

**WSR 22-05-003  
EMERGENCY RULES  
DEPARTMENT OF  
FISH AND WILDLIFE**

[Order 22-14—Filed February 3, 2022, 8:07 a.m., effective February 3, 2022, 8:07 a.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: The purpose of this emergency rule is to prevent the spread of disease (*Mycoplasma ovipneumoniae*) to bighorn sheep from domestic goats and sheep on department lands. A preproposal has been filed, WSR 21-18-031, and proposed permanent rule making is anticipated to be in place by spring of 2022.

Citation of Rules Affected by this Order: Amending WAC 220-500-040.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.055, 77.12.047, and 77.12.240.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: There is an existing and imminent threat on department land where pack goats are in close vicinity to wild bighorn sheep. The current threat of disease transmission could have dire impacts on state bighorn sheep populations during the upcoming recreational and hunting seasons. The department of fish and wildlife has started permanent rule making to address this issue for the long term and will accept additional public input during the rule-making process.
