Original Notice.
Proposal is exempt under RCW 34.05.310(4) or 34.05.330(1).

Title of Rule and Other Identifying Information: Amend Regulation I, Section 6.04 Notice of Construction Fees.

Hearing Location(s): On March 25, 2021, at 8:45 a.m. The public hearing will be conducted using Zoom, https://zoom.us/j/97039660428?pwd=am5GaExWVGwxemx2c0xjQUFmN2trZz09, Meeting ID 970 3966 0428, Passcode 522812, Call-in 253-215-8782.

Date of Intended Adoption: April 22, 2021.

Submit Written Comments to: Robert Switalski, Puget Sound Clean Air Agency, 1904 3rd Avenue, Suite 105, Seattle, WA 98101, email robs@pscleanair.gov, fax 206-343-7522, by March 29, 2021.

Assistance for Persons with Disabilities: Contact agency receptionist, phone 206-689-4010, fax 206-343-7522, TTY 800-833-6388 or 800-833-6385 (Braille), email robs@pscleanair.gov, by March 18, 2021.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: The notice of construction (NOC) program fees, like the other fee programs of the Puget Sound Clean Air Agency (agency) (registration, operating permits, and asbestos), are designed to recover the costs implementing and administering the program. The last significant changes to the NOC fee schedule in Regulation I, Section 6.04 were made in 2012. The current proposed changes are intended to adjust fees to keep the revenues in balance with the level of effort to complete the NOC review work. As costs have continued to rise over the past nine years, the agency has held off on fee increases, in part, in recognition of various challenges presented by economic conditions over the years. While the revenue and expenses for the NOC program have been roughly balanced for most of the past nine years, the increasing costs to the program and increasing level of effort for some types of work by the agency for certain NOC applications need to be addressed through a revised fee schedule to ensure the agency does not reach a deficit condition.

The proposed amendments to the NOC fee schedule include both cost increases for existing categories of applications as well as the addition of new fee categories unique to certain types of applications which increase the level of effort to process those applications. The adjustments to existing fees group are linked to increasing operational costs and are expected in the approximately five to ten percent range which is consistent with previous fee increases.

Other proposed fees are based on recent experience that has shown the existing fees are inadequate. New categories have been added for work that is currently not charged to applicants. Examples include:

• Size tiers for composting applications.
• Fees when agency needs to compile emissions data that should have been submitted by applicant.
• Fee for changes only to recordkeeping or reporting requirements.
• Fee for responding to comments from public, based on the level of difficulty to respond (meaning complexity and/or number of comments received).
• Fee associated with changing an application that is already under review.
Certain State Environmental Policy Act documents such as an environmental impact statement.

Various fee levels are proposed for these revised and new fee schedule elements, which are based on the agency's experience and estimates for the level of effort and costs necessary to complete that work.

Reasons Supporting Proposal: The long-standing financial policy of the board of directors is that NOC fees support the costs of the compliance programs. The proposed NOC review fee changes are necessary to maintain consistency with that policy, and this proposal to adjust the NOC review fees is expected to cover increasing program costs, based upon evaluation of the work needed to be performed by the agency for NOC review. The cost impact of these fee changes will vary depending on the contents and review work needed for specific NOC applications.

Statutory Authority for Adoption: Chapter 70A.15 RCW.
Statute Being Implemented: Chapter 70A.15 RCW.
Rule is not necessitated by federal law, federal or state court decision.
Name of Proponent: Puget Sound Clean Air Agency, governmental.
A school district fiscal impact statement is not required under RCW 28A.305.135.
A cost-benefit analysis is not required under RCW 34.05.328. RCW 34.05.328 does not apply to local air agencies, per RCW 70A.15.2040. This rule proposal, or portions of the proposal, is exempt from requirements of the Regulatory Fairness Act because the proposal:
Is exempt under RCW 19.85.025(3) as the rules relate only to internal governmental operations that are not subject to violation by a nongovernment party; and rules set or adjust fees under the authority of RCW 19.02.075 or that set or adjust fees or rates pursuant to legislative standards, including fees set or adjusted under the authority of RCW 19.80.045.
Is exempt under RCW 19.85.011.
Explanation of exemptions: Chapter 19.85 RCW does not appear to apply to local air agencies.

February 17, 2021
Craig T. Kenworthy
Executive Director

**AMENDATORY SECTION**

**SECTION 6.04 NOTICE OF CONSTRUCTION FEES**

(a) A Notice of Construction application is incomplete until the Agency has received all applicable fees as shown below:

<table>
<thead>
<tr>
<th>Description</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>Filing Fee (for each application, to be paid prior to any review)</td>
<td>$1,550</td>
</tr>
<tr>
<td>Coffee Roaster (less than 40 pounds/batch or 18.14 kg/batch, with thermal or catalytic oxidizer)</td>
<td>$650</td>
</tr>
<tr>
<td>Hot Mix Asphalt Batch Plant.</td>
<td>$8,500</td>
</tr>
</tbody>
</table>

Certified on 4/22/2021
Soil Thermal Desorption Unit: $5,250

Marijuana Production, Processing, or Extraction:
  Production: $1,500
  Extraction or Processing: $1,300

Combustion-Based Electric Generation Project:
(combined heat input capacity)
  10 - 100 million Btu/hr: $5,250
  101 - 250 million Btu/hr: $10,500
  (>250 million Btu/hr): $26,500

Composting Facility, new facility or increased capacity at existing facility (annual waste acceptance capacity):
  Less than 15,000 tons per year: $12,000
  15,000 tons or more per year, but less than 75,000 tons per year: $25,000
  75,000 or more tons per year: $50,000

Composting Facility, changes to existing permit conditions with no increase in capacity: $6,000

Commercial Solid Waste Handling Facility Other Than Composting Facilities: $10,500

Landfill Gas System: $2,750

Refuse Burning Equipment: (rated charging capacity)
  up to 12 tons per day: $5,250
  More than 12 tons (and ≤250 tons per day): $21,000
  More than 250 tons per day: $52,500

Modification of Existing Permit Conditions (excluding Composting Facilities addressed above):
  Exclusively related to reporting or recordkeeping with no increase in emissions and no changes to materials processed, emissions unit, or control device: $650
  Solely administrative changes as determined by the Control Officer: Filing fee only

Document Review to Determine the Notice of Construction Permitting History of an Emissions Unit (if determined necessary by Agency and not provided by applicant):
  Two or more previous Orders of Approval: $650
  One previous Order of Approval: No additional fee
Additional Charges (for each application):

State Environmental Policy Act
("SEPA") Threshold Determination. (MDNS, under Regulation I, Section 2.07)
(DNS, under Regulation I, Section 2.04)
SEPA Threshold Determination

SEPA Environmental Impact
Statement (EIS), Supplemental EIS or Addendum;

in addition to all costs incurred by the Agency for the preparation of the
EIS, SEIS or Addendum (EIS or SEIS under Regulation I, Section 2.08 and Addendum under WAC 197-11-630)

Conclusion that SEPA Requirements were met by a Previous
Environmental Review (not provided by applicant)

Document and/or Reference Collection and Review to Develop Project or Facility Emissions Estimates
(if not provided in entirety by applicant and not readily available to Agency) (See WAC 173-400-111 (1)(b) and 173-460-050(1)):

Development of facility-wide inventory if needed to determine applicability of Emissions reporting program, the Operating Permit program, or the status as a major or area source of hazardous air pollutants

Development of project emissions inventory from Safety Data Sheets

Other calculation of project emissions:

Novel source category not previously permitted by Agency

Higher complexity source category (Commercial solid waste handling facility, commercial composting facility, lumber kiln, landfill, wastewater treatment plant, cement kiln, glass manufacturer, asphalt plant, gasoline terminal, oil refinery, or oil re-refinery)

Lower complexity source category (All other facility types)

Review of Engineering Source Testing submitted in support of application
Review of Request to Treat Application, or Part of Application, as Confidential (fee applies regardless of the result of the Agency's review) .......... $1,000

Public Notice. ................. $((200)) 750

(under WAC 173-400-171) ((±) plus publication costs)

Public Hearing. ............... $((2,000)) 2,500

(under WAC 173-400-171) ((±) plus cost of facility and equipment needed for the hearing, and publication costs, if separate public notice)

Preparation of Agency Response to Comments Resulting from Public Notice and/or Public Hearing, based on level of difficulty as determined by Control Officer based upon factors including, but not limited to, substance of or numbers of comments received:

Low Difficulty ................. No extra charge

Moderate Difficulty ............ $2,500

High Difficulty ................. $5,000

NSPS or NESHAP. .............. $((1,000)) 1,050

(per subpart of 40 CFR Parts 60, 61, and 63)

First Tier Review of Toxic Air Contaminants:

Agency Review of Screening Dispersion Modeling Analysis (provided by applicant). ........ $800

(under Regulation III, Section 2.07 (c)(1)(B))

((Iterative)) Screening Dispersion Modeling Analysis performed by Agency (not provided by applicant). ........ $((1,000)) 1,500

(under Regulation III, Section 2.07 (c)(1)(B))

Agency Review of Refined Dispersion Modeling ((Analysis Review)) (provided by applicant). ........ $((1,000)) 1,500

(under Regulation III, Section 2.07 (c)(1)(C))

Refined Dispersion Modeling performed by Agency (not provided by applicant). ........ $4,500

(b) A notification under Section 6.03 (b)(1) through Section 6.03 (b)(9) and 6.03 (b)(11) of this regulation is incomplete until the Agency has received a fee of $200. An application processed as a Notice of Construction exemption under Section 6.03 (b)(10) requires payment of the Notice of Construction filing fee only. An application for coverage under a general order of approval issued by this Agency is not subject to the fees in Section 6.04(a) and instead requires payment of a $500 fee, which is due prior to any review of the application.

(c) An application may be subject to and an applicant required to pay multiple fees as determined applicable by the Agency under Section 6.04(a). The Control Officer is authorized to enter into a written cost-reimbursement agreement with an applicant as provided in RCW (70.94.085) 70A.15.1570, which shall cover costs incurred by the Agency separate from Section 6.04(a) fees.

(d) Additional Fee for Service – Second Incomplete Application

Upon receipt of a second incomplete Notice of Construction application from the same applicant for the same project, the Control Officer may cease review of the application and provide written notification of that determination. The Control Officer may resume review of the application if, within 30 days of the date of the notification describing the Agency's receipt of the second incomplete Notice of Construction application, the applicant has deposited $1,000 with the Agency, and executed a fee-for-service agreement with the Agency that allows the Agency to recover the reasonable direct and indirect costs that arise from processing the Notice of Construction application, including the requirements of other relevant laws such as (the Washington State Environmental Policy Act (SEPA)) SEPA.

The agreement shall require that the applicant assume full responsibility for paying the Agency for the costs incurred under the fee-for-service agreement. The Agency shall credit the $1,000 deposit made by the applicant towards the costs required by a fee-for-service
agreement. The fee-for-service agreement may require the applicant to make progress payments during the application review period. The $1,000 deposit referred to in this section and the costs provided for in a fee-for-service agreement are in addition to the fees required in Section 6.04(a).

If the applicant has not made a $1,000 deposit and executed such a fee-for-service agreement within 30 days of the date of the notification from the Agency describing its receipt of a second incomplete application, the Agency may issue an Intent to Disapprove an Application.

The $1,000 deposit required under this section is not refundable. In addition, any payments made to the Agency under a fee-for-service agreement are not refundable.

(e) Additional Fee - Revised Application
The Control Officer may assess an additional fee for processing a Notice of Construction application ((when a subsequent)) if an applicant submits a significantly revised application ((is submitted)) or submits information stating or demonstrating that the project which is the subject of the application has significantly changed after review by the Agency of the original ((application was determined to be complete)) project has begun and prior to the Agency issuing an Order of Approval or Intent to Disapprove an Application regarding the original application. The revision fee may be assessed if the changed information renders invalid or moot any of the review accomplished before the submission of the changes to the project. The revision fee shall be the ((amount)) sum of the individual fee items for work that ((was charged for the original Notice of Construction application, including the filing fee)) the Agency determines must be re-evaluated as a result of the changed information. The resulting total fee required by this Section is the fee for the original Notice of Construction application plus the revision fee.
