EMERGENCY RULES  
DEPARTMENT OF  
FISH AND WILDLIFE**

[Order 22-143—Filed July 21, 2022, 8:32 a.m., effective July 22, 2022]

Effective Date of Rule: July 22, 2022.

Purpose: The purpose of this emergency rule is to close Chinook retention on Fridays and Saturdays in Catch Record Card Area 2.

Citation of Rules Affected by this Order: Repealing WAC 220-312-07500K; and amending WAC 220-312-075.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This emergency rule is needed to extend season lengths in Area 2.

Through July 17, 2022, 34 percent of the Marine Area 2 Chinook quota has been taken (4,145 of 12,070). Chinook catches have been larger than expected and these measures are needed to reduce catch of Chinook so that sufficient Chinook guideline remains to keep salmon seasons open seven days per week and to access coho salmon later in the season.

This rule also maintains previously established recreational salmon seasons in Areas 1, 3, and 4.

These rules for in-state waters are consistent with federal salmon fishing regulations adopted by the National Marine Fisheries Service in response to actions taken by the Pacific Fishery Management Council to set salmon fishery harvest specifications and management measures; this action is intended to achieve regulatory consistency in federal and state waters for the ocean recreational salmon fishery, which operates in both areas.

There is insufficient time to adopt permanent rules.
