This helps expedite infection control processes, and maximizes the availability of nursing home beds.			WSR 22-01-072 Filed 12/10/2021 WSR 21-24-069 Filed 11/30/2021

	388-78A-2521, 388-78A-2525, 388-78A-2526	The department is extending the amendment of the rules listed below and making the suspension retroactive to August 13, 2021, to assure [ensure] assisted living facilities are not significantly impeded during the hiring process due to an administrator's inability to obtain a certificate of completion of a recognized administrator training as referenced in WAC 388-78A-2521. This will help to increase the number of long-term care administrators necessary to provide essential services to some of Washington's most vulnerable adults during the outbreak of COVID-19 and will address the gap in suspended requirements from the expiration of the last emergency rules filed under WSR 21-09-046. The current rules require administrator training prior to assuming administrator duties or within six months of beginning duties for administrators meeting additional educational requirements. currently, applicants for assisted living facility administrator positions are unable to obtain the required training. This rule making is necessary to establish a time frame when the portions of the rules were suspended during the COVID-19 pandemic, and assisted living facilities were not required to comply with the suspended portions of the rules. Virtual trainings have been developed and implemented for the assisted living facility administrators. Although the available capacity for these trainings has increased, they are limited to semi-annual offerings. Additional time is needed to facilitate additional courses to serve the backlog of applicants requesting this training.			WSR 22-05-026 Filed 2/7/2022
