PROPOSED RULES
UTILITIES AND TRANSPORTATION
COMMISSION

[Docket UE-131723—Filed March 12, 2015, 9:46 a.m.]

Continuance of WSR 14-18-084.

Preproposal statement of inquiry was filed as WSR 13-20-127.

Title of Rule and Other Identifying Information: Chapter 480-109 WAC, Electric companies—Acquisition of minimum quantities of conservation and renewable energy as required by the Energy Independence Act (chapter 19.285 RCW).

Date of Intended Adoption: May 15, 2015.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: The Energy Independence Act provides that the Washington utilities and transportation commission (commission) "may adopt rules to ensure the proper implementation and enforcement of this chapter as it applies to investor-owned utilities," (RCW 19.285.080). The commission initiated an inquiry to determine whether revised regulations were needed to ensure that the renewable resource and conservation requirements were properly implemented and enforced and whether revised rules would further the objectives of the act; promote energy independence in the state and the Pacific Northwest region; stabilize electricity prices for Washington residents; provide economic benefits for Washington counties and farmers; create high-quality jobs in Washington; provide opportunities for training apprentice workers in the renewable energy field; protect clean air and water; and position Washington state as a national leader in clean energy technologies.

The commission considered adoption of proposed rules in chapter 480-109 WAC at a rule-making hearing on November 5, 2014. The commission amended, adopted, and repealed certain rules in chapter 480-109 WAC implementing chapter 19.285 RCW the Energy Independence Act and

filed its adoption order with the code reviser on March 12, 2015. In the adoption order the commission defers consideration of WAC 480-109-300, a reporting requirement for energy and emissions intensity metrics.

The purpose of this continuance of WSR 14-18-084 is to provide notice of the commission's intended date of adoption of WAC 480-109-300 with the code reviser. The commission does not intend to hold any further rule adoption hearing on this section.

Reasons Supporting Proposal: See above.

Statutory Authority for Adoption: RCW 80.01.040, 80.04.160, and 19.285.080 (1) and (4).

Statute Being Implemented: Not applicable.

Rule is not necessitated by federal law, federal or state court decision.

Name of Proponent: [Utilities and transportation commission], governmental.

Name of Agency Personnel Responsible for Drafting: David Nightingale, 1300 South Evergreen Park Drive S.W., Olympia, WA 98504, (360) 664-1154; Implementation and Enforcement: Steven V. King, 1300 South Evergreen Park Drive S.W., Olympia, WA 98504, (360) 664-1115.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The proposed rule require investor-owned utilities, none of which qualify as a small business, to acquire certain minimum amounts of renewable resources and all cost-effective, reliable and available conservation. Because the proposed rule will not increase costs to small businesses, a small business economic impact statement is not required under RCW 19.85.030(1).

A cost-benefit analysis is not required under RCW 34.05.328. The commission is not an agency to which RCW 34.05.328 applies. The proposed rule is not a significant legislative rule of the sort referenced in RCW 34.05.328(5).

NEW SECTION

WAC 480-109-300 Energy and emissions intensity metrics. (1) A utility must report metrics of energy and emissions intensity to the commission on or before June 1st of each year. The report must include annual values for each metric for the preceding ten calendar years. Each value reported must be based on the annual energy or emissions from all generating resources providing service to customers of that utility in Washington state, regardless of the location of the generating resources. When the metrics are calculated from generators that serve out-of-state and in-state customers, the annual energy and emissions outputs must be prorated to represent the proportion of the resource used by Washington customers.

(2) The energy and emissions intensity report shall include the following metrics:

(a) Average MWh per residential customer;

- (b) Average MWh per commercial customer;
- (c) MWh per capita;
- (d) Million tons of CO₂ emissions; and
- (e) Comparison of annual million tons of CO₂ emissions to 1990 emissions.

(3) **Unknown generation sources.** For resources where the utility purchases energy from unknown generation sources, often called "spot market" purchases, from which the emission rates are unknown, the utility shall report emission metrics using the average electric power CO₂ emissions rate described as the net system mix (spot market) in the Washington state electric utility fuel mix disclosure reports compiled by the department pursuant to RCW 19.29A.080. For the resources described in this subsection, a utility must show in the report required in subsection (1) of this section the following:

- (a) Tons of CO₂ from unknown generation sources;
 - (b) MWh delivered to its retail customers from unknown generation sources; and
 - (c) Percentage of total load represented by unknown generation sources.
- (4) The energy and emissions intensity report must include narrative text and graphics describing trends and an analysis of the likely causes of changes, or lack of changes, in the metrics.

Hearing Location(s): Lower Columbia College, Heritage Room, Administration Building Room 100, 1600 Maple Street, Longview, CO [WA] 98632, on May 20, 2015, at 5 p.m.

Date of Intended Adoption: May 20, 2015.

Assistance for Persons with Disabilities: Contact Linda Clark by May 13, 2015, TTY 800-833-6388, phone (360) 442-2100.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: This is an update of the existing student code of conduct policy to bring it into alignment with the current Violence Against Women Act (VAWA), Department of Education Dear Colleague letter dated April 2011. This repeals the old code of conduct and replaces it with a new WAC. New rules contain substantial reorganization of existing material and additions of new materials. For clarity, it is easier to delete old rules and replace with the new rules.

Reasons Supporting Proposal: The United States Department of Education, Office for Civil Rights has provided colleges with recent specific guidance on Title IX requirements: Dear Colleague Letter, April 4, 2011, and Revised Sexual Harassment Guidance: Harassment of Students by School Employees, Other Students or Third Parties, January 2001; May 9, 2013, University of Montana-Missoula OCR compliance review and settlement agreement. See also 2013 amendment to VAWA. Without changes to Lower Columbia College's WAC related to student conduct, the college will be out of compliance.

Statutory Authority for Adoption: RCW 28B50.140 [28B.50.140] and 42.56.040.

Statute Being Implemented: RCW 28B50.140 [28B.50.-140] and 42.56.040.

Rule is necessary because of federal law, Title IX and VAWA; OCR May 9, 2013, University of Montana-Missoula OCR compliance; Department of Education Dear Colleague Letter, April 4.

If that officer is the subject of a complaint initiated by the respondent, the president shall, upon request and when feasible, designate another person to fulfill any such disciplinary responsibilities relative to the complainant.

(2) The student conduct officer shall initiate disciplinary action by serving the respondent with written notice directing him or her to attend a disciplinary meeting. The notice shall briefly describe the factual allegations, the provision(s) of the conduct code the respondent is alleged to have violated, the range of possible sanctions for the alleged violation(s), and specify the time and location of the meeting. At the meeting, the student conduct officer will present the allegations to the respondent and the respondent shall be afforded an opportunity to explain what took place. If the respondent fails to attend the meeting, the student conduct officer may take disciplinary action based upon the available information.

(3) Within ten days of the initial disciplinary meeting, and after considering the evidence in the case, including any facts or argument presented by the respondent, the student conduct officer shall serve the respondent with a written decision setting forth the facts and conclusions supporting his or her decision, the specific student conduct code provisions found to have been violated, the discipline imposed, if any, and a notice of any appeal rights with an explanation of the consequences of failing to file a timely appeal.

(4) The student conduct officer may take any of the following disciplinary actions:

(a) Exonerate the respondent and terminate the proceedings.

(b) Impose a disciplinary sanction(s), as described in WAC 132M-125-045.

(c) Refer the matter directly to the student conduct committee for such disciplinary action as the committee deems appropriate. Such referral shall be in writing, to the attention of the chair of the student conduct committee, with a copy served on the respondent.

NEW SECTION

WAC 132M-125-105 Appeal from disciplinary action. (1) The respondent may appeal a disciplinary action by filing a written notice of appeal with the conduct review officer within twenty-one days of the student conduct officer's decision. Failure to timely file a notice of appeal consti-

tutes a waiver of the right to appeal and the student conduct officer's decision shall be deemed final.

(2) The notice of appeal must include a brief statement explaining why the respondent is seeking review.

(3) The parties to an appeal shall be the respondent and the conduct review officer.

(4) A respondent, who timely appeals a disciplinary action or whose case is referred to the student conduct committee, has a right to a prompt, fair, and impartial hearing as provided for in these procedures.

(5) On appeal, the college bears the burden of establishing the evidentiary facts underlying the imposition of a disciplinary sanction by a preponderance of the evidence.

(6) Imposition of disciplinary action for violation of the student conduct code shall be stayed pending appeal, unless respondent has been summarily suspended.

(7) The student conduct committee shall hear appeals from:

(a) The imposition of disciplinary suspensions in excess of ten instructional days;

(b) Dismissals; and

(c) Discipline cases referred to the committee by the student conduct officer, the conduct review officer, or the president.

(8) Student conduct appeals from the imposition of the following disciplinary sanctions shall be reviewed through a brief adjudicative proceeding:

(a) Suspensions of ten instructional days or less;

(b) Disciplinary probation;

(c) Written reprimands; and

(d) Any conditions or terms imposed in conjunction with one of the foregoing disciplinary actions.

(9) Except as provided elsewhere in these rules, disciplinary warnings and dismissals of disciplinary actions are final action and are not subject to appeal.

NEW SECTION

WAC 132M-125-110 Brief adjudicative proceedings—Initial hearing.

(1) Brief adjudicative proceedings shall be conducted by a conduct review officer designated by the president. The conduct review officer shall not participate in any case in which he or she is a complainant or witness, or in which they have direct or personal interest, prejudice, or bias, or in which they have acted previously in an advisory capacity.

(2) Before taking action, the conduct review officer shall conduct an informal hearing and provide each party:

(a) An opportunity to be informed of the college's view of the matter; and

(b) An opportunity to explain the party's view of the matter.

(3) The conduct review officer shall serve an initial decision upon both the parties within ten days of the appeal. The initial decision shall contain a brief written statement of the reasons for the decision and information about how to seek administrative review of the initial decision. If no request for review is filed within twenty-one days of the initial decision, the initial decision shall be deemed the final decision.

(4) If the conduct review officer upon review determines that the respondent's conduct may warrant imposition of a disciplinary suspension of more than ten instructional days or expulsion, the matter shall be referred to the student conduct committee for a disciplinary hearing.

NEW SECTION

WAC 132M-125-115 Brief adjudicative proceedings—Review of an initial decision. (1) An initial decision is subject to review by the president or designee, provided the respondent files a written request for review with the conduct review officer within twenty-one days of the initial decision.

(2) The president or designee shall not participate in any case in which he or she is a complainant or witness, or in which they have direct or personal interest, prejudice, or bias, or in which they have acted previously in an advisory capacity.

(3) During the review, the president or designee shall give each party an opportunity to file written responses explaining their view of the matter and shall make any inquiries necessary to ascertain whether the sanctions should be modified or whether the proceedings should be referred to the student conduct committee for a formal adjudicative hearing.

(4) The decision on review must be in writing and must include a brief statement of the reasons for the decision and must be served on the parties within twenty-one days of the initial decision or of the request for review, whichever is later. The decision on review will contain a notice that judicial review may be available. A request for review may be deemed to have been denied if the president does not make a disposition of the matter within twenty-one days after the request is submitted.

(5) If the president or designee upon review determines that the respondent's conduct may warrant imposition of a disciplinary suspension of more than ten instructional days or expulsion, the matter shall be referred to the student conduct committee for a disciplinary hearing.

NEW SECTION

WAC 132M-125-120 Student conduct committee. (1) The student conduct committee shall consist of five members:

- (a) Two full-time students appointed by the student government (ASLCC);
- (b) Two faculty members appointed by the faculty association;
- (c) One administrative staff member (other than an administrator serving as a student conduct or conduct review officer) appointed by the president at the beginning of the academic year.

(2) The administrative staff member shall serve as the chair of the committee and may take action on preliminary hearing matters prior to convening the committee. The chair shall receive annual training on protecting victims and promoting accountability in cases involving allegations of sexual misconduct.

(3) Hearings may be heard by a quorum of three members of the committee so long as one faculty member and one student are included on the hearing panel. Committee action

may be taken upon a majority vote of all committee members attending the hearing.

(4) Members of the student conduct committee shall not participate in any case in which they are a party, complainant, or witness, in which they have direct or personal interest, prejudice, or bias, or in which they have acted previously in an advisory capacity. Any party may petition for disqualification of a committee member pursuant to RCW 34.05.425(4).

NEW SECTION

WAC 132M-125-125 Appeal—Student conduct committee. (1) Proceedings of the student conduct committee shall be governed by the Administrative Procedure Act, chapter 34.05 RCW, and by the Model rules of procedure, chapter 10-08 WAC. To the extent there is a conflict between these rules and chapter 10-08 WAC, these rules shall control.

(2) The student conduct committee chair shall serve all parties with written notice of the hearing not less than seven days in advance of the hearing date, as further specified in RCW 34.05.434 and WAC 10-08-040 and 10-08-045. The chair may shorten this notice period if both parties agree, and also may continue the hearing to a later time for good cause shown.

(3) The committee chair is authorized to conduct prehearing conferences and/or to make prehearing decisions concerning the extent and form of any discovery, issuance of protective decisions, and similar procedural matters.

(4) Upon request filed at least five days before the hearing by any party or at the direction of the committee chair, the parties shall exchange, no later than the third day prior to the hearing, lists of potential witnesses and copies of potential exhibits that they reasonably expect to present to the committee. Failure to participate in good faith in such a requested exchange may be cause for exclusion from the hearing of any witness or exhibit not disclosed, absent a showing of good cause for such failure.

(5) The committee chair may provide to the committee members in advance of the hearing copies of (a) the conduct officer's notification of imposition of discipline (or referral to the committee) and (b) the notice of appeal (or any response to referral) by the respondent. If doing so, however, the chair should remind the members that these "pleadings" are not evidence of any facts they may allege.

(6) The parties may agree before the hearing to designate specific exhibits as admissible without objection and, if they do so, whether the committee chair may provide copies of these admissible exhibits to the committee members before the hearing.

(7) The student conduct officer, upon request, shall provide reasonable assistance to the respondent in obtaining relevant and admissible evidence that is within the college's control.

(8) Communications between committee members and other hearing participants regarding any issue in the proceeding, other than procedural communications that are necessary to maintain an orderly process, are generally prohibited without notice and opportunity for all parties to participate, and any improper "ex parte" communication shall be placed on the record, as further provided in RCW 34.05.455.

(9) Each party may be accompanied at the hearing by a nonattorney assistant of his/her choice. A respondent may elect to be represented by an attorney at his or her own cost, but will be deemed to have waived that right unless, at least four business days before the hearing, written notice of the attorney's identity and participation is filed with the committee chair with a copy to the student conduct officer. The committee will ordinarily be advised by an assistant attorney general. If the respondent is represented by an attorney, the student conduct officer may also be represented by a second, appropriately screened assistant attorney general.

NEW SECTION

WAC 132M-125-130 Student conduct committee hearings—Presentations of evidence. (1) Upon the failure of any party to attend or participate in a hearing, the student conduct committee may either:

(a) Proceed with the hearing and issuance of its decision; or

(b) Serve a decision of default in accordance with RCW 34.05.440.

(2) The hearing will ordinarily be closed to the public. However, if all parties agree on the record that some or all of the proceedings be open, the chair shall determine any extent to which the hearing will be open. If any person disrupts the proceedings, the chair may exclude that person from the hearing room.

(3) The chair shall cause the hearing to be recorded by a method that he/she selects, in accordance with RCW 34.05.-449. That recording, or a copy, shall be made available to any party upon request. The chair shall assure maintenance of the record of the proceeding that is required by RCW 34.05.476, which shall also be available upon request for inspection and copying by any party. Other recording shall also be permitted, in accordance with WAC 10-08-190.

(4) The chair shall preside at the hearing and decide procedural questions that arise during the hearing, except as overridden by majority vote of the committee.

(5) The student conduct officer (unless represented by an assistant attorney general) shall present the case for imposing disciplinary sanctions.

(6) All testimony shall be given under oath or affirmation. Evidence shall be admitted or excluded in accordance with RCW 34.05.452.

NEW SECTION

WAC 132M-125-135 Student conduct committee—Initial decision. (1) At the conclusion of the hearing, the student conduct committee shall permit the parties to make closing arguments in whatever form it wishes to receive them. The committee also may permit each party to propose findings, conclusions, and/or a proposed decision for its consideration.

(2) Within twenty-one days following the later of the conclusion of the hearing or the committee's receipt of closing arguments, the committee shall issue an initial decision in accordance with RCW 34.05.461 and WAC 10-08-210. The initial decision shall include findings on all material issues of fact and conclusions on all material issues of law, including

which, if any, provisions of the student conduct code were violated. Any findings based substantially on the credibility of evidence or the demeanor of witnesses shall be so identified.

(3) The committee's initial order shall also include a determination on appropriate discipline, if any. If the matter was referred to the committee by the student conduct officer, the committee shall identify and impose disciplinary sanction(s) or conditions, if any, as authorized in the student code. If the matter is an appeal by the respondent, the committee may affirm, reverse, or modify the disciplinary sanction and/or conditions imposed by the student conduct officer and/or impose additional disciplinary sanction(s) or conditions as authorized herein.

(4) The committee chair shall cause copies of the initial decision to be served on the parties and their legal counsel of record. The committee chair shall also promptly transmit a copy of the decision and the record of the committee's proceedings to the president.

NEW SECTION

WAC 132M-125-140 Appeal from student conduct committee initial decision. (1) A respondent who is aggrieved by the findings or conclusions issued by the student conduct committee may appeal the committee's initial decision to the president or designee by filing a notice of appeal with the president's office within twenty-one days of the committee's initial decision. Failure to file a timely appeal constitutes a waiver of the right and the initial decision shall be deemed final.

(2) The notice of appeal must identify the specific findings of fact and/or conclusions of law in the initial decision that are challenged and must contain argument why the appeal should be granted. The president's or designee's review shall be restricted to the hearing record made before the student conduct committee and will normally be limited to a review of those issues and arguments raised in the notice of appeal.

(3) The president or designee shall provide a written decision to all parties within forty-five days after receipt of the notice of appeal. The president's or designee's decision shall be final and shall include a notice of any rights to request reconsideration and/or judicial review.

(4) The president or designee may, at his or her discretion, suspend any disciplinary action pending review of the merits of the findings, conclusions, and disciplinary actions imposed.

(5) The president or designee shall not engage in an ex parte communication with any of the parties regarding an appeal.

NEW SECTION

WAC 132M-125-145 Summary suspension. (1) Summary suspension is a temporary exclusion from specified college premises or denial of access to all activities or privileges for which a respondent might otherwise be eligible, while an investigation and/or formal disciplinary procedures are pending.

(2) The student conduct officer may impose a summary suspension if there is probable cause to believe that the respondent:

(a) Has violated any provision of the code of conduct; and

(b) Presents an immediate danger to the health, safety, or welfare of members of the college community; or

(c) Poses an ongoing threat of substantial disruption of, or interference with, the operations of the college.

(3) Notice. Any respondent who has been summarily suspended shall be served with oral or written notice of the summary suspension. If oral notice is given, a written notification shall be served on the respondent within two days of the oral notice.

(4) The written notification shall be entitled "Notice of summary suspension" and shall include:

(a) The reasons for imposing the summary suspension, including a description of the conduct giving rise to the summary suspension and reference to the provisions of the student conduct code or the law allegedly violated;

(b) The date, time, and location when the respondent must appear before the conduct review officer for a hearing on the summary suspension; and

(c) The conditions, if any, under which the respondent may physically access the campus or communicate with members of the campus community. If the respondent has been trespassed from the campus, a notice against trespass shall be included that warns the student that his or her privilege to enter into or remain on college premises has been withdrawn, that the respondent shall be considered trespassing and subject to arrest for criminal trespass if the respondent enters the college campus other than to meet with the student conduct officer or conduct review officer, or to attend a disciplinary hearing.

(5)(a) The conduct review officer shall conduct a hearing on the summary suspension as soon as practicable after imposition of the summary suspension.

(b) During the summary suspension hearing, the issue before the conduct review officer is whether there is probable cause to believe that the summary suspension should be continued pending the conclusion of disciplinary proceedings and/or whether the summary suspension should be less restrictive in scope.

(c) The respondent shall be afforded an opportunity to explain why summary suspension should not be continued while disciplinary proceedings are pending or why the summary suspension should be less restrictive in scope.

(d) If the student fails to appear at the designated hearing time, the conduct review officer may order that the summary suspension remain in place pending the conclusion of the disciplinary proceedings.

(e) As soon as practicable following the hearing, the conduct review officer shall issue a written decision which shall include a brief explanation for any decision continuing and/or modifying the summary suspension and notice of any right to appeal.

(f) To the extent permissible under applicable law, the conduct review officer shall provide a copy of the decision to all persons or offices who may be bound or protected by it.

NEW SECTION

WAC 132M-125-150 Classroom misconduct and authority to suspend for no more than one day. (1) Faculty members have the authority to take appropriate action to maintain order and proper conduct in the classroom and to maintain the effective cooperation of students in fulfilling the objectives of the course.

(2) Bringing any person, thing, or object to a teaching and learning environment that may disrupt the environment or cause a safety or health hazard, without the express approval of the faculty member is expressly prohibited.

(3) Faculty members or college administrators have the right to suspend any student from any single class or related activity for no more than one day, if the student's misconduct creates disruption to the point that it is difficult or impossible to maintain the decorum of the class, related activity or the learning and teaching environment. The faculty member or college administrator shall report this suspension to the student conduct office or designee on the same day of the suspension. In consultation with the faculty member, the student conduct office may set conditions for the student upon return to the class or activity.

DISCIPLINE PROCEDURES FOR CASES INVOLVING ALLEGATIONS OF SEXUAL MISCONDUCT

NEW SECTION

WAC 132M-125-200 Supplemental sexual misconduct procedures. Both the respondent and the complainant in cases involving allegations of sexual misconduct shall be provided the same procedural rights to participate in student discipline matters, including the right to participate in the initial disciplinary decision-making process and to appeal any disciplinary decision.

Application of the following procedures is limited to student conduct code proceedings involving allegations of sexual misconduct by a student. In such cases, these procedures shall supplement the student disciplinary procedures in WAC 132M-125-005 through 132M-125-145. In the event of conflict between the sexual misconduct procedures and the student disciplinary procedures, the sexual misconduct procedures shall prevail.

NEW SECTION

WAC 132M-125-205 Supplemental definitions. The following supplemental definitions shall apply for purposes of student conduct code proceedings involving allegations of sexual misconduct by a student:

(1) A "complainant" is an alleged victim of sexual misconduct, as defined in subsection (2) of this section.

(2) "Sexual misconduct" is prohibited sexual- or gender-based conduct by a student including, but not limited to:

(a) Sexual activity for which clear and voluntary consent has not been given in advance;

(b) Sexual activity with someone who is incapable of giving valid consent because, for example, she or he is under-age, sleeping or otherwise incapacitated due to alcohol or drugs;

- (c) Sexual harassment;
- (d) Sexual violence which includes, but is not limited to, sexual assault, domestic violence, intimate violence, and sexual- or gender-based stalking;
- (e) Nonphysical conduct such as sexual- or gender-based digital media stalking, sexual- or gender-based online harassment, sexual- or gender-based cyberbullying, nonconsensual recording of a sexual activity, and nonconsensual distribution of a recording of a sexual activity.

NEW SECTION

WAC 132M-125-210 Supplemental complaint process. The following supplemental procedures shall apply with respect to complaints or other reports of alleged sexual misconduct by a student.

(1) The college's Title IX compliance officer or designee shall investigate complaints or other reports of alleged sexual misconduct by a student. Investigations will be completed in a timely manner and the results of the investigation shall be referred to the student conduct officer for disciplinary action.

(2) Informal dispute resolution shall not be used to resolve sexual misconduct complaints without written permission from both the complainant and the respondent. If the parties elect to mediate a dispute, either party shall be free to discontinue mediation at any time. In no event shall mediation be used to resolve complaints involving allegations of sexual violence.

(3) College personnel will honor requests to keep sexual misconduct complaints confidential to the extent this can be done without unreasonably risking the health, safety and welfare of the complainant or other members of the college community or compromising the college's duty to investigate and process sexual harassment and sexual violence complaints.

(4) The student conduct officer, prior to initiating disciplinary action, will make a reasonable effort to contact the complainant to discuss the results of the investigation and possible disciplinary sanctions and/or conditions, if any, that may be imposed upon the respondent if the allegations of sexual misconduct are found to have merit.

(5) The student conduct officer, on the same date that a disciplinary decision is served on the respondent, will serve a written notice informing the complainant whether the allegations of sexual misconduct were found to have merit and describing any disciplinary sanctions and/or conditions imposed upon the respondent for the complainant's protection, including disciplinary suspension or dismissal of the respondent. The notice will also inform the complainant and respondent of their appeal rights. If protective sanctions and/or conditions are imposed, the student conduct officer shall make a reasonable effort to contact the complainant to ensure that prompt notice of the protective disciplinary sanctions and/or conditions imposed upon the respondent for the complainant's protection.

NEW SECTION

WAC 132M-125-215 Supplemental appeal rights. (1) The following actions by the student conduct officer may be appealed by the complainant:

- (a) The dismissal of a sexual misconduct complaint; or

(b) Any disciplinary sanction(s) and conditions imposed against a respondent for a sexual misconduct violation, including a disciplinary warning.

(2) A complainant may appeal a disciplinary decision by filing a notice of appeal with the conduct review officer within twenty-one days of the notice of the discipline decision provided for in WAC 132M-125-210(5). The notice of appeal may include a written statement setting forth the grounds of appeal. Failure to file a timely notice of appeal constitutes a waiver of this right and the disciplinary decision shall be deemed final.

(3) If the respondent timely appeals a decision imposing discipline for a sexual misconduct violation, the college shall notify the complainant of the appeal and provide the complainant an opportunity to intervene as a party to the appeal.

(4) Except as otherwise specified in this supplemental procedure, a complainant who timely appeals a disciplinary decision or who intervenes as a party to respondent's appeal of a disciplinary decision shall be afforded the same procedural rights as are afforded the respondent.

(5) An appeal by a complainant from the following disciplinary actions involving allegations of sexual misconduct against a student shall be handled as a brief adjudicative proceeding:

- (a) Exoneration and dismissal of the proceedings;
- (b) A disciplinary warning;
- (c) A written reprimand;

- (e) Suspensions of ten days or less; and/or
- (f) Any conditions or terms imposed in conjunction with one of the foregoing disciplinary actions.

(6) An appeal by a complainant from disciplinary action imposing a suspension in excess of ten days or an expulsion shall be reviewed by the student conduct committee.

(7) In proceedings before the student conduct committee, respondent and complainant shall have the right to be accompanied by a nonattorney assistant of their choosing during the appeal process. Complainant may choose to be represented at the hearing by an attorney at his or her own expense, but will be deemed to have waived that right unless, at least four days before the hearing, he or she files a written notice of the attorney's identity and participation with the committee chair, and with copies to the respondent and the student conduct officer.

(8) In proceedings before the student conduct committee, complainant and respondent shall not directly question or cross examine one another. All questions shall be directed to the committee chair, who will act as an intermediary and pose questions on the parties' behalf.

(9) Student conduct hearings involving sexual misconduct allegations shall be closed to the public, unless respondent and complainant both waive this requirement in writing and request that the hearing be open to the public. Complainant, respondent and their respective nonattorney assistants and/or attorneys may attend portions of the hearing where argument, testimony and/or evidence are presented to the student conduct committee.

(10) The chair of the student conduct committee, on the same date as the initial decision is served on the respondent, will serve a written notice upon complainant informing the complainant whether the allegations of sexual misconduct

were found to have merit and describing any disciplinary sanctions and/or conditions imposed upon the respondent for the complainant's protection, including suspension or dismissal of the respondent. The notice will also inform the complainant of his or her appeal rights.

(11) Complainant may appeal the student conduct committee's initial decision to the president or designee subject to the same procedures and deadlines applicable to other parties.

(12) The president or designee, on the same date that the final decision is served upon the respondent, shall serve a written notice informing the complainant of the final decision. This notice shall inform the complainant whether the sexual misconduct allegation was found to have merit and describe any disciplinary sanctions and/or conditions imposed upon the respondent for the complainant's protection, including suspension or dismissal of the respondent.

NEW SECTION

WAC 132M-125-220 Brief adjudicative proceedings—College record. (3) The disciplinary record is confidential.

(4) Students may request a copy of their own disciplinary record at their own reasonable expense by making a written request to the vice-president of student success. Personally identifiable student information is redacted to protect another student's privacy.

(5) Students may authorize release of their own disciplinary record to a third party in compliance with FERPA, 20 U.S.C. Sec. 1232g, by making a written request to the vice-president of student success.

(6) The college may inform the complainant of the outcome of any disciplinary proceeding involving a crime of violence or nonforcible sex offense, as permitted by FERPA, 20 U.S.C. Sec. 1232g; 34 C.F.R. Part 99.

(7) The college may not communicate a student's disciplinary record to any person or agency outside the college without the prior written consent of the student, except as required or permitted by law. Exceptions include, but are not limited to:

Assistance for Persons with Disabilities: Contact office of information and assistance by April 17, 2015, TTY (360) 902-5797.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules:

WAC Numbers	WAC Description	What is Changing	Reason for Change
296-17-31014	Farming and agriculture	Add definition of a farm labor contractor to the agricultural reporting rules.	Classification and reporting rules refer to "farm labor contractor," yet no definition existed in the rules. The definition is taken from the farm labor contracting rules in WAC 296-310-010.
296-17A-3415	Factory built housing dealers	Spelling out that 3415 (factory built housing dealers) includes delivery to a customer from the dealer.	We have always included this kind of delivery in 3415, but confusion existed because it was not spelled out in 3415. 0517 (set up of factory built housing units performed by a contractor) implied 3415 includes this delivery.
296-17A-6207-04	Fireworks exhibition	Correct reference in text from 4601 (Fireworks manufacturing) to 3701 (Chemical mixing, blending and repackaging only: Fireworks manufacturing).	Exclusion currently points to 4601, which was repealed in 2010. 3701 is the correct classification.
296-17A-6303-03	Insurance sales personnel and claims adjusters	Remove "voluntary" from "to elect voluntary coverage" to read "to elect coverage."	Confusion could exist around whether the rule referred to volunteer coverage. The coverage being elected is not volunteer coverage.

The department intends to review these chapters and make revisions to:

- Correct typographical and other errors (such as invalid telephone numbers and out-of-date references),
- Revise wording and formatting to make the rules easier to understand and apply, and
- Incorporate and formalize existing agency practices (such as expressly including in a risk classification employment that the department currently includes by interpretation or analogy).

The purpose of this rule making is not to make substantive changes to how the department classifies employment, but to review and revise the classification plan to ensure it is clear and understandable. These changes will not change the way we calculate employer rates, our reporting requirements, or how we classify businesses.

As part of this rule making, the department also intends to review these chapters as required by SSB 5679 (chapter 30, Laws of 2013 2nd sp. sess.) to make changes where possible to reduce the regulatory burden on employers insured with the state fund.

Statutory Authority for Adoption: RCW 51.04.020 and 51.16.035.

Statute Being Implemented: RCW 51.16.035.

Rule is not necessitated by federal law, federal or state court decision.

Name of Proponent: [Department of labor and industries], governmental.

Name of Agency Personnel Responsible for Drafting: Jo Anne Attwood, Tumwater, Washington, (360) 902-4777; Implementation: Mike Ratko, Tumwater, Washington, (360) 902-6369; and Enforcement: Victoria Kennedy, Tumwater, Washington, (360) 902-4997.

No small business economic impact statement has been prepared under chapter 19.85 RCW. The agency is exempt from conducting a small business economic impact statement since the proposed rules set or adjust fees or rates pursuant to legislative standards described in RCW 34.05.310 (4)(f) and do not change current coverage options for employers and workers.

A cost-benefit analysis is not required under RCW 34.05.328. Since the proposed rules do not change any existing coverage options for employers or workers and adjust fees pursuant to legislative standards, they are exempted by RCW 34.05.328 (5)(b)(vi) from the requirement for a cost-benefit analysis.

AMENDATORY SECTION (Amending WSR 14-18-079, filed 9/3/14, effective 10/4/14)

WAC 296-17-31014 Farming and agriculture. (1) Does this same classification approach apply to farming or agricultural operations?

Yes, but it may not appear so without further explanation. We classify farming and agricultural operations by type of crop or livestock raised. This is done because each type of

grower will use different processes and grow or raise multiple crops and livestock which have different levels of hazards. It is common for farmers and ranchers to have several basic classifications assigned to their account covering various types of crops or livestock. If you fail to keep the records required in the auditing recordkeeping section of chapter 296-17 WAC, and we discover this, we will assign all worker hours for which records were not maintained to the highest rated classification applicable to the work performed.

(2) I am involved in diversified farming and have several basic classifications assigned to my business. Can I have one classification assigned to my account to cover the different types of farming I am involved in?

Yes, your account manager can assist you in determining the single classification that will apply to your business. The name and phone number of your account manager can be found on your quarterly premium report or your annual rate notice. For your convenience you can call us at 360-902-4817 and we will put you in contact with your assigned account manager.

(3) How do you determine what single farming classification will be assigned to my business?

The approach used to assign a single classification to a farming business is much the same as we use for construction or erection contractors. To do this, we will need a break down of exposure (*estimate of hours to be worked by your employees*) by type of crop or livestock being cared for (*classification*). This information will be used to estimate the premium which would be paid using multiple classifications. The total premium is then divided by the total estimated hours to produce an average rate per hour. We will select the classification assigned to your business which carries the hourly premium rate which is the closest to the average rate that we produced from the estimated hours. Classification 4806 is not to be assigned to any grower as the single farming classification.

(4) How will I know what single farming classification you have assigned to my business?

We will send you a written notice of the basic classification that will apply to your business.

(5) If I requested a single classification for my farming operation can I change my mind and use multiple classifications?

Yes, but you will need to call your account manager to verify the applicable classifications.

The name and phone number of your account manager can be found on your quarterly premium report or your annual rate notice. For your convenience you can call us at 360-902-4817 and we will put you in contact with your assigned account manager.

(6) What is a farm labor contractor?

A farm labor contractor is a specialty contractor who supplies laborers to a farm operation for specified services such as weeding, planting, irrigating, and fertilizing. Generally, work involves manual labor tasks as opposed to machine operations.

(7) I am a farm labor contractor. How is my business classified?

If you are a farm labor contractor we will assign the basic classification that applies to the type of crop being grown, or

livestock being cared for. If you contract to supply both machine operators and machinery on a project, all operations are to be assigned to classification 4808.

~~((7))~~ **(8) Farm internship pilot program. Who may participate in the farm internship pilot program created by the department as a result of Title 49 RCW, effective June 12, 2014?**

Small farms with annual sales of less than two hundred fifty thousand dollars per year located in San Juan, Skagit, King, Whatcom, Kitsap, Pierce, Jefferson, Spokane, Yakima, Chelan, Grant, Island, Snohomish, Kittitas, Lincoln, and Thurston counties that receive a special certification from the department may have farm interns. Employers who qualify may report no more than three farm interns. Farm internship program risk classifications are: WAC 296-17A-4814, 296-17A-4815, and 296-17A-4816.

AMENDATORY SECTION (Amending WSR 14-17-085, filed 8/19/14, effective 9/19/14)

WAC 296-17A-6303 Classification 6303.**Sales personnel with outside duties, messengers, insurance producers or surplus line brokers, social workers and dieticians employed by a home health care service**

Although referenced as sales personnel, this classification also applies to others with similar type activities. While some duties may be performed in a business office, the work is often conducted away from the employer's physical business location or in showrooms. We refer to work that takes place away from the employer's premises as "outside sales."

Classification **6303** is a standard exception classification, as described in WAC 296-17-31018 Exception classifications, with restrictions on both the type of work and where the work can take place. If any of a worker's duties are excluded from **6303** because of restrictions described in this rule, then none of the worker's hours may be reported in classification **6303**.

Special note: Care must be taken to:

- Look beyond job titles such as salesperson, social worker, or messenger. Job titles do not ensure the work satisfies the restrictions for classification **6303**;
 - Ensure standard exceptions are permitted - Some basic classifications include sales work;
 - Ensure workers assigned classification **6303** perform no work other than what is allowed by this classification or that permitted in WAC 296-17-4904.
- Classification **6303** includes all activities allowed by WAC 296-17A-4904 (office workers) as well as:
- Meeting with customers off premises;
 - Showing and demonstrating products and merchandise;
 - Off-site classroom instructional training;
 - Driving oneself or being transported to or from meeting or training locations;
 - Delivering interoffice mail, correspondence and legal documents necessary for administering the employer's business;
 - Providing counseling or verbal direction to clients of a home health care service;
 - Performing public relations for employers' business.
- Classification **6303** excludes:
- Stocking, shipping, receiving, or delivering merchandise;
 - The demonstration of machinery or equipment;
 - Workers who perform any duties not specifically allowed by WAC 296-17A-4904 or 296-17A-6303;
 - Specialty services merchandising products in stores, reported in classification **0607-19**;
 - Directly supervising workers not included in classifications **4904** or **6303**;
 - Providing samples to retail customers, reported in classification **6406-40** or **7106-01**;

- Working as a driver for a service that transports or chauffeurs others;
- Driving, cooking, or cleaning for, or physically assisting others for home health care services;
- Employees of collection agencies, who are reported separately in **5301-13**;
- Door-to-door sales persons who are reported separately in **6309-22**;
- Employees of services (WAC 269-17A-4903) providing inspection or valuation services to others;
- Employees of messenger services who are reported separately in **1101-09**;
- Employees working for a legal messenger service who are reported separately in **6601-07**;
- Construction estimators, who are reported in classification **4911**, when their work is limited to time and material estimating for a full work shift.

Special note: Hands on training outside of a classroom setting has to be reported separately in the applicable basic classification. For example, a karate instructor is reported in classification 6204, not 6303.

For administrative purposes, classification **6303** is divided into the following subclassifications:

6303-00 Outside sales personnel, messengers, N.O.C.

6303-03 Insurance sales personnel and claims adjusters

Special note: Individuals licensed by the insurance commissioner as insurance producers for soliciting, negotiating, and selling insurance are exempt from coverage as specified in RCW 51.12.020(11) and 48.17.010. To elect ((voluntary)) coverage, these individuals must submit a completed optional coverage form to the department.

6303-21 Home health care services: Social workers and dietitians

Social workers are employed by home health care services providing care for people living with disabilities. Duties include teaching people living with physical or developmental disabilities in their own home to manage daily living skills such as caring for themselves, dressing, cooking, shopping, and going to the doctor.

Dieticians (also called nutritionists) are referred to patients by their physicians. The dietitian assesses the patient's current nutritional status, and then develops a food plan to meet the patient's needs.

Subclassification **6303-21** excludes:

- Cooking, cleaning, transporting and physically assisting clients;
- Nursing and home health care services which are to be reported separately in **6110-00**;
- Therapy services which are reported separately in **6109**;
- Domestic servants who are to be reported separately in **6510-00**;
- Chore workers who are to be reported separately in **6511**;
- Home care services provided through the home care referral registry (HCRR) who are to be reported separately in **6512-00**.

Special note: Subclassification **6303-21** is not to be assigned to any account that does not also have classification **6110** and/or **6511**.

AMENDATORY SECTION (Amending WSR 13-19-037, filed 9/11/13, effective 10/12/13)

WAC 182-502-0006 Enrollment for nonbilling individual providers. (1) The agency pays for health care services, drugs, supplies or equipment prescribed, ordered, or referred by a health care professional only when the health care professional has one of the following approved agreements with the agency and all other conditions of payment have been met (see WAC 182-501-0050):

(a) Core provider agreement, in accordance with WAC 182-502-0005; or

(b) Nonbilling provider agreement, in accordance with subsection (4) of this section.

(2) Only a licensed health care professional whose scope of practice under their licensure includes ordering, prescribing, or referring may enroll as a nonbilling provider.

(3) Nothing in this chapter obligates the agency to enroll any health care professional who requests enrollment as a nonbilling provider.

(4) **Enrollment.**

(a) To enroll as a nonbilling provider with the medicaid agency, a health care professional must, on the date of application:

(i) Not already be enrolled with the medicaid agency as a billing or servicing provider;

(ii) Be currently licensed, certified, accredited, or registered according to Washington state laws and rules;

(iii) Be enrolled with medicare, when required in specific program rules;

(iv) Have current professional liability coverage, individually or as a member of a group, to the extent the health care professional is not covered by the Federal Tort Claims Act, including related rules and regulations;

(v) Have a current federal drug enforcement agency (DEA) certificate, if applicable to the profession's scope of practice;

(vi) Pass the agency's screening process, including license verifications, data base checks, site visits, and criminal background checks, including fingerprint-based criminal background checks as required by 42 C.F.R. 455.434 if considered high-risk under 42 C.F.R. 455.450. The agency uses the same screening level risk categories that apply under medicare. For those provider types that are not recognized under medicare, the agency assesses the risk of fraud, waste, and abuse using similar criteria to those used in medicare;

(vii) Meet the conditions in this chapter and other chapters regulating the specific type of health care practitioner; and

(viii) Sign, without modification, a Medicaid Enrollment Application and Agreement for Nonbilling Individual Providers form (HCA 13-002). The medicaid agency and each provider signing a Medicaid Enrollment Application and Agreement for Nonbilling Individual Providers form (HCA 13-002) will hold each other harmless from a legal action based on the negligent actions or omissions of either party under the terms of this agreement.

(b) The medicaid agency does not enroll a nonbilling provider for reasons which include, but are not limited to, the following:

(i) The agency determines that:

(A) There is a quality of care issue with significant risk factors that may endanger client health and/or safety (see WAC 182-502-0030 (1)(a)); or

(B) There are risk factors that affect the credibility, honesty, or veracity of the health care practitioner (see WAC 182-502-0030 (1)(b)).

(ii) The health care professional:

(A) Is excluded from participation in medicare, medicaid or any other federally funded health care program;

(B) Has a current formal or informal pending disciplinary action, statement of charges, or the equivalent from any state or federal professional disciplinary body at the time of initial application;

(C) Has a suspended, terminated, revoked, or surrendered professional license as defined under chapter 18.130 RCW;

(D) Has a restricted, suspended, terminated, revoked, or surrendered professional license in any state;

(E) Is noncompliant with the department of health's or other state health care agency's stipulation of informal disposition, agreed order, final order, or similar licensure restriction;

(F) Is suspended or terminated by any agency within the state of Washington that arranges for the provision of health care;

(G) Fails a background check, including a fingerprint-based criminal background check, performed by the agency.

See WAC 182-502-0014, except that subsection (2) of this section does not apply to nonbilling providers;

(H) Does not have sufficient liability insurance according to (a)(~~(+)~~) (iv) of this subsection for the scope of practice, to the extent the health care professional is not covered by the Federal Tort Claims Act, including related rules and regulations; or

(I) Fails to meet the requirements of a site visit, as required by 42 C.F.R. 455.432.

(5) Effective date of enrollment of nonbilling provider. Enrollment of a nonbilling provider applicant is effective on the date the agency approves the nonbilling provider application.

(a) A nonbilling provider applicant may ask for an effective date earlier than the agency's approval of the nonbilling provider application by submitting a written request to the agency's chief medical officer. The request must specify the requested effective date and include an explanation justifying the earlier effective date. The chief medical officer will not authorize an effective date that is:

(i) Earlier than the effective date of any required license or certification; or

(ii) More than three hundred sixty-five days prior to the agency's approval of the nonbilling provider application.

(b) The chief medical officer or designee may approve exceptions as follows:

(i) Emergency services;

(ii) Agency-approved out-of-state services;

(iii) Medicaid provider entities that are subject to survey and certification by CMS or the state survey agency;

(iv) Retroactive client eligibility; or

(v) Other critical agency need as determined by the agency's chief medical officer or designee.

(6) Continuing requirements. To continue eligibility, a nonbilling provider must:

(a) Only order, refer, or prescribe for clients consistent with the scope of their department of health (DOH) licensure and agency program rules;

(b) Provide all services without discriminating on the grounds of race, creed, color, age, sex, sexual orientation, religion, national origin, marital status, the presence of any sensory, mental or physical handicap, or the use of a trained dog guide or service animal by a person with a disability;

(c) Document that the client was informed that the provider:

(i) May bill the client for any billable item or service. The rules in WAC 182-502-0160 do not apply; and

(ii) Is enrolled with the agency for the sole purpose of ordering, prescribing, or referring items or services for clients.

(d) Inform the agency of any changes to the provider's Medicaid Enrollment Application and Agreement for Nonbilling Individual Providers form (HCA 13-002) including, but not limited to, changes in:

(i) Address or telephone number;

(ii) Business name.

(e) Retain a current professional state license, registration, certification and applicable business license for the service being provided, and update the agency of all changes;

(f) Inform the agency in writing within seven business days of receiving any informal or formal disciplinary order, decision, disciplinary action or other action(s) including, but not limited to, restrictions, limitations, conditions and suspensions resulting from the practitioner's acts, omissions, or conduct against the provider's license, registration, or certification in any state;

(g) Maintain professional liability coverage requirements, to the extent the nonbilling provider is not covered by the Federal Tort Claims Act, including related rules and regulations;

(h) Not surrender, voluntarily or involuntarily, his or her professional state license, registration, or certification in any state while under investigation by that state or due to findings by that state resulting from the practitioner's acts, omissions, or conduct;

(i) Furnish documentation or other assurances as determined by the agency in cases where a provider has an alcohol or chemical dependency problem, to adequately safeguard the health and safety of medical assistance clients that the provider:

(i) Is complying with all conditions, limitations, or restrictions to the provider's practice both public and private; and

(ii) Is receiving treatment adequate to ensure that the dependency problem will not affect the quality of the provider's practice.

(j) Submit to a revalidation process at least every five years. This process includes, but is not limited to:

(i) Updating provider information;

(ii) Submitting forms as required by the agency including, but not limited to, a new Medicaid Enrollment Application and Agreement for Nonbilling Individual Providers form (HCA 13-002); and

(iii) Passing the agency's screening process as specified in subsection (4)(a)(vi) of this section.

(k) Follow the laws and rules that govern the agency's programs. A nonbilling provider may contact the agency with questions regarding the agency's programs. However, the agency's response is based solely on the information provided to the agency's representative at the time of inquiry, and in no way exempts a nonbilling provider from this requirement.

(7) Audit or investigation.

(a) Audits or investigations may be conducted to determine compliance with the rule and regulations of the program.

(b) If an audit or investigation is initiated, the provider must retain all original records and supportive materials until the audit is completed and all issues are resolved even if the period of retention extends beyond the required six year period.

(8) Inspection; maintenance of records. For six years from the date of services, or longer if required specifically by law, the nonbilling provider must:

(a) Keep complete and accurate medical records that fully justify and disclose the extent of the services or items ordered, referred or prescribed.

(b) Make available upon request appropriate documentation, including client records, supporting material for review by the professional staff within the agency or the U.S.

Department of Health and Human Services. The nonbilling provider understands that failure to submit or failure to retain adequate documentation may result in the termination of the nonbilling provider's enrollment.

(9) Terminations.

(a) The agency may immediately terminate a nonbilling provider's agreement, and refer the nonbilling provider to the appropriate state health professions quality assurance commission for:

(i) Any of the reasons in WAC 182-502-0030 termination for cause (except that subsection (1)(a)(ix) and (b)(i) do not apply); and

(ii) Failure to comply with the requirements of subsections (4), (6), and (8) of this section.

(b) Either the agency or the provider may terminate this agreement for convenience at any time with thirty calendar days' written notification to the other.

(c) If this agreement is terminated for any reason, the agency will pay for services ordered, referred, or prescribed by the provider only through the date of termination.

(10) Termination disputes.

(a) To dispute terminations of a nonbilling provider agreement under subsection (9)(a) of this section, the dispute process in WAC 182-502-0050 applies.

(b) Nonbilling providers cannot dispute terminations under subsection (9)(b) of this section.

Small Business Economic Impact Statement

SUMMARY OF PROPOSED RULES: The Washington state department of agriculture's (WSDA) fruit and vegetable inspection program is proposing to amend chapter 16-461 WAC, Inspection requirements for fruits and vegetables.

The purpose of this chapter is to establish standards for the inspection of fruits and vegetables which clearly defines a commercial lot, fruit and produce stands, zone of production, and inspection certificate and/or permit. The rule was last amended on May 1, 2009. This proposal is for housekeeping only and falls under the departments four year rule[s] review process. No new requirements will be added as these are housekeeping changes necessary under our four year rules review process.

The proposed amendments to this chapter: WAC 16-461-006, 16-461-010, 16-461-014, 16-461-015, 16-461-020, 16-461-030, 16-461-040, and 16-461-050.

SMALL BUSINESS ECONOMIC IMPACT STATEMENT (SBEIS) - DETERMINATION OF NO SIGNIFICANT IMPACT

Chapter 19.85 RCW, the Regulatory Fairness Act, requires an analysis of the economic impact proposed rules will have on regulated small businesses. Preparation of an SBEIS is required when proposed rules will impose more than minor costs on businesses in an industry.

"Minor cost" means a cost per business that is less than three-tenths of one percent of annual revenue or income, or one hundred dollars, whichever is greater, or one percent of annual payroll. "Small business" means a business that employs fifty or fewer employees.

The WSDA fruit and vegetable inspection program has analyzed the proposed rule amendments and the costs of compliance and has determined that the proposed rule amendments will not impose more than minor costs on WSDA regulated businesses.

X No new costs will be incurred.

□ Some costs will be incurred but will not be "more than minor."

A review of chapter 16-461 WAC, Inspection requirements for fruits and vegetables, supports the four year rule[s] review process which clearly defines a commercial lot, fruit and produce stands, zone of production, and inspection certifi-

cate and/or permit required for inspection requirements for fruits and vegetables in Washington state.

A copy of the statement may be obtained by contacting Cameron Crump, P.O. Box 42560, Olympia, WA 98504-2560, phone (360) 902-1933, fax (360) 902-2085, e-mail ccrump@agr.wa.gov.

A cost-benefit analysis is not required under RCW 34.05.328. The WSDA is not a listed agency under RCW 34.05.328 (5)(a)(i).

Assistant Director

Reviser's note: WAC 16-461-014 is referred to in the agency's notice; however, the proposed text of the section was not included with the filing by the agency. cf. RCW 34.08.020 (1)(a).

AMENDATORY SECTION (Amending WSR 92-18-103, filed 9/2/92, effective 10/3/92)

WAC 16-461-006 Definitions. ~~((+))~~ "Certificate of compliance" means a shipping document issued by the fruit and vegetable industry attesting that the identified fruits or vegetables are known to be in full compliance with provisions of chapter 15.17 RCW. The member of the fruit and vegetable industry issuing the certificate of compliance has the sole responsibility of fairly and accurately representing the quality and quantity of fruits and vegetables listed on the certificate of compliance.

"Civil penalty" means a monetary penalty administratively issued by the director for noncompliance with chapter 15.17 RCW and the rules adopted under that chapter. The term does not include any criminal penalty, damage assessment, wages, premiums, or taxes owed, or interest or late fees on any existing obligation.

"Commercial lot" ~~((shall))~~ means any number ~~((of any))~~ and type of containers or any quantity in bulk of agricultural products listed in WAC 16-461-010, which are sold or bartered ~~((: Provided, That quantities))~~. Any quantity of less than five hundred pounds net weight, when grown and sold by ~~((any))~~ the producer ~~((where grown by the producer and sold))~~ directly to the ultimate consumer, ~~((shall))~~ is not ~~((be))~~ considered ~~((as))~~ a commercial lot.

~~((2))~~ "Department" means the Washington state department of agriculture (WSDA).

"Director" means the director of the Washington state department of agriculture or the director's designated representative.

"First violation" means the alleged violator has committed no same or similar violation within three years of committing the current alleged act(s).

Fruit or vegetable stand includes roadside stands, farmer's markets, trucks or other conveyances ~~((from which sales of commodities are made,))~~ and temporary open air parking lot stands other than those owned or operated by

retail grocery stores. Such facilities may or may not be owned, leased, or otherwise operated by the producer of the fruits ~~((and/or))~~ or vegetables.

~~((3))~~ "Notice of correction" means a document issued by the department that describes a violation under chapter 15.17 RCW or the rules adopted under that chapter. A notice of correction identifies a violation but is not a formal enforcement action. It is not subject to appeal and is a public record. A violation identified in a notice of correction can be a "first violation" even though not subject to a civil penalty if the correction requirements are met.

"Second violation" means the alleged violator committed one same or similar violation within three years of committing the current violation.

"Shipping permit" means a shipping document issued by the director attesting that the fruits or vegetables are known to be in compliance with the provisions of chapter 15.17 RCW and this chapter.

"Third violation" means the alleged violator committed two same or similar violations within three years of committing the current violation.

"Violation" means commission of an act or acts prohibited by chapter 15.17 RCW, this chapter, or rules adopted under chapter 15.17 RCW. Failure to perform any act required by chapter 15.17 RCW, this chapter, or rules adopted under chapter 15.17 RCW is a violation.

"Zone of production" ~~((shall be defined as one of two geographical areas:))~~ means for Zone 1~~((:))~~ all counties west of the Cascade Mountain Range~~((:))~~ and for Zone 2~~((:))~~ the following counties ~~((:))~~: Adams, Asotin, Benton, Chelan, Columbia, Douglas, Ferry, Franklin, Garfield, Grant, Kittitas, Klickitat, Lincoln, Okanogan, Pend Oreille, Skamania, Spokane, Stevens, Walla Walla, Whitman, and Yakima.

(2) **"~~((School)) District~~"** means a public school district or educational service district.

(3) **"Charter school"** means a public school operating under the provisions of chapter 28A.710 RCW.

(4) **"School bus"** means a vehicle:

(a) With a seating capacity of more than ten persons including the driver;

(b) Used for transportation of students to and from school or in connection with school activities; and

(c) That meets the requirements of the school bus specifications manual published by the superintendent.

~~((4))~~ (5) **"Replacement system"** is the reimbursement process used for school buses when a ~~((school))~~ district is the legal owner.

~~((5))~~ (6) **"Depreciation system"** is the reimbursement process used for contractor-owned school buses operated under a contract with a ~~((school))~~ district to provide regularly scheduled to-and-from student transportation services.

~~((6))~~ (7) **"Charter school system"** is the reimbursement process used when a charter school is contracting transportation services.

(8) **"School bus categories"** are defined annually by the superintendent, taking into account such factors as student capacity, fuel type, and special equipment.

~~((7))~~ (9) **"System lifetime"** means the minimum number of months that a category of school bus is expected to be in use as determined by the superintendent.

~~((8))~~ (10) **"Eligible months"** are defined as the number of months a school bus is eligible for reimbursement payments within a school year. If a newly acquired school bus is eligible for reimbursement, such eligibility is determined by the issue date of the school bus operation permit as defined in WAC 392-143-010(4). If the issue date is prior to the 15th of any month, eligibility begins with the first of the month; otherwise eligibility begins with the first of the following month. The total number of eligible months in all school years shall not be more than the system lifetime.

~~((9))~~ (11) A school bus is defined as **"improperly maintained or operated"** when it is unable to pass the Washington state patrol inspection process within ninety days of the date requested for presentation. The school district may request the superintendent for an additional ninety days to arrange for repairs to the school bus. Improper operation includes use of a school bus without a valid school bus operation permit issued by the superintendent.

~~((10))~~ (12) The **"state school bus quote"** means the annual sealed bid process used by the superintendent as authorized by RCW 28A.160.195 to establish prices for ~~((school))~~ districts to purchase school buses for a school year. ~~((School))~~ Districts may purchase school buses from any school bus dealer's accepted bid.

~~((11))~~ (13) The **"low price quote"** means the lowest competitive price quote for each category of school bus received from school bus dealers in the state school bus quote. The low price quote is determined prior to the inclusion of any sales or use tax. Included in the low price quote are:

- (a) Freight to the ~~((school))~~ district; and
- (b) Cost associated with full payment within thirty days of delivery.

In the state school bus quote process, the superintendent may include options for ~~((school))~~ districts to purchase that are not included in the low price quote.

~~((12))~~ (14) **"State-determined purchase price"** is defined as the low price quote including any sales and use taxes at the highest rate that could be charged to any ~~((school))~~ district in the state by the school bus dealer submitting that quote.

~~((13))~~ (15) **"Average price"** is defined as the five-year average of the low price quote for each school bus category. The average price is determined using the current and four previous school years' state school bus quote.

~~((14))~~ (16) **"System price"** means the price used to calculate the payment in a given school year, as follows:

(a) For the replacement system, the system price for a school bus for all years except the final year is the average price. For the final year, the system price is the current state determined purchase price.

(b) For the depreciation system, the system price for a school bus for all years is the first year's state determined purchase price.

~~((15))~~ (17) **"Total school bus replacement payments"** means the sum of all replacement payments for a school bus for prior school years.

~~((16))~~ (18) **"Assumed interest earnings"** means the sum of interest which is assumed to be earned on money assumed to be available in the transportation vehicle fund from any prior replacement payments and any previous interest earnings for a school bus. The rate used to calculate assumed interest earnings shall be the average of the ninety-day treasury bill rate during the previous state fiscal year calculated on the basis of simple interest.

~~((17))~~ (19) The **"salvage value"** of a school bus is defined as twenty-five percent of the first year's state determined purchase price divided by the system lifetime in years.

AMENDATORY SECTION (Amending WSR 12-19-098, filed 9/19/12, effective 10/20/12)

WAC 392-142-214 Alternative bid process. ~~((School))~~ Districts are not required to use the state school bus quote process to purchase a school bus. However, a ~~((school))~~ district using another process shall only be reimbursed for a school bus if the school district uses a lowest-price competitive bid process conducted in accordance with the requirements of RCW 28A.335.190. Regardless of purchase process, all school buses must meet the requirements established in the school bus specifications manual.

(i) Return the school bus to the reimbursement system effective the first of the month following the date of the Washington state patrol inspection; and

(ii) Not provide reimbursement for any months the school bus was determined to have been improperly maintained or operated. However, such months shall be included as eligible months in the calculation of the system lifetime of the vehicle.

(b) A student whose disability is defined by RCW 28A.155.020 and who is either not ambulatory or not capable of protecting his or her own welfare while traveling to or from school.

Districts determine which students are provided with transportation services; however, only eligible students qualify for funding under the operations allocation.

~~((5))~~ (6) "To and from transportation" means all transportation between route stops and schools both before and after the school day. To and from transportation includes transportation between home and school and transportation between schools, commonly referred to as shuttles. Transportation not authorized for state allocations under this definition includes, but is not limited to, transportation for students participating in nonacademic extended day programs, field trips, and extracurricular activities.

~~((6))~~ (7) "Home to school transportation" means all student transportation between route stops and schools both before and after the school day. Home to school transportation does not include transportation between schools.

~~((7))~~ (8) "Basic program transportation" means students transported between home and school for their basic education. Basic program transportation includes those students who qualify under RCW 28A.155.020 for special services and are capable of protecting his or her own welfare while traveling to or from school and those students who are enrolled in gifted or bilingual programs or homeless students that do not require specialized transportation. Also included in basic program transportation is transportation required to comply with the school choice provisions of the Elementary Secondary Education Act.

~~((8))~~ (9) "Special program transportation" means home to school transportation for one of the following specialized programs:

(a) Special education programs provided for by chapter 28A.155 RCW and where transportation as a related service is included on the student's individual education plan or where transportation is required under the provisions of Section 504 of the Rehabilitation Act of 1973; or

(b) Students who require special transportation to a bilingual program in a centralized location; or

(c) Students who require special transportation to a gifted program in a centralized location; or

(d) Students who require special transportation to their school of origin as required by the provisions of the McKinney-Vento Homeless Assistance Act; or

(e) Students who require special transportation to a district operated head start, district operated early childhood education assistance program, or other district operated early education program.

~~((9))~~ (10) "Kindergarten route" means a school bus providing home to school transportation for basic education

kindergarten students operated between the beginning and end of the school day.

~~((10))~~ (11) "Private party contract" means the provision of home to school transportation service using a private provider (not in a school bus). Private party contracts shall require criminal background checks of drivers and other adults with unsupervised access to students and assurances that any students transported be provided with child safety restraint systems that are age and weight appropriate. Vehicles used must meet school bus specifications established in chapter 392-143 WAC if they have a manufacturer's design capacity of greater than ten passengers, including the driver. However, a vehicle manufactured to meet the federal specifications of a multifunction school activity bus may be used.

~~((11))~~ (12) "In lieu transportation" means a contract to provide home to school transportation with a parent, guardian or adult student, including transportation on rural roads to access a school bus stop.

~~((12))~~ (13) "Count period" is the three consecutive school day window used for establishing the reported student count on home to school routes.

~~((13))~~ (14) The school year is divided into three "report periods," as follows: September - October, November - January, and February - April. These report periods are also referred to respectively as the fall, winter and spring reports. The count period must not fall within five school days of the end of the report period.

~~((14))~~ (15) "Combined student count" is the total number of basic program or special program eligible student riders reported during each report period. The combined student counts for the determination of funding consist of the prorated basic program and special program student counts from the prior year's spring report and the current year's fall and winter reports. The prior school year's fall, winter and spring student counts are used for the determination of the efficiency rating. The combined student counts are prorated based on the number of months in the respective report period. For a charter school in the first year of operation, the current year fall count shall be used as the prior year spring count to determine the combined student count.

~~((15))~~ (16) "Average distance to school" means the average of the distances from each school bus stop measured by the shortest road path to the assigned student's school of enrollment.

~~((16))~~ (17) "Prorated average distance" is calculated by taking the average distance to school weighted by the number of months in the corresponding report period. The prorated average distance used in calculating district allocation consists of the prorated average distance from the prior year's spring report and the current year's fall and winter reports. The prior school year's fall, winter and spring average distances are used for the determination of the efficiency rating.

~~((17))~~ (18) "Prorated number of destinations" is calculated by taking the number of learning centers a school district provides with home-to-school transportation service weighted by the number of months in the corresponding report period. The prorated number of destinations used in calculating district allocation consists of the prorated number of destinations from the prior year's spring report and the current year's fall and winter reports. The prior school year's fall,

winter, and spring number of destinations are used for the determination of the efficiency rating.

~~((18))~~ (19) "Land area" is the area of the school district in square miles, excluding water and public lands, as determined by the superintendent. For educational service districts, the land area value will be determined by the superintendent from the contiguous area provided with transportation service.

~~((19))~~ (20) "Roadway miles" refers to the number of public roadway miles within the land area of the school district, as determined by the superintendent. For educational service districts, the roadway mile value will be determined by the superintendent from the roadway miles within the contiguous area provided with transportation service.

~~((20))~~ (21) "Walk area" is defined as the area around a school where the shortest safe walking route to school is less than one mile.

~~((21))~~ (22) "District car route" means home to school transportation where a district motor pool vehicle (not a school bus) is used to transport an eligible student or students. Any regularly scheduled home to school transportation in a district car is required to be driven by an authorized school bus driver.

~~((22))~~ (23) "District car allocation" is calculated by multiplying the total annual district car route mileage by the rate of reimbursement per mile that is authorized for state employees for the use of private motor vehicles in connection with state business in effect on September 1st of each year.

~~((23))~~ (24) A "low ridership district" is defined as a district with an annual student count less than two hundred eighteen students.

~~((24))~~ (25) A "nonhigh" district is defined as a district meeting the eligibility requirements for a nonhigh district as established by the superintendent of public instruction's school apportionment and financial services section.

~~((25))~~ (26) A "transportation cooperative" is defined as two or more districts sharing transportation operations administrative functions. An interdistrict agreement for the provision of maintenance services on school buses does not constitute a transportation cooperative for the purposes of this chapter, regardless if the agreement qualifies as a transportation cooperative under the provisions of chapter 392-346 WAC, unless shared operations administrative functions are also included in the interdistrict agreement. A transportation cooperative has the option of reporting as a single entity.

~~((26))~~ (27) "Alternate funding system" means an additional funding system as provided in RCW 28A.160.191, defined by OSPI to adjust the allocation for low enrollment school districts, nonhigh school districts, school districts participating in interdistrict transportation cooperatives, and educational service districts operating special transportation services.

~~((27))~~ (28) "Expected allocation" means the initial amount of funding resulting from the regression analysis calculation.

~~((28))~~ (29) "Adjusted allocation" means the expected allocation plus any alternate funding system, calendar, or legislative adjustments.

~~((29))~~ (30) For a district, "actual allocation" means the lesser of the previous year's actual reported transportation

expenditures including adjustments by the legislature or the adjusted allocation. For a charter school, the actual allocation is a final amount to be allocated for transportation services using the process described in this chapter, plus any funding provided under chapter 392-142 WAC.

~~((30))~~ (31) "Efficiency evaluation" refers to the statistical evaluation of efficiency of a district's transportation operation using linear programming of the data required by the funding formula and the number of buses used on home-to-school routes. Each district is separately compared to an individualized statistical model of a district having similar site characteristics. The efficiency evaluation is expressed as a percentage efficiency rating.

~~((31))~~ (32) A ~~((school))~~ district's "transportation funding percentage" is calculated by dividing the district's actual allocation by the district's approved to-and-from transportation expenditures.

~~((32))~~ (33) The "state median percent funded" is determined by calculating each ~~((school))~~ district's transportation funding percentage and taking the median value by sorting the total number of reporting districts in descending order and selecting the middle value. If there is an even number of districts, the bottom value in the top half shall be used.

AMENDATORY SECTION (Amending WSR 13-17-110, filed 8/21/13, effective 9/21/13)

WAC 392-141-320 (~~(District)~~) Reporting requirements. (1) Reports shall be submitted by each district or charter school to the superintendent no later than the last business day in October, the first business day in February, and the first business day in May. These reports shall reflect to the extent practical the planned student transportation program for the entire report period and which is in operation during the ridership count period. The superintendent shall have the authority to make modifications or adjustments in accordance with the intent of RCW 28A.160.150. Each district or charter school shall submit the data required on a timely basis as a condition to the continuing receipt of student transportation allocations.

(2) In each report period, districts shall report such operational data and descriptions, as required by the superintendent to determine the operations allocation for each district, including:

- (a) School bus route information;
- (b) Student count information; and
- (c) An update to the estimated total car mileage for the current school year.

(3) For the fall report, districts shall report to the superintendent as required:

(a) An annual school bus mileage report including the total to and from school bus miles for the previous school year, and other categories as requested;

(b) An annual report of each type of fuel purchased for student transportation service for the previous school year, including quantity and cost; and

(c) An annual report as required by RCW 28A.300.540 of the number of students transported to their school of origin as required by the McKinney-Vento Homeless Assistance Act for the previous school year, and the total mileage and

additional cost of such transportation. These costs may include, but are not limited to:

(i) Transportation service that serves only student(s) under McKinney-Vento. Districts may determine costs based upon route mileage and an average per mile cost for operation of the bus or vehicle. Driver time may be taken from actual driver costs records if such records are maintained, or may be determined using an average driver costs factor.

(ii) Incremental revisions in route at the start or end of a route to accommodate McKinney-Vento transportation, if separately identified, may be included based upon route mileage and an average per mile cost for operation of the bus or vehicle.

(iii) Costs for public transportation or other contracted services for transporting McKinney-Vento student(s).

(iv) Nondriver transportation staff positions whose job duties are predominately overseeing or routing services to McKinney-Vento students. If the position duties encompass other non-McKinney-Vento areas, then only the costs directly related to McKinney-Vento transportation shall be included and such costs shall be determined using federal time and effort reporting procedures.

No indirect or allocated costs may be included in this reporting.

(4) In each report period, charter schools shall report student counts.

AMENDATORY SECTION (Amending WSR 11-15-007, filed 7/7/11, effective 8/7/11)

WAC 392-141-330 School bus driver daily logs. Districts shall require drivers to maintain a daily route log that includes the school bus driver's name, bus number, route number, destinations and student counts by destination, pre-trip and ~~((post-trip))~~ posttrip verification, with the date and school bus driver's signature. These daily route logs shall be completed in ink and shall be maintained in the ~~((school))~~ district files in accordance with the ~~((school))~~ district record retention schedule. Electronic data collection systems or files may be used for any of this information.

Daily route logs are required to be completed at least once each week. If a district does not require daily route logs on a daily basis, the district must ensure that during each report period a daily log is collected on at least one additional weekday corresponding to each of the days of the count period.

AMENDATORY SECTION (Amending WSR 11-15-007, filed 7/7/11, effective 8/7/11)

WAC 392-141-340 Determination of the walk area. (1) Each district or charter school shall determine the walk area for each school building or learning center where students are enrolled, attend class and transportation is provided. The district or charter school is required to use a process to determine the walk area that involves as many of the following groups as possible: Parents, school administrators, law enforcement representatives, traffic engineers, public health or walking advocates and other interested parties. Hazardous conditions requiring transportation service will be documented and will include all roadways, environmental and

social conditions included in the evaluation process. The ((~~district~~)) process will be consistent with the one described in *School Walk and Bike Routes: A Guide for Planning and Improving Walk and Bike to School Options for Students* published by the Washington state department of transportation.

(2) The process will identify preferred walking routes from each neighborhood to each elementary school as required by RCW 28A.160.160(5). Walk areas will be reviewed as conditions change or every two years.

(3) ((~~School~~)) Districts and charter schools are allowed to provide transportation service within the walk area, but basic program students who are provided transportation from school bus stops within the walk area are not eligible for funding. It is the responsibility of each ((~~school~~)) district or charter school to ensure that noneligible students who are provided with transportation service within the walk area are correctly reported during the count period.

(4) A ((~~school~~)) district or charter school is not required to document the process used to determine that transportation will not be provided from an area. ((~~School~~)) Districts and charter schools are only required to document the process used to make a decision to transport within one road mile of a school if ((~~the district is providing~~)) such transportation is provided due to hazardous conditions and ((~~reports~~)) those students are reported for funding.

AMENDATORY SECTION (Amending WSR 13-17-110, filed 8/21/13, effective 9/21/13)

WAC 392-141-360 Operation allocation computation. (1) The operation allocation shall be calculated using the following factors:

- (a) The combined student count of basic program students;
- (b) The combined student count of special program students;
- (c) The district's prorated average distance;
- (d) The district's total land area;
- (e) The district's prorated number of destinations;
- (f) If the ((~~school~~)) district is a nonhigh district, the answer to the following question: Does the district provide transportation service for the high school students residing in the district?
- (g) Any other district data element as described by the superintendent in the annual operations bulletin. In order for a data element to be included, it must be found to be statistically significant for two consecutive school years.

For each district, an expected allocation is determined using the coefficients resulting from a regression analysis of (a) through (g) of this subsection, evaluated statewide against the prior school year's total to and from transportation expenditures. If a data element is determined not to be statistically significant, it shall not be included in the calculation of the allocation. The coefficients will be determined using the prior school year fall, winter, and spring reports and prior school year expenditures.

(2) For the calculation of the regression analysis coefficients, the allowable transportation expenditures for each district shall be adjusted as required by the legislature.

(3) The adjusted allocation is the result of modifying the expected allocation by:

- (a) Adding any district car mileage reimbursement; and
- (b) Adding any adjustment resulting from the alternate funding systems identified in WAC 392-141-380; and
- (c) Making any deduction resulting from an alternate school year calendar approved by the state board of education under the provisions of RCW 28A.305.141; and

(d) Making any adjustment as required by the legislature.

(4) Each district's actual allocation for student transportation operations is the lesser of the prior school year's total allowable student transportation expenditures adjusted as required by the legislature or the adjusted allocation. ((~~School~~)) Districts contracting for student transportation operations shall have any payments in lieu of depreciation under the provisions of WAC 392-142-245 deducted from the district's allowable transportation expenditures.

(5) The funding assumption for the transportation operation allocation is that kindergarten through twelfth grade (K-12, or whatever grades are enrolled in district schools) school transportation services are provided by the district five days per week, to and from school, before and after the regular school day and operating one hundred eighty days per school year. K-12 service being provided on any other basis is subject to corresponding proration of the operation allocation.

NEW SECTION

WAC 392-141-375 Funding calculation for charter schools. For a charter school, the per-student allocation for student transportation is calculated using the actual allocation for the previous school year for the district in which the charter school is located, divided by the district's prior year's combined student count. This per-student amount is provided to the charter school based on the charter school's current year combined student count.

AMENDATORY SECTION (Amending WSR 13-17-110, filed 8/21/13, effective 9/21/13)

WAC 392-141-380 Alternate funding systems for low enrollment districts, nonhigh districts, districts participating in interdistrict transportation cooperatives, and educational service districts operating special transportation services. After the transition period described in WAC 392-141-370, the superintendent shall adjust the amount of the transportation operation allocation for low ridership, non-high, districts in interdistrict transportation cooperatives, and educational service districts operating special transportation services in the following manner:

(1) The ((~~school~~)) district's prior school year's transportation funding percentage is compared to the state median percent funded;

(2) If the district's prior year transportation funding percentage is greater than the state median percent funded no adjustment is made; and

(3) If the district's prior year transportation funding percentage is less than the state median percent funded, the allocation shall be adjusted by the difference between the state median percent funded and the district's prior year transportation funding percentage.

AMENDATORY SECTION (Amending WSR 11-15-007, filed 7/7/11, effective 8/7/11)

WAC 392-141-390 Allocation schedule for state payments. The superintendent shall apportion the transportation operation allocation according to the schedule in RCW 28A.510.250. Such allocation may be based on estimated amounts for payments made in September, October, November, December, and January. Prior to the 15th of January of each year the superintendent shall notify ((~~school~~)) districts of the regression analysis coefficients to be used in the calculation of district transportation allocation.

AMENDATORY SECTION (Amending WSR 11-15-007, filed 7/7/11, effective 8/7/11)

WAC 392-141-400 Efficiency evaluation review. (1) Each district's efficiency evaluation will be reviewed annually by the regional transportation coordinators. If a ((~~school~~)) district's efficiency rating is less than ninety percent, the regional transportation coordinator shall review the district's transportation operation to identify the factors impacting the ability of the district to operate an efficient student transportation system. Such factors will include those within the district's controls and those factors that are beyond the district's control.

(2) Completed regional transportation coordinator reports on the review of ((~~school~~)) district efficiency evaluation will be provided to the legislature prior to December 1st of each year. Districts will be provided an opportunity to respond to the conclusions of the regional transportation coordinator evaluation and such comments will be included in the report to the legislature. Also included in the report are any actions identified by a district in response to the regional transportation coordinator evaluation.

AMENDATORY SECTION (Amending WSR 11-15-007, filed 7/7/11, effective 8/7/11)

(6) All documentation used to develop the annual report of McKinney-Vento Homeless Act transportation;

(7) All documentation used to develop the district car mileage report;

(8) Copies of any and all correspondence, publications, or other materials distributed to parents describing the transportation funding process. ((~~School~~)) Districts may provide educational material regarding the funding process for student transportation. However, ((~~school~~)) districts may not promote or publicize specific count periods. Districts shall not utilize incentive programs that provide tangible gifts to reward increases in ridership counts; and

(9) Other operational data and descriptions, as required by the superintendent to determine the operation allocation requirements for each district.

NEW SECTION

(1) Any school bus route logs or school bus driver daily logs for each count period;

(2) All documentation used to calculate the combined student count for each report period; and
