INTERPRETIVE STATEMENT
DEPARTMENT OF REVENUE
 [Filed May 20, 2011, 12:36 p.m.]

INTERPRETIVE STATEMENT ISSUED

The department of revenue has issued the following excise tax advisory (ETA):

ETA 3159.2011 *Internet Protocol (IP) enabled telecommunications service taxability, sourcing, and allocation.*

This ETA addresses the taxability, sourcing, and apportionment of telecommunications services using Voice over Internet Protocol ("VoIP") and Fax over Internet Protocol ("FoIP") technologies under Washington's retail sales tax and retailing B&O tax. It also clarifies that these types of tele-

communications services are not currently exempt as local services under RCW 82.08.0289.

With respect to sourcing and allocation, the ETA is limited to those telecommunications services sold on either a call-by-call basis or on an other than call-by-call basis.

WSR 11-12-061**DEPARTMENT OF ECOLOGY**

[Filed May 27, 2011, 2:11 p.m.]

**NOTICE OF PUBLIC COMMENT PERIOD
DRAFT 2010 MARINE WATER QUALITY ASSESSMENT
INCLUDING THE SECTION 303(d) LIST, AVAILABLE
FOR PUBLIC REVIEW**

The water quality program of the department of ecology (ecology) is seeking public comment on the draft *Washington State Water Quality Assessment* (the assessment) for the Clean Water Act, Sections 303(d) and 305(b) integrated report. Ecology compiled and assessed marine water quality data as of October 2009, on a statewide basis in order to create a picture of water quality of the marine waters in Washington state. The assessment fulfills reporting requirements of the Clean Water Act, including the list of known polluted waters in the state referred to as the Section 303(d) list, and a status of water quality in the state required by Section 305(b). Ecology is conducting a public review on the 2010 water quality assessment from **June 16 through August 16, 2011**. The public is asked to comment on listing decisions for marine water and sediment quality locations in the draft assessment.

For information on access to the public review version of the assessment, consult the web site at www.ecy.wa.gov/programs/wq/303d/2010/index.html.

The assessment is presented as a package of internet tools that includes interactive maps and lists that allow the user to customize and sort an area of interest by geographic location, pollutant parameter, degree of concern, and other factors. The assessment is organized by water bodies into different categories, characterized by the attainment of designated uses. There are five major categories, ranging from clean to polluted.

Ecology encourages the public to review marine waters they are familiar with, and provide comments on where they see problems or disagree with the assessment results. If the commenter disagrees with the assessment results, an explana-

tion should be provided, and additional information submitted to support the finding.

The deadline for public comments is **5:00 p.m., Tuesday, August 16, 2011**. Please submit comments by e-mail at 303d@ecy.wa.gov, or in writing to the address below.

Another candidate 303(d) list for freshwaters is planned for 2012 as we implement an alternating schedule of marine and freshwater quality assessments. A public call for data for the 2012 freshwater assessment will occur this summer starting in July 2011. A reminder for the public call for data will appear later this month. Look for a separate notice in the next edition of the state register.

What Happens After the Public Review? Ecology will review all comments and make changes to the preliminary list of categories as appropriate. After that, the final assessment will be submitted to the Environmental Protection Agency (EPA) for review. EPA has the authority to approve or reject the Category 5 list of waters, which is the equivalent of the Section 303(d) list. Each of the water bodies in the Category 5 list will need water quality improvement reports developed, also known as total maximum daily loads or TMDLs.

How do I Learn More? Ecology will hold public meetings during July 2011, in Lacey and Seattle. Ecology will explain the draft, and the public will have an opportunity to ask questions and share their thoughts with ecology staff and other participants. For the meeting dates and locations, and to learn more about the draft water quality assessment of Washington's waters, visit our web site at www.ecy.wa.gov/programs/wq/303d/2010/index.html.

To submit comments or ask any other question about this process, please contact Ken Koch, Department of Ecology, P.O. Box 47600, Olympia, WA 98504-7600, e-mail 303d@ecy.wa.gov, phone (360) 407-6782.

DIRECTIVE BY THE GOVERNOR

11-09

Lowering of the Washington State and United States Flags

I hereby direct that Washington State and United States flags at all state agency facilities be lowered to half-staff **Wednesday, June 1, 2011**, in memory of U.S. Army Sergeant Clifford E. Beattie, 37, of Medical Lake, who died May 22 of injuries sustained in Iraq when an improvised explosive device detonated near his vehicle.

Please notify your staff and all of your field offices and facilities around the state.

Flags should remain at half-staff until close of business Wednesday, or first thing Thursday morning, June 2.

Other government entities, citizens and businesses are encouraged to join this recognition.

Please call (360) 902-0383 if you have any questions about this flag lowering.

Christine O. Gregoire
Governor
