Pursuant to RCW 39.12.015, 39.12.020 and WAC 296-127-011, on September 29, 2011, the industrial statistician and director of labor and industries made a correction to the prevailing rates of wage. Pursuant to WAC 296-127-011, the corrected rates will become effective in thirty days on October 29, 2011.

This wage rate correction affects the trade elevator constructors. This correction will affect the following southwestern Washington counties: Clark, Cowlitz, Klickitat, Pacific, Skamania, and Wahkiakum.

Every contractor and subcontractor on every public works project must file a statement of intent to pay prevailing wages and an affidavit of wages paid. Both forms must be filed on every project. The filing of the affidavit of wages paid does not set aside the requirement to also file the statement of intent to pay prevailing wages. The department may fine contractors \$500 for failure to file these forms.

For more information on prevailing wage or a copy of the rates please visit our web site at www.lni.wa.gov/TradesLicensing/PrevailingWage/ or call (360) 902-5335. Please see details of this correction below:

E-mailed comments must contain the commenter's name and postal address. Comments should reference specific permit text when possible.

Submit written comments to Harriet Beale, Washington State Department of Ecology, P.O. Box 47600, Olympia, WA 98504-7600.

Hearings and Workshops: Ecology will hold public hearings and workshops on the draft permits in Ellensburg and Spokane Valley. Please see the complete list of dates and times below. The purpose of the workshops is to explain the general permits and answer questions in order to facilitate meaningful testimony during the hearing. The purpose of the hearings is to provide an opportunity for people to give formal oral testimony and comments on the proposed permit. Written comments will receive the same consideration as oral testimony. The public hearings will begin after the workshops and conclude when public testimony is complete.

HEARINGS AND WORKSHOPS: On December 5, 2011, at 9 a.m., Hal Holmes Center, 209 North Ruby Street, Ellensburg, WA 98926; and on December 6, 2011, at 9 a.m., CenterPlace Regional Event Center, 2426 North Discovery Place, Spokane Valley, WA 99216.

Issuing the Permit: The final permits will be issued after ecology receives and considers all public comments. If public comments cause a substantial change in the permit conditions from the original draft permits, another public notice of draft and comment period may ensue. Ecology expects to issue the permits in July 2012.
