EMERGENCY RULES
DEPARTMENT OF
SOCIAL AND HEALTH SERVICES
(Economic Services Administration)

[Filed September 29, 2008, 8:47 a.m., effective October 1, 2008]

Effective Date of Rule: October 1, 2008.

Purpose: The division of child support (DCS) is adopting new and amended sections of chapter 388-14A WAC to implement state legislation that implements the federal Deficit Reduction Act of 2005 (DRA). These new and amended WAC sections will implement RCW 26.23.035 and 74.20.330. These statutes will affect the public assistance assignment and the rules concerning the distribution of child support collections. These changes will take effect on October 1, 2008. The overall effect of these rules will be to direct more money to families.

DCS has already filed the preproposal statement of inquiry to start the regular rule-making process for these rules (WSR 08-06-089). The draft rules will soon go out for review, and DCS plans to file the CR-102, notice of proposed rule making, as soon as the review is over. We anticipate filing the CR-102 in early October 2008. These emergency rules are necessary until the regular rule-making process is completed.

Amending WAC 388-14A-1020 What definitions apply to the rules regarding child support enforcement?, 388-14A-2036 What does assigning my rights to support mean?, 388-14A-2037 What are permanently assigned arrears?, 388-14A-2038 What are temporarily assigned arrears?, 388-14A-5000 ((How does the division of child support distribute support payments)) What is the difference between distribution and disbursement of child support collections?, 388-14A-5001 What procedures does DCS follow to distribute support ((payments)) collections?, 388-14A-5002 How does DCS distribute support ((money)) collections in a nonassistance case?, 388-14A-5003 How does DCS distribute ((money)) support collections in an assistance case?, 388-14A-5004 How does DCS distribute ((money)) support collections in a former assistance case?, 388-14A-5005 How does DCS distribute ((intercepted)) federal ((income)) tax refund((s)) offset collections?, 388-14A-5006 How does DCS distribute support ((money)) collections when the paying parent has more than one case?, 388-14A-5010 How does the division of child support ((handle)) distribute ((intercepted)) federal ((income)) tax refund((s)) offset collections from ((a)) joint returns?, and 388-14A-5100 ((What kind of distribution notice does the division of child support send)) How does the division of child support notify the custodial parent about support collections?; and new sections WAC 388-14A-2039 What are conditionally assigned arrears? and 388-14A-5015 What is a pass-through payment?

Citation of Existing Rules Affected by this Order: Amending WAC 388-14A-1020, 388-14A-2036, 388-14A-2037, 388-14A-2038, 388-14A-5000, 388-14A-5001, 388-14A-5002, 388-14A-5003, 388-14A-5004, 388-14A-5005, 388-14A-5006, 388-14A-5010, and 388-14A-5100.

Statutory Authority for Adoption: RCW 26.23.035 and 74.20.330.

Under RCW 34.05.350 the agency for good cause finds that state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this Finding: DCS must have these rules in effect under RCW 26.23.035 and 74.20.330, which implement the federal DRA, in order to remain in compliance with its state plan under Title IV-D of the federal Social Security Act. DCS must be able to implement these federal and state statutes by October 1, 2008, or risk loss of federal funds for noncompliance.

WAC 388-14A-5000 ((How does the division of child support distribute support payments)) What is the difference between distribution and disbursement of child support collections? (1) ((Under state and federal law, the division of child support (DCS) distributes support money it collects or receives to the:

(a) Department when the department provides or has provided public assistance payments for the support of the family;

(b) Payee under the order, or to the custodial parent (CP) of the child according to WAC 388-14A-5050;

(c) Child support enforcement agency in another state or foreign country which submitted a request for support enforcement services;

(d) Indian tribe which has a TANF program, child support program and/or a cooperative agreement regarding the delivery of child support services;

(e) Person or entity making the payment when DCS is unable to identify the person to whom the support money is payable after making reasonable efforts to obtain identification information)) Distribution of child support collections refers to how the division of child support (DCS) applies or allocates collections within a child support case or between child support cases.

(2) ((DCS distributes support based on the date of collection. DCS considers the date of collection to be the date that DCS receives the payment, no matter when the payment was withheld from the noncustodial parent (NCP)) Disbursement of child support collections refers to how DCS sends out or pays support collections to the appropriate recipient.

(3) ((If DCS is unable to distribute support money because the location of the family or person is unknown, it must exercise reasonable efforts to locate the family or person. When the family or person cannot be located, DCS handles the money in accordance with chapter 63.29 RCW, the Uniform Unclaimed Property Act)) WAC 388-14A-5001

through 388-14A-5015 explain how DCS distributes and disburses child support collections.

~~((4) WAC 388-14A-5000 and sections WAC 388-14A-5001 through 388-14A-5008 contain the rules for distribution of support money by DCS.~~

~~(5) DCS changes the distribution rules based on changes in federal statutes and regulations.~~

~~(6) DCS uses the fee retained under WAC 388-14A-2200 to offset the fee amount charged by the federal government for IV-D cases that meet the fee criteria in WAC 388-14A-2200(1).))~~

AMENDATORY SECTION (Amending WSR 05-06-014, filed 2/22/05, effective 3/25/05)

WAC 388-14A-5001 What procedures does DCS follow to distribute support ((payments)) collections? (1) When distributing support ((money)) collections, the division of child support (DCS) ~~((does the following):~~

~~(1) Records payments)) records collections~~ in exact amounts of dollars and cents(±).

(2) DCS distributes support ((money)) collections within two days of the date DCS receives the ((money)) collection, unless DCS is unable to distribute the ((payment)) collection for one or more of the following reasons:

(a) The location of the payee is unknown;

(b) DCS does not have sufficient information to identify the accounts against which or to which it should ((apply)) distribute the money;

(c) An action is pending before a court or agency which has jurisdiction over the issue to determine whether child support ((money)) is owed or how DCS should distribute the ((money)) collection.

(d) DCS receives prepaid child support ((money)) and is holding it for distribution in future months under subsection (2)(e) of this section;

(e) DCS mails a notice of intent to distribute support money to the custodial parent (CP) under WAC 388-14A-5050;

(f) DCS may hold funds and not issue a check to the family for amounts under one dollar. DCS must give credit for the ((payment)) collection, but may delay disbursement of that amount until a future ((payment)) collection is received which increases the amount of the ((payment)) disbursement to the family to at least one dollar. If no future ((payments)) collections are received which increase the ((payment)) disbursement to the family ((to)) to at least one dollar, DCS transfers the amount to the department of revenue under RCW 63.29.130. This subsection does not apply to disbursements which can be made by electronic funds transfer (EFT), or to refunds of ((intercepted)) federal ((income)) tax refund((s)) offset collections; or

(g) Other circumstances exist which make a proper and timely distribution of the ((money)) collection impossible through no fault or lack of diligence of DCS.

(3) ((Distribute)) DCS distributes support ((money)) collections based on the date DCS receives the ((money)) collection, except as provided under WAC 388-14A-5005. DCS distributes support collections based on the date of collection. DCS considers the date of collection to be the date that DCS

receives the ((payment)) support collection, no matter when the ((payment)) money was withheld from the noncustodial parent (NCP).

(4) Under state and federal law, the division of child support (DCS) disburses support collections to the:

(a) Department when the department provides or has provided public assistance payments for the support of the family;

(b) Payee under the order, or to the custodial parent (CP) of the child according to WAC 388-14A-5050;

(c) Child support enforcement agency in another state or foreign country which submitted a request for support enforcement services;

(d) Indian tribe which has a TANF program, child support program and/or a cooperative agreement regarding the delivery of child support services;

(e) Persons or entity making the payment when DCS is unable to identify the person to whom the support is payable after making reasonable efforts to obtain identification information.

(5) If DCS is unable to disburse a support collection because the location of the family or person is unknown, it must exercise reasonable efforts to locate the family or person. When the family or person cannot be located, DCS handles the collection in accordance with chapter 63.29 RCW, the uniform unclaimed property act.

(6) WAC 388-14A-5000 through 388-14A-5015 contain the rules for the distribution of support collections by DCS.

(7) DCS changes the distribution rules based on changes in federal statutes and regulations.

This section deals with the issues that arise when the Secretary of the Treasury intercepts a tax refund based on a joint tax return filed by a noncustodial parent (NCP) and the NCP's spouse who does not owe child support.

(2) When the Secretary of the Treasury, through the federal Office of Child Support Enforcement (OCSE), notifies DCS that a ((payment)) collection on behalf of an NCP is from an intercepted tax refund based on a joint return, DCS may ((delay distribution of)) distribute fifty percent of that ((payment)) collection and hold the remainder for up to six months in case the NCP's spouse is entitled to a share of the federal ((income)) tax refund.

(3) DCS distributes fifty percent of the ((payment)) collection according to WAC 388-14A-5005.

(4) DCS holds the other fifty percent of the ((payment)) collection in suspense until the earlier of the following:

(5) ((When)) After DCS holds part of a ((payment)) collection under subsection (4) of this section, DCS ((applies)) distributes the remainder of the ((payment)) collection to the NCP's ((back)) support obligations if DCS is not required to return the unobligated spouse's portion of the refund. EMERGENCY RULES

DEPARTMENT OF

FISH AND WILDLIFE

[Order 08-259—Filed October 2, 2008, 4:06 p.m., effective October 6, 2008]

Effective Date of Rule: October 6, 2008.

Purpose: Amend commercial fishing rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-52-07100S; and amending WAC 220-52-071.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Harvestable amounts of sea cucumbers are available in the sea cucumber districts listed. Prohibition of all diving within two days of scheduled sea cucumber openings discourages the practice of fishing on closed days and hiding the unlawful catch underwater until the legal opening. There is insufficient time to promulgate permanent rules.

[Order 08-258—Filed October 3, 2008, 10:25 a.m., effective October 4, 2008]

Effective Date of Rule: October 4, 2008.

Purpose: Amend personal use fishing rules.

Citation of Existing Rules Affected by this Order: Amending WAC 232-28-619.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The fishery will reduce the number of excess hatchery-origin steelhead and increase the proportion of natural-origin steelhead on the spawning grounds and is expected to improve genetic integrity and stock recruitment of upper Columbia River steelhead through perpetuation of steelhead stocks with the greatest natural-origin lineage. There is insufficient time to promulgate permanent rules.

EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE**

[Order 08-257—Filed October 6, 2008, 3:12 p.m., effective October 7, 2008, 6:00 a.m.]

Effective Date of Rule: October 7, 2008, 6:00 a.m.

Purpose: The purpose of this rule making is to provide for treaty Indian fishing opportunity in the Columbia River while protecting salmon listed as threatened or endangered under the Endangered Species Act. This rule making implements federal court orders governing Washington's relationship with treaty Indian tribes and federal law governing Washington's relationship with Oregon.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-32-05100F; and amending WAC 220-32-051.

Statutory Authority for Adoption: RCW 77.04.130, 77.12.045, and 77.12.047.

Other Authority: *United States v. Oregon*, Civil No. 68-513-KI (D. Or.), Order Adopting 2008-2017 *United States v. Oregon Management Agreement* (Aug. 12, 2008) (Doc. No. 2546); *Puget Sound Gillnetters Ass'n v. Moos*, 92 Wn.2d 939, 603 P.2d 819 (1979); *State v. James*, 72 Wn.2d 746, 435 P.2d 521 (1967); 40 Stat. 515 (Columbia River compact).

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest; and that state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this Finding: Sets an additional week of treaty Indian commercial fishing and continues sales of fish caught in Drano Lake by enrolled Yakama Nation tribal members. The Group B Index steelhead runsize was updated by the TAC on October 6, 2008. The current estimate is for a runsize of 99,700 fish, compared to the preseason projection of 49,700 Group B steelhead. This increase in runsize does allow for additional harvest based on the *US v. Oregon Management Agreement*. Impacts for ESA listed upriver bright chinook (URBs) also remain. Harvest is expected to remain within the allocation and guidelines of the 2008-2017 management agreement. Rule is consistent with action of the Columbia River compact on October 6, 2008. Conforms state rules with tribal rules. There is insufficient time to promulgate permanent regulations.

New regulations for 2008 include fisheries that are described in the MOA between Washington state and Yakama Nation. Yakama Nation tribal members will be allowed to fish for subsistence purposes within a specific area of the Washington shoreline below Bonneville Dam when open for enrolled Yakama Nation members under lawfully

enacted Yakama Nation tribal subsistence fisheries. Sales will be allowed when the open fishery is concurrent with either commercial gillnet openings or platform gear in Zone 6 (SMCRA 1F, 1G, 1H). Sales of fish caught in this fishery are consistent with mainstem Zone 6 (SMCRA 1F, 1G, 1H) allowable sales, with the exception of sturgeon (which may not be sold or kept for subsistence purposes).

The Yakama, Warm Springs, Umatilla, and Nez Perce Indian tribes have treaty fishing rights in the Columbia River and inherent sovereign authority to regulate their fisheries. Washington and Oregon also have some authority to regulate fishing by treaty Indians in the Columbia River, authority that the states exercise jointly under the congressionally ratified Columbia River compact. *Sohappy v. Smith*, 302 F. Supp. 899 (D. Or. 1969). The tribes and the states adopt parallel regulations for treaty Indian fisheries under the supervision of the federal courts. Some salmon and steelhead stocks in the Columbia River are listed as threatened or endangered under the federal Endangered Species Act. Columbia River fisheries are monitored very closely to ensure consistency with court orders and Endangered Species Act guidelines. Because conditions change rapidly, the fisheries are managed almost exclusively by emergency rule. As required by court order, the Washington (WDFW) and Oregon (ODFW) departments of fish and wildlife convene public hearings and invite tribal participation when considering proposals for new emergency rules affecting treaty fishing rights. *Sohappy*, 302 F. Supp. at 912. WDFW and ODFW then adopt regulations reflecting agreements reached. There is insufficient time to promulgate permanent rules.

EMERGENCY RULES

DEPARTMENT OF FISH AND WILDLIFE

[Order 08-262—Filed October 8, 2008, 3:31 p.m., effective October 8, 2008, 7:00 p.m.]

Effective Date of Rule: October 8, 2008, 7:00 p.m.

Purpose: The purpose of this rule making is to allow nontreaty commercial fishing opportunity in the Columbia River while protecting fish listed as threatened or endangered under the Endangered Species Act. This rule making implements federal court orders governing Washington's relationship with treaty Indian tribes, federal law governing Washington's relationship with Oregon, and Washington fish and wildlife commission policy guidance for Columbia River fisheries.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-33-01000T; and amending WAC 220-33-010.

Statutory Authority for Adoption: RCW 77.04.130, 77.12.045, and 77.12.047.

Other Authority: *United States v. Oregon*, Civil No. 68-513-KI (D. Or.), Order Adopting 2008-2017 *United States v. Oregon Management Agreement* (Aug. 12, 2008) (Doc. No. 2546); *Northwest Gillnetters Ass'n v. Sandison*, 95 Wn.2d 638, 628 P.2d 800 (1981); Washington fish and wildlife commission policies concerning Columbia River fisheries; 40 Stat. 515 (Columbia River compact).

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest; and that state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this Finding: Sets additional late fall commercial chinook seasons in Zones 4-5 to protect Lewis River fall chinook and allow harvest on healthy chinook populations. The upriver bright run size has been upgraded to 212,500 at the mouth of the Columbia River, which allows non-Indian fisheries to harvest up to 11% of the run. The seasons are consistent with the 2008-2017 management agreement and the 2008 non-Indian salmon allocation agreement. Harvestable salmon and sturgeon remain available. The regulation is consistent with compact action of July 22 and October 7, 2008. There is insufficient time to promulgate permanent rules.

Washington and Oregon jointly regulate Columbia River fisheries under the congressionally ratified Columbia River compact. Four Indian tribes have treaty fishing rights in the Columbia River. The treaties preempt state regulations that fail to allow the tribes an opportunity to take a fair share of the available fish, and the states must manage other fisheries accordingly. *Sohappy v. Smith*, 302 F. Supp. 899 (D. Or. 1969). A federal court order sets the current parameters for sharing between treaty Indians and others. *United States v. Oregon*, Civil No. 68-513-KI (D. Or.), Order Adopting 2005-2007 Interim Management Agreement For Upriver Chinook, Sockeye, Steelhead, Coho & White Sturgeon (May 11, 2005) (Doc. No. 2407).

Some Columbia River basin salmon and steelhead stocks are listed as threatened or endangered under the federal Endangered Species Act. The National Marine Fisheries Service has issued biological opinions under 16 U.S.C. § 1536 that allow for some incidental take of these species in treaty and nontreaty Columbia River fisheries. The Washington and Oregon fish and wildlife commissions have developed policies to guide the implementation of these biological opinions in the states' regulation of nontreaty fisheries. Columbia River nontreaty fisheries are monitored very closely to ensure compliance with federal court orders, the Endangered Species Act, and commission guidelines. Because conditions change rapidly, the fisheries are managed almost exclusively by emergency rule. Representatives from the Washington (WDFW) and Oregon (ODFW) departments of fish and wildlife convene public hearings and take public testimony when considering proposals for new emergency rules. WDFW and ODFW then adopt regulations reflecting agreements reached.

EMERGENCY RULES

EMPLOYMENT SECURITY DEPARTMENT

[Filed October 9, 2008, 1:08 p.m., effective October 9, 2008, 1:08 p.m.]

Effective Date of Rule: Immediately.

Purpose: The rule will implement SSB 6751, adopted by the 2008 legislature, which establishes good cause for individuals who quit work to enter an approved apprenticeship training program. The rule describes the conditions under which the amended law applies and defines terms.

Statutory Authority for Adoption: RCW 50.12.010, 50.12.040, 50.20.010.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The legislation took effect on June 12, 2008. A CR-102 proposed rule making order has been filed concerning this rule but there was insufficient time between the effective date of the legislation and the expiration of the first emergency rule to complete the rule-making process. The rule is necessary to clarify eligibility for unemployment benefits of individuals who quit work to enter apprenticeship training.

NEW SECTION

WAC 192-150-160 Entering approved apprenticeship training—RCW 50.20.050 (2)(b)(xi). (1) Effective

date. RCW 50.20.050 (2)(b)(xi) and this section apply to job separations that occur on or after June 12, 2008.

(2) **Application.** This section applies only if you quit work to enter into related/supplemental (classroom) instruction that is part of an apprenticeship program. If you quit work to begin employment for an employer who is a party to an apprenticeship agreement, the department will review the separation under RCW 50.20.050 (2)(b)(i) and WAC 192-150-050 to determine if you left work to accept a bona fide job offer.

(3) **Definitions.** For purposes of this chapter:

(a) "To enter" means to begin participation in the apprenticeship program.

(i) The term "to enter" includes:

(A) Apprentices who accept temporary work with an employer who is not a party to the apprenticeship agreement and quit work to re-enter training.

(B) Apprentices who quit work for a participating employer to enter a different apprenticeship program.

(ii) The term "to enter" does not include:

(A) Claimants applying for an apprenticeship program who at the time of quitting work are not enrolled in apprenticeship or pre-apprenticeship training. Their eligibility for benefits will be reviewed under RCW 50.20.050(2).

(B) Current apprentices who temporarily stop work for a participating employer to attend related/supplemental instruction that is a required component of their apprenticeship agreement. Claimants in this situation are considered to be on temporary layoff from work. Their eligibility for commissioner approved training will be reviewed under WAC 192-200-020(3).

(b) "Active participation" means attending classes or engaging in other activities that are part of the related/supplemental instruction.

(c) The terms "apprentice," "apprenticeship agreement," "apprenticeship program," "approved," and "related/supplemental instruction" have the meanings described in WAC 296-05-003.

(4) **Establishing good cause.** If you quit work to enter an apprenticeship program, you will have good cause within the meaning of RCW 50.20.050 (2)(b)(xi) if you satisfactorily demonstrate that:

(a) You are entering an apprenticeship program approved by the Washington state apprenticeship training council;

(b) Prior to leaving work, you had a confirmed start date for related/supplemental instruction; and

(c) You continued in your employment for as long as was reasonably consistent with whatever arrangements were necessary to begin the related/supplemental instruction. In any event, you will not be eligible for benefits until the week prior to the week the related/supplemental instruction begins.

EMERGENCY RULES

[Order 08-263—Filed October 10, 2008, 2:59 p.m., effective October 13, 2008]

Effective Date of Rule: October 13, 2008.

Purpose: Amend commercial fishing rules.

Citation of Existing Rules Affected by this Order:
Repealing WAC 220-52-07100T; and amending WAC 220-52-071.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Harvestable amounts of sea cucumbers are available in the sea cucumber districts listed. Prohibition of all diving within two days of scheduled sea cucumber openings discourages the practice of fishing on closed days and hiding the unlawful catch underwater until the legal opening. There is insufficient time to promulgate permanent rules.

[Order 08-268—Filed October 14, 2008, 3:12 p.m., effective October 16, 2008, 12:01 p.m.]

Effective Date of Rule: October 16, 2008, 12:01 p.m.

Purpose: Amend personal use fishing rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-56-36000N; and amending WAC 220-56-360.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Survey results show that adequate clams are available for harvest in Razor Clam Areas 1, 2 and those portions of Razor Clam Area 3 opened for harvest. Washington department of health has certified clams from these beaches to be safe for human consumption. There is insufficient time to promulgate permanent rules.

Effective Date of Rule: Immediately.

Purpose: Amend personal use fishing rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 232-28-61900K; and amending WAC 232-28-619.

Statutory Authority for Adoption: RCW 77.12.047.

Reasons for this Finding: Preliminary efforts to provide a salmon fishery based on hatchery reared triploid summer chinook stocking have been successful. However, this fishery is in its infancy, much information concerning abundance and fish origin is needed to guide future management decisions. This fishery was previously opened with a one fish limit. This regulation increases the limit to two fish and is designed to evaluate catch rates of chinook present in the lake. There is insufficient time to promulgate permanent rules.

EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE**

[Order 08-270—Filed October 15, 2008, 2:09 p.m., effective October 15, 2008, 6:00 p.m.]

Effective Date of Rule: October 15, 2008, 6:00 p.m.

Purpose: The purpose of this rule making is to allow nontreaty commercial fishing opportunity in the Columbia River while protecting fish listed as threatened or endangered under the Endangered Species Act. This rule making implements federal court orders governing Washington's relationship with treaty Indian tribes, federal law governing Washington's relationship with Oregon, and Washington fish and wildlife commission policy guidance for Columbia River fisheries.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-33-01000U; and amending WAC 220-33-010.

Statutory Authority for Adoption: RCW 77.04.130, 77.12.045, and 77.12.047.

Other Authority: *United States v. Oregon*, Civil No. 68-513-KI (D. Or.), Order Adopting 2008-2017 *United States v. Oregon Management Agreement* (Aug. 12, 2008) (Doc. No. 2546); *Northwest Gillnetters Ass'n v. Sandison*, 95 Wn.2d 638, 628 P.2d 800 (1981); Washington fish and wildlife commission policies concerning Columbia River fisheries; 40 Stat. 515 (Columbia River compact).

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest; and that state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this Finding: Sets additional late fall commercial fishing seasons in the mainstem Columbia River to maximize harvest of healthy hatchery salmon, and reduce handle of ESA - listed salmon and steelhead. The upriver bright chinook run size has been upgraded to 224,400 at the mouth of the Columbia River, which allows non-Indian fisheries to harvest up to 11% of the run. In addition, Columbia River coho returns are greater than expected, with inseason estimates totaling 450,000 coho compared to the preseason estimate of less than 200,000 coho. The seasons are consistent with the 2008-2017 management agreement and the 2008 non-Indian salmon allocation agreement and pose minimal risk at exceeding ESA constraints. Harvestable salmon and sturgeon remain available. The regulation is consistent with compact action of July 22 and October 14, 2008. There is insufficient time to promulgate permanent rules.

Washington and Oregon jointly regulate Columbia River fisheries under the congressionally ratified Columbia River compact. Four Indian tribes have treaty fishing rights in the Columbia River. The treaties preempt state regulations that fail to allow the tribes an opportunity to take a fair share of the available fish, and the states must manage other fisheries accordingly. *Sohappy v. Smith*, 302 F. Supp. 899 (D. Or. 1969). A federal court order sets the current parameters for sharing between treaty Indians and others. *United States v. Oregon*, Civil No. 68-513-KI (D. Or.), Order Adopting 2005-2007 Interim Management Agreement For Upriver Chinook, Sockeye, Steelhead, Coho and White Sturgeon (May 11, 2005) (Doc. No. 2407).

Some Columbia River Basin salmon and steelhead stocks are listed as threatened or endangered under the federal Endangered Species Act. The National Marine Fisheries Service has issued biological opinions under 16 U.S.C. § 1536 that allow for some incidental take of these species in treaty and nontreaty Columbia River fisheries. The Washington and Oregon fish and wildlife commissions have developed policies to guide the implementation of these biological opinions in the states' regulation of nontreaty fisheries. Columbia River nontreaty fisheries are monitored very closely to ensure compliance with federal court orders, the Endangered Species Act, and commission guidelines. Because conditions change rapidly, the fisheries are managed

almost exclusively by emergency rule. Representatives from the Washington (WDFW) and Oregon (ODFW) departments of fish and wildlife convene public hearings and take public testimony when considering proposals for new emergency rules. WDFW and ODFW then adopt regulations reflecting agreements reached.

REPEALER

EMERGENCY RULES
PUBLIC EMPLOYMENT
RELATIONS COMMISSION

[Filed October 16, 2008, 9:04 a.m., effective October 16, 2008, 9:04 a.m.]

Effective Date of Rule: Immediately.

Purpose: In 2007, the legislature amended RCW 41.56.070 to allow collective bargaining agreements between cities, counties, school districts, and other municipal corporations and their represented employees to provide for a term of up to six years. The law previously allowed a maximum term of three years. Adopted in 1980 and last amended in 2001, WAC 391-25-030 establishes the timing for the filing of representation petition, and recognizes that under RCW 41.56.070, a collective bargaining agreement only operates as a "bar" to a representation election for three years. This is known as the contract bar doctrine. The amendment to WAC 391-25-030 conforms the existing rule to the 2007 statutory change by recognizing that for cities, counties, school districts and other municipal corporations, collective bargaining agreements may be up to six years in length, and as a result, operate as a contract bar to a representation election for up to six years.

Citation of Existing Rules Affected by this Order:
Amending WAC 391-25-030.

Statutory Authority for Adoption: RCW 28B.52.080, 41.56.050, 41.56.060, 41.56.070, 41.56.090, 41.58.050, 41.59.070, 41.59.080, 41.59.110, 41.76.020, 41.76.060, 41.80.070, 41.80.080.

Under RCW 34.05.350 the agency for good cause finds that state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this Finding: RCW 41.56.070 amended the maximum term for collective bargaining agreements between cities, counties, and other municipal corporations. The proposed change is necessary to clarify ongoing confusion recently expressed by clientele between the amended statute and the rule in its current form.

AMENDATORY SECTION (Amending WSR 01-14-009, filed 6/22/01, effective 8/1/01)

WAC 391-25-030 Petition—Time for filing. (1) A "contract bar" exists while a valid collective bargaining agreement is in effect, so that a petition involving any or all of the employees covered by the agreement will be timely

only if it is filed during the "window" period not more than ninety nor less than sixty days prior to the stated expiration date of the collective bargaining agreement.

(a) To constitute a valid collective bargaining agreement for purposes of this subsection:

(i) The agreement must cover a bargaining unit that is appropriate under the terms of the applicable statute;

(ii) The agreement must be in writing, and signed by the parties' representatives;

(iii) The agreement must contain a fixed expiration date not less than ninety days after it was signed; and

(iv) The agreement will only operate as a bar for the first three years after its effective date, except that any agreement entered into between school districts, cities, counties or municipal corporations and their represented employees will only operate as a bar for the first six years after its effective date.

(b) An agreement to extend or replace a collective bargaining agreement shall not bar a petition filed in the "window" period of the previous agreement.

(c) A "protected" period is in effect during the sixty days following a "window" period in which no petition is filed, and a successor agreement negotiated by the employer and incumbent exclusive bargaining representative during that period will bar a petition under this chapter. If the filing and withdrawal or dismissal of a petition under this chapter intrudes upon the protected period, the employer and incumbent exclusive bargaining representative shall be given a sixty-day protected period commencing on the date the withdrawal or dismissal is final.

(2) A "certification bar" exists where a certification has been issued by the agency, so that a petition involving the same bargaining unit or any subdivision of that bargaining unit will only be timely if it is filed:

(a) More than twelve months following the date of the certification of an exclusive bargaining representative; or

(b) More than twelve months following the date of the latest election or cross-check in which the employees failed to select an exclusive bargaining representative.

(3) Where neither a "contract bar" nor a "certification bar" is in effect under this section, a petition may be filed at any time.

hospital bills will no longer be singled out, but will mirror the federal rule by eliminating specific references to hospital bills and amending the language regarding the prioritization of expenses.

Statutory Authority for Adoption: RCW 74.04.050, 74.08.090, 74.09.500.

Other Authority: 42 C.F.R. 435.831 (3)(e) and (f).

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest; and that state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this Finding: Some individuals may be adversely affected if this rule is not changed to mirror federal requirements. Adoption of the rule ensures compliance with federal requirements and continuation of federal funds.

EMERGENCY RULES

DEPARTMENT OF

SOCIAL AND HEALTH SERVICES

(Health and Recovery Services Administration)

[Filed October 16, 2008, 11:13 a.m., effective October 20, 2008]

Effective Date of Rule: October 20, 2008.

Purpose: The department has started the permanent rule-making process to amend this rule, but adopting an emergency rule in the interim is essential so the program is compliant with the federal regulations that allow both paid and unpaid medical expenses incurred by a client during the retroactive eligibility period to be applied towards the client's spenddown in the current eligibility period. Treatment of

period is made up of the)) to cover the time period up to three calendar months immediately prior to the month of application. This is called a retroactive base period.

(4) A base period may vary from the terms in subsections (1), (2), or (3) of this section if:

(a) A three month base period would overlap a previous eligibility period; or

(b) ~~((A client is not or will not be resource eligible for the))~~ The individual has countable resources which are over the applicable standard for any part of the required base period; or

(c) The ~~((client))~~ individual is not ~~((or will not be))~~ able to meet the ~~((TANF related or))~~ SSI-related requirement or other program requirements for the required base period; or

(d) The ~~((client))~~ individual is ~~((or will be))~~ eligible for categorically needy (CN) coverage for part of the required base period; or

(e) The ~~((client))~~ individual was not otherwise eligible for MN coverage for each of the months of the retroactive base period.

(5) The ~~((amount of a person's "spenddown"))~~ spend-down liability is calculated by the department. The MN countable income from each month of the base period is compared to the medically needy income limit (MNIL). ~~((The excess income from each of the months in the))~~ Income which is over the MNIL standard (based on the individual's household size) in each month in the base period is added together to determine the ~~((=))~~ total spenddown~~((=))~~ ~~((for the base period))~~ amount. The MNIL standard is found at http://www1.dshs.wa.gov/pdf/esa/manual/Standards_C_MedAsst_Chart.pdf.

(6) If household income varies and ~~((a person's))~~ an individual's MN countable income falls below the MNIL for one or more months, the difference is used to offset the excess income in other months of the base period. If this results in a spenddown amount of zero dollars and cents, see WAC 388-519-0100(5).

(7) ~~((Once a person's spenddown amount is known, their qualifying medical expenses are subtracted from that spenddown amount to determine the date of eligibility. The following medical expenses are used to meet spenddown:~~

~~((a) First, Medicare and other health insurance deductibles, coinsurance charges, enrollment fees, or copayments;~~

~~((b) Second, medical expenses which would not be covered by the MN program;~~

~~((c) Third, hospital expenses paid by the person during the base period;~~

~~((d) Fourth, hospital expenses, regardless of age, owed by the applying person;~~

~~((e) Fifth, other medical expenses, potentially payable by the MN program, which have been paid by the applying person during the base period; and~~

~~((f) Sixth, other medical expenses, potentially payable by the MN program which are owed by the applying person))~~ If income decreases, the department approves CN coverage for each month in the base period where the individual's countable income and resources are equal to or below the applicable CN standards. Children under the age of nineteen and pregnant women who become CN eligible in any month of the base period remain continuously eligible for CN coverage

for the remainder of the certification even if there is a subsequent increase in income.

~~((8) ((If a person meets the spenddown obligation at the time of application, they are eligible for MN medical coverage for the remainder of the base period. The beginning date of eligibility would be determined as described in WAC 388-416-0020))~~ Once an individual's spenddown amount has been determined, qualifying medical expenses are deducted. To be considered a qualifying medical expense, the expense:

(a) Must be an expense for which the individual is financially liable;

(b) Must not have been used to meet another spenddown;

(c) Must not be the confirmed responsibility of a third party. The department allows the entire expense if the third party has not confirmed its coverage within:

(i) Forty-five days of the date of service; or

(ii) Thirty days after the base period ends.

(d) Must be an incurred expense for the individual, if he or she is the applicant or:

(i) His or her spouse;

(ii) A family member, residing in the home of the individual, for whom the individual is financially responsible; or

(iii) A financially responsible relative.

(e) Must meet one of the following conditions:

(i) Be an unpaid liability at the beginning of the base period;

(ii) Be for medical services either paid or unpaid and incurred during the base period;

(iii) Be for medical services incurred and paid during the three month retroactive base period if eligibility for medical was not established in that base period. Paid expenses which meet this requirement may be applied towards the current base period; or

(iv) Be for paid or unpaid medical services and incurred during a previous base period, if it was necessary for the individual to make a payment due to delays in the certification for that base period.

(9) ~~((If a person's spenddown amount is not met at the time of application, they are not eligible until they present evidence of additional expenses which meets the spenddown amount))~~ An exception to the provisions in subsection (8) of this section exists for qualifying medical expenses which have been paid on behalf of the individual by a publicly administered program during the current base period. The department uses the qualifying medical expenses to meet the spenddown liability. To qualify for this exception the program:

(a) Must not be federally funded or make the payments from federally matched funds;

(b) Must not pay the expenses prior to the first day of the base period; and

(c) Must provide proof of the expenses paid on behalf of the individual.

(10) ~~((To be counted toward spenddown, medical expenses must:~~

~~((a) Not have been used to meet a previous spenddown; and~~

~~((b) Not be the confirmed responsibility of a third party. The entire expense will be counted unless the third party confirms its coverage within:~~

- (i) Forty-five days of the date of the service; or
- (ii) Thirty days after the base period ends; and
- (e) Meet one of the following conditions:

(i) Be an unpaid liability at the beginning of the base period and be for services for:

(A) The applying person; or

(B) A family member legally or blood-related and living in the same household as the applying person.

(ii) Be for medical services either paid or unpaid and incurred during the base period; or

(iii) Be for medical services paid and incurred during a previous base period if that client payment was made necessary due to delays in the certification for that base period.)

Once the department has determined that the expenses meet the definition of a qualified expense as defined in subsection (8) or (9) of this section, the expenses are subtracted from the spenddown liability to determine the date the individual is eligible for medical coverage to begin. Qualifying medical expenses are deducted in the following order:

(a) First, Medicare and other health insurance deductibles, coinsurance charges, enrollment fees, copayments and premiums which are the individual's responsibility under Medicare Part A, Part B, Part C or Part D. (Medical insurance premiums are income deductions under WAC 388-519-0100(3));

(b) Second, medical expenses incurred and paid by the individual during the three month retroactive base period if eligibility for medical was not established in that base period;

(c) Third, current payments on, or unpaid balance of, medical expenses incurred prior to the current base period which have not been used to establish eligibility for medical coverage in any other base period. The department sets no limit on the age of an unpaid expense; however, the expense must still be a current liability and be unpaid at the beginning of the base period;

(d) Fourth, other medical expenses which would not be covered by the department's medical programs, less any third party payments which apply to the charges. The allowable items or services must have been provided or prescribed by a licensed health care provider;

(e) Fifth, other medical expenses which have been incurred by the individual during the base period which are potentially payable by the MN program (less any confirmed third party payments which apply to the charges), even if payment is denied for these services because they exceed the department limits on amount, duration or scope of care. Scope of care is described in WAC 388-501-0060 and 388-501-0065; and

(f) Sixth, other medical expenses which have been incurred by the applying person during the base period which are potentially payable by the MN program (less any confirmed third party payments which apply to the charges) which are within the department limits on amount, duration or scope of care.

(11) ((An exception to the provisions in subsection (10) of this section exists. Medical expenses the person owes are applied to spenddown even if they were paid by or are subject to payment by a publicly administered program during the base period. To qualify, the program cannot be federally funded or make the payments of a person's medical expenses

from federally matched funds. The expenses do not qualify if they were paid by the program before the first day of the base period)) If an individual submits verification of qualifying medical expenses with their application which meets or exceeds the spenddown liability, he or she is eligible for MN medical coverage for the remainder of the base period unless their circumstances change. See WAC 388-418-0005 to determine which changes must be reported to the department. The beginning of eligibility is determined as described in WAC 388-416-0020.

(12) ((The following medical expenses which the person owes are applied to spenddown. Each dollar of an expense or obligation may count once against a spenddown cycle that leads to eligibility for MN coverage:

(a) Charges for services which would have been covered by the department's medical programs as described in WAC 388-501-0060 and 388-501-0065, less any confirmed third party payments which apply to the charges; and

(b) Charges for some items or services not typically covered by the department's medical programs, less any third party payments which apply to the charges. The allowable items or services must have been provided or prescribed by a licensed health care provider; and

(c) Medical insurance and Medicare copayments or coinsurance (premiums are income deductions under WAC 388-519-0100(4)); and

(d) Medical insurance deductibles including those Medicare deductibles for a first hospitalization in sixty days)) If an individual cannot meet the spenddown amount at the time he or she submits their application, they are not eligible until they provide proof of additional qualifying expenses which meet the spenddown liability.

(13) Each dollar of a qualifying medical expense may count once against a spenddown period that leads to eligibility for MN coverage. However, medical expenses may be used more than once ((if)) under the following circumstances:

(a) The ((person)) individual did not meet their total spenddown ((amount)) liability and ((did not become)) became eligible in ((that)) a previous base period and the bill remains unpaid; ((and)) or

(b) The medical expense was ((applied to that unsuccessful spenddown and remains an unpaid bill)) a bill incurred and paid within three months of the current application and the department could not establish eligibility for the individual in the retroactive base period.

(14) ((To be considered toward spenddown, written)) The individual is responsible to give the proof of qualifying medical expenses ((for services rendered to the client must be presented to the department)). The deadline for presenting medical expense information is thirty days after the base period ends unless there is a good ((cause)) reason for delay ((can be documented)).

(15) ((The medical expenses applied to the spenddown amount are the client's financial obligation and are not reimbursed by the department (see WAC 388-502-0100).

(16)) Once ((a person)) an individual meets ((their)) the spenddown ((and they are issued a medical identification card for MN coverage)) requirement and the certification begin date has been established, newly identified expenses

cannot be considered toward that spenddown unless there is a good reason for the delay in submitting the expense or there was department error in determining the correct begin date. ((Once the application is approved and coverage begins the beginning date of the certification period cannot be changed due to a clients failure to identify or list medical expenses.))

(16) Good cause reasons for delay in providing medical expense information to the department include, but are not limited to:

(a) The individual did not receive a timely bill from his or her medical provider or insurance company;

(b) The individual has medical issues which prevents him or her from submitting proof in a timely manner; or

(c) The individual meets the criteria for needing a supplemental accommodation under chapter 388-472 WAC.

(17) The department is not responsible to pay for any expense or portion of an expense which has been assigned to an individual's spenddown liability. If an expense is potentially payable under the MN program, and only a portion of the medical expense has been assigned to meet spenddown, the medical provider may not bill the individual for more than the amount which as assigned to the remaining spenddown liability. See WAC 388-502-0160 Billing a client.

(18) The department follows rules and methodologies described in WAC 388-502-0100 to determine whether any payment is due to the medical provider on medical expenses which have been partially assigned to meet a spenddown liability.

(19) If the medical expense assigned to spenddown was incurred outside of a period of MN eligibility, or if the expense is not the type that is covered by the department's medical assistance programs, the department is not responsible for any portion of the bill.

EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Order 08-271—Filed October 16, 2008, 1:06 p.m., effective October 16, 2008, 1:06 p.m.]

Effective Date of Rule: Immediately.

Purpose: Amend commercial fishing rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-52-05100I and 220-52-05100J; and amending WAC 220-52-051.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: The 2008 state/tribal shrimp harvest management plans for the Strait of Juan de Fuca and North Puget Sound require adoption of harvest seasons and the prohibition on night-time fishing contained in this emergency rule. This emergency rule closes the pot fishery season for nonpot shrimp and the beam trawl fishery in the remain-

ing catch areas of Puget Sound that are still open. These closures are necessary to protect egg-bearing females as per the Puget Sound shrimp management plans. There is insufficient time to promulgate permanent rules.

NEW SECTION

WAC 220-44-05000Y Coastal bottomfish catch limits. Notwithstanding the provisions of WAC 220-44-050, effective immediately until further notice:

(1) It is unlawful to possess, transport through the waters of the state, or land into any Washington port, bottomfish taken from Marine Fish-Shellfish Management and Catch Reporting Areas 58B, 59A-1, 59A-2, 60A-1, 60A-2, 61, 62, or 63, in excess of the amounts or less than the minimum sizes, or in violation of any gear, handling or landing requirement, established by the Pacific Fisheries Management Council and published in the Federal Register, Volume 73, Number 199, published on October 14, 2008. Therefore, persons must consult the federal regulations, which are incorporated by reference and made a part of Chapter 220-44 WAC. Where rules refer to the fishery management area, that area is

extended to include Washington State waters coterminous with the Exclusive Economic Zone.

(a) Effective immediately until further notice, it is unlawful to possess, transport through the waters of the state, or land into any Washington port, walleye pollock taken with trawl gear from Marine Fish-Shellfish Management and Catch Reporting Areas 58B, 59A-1, 59A-2, 60A-1, 60A-2, 61, 62, or 63, except by trawl vessels participating in the directed Pacific whiting fishery and the directed coastal groundfish fishery.

(b) Effective immediately until further notice, it is unlawful for trawl vessels participating in the directed Pacific whiting and/or the directed coastal groundfish fishery to land incidental catches of walleye pollock greater than forty percent of their total landing by weight, not to exceed 10,000 pounds.

(2) At the time of landing of coastal bottom fish into a Washington port, the fish buyer receiving the fish is required to clearly mark on the fish receiving ticket, in the space reserved for dealer's use, all legally defined trawl gear aboard the vessel at the time of delivery. The three trawl gear types are: midwater trawl, roller trawl, and small foot rope trawl (foot rope less than eight inches in diameter). The notation of the gear type(s) aboard the vessel is required prior to the signing of the fish receiving ticket by the vessel representative.

(3) Vessels engaged in chartered research for the National Marine Fisheries Service (NMFS) may land and sell bottomfish caught during that research without the catch being counted toward any trip or cumulative limit for the participating vessel. Vessels that have been compensated for research work by NMFS with an Exempted Fishing Permit (EFP) to land fish as payment for such research may land and sell fish authorized under the EFP without the catch being counted toward any trip or cumulative limit for the participating vessel. Any bottomfish landed during authorized NMFS research or under the authority of a compensating EFP for past chartered research work must be reported on a separate fish receiving ticket and not included on any fish receiving ticket reporting bottomfish landed as part of any trip or cumulative limit. Bottomfish landed under the authority of NMFS research work or an EFP compensating research with fish must be clearly marked "NMFS Compensation Trip" on the fish receiving ticket in the space reserved for dealer's use. The NMFS scientist in charge must sign the fish receiving ticket in the area reserved for dealer's use if any bottomfish are landed during authorized NMFS research. If the fish are landed under the authority of an EFP as payment for research work, the EFP number must be listed in the dealer's use space.

EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Order 08-273—Filed October 17, 2008, 1:39 p.m., effective October 20, 2008, 6:00 a.m.]

Effective Date of Rule: October 20, 2008, 6:00 a.m.

Purpose: The purpose of this rule making is to provide for treaty Indian fishing opportunity in the Columbia River while protecting salmon listed as threatened or endangered under the Endangered Species Act. This rule making implements federal court orders governing Washington's relationship with treaty Indian tribes and federal law governing Washington's relationship with Oregon.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-32-05100G; and amending WAC 220-32-051.

Statutory Authority for Adoption: RCW 77.04.130, 77.12.045, and 77.12.047.

Other Authority: *United States v. Oregon*, Civil No. 68-513-KI (D. Or.), Order Adopting 2008-2017 *United States v. Oregon Management Agreement* (Aug. 12, 2008) (Doc. No. 2546); *Puget Sound Gillnetters Ass'n v. Moos*, 92 Wn.2d 939, 603 P.2d 819 (1979); *State v. James*, 72 Wn.2d 746, 435 P.2d 521 (1967); 40 Stat. 515 (Columbia River compact).

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest; and that state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this Finding: Sets the ninth week of treaty Indian commercial gill net fishing and continues sales of fish caught in tributary fisheries by enrolled Yakama Nation tribal members and platform and hook and line fisheries in the mainstem Columbia River. Tribal members have expressed an interest in continuing the mainstem gill net fishery. Catch and effort is waning as salmon abundance and market quality continues to decline. Impact limits to ESA listed steelhead and upriver bright chinook remain available for treaty Indian fisheries. Harvest is expected to remain within the allocation and guidelines of the 2008-2017 management agreement. Rule is consistent with action of the Columbia River compact on October 16, 2008. Conforms state rules with tribal rules. There is insufficient time to promulgate permanent regulations.

New regulations for 2008 include fisheries that are described in the MOA between Washington state and Yakama Nation. Yakama Nation tribal members will be allowed to fish for subsistence purposes within a specific area of the Washington shoreline below Bonneville Dam when open for enrolled Yakama Nation members under lawfully enacted Yakama Nation tribal subsistence fisheries. Sales will be allowed when the open fishery is concurrent with either commercial gillnet openings or platform gear in Zone 6 (SMCRA 1F, 1G, 1H). Sales of fish caught in this fishery are consistent with mainstem Zone 6 (SMCRA 1F, 1G, 1H)

allowable sales, with the exception of sturgeon (which may not be sold or kept for subsistence purposes).

The Yakama, Warm Springs, Umatilla, and Nez Perce Indian tribes have treaty fishing rights in the Columbia River and inherent sovereign authority to regulate their fisheries. Washington and Oregon also have some authority to regulate fishing by treaty Indians in the Columbia River, authority that the states exercise jointly under the congressionally ratified Columbia River compact. *Sohappy v. Smith*, 302 F. Supp. 899 (D. Or. 1969). The tribes and the states adopt parallel regulations for treaty Indian fisheries under the supervision of the federal courts. Some salmon and steelhead stocks in the Columbia River are listed as threatened or endangered under the federal Endangered Species Act.

Columbia River fisheries are monitored very closely to ensure consistency with court orders and Endangered Species Act guidelines. Because conditions change rapidly, the fisheries are managed almost exclusively by emergency rule. As required by court order, the Washington (WDFW) and Oregon (ODFW) departments of fish and wildlife convene public hearings and invite tribal participation when considering proposals for new emergency rules affecting treaty fishing rights. *Sohappy*, 302 F. Supp. at 912. WDFW and ODFW then adopt regulations reflecting agreements reached. There is insufficient time to promulgate permanent rules.

Purpose: Amend commercial fishing rules.

Citation of Existing Rules Affected by this Order: Amending WAC 220-47-411.

EMERGENCY RULES
DEPARTMENT OF
SOCIAL AND HEALTH SERVICES

(Health and Recovery Services Administration)
[Filed October 17, 2008, 4:31 p.m., effective October 20, 2008]

Effective Date of Rule: October 20, 2008.

Purpose: The department has started the permanent rule-making process to amend this rule, but adopting an emergency rule in the interim is essential so the program is compliant with the federal regulations that allow both paid and unpaid medical expenses incurred by a client during the retroactive eligibility period to be applied towards the client's spenddown in the current eligibility period. Treatment of hospital bills will no longer be singled out, but will mirror the federal rule by eliminating specific references to hospital bills and amending the language regarding the prioritization of expenses.

Citation of Existing Rules Affected by this Order:
Amending WAC 388-519-0110.

Statutory Authority for Adoption: RCW 74.04.050, 74.08.090, 74.09.500.

Other Authority: 42 C.F.R. 435.831 (3)(e) and (f).

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest; and that state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this Finding: This emergency filing is necessary to correct the text in the emergency rule filed for WAC 388-519-0110 under WSR 08-21-100 on October 17, 2008. Some individuals may be adversely affected if this rule is not changed to mirror federal requirements. Adoption of the rule ensures compliance with federal requirements and continuation of federal funds. The department has initiated the permanent rule-making process with a preproposal statement of inquiry file[d] as WSR 08-19-032.

AMENDATORY SECTION (Amending WSR 06-24-036, filed 11/30/06, effective 1/1/07)

WAC 388-519-0110 Spenddown of excess income for the medically needy program. (1) The person applying for MN medical coverage chooses a three month or a six month base period for spenddown calculation. The months must be consecutive calendar months unless one of the conditions in subsection (4) of this section apply.

(2) A person's base period begins on the first day of the month of application, subject to the exceptions in subsection (4) of this section.

(3) A separate base period may be made for a retroactive period. The retroactive base period is made up of the three calendar months immediately prior to the month of application.

(4) A base period may vary from the terms in subsections (1), (2), or (3) of this section if:

(a) A three month base period would overlap a previous eligibility period; or

(b) A client is not or will not be resource eligible for the required base period; or

(c) The client is not or will not be able to meet the TANF-related or SSI-related requirement for the required base period; or

(d) The client is or will be eligible for categorically needy (CN) coverage for part of the required base period; or

(e) The client was not otherwise eligible for MN coverage for each of the months of the retroactive base period.

(5) The amount of a person's "spenddown" is calculated by the department. The MN countable income from each month of the base period is compared to the MNIL. The excess income from each of the months in the base period is added together to determine the "spenddown" for the base period.

(6) If income varies and a person's MN countable income falls below the MNIL for one or more months, the difference is used to offset the excess income in other months of the base period. If this results in a spenddown amount of zero dollars and cents, see WAC 388-519-0100(5).

(7) Once a person's spenddown amount is known, their qualifying medical expenses are subtracted from that spenddown amount to determine the date of eligibility. The following medical expenses are used to meet spenddown:

(a) First, Medicare and other health insurance deductibles, coinsurance charges, enrollment fees, or copayments;

(b) Second, medical expenses which would not be covered by the MN program;

(c) Third, (~~hospital expenses paid by the person during the base period~~) other medical expenses which were incurred and paid during the three month retroactive base period, if eligibility for medical was not established for that period;

(d) Fourth, (~~hospital expenses, regardless of age, owed by the applying person;~~

~~(e) Fifth,~~) other medical expenses, potentially payable by the MN program, which have been paid by the applying person during the current base period; and

~~((f) Sixth)~~ (e) Fifth, other medical expenses, potentially payable by the MN program which are owed by the applying person.

(8) If a person meets the spenddown obligation at the time of application, they are eligible for MN medical coverage for the remainder of the base period. The beginning date of eligibility would be determined as described in WAC 388-416-0020.

(9) If a person's spenddown amount is not met at the time of application, they are not eligible until they present evidence of additional expenses which meets the spenddown amount.

(10) To be counted toward spenddown, medical expenses must:

(a) Not have been used to meet a previous spenddown; and

(b) Not be the confirmed responsibility of a third party. The entire expense will be counted unless the third party confirms its coverage within:

(i) Forty-five days of the date of the service; or

(ii) Thirty days after the base period ends; and

(c) Meet one of the following conditions:

(i) Be an unpaid liability at the beginning of the base period and be for services for:

(A) The applying person; or

(B) A family member legally or blood-related and living in the same household as the applying person.

(ii) Be for medical services either paid or unpaid and incurred during the base period; ~~((f))~~

(iii) Be for medical services incurred and paid during the three month retroactive base period if eligibility for medical was not established in that base period. Paid expenses which meet this requirement may be applied towards the current base period; or

(iv) Be for medical services paid and incurred during a previous base period if that client payment was made necessary due to delays in the certification for that base period.

(11) An exception to the provisions in subsection (10) of this section exists. Medical expenses the person owes are applied to spenddown even if they were paid by or are subject to payment by a publicly administered program during the base period. To qualify, the program cannot be federally funded or make the payments of a person's medical expenses from federally matched funds. The expenses do not qualify if they were paid by the program before the first day of the base period.

(12) The following medical expenses which the person owes are applied to spenddown. Each dollar of an expense or obligation may count once against a spenddown cycle that leads to eligibility for MN coverage:

(a) Charges for services which would have been covered by the department's medical programs as described in WAC 388-501-0060 and 388-501-0065, less any confirmed third party payments which apply to the charges; and

(b) Charges for some items or services not typically covered by the department's medical programs, less any third party payments which apply to the charges. The allowable items or services must have been provided or prescribed by a licensed health care provider; and

(c) Medical insurance and Medicare copayments or coinsurance (premiums are income deductions under WAC 388-519-0100(4)); and

(d) Medical insurance deductibles including those Medicare deductibles for a first hospitalization in sixty days.

(13) Medical expenses may be used more than once if:

(a) The person did not meet their total spenddown amount and did not become eligible in that previous base period; and

(b) The medical expense was applied to that unsuccessful spenddown and remains an unpaid bill.

(14) To be considered toward spenddown, written proof of medical expenses for services rendered to the client must be presented to the department. The deadline for presenting medical expense information is thirty days after the base period ends unless good cause for delay can be documented.

(15) The medical expenses applied to the spenddown amount are the client's financial obligation and are not reimbursed by the department (see WAC 388-502-0100).

(16) Once a person meets their spenddown and they are issued a medical identification card for MN coverage, newly identified expenses cannot be considered toward that spenddown. Once the application is approved and coverage begins the beginning date of the certification period cannot be changed due to a clients failure to identify or list medical expenses.

WAC 220-44-035 Highly migratory species fisheries—Possession and landing requirements—Gear restriction. (1) It is unlawful to possess, transport through the waters of the state, or land into any Washington port, highly migratory species taken in violation of any permit or data collection requirements as published in the Code of Federal Regulations (CFR), Title 50, Part 660, Subpart K. These federal regulations provide the requirements for highly migratory species fisheries in the Pacific Ocean. There may be additional regulations listed in the Federal Register, and these override the regulations in the CFR if there are any inconsistencies between the two. Chapter 220-44 WAC incorporates the CFR by reference and is based, in part, on the CFR. Where rules refer to the fishery management area, that area is extended to include Washington state waters coterminous with the Exclusive Economic Zone. A copy of the federal rules may be obtained by contacting Lori Preuss at 360-902-2930, or the internet at www.pcouncil.org. State regulations may apply that are more restrictive than federal regulations.

(2) Except as authorized under the federal rules referenced in this subsection, it is unlawful to use drift gill net gear in state and offshore waters west of the Bonilla-Tatoosh line, north of the Washington-Oregon boundary, and south of the United States-Canada boundary.

(3) Violation of reporting requirements under this section is punishable pursuant to RCW 77.15.280.

(4) Violation of gear requirements under this section is punishable pursuant to RCW 77.15.520.

EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Order 08-277—Filed October 21, 2008, 4:14 p.m., effective October 21, 2008, 7:00 p.m.]

Effective Date of Rule: October 21, 2008, 7:00 p.m.

Purpose: The purpose of this rule making is to allow nontreaty commercial fishing opportunity in the Columbia River while protecting fish listed as threatened or endangered under the Endangered Species Act. This rule making implements federal court orders governing Washington's relationship with treaty Indian tribes, federal law governing Washington's relationship with Oregon, and Washington fish and wildlife commission policy guidance for Columbia River fisheries.

Citation of Existing Rules Affected by this Order: Repealing WAC 220-33-01000V and 220-33-01000W; and amending WAC 220-33-010.

Statutory Authority for Adoption: RCW 77.04.130, 77.12.045, and 77.12.047.

Other Authority: *United States v. Oregon*, Civil No. 68-513-KI (D. Or.), Order Adopting 2008-2017 *United States v. Oregon Management Agreement* (Aug. 12, 2008) (Doc. No. 2546); *Northwest Gillnetters Ass'n v. Sandison*, 95 Wn.2d 638, 628 P.2d 800 (1981); Washington fish and wildlife commission policies concerning Columbia River fisheries; 40 Stat. 515 (Columbia River compact).

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest; and that state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this Finding: Sets what is likely to be the final fishing periods for the fall 2008 season in the mainstem Columbia River. Impacts on ESA-listed chinook, chum, coho and steelhead are expected to remain within the allowable limits. The seasons are consistent with the 2008-2017 management agreement through the parties to *U.S. v. Oregon* and the 2008 non-Indian salmon allocation agreement. Harvestable salmon and sturgeon remain available. The regulation is consistent with compact action of July 22 and October 21, 2008. There is insufficient time to promulgate permanent rules.

Washington and Oregon jointly regulate Columbia River fisheries under the congressionally ratified Columbia River compact. Four Indian tribes have treaty fishing rights in the Columbia River. The treaties preempt state regulations that fail to allow the tribes an opportunity to take a fair share of the available fish, and the states must manage other fisheries accordingly. *Sohappy v. Smith*, 302 F. Supp. 899 (D. Or. 1969). A federal court order sets the current parameters for sharing between treaty Indians and others. *United States v. Oregon*, Civil No. 68-513-KI (D. Or.), Order Adopting 2005-2007 Interim Management Agreement For Upriver Chinook, Sockeye, Steelhead, Coho & White Sturgeon (May 11, 2005) (Doc. No. 2407).

Some Columbia River Basin salmon and steelhead stocks are listed as threatened or endangered under the federal Endangered Species Act. The National Marine Fisheries Service has issued biological opinions under 16 U.S.C. § 1536 that allow for some incidental take of these species in treaty and nontreaty Columbia River fisheries. The Washington and Oregon fish and wildlife commissions have developed policies to guide the implementation of these biological opinions in the states' regulation of nontreaty fisheries. Columbia River nontreaty fisheries are monitored very closely to ensure compliance with federal court orders, the Endangered Species Act, and commission guidelines. Because conditions change rapidly, the fisheries are managed almost exclusively by emergency rule. Representatives from the Washington (WDFW) and Oregon (ODFW) departments

of fish and wildlife convene public hearings and take public testimony when considering proposals for new emergency rules. WDFW and ODFW then adopt regulations reflecting agreements reached.

**WSR 08-21-161
EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE**

[Order 08-276—Filed October 22, 2008, 9:52 a.m., effective October 22, 2008, 9:52 a.m.]

Effective Date of Rule: Immediately.

Purpose: Amend personal use fishing rules.

Citation of Existing Rules Affected by this Order: Repealing WAC 232-28-61900L; and amending WAC 232-28-619.

Statutory Authority for Adoption: RCW 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: Implementing selective gear rules for these areas of the Quillayute River system is for the purpose of facilitating the release of wild coho and was not intended to preclude fishing from motorized boats. There is insufficient time to promulgate permanent rules.
