bureau of Community & Residential Care, Phone: 3-7011, Mailstop: OB-42 A.

The person or organization (if other than DSHS) who proposed these rules is: None These rules are not necessary as a result of federal laws, federal court decisions or state court decisions.

AMENDATORY SECTION (Amending Order 1477, filed 1/16/80)

WAC 388-15-020 ELIGIBLE PERSONS. (1) Individuals eligible for services are:

(a) Recipients of aid to families with dependent children (AFDC recipients).

(b) Individuals whose needs were taken into account in determining the needs of AFDC recipients.

(c) Recipients of supplemental security income or state supplementary payments related to age, blindness or permanent and total disability.

(d) Recipients of federal aid medical care only categorically related to Title XVI supplemental security income or AFDC, provided gross family income does not exceed 80% of the state median gross income for a family of four, adjusted for family size.

(e) Any individual or family regardless of age, blindness or disability, whose gross family income does not exceed 80% of the state median income for a family of four, adjusted for family size, except that:

(i) No individual or family is eligible for chore services, family planning or alcoholism services whose gross family income is in excess of 50% of the state median income for a family of four, adjusted for family size, except that a single individual may receive chore services if his median gross income does not exceed 57% of the state's median gross income for a family of four adjusted for family size.

(ii) No individual or family is eligible on a group basis for developmental disabilities, case services, developmental disabilities home-aid resources, developmental disabilities developmental centers or extended sheltered employment unless at least 75% of persons given these services are members of families whose gross monthly income do not exceed 90% of the state median income, adjusted for family size.

(iii) Information and referral services, services to children in their own home or protective service may be given to any individual regardless of the level of gross family income. Child protective services are provided without charge. Where ancillary services such as chore services or homemaker services are an integral but subordinate part of a protective service plan for children or adults, they may be provided without regard to the level of gross family income.

(2) Gross median income for a family of four in the state of Washington effective October 1, ((1979)) 1980 is ((\$20,207)) \$21,494. 80% = ((\$16,166)) \$17,195

- (5) Child welfare services may also be provided under Title IV-B of the Social Security Act.

WSR 80-16-031 EMERGENCY RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES (Public Assistance)

[Order 1555—Filed October 31, 1980]

- I, N. Spencer Hammond, Ex. Asst. of the Department of Social and Health Services do promulgate and adopt at Olympia, Washington the annexed rules relating to congregate care, amending chapter 388-15 WAC.
- I, N. Spencer Hammond, find that an emergency exists and that the foregoing order is necessary for the

preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is these amendments are necessary to meet budget limitations on the congregate care client caseload.

Such rules are therefore adopted as emergency rules to take effect on November 1, 1980.

This rule is promulgated pursuant to RCW 74.08.044 and is intended to administratively implement that statute.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) and the State Register Act (chapter 34.08 RCW).

APPROVED AND ADOPTED October 31, 1980.

By N. S. Hammond Executive Assistant

AMENDATORY SECTION (Amending Order 1492, filed 3/7/80)

WAC 388-54-740 INCOME—DEDUCTIONS. In computing net income, only the following deductions shall be allowed:

(1) A standard deduction of \$75 per household per month.

- (2) An earned income deduction of ((20)) twenty percent of gross earned income. Earnings which are excluded in WAC 388-54-735 shall not be included in gross earned income for purposes of computing earned income deductions.
- (3) Payments for the care of a child or other dependent when necessary for a household member to accept or continue employment, seek employment, or attend training or education preparatory to employment.

The amount to be deducted for child care shall be the amount actually paid not to exceed \$90. The dependent care deduction in combination with the shelter deduction shall not exceed \$90.

- (4) Shelter costs in excess of ((50)) fifty percent of the household's income after the above deductions. The shelter deductions alone or in combination with the dependent care deduction, shall not exceed \$90.
- (a) "Shelter costs" mean rent or mortgage payment plus taxes on a dwelling and property, insurance on the structure only, unless the costs for insuring the structure and its contents cannot be separated, assessments, and utility costs such as heat and cooking fuel, electricity, water, garbage, sewage disposal and basic service fee for one telephone (plus tax) and initial installation fees for utility services. One time deposits shall not be included as shelter costs.

Shelter costs shall also include continuing charges leading to the ownership of the shelter such as loan repayments for the purchase of a mobile home, including interest on such payments.

- (b) Shelter costs for a home not occupied because of employment, training away from home, illness or abandonment caused by casualty loss or natural disaster shall be allowed if:
 - (i) The household intends to return to the house;
- (ii) The current occupants, if any, are not claiming shelter costs for food stamp purposes;
- (iii) The home is not being leased or rented during the household's absence.
- (c) Charges for the repair of the home which was substantially damaged or destroyed due to a natural disaster such as a fire or flood.
- (d) Standardized amounts shall be used to compute the shelter costs for utilities such as heat and cooking fuel, electricity, water, garbage, sewage disposal, and telephone and shall be effective November 1, ((1979)) 1980.

- (e) Households which do not incur any separate utility charges or which are billed separately for only telephone costs, water, sewage, and garbage collection fees shall not be entitled to claim the standard utility allowance.
- (f) If a household is not entitled to the standard utility allowance, it may claim actual utility expenses for any utility which it does pay separately, except the telephone.
- (g) If a household requests and can verify that its utility bills are higher than the standards, the actual utility costs shall be used.
- (i) The telephone standard, for families incurring telephone costs, but not entitled to claim the single standard, is ten dollars.
- (ii) A household shall be allowed to switch to or from the standard during its certification period.
- (h) The telephone allowance applies to households which are not entitled to claim the overall standard, but which have telephone expenses.
- (5) Households which contain one or more members who are sixty years of age or older, receive supplemental security income (SSI), or receive social security disability payments under Title II of the Social Security Act shall be authorized, effective January 1, 1980:
- (a) A dependent care deduction up to \$90 as specified in WAC 388-54-740(3) and
- (b) An excess shelter deduction as specified in WAC 388-54-740(4) for the monthly amount that exceeds fifty percent of the household's monthly income after all applicable deductions have been made.
- (6) An individual who is sixty years of age or older, receives supplemental security income (SSI), receives social security disability, or has received emergency SSI from the social security administration shall be authorized effective January 1, 1980, a deduction for unreimbursable monthly medical expenses over \$35.
 - (a) Allowable medical expenses are:
- (i) The cost of maintaining an attendant, homemaker, home health aide, housekeeper and/or child care service. These expenses, which could be claimed either as a medical or child care expense must be considered as medical expenses;
 - (ii) The cost of medical insurance;
- (iii) Medicare premiums related to coverage under Title XVIII of the Social Security Act;
- (iv) Any cost-sharing on spend down expenses incurred by medicaid (medical only) recipients;
- (v) Hospitalization or outpatient treatment, nursing care, and nursing home care including payments by the household for an individual who was a household member immediately prior to entering a hospital or licensed nursing home;
- (vi) Prescription drugs and other over-the-counter medication (including insulin) when prescribed or approved by a licensed practitioner or other qualified health professional;
- (vii) The cost of medical supplies, sick-room equipment (including rental) or other prescribed equipment;
- (viii) Dentures, hearing aids, prosthetics, and eye glasses prescribed by an optometrist or physician skilled in eye disease;
- (ix) Securing and maintaining a seeing eye dog including the cost of dog food and veterinarian bills;
- (x) Reasonable cost of transportation and lodging to obtain medical treatment or services.
 - (b) Nonallowable expenses are:
- (i) The cost of health and hospital insurance which pays in lump sum settlements or which continue mortgage or loan payments while the beneficiary is disabled;
 - (ii) The cost of special diets.

- (e) Households which do not incur any separate utility charges or which are billed separately for only telephone costs, water, sewage, and garbage collection fees shall not be entitled to claim the standard utility allowance.
- (f) If a household is not entitled to the standard utility allowance, it may claim actual utility expenses for any utility which it does pay separately, except the telephone.
- (g) If a household requests and can verify that its utility bills are higher than the standards, the actual utility costs shall be used.
- (i) The telephone standard, for families incurring telephone costs, but not entitled to claim the single standard, is ten dollars.

- (ii) A household shall be allowed to switch to or from the standard during its certification period.
- (h) The telephone allowance applies to households which are not entitled to claim the overall standard, but which have telephone expenses.
- (5) Households which contain one or more members who are sixty years of age or older, receive supplemental security income (SSI), or receive social security disability payments under Title II of the Social Security Act shall be authorized, effective January 1, 1980:
- (a) A dependent care deduction up to \$90 as specified in WAC 388-54-740(3) and
- (b) An excess shelter deduction as specified in WAC 388-54-740(4) for the monthly amount that exceeds fifty percent of the household's monthly income after all applicable deductions have been made.
- (6) An individual who is sixty years of age or older, receives supplemental security income (SSI), receives social security disability, or has received emergency SSI from the social security administration shall be authorized effective January 1, 1980, a deduction for unreimbursable monthly medical expenses over \$35.
 - (a) Allowable medical expenses are:
- (i) The cost of maintaining an attendant, homemaker, home health aide, housekeeper and/or child care service. These expenses, which could be claimed either as a medical or child care expense must be considered as medical expenses;
 - (ii) The cost of medical insurance,
- (iii) Medicare premiums related to coverage under Title XVIII of the Social Security Act;
- (iv) Any cost-sharing on spend down expenses incurred by medicaid (medical only) recipients;
- (v) Hospitalization or outpatient treatment, nursing care, and nursing home care including payments by the household for an individual who was a household member immediately prior to entering a hospital or licensed nursing home;
- (vi) Prescription drugs and other over-the-counter medication (including insulin) when prescribed or approved by a licensed practitioner or other qualified health professional;
- (vii) The cost of medical supplies, sick-room equipment (including rental) or other prescribed equipment;
- (viii) Dentures, hearing aids, prosthetics, and eye glasses prescribed by an optometrist or physician skilled in eye disease:
- (ix) Securing and maintaining a seeing eye dog including the cost of dog food and veterinarian bills;
- (x) Reasonable cost of transportation and lodging to obtain medical treatment or services.
 - (b) Nonallowable expenses are:
- (i) The cost of health and hospital insurance which pays in lump sum settlements or which continue mortgage or loan payments while the beneficiary is disabled;
 - (ii) The cost of special diets.

WSR 80-16-034 EMERGENCY RULES DEPARTMENT OF FISHERIES

[Order 80-176-Filed October 31, 1980]

I, Gordon Sandison, director of the State Department of Fisheries, do promulgate and adopt at Olympia, Washington, the annexed rules relating to commercial fishing regulations.

I. Gordon Sandison, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is coho are no longer of primary management consideration in Area 13B. Troll size restrictions in Area 4B and 5 allow a harvest of chinook salmon. Areas 6B and 9 are closed to all net gear to protect Stillaguamish-Snohomish chum salmon. Area 12A is closed to provide secondary protection for local chum stocks. Areas 12D and 7C and the Samish River are closed to protect chum, salmon. Analysis of test fishery results indicates chum management needs prevail in Area 12C. Harvestable chum salmon remain to be taken in the all-citizen fisheries.

Such rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 75.08.080 and is intended to administratively implement that

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW), as appropriate, and the State Register Act (chapter 34.08 RCW).

APPROVED AND ADOPTED October 31, 1980.

[Order 1566—Filed November 3, 1980]

- I, N. Spencer Hammond, Ex. Asst. of the Department of Social and Health Services do promulgate and adopt at Olympia, Washington the annexed rules relating to emergency nonresident transportation, repealing WAC 388-29-195.
- I, N. Spencer Hammond, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is WAC 388-29-195 was filed with the Code Reviser by Order #1556 on October 10, 1980. It replaced WAC 388-29-190 which was repealed by Order #1553 on October 10, 1980. Order #1553 was declared null and void by the Thurston County Superior Court on October 29. It would be confusing to have two rules on the same subject.

Such rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated under the general rule-making authority of the secretary of Department of Social and Health Services as authorized in RCW 74.08.090.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) and the State Register Act (chapter 34.08 RCW).

WSR 80-16-040 EMERGENCY RULES PUBLIC EMPLOYMENT RELATIONS COMMISSION

[Order 80-11-Filed November 3, 1980]

Be it resolved by the Public Employment Relations Commission acting at Seattle, Washington, that it does promulgate and adopt the annexed rules relating to:

WAC 391-08-230 Summary judgment. WAC 391-25-110 New Supporting evidence. WAC 391-25-190 New Intervention-By organization other than incumbent. Special provision-Educational WAC 391-45-552 New employees. WAC 391-55-335 New Educational employees—Fact-finding. WAC 391-55-345 Educational employees-Findings of New fact and recommendations. WAC 391-95-130 Union security-Escrow of disputed New funds. New WAC 391-95-310 Implementation.

We, the Public Employment Relations Commission, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is public hearings concerning these rules produced substantive changes. Statutory requirements mandate additional notice and hearings before final adoption.

Such rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 41.58.050, 41.56.040, 41.59.110, 28B.52.080 and 47.64.040 and is intended to administratively implement that statute.

This rule is promulgated under the general rule-making authority of the Public Employment Relations Commission as authorized in RCW 41.58.050.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW), as appropriate, and the State Register Act (chapter 34.08 RCW).

APPROVED AND ADOPTED August 29, 1980.

By Marvin L. Schurke Executive Director

NEW SECTION

WAC 391-08-230 SUMMARY JUDGMENT. A summary judgment may be issued if the pleadings and admissions on file, together with affidavits, if any, show that there is no genuine issue as to any material fact and that one of the parties is entitled to a judgment as a matter of law. Motions for summary judgment made in advance of a hearing shall be filed with the agency and served on all other parties to the proceeding.

NEW SECTION

WAC 391-25-110 SUPPORTING EVIDENCE. The original petition shall be accompanied by a showing of interest indicating that the petitioner has the support of not less than thirty percent of the employees in the bargaining unit which the petitioner claims to be appropriate. The showing of interest must be timely filed under the same standards applicable to the petition, and must consist of individual authorization cards or letters signed and dated by employees in the bargaining unit claimed appropriate during the ninety day period preceding the filing of such evidence with the agency.

NEW SECTION

WAC 391-25-190 INTERVENTION-BY OR-GANIZATION OTHER THAN INCUMBENT. An organization not covered by WAC 391-25-170 may, by motion, intervene in proceedings under this chapter and, upon granting of its motion for intervention, shall be entitled to participate in the proceedings and have its name listed as a choice on the ballot in any election. The motion for intervention shall be supported by a showing of interest indicating that the intervenor has the support of not less than ten percent of the employees in the bargaining unit which the petitioner claims to be appropriate or of not less than thirty percent of the employees in whatever different bargaining unit the intervenor claims to be appropriate. The showing of interest must consist of individual authorization cards or letters signed and dated by employees in the bargaining unit claimed appropriate during the ninety-day period preceding the filing of such evidence with the agency. The showing of interest shall be made confidentially to the agency at or before the time the motion for intervention is made:

PROVIDED, HOWEVER, That a motion for intervention may be granted conditionally subject to the subsequent furnishing of a showing of interest under such conditions as the agency may impose to avoid undue delay of the proceedings. No motion for intervention shall be considered if made after the close of the hearing on the petition or more than seven days after the filing and posting of an election agreement or cross—check agreement.

NEW SECTION

WAC 391-45-552 SPECIAL PROVISION—ED-UCATIONAL EMPLOYEES. The obligation to bargain in good faith imposed upon an employer and the exclusive representative of its employees, respectively, by RCW 41.59.020(2) and 41.59.140 (1)(e) or (2)(c) includes:

- (1) The obligation to submit, as to each subject for bargaining advanced by the party, a written statement of the language proposed for incorporation in or deletion from the collective bargaining agreement between the parties, together with a written or oral explanation or justification of such proposals.
- (2) The obligation to submit, as to each subject for bargaining advanced by the other party, at least one written response thereto, together with a written or oral explanation of such response: PROVIDED, HOWEVER, That a party which asserts in a written response that a subject for bargaining advanced by the other party is not a mandatory subject for collective bargaining may thereafter refuse to make further proposals as to such subject or subjects for bargaining.
- (3) The obligation to receive proposals from the other party as to all subjects for bargaining in dispute between the parties and, until a legal impasse has been reached, to refrain from demanding the removal of any such subject from the bargaining table on the basis that it is not a mandatory subject for collective bargaining.
- (4) The obligation to exhaust the mediation and fact finding procedure established pursuant to RCW 41.59-.120 before implementing all or any part of a final offer in negotiations, except as provided in RCW 41.59.930.

NEW SECTION

WAC 391-55-335 EDUCATIONAL EMPLOY-EES—FACT-FINDING IN THE ABSENCE OF A PARTY. The fact finder may proceed in the absence of any party who, after due notice, fails to be present or fails to obtain an adjournment. Fact finders shall treat any subject on which one party has taken a position that it is not a mandatory subject for bargaining in accordance with this rule. Findings of fact and recommendations shall not be made solely on the default of a party, and the fact finder shall require the participating party to submit such evidence as may be required for making of the findings of fact and recommendations.

NEW SECTION

WAC 391-55-345 EDUCATIONAL EMPLOY-EES—FINDINGS OF FACT AND RECOMMEN-DATIONS. The findings of fact and recommendations of the fact finder shall not be subject to review by the commission. Fact finders shall rule only on the reasonability of the proposals advanced in the context of the whole of the negotiations between the parties and shall not rule on whether or not a subject or proposal in dispute is a mandatory subject for collective bargaining.

NEW SECTION

WAC 391-95-130 UNION SECURITY—ES-CROW OF DISPUTED FUNDS BY EMPLOYER. Upon being served with a copy of a petition filed under WAC 391-95-070, the employer shall preserve the status quo by withholding and retaining the disputed dues for periods during the pendency of the proceedings before the commission. Said funds shall draw interest at the rate provided by commercial banks for regular passbook savings accounts. While the proceedings remain pending before the commission, the employer shall not honor or otherwise act upon any request for discharge or other action against the affected employee based on the employee's union security obligations. This provision shall be applicable to employees covered by chapter 41-.56 RCW only upon the employee submitting to the employer a signed authorization for the deduction.

NEW SECTION

WAC 391-95-310 IMPLEMENTATION. Where alternative payments in lieu of payments under a union security agreement have been agreed upon by the parties or ordered by the commission, the employer shall release any funds (together with accumulated interest) held in escrow under WAC 391-95-130 to the designated charitable organization and the employee shall thereafter make payments and shall furnish written proof to the exclusive bargaining representative that such payments have been made to the designated charitable organization. Where the employee is found ineligible to make alternative payments, the employer shall release any funds (together with accumulated interest) held in escrow to the exclusive bargaining representative and shall enforce the union security provision according to its terms. The employer and the exclusive bargaining representative shall allow the affected employee a grace period of not less than thirty days following the agreement or final order of the commission to correct any arrearages.

WSR 80-16-044 EMERGENCY RULES DEPARTMENT OF LICENSING

[Order 600-DOL-Filed November 4, 1980]

- I, R. Y. Woodhouse, director of Department of Licensing, do promulgate and adopt at Olympia, Washington, the annexed rules relating to the amendment of trade name registration requirement for corporations and limited partnerships within the scope of WAC 308-300-220.
- I, R. Y. Woodhouse, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is chapter 19.80 RCW exempts all limited partnerships and corporations from the trade name registration requirement. The current WAC rules for implementing the chapter include limited partnerships and corporations as persons required to register. The emergency rule would eliminate the conflict between the rules and the statute.

Such rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated pursuant to RCW 34.04.030 which directs that the Department of Licensing has authority to implement the provisions of chapter 19.80 RCW.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure

Act (chapter 34.04 RCW) or the Higher Education Administrative Procedure Act (chapter 28B.19 RCW), as appropriate, and the State Register Act (chapter 34.08 RCW).

APPROVED AND ADOPTED November 4, 1980.

WSR 80-16-045 PROPOSED RULES DEPARTMENT OF LICENSING

[Filed November 4, 1980]

Notice is hereby given in accordance with the provisions of RCW 34.04.025, that the Department of Licensing intends to adopt, amend, or repeal rules concerning the amendment of trade name registration requirement for corporations and limited partnerships within the scope of WAC 308-300-220;

that such agency will at 10:00 a.m., Thursday, December 18, 1980, in the 6th Floor Conference Room, Highways-Licenses Building, Olympia, Washington, conduct a hearing relative thereto;

and that the adoption, amendment, or repeal of such rules will take place at 10:00 a.m., Thursday, December 18, 1980, in the 6th Floor Conference Room, Highways-Licenses Building, Olympia, Washington.

The authority under which these rules are proposed is section 4, chapter 145, Laws of 1907 and section 1, chapter 22, Laws of 1979 1st ex. sess.

Interested persons may submit data, views, or arguments to this agency in writing to be received by this agency prior to December 18, 1980, and/or orally at 10:00 a.m., Thursday, December 18, 1980, 6th Floor Conference Room, Highways-Licenses Building, Olympia, Washington.

Dated: November 4, 1980 By: Jeffrey O. C. Lane Assistant Attorney General

STATEMENT OF PURPOSE

Name of Agency: Department of Licensing. General Purpose: The amendatory section shown below removes corporations and limited partnerships from the scope of WAC 308-300-200 through 308-300-290, the rules which implement the provisions of chapter 19.80 RCW, the trade name registration statute. Statutory authority for the amendatory section is found in section 4, chapter 145, Laws of 1907 and section 1, chapter 22, Laws of 1979 1st ex. sess.

Summary of Rule and Reasons for Proposed Action: Amendatory section, WAC 308–300–220, Definitions. The amendatory section removes all references to corporations and limited partnerships from the definitions of "True and real name" and "Person". This proposed change eliminates a conflict between the existing trade name statute, chapter 19.80 RCW, and the WAC rules previously adopted for the statute's implementation. The rules would specify only individuals and general partnerships as the types of business entities covered by the statute.

Responsible Department Personnel: In addition to the director, the following agency personnel have knowledge of and have responsibility for drafting, implementing and

enforcing these rules: Ken Mark, Asst. Director, Business License Center, Highways-Licenses Building, Olympia, WA, 234-1749 SCAN, 753-1749 Commercial and Peggy Ann O'Neall, Administrator, Highways-Licenses Building, Olympia, WA, 234-1749 SCAN, 753-9627 Commercial.

Agency Proposing Rule: Department of Licensing.

Agency comments: None.

Necessity For Rule: The amendatory section was not proposed as a result of federal or state court action. The amendatory section is necessary because chapter 19.80 RCW exempts all limited partnerships and corporations from the trade name registration requirement.

WSR 80-16-046 PROPOSED RULES CHIROPRACTIC DISCIPLINARY BOARD

[Filed November 4, 1980]

Notice is hereby given in accordance with the provisions of RCW 34.04.025, that the Chiropractic Disciplinary Board intends to adopt, amend, or repeal rules concerning Scope of practice—Revocation or suspension

of license authorized for practice outside scope, New WAC 113-12-200:

that such agency will at 9:00 a.m., Saturday, December 13, 1980, in the Vance Airport Inn, 18220 Pacific Highway South, Seattle, WA, conduct a hearing relative thereto;

and that the adoption, amendment, or repeal of such rules will take place at 9:00 a.m., Saturday, December 13, 1980, in the Vance Airport Inn, 18220 Pacific Highway South, Seattle, WA.

The authority under which these rules are proposed is RCW 18.26.110.

Interested persons may submit data, views, or arguments to this agency in writing to be received by this agency prior to December 13, 1980, and/or orally at 9:00 a.m., Saturday, December 13, 1980, Vance Airport Inn, 18220 Pacific Highway South, Seattle, WA.

Executive Secretary

STATEMENT OF PURPOSE

Title, Description of Purpose and Statutory Authority for Rule:

Title: WAC 113-12-200 Scope of practice—Revocation or suspension of license authorized for practice outside scope.

Description of purpose: This rule is proposed to clarify the scope of practice which is authorized under a chiropractic license. The board has taken the position in the past that certain diagnostic techniques and procedures and certain treatment modalities are outside the scope of chiropractic. This rule specifies which of those diagnostic techniques and procedures and treatment modalities are not authorized by a chiropractic license. The rule does not limit the board from finding that other techniques, procedures and modalities are outside the scope of practice if the board finds in a specific case that the technique, procedure or modality is not within the limits of RCW 18.25.005. The rule gives specific notice to those chiropractors who may be practicing outside the scope of chiropractic that such practice is cause for revocation or suspension of their licenses in accord with the legislative directive of RCW 18.26.010(5).

Statutory authority: RCW 18.26.110.

Summary Of Proposed Rule And Reasons Supporting Action.

Summary of rule: WAC 113-12-200 specifies a number of diagnostic techniques and procedures and treatment modalities which the board has determined are not within the definition of the practice of chiropractic as defined by RCW 18.25.005. The rule also contains a finding that it is necessary to carry out the provisions of chapter 18.26 RCW. The rule provides that practice outside the scope of chiropractic as defined by RCW

18.25.005 constitutes good and sufficient cause for the revocation of a license to practice chiropractic.

Reasons supporting action: This rule is necessary in order to alleviate the confusion which apparently surrounds the limits of the scope of practice of chiropractic in Washington. The rule will give more specific notice than that currently given under the statutory definition of RCW 18.25.005 as to what kinds of techniques, procedures and modalities are not authorized by a license to practice chiropractic in Washington.

The board finds that over the past few years the number of chiropractors who have been practicing outside the scope of chiropractic while holding themselves out as chiropractors has been increasing. This rule will more accurately specify for the profession those areas which are impermissible and which could lead to revocation or suspension of licenses.

Agency Personnel Responsible For Drafting, Implementing And Enforcing The Rule:

In addition to the Director and Deputy Director and the members of the Chiropractic Disciplinary Board, the following agency personnel have knowledge of and have responsibility for drafting, implementing and enforcing this rule: Cheryl Lux Duryea, Assistant Director, Business & Professions Administration, Sixth Floor, Highways-Licenses Building, Olympia, WA 98504, 234-1369 (SCAN), 753-1369 (COMM); Joan Baird, Administrator, Business & Professions Administration, Third Floor, Highways-Licenses Building, Olympia, WA (SCAN) 753-6974 98504, 234–6974 (COMM) and Maxine L. Nelson, Executive Secretary, Chiropractic Disciplinary Board, Third Floor, Highways-Licenses Building, Olympia, WA 98504, 234–3779 (SCAN) 753-3779 (COMM).

Name Of Person Or Organization Proposing Rule: This rule was proposed by the Chiropractic Disciplinary Board with input from its members and the chiropractic associations.

Agency Comments: The Chiropractic Disciplinary Board has found that over the past few years there have been an increasing number of persons licensed as chiropractors who have been practicing other healing arts while holding themselves out to the public as chiropractors. This is contrary to the legislative directive contained in RCW 18.26.010(5). This rule should reduce the incidents of such practice outside the scope of chiropractic.

This rule was not made necessary as a result of federal law or federal or state court action.

NEW SECTION

WAC 113-12-200 SCOPE OF PRACTICE—REVOCATION OR SUSPENSION OF LICENSE AUTHORIZED FOR PRACTICE OUTSIDE SCOPE. (1) The chiropractic disciplinary board finds that over the past few years there has been an increasing number of persons licensed as chiropractors who have been practicing other healing arts while holding themselves out to the public as chiropractors to the detriment of the public health and welfare of the state of Washington and contrary to the legislative directive contained in RCW 18.26.010(5). The board further finds and deems it necessary to carry out the provisions of chapter 18.26 RCW that this rule be adopted to give guidance to members of the profession, and the public, in interpreting the scope of health care which comes within the definition of chiropractic in RCW 18.25.005 and which is authorized under a license to practice chiropractic in the state of Washington.

(2) RCW 18.25.005 defines the term "chiropractic" for purposes of chapters 18.25 and 18.26 RCW, as that practice of health care which deals with the detection of subluxations, which shall be defined as any alteration of the biomechanical and physiological dynamics of contiguous spinal structures which can cause neuronal disturbances, the chiropractic procedure preparatory to, and complimentary to the correction thereof, by adjustment or manipulation of the articulations of the vertebral column and its immediate articulation for the restoration and maintenance of health; it includes the normal regimen and rehabilitation of the patient, physical examination to determine the necessity for chiropractic care, the use of X-ray and other analytical instruments generally used in the practice of chiropractic: PROVID-ED, That no chiropractor shall prescribe or dispense any medicine or drug nor practice obstetrics or surgery nor use X-rays for therapeutic purposes: PROVIDED, HOWEVER, That the term "chiropractic" as defined in this act shall not prohibit a practitioner licensed under chapter 18.71 RCW from performing accepted medical procedures, except such procedures shall not include the adjustment by hand of any articulation of the spine: AND PROVIDED FURTHER, That nothing herein shall be construed to prohibit the rendering of dietary

(3) The board finds that the following diagnostic techniques and procedures are not within the definition of "chiropractic" as specified in (2) above and in RCW 18.25.005, and, consequently, a license to practice chiropractic does not authorize their use:

(a) The use of X-rays or other forms of radiation for any other reason than to locate spinal misalignments (for example, the taking of an upper and lower gastrointestinal series of X-rays).

(b) Electrocardiograms.

(c) "Reams" testing.

(d) The use of a vasculizer or plethysonograph (plethysmography).

(e) Iridology.

(f) The obtaining and analysis of blood or urine sample or the reference of a patient to an outside laboratory to have this done. The above list is not to be considered exhaustive or to limit the board in any way from finding under the statutory definition in RCW 18.25.005 that any other diagnostic technique or procedure is outside the scope of chiropractic practice.

(4) The board finds that the following treatment modalities are not within the definition of "chiropractic" as specified in (2) above and in RCW 18.25.005 and, consequently, a license to practice chiropractic does not authorize their use:

(a) Any treatment therapy used as a separate therapy (i.e., not in conjunction with an adjustment), such as ultrasound, diathermy, traction, high voltage galvanic therapy, hydrotherapy, spinolator, X-rays or other radiation, or vitamin therapy.

(b) Colonic irrigation.

(c) Foot levelers and lifts.

(d) Supportive belting or strapping.

(e) Extremity adjusting.

(f) Electrotherapy.

(g) TENS.

(h) Acupressure or the use of acuaids.

(i) The prescribing or selling of specific food supplements.

- (j) The treatment, in whatever form, of any condition or disease other than a subluxation.
 - (k) The use of a transcutaneous electrical nerve stimulator.
 - (1) The use of hypnosis in any form.
 - (m) The use of clinical herbology.
 - (n) Applied kinesiology (touch for health).

The above list is not to be considered exhaustive or to limit the board in any way from finding under the statutory definition in RCW 18.25-.005 that any other treatment modalities are outside the scope of chi-

ropractic practice.

(5) In accord with the legislative directive of RCW 18.26.010(5), the use by a chiropractor of diagnostic techniques or procedures or treatment modalities which are outside the definition of chiropractic in RCW 18.25.005, whether or not listed in this rule, or the use by a chiropractor of any of the diagnostic techniques and procedures listed in (3) above or the use by a chiropractor of any of the treatment modalities listed in (4) above shall constitute good and sufficient cause for revocation or suspension of that chiropractor's license to practice chiropractic in Washington.

OFFICES AND OFFICERS—COUNTY—AUDITOR—PLATS AND SUBDIVISIONS—LAND SURVEYS—PROCESSING AND RECORDING OF LAND SURVEYS

- (1) A county auditor is legally authorized to reject records of survey which do not meet the requirements set forth in chapter 332-130 WAC, chapter 58.09 RCW and chapter 58.17 RCW.
- (2) A county auditor is required by RCW 58.17.190—prior to approval by the appropriate local legislative body—to refuse to accept for recordation any maps or representations which in fact constitute a "plat" of a "subdivision" required to be filed under chapter 58.17 RCW, and which otherwise contain a survey of such a subdivision.
- (3) The duties imposed by RCW 58.17.160 on a county engineer involve the performance of the governmental function of approval of data to enable the appropriate legislative body to pass on a proffered plat or replat—and not the conduct of such survey activities as are involved in the platting; accordingly, in carrying out such review functions and granting approval, the county engineer is not engaging in the practice of land surveying.

GR 7

LOCAL RULES — FILING REQUIRED

- (a) Generally. Rules of court authorized by law to be adopted or amended by courts other than the Supreme Court must be filed with the state Administrator for the Courts in the quantities specified. Such rules and amendments become effective only after they are filed as required.
- (b) Form. All local rules shall be consistent with rules adopted by the Supreme Court, and shall conform in numbering system and in format to these rules to facilitate their use.
- (c) Distribution. The Administrator for the courts shall distribute all local rules, and amendments thereto, to the state law library, the libraries of the three divisions of the Court of Appeals, all county law libraries, Washington law school libraries, and to such other places as are deemed appropriate by the Administrator for the Courts.
- (d) Effect Upon Existing Local Rules. Local rules in effect as of January 1, 1981, may be amended only as provided in section (a). Local rules in effect as of January 1, 1981, whose validity did not formerly depend upon filing with the Administrator for the Courts are not invalidated by this rule, but they must be filed no later than June 1, 1981, to retain their validity beyond that date.

CR 83

LOCAL RULES OF SUPERIOR COURT

- (a) Adoption. Each superior court by action of a majority of the judges may from time to time make and amend local rules governing its practice not inconsistent with these rules.
- (b) Filing With the Administrator for the Courts. Local rules and amendments become effective only after they are filed with the state Administrator for the Courts in accordance with GR 7.

JuCR 1.4(c)

(c) Local Rules. The local rules of a juvenile court shall apply when not inconsistent with these rules and applicable statutes. Local rules for juvenile court proceedings must be adopted in accordance with GR 7.

JCrR 1.03

LOCAL COURT RULES — AVAILABILITY

Courts of limited jurisdiction may adopt in accordance with GR 7 such special rules not inconsistent with these general rules as they may deem necessary for their respective courts. The Court, upon the adoption of such rules, shall keep a copy of them readily available for inspection.

WSR 80-16-050 EMERGENCY RULES DEPARTMENT OF SOCIAL AND HEALTH SERVICES (Public Assistance)

[Order 1560—Filed November 5, 1980]

- I, N. Spencer Hammond, Ex. Asst. of the Department of Social and Health Services do promulgate and adopt at Olympia, Washington, the annexed rules relating to Standards for additional requirements under specified circumstances—Child care expenses for AFDC recipients in approved training plans, new section WAC 388–29–158.
- I, N. Spencer Hammond, find that an emergency exists and that the foregoing order is necessary for the preservation of the public health, safety, or general welfare and that observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to public interest. A statement of the facts constituting such emergency is this program will prevent a cutoff of child care funds to a number of AFDC recipients.

Such rules are therefore adopted as emergency rules to take effect upon filing with the code reviser.

This rule is promulgated under the general rule-making authority of the secretary of Department of Social and Health Services as authorized in RCW 74.08.090.

The undersigned hereby declares that he has complied with the provisions of the Open Public Meetings Act (chapter 42.30 RCW), the Administrative Procedure

Act (chapter 34.04 RCW) and the State Register Act (chapter 34.08 RCW).

APPROVED AND ADOPTED November 5, 1980.

By N. S. Hammond Executive Assistant

NEW SECTION

WAC 388-29-158 STANDARDS FOR ADDITIONAL REQUIREMENTS UNDER SPECIFIED CIRCUMSTANCES—CHILD CARE EXPENSES FOR AFDC RECIPIENTS IN APPROVED TRAINING PLANS. (1) Effective November 5, 1980 the expense of child care for AFDC recipients shall be authorized as an additional requirements when there is no one reasonably available to perform such services without cost. To be eligible for such child care payments an AFDC recipient must on November 5, 1980:

- (a) Be currently enrolled in, and,
- (b) Be currently participating in a training program, and.
- (c) Have his/her training program approved by the CSO prior to November 5, 1980, and,
- (d) Have his/her approved training program scheduled for completion within two years from the date of his/her initial participation in the approved program.
- (2) Approval of training plans shall be made in accordance with the provisions of WAC 388-57-028.
- (3) Training-related child care shall be limited to the standards and requirements in WAC 388-29-155(2) and (3) only.
- (4) Child care as an additional requirement shall not be authorized for AFDC recipients enrolled in a WIN or IRAP approved training program or any other training program for which the client is eligible to receive Title XX day care.

Dated: November 5, 1980 By: Trevor W. Thompson Director, Property Tax

STATEMENT OF PURPOSE

This Statement of Purpose, prepared in compliance with RCW 34.04.045, accompanies proposed rules to be promulgated by the Department of Revenue as follows:

Title: Tables for determination of stumpage values—New sections. WAC 458-40-18649 through 18654 and amendatory sections WAC 458-40-18600 and WAC 458-40-19000 through 19004.

Purpose: To establish the values for reporting and payment of the timber excise tax levied by RCW 84.33.071.

Statutory Authority: RCW 84.33.071, which directs the Department of Revenue to prepare tables of stumpage values before June 30 and December 31 of each year to be used for the six month periods thereafter.

Summary And Reasons For The Rule: The tables set out the value of stumpage for each species or subclassification of timber within designated areas having similar growing, harvesting and marketing conditions. These values are to be used for computing the timber excise tax due quarterly by timber harvesters upon timber harvested for sale or for commercial industrial use during the period January 1, 1981 through June 30, 1981.

AMENDATORY SECTION (Amending Emergency Order FT 80-1 and Permanent Order FT 80-2, filed 6/30/80, effective 6/30/80)

WAC 458-40-18600 GENERAL. Pursuant to the duty imposed by RCW 84.33.071 to prepare tables of stumpage values for each species of timber and consistent with the duty to make allowances for age, size, quality, costs of removal, accessibility to point of conversion, market conditions, and all other relevant factors, the department has promulgated rules and prepared tables which prescribe stumpage values and make allowances for the relevant factors.

WAC 458-40-18600, ((458-40-18643)) 458-40-18649 through ((458-40-18648)) 458-40-18654 and 458-40-19000 through 458-40-19004 are promulgated for the calendar period 1/1/81 through 6/30/81 pursuant to the rule-making requirements, and procedures prescribed or authorized by chapter 34.04 RCW.

NEW SECTION

WAC 458-40-18649 DEFINITIONS FOR 1/1/81 THROUGH 6/30/81. (1) Acceptable Log Scaling Rule. The acceptable log scaling rule shall be the Scribner Decimal C Log Scale Rule or other prevalent measuring practice, provided that such other prevalent measuring practice shall be an acceptable scaling procedure and provided that such procedure shall be submitted to the department for approval prior to the time of harvest.

(2) Approved Log Scaling and Grading Rules.

- (a) West of the Cascade Summit—Approved Scaling and Grading Rule. With respect to the reporting of timber harvested from private lands in areas west of the Cascade summit, which areas are designated as stumpage value areas 1, 2, 3, 4, 5, and 11 in the stumpage value area map of WAC 458-40-18650, the methods and procedures published by the Columbia River Log Scaling and Grading Bureau, Grays Harbor Log Scaling and Grading Bureau, and the Puget Sound Log Scaling and Grading Bureau and published as the "Official Log Scaling and Grading Rules" by the Puget Sound Log Scaling and Grading Bureau, Tacoma, Washington are approved by the department for use in those areas.
- (b) East of the Cascade Summit—Approved Scaling Rule. With respect to the reporting of timber harvested from private lands in areas east of the Cascade summit, which areas are designated as stumpage value areas 6, 7, 8, 9, and 10 in the stumpage value area map of WAC 458-40-18650, the methods and procedures published by the United States Forest Service under the title "National Forest Log Scaling Handbook" procedures are approved by the department for use in those areas. This log scaling handbook is published under the title FSH 2409-11 National Forest Log Scaling Handbook, Forest Service, United States Department of Agriculture.
- (c) East of the Cascade Summit—Established Grading Rule. Because the National Forest Log Scaling Handbook does not contain grading rules, a separate computation shall be made to arrive at the proper grade for purposes of determining the timber quality code number for timber harvested east of the Cascade summit. The grade for quality classification purposes of the timber harvested from private land east of the Cascade summit shall be determined by the number of sawable sixteen foot logs per thousand feet net Scribner Decimal C Log Scale. The computation shall be made under the following three-step procedure:

- (i) Step 1. The highest possible total number of sawable sixteen foot logs which could be recovered shall be determined by dividing the sum total of length of all sawable logs harvested by the number sixteen.
- (ii) Step 2. The average net volume per sixteen foot recoverable log shall be determined by dividing the total volume harvested (net log scale) by the total number of sixteen foot logs as determined in Step 1.
- (iii) Step 3. The total number of logs per thousand board feet (MBF) shall be determined by dividing one thousand by the average net volume as determined in Step 2.
- (3) Codominant Trees. Trees whose crowns form the general level of the crown cover and receive full light from above, but comparatively little light from the sides.
- (4) Department. Department, for the purposes of this chapter, shall mean the department of revenue of the state of Washington.
- (5) Dominant Trees. Trees whose crowns are higher than the general level of the canopy and who receive full light from the sides as well as from above.
- (6) Forest Excise Tax Payment. Every person who is engaged in business as a harvester of timber from privately owned land shall pay a forest excise tax which shall be equal to the taxable stumpage value of timber harvested for sale or for commercial or industrial use and multiplied by the appropriate rate as provided in RCW 84.33.071.
- (7) Harvester. Harvester shall mean every person who from his own privately owned land or from privately owned land of another under a right or license granted by lease or contract, either directly or by contracting with others, takes timber for sale or for commercial or industrial use. It does not include persons performing under contract the necessary labor or mechanical services for a harvester.
- (8) Harvested Timber—When Determined. Timber shall be considered harvested at the time when in the ordinary course of business the quantity thereof by species is first definitely determined.
- (9) Harvest Type. Harvest type shall be a term referring to the grouping of harvested timber by age and type of harvest and shall include and is limited to the following harvest types:
- (a) Merchantable Sawtimber, All Ages—The removal of timber east of the Cascade summit shall be reported as "merchantable sawtimber, all ages", unless the harvest type comes within the definition in this chapter of "special forest products harvest".
- (b) Old Growth Final Harvest. The removal of any timber from a harvest unit that is 100 years of age or older and west of the Cascade summit shall be reported as "old growth final harvest" unless the harvest type comes within the definition in this chapter of "special forest products harvest".
- (c) Special Forest Products. The removal of Christmas trees (except as provided in RCW 84.33.170), shake blocks and boards, and posts and other western red cedar products shall be reported as "special forest products harvest".
- (d) Thinning. The removal of timber from a harvest unit meeting all the following conditions:
 - (i) Harvest unit located west of the Cascade summit;
 - (ii) Timber that is less than 100 years of age;
- (iii) The total merchantable volume which is removed is less than forty percent of the total merchantable volume of the harvest unit prior to harvest;
- (iv) Not more than forty percent of the total volume removed is from the dominant and codominant trees;
- (v) The trees removed in the harvest operation shall be distributed over the entire harvest unit.
- (e) Young Growth Final Harvest. The removal of any timber from a harvest unit that is less than 100 years of age and does not meet the definition of thinning in paragraph (d) above and west of the Cascade summit shall be reported as "young growth final harvest" unless the harvest type comes within the definition in this chapter of "special forest products harvest" or within the definition of "thinning harvest".
- (10) Harvest Unit. A harvest unit is a harvest area having the same forest excise tax permit number, stumpage value area, hauling distance zone, harvest type, harvest adjustments and harvester. A harvest unit may include more than one section.
- (11) MBF. As used herein MBF shall mean one thousand board feet measured in Scribner Decimal C Log Scale Rule.
- (12) Sawlog. Sawlog shall mean any log large enough to produce one-third of its gross volume in sound lumber or other products that can be sawed.
- (13) Small Harvest. A small harvest is defined as the total net volume harvested from all units, a selected unit, or a combination of units

- (including conifer special cull or utility and hardwood utility) is 250 thousand board feet or less in a given reporting quarter.
- (14) Species. Species designation is a biologically-based grouping of harvested timber and shall include but is not limited to the following designations of species and subclassifications thereof:
 - (a) West of the Cascade summit:
- (i) "Douglas fir", "western hemlock", "true fir", "western red cedar", "noble fir", "Sitka spruce", "Alaska cedar", "red alder", and "cottonwood" shall be reported as separate species where designated as such in the stumpage value tables of WAC 458-40-18653.
- (ii) In areas west of the Cascade summit, species designations for the harvest type "special forest products" shall be "western red cedar" (shake blocks and boards), western red cedar flatsawn and shingle blocks "western red cedar and other" (posts), "Douglas fir", "true fir and others", (Christmas trees).
 - (b) East of the Cascade summit:
- (i) "Ponderosa pine", "lodgepole pine", "white pine", "Douglas fir", "western hemlock", "true fir", "western red cedar", "western larch" and "Engelmann spruce" shall be reported as separate species where designated as such in the stumpage value tables of WAC 458-40-18653.
- (ii) In areas east of the Cascade summit, species designations for the harvest type "special forest products" shall be "western red cedar" (flatsawn and shingles), "western larch" (flatsawn and shingle blocks), "lodgepole pine and other" (posts), "pine" (Christmas trees), "Douglas fir and other" (Christmas trees).
 - (c) All areas
- (i) "Other conifer", as used in the stumpage value tables, shall be all other conifers not separately designated in the applicable stumpage value tables.
- (ii) "Hardwood", and "other hardwood", as used in the stumpage value tables, shall be all hardwoods not separately designated in the applicable stumpage value tables.
- (iii) "Utility", "conifer utility", and "hardwood utility" are separate species as defined by the "Official Log Scaling and Grading Rules" published by the Puget Sound Log Scaling and Grading Bureau and shall be reported as separate species where designated as such in the stumpage value tables.
- (15) Stumpage Value Area. A stumpage value area is an area with specified boundaries which contains timber having similar growing, harvesting, and marketing conditions. Presently, there are eleven such stumpage value areas designated in the state of Washington as shown under WAC 458-40-18650. Stumpage value areas 1, 2, 3, 4, 5, and 11 are located west of the Cascade summit and stumpage value areas 6, 7, 8, 9, and 10 are located east of the Cascade summit.
- (16) Stumpage Value of Timber. The stumpage value of timber shall be the appropriate value for each species of timber harvested, or for each species of "special forest product" reported, as set forth in the stumpage value tables under WAC 458-40-18653.
- (17) Timber. Timber shall include forest trees, standing or down, on privately owned land, and except as provided in RCW 84.33.170 includes Christmas trees, shake blocks and boards, posts and other western red cedar products.
- (18) Timber Quality Code Number. The timber quality code number is a number assigned to the harvest of a particular species within a harvest type under WAC 458-40-18652, and is based upon the constituent percentage of log grade specifications within the total volume of timber harvested for that particular species.

 NEW SECTION
- WAC 458-40-18650 STUMPAGE VALUE AREAS—MAP FOR 1/1/81 THROUGH 6/30/81. In order to allow for differences in market conditions and other relevant factors throughout the state as required by RCW 84.33.071(3) the department has created a map designating areas containing timber having similar growing, harvesting, and marketing conditions. The stumpage value area map shall be used for the determination of stumpage values.

The stumpage value area map shown herein shall be used to determine the proper stumpage value table to be used in calculating the taxable stumpage value under WAC 458-40-18653.

The following stumpage value area map is hereby adopted for use during the period of January 1, 1981 through June 30, 1981:

NEW SECTION

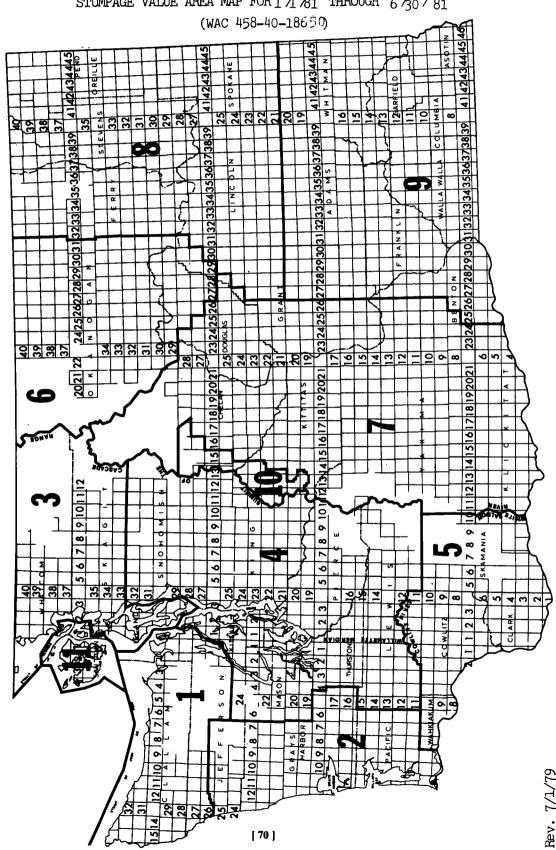

WAC 458-40-18651 HAULING DISTANCE ZONES—MAPS FOR 1/1/81 THROUGH 6/30/81. In order to allow for differences in hauling costs and other relevant factors as required by RCW 84.33-071, the department has designated zones within each stumpage value area which have similar accessibility to conversion points and other similar hauling cost factors.

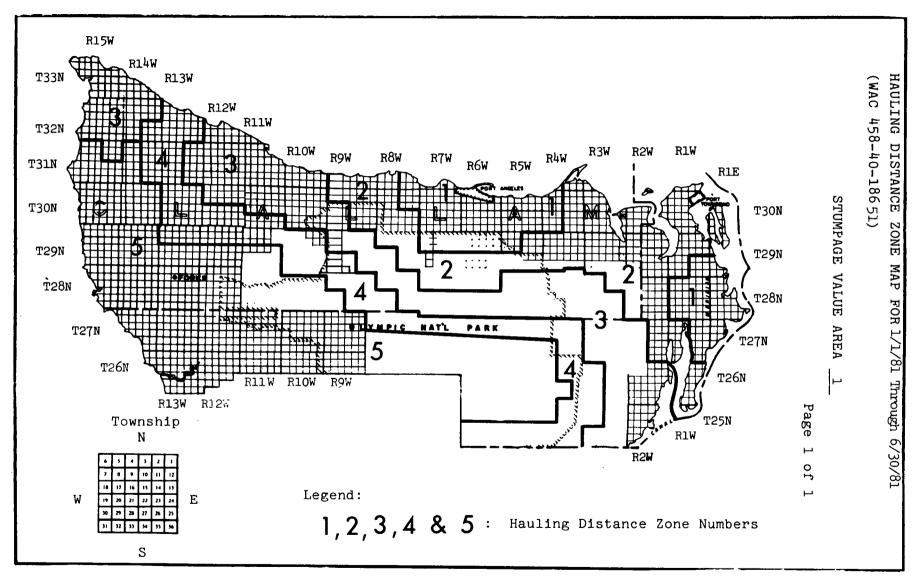

The hauling distance zone numbers on the following hauling distance zone maps establish the hauling distance zone numbers which are to be used in computing timber harvest value under the stumpage value tables of WAC 458-40-18653.

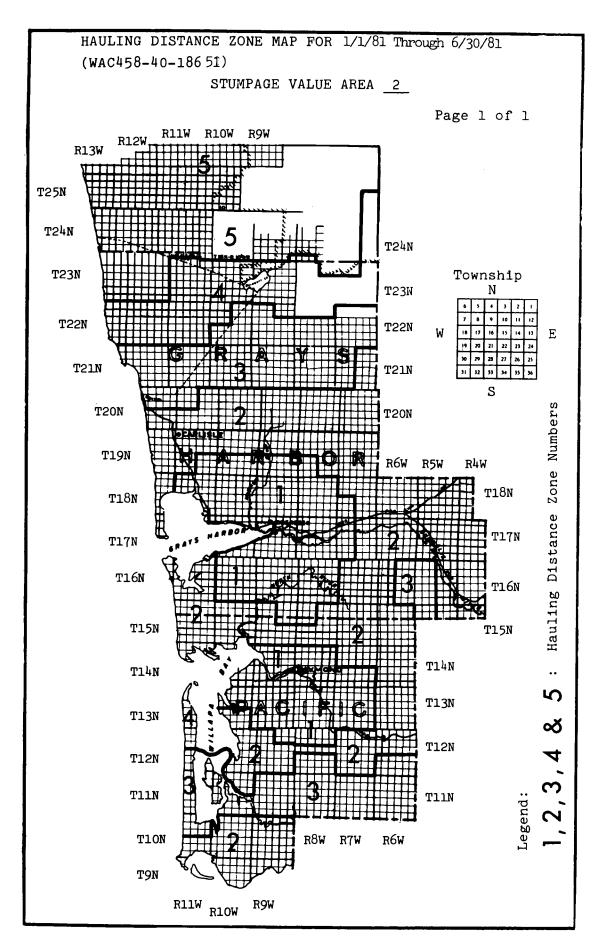

The following hauling distance zone maps designating zones established by the department as having similar hauling costs for transportation of forest products to the market, are hereby adopted for use during the period of January 1, 1981 through June 30, 1981:

WAC 458-40-18652 TIMBER QUALITY CODE NUMBERS—TABLES FOR 1/1/81 THROUGH 6/30/81. In order to allow for differences in age, size, quality of timber and other relevant factors as required by RCW 84.33.071(3), the department has assigned timber quality code numbers for harvests of the various designated harvest types and species.

Scaling and grading information derived from an acceptable log scaling and grading rule for the particular harvest type and species shall be used to determine the proper quality code number.

For each timber quality code number in the following tables, there is a corresponding timber quality code number for that particular harvest type and species in the stumpage value tables of WAC 458-40-18653 which is to be used in computing timber harvest value.

The following timber quality code tables are hereby adopted for use during the period of January 1, 1981 through June 30, 1981:

TABLE 1—TIMBER QUALITY CODE TABLE STUMPAGE VALUE AREAS 1, 2, 3, 4, 5, AND 11 (for 1/1/81 through 6/30/81) OLD GROWTH FINAL HARVEST (100 years of age or older)

Timber Quality Code Number	Species	Log Grade Specifications
	Douglas Fir	Over 40% Special Mill, No. 1 Sawmill & better log grade
	Western Red Cedar & Alaska Yellow Cedar	Over 20% Special Mill, No. 1 Sawmill, Peeler & better log grade
1	Noble Fir & Spruce	Over 35% No. 1 Sawmill, Peeler or Select & better log grade
	Western Hemlock, White Fir & Other Conifer	Over 25% Special Mill, No. 1 Sawmill & better log grade
	Hardwoods	All No. 4 Sawmill logs with a diameter of 8 inches inside bark and larger (at the scaling end) & better log grades
	Douglas Fir	15-40% inclusive Special Mill, No. 1 Sawmill & better log grade
	Western Red Cedar & Alaska Yellow Cedar	10-20% inclusive Special Mill, No. 1 Sawmill, Peeler & better log grade
2	Noble Fir & Spruce	15-35% inclusive No. 1 Sawmill, Peeler or Select & better log grade
	Western Hemlock, White Fir & Other Conifer	5-25% inclusive Special Mill, No. 1 Sawmill & better log grade
	Douglas Fir	Less than 15% Special Mill, No. 1 Saw- mill & better log grade
	Western Red Cedar & Alaska Yellow Cedar	Less than 10% Special Mill, No. 1 Sawmill, Peeler & better log grade
3	Noble Fir & Spruce	Less than 15% No. 1 Sawmill, Peeler or Select & better log grade
	Western Hemlock, White Fir & Other Conifer	Less than 5% Special Mill, No. 1 Sawmill & better log grade

¹For detailed descriptions and definitions of log scaling rules and procedures see the Official Log Scaling and Grading Rules revised January 1, 1980, published by the Puget Sound Log Scaling and Grading Bureau. These are also used by the Columbia River and Grays Harbor Scaling and Grading Bureaus. To determine timber quality code number for Western Washington, see the following example.

WESTERN WASHINGTON EXAMPLE: The following example is for determining the timber quality number code for timber harvested in stumpage value areas 1, 2, 3, 4, 5, and 11 in Western Washington. The following method can be used to determine the quality code number for species in "old growth final harvest", "young growth final harvest", and "thinning harvest" types.

The example shown below is for a harvest of 150 thousand board feet (150 MBF) of the species, Douglas Fir, and the harvest type, young growth final harvest, with the following volumes at the indicated grades:

Log Grade	Net Volume, Scribner Scale
Special Mill	20 MBF
No. 1 sawmill	20 MBF
No. 2 sawmill	45 MBF
No. 3 sawmill	35 MBF
No. 4 sawmill	30 MBF
TOTAL	150 MRF

To determine the proper quality code number, add the scale volumes for the grades as established by the approved grading rule. Divide this volume by the total volume harvested for the species. In this example, the Special Mill and the No. 1 and 2 sawmill logs account for 85 MBF of the 150 MBF Douglas Fir harvested. Divide as follows:

$$\frac{20 + 20 + 45}{150} \quad \text{or} \quad \frac{85}{150} = .567 \times 100 = 56.7\%$$

In this example, the Special Mill, No. 1 and 2 sawmill logs make up 56.7% of the Douglas Fir harvested. Since this is between 40 and 70% No. 2 sawmill and better, the entire Douglas Fir harvested would be reported as:

Species	Timber Quality Code Number	Net Volume Harvested		
Douglas Fir	2	150 MBF		
Douglas Fil	2	130 MDL

¹To determine timber quality code number in Stumpage Value Areas 6, 7, 8 and 9 for Eastern Washington, see the following example.

EASTERN WASHINGTON EXAMPLE: The following example is for determining the timber quality code for timber harvested in stumpage value areas 6, 7, 8 and 9 in Eastern Washington.

The example shown below is for a harvest of 150 thousand board feet (150 MBF) of the species, Ponderosa Pine, and harvest type merchantable sawtimber, all ages with a sum total log length of 19,200 feet.

Step 1. The highest possible number of sawable sixteen foot logs which could be recovered is determined by dividing the sum total length of all sawable logs harvested (i.e. 19,200) by 16. Answer: 1200 logs.

Step 2. The average net volume per sixteen foot recoverable log is determined by dividing the total volume harvested (150 MBF) by the number of sixteen foot logs (1200). Answer: 125.

Step 3. The total number of logs per thousand board feet is determined by dividing 1000 by the average net volume per sixteen foot recoverable log (125). Answer: 8 logs per 1 MBF.

Step 4. Because the timber quality code table lists 1 to 9 logs per 1 MBF for Ponderosa pine as timber quality code number 1, the harvest was at 8 logs per 1 MBF the entire Ponderosa pine harvest would be reported as:

Species	Timber Quality Code Number	Volume <u>Harvested</u>
Ponderosa Pine (PP)	1	150 MBF

TABLE 5—TIMBER QUALITY CODE TABLE STUMPAGE VALUE AREA 10 (for 1/1/81 through 6/30/81) MERCHANTABLE SAWTIMBER, ALL AGES

Timber Quality Code Number	Species	Log Grade Specifications
	Ponderosa Pine & Other Conifers	Less than 5 logs 16 feet long per MBF net log Scribner scale
1	Hardwoods	All logs graded as sawlogs
	Ponderosa Pine	5 to 9 logs inclusive 16 feet long per MBF net log Scribner scale
2	Other Conifer	5 to 12 logs inclusive 16 feet long per MBF net log scale
	Ponderosa Pine	More than 9 logs 16 feet long per MBF net log Scribner scale
3	Other Conifer	More than 12 logs 16 feet long per MBF net log Scribner scale
4	Utility	All logs graded as utility

¹To determine timber quality code number in Stumpage Value Area 10 in Eastern Washington, see the following example.

EASTERN WASHINGTON EXAMPLE: The following example is for determining the timber quality code for timber harvested in stumpage value area 10 in Eastern Washington.

The example shown below is for a harvest of 150 thousand board feet (150 MBF) of the species, Ponderosa Pine, and harvest type merchantable sawtimber, all ages with a sum total log length of 19,200 feet.

Step 1. The highest possible number of sawable sixteen foot logs which could be recovered is determined by dividing the sum total length of all sawable logs harvested (i.e. 19,200) by 16. Answer: 1200 logs.

Step 2. The average net volume per sixteen foot recoverable log is determined by dividing the total volume harvested (150 MBF) by the number of sixteen foot logs (1200). Answer: 125.

Step 3. The total number of logs per thousand board feet is determined by dividing 1000 by the average net volume per sixteen foot recoverable log (125). Answer: 8 logs per 1 MBF.

Step 4. Because the timber quality code table lists 5-9 logs per 1 MBF for Ponderosa pine as timber quality code number 2, the harvest was at 8 logs per 1 MBF the entire Ponderosa pine harvest would be reported as:

Species	Timber Quality Code Number	Volume <u>Harvested</u>
Ponderosa Pine (PP)	2	150 MBF

NEW SECTION

WAC 458-40-18653 STUMPAGE VALUES—TABLES FOR 1/1/81 THROUGH 6/30/81. As required by RCW 84.33.071 the department has prepared tables which assign stumpage value rates for the various harvest types, which rates vary depending upon the stumpage value area, species, timber quality code number and hauling distance zone involved. Where the timber harvested is used to produce harvest type "special forest products" the value tables of this section shall establish the values for such special forest products.

The following stumpage value and special forest product value tables are hereby adopted for use during the period of January 1, 1981 through June 30, 1981.

WAC 458-40-18654 **HARVESTER** ADJUSTMENTS-TABLES FOR 1/1/81 THROUGH 6/30/81. In order to make reasonable and adequate allowances for costs of removal and size of logging operation in computation of stumpage value rates as required by RCW 84.33.071(3), the department has prepared tables which allow for adjustments to the stumpage value rates derived from the stumpage value tables of WAC 458-40-18653.

Harvest adjustments relating to harvest volume per acre, logging conditions and average volume per log shall be allowed against the stumpage value rates for the designated harvest types and in the designated stumpage value areas as set forth in the following tables with the following limitations:

- No harvest adjustment shall be allowed against "special forest products".
- No harvest adjustment shall be allowed against "utility", "conifer utility", and "hardwood utility".
- Rates for the harvest type "old growth final harvest", shall be adjusted to a value no lower than \$10 per thousand board feet.
- Rates for the harvest type "young growth final harvest", conifers, shall be adjusted to a value no lower than \$5 per thousand board feet.
- Stumpage value rates for conifers within the harvest type "merchantable sawtimber, all ages", shall be adjusted to a value no lower than \$5 per thousand board feet.
- Stumpage value rates for "hardwood" and for "thinning harvest" shall be adjusted to a value no lower than \$1 per thousand board feet.

A small harvest adjustment table for use in all stumpage value areas is set forth below providing for adjustment of stumpage value rates if the total volume of timber harvested in a given quarter is within the volume classes provided therein.

Stumpage values of timber situated in areas impacted by Mt. St. Helens eruptions, slides, and floods have been reduced. In many affected areas logging costs will be increased because of consequences from the volcanic eruptions. In some areas timber has been damaged. In other areas the distances and routes over which logs must be hauled have been significantly altered and logging costs have been affected.

Timber harvesters planning to remove timber from the areas affected by the Mt. St. Helens eruptions may apply to the Department of Revenue for adjustment in stumpage value rates. Such applications should contain a map with the legal description of the area from which the timber will be removed, a description of the damage sustained by the timber, and a listing of additional costs incurred because of ash

Type of

fall, slides, floods or other Mt. St. Helens caused impacts. Such applications should be sent to the Department of Revenue, Forest Tax Division, General Administration Building, Olympia, Washington 98504, before the harvest commences.

In the event the extent of such timber damage or additional costs are not known at the time the application is filed, the harvester may supplement the application when the necessary information is obtained, but in no event later than 90 days following completion of the harvest unit.

Upon application from any person who plans to harvest timber affected by the Mt. St. Helens eruptions the department will make a determination as to the amount of adjustment to be allowed. The harvester will be notified by the department of the amount of the adjustment. This amount can then be taken as a credit against tax liabilities or if the harvester is no longer harvesting, a refund will be authorized.

The following harvest adjustment tables are hereby adopted for use during the period of January 1, 1981 through June 30, 1981:

AMENDATORY SECTION (Amending Emergency Order FT 80-1 and Permanent Order FT 80-2, filed 6/30/80, effective 6/30/80)

WAC 458-40-19004 CONVERSION DEFINITIONS AND FACTORS FOR THE CALENDAR PERIOD ((7/1/80)) 1/1/81 THROUGH ((12/31/80)) 6/30/81. (1) The following standard conversion definitions and factors shall be used in determining Scribner board foot volume scale for timber harvested that was not originally scaled in Scribner board foot volume scale:

Γable No. Conversion Method

1 Standard Cord

For logs on the average of 8 inches and larger on the small end of the log the conversion factor is 400 Scribner board feet per cord and for logs on the average of less than 8 inch on the small end of the log the conversion factor is 330 Scribner board feet per cord.

2 Shake Blocks and Boards

A cord consisting of Cedar shingle or shake blocks based on stacked dimensions of 4 feet by 4 feet by 8 feet is equivalent to 600 Scribner board feet.

- 3 Cants or Lumber from Portable Mills
 Payment for cants is generally based on the board foot volume
 (lumber tally) cut from them. Payment for lumber cut from a
 portable mill is also generally based on the lumber tally from the
 log. To convert from lumber tally to Scribner log volume, multiply the lumber tally for the individual species by 75% and round
 to the nearest one thousand board feet Scribner scale.
- 4 Log Length Conversion Western Washington Only (Stumpage Value Areas 1, 2, 3, 4, 5, and 11).
 Operations that cut and scale logs in short lengths (16 feet to 20 feet) shall adjust the volume downward to correspond to the long log scale basis used in the Stumpage Value Tables. To convert to long log scale, multiply the short log scale for each species by 82% and round to the nearest thousand board feet.
- 5 Log Length Conversion Eastern Washington Only (Stumpage Value Areas 6, 7, 8, 9 and 10).
 Operations that cut and scale logs in long lengths (32 feet to 40 feet) shall adjust the volume upward to correspond to the short log scale basis used in the Stumpage Value Tables. To convert to short log scale, multiply the long log scale for each species by 118% and round to the nearest thousand board feet.
- 6 Some standard converting factors and equivalents:
 - (a) 1 standard cord equals 128 cubic feet, gross
 - (b) 1 standard cord equals 85 cubic feet, solid wood
 - (c) I standard cord equals 2.4069 cubic meters of solid wood
 - (d) 1 cunit equals 100 cubic feet, log scale
 - (e) 1 meter equals 39.37 inches
 - (f) 1 cubic meter equals 35.315 cubic feet log scale
 - (g) 1 cunit equals 2.832 cubic meters, log scale
 - (h) 1 pound equals 0.454 kilograms
 - (i) 1 kilogram equals 2.2046 pounds
 - (j) 1 short ton equals 2000 pounds
 - (k) 1 short ton equals 907.18 kilograms
 - (1) 1 long ton equals 2240.0 pounds
 - (m) 1 long ton equals 1016.05 kilograms
 - (n) 1 metric ton (or tonne) equals 1000 kilograms or approximately 2204.62 pounds.
- (2) If the harvester chooses not to use the designated conversion definitions and/or factors, the harvester shall obtain approval of the procedure from the department before harvesting.

EXAMPLE: Weight or Cubic Measurement. If the original unit of measure was by weight (pounds or tons) or cubic feet (cunits or units), the harvester shall convert to Scribner Board Foot volume, but may use only such conversion procedures and factors as have been given prior approval by the department.

²Volumes are based on the Scribner Decimal C log rule in the U.S.F.S. Log Scaling Handbook. Poles over 16 feet long were segment scaled in accordance with the rules set forth in the U.S.F.S. Log Scaling Handbook, using the average top diameter by size and class and assuming a 1" in 10' taper.

WSR 80-16-052 PROPOSED RULES DEPARTMENT OF LABOR AND INDUSTRIES

(Board of Boiler Rules)

[Filed November 5, 1980]

Notice is hereby given in accordance with the provisions of RCW 34.04.025 and chapter 70.79 RCW, that the Board of Boiler Rules intends to adopt, amend, or repeal rules concerning the amending of WAC 296-104-200 concerning adoption of 1980 edition of the ASME Boiler and Pressure Vessel Code, and ANSI B31.3 piping code for oil and chemical plants and ANSI B31.1 for other non-nuclear construction;

that such agency will at 10:00 a.m., Tuesday, December 16, 1980, in the Conference Room 412, 300 West Harrison, Seattle, WA, conduct a hearing relative thereto;

and that the adoption, amendment, or repeal of such rules will take place at 10:00 a.m., Tuesday, December 16, 1980, in the Conference Room 412, 300 West Harrison, Seattle Washington.

The authority under which these rules are proposed is RCW 70.79.030.

Interested persons may submit data, views, or arguments to this agency in writing to be received by this agency prior to December 16, 1980, and/or orally at 10:00 a.m., Tuesday, December 16, 1980, Conference Room 412, 300 West Harrison, Seattle, Washington.

Dated: October 30, 1980

By: Taylor A. Anderson

Chairman, Board of Boiler Rules

STATEMENT OF PURPOSE

Title and WAC number of rule(s) or chapter: WAC 296-104-200

Statutory authority for the rule(s): RCW 70.79.030

Summary of the rule(s): Amending WAC 296-104-200, by adopting the 1980 edition of the ASME Code and ANSI B31.3 and ANSI B31.1.

Description of the purpose of the rule(s): Modernizing the code.

Reasons supporting the proposed rule(s): To be consistent with national standards.

The agency personnel, with office location and telephone number, who are responsible for the drafting, implementation and enforcement of the rule: Martin Forseth, Chief Boiler Inspector, 300 W. Harrison, Seattle, Washington, (206) 464-6854

Name of the person or organization, whether private, public, or governmental, that is proposing the rule: Martin Forseth, Chief Boiler Inspector

Agency comments or recommendations, if any, regarding statutory language, implementation, enforcement and fiscal matters pertaining to the rule: None The rule is not necessary to comply with a federal law or a federal or state court decision

Any other information that may be of assistance in identifying the rule or its purpose. None

AMENDATORY SECTION (Amending Order 80-7, filed 4/23/80)

WAC 296-104-200 INSPECTION OF SYSTEMS — STAND-ARD FOR NEW CONSTRUCTION. The standard for new construction shall be the ((1977)) 1980 edition of the ASME Boiler & Pressure Vessel Code and ANSI B31.3 for oil and chemical plants and ANSI B31.1 for other non-nuclear construction with all addenda made thereto prior to ((February)) December 1, 1980. The ((1977)) 1980 code as applicable may be used on and after the date of issue and becomes mandatory twelve months after adoption by the Board as defined in Paragraph (2) of RCW 70.79.050. The Board recognizes that the ASME code states that new editions of the code become mandatory on issue and that subsequent addenda become mandatory six months after the date of issue. Also, in circumstances such as nuclear systems the time period for addenda becoming mandatory is defined in the Code of Federal Regulations. Note: Editions of the ASME Code including semi-annual addenda will be adopted in accordance with the Administrative Procedures Act. Check with the Office of the Chief Boiler Inspector for the current code date.

Reviser's Note: RCW 34.04.058 requires the use of underlining and deletion marks to indicate amendments to existing rules. The rule published above varies from its predecessor in certain respects not indicated by the use of these markings.

WSR 80-16-053 PROPOSED RULES UTILITIES AND TRANSPORTATION COMMISSION

[Filed November 5, 1980]

Notice is hereby given in accordance with the provisions of RCW 34.04.025, that the Washington Utilities and Transportation Commission intends to adopt, amend, or repeal rules relating to the amendment of WAC 480-90-071 concerning discontinuance of service for natural gas customers and adoption of WAC 480-90-043 concerning recovery of expenditures by a natural gas utility for promotional or political advertising. The proposed rules are shown below as Appendix A, Cause No. U-80-97. Written and/or oral submissions may also contain data, views, and arguments concerning the effect of the proposals on economic values pursuant to chapter 43.21H RCW and WAC 480-08-050(17);

that such agency will at 9:30 a.m., Thursday, December 11, 1980, in the Commission's Hearing Room, Sixth Floor, Highways-Licenses Building, Olympia, Washington, conduct a hearing relative thereto;

and that the adoption, amendment, or repeal of such rules will take place at 8:00 a.m., Tuesday, December 23, 1980, in the Commission's Conference Room, Seventh Floor, Highways-Licenses Building, Olympia, Washington.

The authority under which these rules are proposed is RCW 80.01.040(4) and 80.04.160.

STATEMENT OF PURPOSE

The rules proposed by the Washington Utilities and Transportation Commission are to be promulgated pursuant to RCW 80.01.040 and 80.04.160, which direct that the Commission has authority to implement the provisions of Title 80 RCW.

The rules proposed by the Washington Utilities and Transportation Commission relate to the procedures to be followed by a natural gas utility regarding discontinuance of service and the recovery of expenditures by such a utility for promotional or political advertising. The proposed rules are consistent with the standards set forth in Title III of Public Law 95-617, the Public Utility Regulatory Policies Act of 1978 (PURPA) pertaining to gas utilities.

David Rees, Secretary, Seventh Floor, Highways-Licenses Building, Olympia, Washington (telephone number (206) 753-6512) and members of his staff were responsible for the drafting of the proposed rules and will be responsible for implementation and enforcement of the proposed rules.

The proponent of the rules is the Washington Utilities and Transportation Commission pursuant to Title III of Public Law 95-617, the Public Utility Regulatory Policies Act of 1978 (PURPA). There are no opponents of the rule who are known to the Commission.

There are no comments or recommendations by the Commission regarding statutory language, implementation, enforcement, and fiscal matters pertaining to the rule.

No federal or state court action is relied on as showing a necessity for the amendment of WAC 480-90-071 or the adoption of WAC 480-90-043 but federal law does require the consideration of the proposed rules: (92 stat. 3150, 3154; 15 U.S.C. 3201 et. seq.)

This certifies that copies of this statement are on file with the Commission, are available for public inspection, and that three copies of this statement are this date being forwarded to the Secretary of the Senate and three copies to the Chief Clerks of the House of Representatives.

NEW SECTION

WAC 480-90-043 ADVERTISING. (1) No electric utility may recover from any person other than the shareholders (or other owners) of such utility, any direct or indirect expenditure by such utility for promotional or political advertising.

- (2) As used in this rule:
- (a) The term "advertising" means the commercial use by a utility. of any media, including newspaper, printed matter, radio and television, in order to transmit a message to a substantial number of members of the public, or to such utility's customers.
- (b) The term "political advertising" means any advertising for the purpose of influencing public opinion with respect to legislative, administrative, or electoral matters, or with respect to any controversial issue of public importance.
- (c) The term "promotional advertising" means any advertising for the purpose of encouraging any person to select or use the service or additional service of a utility, or the selection or installation of any appliance or equipment designed to use such utility's service.
- (3) As used in this rule the terms "political advertising" and "promotional advertising" do not include:
- (a) Advertising which informs customers how they can conserve energy or can reduce peak demand for energy,
- (b) Advertising required by law or by regulation, including advertising under Part 1 of Title II, of the National Energy Conservation Policy Act.
- (c) Advertising regarding service interruptions, safety measures, or emergency conditions,
- (d) Advertising concerning employment opportunities with such utility,
- (e) Advertising which promotes the use of energy efficient appliances, equipment or services.
- (f) Any explanation of existing or proposed rate schedules, or notification of hearings thereon.

AMENDATORY SECTION (Amending Order 80-7, filed 4/23/80)

WAC 480-90-071 DISCONTINUANCE OF SERVICE. By customer - A customer shall be required to give notice to the utility of his intention to discontinue service.

By utility - (1) Service may be discontinued by the utility for any of the following reasons:

- (a) For the nonpayment of bills. The utility shall require that bills for service be paid within a specified time after issuance. The minimum specified time shall be 15 days. Upon the expiration of said specified time without payment, the bill may be considered delinquent.
- (b) For the use of gas for purposes or properties other than that specified in the application.
- (c) Under flat rate service, for increased use of gas without approval of the utility.
- (d) For wilful waste of gas through improper or imperfect pipes, fixtures, or otherwise.
- (e) For failure of the customer to eliminate any hazardous condition found to exist in his facilities (i.e., piping, venting, appliances, etc.).
 (f) For tampering with the utility's property.

 - (g) In case of vacation of the premises by customer.
- (h) For nonpayment of any proper charges, including deposit, as provided in the tariff of the utility.
- (i) For refusal to comply with provisions of WAC 480-90-091, Access to Premises.
 - (j) For violation of Rules, Service Agreements, or filed tariff(s).
- (k) For use of equipment which adversely affects the utility's service to its other customers.
- (1) For fraudulent obtaining or use of service. Whenever a fraudulent obtaining or use of the service is detected the utility may discontinue service without notice((;)): PROVIDED, HOWEVER, That if the customer shall make immediate payment for such estimated amount of service as had been fraudulently taken and all costs resulting from such fraudulent use, the utility shall continue such service, subject to any applicable deposit requirements. If a second offense as to fraudulent obtaining or use is detected the utility may refuse to reestablish service subject to appeal to the commission. The burden of proof of such fraudulent obtaining or use will be upon the utility in case of an appeal to the commission. This rule shall not be interpreted as relieving the customer or other person of civil or criminal responsibility.
- (2) Except in case of danger to life or property, fraudulent use, impairment of service, or violation of law, no utility shall discontinue service unless the following conditions are met:
- (a) Before effecting disconnection of service, a utility shall make a good faith, bona fide effort to reach the customer in person or by telephone to advise the customer of the pending disconnection and the reasons therefor. Where telephone contact is elected, at least two attempts to reach a customer by telephone shall be made during the

utility's regular business hours. If a business or message telephone number is provided by the customer, the utility shall endeavor by that means to reach the customer if unable to make contact through the customer's home telephone. A log or record of the attempts shall be maintained by the utility showing the telephone number called and the time of call. Telephone or personal contact shall not be a substitute for written notice of disconnection as specified below.

(b) Each utility shall provide written notice of disconnection served on the customer either by mail or, at its option, by personal delivery of the notice to the customer's address. If a mailed notice is elected, service shall not be disconnected prior to the eighth business day following mailing of the notice. If personal delivery is elected, disconnection shall not be permitted prior to 5 p.m. of the first business day following delivery. Delivered notice shall be deemed effective if handed to a person of apparent competence in the residence or, if a business account, a person employed at the place of business of the service customer. If no person is available to receive notice, notice shall be deemed served if attached to the primary door of the residence unit or business office at which service is provided. If service is not discontinued within 10 working days of the first day on which disconnection may be effected, unless other mutually acceptable arrangements have been made, that disconnect notice shall become void and a new notice shall be required before the service can be discontinued.

Where the service address is different from the billing address, the utility shall in all instances prior to effecting discontinuance of service upon its own initiative provide notice to the service address. If personal service is effected upon the billing address, then personal service must be effected upon the service address; if service by mail is effected to the billing address, then service by mail must also be effected to the service address.

Where a customer of record orders termination of service at a service address, and the utility through its representative discovers that the actual service user at the service address has no prior notice of such termination, the utility shall delay termination for at least one complete business day following provision of actual notice.

All notices of delinquency or pending disconnection shall detail procedures pertinent to the situation and provide notice of means by which the customer can make contact with the utility to resolve any differences or avail himself of rights and remedies as set forth in WAC 480-90-096 (complaints and disputes) herein.

(c) Except in case of danger to life or property, no disconnection shall be accomplished on Saturdays, Sundays, legal holidays, or on any other day on which the utility cannot reestablish service on the same or following day.

following day.

- (d) When a utility employee is dispatched to disconnect service, that person shall be required to accept payment of a delinquent account at the service address if tendered in cash, but shall not be required to dispense change for cash tendered in excess of the amount due and owing. Any excess payment shall be credited to the customer's account. The utility shall be permitted to assess a reasonable fee as provided for in the tariff of the utility for the disconnection visit to the service address. Notice of the amount of such fee, if any, shall be provided within the notice of disconnection.
- (e) Where service is provided through a master meter, or where the utility has reasonable grounds to believe service is to other than the customer of record, the utility shall undertake all reasonable efforts to inform occupants of the service address of the impending disconnection. Upon request of one or more service users, where service is to other than the subscriber of record, a minimum period of five days shall be allowed to permit the service users to arrange for continued service.
- (f) Where service is provided to a hospital, medical clinic with resident patients, or nursing home, notice of pending disconnection shall be provided to the director, Washington State Department of Social and Health Services, as well as to the customer. Upon request from the director or his designee, a delay in disconnection of no less than 5 business days from the date of notice shall be allowed so that the department may take whatever steps are necessary in its view to protect the interests of patients resident therein who are responsibilities of the department.
- (g) Service may not be disconnected while a customer is pursuing any remedy or appeal provided for by these rules, provided any amounts not in dispute are paid when due. The customer shall be so informed by the utility upon referral of a complaint to a utility supervisor or the commission.

(h) The utility shall postpone termination of utility service to a residential customer for thirty days from the date of a certificate by a licensed physician which states that termination of electric service will aggravate an existing medical condition or create a medical emergency for the customer, a member of the customer's family, or other permanent resident of the premises where service is rendered.

This certificate of medical emergency must be in writing and show clearly the name of the person whose medical emergency would be adversely affected by termination, the nature of the medical emergency, and the name, title, and signature of the person certifying the medical

emergency.

- (i) Any customer may designate a third party to receive notice of termination or other matters affecting the provision of service. The utility shall offer all customers the opportunity to make such designation. Where the utility discovers that a customer appears to be unable to comprehend the impact of a termination of service, it shall consider an appropriate social agency to be third party. In either case, it shall not effect termination until five business days after provision of notice to the third party. Utilities shall discover which social agencies are appropriate for and willing to receive such notice, and the name and/or title of the person able to deal with the termination situation, and shall inform the commission on a current basis which agencies or position titles receive such notifications.
- (3) Payment of any delinquent amounts to a designated payment agency of the utility shall constitute payment to the utility, if the customer informs the utility of such payment and the utility verifies such payment.
- (4) Service shall be restored when the causes of discontinuance have been removed and when payment of all proper charges due from the customer, including any proper deposit, has been made as provided for in the tariff of the utility; or as the commission may order pending resolution of any bona fide dispute between the utility and customer over the propriety of disconnection.
- (5) A utility may make a charge for restoring service when service has been discontinued for nonpayment of bills. The amount of such charge is to be specified in the utility's tariff.

WSR 80-16-054 PROPOSED RULES UTILITIES AND TRANSPORTATION COMMISSION

[Filed November 3, 1980]

Notice is hereby given in accordance with the provisions of RCW 34.04.025, that the Washington Utilities and Transportation Commission, intends to adopt, amend, or repeal rules relating to the amendment of WAC 480-12-250 concerning classification of common and contract carriers for purposes of accounting and reporting. The proposed rule as amended, and shown below, as Appendix A, Cause No. TV-1404. Written and/or oral submissions may also contain data, views, and arguments concerning the effect of the proposal on economic values pursuant to chapter 43.21A RCW and WAC 480-08-050(17);

and that the adoption, amendment, or repeal of such rules will take place at 8:00 a.m., Wednesday, December 10, 1980, in the Commission's Conference Room, Seventh Floor, Highways-Licenses Building, Olympia, Washington.

The authority under which these rules are proposed is RCW 81.01.040 [RCW 81.80.040] and 81.80.290.

Interested persons may submit data, views, or arguments to this agency in writing to be received by this agency prior to December 5, 1980, and /or orally at 8:00 a.m., Wednesday, December 10, 1980, Commission's

Conference Room, Seventh Floor, Highways-Licenses Building, Olympia, Washington.

Dated: November 5, 1980 By: David Rees

Secretary

STATEMENT OF PURPOSE

The amendment of WAC 480-12-250 is proposed on this date as a permanent rule of the Washington Utilities and Transportation Commission.

WAC 480-12-250 as amended, will conform as to Class I and II common and contract carriers with the Interstate Commerce Commission classification for purposes of accounting and reporting. The Class III carrier classification is being revised to accommodate those common and contract carriers who file annual reports with the Washington Utilities and Transportation Commission as well as the Interstate Commerce commission.

David Rees, Secretary, Seventh Floor, Highways-Licenses Building, Olympia, Washington (telephone number (206) 753-6512) and members of his staff were responsible for the drafting of the amended rule and are responsible for implementation and enforcement of the amended rule.

The proponent of the rule is the Washington Utilities and Transportation Commission. There are no opponents of the rule who are known to the Commission.

There are no comments or recommendations by the Commission regarding statutory language, implementation, enforcement, and fiscal matters pertaining to the rule.

No federal law or federal or state court action is relied on as showing a necessity for the amendment of 480-12-250.

This certifies that copies of this statement are on file with the Commission, are available for public inspection, and that three copies of this statement are this date being forwarded to the Secretary of the Senate and three copies to the Chief Clerks of the House of Representatives.

AMENDATORY SECTION (Amending Order R-49, filed 9/12/73)

WAC 480-12-250 ACCOUNTS—UNIFORM SYSTEM ADOPTED—REPORTS. (1) The "Uniform System of Accounts" adopted by the Interstate Commerce Commission is hereby prescribed for the use of Class I and II Common and Contract Carriers in the State of Washington operating under chapter 81.80 RCW. A "Uniform System of Accounts" is hereby prescribed for the use of Class III and IV Common and Contract Carriers in the state of Washington.

(2) Classification of carriers:

(a) For purposes of the accounting and reporting regulations, common and contract carriers of property shall be divided into the following four classes:

Class I - Carriers having average annual gross operating

revenues (including interstate and intrastate) of ((\$3,000,000)) \$5,000,000 or more from operations as motor carriers of property.

Class II - Carriers having average annual gross operating revenues (including interstate and intrastate) of ((\$500,000)) \$1,000,000 but less than ((\$3,000,000)) \$5,000,000 from operations as motor carriers of property.

Class III - Carriers having average annual gross operating revenues (including interstate and intrastate) of \$100,000 but less than ((\$500,000)) \$1,000,000 from operations as motor carriers of property.

Class IV - Carriers having average annual gross operating revenues (including interstate and intrastate) of less than \$100,000 from operations as motor carriers of property.

(b) The class to which any carrier belongs shall be determined by the average of its annual gross operating revenues derived from motor carrier operations as a carrier of property for the past three calendar years.

(c) Any carrier may, at its option, adopt the methods of a group higher than the one in which it falls on the basis of its average annual gross operating revenues. Notice of such action shall be promptly filed with the Commission.

(3) Each Class III and Class IV Common or Contract Carrier must secure from the Commission a copy of "Uniform System of Accounts" applicable to its business and keep its accounts and other records in conformity therewith to the end that its records may be kept and the annual report required to be filed by it may be compiled in accordance therewith.

(4) For purposes of rendering annual reports, Common and Contract Carriers shall secure from the Commission the proper forms and make and file with the Commission annual report as soon after the close of the calendar year as possible, but in no event later than April 1st of the succeeding year.

(5) All Class I and Class II Common and Contract Carriers in the State of Washington shall file, in addition to the annual report referred to herein, quarterly reports on forms which they shall secure from the Commission for that purpose. Each such report shall be submitted to the Commission within 30 days after the close of the period which it covers.

(6) Registered carriers operating exclusively in interstate or foreign commerce shall not be required to file annual or quarterly reports.

(7) Annual reports filed by carriers holding Garbage and/or Refuse Collection Certificates and Common and/or Contract Carrier Permits comply with reporting requirements provided in WAC 480-70-

Executive Director

STATEMENT OF PURPOSE

In accordance with the requirements of chapter 34.04 RCW, the Washington State Commission for Vocational Education submits the following general description of the purpose and implementation of the proposed amendments to WAC 490-28A-013:

Title: chapter 490-28A-013 WAC, Minimum Standards of State Agency Personnel Authority: RCW 28C.04.060

Purpose: The purpose of this proposed amendment is to bring the WAC into conformance with the current class specification as approved by the State Personnel Board. This is a housekeeping amendment to refer back to the appropriate current class specification under the jurisdiction of the State Department of Personnel.

Summary and Reasons Supporting Proposed Action: A recent rewrite and adoption by the Personnel Board of the classes of Vocational Education Administrator, Vocational Education Program Director, and Vocational Education Program Specialist resulted in the WAC 490–28A–013 being out-of-date. The proposed amendment will refer to the appropriate current class specification rather than having to amend the WAC each time a specification is rewritten.

Agency and Personnel Responsible: Marvel Rice, Personnel Officer, Commission for Vocational Education, Mail Stop LS-10, Olympia, Phone: 753-5660 (SCAN 234-5660).

Action Proposed By: Commission for Vocational Education and Office of the State Superintendent of Public Instruction.

AMENDATORY SECTION (Amending Order 79-1, filed 1/16/79)

WAC 490-28A-013 MINIMUM STANDARDS OF STATE AGENCY PERSONNEL. ((Minimum Standards for State Agency Administrators (state vocational education program administrators; state vocational education program directors, vocational education

program specialists and vocational education teacher educators). In accordance with federal (Public Law 88-352) and state (chapter 49:60 RCW) laws, Presidential Executive Orders the Governor's Executive Orders, the rules and regulations of the State Personnel Merit Systems, the agencies and the commission shall employ their staff without discriminatory practices because of political or religious opinions or affiliations, or race, sex, or age:

(1) Teaching experience. Must have taught vocational education for at least three years. Those state agency vocational education program specialists who have direct supervision and/or responsibility for vocational curriculum matters shall have had three years of recent vocational teaching experience within the area of specialty.

(2) Administration or supervision experience. Must have had at least three years experience in supervision, direction or management of personnel in vocational education.

(3) Education. At least 300 clock hours or 30 quarter credit hours in courses related to the responsibilities or documented evidence of significant accomplishments in the area of responsibilities.))

(1) State Agency personnel must meet the qualifications for the class in which they are employed (vocational education administrator, vocational education program director, vocational education program specialist) as required by the State Personnel Board in the appropriate current class specification. Staff are employed in accordance with State Personnel Merit System rules without discrimination because of race, color, creed, national origin, sex, age, handicap or veterans' status.

(2) State vocational teacher educators, as a minimum, must meet the same requirements as a vocational education program specialist.

Reviser's Note: The typographical errors in the above section occurred in the copy filed by the agency and appear herein pursuant to the requirements of RCW 34.08.040.

NEW SECTION

WAC 391-08-230 SUMMARY JUDGMENT. A summary judgment may be issued if the pleadings and admissions on file, together with affidavits, if any, show that there is no genuine issue as to any material fact and that one of the parties is entitled to a judgment as a matter of law. Motions for summary judgment made in advance of a hearing shall be filed with the agency and served on all other parties to the proceeding.

NEW SECTION

WAC 391-25-110 SUPPORTING EVIDENCE. The original petition shall be accompanied by a showing of interest indicating that the petitioner has the support of not less than thirty percent of the employees in the bargaining unit which the petitioner claims to be appropriate. The showing of interest must be timely filed under the same standards applicable to the petition, and must consist of individual authorization cards or letters signed and dated by employees in the bargaining unit claimed appropriate during the ninety day period preceding the filing of such evidence with the agency.

NEW SECTION

WAC 391-25-190 INTERVENTION—BY ORGANIZATION OTHER THAN INCUMBENT. An organization not covered by WAC 391-25-170 may, by motion, intervene in proceedings under this chapter and, upon granting of its motion for intervention, shall be entitled to participate in the proceedings and have its name listed as a choice on the ballot in any election. The motion for intervention shall be supported by a showing of interest indicating that the intervenor has

the support of not less than ten percent of the employees in the bargaining unit which the petitioner claims to be appropriate or of not less than thirty percent of the employees in whatever different bargaining unit the intervenor claims to be appropriate. The showing of interest must consist of individual authorization cards or letters signed and dated by employees in the bargaining unit claimed appropriate during the ninety-day period preceding the filing of such evidence with the agency. The showing of interest shall be made confidentially to the agency at or before the time the motion for intervention is made: PROVIDED. HOWEVER. That a motion for intervention may be granted conditionally subject to the subsequent furnishing of a showing of interest under such conditions as the agency may impose to avoid undue delay of the proceedings. No motion for intervention shall be considered if made after the close of the hearing on the petition or more than seven days after the filing and posting of an election agreement or cross-check agreement.

NEW SECTION

WAC 391-45-552 SPECIAL PROVISION—EDUCATIONAL EMPLOYEES. The obligation to bargain in good faith imposed upon an employer and the exclusive representative of its employees, respectively, by RCW 41.59.020(2) and 41.59.140 (1)(e) or (2)(c) includes:

- (1) The obligation to submit, as to each subject for bargaining advanced by the party, a written statement of the language proposed for incorporation in or deletion from the collective bargaining agreement between the parties, together with a written or oral explanation or justification of such proposals.
- (2) The obligation to submit, as to each subject for bargaining advanced by the other party, at least one written response thereto, together with a written or oral explanation of such response: PROVIDED, HOWEVER, That a party which asserts in a written response that a subject for bargaining advanced by the other party is not a mandatory subject for collective bargaining may thereafter refuse to make further proposals as to such subject or subjects for bargaining.
- (3) The obligation to receive proposals from the other party as to all subjects for bargaining in dispute between the parties and, until a legal impasse has been reached, to refrain from demanding the removal of any such subject from the bargaining table on the basis that it is not a mandatory subject for collective bargaining.
- (4) The obligation to exhaust the mediation and fact finding procedure established pursuant to RCW 41.59.120 before implementing all or any part of a final offer in negotiations, except as provided in RCW 41.59.930.

NEW SECTION

WAC 391-55-335 EDUCATIONAL EMPLOYEES—FACT—FINDING IN THE ABSENCE OF A PARTY. The fact finder may proceed in the absence of any party who, after due notice, fails to be present or fails to obtain an adjournment. Fact finders shall treat any subject on which one party has taken a position that it is not a mandatory subject for bargaining in accordance with this rule. Findings of fact and recommendations shall not be made solely on the default of a party, and the fact finder shall require the participating party to submit such evidence as may be required for making of the findings of fact and recommendations.

NEW SECTION

WAC 391-55-345 EDUCATIONAL EMPLOYEES—FIND-INGS OF FACT AND RECOMMENDATIONS. The findings of fact and recommendations of the fact finder shall not be subject to review by the commission. Fact finders shall rule only on the reasonability of the proposals advanced in the context of the whole of the negotiations between the parties and shall not rule on whether or not a subject or proposal in dispute is a mandatory subject for collective bargaining.

NEW SECTION

WAC 391-95-130 UNION SECURITY—ESCROW OF DISPUTED FUNDS BY EMPLOYER. Upon being served with a copy of a petition filed under WAC 391-95-070, the employer shall preserve the status quo by withholding and retaining the disputed dues for periods during the pendency of the proceedings before the commission. Said funds shall draw interest at the rate provided by commercial banks for regular passbook savings accounts. While the proceedings remain pending before the commission, the employer shall not honor or

otherwise act upon any request for discharge or other action against the affected employee based on the employee's union security obligations. This provision shall be applicable to employees covered by chapter 41.56 RCW only upon the employee submitting to the employer a signed authorization for the deduction.

NEW SECTION

WAC 391-95-310 IMPLEMENTATION. Where alternative payments in lieu of payments under a union security agreement have been agreed upon by the parties or ordered by the commission, the employer shall release any funds (together with accumulated interest) held in escrow under WAC 391-95-130 to the designated charitable organization and the employee shall thereafter make payments and shall furnish written proof to the exclusive bargaining representative that such payments have been made to the designated charitable organization. Where the employee is found ineligible to make alternative payments, the employer shall release any funds (together with accumulated interest) held in escrow to the exclusive bargaining representative and shall enforce the union security provision according to its terms. The employer and the exclusive bargaining representative shall allow the affected employee a grace period of not less than thirty days following the agreement or final order of the commission to correct any arrearages.

- (i) Port Orchard west of a line projected from Point Bolin to Battle Point and thence to University Point.

AMENDATORY SECTION (Amending Order 77-147, filed 12/16/77)

WAC 220-49-023 ((QUOTAS AND)) REPORTING. (1) ((It shall be unlawful to take, fish for or have in possession for commercial purposes herring, candlefish, anchovy, or pilchards in Areas 20A and 20B from September 1 through February 28 after a quota of 2,500 tons has been taken:

(2) It shall be unlawful to take, fish for or have in possession for commercial purposes herring, candlefish, anchovy or pilchards in Areas 21A and 21B from September 1 through February 29 after a quota of 2,500 tons has been taken.

(3)) It shall be unlawful for the original receiver of herring taken from Puget Sound Herring Fishing Areas 20A, 20B, 21A, and 21B during the period April 16 through May 31 to fail to report each calendar day's receipts by noon of the following day to the Washington Department of Fisheries, Olympia, Washington; telephone (206) 753-6637.

(((4))) (2) It shall be unlawful for original buyer of herring to process or resell such herring until after the herring have been landed at a shore station.

WSR 80-16-061 PROPOSED RULES GAMBLING COMMISSION

[Filed November 5, 1980]

Notice is hereby given in accordance with the provisions of RCW 34.04.025, that the Washington State Gambling Commission intends to adopt, amend, or repeal rules concerning the licensing and regulation of gambling activities, (copy of proposed rules is shown below, however, changes may be made at the public hearing);

that such agency will at 10 a.m., Friday, December 12, 1980, in the Council Chambers, Olympia City Hall, 8th and Plum, Olympia, Washington, conduct a hearing relative thereto;

and that the adoption, amendment, or repeal of such rules will take place at 10 a.m., Friday, December 12, 1980, in the Council Chambers, Olympia City Hall, 8th and Plum, Olympia, Washington.

The authority under which these rules are proposed is WAC 230-12-900 is promulgated pursuant to RCW 9.46.070(13) which directs that the Washington State Gambling Commission has authority to implement the provisions of chapter 9.46 RCW. WAC 230-60-010 and 230-60-020 are each promulgated pursuant to RCW 42.17.250 and are intended to administratively implement that statute.

Interested persons may submit data, views, or arguments to this agency in writing to be received by this agency prior to December 12, 1980, and/or orally at 10 a.m., Friday, December 12, 1980, Council Chambers, Olympia City Hall, 8th and Plum, Olympia, Washington.

Dated: November 5, 1980 By: Jeffrey O. C. Lane Assistant Attorney General

STATEMENT OF PURPOSE

Title, Description Of Purpose And Statutory Authority For Rule:

Title: New rule, WAC 230-12-900 Deputy director. Amendment to WAC 230-60-010 Definitions. Amendment to WAC 230-60-020 Operations and procedures.

Description of Purpose: WAC 230-12-900. The purpose of this new rule is to make clear that the deputy director has the authority to perform the same tasks and functions as the director has been given by the commission's rules, when permitted by the director, except as to certain specific decisions or functions. Amendment to WAC 230-60-010. The purpose of this amendment is simply to define the position of deputy director for the purposes of complying with the requirements of RCW 42.17.250. Amendment to WAC 230-60-020. The purpose of this rule is to include the deputy director's position in the description of the commission's staff organization for the purposes of complying with RCW 42.17.250.

Statutory Authority: Statutory authority for passage of the new rule, WAC 230-12-900, is RCW 9.46.070(13), and the statutory authority for amendments to WAC 230-60-010 and 230-60-020 is RCW 42.17.250.

Summary Of Proposed Rules And Reasons Supporting Action.

Summary of Rules: WAC 230-12-900. This new rule authorizes the deputy director of the commission staff to perform certain tasks and duties currently permitted to the staff director under the commission rules, except for the issuance of licenses, or the denial, suspension or revocation of licenses, and limited other decisions or functions. Amendment to WAC 230-60-010. This amendment inserts a definition of the deputy director position, simply stating that the position is the chief administrative person under the director who has the primary purpose of assisting the director in carrying out the director's functions. Amendment to WAC 230-60-020. This amendment inserts the deputy director into the description of the commission staff's organization.

Reasons Supporting Action: WAC 230-12-900. The commission recently created and filled the position of deputy director to assist the director in overseeing the commission staff. Many of the commission's rules have either directed, or granted authority to, the director alone to make certain decisions or perform certain functions or tasks, many of which the commission believes are appropriate for delegation to the new deputy director position. This rule permits that delegation. Amendment to WAC 230-60-010. This amendment is made so that the commission may more fully describe the staff's organization, which now includes a deputy director, to comply with RCW 42.17.250. Amendment to WAC 230-60-020. See Reasons Supporting Action above.

Agency Personnel Responsible For Drafting, Implementing And Enforcing The Rule: In addition to the Gambling Commissioners themselves, the following agency personnel have responsibility for drafting, implementing and enforcing these rules: Keith Kisor, Director, Capital Plaza Bldg., 1025 East Union, Olympia, WA 234-0865 SCAN 753-0865 Commercial; Elwin Hart, Dep. Dir., Capital Plaza Bldg., 1025 East Union, Olympia, WA 234-0865 SCAN 753-0865 Commercial; Ronald O. Bailey, Ass't Dir., Enforcement, Capital Plaza Bldg., 1025 East Union, Olympia, WA 234-1076 SCAN 753-1076 Commercial; and Charles Montgomery, Admin., Capital Plaza Bldg., 1025 East Union, Olympia, WA 234-0861 SCAN 753-0861 Commercial.

Proponents And Opponents: This rule is proposed by the staff of the Washington State Gambling Commission.

Agency Comments: The agency believes the proposed rules are self-explanatory and need no further comment.

This rule was not made necessary as a result of federal law or federal or state court action.

NEW SECTION

<u>WAC 230-12-900</u> DEPUTY DIRECTOR. The deputy director appointed by the director is hereby authorized to make any kind of decision or perform any kind of duty or function, which has by the commission rules been delegated to or required of the director, when authorized to do so by the director: <u>Provided</u>, That the deputy director shall not be empowered to:

- (1) issue temporary licenses pursuant to WAC 230-04-255;
- (2) approve the transfer of licenses pursuant to WAC 230-04-340 or 350.
- (3) approve shortening of the time period required by WAC 230-20-380(4);
- (4) summarily suspend a license pursuant to WAC 230-50-010(1) or WAC 230-50-012;
- (5) impose any penalty under WAC 230-50-010(4); but the deputy director or any other designee of the director may issue a summary of the charges or complaint against an applicant or licensee, pursuant to that subsection; or
 - (6) designate public records officers pursuant to WAC 230-60-030.

AMENDATORY SECTION (Amending Order 75, filed 9/16/77)

 $\frac{WAC}{RCW}$ 230-60-010 DEFINITIONS. (1) The definitions set forth in $\frac{RCW}{RCW}$ 42.17.020 shall apply to this chapter.

- (2) The "Washington state gambling commission" is the agency created pursuant to chapter 9.46 RCW, which shall hereinafter be referred to as the commission. Where appropriate, the term commission also refers to the staff and employees of the Washington state gambling commission.
- (3) "Director" means the director of the commission as appointed by the commission pursuant to RCW 9.46.080.
- (4) "Deputy Director" means the chief administrator appointed by the director to assist him in performing his duties for the commission.
- (5) "Raw data" means facts, symbols, or observations which have all of the following characteristics:
 - (a) They have not been processed, edited or interpreted.
 - (b) They are unevaluated and unorganized.
- (c) The fact, symbol, or observation does not, of itself, impart meaning to a potential user or fulfill a recognized need.
- (d) To be useable the fact, symbol, or observation must go through some transformation process.
- (((5))) (6) "Information" means raw data that are organized, evaluative and interpreted to impart meaning to potential users and fulfill a recognized need.
- ((((ó))) (7) "Listing (list)" means a series of items of any kind including names, words or numbers no matter what the arrangement or purpose. When applied to the release of commission record information it means the names of two or more individuals contained in:
 - Data processing magnetic tapes
- Data processing print-outs 1, 2, 3, or 4 part utility paper or copies of such print-outs
 - Data processing print-outs in the form of labels
 - Any form of writing.
- (((77))) (8) "Tabulation" means the systematic arrangement of facts, statistics, and similar information, except the names of individuals, in column or table format.
 - (((8))) (9) "Individual" means a natural person.
- (((9))) (10) "Commercial purpose" means the using of information obtained, or intending to use the information obtained, to contact, or in some way personally affect an individual identified on the list when the purpose of the contact would be to facilitate that person's (the requestor's) profit expecting business activity.

Reviser's Note: RCW 34.04.058 requires the use of underlining and deletion marks to indicate amendments to existing rules. The rule published above varies from its predecessor in certain respects not indicated by the use of these markings.

AMENDATORY SECTION (Amending Order 75, filed 9/16/77)

WAC 230-60-020 OPERATIONS AND PROCEDURES. The commission is a part-time commission of citizens created by RCW 9.46.040. Its members are appointed by the governor with the consent of the state senate. The commission implements many of the provisions of chapter 9.46 RCW by rule making. It meets on a regular basis not less than four times a year, together with such additional meetings as necessary to carry on its business. The commission staff is organized under a director, a deputy director and two assistant directors pursuant to RCW 9.46.080.

The director is the administrator for the commission in carrying out its powers and duties. The gambling director issues rules and regulations adopted by the commission governing authorized activities and supervises assigned commission employees. The director also furnishes the administrative services and staff that are necessary to carry out the purposes and provisions of the law. Matters pertaining to public relations, research, contracts, agreements and legal problems are directly under the director's authority.

STATEMENT OF PURPOSE

Title: chapter 173-400 WAC—General Regulations for Air Pollution Sources.

Description of purpose: To establish new requirements and procedures for control of air contaminant sources.

Statutory authority: RCW 70.94.331, 70-.94.510 and 70.94.785.

Summary of rule: The rule establishes emission standards, registration requirements, new source approval requirements, reporting and other procedural requirements.

Reasons supporting proposed action: The amendments revise portions of the new source review requirements in order to satisfy federal requirements.

Agency personnel responsible for:

Drafting: Michael Landon, Mailstop PV-11, Department of Ecology, Olympia, WA 98504, 753-4239.

Implementation: Henry Droege, Mailstop PV-11, Department of Ecology, Olympia, WA 98504, 753-2822.

Enforcement: Regional Offices of the Department of Ecology.

Person or organization proposing rule, and whether public, private, or governmental: Department of Ecology – state government. Agency comments or recommendations regarding statutory language, implementation, enforcement, fiscal matters: None.

Whether rule is necessary as a result of federal law or federal or state court action: (If so, attach copy of law or court decision.) Yes. 42 USC 7401. Copies available upon request; call Henry Droege, 753-2822.

AMENDATORY SECTION (Amending Order DE 80-14, filed 8/20/80)

WAC 173-400-110 NEW SOURCE REVIEW. (1) Whenever the construction, installation or establishment of a new stationary source is contemplated, and such source is within a source category listed in WAC 173-400-100, the owner or operator thereof shall file a notice of construction with the department unless the filing of such a notice is required by an air pollution control authority with jurisdiction over the source.

(a) This requirement shall also apply to any source for which a federal standard of performance has been promulgated prior to the filing of the notice of construction. A list of sources for which a federal standard of performance or a national emission standard for hazardous air pollutants (NESHAPS) has been promulgated, and the standards which apply to such sources, shall be available at the headquarters office and each regional office of the department of ecology.

(b) Whenever the construction, installation or establishment of a new major stationary source of carbon monoxide or hydrocarbons is contemplated for a nonattainment area for carbon monoxide or photochemical oxidants, it is required that there be an analysis of alternative sites, sizes and production processes and environmental control techniques for the proposed source which demonstrates that benefits of the proposed source significantly outweigh the environmental and social costs imposed as a result of its location, construction or modification. This analysis is the responsibility of the applicant.

(2) Whenever the construction, installation or establishment of any new stationary source, except single-family and duplex dwellings, is contemplated and such source is not within a source category listed in WAC 173-400-100, the department may require the owner or operator thereof to file a notice of construction with the department. The

department shall not impose such requirement if an equivalent notice is required by an air pollution control authority with jurisdiction over the source.

- (3)(a) The replacement of air pollution control equipment in an existing process which will not increase potential emissions and will not increase ambient air concentrations of any pollutant does not require a notice of construction provided no change is made in the process or the size of the source. The department or local air pollution authority with jurisdiction over the source shall be notified of such proposed change. Demonstration of nonapplicability of notice of construction requirement will be the responsibility of the owner or operator.
- (b) Addition to, enlargement, modification, replacement, or alteration of any process or source, other than the replacement of air pollution control equipment as covered in WAC 173-400-110(3)(a), which will increase potential emissions or ambient concentration of any contaminant for which a federal or state emission or ambient standard has been set, will require the filing of a notice of construction. The new source review will apply to that part of the source which is affected and for the contaminants which may be increased.
- (4) Any contemplated new stationary source subject to the provisions of chapter 80.50 RCW, energy facilities siting act, shall comply with the provisions of that statute in lieu of the provisions of this section.
- (5) Within thirty days of receipt of a notice of construction, the department may require the submission of plans, specifications and such other information as deemed necessary for the review of the proposed project.
- (6) The department shall review notices of construction and plans, specifications and other information associated therewith in order to determine that:
- (a) The proposed project will be in accord with applicable rules and regulations in force pursuant to chapter 70.94 RCW, including a determination that the operation of the new stationary source at the location proposed will not result in any applicable federal or state ambient air quality standard being exceeded.
- (b) The proposed project will utilize best available control technology (BACT) for emission control. If the project is a major source or the modification of a major source which will cause more than a de minimus increase in potential emissions and is located in a nonattainment area, it will comply with the lowest achievable emission rate (LAER) for emissions of the contaminants for which nonattainment has been designated. Compliance with federal emission standards for hazardous air pollutants and new source performance standards (NSPS) when applicable to the source will be required. BACT, LAER and NSPS will be required only for those pollutants which will increase potential emissions due to the proposed project.
- (c) The proposed project meets all requirements of prevention of significant deterioration regulations if applicable.
- (d) The proposed project will not violate the requirements for reasonable further progress established by the implementation plan. If the project is a major source or the modification of a major source which will cause more than a de minimus increase in potential emissions and is located in a nonattainment area, the total increase of allowable emissions from ((existing sources)) and the new source of the contaminants for which nonattainment has been designated must be ((less than allowable emissions from existing sources at the time the application for approval was filed)) accompanied by an offsetting reduction from existing source or sources of 1.3 times the emissions of the new or modified source. Arrangements for such an offsetting reduction must be made by the owner or operator of the proposed new source. Details of the offsetting transaction shall be included in an order of approval and the source or sources furnishing the offsetting reduction shall be made parties to such order and shall agree to be bound by its terms. The approval order shall establish allowable emission limits for the new source and new allowable limits for the source or sources supplying the offsetting reduction. No such order will be issued until after an opportunity for a public hearing has been provided. Upon issuance the order will be submitted to EPA as an SIP revision. The offsetting reduction must be accomplished prior to the startup of the new source. If the offset is accomplished by the shutdown of an existing source, the approval order will state that a new notice of construction must be approved prior to starting up that source again.
- (e) The emissions from the proposed source will not delay the attainment date for any nonattainment area.
- (f) If the project is a major source or the modification of a major source which will cause more than a de minimus increase in potential

emissions and is located in a nonattainment area, the owner or operator shall demonstrate that all major stationary sources owned or operated by such person (or by any entity controlling, controlled by, or under common control with such person) in the state which are subject to emission limitations are in compliance or on a schedule for compliance with applicable emission limitations and standards under the federal clean air act.

(g) The requirements of subsection (6)(a) of this section that a proposed new source not result in any applicable federal or state ambient air quality standard being exceeded, and the requirement of subsection (6)(e) of this section that the proposed new source will not delay the attainment date for any nonattainment area, both only apply when the impact of the new source exceeds the following levels:

Pollutant	Annual	24-Hour	8-Hour	3-Hour	1-Hour
	Average	Average	Average	Average	Average
CO TSP SO ₂	$\frac{-1.0 \ \mu g/m^3}{1.0 \ \mu g/m^3}$	- 5 μg/m ³ 5 μg/m ³	0.5 mg/m ³	 25 μg/m ³	2 mg/m ³

- (7) Within thirty days after receipt of all information required by it, the department shall:
- (a) Make preliminary determinations on the matters set forth in WAC 173-400-100(6);
- (b) Make available in at least one location in the county or counties in which the proposed project is located, a copy of the preliminary determinations and copies of or a summary of the information considered in making such preliminary determinations; and
- (c) Require the applicant to publish notice to the public of the opportunity for written comment on the preliminary determinations within thirty days from the date such notice is made.
- (8) If, after review of all information received, including public comment with respect to any proposed project, the department makes the determination of (6)(a), (6)(b), (6)(c), (6)(d), (6)(e) or (6)(f) in the negative, it shall issue an order for the prevention of the construction, installation or establishment of the new stationary source.
- (9) If, after review of all information received, including public comment with respect to any proposed project, the department makes the determinations of (6)(a), (6)(b), and where applicable, (6)(c), (6)(d), (6)(e) and (6)(f) in the affirmative, it shall issue an order of approval for the construction, installation or establishment of the new stationary source. The order of approval may provide such conditions of operation as are reasonably necessary to assure the continuous compliance with chapter 70.94 RCW and the applicable rules and regulations in force pursuant thereto.
- (10) For portable sources which locate temporarily (one year or less) at particular sites, the owner or operator shall be permitted to operate at the temporary location without filing a notice of construction, providing that the owner or operator notifies the department of intent to operate at the new location at least thirty days prior to starting the operation and supplies sufficient information to enable the department to determine that the operation will comply with the emission standards for a new source, will not cause a violation of applicable ambient air standards and, if in a nonattainment area, will not interfere with scheduled attainment of ambient standards. The permission to operate shall be for a limited period of time and the department may set specific conditions for operation during said period. A temporary source shall be required to comply with all applicable emission standards. The provisions of this subsection do not apply to major sources wishing to establish operations in nonattainment areas. Such sources must meet all applicable requirements of this section.
- (11) The owner or operator of a proposed new source shall not commence operations until written permission to commence has been granted by the department or authority.

WSR 80-16-066 PROPOSED RULES JAIL COMMISSION

STATEMENT OF PURPOSE

Title: Additions and amendments to funding

Purpose: To provide additional procedures with regard to funding of jail construction and/or remodeling projects for which funds have been allocated and approval to proceed given under chapter 70.48 RCW, including affirmative action requirements.

Proposed new section WAC 289-13-075 is offered to delineate Commission Director's authority to reimburse specific planning and construction costs which might otherwise be subject to ambiguity under existing rules. Proposed revisions to WAC 289-13-110 (2), (4), and (5) are offered to provide specific parameters to the Commission Director's authority to adjust approved project budgets and timetables and require Commission review in certain instances. Proposed new section WAC 289-13-115 would establish a one-time review of Custodial Care Standards compliance prior to dispursingnew project funds, consistent with the existing provision of WAC 289-13-090 relating to reimbursement projects and is necessary to protect the state's investment of jail bond monies. Amendments to WAC 289-13-070 and 170 would clarify existing affirmative action requirements to eliminate any ambiguity relating thereto.

Under the supervision of the State Jail Commission, Director. George its Edensword-Breck, is responsible for the drafting, implementation, and enforcement of chapter 289-13 WAC; his office and telephone number is 206/753-5790.

Chapter 289-13 WAC was proposed to the State Jail Commission by its Director in order to implement the statutory requirements mentioned above.

At this time, the Commission has no comments or recommendations regarding chapter 289-13 WAC.

These additions and amendments have no federal law or court action requirements.

AMENDATORY SECTION (Amending Order 4, filed 10/4/79)

WAC 289-13-070 FINAL REVIEW OF FUNDING APPLICATIONS—LEVEL OF FUNDING. (1) A governing unit will be awarded only the minimum amount necessary to fully implement the physical plant standards in the particular detention or correctional facility which is being considered based upon the approved capacity set by the commission under WAC 289-13-060.

(2) The following elements will be considered in determining the necessary minimum cost of construction or substantial remodeling

projects:

- (a) Prime architect and engineer fees, including the total cost of services performed by the architect and engineer who are responsible for the facility design, and any subcontracts for design specialists necessary for the development of the project: PROVIDED, That the applying governing unit must submit a description of its consultant selection process which must, except where a contract for such services was executed prior to June 1, 1979, substantially comply with the consultant selection process adopted by the Department of General Administration, Division of Engineering and Architecture as adapted to the particular governing unit's organization and structure: PROVID-ED FURTHER, That the commission will provide to each governing unit a list of known minority and female architect and engineer firms to which an announcement of each governing unit's selection process shall be sent, and all such firms shall be given a full and equal opportunity to participate in any such process commenced following receipt of such list: PROVIDED FURTHER, That no reimbursement shall be made for fees of any prime architect selected following the effective date of this rule who does not have in effect an affirmative action plan which includes, at a minimum, the same goals as the governing unit's plan with regard to its own employment practices or, if no such governing unit plan exists, which meets or exceeds the participation standard set within WAC 289-13-170(1)(b): PROVIDED FUR-THER, That all prime architects whose fees are submitted for reimbursement hereunder shall submit a copy of the firm's affirmative action plan, or a statement with regard to its affirmative action practices regardless of the time it was selected. All such fees shall generally be evaluated in accordance with the Prime Architect and Engineer Fee Schedule set forth in the State of Washington Capital Budget Instructions for the 1979-81 biennium.
- (b) Initial architectural consultant fees required to prepare preliminary jail facility plans for presentation to the commission, upon demonstration of the necessity for such services apart from the work normally associated with the prime architect and engineer: PROVID-ED, That the applying governing unit provides adequate indication of a consultant selection process free of conflict of interest and which insures the selection of a qualified person or firm. All such fees shall be evaluated on the basis of a fee schedule to be developed by the commission. Service by a person or firm as an initial architectural consultant does not preclude such person or firm's selection as the prime architect for a particular jail facility.
 - (c) Site survey and soil testing as necessary prior to construction.
 - (d) Construction costs, including, but not specifically limited to:

(i) Clearing of site and disposal of debris;

- (ii) Demolition of existing structure where there is an adequate showing of justification for construction on an occupied rather than vacant site;
 - (iii) Necessary earthwork;
 - (iv) Drainage, water and sewer work;
- (v) Necessary fire protection design features, including fire extinguishing and alarm systems;
 - (vi) Walkways and driveways;
 - (vii) Service vehicle and visitor parking;
- (viii) Power, lighting, and telephone connections to jail building and related equipment, as well as all interior wiring and permanent power, lighting, and telephone equipment;

- (ix) Necessary security features which constitute permanent fixtures of the structure, including:
 - (A) Standard security hardware;
- (B) Electronically controlled gates and doors as conditions require (with mechanical override);
- (C) Electronically controlled door locking devices for prisoner rooms operated from centralized consoles;
- (D) Closed circuit television (C.C.T.V.), surveillance systems where required, EXCEPT THAT C.C.T.V. will not be funded for general prisoner population cells or dormitories;
- (E) Intercom and telephone systems connecting all major control points and monitored through central control telephone system for secure noncontact visitation; and
- (F) Equipment and systems to control vandalism in such areas as water supply, mechanical and electrical fixtures.
- (x) Standard permanent jail fixtures, including but not limited to bunks, tables, toilets, showers, sinks, and other such necessary furnishings for cells, dormitories, dayrooms, and dining and visitor areas;
- (xi) Minimum laundry and kitchen appliances and equipment where adequate justification for such appliances and equipment is demonstrated;
- (xii) Minimum furnishings and equipment for medical examining area and, where justified, for infirmary, as required under WAC 289–12-030(2)(a)(iv)(A) and (B);
- (xiii) Separate staff facilities within the architectural guidelines to be adopted by the commission.
- (3) Energy conservation design features which may increase initial construction or remodeling costs shall not be precluded from consideration for state funding when properly supported by a life cycle cost analysis as required by chapter 39.35 RCW.
- (4) Costs which will not be considered for state funding purposes include:
- (a) Any architect and engineering fees or other costs that are not directly related to and specifically required for jail construction and/or remodeling to comply with the physical plant standards and the rules adopted herein;
 - (b) Site acquisition;
- (c) Landscaping, art works, or any decorative features of design or construction which are not necessary costs of jail construction or substantial remodeling to meet the physical plant standards;
- (d) Movable equipment and furnishings, e.g., shelves, desks, conference tables, and file cabinets;
 - (e) Court room or facilities solely related to court activities;
- (f) Any portion of elevator construction cost not related to jail operation: PROVIDED, That where an elevator serves a jail facility as well as other portions of a courthouse, criminal justice facility or other multi-storied structure in which the jail is located, such cost shall be prorated;
- (g) The cost for construction of skybridges or tunnels that connect the jail with any structure other than another portion of the jail;
- (h) Any other design features, equipment, or furnishings not specifically required to implement the mandatory physical plant standards at minimum cost in a specific facility.
- (5) The commission will adopt and distribute to each governing unit, not later than October 15, 1979, specific architectural guidelines which shall govern its review of all projects accepted for final consideration. Such guidelines will specify the total square footage of ancillary areas which will generally be funded within jails in addition to the necessary cells, dormitories, and day room areas required under the physical plant standards for the specific capacity set by the commission, expressed in ranges and subject to appropriate adjustment by the commission in each specific case.
- (6) Detention and correctional facilities shall be funded on the basis of a ratio of sixty percent single cells to forty percent dormitory cells under the specific capacity set by the commission, EXCEPT THAT the commission may grant exceptions to such requirement when a request for such exception is contained in the final application and is adequately supported by the specific circumstances set forth therein.
- (7) In allocating funds for jail construction and/or substantial remodeling the commission shall review all projects submitted to ensure that the number of square feet allowed per bed is generally consistent for facilities of similar size and classification within either major urban, medium urban, or rural counties.
- (8) The level of funding for the construction and/or substantial remodeling of detention and correctional facilities for which their governing units appropriated and spent or encumbered funds after February 16, 1974, and before June 23, 1977 and for which a funding

- application has been filed in accordance with WAC 289-13-020(3) shall be determined in accordance with the above provisions and in the same manner as all other jail funding applications.
- (9) Upon completion of its review of each detention and correctional facility funding application accepted for consideration, the commission shall authorize a specific funding level for each facility based upon current costs and give written notice to each applying governing unit of that determination. Actual allocation and disbursement of proceeds from the sale of bonds deposited in the local jail improvement and construction account to any governing unit or units shall be governed by the provisions of WAC 289-13-080 relating to funding priorities and rules to be adopted relating to funding level adjustments.

NEW SECTION

- WAC 289-13-075 ADDITIONAL FUNDING. (1) The director shall have authority to and will reimburse all reasonable expenditures which are necessary to design and build a functional jail facility meeting minimum state physical plant standards where such item does not increase the project budget or require adjustment through use of the contingency allowance.
- (2) It is recognized that specific costs which may be subject to reimbursement under the policy stated above may include the following:
- (a) Design
- Reimbursable architect costs charged in addition to the basic fee.
- Special design studies not normally included in the standard AIA contract but reasonably necessary to complete jail design.
- Design costs related to additional work ordered as a result of change orders.
- Prime A/E fees previously incurred which were for design work directly applicable to the project and do not increase total fees to be paid beyond maximum set.
- Increased design fees for development of drawings for phased construction when not included within basic design contract.
 - (b) Project management services
- The purchase of project management services which saves rather than increases the cost of the project should be subject to reimbursement upon proper documentation. Project management refers to concentrated and intensive coordination and oversight of the project such as is frequently employed to effect phased construction techniques which may not normally be undertaken by the governing unit's own supervising officials.
 - (c) Specific consultant costs necessary to prepare
 - Environmental impact statement
 - Life cycle cost analysis
 - And similar studies necessary
- None of the above enumerated expenses legitimately connected to proper design and construction of a jail facility meeting minimum state standards shall categorically be excluded from consideration for adjustment of project budgets from available contingency allowance except that such adjustment shall not be considered prior to submission of the complete schematic design package and will be granted only upon adequate documentation.
- (3) Use of contingency. Unused contingency allowance will not be relinquished without specific action by the commission. This question will be reviewed prior to the end of the current biennium based upon experience with projects now authorized to proceed at which time governing units will be given notice and an opportunity to comment oany proposed policy. In no case, however, shall such contingency become part of the authorized project budget without specific request and review and approval by the director and/or the commission.
- (4) Transfer of moneys between budget items. At the time each project is authorized to proceed to schematic design, simple budget corresponding to the elements considered in the maximum level of funding analysis will be established and each jurisdiction will have an opportunity to review those budget items and to request adjustments in them
- A concern which has been requested by jurisdictions is whether there will be an opportunity to adjust the amount of each budget category as the project proceeds. It is the commission's position that those budget categories which were based directly upon the estimates given in the application, and which were not challenged in the maximum level of funding analysis already made, should not be available for transfer to another budget category and, in fact, will require verification of need as the project proceeds. Included in this category are: Initial A/E fees, equipment, site preparation, and site costs. The same judgment would appear with regard to adjustments to construction

costs made specifically upon detailed information provided by the applicant because of flood plane or other unique circumstances. However, other budget categories reflect the general maximum level of funding analysis and should be subject to adjustment upon reasonable documentation as the project proceeds in accordance with commission rules. Review of this policy will be conducted before the end of the current biennium to determine whether any adjustments should be made.

AMENDATORY SECTION (Amending Order 6, filed 4/2/80)

WAC 289-13-110 AUTHORIZATION TO PROCEED—TIME LIMITS. (1) Schematic drawings. Issuance of the commission's decision to encumber funds for specific projects under WAC 289-13-100 shall constitute formal authorization to the specified governing units to proceed to prepare schematic drawings and adjusted cost estimates based thereon which shall be submitted to the director for approval within four months or such longer period as shall be designated in the authorization, for good cause shown. At the time schematic drawings are submitted, the director shall be authorized to adjust the prior funding decisions by no greater than three percent. Requests for greater adjustments and requests for increases which are denied by the director shall be submitted to the commission for review.

(2) Final plans and specifications. Following approval of schematic drawings and adjusted cost estimates as provided in subsection (1) of this section, the director shall issue authorization to governing units for which funds have been encumbered to proceed to prepare final plans and specifications, and each such governing unit shall submit final plans for review and approval by the director within six months of such authorization or such longer period as may be set at the time the project budget was established and authorization to proceed given by the director. Failure to meet such schedule shall result in removal of the project from those for which existing funding is encumbered: PROVIDED, That upon showing of good cause, the director may extend such deadline by no longer than six months: PROVIDED FUR-THER, That the director may adjust the last previously authorized level of funding at this stage only within the three percent design contingency allowance and any larger requests or any requests for increases which are denied by the director will be submitted to the commission for review: PROVIDED FURTHER, That the director may authorize a project to proceed to bid notwithstanding submission of a dispute with regard to contingency adjustment to the commission for determination.

(3) Bidding. Any governing unit for which funds have been encumbered hereunder shall advertise for bids for construction of the project within two months of the issuance date of the document approving its final plans and authorizing it to proceed. In the event of failure by a governing unit to advertise for bids within the time limit herein specified, the authorization herein described shall be declared null and void and the funds reserved thereunder shall revert to the state fund from which the reservation was made and become available for reservation or allotment toward the financing of such other jail project or projects as the commission shall determine: PROVIDED, That an extension of time may be granted by the director when failure to act within the specified time is due to conditions judged by him to be beyond the control of the governing unit: PROVIDED FURTHER, That in the event final plans and specifications for the project have been completed and advancement of the project is precluded by conditions beyond the control of the governing unit, it nonetheless may request consideration of state assistance in costs of architectural and engineering services incurred through preparation of final plans and specifications, pending the availability of additional state jail bond moneys: PROVIDED, That such reimbursement shall be subject to the provisions of WAC 289-13-070(2)(a).

(4) Further adjustments to budget or timetable. Following receipt, review, and acceptance of a bid for jail construction work in accordance with state law and local ordinances, the governing unit shall submit such bid to the director for authorization to proceed to construction should such bid require any adjustment of the project timetable or budget. At this time the director is authorized to grant extensions or modifications of the project timetable and to adjust the project budget up to three percent from the project contingency allowance established at the time of the original funding notice. Any dispute with regard to the director's determination of allowable contingency adjustment or any request for more than a three percent adjustment in the project budget shall be submitted to the commission for determination. When the bid does require any such adjustment, the governing

unit shall provide a copy of the accepted bid and proceed to construction of the project without further review by the director. Any request for timetable adjustment which would extend commencement of construction of a project beyond eighteen months will be referred to the commission for approval.

(5) Construction review. During the course of construction, any substantial change from the construction drawings shall be submitted to the director for review and approval whenever compliance with state physical plant standards is affected or any further adjustment in the previously approved budget may be sought as a result of such change. The director is authorized to approve adjustments in the project budget during the course of construction based upon appropriate documentation of the necessity therefor not to exceed the remaining balance within the twelve percent contingency allowance established at the time of the notice of funding: PROVIDED, That submission of change orders which do not substantially alter the project as approved and which do not require adjustment of the approved project budget will be submitted to the director but will not require specific approval: PROVIDED FURTHER, That the failure to submit a change order for approval prior to completion of the work in question shall not preclude later approval and, when appropriate, adjustment of the project budget.

NEW SECTION

WAC 289-13-115 AUTHORIZATION TO PROCEED—COMPLIANCE WITH CUSTODIAL CARE STANDARDS COMPLIANCE ORDER. (1) It is the strong policy of the commission that no project for which final plans and construction drawings have been approved should be authorized to proceed to ask for and receive bids for the construction of the project unless it is either in full compliance with mandatory custodial care standards as evidenced by an order of compliance entered by the commission, or is certified by the director to be in substantial compliance with conditions of a current commission conditional compliance order.

(2) For purposes of this provision, "substantial compliance" means compliance with all mandatory standards reasonably capable of being implemented within the governing unit's existing jail and completion and submission of any required specific plans indicating good faith implementation of all standards capable of being met within the existing jail within a reasonable time period.

(3) When the director determines that an order of compliance has not been entered by the commission and substantial compliance with the current conditional compliance order is not in existence, he shall provide written notice to the governing unit and to the commission of such fact and shall schedule a meeting for review of such determination by the commission within fifteen working days of such determination. The commission shall review all relevant facts and decide within ten days whether such determination should be upheld and authorization to proceed to construction denied to the governing unit in question.

AMENDATORY SECTION (Amending Order 6, filed 4/2/80)

WAC 289-13-170 CONTRACTOR AFFIRMATIVE ACTION PLAN. (1) Each person or firm submitting a bid for jail work shall include with such bid an affirmative action plan which shall include:

- (a) Identification of women and minority group firms available to participate in the jail project and the women and minority group workforce available for employment by the contractor and subcontractors.
- (b) The minimum participation by such firms and individuals which can reasonably be achieved in the particular project, which shall be((; in the case of minority group members, no less than the proportion of minority group members in the governing unit's population and, in the case of women, no less than 15% of the total positions and subcontracts)):
- (i) in the case of all construction subcontracts, a total dollar amount awarded to minority—owned firms which represents the same proportion of the total construction budget as minority group members represent in the governing unit's population as determined from the 1980 census, and/or the most accurate available information, and, in the case of female—owned firms, no less than fifteen percent of the total subcontracts expressed in dollars; and
- (ii) in the case of prime contractor employees, no less minority group employees as a proportion of total employees than minority

group members represent in the governing unit's population as determined from the 1980 census and/or the most accurate available information, and, in the case of women, no less than fifteen percent of the total workforce

(c) A detailed plan for meeting these goals within the construction

((time-table)) timetable set forth in the bid.

(2) Approval of such affirmative action plan by a subcommittee of the commission established for such purpose shall be a prerequisite to the director's authority to authorize awarding of a bid to such contractor under WAC 289-13-180.

(3) For purposes of this section, "minority group members" means: Ethnic persons residing in the United States, including American Indians, Asian Pacific Americans, Black Americans, Mexican Americans and Native Americans, but does not include nonethnic women. The term "women" includes both ethnic and nonethnic women.

WSR 80-16-067 PROPOSED RULES DEPARTMENT OF ECOLOGY

[Filed November 5, 1980]

Notice is hereby given in accordance with the provisions of RCW 34.04.025, that the Department of Ecology, intends to adopt, amend, or repeal rules concerning emission standards and controls for sources emitting volatile organic compounds (VOC), amending chapter 173-490 WAC;

that such agency will at 11:00 a.m., Wednesday, December 10, 1980, in the Council Chambers, Lacey City Hall, 420 College St. S.E., Lacey, WA, conduct a hearing relative thereto;

and that the adoption, amendment, or repeal of such rules will take place at 1:00 p.m., Wednesday, December 17, 1980, in the Hearings Room, Department of Ecology, Air and Land Offices, Rowesix, 4224 6th Avenue S.E., Lacey, WA.

The authority under which these rules are proposed is RCW 70.94.331, 70.94.510 and 70.94.785.

Interested persons may submit data, views, or arguments to this agency in writing to be received by this agency prior to December 12, 1980, and/or orally at 11:00 a.m., Wednesday, December 10, 1980, Council Chambers, Lacey City Hall, 420 College St. S.E., Lacey, WA.

> Dated: November 5, 1980 By: Laura E. Eckert Assistant Attorney General

STATEMENT OF PURPOSE

Title: Amending chapter 173-490 WAC-Emission Standards and Controls for Sources Emitting Volatile Organic Compounds (VOC).

Description of purpose: To establish reasonable available control technology (RACT) requirements for specific source categories. Statutory authority: RCW 70.94.331, 70-.94.510 and 70.94.785.

Summary of rule: RACT requirements are set for the following source categories located in oxidant nonattainment areas: gasoline marketing, oil refineries, surface coating operations, cutback asphalt paving, solvent degreasing, dry cleaning, graphic arts, flatwood paneling coating, and miscellaneous metal parts coating.

Reasons supporting proposed action: Revisions are need to comply with federal requirements.

Agency personnel responsible for:

Drafting: Victor Felton, Mailstop PV-11, Department of Ecology, Olympia, WA 98504, 753-4247.

Implementation: Henry Droege, Mailstop PV-11, Department of Ecology, Olympia, WA 98504, 753-2822.

Enforcement: Local air pollution control agencies.

Person or organization proposing rule, and whether public, private, or governmental: Department of Ecology - state government. Agency comments or recommendations regarding statutory language, implementation, enforcement, fiscal matters: None. Whether rule is necessary as a result of federal law or federal or state court action: Yes. 43 UCS 7401. Copies available upon

WAC 173-490-020 DEFINITIONS. The specific definitions of terms contained in chapter 173-400 WAC are by this reference incorporated into this chapter, and all words and phrases there defined shall, when used in this chapter, carry the meanings set forth in chapter 173-400 WAC. Unless a different meaning is indicated by context, the following words and phrases, as used in this chapter, shall have the following meanings:

(1) "Bottom loading" means the filling of a tank through a submerged fill line.

(2) "Bulk gasoline plant" means a gasoline storage and transfer facility that receives more than ninety percent of its annual gasoline throughput by transport tank, and reloads gasoline into transport

(3) "Class II hardboard paneling finish" means finishes which meet the specifications of Voluntary Product Standard PS-56-73 as approved by the American National Standards Institute.

(4) "Closed refinery system" means a system that will process or dispose of those VOC collected from another system. The mass quantity of collected VOC emitted to the ambient air from the closed refinery system shall by comparison not exceed that required for a disposal system.

(5) "Condensate" means hydrocarbon liquid separated from natural gas which condenses due to changes in the temperature or pressure and remains liquid at standard conditions.

- (6) "Condenser" means a device for cooling a gas stream to a temperature where specific volatile organic compounds become liquid and are removed.
- (7) "Control system" means one or more control devices, including condensers, that are designed and operated to reduce the quantity of VOC emitted to the atmosphere.
- (8) "Crude oil" means a naturally occurring mixture which consists of hydrocarbons and sulfur, nitrogen or oxygen derivatives of hydrocarbons which is a liquid at standard conditions.
- (9) "Cutback asphalt" means an asphalt that has been blended with petroleum distillates to reduce the viscosity for ease of handling and lower application temperature. An inverted emulsified asphalt shall be considered a cutback asphalt when the continuous phase of the emulsion is a cutback asphalt.
- (10) "Demonstrate" means a presentation of the necessary data and calculations to support the required conclusion. The material is recorded for each event and made a part of air quality records or reports required by the state.

- (11) "Disposal system" means a process or device that reduces the mass quantity of the VOC that would have been emitted to the ambient air by at least ninety percent prior to their actual emission.
- (12) "Dry cleaning facility" means a facility engaged in the cleaning of fabrics in an essentially nonagueous solvent by means of one or more washes in solvent, extraction of excess solvent by spinning, and drying by tumbling in an airstream. The facility includes, but is not limited to, any washer, dryer, filter and purification systems, waste disposal systems, holding tanks, pumps and attendant piping and valves.
- (13) "External floating roof" means a storage vessel cover in an open top tank consisting of a double deck or pontoon single deck which rests upon and is supported by the petroleum liquid being contained and is equipped with a closure seal or seals to close the space between the roof edge and tank wall.
- (14) "Flexographic printing" means the application of words, designs and pictures to a substrate by means of a roll printing technique in which the pattern to be applied is raised above the printing roll and the image carrier is made of rubber or other elastomeric materials.
- (15) "Gas service" means equipment that processes, transfers or contains a volatile organic compound or mixture of volatile organic compounds in the gaseous phase.
- (16) "Gasoline" means a petroleum distillate having a true vapor pressure greater than 200 mm of Hg (4 psia) at 20°C, that is a liquid at standard conditions of 760 mm of Hg and 20°C, and is used as a fuel for internal combustion engines.
- (17) "Gasoline dispensing facility" means any site dispensing gasoline into motor vehicle fuel tanks from stationary storage tanks.
- (18) "Gasoline loading terminal" means a gasoline transfer facility that receives more than ten percent of its annual gasoline throughput solely or in combination by pipeline, ship or barge, and loads gasoline into transport tanks.
- (19) "Hardboard" means a panel manufactured primarily from interfelted lignocellulosic fibers which are consolidated under heat and pressure in a hot press.
- (20) "Hardboard plywood" means plywood whose surface layer is a veneer of hardwood.
- (21) "Lease custody transfer" means the transfer of produced crude oil or condensate, after processing or treating in the producing operations, from storage tanks or automatic transfer facilities to pipelines or any other forms of transportation.
- (22) "Liquid-mounted seal" means a primary seal mounted in continuous contact with the liquid between the tank wall and the floating roof around the circumference of the tank.
- (23) "Liquid service" means equipment that processes, transfers or contains a volatile organic compound or mixture of volatile organic compounds in the liquid phase.
- (24) "Natural finish hardwood plywood panels" means panels whose original grain pattern is enhanced by essentially transparent finishes frequently supplemented by fillers and toners.
- (25) "Packaging rotogravure printing" means rotogravure printing upon paper, paper board, metal foil, plastic film, and other substrates, which are, in subsequent operations, formed into packaging products and labels for articles to be sold.

 (26) "Petroleum liquids" means crude oil, condensate, and any fin-
- (26) "Petroleum liquids" means crude oil, condensate, and any finished or intermediate products manufactured or extracted in a petroleum refinery, excluding No. 2 through 6 fuel oils (ASTM D396-69), No. 2GT through 4 GT gas turbine fuel oils (ASTM D2880-71) or No. 2D and 4D diesel fuel oils (ASTM D975-68).
- (27) "Petroleum refinery" means a facility engaged in producing gasoline, aromatics, kerosene, distillate fuel oils, residual fuel oils, lubricants, asphalt, or other products by distilling crude oils or redistilling, cracking, extracting or reforming unfinished petroleum derivatives. Not included are facilities re-refining used motor oils or waste chemicals, processing finished petroleum products, separating blended products, or air blowing asphalt.
- (28) "Printed interior panels" means panels whose grain or natural surface is obscured by fillers and basecoats upon which a simulated grain or decorative pattern is printed.
- (29) "Proper attachment fittings" means hardware for the attachment of gasoline transfer or vapor collection lines that meet or exceed industrial standards or specifications and the standards of other agencies or institutions responsible for safety and health.
- (30) "Publication rotogravure printing" means rotogravure printing upon paper which is subsequently formed into books, magazines, catalogues, brochures, directories, newspaper supplements, and other types of printed materials.

- (31) "Reactor" means a vessel that may be jacketed for temperature control in which to conduct chemical reactions.
- (32) "Refinery unit" means a set of components that are a part of a basic process operation, such as distillation, hydrotreating, cracking or reforming of hydrocarbons.
- (33) "Roll printing" means the application of words, designs, and pictures to a substrate usually by means of a series of hard rubber or steel rolls each with only partial coverage.
- (34) "Rotogravure printing" means the application of words, designs, and pictures to a substrate by means of a roll printing technique which involves an integlio or recessed image areas in the form of cells.
- (35) "Separation operation" means a process that separates a mixture of compounds and solvents into two or more components. Specific mechanisms include extraction, centrifugation, filtration, and crystallization.
- (36) "Submerged fill line" means a pipe, tube, fitting or other hardware for loading liquids into a tank with either a discharge opening flush with the tank bottom; or with a discharge opening entirely below the lowest normal operating drawoff level or that level determined by a liquid depth two and one half times the fill line diameter when measured in the main portion of the tank, but not in sumps or similar protrusions.
- (37) "Submerged loading" means the filling of a tank with a submerged fill line.
- (38) "Suitable closure or cover" means a door, hatch, cover, lid, pipe cap, pipe blind, valve or similar device that prevents the accidental spilling or emitting of VOC. Pressure relief valves, aspirator vents or other devices specifically required for safety and fire protection are not included
- (39) "Thin particleboard" means a manufactured board one-quarter inch or less in thickness made of individual wood particles which have been coated with a binder and former into flat sheets by pressure.
- (40) "Tileboard" means panelling that has a colored waterproof surface coating.
- (41) "Transport tank" means a container having a usable liquid volume greater than one thousand liters (260 gallons) used for shipping gasoline on land, including but not limited to, tank trucks, tank trailers, railroad tank cars, and metallic or nonmetallic tanks or cells conveyed on any vehicle.
- (42) "True vapor pressure" means the equilibrium partial pressure of a petroleum liquid as determined with methods described in American Petroleum Institute Bulletin 2517, "Evaporation Loss from Floating Roof Tanks," 1962.
- (43) "Valves not externally regulated" means valves that have no external controls, such as in-line check valves.
- (44) "Vapor collection system" means a closed system to conduct vapors displaced from a tank being filled into the tank being emptied, a vapor holding tank, or a vapor control system.
- (45) "Vapor control system" means a system designed and operated to reduce or limit the emission of VOC, or to recover the VOC to prevent their emission into the ambient air.
- (46) "Vapor-mounted seal" means a primary seal mounted so there is an annular vapor space underneath the seal. The annular vapor space is bounded by the bottom of the primary seal, the tank wall, the liquid surface, and the floating roof.
- (47) "Volatile organic compound" means a hydrocarbon or derivative of hydrocarbon that has a vapor pressure greater than 0.1 mm of Hg (millimeters of mercury) at a temperature of 20°C and pressure of 760 mm of Hg. Excluded compounds are methane, ethane, trichlorofluoromethane (CFC-11), dichlorodifluoromethane (CFC-12), chlorodifluoromethane (CFC-22), trifluoromethane (FC-23), trichlorotrifluoroethane (CFC-113), dichlorotetrafluoroethane (CFC-114), chloropentafluoroethane (CFC-115), methylene chloride and 1, 1, 1-trichloroethane (methyl chloroform).
- (48) "Waxy, heavy pour crude oil" means a crude oil with a pour point of 50°F or higher as determined by the American Society for Testing and Materials Standard D97-66, "Test for Pour Point of Petroleum Oils."

AMENDATORY SECTION (Amending Order DE 80-18, filed 8/20/80)

- WAC 173-490-040 REQUIREMENTS. Sources shall demonstrate compliance with this chapter using the sampling procedures on file with and approved by the director.
 - (1) Petroleum refineries.

- (a) This chapter shall apply to all petroleum refineries with a crude oil or feed stock capacity greater than one million five hundred thousand liters (9,000 bbl) per day.
- (b) A petroleum refinery with a crude oil or feed stock capacity of eight million three hundred twenty eight thousand liters (50,000 bbl) per day or less and which is owned or controlled by a refiner with a total combined crude oil or feed stock capacity of twenty—three million liters (137,500 bbl) per day or less shall be classified as a small refinery.
 - (c) Vacuum producing system.
- (i) Noncondensable VOC from vacuum producing systems shall be piped to an appropriate firebox, incinerator or to a closed refinery system.
- (ii) Hot wells associated with contact condensers shall be tightly covered and the collected VOC introduced into a closed refinery system.
 - (d) Wastewater separator.
- (i) Wastewater separators with demonstrated VOC emissions less than twenty-five tons annually shall be exempt from the requirements of WAC 173-490-040(1)(d)(ii) and (iii).
- (ii) Wastewater separator forebays shall incorporate a floating pontoon or fixed solid cover with all openings sealed totally enclosing the compartmented liquid contents, or a floating pontoon or a double deck-type cover equipped with closure seals between the cover edge and compartment wall.
- (iii) Accesses for gauging and sampling shall be designed to minimize VOC emissions during actual use. All access points shall be closed with suitable covers when not in use.
 - (e) Process unit turnaround.
- (i) The VOC contained in a process unit to be depressurized for turnaround shall be introduced to a closed refinery system, combusted by a flare, or vented to a disposal system.
- (ii) The pressure in a process unit following depressurization for turnaround shall be less than five psig before venting to the ambient air.
- (iii) Venting or depressurization to the ambient air of a process unit for turnaround at a pressure greater than five psig shall be allowed if the owner demonstrates the actual emission of VOC to the ambient air is less than permitted by WAC 173-490-040(1)(e)(ii).
- (f) Maintenance and operation of emission control equipment. Equipment for the reduction, collection or disposal of VOC shall be maintained and operated in a manner commensurate with the level of maintenance and housekeeping of the overall plant.
 - (2) Petroleum liquid storage tanks.
- (a) All fixed-roof tanks except as noted in subparagraph (d) of this subsection storing volatile organic petroleum liquids with a true vapor pressure as stored greater than 78 mm of Hg (1.5 psi), but less than 570 mm of Hg (11.1 psi) at actual monthly average storage temperatures and having a capacity greater than one hundred fifty thousand liters (40,000 gallons) shall comply with one of the following:
- (i) Meet the equipment specifications and maintenance requirements of the federal standards of performance for new stationary sources Storage Vessels for Petroleum Liquids (40 CFR 60, subpart K).
- (ii) Be retrofitted with a floating roof or internal floating cover using a metallic seal or a nonmetallic resilient seal at least meeting the equipment specifications of the federal standards referred to in WAC 173-490-040(2)(a)(i) or its equivalent.
- (iii) Be fitted with a floating roof or internal floating cover meeting the manufacturer's equipment specifications in effect when it was installed.
- (b) All seals used in WAC 173-490-040(2)(a)(ii) and (iii) are to be maintained in good operating condition and the seal fabric shall contain no visible holes, tears or other openings.
- (c) All openings not related to safety are to be sealed with suitable closures.
- (d) Tanks used for the storage of gasoline in bulk gasoline plants and equipped with vapor balance systems as required in WAC 173-490-040(4)(b) shall be exempt from the requirements of WAC 173-490-040(2).
 - (3) Gasoline loading terminals.
- (a) This chapter shall apply to all gasoline loading terminals with an average annual daily gasoline throughput greater than seventy-five thousand liters (20,000 gallons).
- (b) Loading facilities. Facilities for the purpose of loading gasoline into any transport tank shall be equipped with a vapor recovery system (VRS) as described in WAC 173-490-040(3)(c) and comply with the following conditions:

- (i) The loading facility shall employ submerged loading or bottom loading for all transport tanks.
- (ii) The VRS shall be connected to the transport tank being loaded and operating during the entire loading of every transport tank loaded at the facility.
- (iii) The loading of all transport tanks shall be performed such that ninety percent by weight of the gasoline vapors displaced during filling are prevented from being released to the ambient air. Emissions from pressure relief valves shall not be included in the controlled emissions when the back pressure in the VRS collection lines is lower than the relief pressure setting of the transport tank's relief valves.
- (iv) All loading lines and vapor lines shall be equipped to close automatically upon disconnect. The point of closure shall be on the tank side of any hose or intermediate connecting line.
- (c) Vapor recovery system (VRS). The VRS shall be designed and built according to accepted industrial practices and meet the following conditions:
- (i) The VRS shall prevent at least ninety percent by weight of the gasoline vapors displaced during loading of each transport tank from entering the ambient air and in no case shall the gasoline vapors emitted to the ambient air exceed eighty milligrams per liter of gasoline loaded.
- (ii) The VRS shall be equipped with a signal device to alert personnel when the system is not operating or unintentionally shuts down.
- (iii) The back pressure in the VRS collection lines shall not exceed the transport tank's pressure relief settings.
- (d) Alternative loading facility. The loading of transport tanks by other means and using other vapor control systems shall require the facility owner to demonstrate that the emission of gasoline vapors to the ambient air is less than eighty milligrams per liter of gasoline loaded.
 - (4) Bulk gasoline plants.
- (a) This chapter shall apply to all bulk gasoline plants with an annual average daily gasoline throughput greater than fifteen thousand liters (4,000 gallons).
- (b) Storage tanks. All storage tanks with a capacity greater than two thousand one hundred liters (550 gallons) and used for the storage of gasoline shall comply with the following conditions:
 - (i) Each storage tank shall be equipped with a submerged fill line.
- (ii) Each storage tank shall be equipped for vapor balancing of gasoline vapors with transport tanks during gasoline transfer operations.
- (iii) The vapor line fittings on the storage tank side of break points with the transport tank vapor connection pipe or hose shall be equipped to close automatically upon planned or unintentional disconnect.
- (iv) The pressure relief valves on storage tanks shall be set at the highest possible pressure consistent with local and state codes for fire and safety.
- (c) Transport tanks. All transport tanks, except those meeting the conditions in WAC 173-490-040(4)(d), transferring gasoline with storage tanks in a bulk gasoline plant shall comply with the following conditions:
- (i) The transport tank shall be equipped with the proper attachment fittings to make vapor tight connections for vapor balancing with storage tanks.
- (ii) The vapor line fittings on the transport tank side of break points with the storage tank connection pipe or hose shall be equipped to close automatically upon planned or unintentional disconnect.
- (iii) The pressure relief valves on transport tanks shall be set at the highest possible pressure consistent with local and state codes for fire and safety.
- (d) Transport tanks used for gasoline and meeting all of the following conditions shall be exempt from the requirement to be equipped with any attachment fitting for vapor balance lines:
- (i) The transport tank is used exclusively for the delivery of gasoline into storage tanks of a facility exempt from the vapor balance requirements of WAC 173-490-040(5); and
- (ii) The transport tank has a total capacity less than fifteen thousand liters (4,000 gallons) and is of a compartmented design and construction requiring the installation of four or more separate vapor balance fittings.
- (e) Gasoline transfer operations. No owner or operator of a bulk gasoline plant or transport tank shall allow the transfer of gasoline between a transport tank and a storage tank except under the following conditions:
 - (i) All tanks shall be submerged filled or bottom loaded.

(ii) The loading of all tanks, except those exempted under WAC 173-490-040(4)(d) shall be performed such that ninety percent by weight of the gasoline vapors displaced during filling are prevented from being released into the ambient air. Emissions from pressure relief valves shall not be included in the controlled emissions.

(f) Equipment or system failures. Failures or leaks in the vapor bal-

ance system shall be limited by the following conditions:

(i) During the months of June, July, August and September, failures of the vapor balance system to comply with this chapter shall require the discontinuation of gasoline transfer operations for the failed part of the system. Other transfer points that can continue to operate in compliance may be used.

(ii) The loading or unloading of the transport tank connected to the

failed part of the vapor balance system may be completed.

- (iii) Breakdowns and upset conditions during all months of the year shall comply with the additional provisions of WAC 173-400-120(4).
- (g) The owner or operator of a bulk gasoline plant or transport tank shall take all reasonable necessary measures to prevent the spilling, discarding in sewers, storing in open containers or handling of gasoline in a manner on the plant site that will result in evaporation to the ambient air.

(5) Gasoline dispensing facilities (Stage I).

(a) This chapter shall apply to all gasoline dispensing facilities with a total annual gasoline output greater than seven hundred fifty-seven thousand liters (200,000 gallons) or sixty-three thousand one hundred liters (16,670 gallons) per month and total gasoline storage capacity greater than thirty-eight thousand liters (10,000 gallons).

(b) Storage tanks. All gasoline storage tanks of the facilities defined in WAC 173-490-040(5)(a) shall be equipped with submerged fill lines and fittings for vapor balancing gasoline vapors with the delivery

transport tank. Storage tanks required to comply are:

(i) All tanks with a capacity greater than seven thousand five hundred liters (2,000 gallons) installed before January 1, 1979, except as provided for in WAC 173-490-040(5)(c).

- (ii) All tanks with a capacity greater than one thousand liters (260 gallons) installed on or after January 1, 1979.
- (c) Gasoline storage tanks with offset fill lines shall be exempt from the requirement of WAC 173-490-040(5)(b) if installed prior to January 1, 1979.
- (d) Vapor balance system. The vapor balance system (for the purpose of measuring compliance with the emission control efficiency) shall consist of the transport tank, gasoline vapor transfer lines, storage tank and all tank vents. The vapor balance system shall prevent at least ninety percent of the displaced gasoline vapors from entering the ambient air.
- (6) Surface coaters. The operation of a coater and dryer, that may serve one or more process lines, shall comply with the following emission limits if the uncontrolled emissions of VOC from the coater, flashoff areas, and dryer would be greater than ((270 kg (600 pounds))) 18 kg (40 pounds) in any given twenty-four hour period. The emission limits and uncontrolled emission quantity shall include the additional quantity of emissions from the dryer during the twelve hour period after application of the coating.

(7) Open top vapor degreasers.

(a) All open top vapor degreasers shall comply with the following equipment specifications:

(i) Be equipped with a cover that may be readily opened and closed. When a degreaser is equipped with a lip exhaust, the cover shall be located below the lip exhaust. When a degreaser has a freeboard ratio equal to or greater than 0.75 and the opening is greater than one square meter (10 square feet) the cover shall be power operated.

(ii) Have one of the following:

(A) A freeboard ratio equal to or greater than 0.75.

(B) A freeboard chiller.

- (C) A closed design such that the cover opens only when the part enters or exits the degreaser.
- (iii) Be equipped with at least the following three safety switches:
- (A) Condenser-flow switch and thermostat (shuts off sump heat if coolant is either not circulating or too warm).
- (B) Spray safety switch (shuts off spray pump or conveyor if the vapor level drops excessively.
- (C) Vapor level control thermostat (shuts off sump heat when vapor level rises too high).
- (iv) Post a permanent and conspicuous pictograph or instructions clearly explaining the following work practices:
- (A) Do not degrease porous or absorbent materials such as cloth, leather, wood or rope.
- (B) The cover of the degreaser should be closed at all times except when processing workloads.
- (C) When the cover is open the lip of the degreaser should not be exposed to steady drafts greater than 15.3 meters per minute (50 feet per minute).
 - (D) Rack parts so as to facilitate solvent drainage from the parts.
- (E) Workloads should not occupy more than one-half of the vapor-air interface area.
- (F) When using a powered hoist, the vertical speed of parts in and out of the vapor zone should be less than 3.35 meters per minute (11 feet per minute).
- (G) Degrease the workload in the vapor zone until condensation ceases.
- (H) Spraying operations should be done within the vapor layer.

(1) Hold parts in the degreaser until visually dry.

- (J) When equipped with a lip exhaust, the fan should be turned off when the cover is closed.
- (K) The condenser water shall be turned on before the sump heater when starting up a cold vapor degreaser. The sump heater shall be turned off and the solvent vapor layer allowed to collapse before closing the condenser water when shutting down a hot vapor degreaser.
- (L) Water shall not be visible in the solvent stream from the water separator.
- (b) A routine inspection and maintenance program shall be implemented for the purpose of preventing and correcting solvent losses, as for example, from dripping drain taps, cracked gaskets, and malfunctioning equipment. Leaks must be repaired immediately.
- (c) Sump drainage and transfer of hot or warm solvent shall be carried out using threaded or other leakproof couplings.

(d) Still and sump bottoms shall be kept in closed containers.

(e) Waste solvent shall be stored in covered containers and returned to the supplier or a disposal firm handling solvents for final disposal.

(8) Conveyorized degreasers.

- (a) The owner or operator of conveyorized cold cleaners and conveyorized vapor degreasers shall comply with the following operating requirements:
- (i) Exhaust ventilation should not exceed twenty cubic meters per minute of square meter (65 cfm per ft.?) of degreaser opening, unless necessary to meet OSHA requirements. Work place fans should not be used near the degreaser opening.

(ii) Post in the immediate work area a permanent and conspicuous pictograph or instructions clearly explaining the following work practices:

(A) Rack parts for best drainage.

(B) Maintain vertical speed of conveyored parts to less than 3.35

meters per minute (11 feet per minute).

- (C) The condenser water shall be turned on before the sump heater when starting up a cold vapor degreaser. The sump heater shall be turned off and the solvent vapor layer allowed to collapse before closing the condenser water when shutting down a hot vapor degreaser.
- (D) Water shall not be visible in the solvent stream from the water separator.
- (b) A routine inspection and maintenance program shall be implemented for the purpose of preventing and correcting solvent losses, as for example, from dripping drain taps, cracked gaskets, and malfunctioning equipment. Leaks must be repaired immediately.
- (c) Sump drainage and transfer of hot or warm solvent shall be carried out using threaded or other leakproof couplings.
 - (d) Still and sump bottoms shall be kept in closed containers.
- (e) Waste solvent shall be stored in covered containers and returned to the supplier or a disposal firm handling solvents for final disposal.
- (f) All conveyorized cold cleaners and conveyorized vapor degreasers with air/vapor interfaces of 2.0 m² or greater shall have one of the following major control devices installed and operating after April 1, 1982:
- (i) Carbon adsorption system, exhausting less than 25 ppm of solvent averaged over a complete adsorption cycle (based on exhaust ventilation of 15 m²/min per m² of air/vapor area, when downtime covers are open), or
- (ii) Refrigerated chiller with control effectiveness equal to or better than WAC 173-490-040(8)(f)(i), or
- (iii) A system with control effectiveness equal to or better than WAC 173-490-040(8)(f)(i).
 - (9) Cutback asphalt paving.
- (a) After June 1, 1981 all paving applications of cutback asphalts are prohibited during the months of June, July, August and September, except as provided for in WAC 173-490-040(9)(b).
- (b) The following paving uses and applications of cutback asphalts are permitted during all months of the year.
 - (i) As a penetrating prime coat on aggregate bases prior to paving.
- (ii) The manufacture of patching mixes used exclusively for pavement maintenance and needed to be stockpiled for times longer than one month.
- (iii) All paving uses when the temperature during application is below 10°C (50°F).
- (c) The person responsible for the paving use or application of any cutback asphalt shall submit an annual report on the uses of cutback asphalt during the months of June, July, August and September. The report shall be on a form and according to instructions received from the department or local air pollution control authority. The report shall be submitted by November 15 of the year for which it applies.
 - (10) Cold cleaners.
- (a) The owner or operator of all cold cleaners shall comply with the following equipment specifications:
 - (i) Be equipped with a cover that is readily opened and closed.
- (ii) Be equipped with a drainrack that returns the drained solvent to the solvent bath.
 - (iii) Have a freeboard ratio of at least 0.5.
 - (iv) Have a visible fill line.
- (b) An owner or operator of a cold cleaner shall be responsible for following the required operating parameters and work practices. The owner shall post and maintain in the work area of each cold cleaner a pictograph or instructions clearly explaining the following work practices:
 - (i) The solvent level shall not be above the fill line.
- (ii) The spraying of parts to be cleaned shall be performed only within the confines of the cold cleaner.
- (iii) The cover of the cold cleaner shall be closed when not in use or when parts are being soaked or cleaned by solvent agitation.
- (iv) Solvent-cleaned parts shall be rotated to drain cavities or blind holes and then set to drain until dripping has stopped.
- (v) Waste solvent shall be stored in covered containers and returned to the supplier or a disposal firm handling solvents for final disposal.
- (c) The owner or operator shall maintain cold cleaners in good working condition and free of solvent leaks.
- (d) If the solvent has a vapor pressure greater than 2.0 kPa (0.3 psi) measured at 38°C (100°F), or if the solvent is agitated or heated, then the cover must be designed so that it can be easily operated with one hand.

- (e) If the solvent has a vapor pressure greater than 4.3 kPa (0.6 psi) measured at 38°C (100°F), then the drainage facility must be internal , so that parts are enclosed under the cover while draining. The drainage facility may be external for applications where an internal type cannot fit into the cleaning system.
- (f) If the solvent has a vapor pressure greater than 4.3 kPa (0.6 psi) measured at 38°C (100°F), or if the solvent is heated above 50°C (120°F), then one of the following solvent vapor control systems must be used:
 - (i) The freeboard ratio must be equal to or greater than 0.70; or
- (ii) Water must be kept over the solvent, which must be insoluble in and heavier than water; or
- (iii) Other systems of equivalent control, such as a refrigerated chiller.

AMENDATORY SECTION (Amending Order DE 80-18, filed 8/20/80)

WAC 173-490-203 PERCHLOROETHYLENE DRY CLEAN-ING SYSTEMS. (1) Specific applicability. This section shall apply to all dry cleaning systems using perchloroethylene cleaning solvent and as qualified in WAC 173-490-203 (1)(a) and (b) and 173-490-025.

(a) The following dry cleaning systems are exempt from the requirements of WAC 173-490-203 (2)(a)(i) and (ii):

(i) Coin-operated systems;

- (ii) Systems located in a facility with inadequate space to accommodate an adsorber; or
- (iii) Systems with an average monthly loss less than twenty-five gallons (2 tons per year).
 - (iv) Systems with insufficient steam capacity to desorb adsorbers.
- (b) An exemption for the conditions stated in WAC 173-490-203 (1)(a)(ii) and (iii) may be granted by the director when sufficient evidence is submitted by the owner or operator of the dry cleaning system to justify the exemption.
 - (2) Provisions for specific processes.
- (a) The owner or operator of a perchloroethylene dry cleaning facility subject to this chapter shall:
- (i) Vent the entire dryer exhaust through a properly functioning carbon absorption system or equally effective control device;
- (ii) Emit no more than 100 ppmv when determined in accordance with WAC 173-490-203(4)(c)(i), of volatile organic compounds from the dryer control device before dilution;
- (iii) Immediately repair all components found to be leaking liquid volatile organic compounds;
- (iv) Cook or treat all diatomaceous earth filters so that the residue contains 25 kg or less of volatile organic compounds per 100 kg of wet waste material:
- (v) Reduce the volatile organic compounds from all solvent stills to 60 kg or less per 100 kg of wet waste material;
- (vi) Drain all filtration cartridges, in the filter housing or other enclosed container, for at least twenty-four hours before discarding the cartridges; and
- (vii) When possible, dry all drained cartridges without emitting volatile organic compounds to the atmosphere.
 - (3) Schedule of control dates.
- (a) The owner or operator of a perchloroethylene dry cleaning facility subject to WAC 173-490-203 (2)(a)(i) and (ii) shall meet the applicable increments of progress in the following schedule or a schedule approved under WAC 173-490-071.
- (i) Award contracts, issue purchase orders, or otherwise order the emission control system and process equipment, before July 1, 1981;
- (ii) Complete installation of the emission control and process equipment before July 1, 1982;
- (iii) Achieve final compliance, determined in accordance with WAC 173-490-203(4) before July 1, 1982;
- (iv) In the event that equipment cannot be delivered prior to May 1, 1982, and the owner or operator placed the order prior to July 1, 1981, the final compliance date shall be sixty days following delivery of the equipment.
- (b) The owner or operator of a perchloroethylene dry cleaning facility subject to this chapter shall comply with the operational and maintenance provisions of WAC 173-490-203 (2)(a)(iii) through (vii) by July 1, 1981.
- (4) Testing and monitoring.
 (a) Compliance with WAC 173-490-203 (2)(a)(i), (vi), and (vii) shall be determined by means of visual inspection.
- (b) Compliance with WAC 173-490-203(2)(a)(iii) shall be determined by means of visual inspection of the following components:

- (i) Hose connections, unions, couplings and valves;
- (ii) Machine door gaskets and seatings;
- (iii) Filter head gasket and seating;
- (iv) Pumps;
- (v) Base ((tans)) tanks and storage containers;
- (vi) Water separators;
- (vii) Filter sludge recovery;
- (viii) Distillation unit;
- (ix) Diverter valves;
- (x) Saturated lint from lint basket; and
- (xi) Cartridge filters.
- (c) Compliance with WAC 173-490-203(2)(a)(ii) shall be determined by:
- (i) A test consistent with the procedures on file with and approved by the department; or
- (ii) The proper installation, operation, and maintenance of equipment that has been demonstrated by the owner or operator to adequately meet the emission limits in WAC 173-490-203(2)(a)(ii).

(d) Compliance with WAC 173-490-203 (2)(a)(iv) and (v) shall-be determined by tests consistent with the procedures on file with and approved by the department.

WSR 80-16-068 PROPOSED RULES DEPARTMENT OF ECOLOGY

[Filed November 5, 1980]

Notice is hereby given in accordance with the provisions of RCW 34.04.025, that the Department of Ecology intends to adopt, amend, or repeal rules concerning permits for developments on shorelines of the state, amending chapter 173-14 WAC;

that such agency will at 2:00 p.m., Tuesday, January 6, 1981, in the Hearings Room, Department of Ecology, Air and Land Offices, Rowesix, 4224 6th Avenue S.E., Lacey, WA, conduct a hearing relative thereto;

and that the adoption, amendment, or repeal of such rules will take place at 2:00 p.m., Tuesday, January 27, 1981, in the Hearings Room, Department of Ecology, Air and Land Offices, Rowesix, 4224 6th Avenue S.E., Lacey, WA.

The authority under which these rules are proposed is RCW 90.58.200 and 90.58.140(3).

Interested persons may submit data, views, or arguments to this agency in writing to be received by this agency prior to January 16, 1981, and/or orally at 2:00 p.m., Tuesday, January 6, 1981, Hearings Room, Department of Ecology, Air and Land Offices, Rowesix, 4224 6th Avenue S.E., Lacey, WA.

Dated: November 5, 1980
By: John F. Spencer
Acting Director

STATEMENT OF PURPOSE

Title: Amending chapter 173-14 WAC—Permits for developments on shorelines of the state.

Description of purpose: The amendments concern procedures for shoreline conditional uses, variances, and regulatory orders.

Statutory authority: RCW 90.58.200 and 90.58.140(3).

Summary of rule: Proposed amendments to WAC 173-14-140 and 173-14-150 and a

new section correct deficiency in the existing rule identified by a ruling of the State Shorelines Hearings Board. The revised language precludes the grant of variances for construction of uses prohibited by the local shoreline master program. Amendments to WAC 173-14-180 and 173-14-190 delete the appeals process to the Shorelines Hearings Board for regulatory orders which the board has determined is beyond its statutory authority.

Reasons supporting proposed action: See Summary of Rule section which gives reasons supporting the proposed action.

Agency personnel responsible for drafting, implementation and enforcement: Michael Rundlett, Shorelands Division, Department of Ecology, Olympia, WA 98504, (206) 753-4388.

Person or organization proposing rule, and whether public, private, or governmental: Department of Ecology – state government. Agency comments or recommendations regarding statutory language, implementation, enforcement, fiscal matters: See explanations under Summary of rule.

Whether rule is necessary as a result of federal law or federal or state court action: No.

AMENDATORY SECTION (Amending Order DE 78-7, filed 6/14/78)

WAC 173-14-140 REVIEW CRITERIA FOR CONDITIONAL USE PERMITS. The purpose of a conditional use permit is to allow greater flexibility in ((administering)) varying the application the use regulations of the master program in a manner consistent with the policies of RCW 90.58.020: PROVIDED, That conditional use permits should also be granted in a circumstance where denial of the permit would result in a thwarting of the policy enumerated in RCW 90.58-020. In authorizing a conditional use, special conditions may be attached to the permit by local government or the department to prevent undesirable effects of the proposed use.

(1) Uses which are classified or set forth in the applicable master program as conditional uses may be authorized provided the applicant can demonstrate all of the following:

(a) That the proposed use will be consistent with the policies of RCW 90.58.020 and the policies of the master program.

(b) That the proposed use will not interfere with the normal public use of public shorelines.

(c) That the proposed use of the site and design of the project will be compatible with other permitted uses within the area.

(d) That the proposed use will cause no unreasonably adverse effects to the shoreline environment designation in which it is to be located.

(e) That the public interest suffers no substantial detrimental effect.

(2) Other uses which are not classified or set forth in the applicable master program may be authorized as conditional uses provided the

master program may be authorized as conditional uses provided the applicant can demonstrate, in addition to the criteria set forth in WAC 173-14-140(1) above, that extraordinary circumstances preclude reasonable use of the property in a manner consistent with the use regulations of the master program.

(3) Uses which are specifically prohibited by the master program may not be authorized.

(4) In the granting of all conditional use permits, consideration shall be given to the cumulative impact of additional requests for like actions in the area. For example, if conditional use permits were granted for other developments in the area where similar circumstances exist, the total of the conditional uses should also remain consistent with the policies of RCW 90.58.020 and should not produce substantial adverse effects to the shoreline environment.

AMENDATORY SECTION (Amending Order DE 78-7, filed 6/14/78)

WAC 173-14-150 REVIEW CRITERIA FOR VARIANCE PERMITS. The purpose of a variance permit is strictly limited to granting relief to specific bulk, dimensional or performance standards set forth in the applicable master program where there are extraordinary or unique circumstances relating to the property such that the strict implementation of the master program would impose unnecessary hardships on the applicant or thwart the policies set forth in RCW 90.58.020.

- (1) Variance permits should be granted in a circumstance where denial of the permit would result in a thwarting of the policy enumerated in RCW 90.58.020. In all instances extraordinary circumstances should be shown and the public interest shall suffer no substantial detrimental effect.
- (2) Variance permits for development that will be located landward of the ordinary high water mark (OHWM), as defined in RCW 90.58.030(2)(b), except within those areas designated by the department as marshes, bogs, or swamps pursuant to chapter 173-22 WAC, may be authorized provided the applicant can demonstrate all of the following:

(a) That the strict application of the bulk, dimensional or performance standards set forth in the applicable master program precludes or significantly interferes with a reasonable ((permitted)) use of the property otherwise consistent with the master program.

- (b) That the hardship described in WAC 173-14-150(2)(a) above is specifically related to the property, and is the result of unique conditions such as irregular lot shape, size, or natural features and the application of the master program, and not, for example, from deed restrictions or the applicant's own actions.
- (c) That the design of the project will be compatible with other permitted activities in the area and will not cause adverse effects to adjacent properties or the shoreline environment designation.
- (d) That the variance authorized does not constitute a grant of special privilege not enjoyed by the other properties in the area, and will be the minimum necessary to afford relief.
- (e) That the public interest will suffer no substantial detrimental effect.
- (3) Variance permits for development that will be located either waterward of the ordinary high water mark (OHWM), as defined in RCW 90.58.030(2)(b), or within marshes, bogs, or swamps as designated by the department pursuant to chapter 173-22 WAC, may be authorized provided the applicant can demonstrate all of the following:
- (a) That the strict application of the bulk, dimensional or performance standards set forth in the applicable master program precludes a reasonable ((permitted)) use of the property otherwise consistent with the master program.
- (b) That the hardship described in WAC 173-14-150(3)(a) above is specifically related to the property, and is the result of unique conditions such as irregular lot shape, size, or natural features and the application of the master program, and not, for example, from deed restrictions or the applicant's own actions.
- (c) That the design of the project will be compatible with other permitted activities in the area and will not cause adverse effects to adjacent properties or the shoreline environment designation.
- (d) That the requested variance will not constitute a grant of special privilege not enjoyed by the other properties in the area, and will be the minimum necessary to afford relief.
- (e) That the public rights of navigation and use of the shorelines will not be adversely affected by the granting of the variance.
- (f) That the public interest will suffer no substantial detrimental effect.
- (4) In the granting of all variance permits, consideration shall be given to the cumulative impact of additional requests for like actions in the area. For example if variances were granted to other developments in the area where similar circumstances exist the total of the variances should also remain consistent with the policies of RCW 90.58.020 and should not produce substantial adverse effects to the shoreline environment.
- (5) Requests for varying the use to which a shoreline area is to be put are not variances, but rather conditional uses. Such requests shall be evaluated using the criteria set forth in WAC 173-14-140.

NEW SECTION

WAC 173-14-155 MINIMUM STANDARDS FOR CONDITIONAL USE AND VARIANCE PERMITS. Pursuant to RCW

90.58.100(5) and 90.58.140(3), the criteria contained in WAC 173-14-140 and 173-14-150 for shoreline conditional use and variance permits shall constitute the minimum criteria for review of these permits by local government and the department. Local government and the department may, in addition, apply the more restrictive criteria where it exists in approved and adopted master programs.

AMENDATORY SECTION (Amending Order DE 78-7, filed 6/14/78)

WAC 173-14-180 REGULATORY ORDERS BY LOCAL GOVERNMENT OR THE DEPARTMENT. (1) Local government and the department shall have the authority to serve upon a person undertaking, or about to undertake development as defined in RCW 90.58.030(3)(d), a regulatory order if:

- (a) The development constitutes an integral part of a project being undertaken, or about to be undertaken, on the shorelines of the state in the absence of a substantial development, conditional use, or variance permit; or
- (b) The development being undertaken, although an integral part of a project approved by an existing, valid substantial development, conditional use, or variance permit is outside the scope and intent of said permit; or
- (c) The development being undertaken on the shorelines of the state is in violation of chapter 90.58 RCW, and/or one of the following:
- (i) Prior to the formal adoption or approval by the department of a master program for the area, the guidelines and regulations of the department, and so far as can be ascertained, the master program being developed for the area.
- (ii) Thereafter this regulation of the department and the adopted or approved master program for the area.
 - (2) The regulatory order shall set forth or contain:
- (a) The specific nature, extent and time of violation, and the damage or potential damage;
- (b) An order that the violation or the potential violation cease and desist or, in appropriate cases, the specific corrective action to be taken within a specific and reasonable time((; and
- (c) The right of the person to whom the order is directed to a hearing before the shorelines hearings board)).
- (3) A regulatory order issued pursuant hereto shall become effective immediately upon receipt by the person to whom the order is directed ((and shall become final unless review is requested pursuant to WAC 173-14-190)).

REPEALER

The following section of the Washington Administrative Code is repealed:

WAC 173-14-190 HEARINGS ON REGULATORY ORDERS.

WSR 80-16-069 PROPOSED RULES PUBLIC DISCLOSURE COMMISSION

Dated: November 5, 1980 By: Graham E. Johnson Administrator

STATEMENT OF PURPOSE

Title: WAC 390-20-144 Registration and Reporting by

Lobbyist Organizations.

Description of purpose: Enhance public's right to know about the financing of lobbying efforts.

Statutory authority: RCW 42.17.150.

Summary of rule: Provides for consolidated reporting by contract lobbyist firms with several lobbyists for same

Reasons supporting proposed action: The public's right to know is frustrated when several individual lobbyist files must be searched to determine how much money is being spent by a client.

Agency personnel responsible for:

Drafting: David R. Clark, Assistant Administrator, 753-

Implementation: Graham E. Johnson, Administrator, 753-

Enforcement: Graham E. Johnson, Administrator, 753-1111.

Person or organization proposing rule, and whether public,

private, or governmental: PDC staff.

Agency comments or recommendations regarding statutory language, implementation, enforcement, fiscal matters: [No information supplied by agency].

Whether rule is necessary as result of federal law or federal or state court action: No.

NEW SECTION

WAC 390-20-144 REGISTRATION AND REPORTING BY LOBBYIST ORGANIZATIONS. (1) Registration. Any firm, company, association or similar organization required to register as a lobbyist shall file one registration statement (PDC form L-1) for each employer in whose behalf the organization will lobby.

(a) The lobbying organization will attach to the registration statement a photo and the biographical information required by RCW 42-.17.155 (page 3 of the L-1 form) for each individual agent of the organization who is authorized to lobby for that particular employer.

(b) If the agent is authorized to lobby for several employers, only

one photo and biographical sheet need be submitted.

(2) Monthly Expenditure Reports. One monthly expenditure report (PDC form L-2) shall be submitted showing all expenditures made by the organization and its agents. It is unnecessary to prorate or attribute expenditures to individual agents of the organization. However, expenditures for entertainment exceeding \$25 per occasion shall identify the individual agent(s) who were present at the occasion. The L-2 report shall be signed by the president or chief executive officer of the lobbying organization.

(3) Termination of Authority to Lobby. If any individual agent of the organization ceases to lobby or the organization terminates that agent's authority to lobby, the organization shall notify PDC in writing

or by notation on the L-2 report of the termination.
