EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE

[Order 21-91—Filed June 11, 2021, 8:44 a.m., effective June 12, 2021]

Effective Date of Rule: June 12, 2021.

Purpose: The purpose of this emergency rule is to open retention seasons for white sturgeon in the Columbia River estuary.

Citation of Rules Affected by this Order: Repealing WAC 220-312-06000J; and amending WAC 220-312-060.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This rule is needed to allow a limited harvest of white sturgeon in the Columbia River estuary. The remaining quota balance for legal-size sturgeon retention is large enough to allow for a one-day retention fishery within the lower Columbia River. This action is consistent with decisions made by the states of Washington and Oregon on June 10, 2021. There is insufficient time to adopt permanent regulations.
