

**WSR 22-21-144
EMERGENCY RULES
DEPARTMENT OF
FISH AND WILDLIFE**

[Order 22-244—Filed October 19, 2022, 11:33 a.m., effective October 19, 2022, 11:33 a.m.]

Effective Date of Rule: Immediately upon filing.

Purpose: The purpose of this emergency rule is to open limited participation gillnet and purse seine fisheries in Puget Sound Salmon Management and Catch Reporting Areas 10 and 11.

Citation of Rules Affected by this Order: Amending WAC 220-354-120 and 220-354-160.

Statutory Authority for Adoption: RCW 77.04.012, 77.04.020, 77.12.045, and 77.12.047.

Under RCW 34.05.350 the agency for good cause finds that immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.

Reasons for this Finding: This rule is necessary to add commercial purse seine and gillnet fishery openings targeting chum salmon in Puget Sound Salmon Management and Catch Reporting Areas 10 and 11. The latest in-season runsize estimate for South Sound chum salmon based on test fishing is large enough to allow limited commercial opportunity, but insufficient to support full fleet openings. There is insufficient time to adopt permanent rules.
