

WSR 21-19-103  
EMERGENCY RULES  
DEPARTMENT OF  
FISH AND WILDLIFE

[Order 21-202—Filed September 17, 2021, 4:57 p.m., effective September 20, 2021]

Effective Date of Rule: September 20, 2021.

Purpose: The purpose of this emergency rule is to extend recreational salmon seasons for the Snohomish and Skykomish rivers.

Citation of Rules Affected by this Order: Amending WAC 220-312-040.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This action is necessary to extend the recreational salmon seasons in the Snohomish and Skykomish rivers. In-season update model indicates additional allowable encounters of non-target species (wild coho and Chinook) during pink opening. There is insufficient time to adopt permanent rules.
